4. Details of Project- Description and Location:

This annual TDC funded project includes labor, material, supplies and equipment for the upkeep and safety of the pier. The Naples Pier is a public access beach facility and a tourist attraction and destination. The pier structure has a shoreline erosion control and beach preservation effect. The public safety through the continued maintenance of the Naples Pier is of paramount importance. Repair and maintenance issues include the Naples Pier structure, wooden deck, railings, restrooms, concession building, shade structures, storage facilities, light fixture replacement, painting, staining, fish cleaning tables, as well as water and electrical systems and other areas related to the Naples Pier. The Pier, a historically significant structure originally constructed in 1887, serves as a public access beach facility, as a major tourist attraction and vacation destination. The Naples Pier captures non-county and local visitors as well as tourist populations from through-out the region and world.

5. Estimated project start date: October 1, 2022
