**Re: 2024-2025 Local Government Funding Request (LGFR) Preparation
Collier County, Contract No. 18-7432-CZ**

Dear Andy:

This letter is in response to Collier County's (County) request for a proposal for support services for Aptim Environmental & Infrastructure, LLC (APTIM). The services will include funding and technical support to assist the County with submittal of the 2024-2025 Local Government Funding Requests (LGFR) for Collier County's: South Marco Island Beach Renourishment Project, North County Beach Renourishment program including Doctors Pass, and the County's inlet project at Wiggins Pass.

Included as Exhibits are; the Scope of Work (Exhibit A), Estimated Fee Proposal (Exhibit B), and the Rates Schedule (Exhibit C). APTIM proposes to provide these services on a time and materials basis not-to-exceed \$26,052 under the terms and conditions of the existing Contract No. 18-7432-CZ dated March 10, 2020 and as amended May 7, 2020. Barring any unforeseen circumstances, all work will be completed within 210 days of receiving the Notice to Proceed.

Sincerely,

Nicole S. Sharp, P.E.

Exhibit A
Scope of Work

**2024-2025 Local Government Funding Requests (LGFR)
Collier County, Florida
Scope of Work**

Introduction

To distribute state funds for shore protection and inlet management projects, the Florida Department of Environmental Protection (FDEP) requests that local sponsors submit an annual Local Government Funding Request (LGFR) for their projects. This scope of work details the tasks required to assist the County with preparing and submitting the 2024-2025 LGFRs to the FDEP and responding to both the FDEP's Application Review and Project Assessment for Collier County's South Marco and North County Beach Renourishment projects, and inlet maintenance projects at Doctors Pass, and Wiggins Pass. Once a draft of the LGFR applications have been completed, a copy will be provided to Collier County for review and comment prior to submittal to the FDEP.

Following application submission, the FDEP will review the applications in detail and provide initial project rankings and initial project assessments. APTIM will perform a review of the initial project assessment on behalf of Collier County and, if warranted, provide the County with a draft letter to the FDEP identifying the areas within the applications that may provide additional points to the County.

1. South Marco Beach LGFR Application

APTIM will assist the County with preparation of the 2024-2025 LGFR for Collier County's South Marco Island Renourishment Project. Building upon past LGFR applications, APTIM will update the application response to account for updates to the project. All the elements of the projects as they apply to the 62B-36 Rule and the LGFR application and guidance document will be evaluated to optimize FDEP ranking and cost sharing opportunities where practical. Additionally, maps will be updated and the FDEP's application response will be reviewed and, if required, a response to the draft assessment will be completed.

2. North County Beaches & Doctors Pass LGFR Application

APTIM will assist the County with preparation of the 2024-2025 LGFR for Collier County's North County beaches (Vanderbilt, Park Shore, and Naples Beach) and Doctors Pass projects. Building upon past LGFR applications, APTIM will update the application response to account for current project status and cost information. All the elements of the projects as they apply to the 62B-36 Rule and the LGFR application and guidance document will be evaluated to optimize FDEP ranking and cost sharing opportunities where practical. Additionally, maps will be updated and the FDEP's application response will be reviewed and, if required, a response to the draft assessment will be completed.

3. Wiggins Pass LGFR Application

APTIM will assist the County with preparation of the 2024-2025 LGFR for Collier County's Wiggins Pass inlet maintenance project. All the elements of the project as they apply to the 62B-36 Rule, LGFR application, and guidance document will be evaluated to increase FDEP ranking and cost sharing opportunities where practical. Additionally, maps will be updated and the FDEP's application response will be reviewed and, if required, a response to the draft assessment will be completed.
