NEW Prescription Discount Launched by Medical Society

The Housing & Public Services Department will help distribute cards

Can you imagine saving hundreds of dollars on prescription drugs just because you are a Collier County resident? Well, it's happening!

The Medical Society of Collier County in partnership with the Physician Led Access Network (PLAN) and the Housing & Human Services Department will launch the RX Drug Discount Card Program on Feb. 24. (*see below*)

RX DRUG DISCOUNT CARDS WILL BE AVAILABLE:

- All Collier County Public Libraries (available now)
- All Collier County Community Park: Veterans, Vineyards, East Naples, Golden Gate, Max Hasse and Immokalee Community Parks and North Collier Regional Park's Exhibit Hall (available by March 12, 2007)
- Housing & Human Services Department of Collier County at 3301 E. Tamiami Tr. Building H in the Government Complex
- Health Department of Collier County at 3301 E. Tamiami Tr. Building H in the Government Complex and sites in Golden Gate and Immokalee

HOW DO PEOPLE QUALIFY FOR DRUG DISCOUNTS?

They don't! Every Collier County resident automatically qualifies regardless of insurance, age and income. One card covers every member of a family.

HOW MUCH DOES PHYSICIANS RX DISCOUNT PROGRAM SAVE?

The card discounts 20 percent off name brands and up to 45 percent off generics. This outreach initiative also covers diabetic supplies, which are often not covered by other drug discount programs. The card is manufactured by Pharmafutures. This is a program organized by the Medical Society of Collier County.

WHAT IS COLLIER COUNTY'S ROLE IN THE PROGRAM?

The Housing & Human Services Department is distributing the cards at the request of the Medical Society of Collier County as a public private partnership. Again, the lead organizer of the prescription card is the Medical Society but Housing & Human Services is serving as a distribution agency for the cards.

If you have questions about this discount prescription card, call Housing & Human Services at (239) 774-8154.
