# Chapter 1. Introduction

---

## A. Purpose and Intent

Collier County's **Land Development Code (LDC)** is the principal regulatory tool for implementing the County's **Growth Management Plan (GMP)**. The **LDC** contains the standards and criteria that development must meet in the County. To ensure that all growth meets these standards, there are specific approval procedures for the various forms of development, ranging from simple, single-lot residences to large, multi-phased planned developments. The Administrative Code consolidates and identifies the procedures for approval to develop under the **LDC**.

The Administrative Code for Land Development, hereafter referred to as the Administrative Code, is divided into 14 chapters. Each chapter comprises a genre of land use petitions or permits. Each chapter is organized alphabetically to provide for ease of use. Cross references are provided for related land use petitions or permits where appropriate. The following list provides a breakdown of the Administrative Code by chapter:

- Chapter 1 contains the intent of the Administrative Code and how to it is to be amended. This chapter also outlines Collier County's Reviewing Agencies and the Common Procedural Steps and Information necessary to submit and process a land use petition or permit.
- Chapter 2 contains the land use petitions which are processed through a legislative procedure.
- Chapter 3 contains the land use petitions and permits which are processed through a quasi-judicial procedure.
- Chapter 4 contains the land use petitions and permits which are processed administratively by the Growth Management Community Development Department.
- Chapter 5 contains the applications for the creation and completion of a subdivision.
- Chapter 6 contains applications for waivers, exemptions, and reductions to **LDC** standards.
- Chapter 7 contains supplementary submittal requirements for land use applications.
- Chapter 8 contains information relating to public notice requirements for land use petitions.
- Chapter 9 contains the procedures for the Office of the Hearing Examiner.
- Chapter 10 identifies where to find current information.
- Chapter 11 contains contact information.
- Chapter 12 contains commonly used acronyms in the Administrative Code and the **LDC**.
- Chapter 13 contains the glossary of terms, which are bolded throughout the Administrative Code.
- Chapter 14 contains Appendices.

The Administrative Code is available to download as an Adobe PDF file on the County's website. It is also available for purchase in print at the Growth Management Community Development Department, located at 2800 N. Horseshoe Drive, Naples, FL 34104.

The Code has visual cues that improve its readability. These include:

This symbol identifies a cross-reference to another Administrative Code chapter or another regulatory code.

This symbol identifies explanatory materials/information that may help to explain or expand upon a provision of the Administrative Code.

## **B. Amendments and Conflicts**

### **1. Administrative Code Amendment**

The Administrative Code was adopted by the Board of County Commissioners (BCC) as Ordinance 2013-57 and amended by Resolution 2016-168. Subsequent amendments can be found on the County's website : <https://www.colliercountyfl.gov/government/growth-management/divisions/planning-and-zoning-division/administrative-code-for-land-development/approved-updates-to-the-administrative-code>. Amending Collier County and State of Florida contact information and website links may be done administratively by the County Manager or designee. Further, the County Manager or designee shall have the authority to update and correct Growth Management Community Development Department's organizational structure, department titles, and acronyms.

All other amendments, additions, revisions, or modifications required to maintain the Administrative Code shall be made by resolution by the BCC and adopted by majority vote at any regular or special meeting. The resolutions may be placed as an item on the regular, consent, or summary meeting agenda, as deemed appropriate by the County Manager or designee in consultation with the County Attorney.

### **2. Conflicts**

Where the Administrative Code conflicts with the **LDC** or Growth Management Plan, the **LDC** or the Growth Management Plan shall prevail.

## **C. Reviewing Agencies**

This section describes the various agencies that are involved in processing zoning and land development applications.

### **1. Architectural Arbitration Board (AAB)**

The AAB, identified in **LDC** section 5.05.08 F assists with the Architectural Deviations and Alternative Compliance procedure. The Board consists of five voting members comprised of the following: two representatives from the Collier County Zoning staff, two representatives appointed by the American Institute of Architects (Southwest Florida Chapter) and one member appointed by the American Society of Landscape Architects (Southwest Florida Chapter). The Architectural Arbitration Board may provide the following: 1) Assistance to the County Manager in rendering a decision; and 2) An **applicant** may appeal the decision of the County Manager or designee to the Architectural Arbitration Board.

### **2. Board of County Commissioners (BCC)**

The BCC is the County's governing agency. It sets the County's land development policies by adopting and amending the Growth Management Plan and the **LDC**. It is also involved in quasi-judicial procedures, such as a rezoning, the establishment of PUDs, the creation of stewardship receiving/sending areas, and the establishment of Development of Regional Impacts, and other petitions as specified in the **LDC**.

### **3. Board of Zoning Appeals (BZA)**

The BCC acts as the BZA for Collier County. The BZA processes and makes final decisions on zoning variances, appeals, conditional uses, nonconforming use amendments, flood variances, parking agreements, and other functions outlined in the Collier County **Code of Laws and Ordinances** section 2-1171, F.S. § 67-1246 and Laws of Florida, as amended.

### **4. Building Board of Adjustment and Appeals (BOAA)**

The BOAA is a decision-making body that makes final decisions on appeals related to the decisions of the building official, such as the manner of construction proposed to be followed, or materials to be used, and in the erection or alteration of a building or structure, pursuant to **Code of Laws and Ordinances** section 2-1181. The BOAA

## Collier County Land Development Code | *Administrative Procedures Manual*

### Chapter 1 | Introduction

consists of five members, appointed by the BCC, who have the necessary education and qualifications to review and render decisions related to the Florida Building Code and Florida Fire Prevention Code.

#### 5. Collier County Planning Commission (CCPC) or Planning Commission

The Planning Commission is designated as the local planning agency for the County, as identified in the **Code of Laws and Ordinances** section 106-1 and 2-1156. The Planning Commission processes amendments to the Growth Management Plan, text amendments to the **LDC**, and makes a final decision on actions as specified in the Administrative Code and **LDC**. The Planning Commission also provides recommendations to the BCC on land use petitions where the BCC renders a final decision.

#### 6. Office of the Hearing Examiner

The Office of the Hearing Examiner is established in the **Code of Laws and Ordinances** section 2-83 through 2-90. The Hearing Examiner hears and makes final decisions and provides recommendations to the BCC as specified in Ordinance 2013-25 and in the Administrative Code. The procedures for the Office of the Hearing Examiner are established in Chapter 9 of the Administrative Code.

#### 7. Growth Management Community Development Department (GMCD)

Most land use petitions, and permit applications begin the process with a review by the GMCD- Development Services section. This section of the GMCD provides information and services associated with building permits, inspections, development plans, land use petitions, and investigations. The GMCD provides guidance for the long-term use of land and public facilities to assure quality growth and to enhance the community's quality of life, pursuant to local ordinances and Florida State growth management laws.

The following are the primary divisions with the GMCD-Development Services section:

- Operations and Regulatory Management Division;
- Development Review Division;
- Building Plan Review and Inspection Division;
- Zoning Division;
- Code Enforcement Division;
- Resiliency and Community Planning: and
- Housing and Economic Development

#### 8. Environmental Advisory Council (EAC)

The EAC acts in an advisory capacity to the BCC pursuant to **Code of Laws and Ordinances** section 2-1191. The Planning Commission acts as the EAC. Pursuant to Ord. 2013-51, the EAC reviews matters dealing with regulation, control, management, use, or exploitation of natural resources within the County. It also reviews specific zoning and development petitions and their impact on the County's natural resources.

#### 9. Development Services Advisory Committee (DSAC)

The DSAC is a 15-member committee that was created in 1993 pursuant to **Code of Laws and Ordinances** section 2-1031. This committee represents the various aspects of the development industry and may include **architects**, general contractors, residential or building contractors, environmentalists, land use **planners**, land developers, **landscape architects**, professional **engineers**, utility contractors, plumbing contractors, electrical contractors, structural **engineers**, and attorneys. The purpose of this committee is to provide reports and recommendations to the BCC to assist in the enhancement of operational efficiency and budgetary accountability within the Growth Management Community Development Department and to serve as a primary communication link between the Growth Management Community Development Department, the development industry, and the citizens of Collier County. Terms are 4 years.

## 10. Historical Archaeological Preservation Board (HAPB)

The Historical Archaeological Preservation Board (HAPB) is an advisory board to the BCC pursuant to **Code of Laws** section 2-2000.11. The Preservation Board designates, regulates, and administers historical and archaeological resources in the County under the direct jurisdiction and control of the BCC.

## D. Common Procedural Steps and Information

This section describes common information that applies to most of the review procedures identified in the Administrative Code.

### 1. Fee Requirements

The County charges fees for applications filed under the **LDC**. The BCC establishes the fees by resolution. The fee schedule is available for download on the County's website:

<https://www.colliercountyfl.gov/government/growth-management/divisions/planning-and-zoning-division/zoning-services-section>. The County will not accept an application until all the required fees are paid.

### 2. GMCD Public Portal

The GMCD accepts application packages electronically through the E-Permitting program for most Building and Land Use Permit types. **Applicants** utilizing the E-Permitting program submit their documents through the GMCD Public Portal, where they are guided through the process of uploading their application package. Important information regarding the use of the E-Permitting program and the GMCD Public Portal can be found on the County's website: <http://www.colliercountyfl.gov/government/growth-management/divisions/operations-regulatory-management/e-permitting>. The various guides are accessible by way of clicking on the document submittal requirements, application, or permit.

### 3. Initiation of the Application

Most applications can be initiated electronically by uploading the application, along with all the required information, to the GMCD Public Portal, or applications can be initiated in person with the Client Services section of the Operations and Regulatory Management Division. Each section of the Administrative Code lists the corresponding application by name under "Initiation".

### 4. Pre-Application Meeting

#### **Applicability**

Where specified within the Administrative Code, **applicants** must attend a pre-application meeting with the assigned **planner**, and review staff before filing an application.

The purpose of the meeting is to provide an opportunity for the **applicant**, assigned **planner**, and review staff to informally review a proposed development and determine the most efficient method of review before substantial commitments of time and money are made in the preparation and submission of the application.

The name of the **planner** assigned to the project shall be identified on the application once it is filed. The project **planner** is the main contact and their name should be referenced in any correspondence with the County regarding the petition. The project **planner** can be reached by calling the Business Center Front Desk, at 239-252-2400.

The pre-application meetings are held virtually online with an enabled video and audio support pursuant to the GMCD public portal email confirming the date and time of meeting or by an in-person meeting at the Growth Management Community Development Department, Development Services Building at the following location:

**Initiation of the pre-application meeting**

**Applicants** must request a pre-application meeting online through the GMCD Public Portal. **Applicants** can access a step-step guide for submitting a pre-application meeting request at: <https://www.colliercountyfl.gov/government/growth-management/divisions/building-plan-review-inspection/e-permitting>. While requesting a pre-application meeting on the GMCD Public Portal, it is recommended that **applicants** upload supporting documents such as: An **Addressing Checklist**, Conceptual Site Plans, Conceptual Master Plans, aerials, and ordinances. Once the pre-application meeting request has been received, the Client Services section of the Operations and Regulatory Management Division will contact the **applicant** within two working days, via email, to coordinate the date and time of the pre-application meeting.

For an in-person or virtually online meeting, **applicants** may bring agents and representatives to the meeting. A pre-application fee is required prior to, or at the time of the meeting. Unless further specified in the Administrative Code, or uploaded on the GMCD Public Portal, the **applicant** should bring a conceptual plan of the project, aerial photographs of the property, and preliminary environmental data, depending on the type of application.

At the pre-application meeting County Staff will review the proposed request, discuss the contents of the application packet, indicate which submittal items are required, and the number of plans required for submittal. The submittal requirements vary by application type, so **applicants** should wait to complete the application packet until after the pre-application meeting. At the pre-application meeting, County Staff members will provide the **applicant** Pre-Application Meeting Notes, which outline the requirements discussed at the meeting.

**Issues to discuss**

The assigned **planner**, review staff, and the **applicant** may discuss the following issues at the pre-application meeting:

1. The general nature of the proposed development.
2. Changes to the proposed development which need to conform to the **LDC**, the Growth Management Plan, or other County policies.
3. The review procedures that will apply, including the public hearing process, if applicable, the approximate length of the development review, and the approval process.
4. Federal, State, and local agencies that may review, comment, or require permits for the proposed development.
5. The type of information needed throughout the procedure, including surveys, plans, drawings, reports, the application form, and other supporting documentation.
6. The number of copies of the application and supporting information that the **applicant** must provide.

At the pre-application meeting, the **applicant** and staff may discuss other issues as needed. Following the pre-application meeting, the assigned **planner** will provide the **applicant** a checklist of submittal requirements discussed at the meeting.

## 5. Completeness and Processing

Prior to the acceptance of the application, the Client Services section of the Operations and Regulatory Management Division - Business Center will determine if the application is complete and that the materials identified on the Pre-Application Meeting Checklist and notes are included with the application. If the application is incomplete, the **applicant** must obtain all the requirements prior to the submittal of the application. The Client Services section of the Operations and Regulatory Management Division - Business Center will not accept or process an incomplete application package.

Once the application has been accepted by the County and the required fees have been paid, the application has begun processing and the **applicant** will receive a processing notification, via email. This notification identifies the petition number, (i.e., PL201200000) and a hyperlink for updates to the application online. The petition number should be noted on all future correspondence regarding the application.

## 6. Staff Review

Once the application has been processed, County Staff will review the application to determine whether the application is sufficient or insufficient in one or more areas. This is considered the “first set of review comments” by County Staff. The purpose of this review is to ensure that the application complies with the standards for approval and/or the findings of fact pursuant to the **LDC**. This review is also designed to prevent the application from unnecessary delays in the process. If the application is insufficient, or does not meet code requirements, the applicable division will notify the **applicant** of the deficiencies through the review comment process.

For administrative applications, County Staff, acting on the behalf of the County Manager may approve or deny the application based on the criteria provided in the **LDC**. While the GMCD is the agency that is primarily involved in administering and enforcing the Growth Management Plan and the **LDC**, other State or regional agencies may be responsible for certain types of applications.

## 7. Advisory Board or Agency Review

If the petition requires review by the EAC, Planning Commission, BCC, BZA, the Hearing Examiner, or other County advisory board or agency, County Staff prepares a specialized report for each Board. For example, a Staff Report for the Planning Commission contains information identified in the application, whether the project is consistent with the Growth Management Plan, an analysis of the request, legal considerations, recommendations by the County, and any recommendations of another reviewing body.

If the application is to be reviewed by the BCC, Staff prepares an Executive Summary which is a condensed version of the Staff Report and includes recommendations of the EAC, if applicable, and the Planning Commission.

## 8. Open and Closed Applications

An application is considered "open" when the processing notification has been provided to the **applicant** and/or agent.

An application is considered "closed" when the petitioner withdraws the application through written notice or ceases to supply necessary information to continue processing, or otherwise actively pursue the application for a period of 6 months, unless the particular process assigns a different time period. A closed application will not receive further processing and is considered withdrawn. The applicable division will notify the **applicant** of closure in writing. However, the failure of the applicable division to notify the **applicant** does not eliminate the "closed" status of an application.

The **applicant** can reopen a closed application by submitting a new application and repaying the application fees. Further review of the request is subject to the then current **LDC**.

*Please note: the GMCD Public Portal displays various application statuses indicating the stage in which the application is available for uploads, closed for uploads, submitted, etc. Additional information can be found on the County's website: <https://www.colliercountyfl.gov/government/growth-management/divisions/building-plan-review-inspection/e-permitting>.*

## 9. Pre-Construction Meeting

The pre-construction meeting applies to all development projects that include infrastructure improvements, including but not limited to: site development plans (SDP), site development plan amendments (SDPA), site improvement plans (SIP), plans and plats (PPL), plans and plat amendments (PPLA), and construction plans (CNSTR).

Following approval of the plans, the **Engineer** of Record (EOR) shall submit the Affidavit of Compliance to the Client Services section of the Operations and Regulatory Management Division or through the GMCD Public Portal. The Engineer's Affidavit of Compliance shall attest that the plans and documents approved by Collier County are

## Collier County Land Development Code | *Administrative Procedures Manual*

### *Chapter 1 | Introduction*

consistent with those approved by all State and Federal agencies, and all required permits have been issued. The EOR shall request to schedule a pre-construction meeting with Development Review Division. Before the Pre-Construction submittal can be reviewed and scheduled, the **applicant** shall upload copies of all required permits for the project to the GMCD Public Portal, and all inspection fees shall be paid prior to the meeting. The purpose of the meeting is for the applicant and the Development Review Division staff to discuss the inspection of the improvements, project schedule, notification requirements, and project completion and acceptance procedures. It is encouraged that the following parties attend the meeting: the **applicant**; EOR and EOR's field representative; owner and/or developer; general, site, and utilities contractors; and representatives from affected utilities.

## Chapter 2. Legislative Procedures

---

The petitions identified in this Chapter require a public hearing by the Board of County Commissioners.

### A. Comprehensive Plan Amendment

**Reference** F.S. § 163.3177 – 163.3187, 125.66 and **LDC** Public Notice section **10.03.06 E** and the Collier County Growth Management Plan (GMP).

📌 *Note:* The Florida Department of Commerce (DC) website contains procedures, forms, and technical assistance regarding State of Florida review and requirements. For State related Comprehensive Plan Amendment information refer to:  
<https://floridajobs.org/community-planning-and-development/programs/community-planning-table-of-contents>.

**Applicability** This procedure applies to a request to amend the GMP whether initiated by the County or a private landowner.

A comprehensive plan amendment does not authorize development.

There are several categories of plan amendments, including but not limited to:

- a. Small-Scale Amendment: A plan amendment that involves 50 acres or less and other criteria set out in F.S. § 163.3187(1) et. seq.
  - i. Generally, small-scale amendments are for maps and may include text changes.
  - ii. Small-Scale amendments that involve 50 acres or less may be site-specific amendments.
- b. Large-Scale Amendment: A plan amendment that changes the goals, objectives and policies; a map change; or any other material in the plan, and falls within one of the categories described in F.S. § 163.3184(3) and 163.3184(4) et. seq.
  - i. Large-Scale amendments may be site-specific amendments or non-site specific.
- c. DRI Companion Amendment: A plan amendment that is directly related to a DRI. This is processed concurrent with the DRI application.  
↔ *See Chapter 3 D.3 of the Administrative Code for more information.*

**Pre-Application** A pre-application meeting is required.

**Initiation** The **applicant** files an “*Application for a Request to Amend the Collier County Growth Management Plan*” with the Comprehensive Planning Section of the Zoning Division.  
↔ *See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.*

**Application Contents** The application shall include the draft amendment text and/or map amendment and all data and supporting materials that justify the amendment.

📌 *Note:* Refer to F.S. § 163.3177 et. seq. for State requirements.

### Chapter 2 | Legislative Procedures

- a. Following review by DC and other review agencies, the Comprehensive Planning Section will prepare a Staff Report, and schedule a hearing date before the EAC, if required, and the Planning Commission to present the amendment and comments from DC and other review agencies for review. Following the recommendation by the EAC, if required, and the Planning Commission, the Comprehensive Planning Section will prepare an Executive Summary and schedule an adoption hearing before the BCC. If the amendment is adopted, the amendment is sent to DC and the review agencies in accordance with F.S. § 163.3184(3) and (4).

**Criteria** The plan amendment must be consistent with the applicable portions of the Collier County Growth Management Plan, F.S. § 163.3164, *et seq.*, the State Comprehensive Plan, and the *Southwest Florida Strategic Regional Policy Plan* published by the Southwest Florida Regional Planning Council.

**Effective Date** ⇔ See F.S. § 163.3184(3) and (4).

⇔ See F.S. § 163.3191 if the plan amendment is an update that results from an evaluation and appraisal report.

**Appeals** Affected persons may file an administrative challenge as described in F.S. § 163.3184(5). Small-scale amendments may be administratively challenged pursuant to F.S. § 163.3187(5) (a).

## B. Privately Initiated Land Development Code Amendments

**Reference** LDC section 10.02.09, LDC Public Notice section 10.03.06 A and K, F.S. § 163.3202, and F.S. § 125.66.

⇔ See LDC section 10.03.06 for County Initiated LDC Amendments.

**Applicability** Privately initiated amendments that supplement, change, or repeal the LDC.

**Pre-Application** A pre-application meeting is required.

**Initiation** The **applicant** files an “Application for Amendment to the Land Development Code” with the Zoning Division.

⇔ See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.

**Application Contents** The application must include the following information:

### Contents

**1. Applicant Contact Information.**

**2.** Pre-application meeting notes.

**3. LDC amendment request document, including the following.**

**a.** The **applicant’s** name;

**b.** The name of the author of the LDC text amendment;

**c.** All LDC sections to be modified by the amendment;

**d.** A written statement briefly describing the change requested;

**e.** A written statement describing the justification for the amendment and any other relevant information about the change requested;

**f.** A written statement describing any potential fiscal or operational impacts associated with the amendment;

**g.** A written statement addressing the amendment’s consistency with the Growth Management Plan;

**h.** Changes to the LDC shall be identified in a strikethrough/underline format. Strikethrough language represents removal and underlined language represents new language; and

**i.** All cross references to the section in the LDC shall be checked and amended if necessary.

**4. Electronic copies of all documents.**

**Completeness and Processing of Application** ⇔ See Chapter 1 D.5 for the acceptance and processing of an application.

**Collier County Land Development Code | Administrative Procedures Manual**  
*Chapter 2 | Legislative Procedures*

**Notice** Notification requirements are as follows.

↔ See Chapter 8 of the Administrative Code for additional notice information.

- 1. Newspaper Advertisements:** The legal advertisement shall be published at least 15 days before each advertised public hearing in a newspaper of general circulation. The advertisement shall include at a minimum:
  - a. The title of the proposed ordinance or resolution;
  - b. Date, time, and location of the hearing;
  - c. Places(s) within the county where the proposed ordinance may be inspected by the public; and
  - d. **LDC** amendments that change the zoning map designation of 10 acres or more of land or change the permitted, conditional, or prohibited uses within a zoning category shall include a 2 in. x 3 in. map of the project location.

**Public Hearing** For **LDC** amendments that change the zoning map designation of less than 10 acres of land or do not change the list of permitted, conditional, or prohibited uses within a zoning district:

1. The EAC shall hold at least one advertised public hearing, if required.
2. The Planning Commission shall hold at least one advertised public hearing.
3. The BCC shall hold at least one advertised public hearing.

For **LDC** amendments that change the zoning map designation of 10 acres or more of land, or change the list of permitted, conditional, or prohibited uses within a zoning district:

1. The EAC shall hold at least one advertised public hearing, if required.
2. The Planning Commission shall hold at least one advertised public hearing.
  - The Planning Commission may elect by a majority decision to hear the ordinance or resolution at two advertised public hearings. If there is only one advertised public hearing, the hearing shall be held after 5:00 p.m. on a weekday, and if there are two advertised hearings, then at least one of the advertised public hearings shall be held after 5:00 p.m. on a weekday.
3. The BCC shall hold at least two advertised public hearings.
  - At least one advertised public hearing shall be held after 5:00 p.m. on a weekday, unless the BCC by a majority vote plus one vote elects to conduct that hearing at another time of day.

**Decision Maker** The BCC, following the recommendations from both the EAC, if required, and the Planning Commission.

**Review Process** The Zoning Division will review the application and identify whether additional materials are needed. Staff will prepare a Staff Report and provide a recommendation to the following advisory boards and the BCC:

- a. The DSAC reviews the amendment application in a public meeting and makes a recommendation to the BCC.

## Collier County Land Development Code | *Administrative Procedures Manual*

### Chapter 2 | *Legislative Procedures*

- b. The EAC reviews the amendment application if the proposed change includes an environmental component in accordance with Collier County **Code of Laws and Ordinances** section 2-1193. The EAC makes a recommendation to the BCC.
- c. The Planning Commission reviews the application for consistency with the GMP and makes a recommendation to the BCC.

The BCC shall review the application and the recommendations by the advisory boards. The BCC may approve, approve with revisions, or deny the proposed ordinance or resolution.

**Effective Date** Per F.S. § 125.66, the ordinance must be filed with the Florida Department of State, Tallahassee, FL within 10 days of signing by the Chairman of the Board. The effective date is the date it is filed with the State, unless a date is specified in the ordinance.

**Updated** Resolution 2018-072

## **Chapter 3. Quasi-Judicial Procedures with a Public Hearing**

---

Quasi-judicial land use petitions require a public hearing where the **applicant** and affected **property owners** are allowed to speak and provide testimony about the application. The County's decision-making agency is similar to a judge presiding over a trial, and its decision is based on the record. Quasi-judicial hearings are pursuant to law and provide for the following:

1. The record may include the application materials, County Staff's recommendation, and may also include written reports, and the fact-based testimony of any witnesses (expert or otherwise) that speak at the public hearing. The **applicant** or the agent has the burden of providing a written record.
2. The **applicant** has an opportunity to be heard in person and through counsel, to present evidence of its case, and to rebut the case presented by opposing parties.
3. Cross-examination of adverse witnesses is allowed. The chairman or presiding officer of the decision-making agency may reasonably control the amount of time and type of questions asked during cross-examination.
4. Ex-parte communications must be disclosed by members of the advisory boards or decision-making agency pursuant to law.

## **A. Appeal of an Official Interpretation of the Land Development Code**

<b>Reference</b>	<b>LDC section 1.06.01 D, LDC section 8.10.00, LDC Public Notice section 10.03.06 Q, and Code of Laws and Ordinances section 250-58.</b>

## C. Conditional Uses (CU)

### C.1. Conditional Use Permit

**Reference** LDC sections 10.08.00, 8.10.00, LDC Public Notice section 10.03.06 B or C, and F.S. § 163.3202.

**Applicability** A conditional use permit is required if the proposed use or development is eligible as a conditional use or a minor conditional use in the applicable zoning district. A minor conditional use is one which does not require environmental review under Section 2-1191 *et seq.* of the **Code of Laws and Ordinances** and which is not a case of great public interest or concern as determined in the discretion of the Hearing Examiner or as requested by a member of the Board of County Commissioners. The Commissioner of the District in which the proposed minor conditional use is located may direct that the minor conditional use be heard by the CCPC in an advisory capacity and then the Board of Zoning Appeals or Board of County Commissioners for final action.

**Pre-Application** A pre-application meeting is required.

**Initiation** The **applicant** files an “*Application-for Public Hearing for: Conditional Use*” with the Zoning Division.

⇔ *See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.*

**Application Contents** The petition should include material necessary to demonstrate that the approval of the conditional use will be in harmony with the general intent and purpose of the LDC, will be consistent with the Growth Management Plan, will not be injurious to the neighborhood or to adjoining properties, or otherwise detrimental to the public welfare.

The application must include the following:

1. **Applicant contact information.**
2. **Addressing Checklist.**
3. A cover letter briefly explaining the proposed project.
4. Property Ownership Disclosure Form.
5. The date the subject property was acquired or leased (including the term of the lease). If the **applicant** has an option to buy, indicate the date of the option, the date the option terminates, and anticipated closing date.
6. The name and mailing address of all registered Home Owners Associations and civic associations whose members are impacted by the application.
7. Pre-application meeting notes.
8. A copy of the last recorded deed, contract for sale or agreement for sale, or a notarized statement of ownership clearly.
9. **PUD Ordinance and Development Commitment information**, if applicable.
10. A written petition that shows how the proposed use satisfies the findings outlined in LDC section 10.08.00.

**Collier County Land Development Code | *Administrative Procedures Manual***  
*Chapter 3 | Quasi-Judicial Procedures with a Public Hearing*

11. Property information, including:
  - a. Legal description; or if the conditional use involves only part of a PUD, only a legal description for the subject portion is required;
  - b. **Property identification number;**
  - c. Section, township and range;
  - d. Subdivision, unit, lot and block, or metes and bounds description;
  - e. Address of subject site and general location; and
  - f. Size of property in feet and acres.
12. If the **property owner** owns additional property contiguous to the subject property, then the following information, regarding the contiguous property, must be included:
  - a. Legal description;
  - b. **Property identification number;**
  - c. Section, township and range; and
  - d. Subdivision, unit, lot and block, or metes and bounds description.
13. Zoning information, including;
  - Adjacent zoning and land use.
14. Conditional Use request detail, identifying current zoning district, type of use and present use of property.
15. A description of previous land use applications on the subject property, including whether a public hearing was held on the property or any abutting properties within the year preceding the application, and the nature of that hearing.

## G. Planned Unit Developments (PUD)

### G.1 Rezoning to a PUD

**Reference** LDC section 10.02.13 A – F, LDC Public Notice section 10.03.06 B and F.S. § 163.3202.

**Applicability** This procedure applies to a request to rezone to a PUD.

**Pre-Application** A pre-application meeting is required. The pre-application meeting with the Zoning Division may address, but is not limited to, the criteria set forth in LDC section 10.02.13 B.1. The **applicant** is encouraged to bring an aerial, proposed product type, and land uses to discuss.

**Initiation** The **applicant** files an “*Application for Public Hearing for a PUD Rezone*” with the Zoning Division.  
↔ See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.

**Application Contents** The application must include the following information:

1. **Applicant contact information.**
2. **Addressing checklist.**
3. A PUD Master Plan. ↔ See Master Plan Contents below.
4. Name of project.
5. The name and mailing address of all registered Home Owners Association’s that could be affected by the application.
6. Property Ownership Disclosure Form.
7. The date the subject property was acquired or leased (including the term of the lease). If the **applicant** has an option to buy, indicate the date of the option, the date the option terminates, and anticipated closing date.
8. Property information, including:
  - a. Legal description;
  - b. **Property identification number;**
  - c. Section, township and range;
  - d. Subdivision, unit, lot and block, or metes and bounds description;
  - e. Address of subject site and general location;
  - f. Size of property in feet and acres; and
  - g. PUD district.
9. If the **property owner** owns additional property contiguous to the subject property, then the following information, regarding the contiguous property, must be included:
  - a. Legal description;
  - b. **Property identification number;**
  - c. Plat book and page number;
  - d. Section, township and range; and

**Collier County Land Development Code | *Administrative Procedures Manual***  
*Chapter 3 | Quasi-Judicial Procedures with a Public Hearing*

- e. Subdivision, unit, lot and block, or metes and bounds description.
- 10. Detail of rezone request.
- 11. A narrative statement describing the rezone request with specific reference to the criteria pursuant to **LDC** section [10.02.13](#).
- 12. List of exhibits which are proposed to be included in the ordinance of adoption .
- 13. Completed Statement of Utility Provisions.
- 14. Statement of compliance with all elements of the Growth Management Plan.
- 15. General location map drawn to scale, illustrating north point and relationship of the site to external facilities such as highways, shopping areas, cultural complexes and the like.
- 16. Property ownership and general description of site (including statement of unified ownership).
- 17. Description or narrative of project development, including a description of the relationship of the proposed land uses to each other within the PUD and to land uses abutting/surrounding the project.
- 18. Boundary survey (no more than 6 months old) and legal description.
- 19. Proposed and permitted land uses within each tract or increment which shall be incorporated into the ordinance of adoption.
- 20. A dimensional standards table for each type of land use proposed within the PUD. Dimensional standards shall be based upon an established zoning district that most closely resembles the development strategy, particularly the type, density, and intensity of each proposed land use. All proposed variations or deviations from dimensional standards of the most similar zoning district shall be clearly identified. No deviations from the fire code will be permitted, except as otherwise allowed by that code. This table shall be incorporated into the ordinance of adoption.
- 21. The proposed timing for location of, and sequence of phasing, or incremental development within the PUD.
- 22. The proposed location of all roads and pedestrian systems, with typical cross sections, which will be constructed to serve the PUD and shall be attached as exhibits to the ordinance of adoption.
- 23. Habitats and their boundaries identified on an aerial photograph of the site. Habitat identification will be consistent with the Florida Department of Transportation Florida Land Use Cover and Forms Classification System (FLUCFCS) and shall be depicted on an aerial photograph having a scale of 1 inch equal to at least 200 feet when available from the county, otherwise, a scale of at least 1 inch equal to 400 feet is acceptable. Information obtained by ground-truthing surveys shall have precedence over information presented through photographic evidence. Habitat, plant, and animal species protection plans as required by the **LDC** section [3.04.00](#) shall apply.
- 24. Environmental Data Requirements. ⇔ See **LDC** section [3.08.00 A](#).
- 25. Environmental Data Requirements for PUD zoning ⇔ See *Chapter 7 A. of the Administrative Code*.
- 26. Information about existing vegetative cover and soil conditions in sufficient detail to indicate suitability for proposed structures and uses.

27. The location and nature of all existing public facilities, such as schools, parks and fire stations that will service the PUD.
28. A plan for the provision of all needed utilities to serve the PUD; including (as appropriate) water supply, sanitary sewer collection and treatment system, stormwater collection and management system, pursuant to related county regulations and ordinances.
29. **Electronic copy of all documents.**
30. Owner/agent affidavit as to the correctness of the application.
31. Historical/Archeological Survey or Waiver.
32. Traffic Impact Study. ⇔ *See Chapter 7 B. of the Administrative Code.*
33. Agreements, provisions, or covenants which govern the use, maintenance, and continued protection of the PUD and any of its common areas or facilities.
34. Development commitments for all infrastructure and related matters.
35. When determined necessary to adequately assess the compatibility of proposed uses to existing or other proposed uses, relationship to open space, recreation facilities, or traffic impacts, or to assess requests for reductions in dimensional standards, the Zoning Division Director may request schematic architectural drawings (floor plans, elevations, perspectives) for all proposed structures and improvements, as appropriate.
36. Deviations to sections of the **LDC** other than to dimensional standards related to building placement such as yard requirements, lot area requirements, and building height, shall be identified in the PUD application by citing the specific section number of the regulation and indicating the proposed modification to such regulation. The list of deviations shall be incorporated into the ordinance of adoption.
37. School Impact Analysis (SIA) application for the School District’s review for a determination of school capacity, if the PUD has a residential component.
38. Affidavit of Authorization.

**PUD Master Plan  
Contents**

Pursuant to **LDC** section **10.02.13 A**, the PUD Master Plan will graphically illustrate the development strategy, using *The Community Character Plan for Collier County, Florida* (April 2001) as a guide for development and redevelopment. The PUD Master Plan shall be prepared by a **Planner** who possesses the education and experience to qualify for full membership in the American Institute of Certified Planners; and/or a **Landscape Architect** who possesses the education and experience to qualify for full membership in the American Society of Landscape Architects, together with either a practicing civil **Engineer** licensed by the State of Florida, or a practicing **Architect** licensed by the State of Florida.

The Master Plan shall include the following:

1. The title of the project and name of the developer.
2. Scale, date, north arrows.
3. Boundaries of the subject property. Indicate all existing streets and pedestrian systems within the site, watercourses, easements, and land uses and zoning districts of abutting property. Include book and page numbers of platted parcels, section lines, and other important physical features within and adjoining the proposed development.

### Chapter 3 | *Quasi-Judicial Procedures with a Public Hearing*

4. Boundaries and dimensions of all proposed tracts or increments with an indication of the proposed land use category, including but not limited to:
  - a. Residential (for multiple single-family lots, only the overall area reserved for this land use category shall be indicated);
  - b. Office;
  - c. Retail;
  - d. Commercial;
  - e. Industrial;
  - f. Institutional;
  - g. Conservation/preservation;
  - h. Lakes and/or other water management facilities;
  - i. Common open space;
  - j. Buffers, by type – include a cross-section for any buffer that deviates from **LDC** requirements;
  - k. Community and/or public use – designate the location and function (e.g., common open space), and whether they are dedicated or reserved; and
  - l. Recreational uses including golf courses and related facilities – include provisions for ownership, operation, and maintenance.
5. Identify all proposed and permitted land uses, pursuant to **LDC** section 2.03.06, within each tract or increment describing:
  - a. For residential development:
    - i. Acreage;
    - ii. Number of dwelling units;
    - iii. Density; and
    - iv. Percentage of total development represented by each type of use.
  - b. For commercial, industrial, institutional or office:
    - i. Percentage of the total development represented by each type of use;
    - ii. Acreage (each tract or increment);
    - iii. Maximum gross leasable floor area (each tract or increment);
    - iv. Outline of the proposed building footprint (each tract or increment); and
    - v. Building height for each structure (each tract or increment).
6. The relationship of the proposed land uses to each other within the PUD and to the land uses abutting and surrounding the project.
7. The location and size (as appropriate) of all existing drainage, water, sewer, and other utilities.
8. The location of all proposed major internal thoroughfares and pedestrian accessways, including interconnecting roadways within the PUD as well as with abutting uses.

## Collier County Land Development Code | *Administrative Procedures Manual*

### Chapter 3 | *Quasi-Judicial Procedures with a Public Hearing*

9. Typical cross sections of all major, collector, and local streets, public or private, within the proposed development.
10. The location of proposed and existing roads, rights-of-way, and pedestrian systems within 1,500 feet of the proposed development.
11. Information on previous and recent uses of land within the proposed development.
12. Proposed vehicular ingress and egress points.
13. Any other relevant information determined to be necessary by the Zoning Division Director.

### G.3. PUD Insubstantial Change

**Reference** LDC section 10.02.13 E, LDC section 8.10.00, and LDC Public Notice section 10.03.06 H.

**Applicability** This process applies to insubstantial changes to a PUD Master Plan which meets the thresholds in LDC section 10.02.13 E.

**Pre-Application** A pre-application meeting is required.

**Initiation** The **applicant** files an application for an “*Insubstantial Change to PUD Master Plan (PDI)*” with the Zoning Division.

⇔ See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.

**Application Contents** The application must include the following:

1. **Applicant contact information.**
2. Property Ownership Disclosure Form.
3. **PUD Ordinance and Development Commitment information.**
4. A legal or graphic description of the area of amendment. This may be graphically illustrated on the Amended PUD Master Plan. If the amendment involves only part of the PUD, provide a legal description for the subject portion.
5. A narrative and detailed description of the amendment and why it is necessary.
6. An analysis of whether the amendment complies with the Growth Management Plan.
7. Whether a public hearing was held for the property within the year preceding the application. If this has occurred, include the **applicant’s** name.
8. Whether any part of the PUD has been sold or developed, and whether the proposed changes involve those areas.
9. Current and revised Master Plans, along with a reduced copy of each, describing the proposed changes of the following:
  - a. Land use;
  - b. Densities;
  - c. Infrastructure;
  - d. Open space, preservation or conservation areas;
  - e. Area of building square footage proposed for nonresidential development;
  - f. Change in potential intensity of land use and related automobile trip movements; and
  - g. Relationships to abutting land uses.
10. **Addressing checklist.**
11. An 8½ in. x 11 in. graphic location map of the site.
12. Pre-application meeting notes.

13. Owner/agent affidavit as to the correctness of the application.

14. **Electronic copies of all documents.**

15. Affidavit of Authorization.

**Completeness and  
Processing of  
Application**

↔ See Chapter 1 D.5 for the acceptance and processing of an application.

**Notice**

Notification requirements are as follows. ↔ See Chapter 8 of the Administrative Code for additional notice information.

1. **NIM:** A **NIM** is required, however upon written request by the applicant the Hearing Examiner has the discretion to waive the **NIM** after the first set of review comments have been issued. This **NIM** waiver is not applicable to matters coming before the Planning Commission when it is deemed to be the decision maker. If the **NIM** has not been waived, it shall be completed at least 15 days before the first advertised hearing. The **NIM** shall be advertised and a mailed written notice shall be given to **property owners in the notification area** at least 15 days prior to the **NIM** meeting.
2. **Mailed Notice:** Written notice shall be sent to **property owners in the notification area** at least 15 days before the first advertised hearing.
3. **Newspaper Advertisements:** The legal advertisement shall be published at least 15 days before each advertised hearing in a newspaper of general circulation. The advertisement shall include at a minimum:
  - a. Date, time, and location of the hearing;
  - b. Description of the proposed land uses; and
  - c. 2 in. x 3 in. map of the project location.
4. **Sign:** Posted at least 15 days before the first advertised hearing date.  
↔ See Chapter 8 E. of the Administrative Code for sign template.

**Public Hearing**

The Hearing Examiner or Planning Commission shall hold at least 1 advertised public hearing. ↔ See Chapter 9 of the Administrative Code for the Office of the Hearing Examiner procedures.

**Decision Maker**

The Hearing Examiner or Planning Commission.

**Review Process**

The Zoning Division will review the application and identify whether additional materials are needed. Pursuant to **LDC** section 10.02.13 B.3, Staff will prepare a Staff Report utilizing the criteria identified in **LDC** section 10.02.13 E, to present to the Decision Maker.

**Updated**

## G.4. PUD Minor Change

**Reference** LDC section 10.02.13 E, LDC section 8.10.00, and LDC Public Notice section 10.03.06 T.

**Applicability** The following are considered minor changes:

1. Educational and ancillary plants. These include PUD master plans that are amended for the sole purpose of adding an educational and/or ancillary plant.
2. Removal of Affordable Housing Contributions. The County Manager or designee may allow minor text changes to remove affordable housing commitments to pay an affordable housing contribution in PUDs, Development Agreements, and Settlement Agreements. Conditions are identified in LDC section 10.02.13 E.
3. Minor Changes during Construction. The County Manager or designee may allow minor changes to the PUD Master Plan during its subdivision improvements plan or site development plan process to accommodate topography, vegetation and other site conditions not identified or accounted for during its original submittal and review and when said changes have been determined to be compatible with **adjacent** land uses, have no impacts external to the site, existing or proposed, and is otherwise consistent with the provisions of this code and the Growth Management Plan. These changes include the following:
  - a. Internal realignment of rights-of-way, including a relocation of access points to the PUD itself, where no water management facility, conservation/preservation areas, or required easements are affected or otherwise provided for;
  - b. Relocation of building envelopes when there is no encroachment upon required conservation or preservation areas;
  - c. Relocation of swimming pools, clubhouses, or other recreation facilities that do not affect adjacent properties or land uses; and
  - d. Relocation or reconfiguration of lakes, ponds, or other water facilities subject to the submittal of revised water management plans or approval of the EAC where applicable.

**Pre-application** A pre-application meeting is not required.

**Initiation** The **applicant** files a “*Minor Change to a PUD Master Plan or Text (PMC)*” application with the Zoning Division.

⇔ See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.

**Application Contents** The application must include the following:

1. **Applicant contact information.**
2. Property Ownership Disclosure Form.
3. **PUD Ordinance and Development Commitment Information.**

4. A legal or graphic description of the area of amendment. This may be graphically illustrated on the Amended PUD Master Plan. If the amendment involves only part of the PUD, provide a legal description for the subject portion.
5. The current PUD Master Plan, ⇔ See Chapter 3 G.1 of the Administrative Code for requirements and the changes in potential intensity of land use, changes in trips and relationships to abutting land uses.
  - Include any previously revised Master Plans.
6. A narrative and detailed description of the map change and reason for request.
7. An analysis of whether the amendment complies with the Growth Management Plan.
8. Whether a public hearing was held for the property within the year preceding the application. If this has occurred, include the **applicant's** name and number.
9. Whether any part of the PUD has been sold or developed, and whether the proposed changes involve those areas.
10. For removal of affordable housing commitments, a completed Letter to **Property owners** as identified in the application.
11. **Addressing checklist.**
12. An 8½ in. x 11 in. graphic location map of the site.
13. Owner/agent affidavit as to the correctness of the application.
14. **Electronic copies of all documents.**
15. Affidavit of Authorization.

#### Completeness and Processing of Application

⇔ See Chapter 1 D.5 for the acceptance and processing of an application.

#### Notice

Notification requirements are as follows for Removal of Affordable Housing Contributions:  
⇔ See Chapter 8 of the Administrative Code for additional notice information.

1. **Mailed Notice:** Written notice shall be sent to **property owners in the notification area** at least 15 days before the advertised hearing.

#### Public Hearing

1. No public hearing is required for adding educational and ancillary plants to a PUD or minor changes to a PUD Master Plan during construction.
2. A hearing before the Hearing Examiner or BCC may be required to remove affordable housing contributions, pursuant to **LDC section 10.02.13.E**. ⇔ See Chapter 9 of the Administrative Code for the Office of the Hearing Examiner procedures.

#### Decision Maker

The County Manager or designee, or for the removal of affordable housing contributions the Hearing Examiner or BCC.

#### Review Process

Minor changes are reviewed by the Zoning Division staff and may be approved by the County Manager or designee.

If a public hearing is required to remove Affordable Housing Contributions, Staff will prepare a Staff Report or Executive Summary to present to the Decision Maker.

## G. Official Interpretation of the Land Development Code

**Reference** LDC section 1.06.01 and LDC Public Notice section 10.03.06 P.

**Applicability** Any affected person, resident, developer, landowner, or entity that is subject to the LDC may make a request to clarify the requirements for development approval or the meaning of a particular term, phrase, or requirement of the LDC.

**Pre-Application** A pre-application meeting is not required.

**Initiation** The **applicant** files an “*Application for Official Interpretation*” with the Zoning Division.

↔ *See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.*

**Application Contents** The application must include the following:

1. **Applicant contact information.**
2. Request details, pursuant to LDC section 1.06.01:
  - a. Each request must identify the specific LDC citation to be interpreted; and
  - b. A request for interpretation may contain no more than 3 issues or questions. The request must not contain a single question with more than three sub-issues or questions. If it is determined by the appropriate official that the request for interpretation contains more than three issues, the **applicant** will be required to submit a separate request accompanied by the applicable fees.
3. An interpretation of the request prepared by the **applicant**. The interpretation shall include justification for the request.

**Notice – For interpretation of County wide application of the GMP and LDC** Notification requirements are as follows. ↔ *See Chapter 8 of the Administrative Code for additional notice information.*

1. **Newspaper Advertisements:** Upon issuance of the interpretation, the County Manager or designee shall provide a legal advertisement that is published in a newspaper of general circulation. The advertisement shall include at a minimum:
  - a. Brief summary of interpretation;
  - b. Location of affected property; and
  - c. Appeal time frame.

**Notice- For interpretations affecting a specific parcel of land** Notification requirements are as follows. ↔ *See Chapter 8 of the Administrative Code for additional notice information.*

1. **Notification of affected property owner:** If an official interpretation has been requested by an affected party other than the **property owner**, Collier County shall notify the **property owner** that an official interpretation has been requested.

**Collier County Land Development Code | Administrative Procedures Manual**  
*Chapter 4 | Administrative Procedures*

2. **Mailed Notice:** Upon issuance of the interpretation, the County Manager or designee shall provide written notice of the interpretation to **property owners** within 300 feet of the property lines of the land for which the interpretation is requested.
3. **Newspaper Advertisements:** Upon issuance of the interpretation, the County Manager or designee shall provide for a legal advertisement that is published in a newspaper of general circulation. The advertisement shall include at a minimum:
  - a. Brief summary of interpretation;

**13. Architectural Plans.**

↔ *See Chapter 4.A of the Administrative Code for Architectural Plan submittals.*

The plans shall also include:

- a. If proposed, dumpster enclosure details depicting height and material and color of walls and gates; and
- b. If proposed, light pole details depicting height and colors of pole and housing.

**14. Landscape Plans.**

↔ *See Chapter 4.P of the Administrative Code for Landscape Plan submittals.*

**15. Lighting plans signed and sealed by a professional **engineer** licensed to practice in the State of Florida, or by the utility provider.**

**16. Traffic Impact Study.** ↔ *See Chapter 7 B. of the Administrative Code.*

**17. Engineer's Report with Assumptions and Explanations signed and sealed by a Florida registered professional **engineer**, with the following information, as applicable:**

- a. For all developments, the following Stormwater related information:
  - i. Completed calculations used to design the facilities, such as: road, water management systems, and all accessory facilities, public or private;
  - ii. Drainage calculations, 10-year 1-day; 25-year 3-day; 100-year 3-day storm routings;
  - iii. Detailed hydraulic grade line pipe design calculations utilized to design the stormwater management facilities for the subdivision or development; and
  - iv. Status of all other required permits including copies of information and data submitted to the appropriate permitting agencies.
- b. If within Collier County Public Utilities Service Area, the following Report must also contain the following:
  - i. Estimated cost of utilities construction, Water and Sewer calculations;
  - ii. Sewer Hydraulics;
  - iii. Lift station hydraulics to first downstream master station;
  - iv. Lift station buoyancy calculations;
  - v. Chloramine Dissipation Report; and
  - vi. Detailed hydraulic design calculations utilized to design water and sewer facilities regulated by the County.

**18. Geo-technical report with soil boring results.**

**19. Engineering Review Checklist signed and sealed by the applicant's professional **engineer**.**

**20. Engineer's Opinion of probable cost (Paving, grading, and drainage).**

21. For residential projects subject to the provisions of LDC section 10.04.09, a completed School Impact Analysis (SIA) application, location map and review fee.
22. Certificate of Adequate Public Facilities application, if applicable.
23. Density bonus. If a residential bonus is requested, as provided for in the Growth Management Plan, a certified survey that clearly illustrates the location and relationship of the development to the appropriate activity center and the related activity band shall be required.
24. Environmental Data Requirements, to include: ⇔ See LDC Section 3.08.00 A.
  - a. Vegetation Inventory. A generalized vegetation inventory of the property is required, as determined at the preapplication meeting indication the approximate location, densities and species of the following:
    - i. Upland wetland and estuarine vegetation including prohibited exotic vegetation, mapped using FLUCFCS terminology;
    - ii. Projects containing the following shall provide a survey identifying species and locations on a current aerial photograph or superimposed on the site plan:
      - Plants specified to remain in place or to be transplanted to other locations on the property as specified in the applicable development order.
      - Specimen trees designated by the BCC, pursuant to LDC section 3.05.09.
      - Existing trees that may be credited toward the development's landscaping requirements.
  - b. Listed species survey;
    - i. State or federal rare, threatened or endangered plant species surveyed according to accepted Florida Fish and Wildlife Conservation Commission or U.S. Fish and Wildlife Service methods.
  - c. Results of any environmental assessments and/or audits;
  - d. Soil and/or groundwater sampling, as required.
  - e. Wellfield Risk Management Special Treatment Overlay zones and analysis, as required.
25. Preserve Management Plan, as required.
26. Completed original Conservation Easement Form signed and sealed, with reference Exhibits depicting the site, preserve area and legal descriptions, as detailed on the Checklist for Processing Conservation Easements.
27. For proposed site alteration(s) within the coastal zone as depicted on the future land use map, in addition to the foregoing requirements, the vegetation inventory shall depict the categories of impact in accordance with LDC sections 3.03.03-3.03.04.
28. Construction Plans. Detailed on-site and off-site infrastructure improvement plans and construction documents prepared in conformance with the design standards

identified in **LDC** section [10.02.04](#) and any current county ordinances, regulations, policies and procedures, which consist of, but are not limited to, the following items:

- a. A cover sheet setting forth the development name, **applicant** name, name of Engineering firm, and vicinity map;
  - b. Improvements for water and sewer service as needed or as may have been specified during a site development plan review prepared in conformance with the Utilities Standards and Procedures Ordinance, 2004-31, as amended;
  - c. Improvements for roadway, motor vehicle and non-motorized circulation, ingress and egress, parking and other transportation needs, including traffic calming devices, required or as may have been specified during the site development plan review, prepared in conformance with the subdivision design requirements. Non-motorized circulation is defined as movement by persons on foot, bicycle, or other human-powered device. Non-motorized circulation depicting sidewalks and bicycle facilities shall be consistent with **LDC** subsection [5.05.08 A.5](#). Cross sections and details for improvements are required;
  - d. The absence of obstructions in the public right-of-way shall be demonstrated, including provisions for safe and convenient street crossing;
  - e. Cross sections and details for improvements required in **LDC** subsections [6.06.02 A.7](#) through [6.06.02 A.9](#);
  - f. Improvements for water management purposes as needed or as may have been specified during the site development plan review, prepared in conformance with subdivision design requirements and pursuant to South Florida Water Management District rules, chapter 40E-4, 40E-40 and 40E-41, Florida Administrative Code;
  - g. Citation to the applicable technical specifications for all infrastructure improvements to be constructed;
  - h. Engineering design computations and reports for water, sewer, roads, and water management facilities, as required by federal, state, and local laws and regulations.
  - i. Topographical map of the property including:
    - i. Existing features, such as, watercourses, drainage ditches, lakes, marshes.
    - ii. Existing contours or representative ground elevations at spot locations and a minimum of 50 feet beyond the property line.
  - j. Benchmark locations and elevations (to both NGVD and NAVD).
  - k. Site clearing plan and methods of vegetation protection.
  - l. Where jurisdictional wetlands occur onsite, approved wetland jurisdictional lines shall be shown on the construction plans.
- 29.** County-Permits: All necessary permits and applications requiring County approval and other permitting and construction related items, including but not limited to the following, shall be submitted and approved with the site

development plan. These permits may include, but are not limited to the following:

- a. Excavation permit;
  - b. A Collier County right-of-way permit;
  - c. Blasting permit, prior to commencement of any blasting operation;
  - d. Interim wastewater and/or water treatment plant construction or interim septic system and/or private well permits prior to building permit approval;
  - e. All other pertinent data, computations, plans, reports, and the like necessary for the proper design and construction of the development that may be submitted; and
  - f. All necessary performance securities required by Collier County ordinances in effect at the time of construction.
- 30.** Non-County Permits: All Federal, State, and other local permits shall be submitted prior to construction and before the pre-construction meeting. If approved by the County Manager or designee, an **applicant** may submit Federal, State and local agency permits at the pre-construction meeting.
- a. Florida Department of Environmental Protection water and sewer facilities construction permit application;
  - b. Notice of Intent (NOI) to issue a Florida Department of Transportation Right-of-Way permit;
  - c. Florida Department of Environmental Protection or South Florida Water Management District Environmental Resource Permit, if required or, Collier County general permit for water management prior to site development plan approval; and
  - d. Any additional state and federal permits which may be required prior to commencement of construction, addressing the impacts on jurisdictional wetlands and habitat involving protected species, such as:
    - i. USACOE permit and exhibits. If no USACOE permit, SFWMD permit and exhibits shall be submitted; and
    - ii. For the RFMUD, Agency accepted UMAM/WRAP scores.
- 31.** Airspace obstruction review materials, if applicable. An airspace obstruction review is required for any proposed obstruction that exceeds the criteria established in **LDC** section **4.02.06** and shall be reviewed by the FAA in the form and matter prescribed in 14 CFR Part 77. See “Who Needs to File” at <https://oeaaa.faa.gov/oeaaa>. The following items shall be provided for review:
- a. A copy of the FAA form 7460-1 ‘Notice of Proposed Construction or Alteration’, and all supporting materials, filed with the FAA;
  - b. A copy of the final FAA Obstruction Evaluation/Airport Airspace Analysis (OE/AAA) determination; and

## Collier County Land Development Code | *Administrative Procedures Manual*

- c. A narrative statement with a detailed description/explanation of the proposed airspace obstruction and response to the applicable review criteria from **LDC** section [4.02.06 M.3](#).

#### Site Development Plan Requirements

Submittal Credentials: The engineering plans shall be signed and sealed by the **applicant's** professional **engineer** licensed to practice in the State of Florida.

Sheet size: The site development plan and the cover sheet shall be prepared on a maximum size sheet measuring 24 inches by 36 inches, drawn to scale.

The site plan shall include the following, if applicable:

1. A Cover Sheet with the following information:
  - a. The project title;
  - b. **Applicant contact information;**
  - c. Name, address and telephone number of the **property owner;**
  - d. Zoning designation (if zoned PUD, include PUD Ordinance number and Development Commitment Information);
  - e. Vicinity map clearly identifying the location of the development and its relationship to the surrounding community; and
  - f. Legal description; and
  - g. **Property identification number(s)** for the subject property.
2. On the cover sheet or following page, provide information on the Standard Building Code, type of construction, number of stories, total square footage under roof, occupancy/use and fire sprinkler intentions of all proposed structures so that a needed fire flow may be determined.
3. A narrative statement on the plan identifying the provisions of ownership and maintenance of all common areas, open space, preservation areas, private streets, and easements.
4. A site summary in chart form which shall include the following information, with development and dimensional standards based on the provisions of the **LDC** and/or applicable PUD ordinance:
  - a. Total site acreage;
  - b. Total square footage of impervious area (including all parking areas, drive-aisles, and internal streets) and its percentage of the total site area;
  - c. Total square footage of landscape area/open space and its percentage of the total site area.
5. For projects that include residential uses, total number of units, density, units per acre, and a unit breakdown by square footage and number of bedrooms, as well as minimum/maximum (as applicable) floor area required and floor area proposed.
6. For projects that include non-residential uses, total building footage and a square footage breakdown by use (i.e., office, retail, storage, etc.) and its percentage of the total building; for hotels and motels, the minimum/maximum (as applicable) floor area, or proposed floor area ratio, required, and floor areas.

7. A development standards table which shall include the following:
  - a. All required and provided setbacks and separations between buildings and structures in matrix form; and
  - b. Maximum allowed zoned and actual building height, and the provided zoned and actual building height, as defined in **LDC** section **1.08.00**;
8. Zoning and land use of the subject property and adjacent properties, including properties abutting an adjacent right-of-way or right-of-way easement; ~~and~~ .
9. North arrow, bar scale, and date.
10. A parking summary in matrix form which shall include:
  - a. Type of use;
  - b. Total square footage per use;
  - c. Required parking ratio, number of standard spaces and handicapped spaces required by use, and number provided;
  - d. Number of loading spaces required and provided, ( if applicable } ; and
  - e. Number of required and provided bicycle parking spaces.
11. A fire hydrant flow test report, no more than 6 months old, from the applicable fire district for the closest hydrant(s) to the project
12. Location of existing and proposed fire hydrants.
13. A recent aerial photo shall be provided at the same scale as the plan delineating the development boundaries, unless waived at the pre-application meeting.
14. Soil erosion and sediment control plan. ⇔ *See Chapter 7 D. of the Administrative Code.*
15. A boundary and topographic survey, less than 6 months old and prepared by a professional surveyor, showing the location and dimensions of all property lines, existing streets or roads, easements, rights-of-way, and areas dedicated to the public. This survey shall be accompanied either by an attorney's Opinion of Title, or by a sworn statement from the **property owner(s)** stating that he or she has provided sufficient information to the surveyor to allow the accurate depiction of the above information on the survey.
16. Name, alignment of existing/proposed rights-of-way of all internal streets, alleys, and streets which border the development (including raised islands, striping, right/left turn lanes, nearest U turns, median cuts and nearby intersections.
17. Location and configuration of all development ingress and egress points and legal access to the site.
18. Location of all existing driveways or access points on the opposite sides of all streets which border the development, and the location of all traffic calming devices.
19. Directional movement of internal vehicular traffic and its separation from pedestrian traffic.

**Collier County Land Development Code | Administrative Procedures Manual**  
*Chapter 4 | Administrative Procedures*

- 20. Traffic circulation, signing and marking plan, to include outside and inside radii for all turn movements using a common pivot point for both radii at each location.
- 21. Roadway elevations.
- 22. Location of emergency access lanes, fire hydrants and fire lanes.
- 23. Location and configuration of all parking and loading areas.
- 24. Location of all handicapped parking spaces.
- 25. Location and configuration of recreational facilities (including related buildings, golf course areas, tennis courts, pools, etc.).
- 26. Location and general configuration of all water and drainage retention/detention areas as well as all existing and proposed easements, and water and sewer lines intended to serve the development.
- 27. Location and general configuration of such natural features as preservation/conservation areas, water bodies, and wetlands.
- 28. Location of trash enclosures.
- 29. Location ~~and~~, heights, and material type of proposed walls or fences.
- 30. Location and arrangement of all proposed buildings (including existing buildings that are to remain).
- 31. Accurate dimensions which include the following:
  - a. All building setbacks;
  - b. Distance between buildings and accessory structures;
  - c. Width of all internal streets; and
  - d. All parking areas and drive-aisles.
- 32. Stormwater management information as follows:
  - a. The South Florida Water Management District Environmental Resource Permit or General Permit number, if obtained;
  - b. Stormwater management control structure(s) location (referenced to State Plane Coordinates, Florida East Zone, North American Datum 1983 (NAD '83), latest adjustment);
  - c. Stormwater management control elevation(s) and overflow elevation(s) (referenced to the North American Vertical Datum, 1988 (NAVD '88), latest adjustment), and NGVD; and
  - d. Twenty-five-year/3-day design discharge at control structure(s).
- 33. Any additional relevant information required by the Development Review Division.

**Completeness and Processing of Application**

↔ *See Chapter 1 D.5 for the acceptance and processing of an application*

**Notice** No notice is required.

**Public Hearing** No public hearing is required.

**Collier County Land Development Code | Administrative Procedures Manual**

**Decision Maker** The County Manager or designee.

**Review Process** The Development Review Division will review the application, identify whether additional materials are needed and approve, approve with conditions or deny the application utilizing the criteria identified in the applicable **LDC** sections.

**Pre-Construction Meeting** A pre-construction meeting shall be scheduled with the Development Review Division prior to the commencement of construction.

⇔ *See Chapter 1 D.9 for additional information regarding the pre-construction meeting requirements.*

**Digital Submittal Requirements** After the final site development plan has been approved by the County Manager or designee for compliance with the **LDC** as provided in section **10.02.03**, the **applicant's** professional **engineer** shall submit:

1. Digitally created construction/site plan documents, and
2. 1 disk (CDROM) of the master plan file, including, where applicable, easements, water/wastewater facilities, and stormwater drainage system. The digital data to be submitted shall follow these formatting guidelines: All data shall be delivered in the state plane coordinate system, with a Florida East Projection, and a North American Datum 1983/1990 (NAD83/90 datum), with United States Survey Feet (USFEET) units; as established by a Florida registered surveyor and mapper. All information shall have a maximum dimensional error of +0.5 feet. Files shall be in an AutoCad (DWG) or Digital Exchange File (DXF) format; information layers shall have common naming conventions (i.e. right-of-way—ROW, centerlines—CL, edge-of-pavement—EOP, etc.). For a plan to be deemed complete, the layering scheme must be readily understood by county staff. All property information (parcels, lots, and requisite annotation) shall be drawn on a unique information layer, with all linework pertaining to the property feature located on that layer. Example: parcels—All lines that form the parcel boundary will be located on 1 parcel layer. Annotations pertaining to property information shall be on a unique layer. Example: Lot dimensions—Lottxt layer.

### I.3. Site Improvement Plan (SIP)

**Reference** LDC section 10.02.03 E and other provisions of the LDC.

**Applicability** This procedure applies to a site improvement plan (SIP) request. A SIP must meet all of the criteria in LDC section 10.02.03 E.

**Pre-application** A pre-application meeting is required unless waived by the County Manager or designee at the request of the **applicant**, pursuant to LDC section 10.02.03 E.

**Initiation** The **applicant** files a “*Site Improvement Plan Application*” with the Development Review Division.

↔ *See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.*

**Application Contents and Site Plan Requirements** Submittal Credentials: Pursuant to LDC section 10.02.03 E, the engineering plans shall be signed and sealed by the **applicant’s** professional **engineer** licensed to practice in the State of Florida. For projects subject to LDC section 5.05.08, architectural drawings, shall be signed and sealed by a licensed **architect**, registered in the State of Florida. Landscape plans shall be signed and sealed by licensed **landscape architect**, registered in State of Florida.

Sheet size: The site improvement plan and the cover sheet shall be prepared on a maximum size sheet measuring 24 inches by 36 inches drawn to scale.

The application must include the following:

1. **Applicant contact information.**
2. **Addressing checklist.**
3. Property information, including:
  - a. Project title;
  - b. Legal description;
  - c. **Property identification number;**
  - d. Section, township and range;
  - e. Subdivision name, unit, lot and block; and
  - f. Scale, north arrow, and date.
4. Cover letter describing in detail the proposed project or proposed changes, including any discussions with the assigned **planner** that may be pertinent to the review of the application, and the sheet numbers of the plans affected by the change, if applicable.
5. A copy of the last recorded deed, contract for sale or agreement for sale, or a notarized statement of ownership clearly demonstrating ownership and control of the subject lot or parcel of land. The **applicant** shall also present a notarized letter of authorization from the **property owners(s)** designating the applicant as the agent acting on behalf of the owner(s).

6. A Cover Sheet with the following information:
  - a. The project title;
  - b. **Applicant contact information;**
  - c. Name, address and telephone number of the **property owner;**
  - d. Zoning designation (if zoned PUD, include PUD Ordinance number and Development Commitment Information);
  - e. Vicinity map clearly identifying the location of the development and its relationship to the surrounding community; and
  - f. Legal description; and
  - g. **Property identification number(s)** for the subject property.
7. The following information shall be depicted on the site plan:
  - a. Bar scale and north arrow;
  - b. Location, configuration, and dimensions of all building and lot improvements;
  - c. Location and configuration of parking and loading areas, and the directional movement of internal vehicle traffic;
  - d. Location and dimension of access point(s) to the site;
  - e. Parking summary in matrix form, indicating the required and provided parking for each existing and proposed use;
  - f. Location and configuration of handicapped parking facilities and building accessibility features;
  - g. Location, dimension, and configuration of existing water management facilities;
  - h. All required and provided setbacks and separations between structures in matrix form;
  - i. A site summary in chart form which shall include the following information, with development and dimensional standards based on the provisions of the **LDC** and/or applicable PUD ordinance:
    - i. Total site acreage;
    - ii. Total square footage of impervious area (including all parking areas, drive-aisles, and internal streets) and its percentage of the total site area; and
    - iii. Total square footage of landscape area/open space and its percentage of the total site area.
  - j. Site clearing plan/vegetation inventory, if required.
8. Owner/agent affidavit as to the correctness of the application.

- 13. An exhibit identifying the following:
  - a. Any golf course acreage that was utilized to meet the minimum open space requirements for any previously approved project;
  - b. Existing preserve areas;
  - c. Sporadic vegetation less than ½ acre, including planted areas, that meet criteria established in **LDC** section [3.05.07 A.4](#); and
  - d. A matrix demonstrating the following as required in **LDC** section [5.05.15 G.3](#):
    - i. For conventionally zoned districts:
      - a) County approved preserve acreage; and
      - b) Any sporadic vegetation acreage used to meet the preserve requirement for the conversion project.
    - ii. For PUDs:
      - a) County approved preserve acreage; and
      - b) Any County approved preserve acreage in excess of the PUD required preserve acreage that is used to meet the preserve requirement for the conversion project.
- 14. Stormwater management requirements as required by **LDC** section [5.05.15 G.4](#).
- 15. Floodplain compensation, if required by **LDC** section [3.07.02](#).
- 16. Soil and/or groundwater sampling results, if available, as described in **LDC** sections [3.08.00 A.4.d](#) and [5.05.15 G.6](#).
- 17. List of deviations requested, as described in **LDC** sections [5.05.15 C.4.a-b](#). The specific **LDC** sections for which the deviations are sought shall be identified. The list of deviations shall be shared with stakeholders at the **SOM** or **NIM**.
- 18. **Electronic copies of all documents.**

**Application  
Contents Required  
for Presentations  
at SOMs**

In addition to the application contents above, the following must also be submitted with the Intent to Convert application and used during **SOM** presentations:

- 1. The Developer’s Alternatives Statement as described in **LDC** section [5.05.15 C](#), including:
  - a. A narrative clearly describing the goals and objectives for the conversion project.

10. The location of permanent vegetation protection devices, such as barricades, curbing, and tree wells.
11. Landscape legend. A landscape legend in matrix form which shall include:
  - a. Graphic Symbol to indicate each type of plant material;
  - b. Botanical name;
  - c. Common name;
  - d. Total number of each type of plant material;
  - e. Height and spread of each type of plant material;
  - f. Spacing of each type of plant material;
  - g. Native status;
  - h. Drought tolerance rating; and
  - i. Type of mulch.

12. The location and dimension of all proposed landscaped areas, with appropriate graphic symbols, including existing trees that are being credited toward the development's landscaping requirements.
13. The location and configuration of all special or textured paving areas.
14. The location of the interior vehicular use area landscaping.
15. The location and width of perimeter landscape buffers.
16. The location of terminal landscape islands.
17. The location of building perimeter landscaping.
18. Required details, such as tree staking and shrub planting, per accepted industry practices and standards.
19. Specify Florida #1 or better plant material.
20. Landscaping calculations for vehicular use areas, perimeter buffers, and building foundation areas.
21. On a separate plan sheet, attached to the landscape plan, the following elements shall be provided as part of the irrigation plan:
  - a. Location of existing vegetation;
  - b. Location of existing and proposed buildings, and other site improvements;
  - c. Location of parking spaces, aisles, and driveways;
  - d. Location of the water main, valve, and pump;
  - e. Pipe sizes and specifications;
  - f. Location of controller and specifications;
  - g. Location of backflow preventer, rain-sensing devices, a typical sprinkler zone plan indicating type specification, spacing, and coverage; and
  - h. If drip irrigation or soaker hoses are proposed, their layout shall be shown.

**Notice** No notice is required.

**Public Hearing** No public hearing is required.

**Decision maker** The County Manager or designee.

**Review Process** The Landscape Plans will be reviewed by the Development Review Division, utilizing the County's Native Tree and Plant list, as part of the Site Development Plan (SDP), Site Improvement Plan (SIP), Subdivision Construction Plans and Plat (PPL) application, or any insubstantial change or amendment thereof. Collier County's Native Tree and Plant list is available to download as an Adobe PDF file on the County's website at :

## Q. Non-Residential Boat Dock Construction

- Reference** LDC sections 5.03.06 H, and 5.03.06 I.3.
- Applicability** An evaluation of a non-residential dock construction is required in conjunction with a site development plan submittal when protrusions for non-residential dock facilities are beyond specified limits established in LDC section 5.03.06 E.
- Pre-Application** A pre-application meeting is not required.
- Initiation** The **applicant** submits an “*Evaluation of Non-Residential Dock Construction in Conjunction with Site Development Plan*” with the Development Review Division as part of the Site Development Plan application for compliance with LDC section 5.03.06.
- Application Contents** The submittal must include the following:
1. **Applicant/Agent** contact information.
  2. Property information, including:
    - a. **Property identification number**;
    - b. Section, township, and range;
    - c. Subdivision, unit, lot and block; and.
    - e. Address of subject site.
  3. Site information, including:
    - a. Waterway width and where the measurement came from;
    - b. Total property water frontage;
    - c. Measurement of provided and required setbacks;
    - d. Total protrusion of proposed facility into water;
    - e. Number and length of vessels to use facility; and
    - f. Additional dock facilities in close proximity of subject property and the total protrusion of each into the waterway.
  4. Narrative description of the project.
  5. Signed and sealed survey depicting mean high water (MHW) and mean low water (MLW), and relevant water depths (no less than 5 foot increments).
  6. Pursuant to LDC section 5.03.06 I, a submerged resources survey, as applicable.
  7. A chart, drawn to scale, of the waterway at the site, depicting the waterway width, the proximity of the proposed facility to any adjacent navigable channel, the proximity of the proposed facility to docks, if any, on the adjacent lots, and the unobstructed waterway between the proposed facility and the opposite bank or any dock facility on the opposite bank.
  8. Site Plan illustrating the following:
    - a. Lot dimensions;
    - b. Required setbacks for the dock facility;

**Collier County Land Development Code | Administrative Procedures Manual**

*Chapter 4 | Administrative Procedures*

- c. Cross section showing relation to MHW/MLW and shoreline (bank, seawall, or rip-rap revetment);
  - d. Configuration, location, and dimensions of existing and proposed facility;
  - e. Water depth where proposed dock facility is to be located;
  - f. Distance of the navigable channel;
  - g. Illustration of the contour of the property; and
  - h. Illustration of dock facility from both an aerial and side view.
9. Narrative response to listed criteria/questions.
10. For multi-slip dock facilities with 10 or more slips, proof of a Manatee Protection Plan (MPP) was submitted or the County has issued a MPP consistency determination.
11. Signed and notarized affidavit by **property owner** or agent.
12. Electronic copy of all documents.

**Notice** None.

**Public Hearing** None.

**Decision Maker** County Manager or his designee.

**Review Process** The Development Review Division will review the submittal, identify whether additional materials are needed, and prepare a letter of determination utilizing the criteria identified in LDC section [5.03.06 H](#).

## Chapter 5. Subdivision Procedures

---

The following applications and approvals listed in this Chapter are for subdivision procedures.

### A. Lot Split

**Reference** LDC section 4.03.04 C.

**Applicability** This procedure applies to the division of a lot, parcel, or lot of record into no more than two parcels. This applies to all unplatted or platted lots of record in any subdivision, and to all lots in the Estates zoning district. This procedure does not apply to Lot Line Adjustments or to lots of record combined for tax purposes alone.

**Pre-Application** A pre-application meeting is not required.

**Initiation** The **applicant** files an application for “*Lot Split*” with the Development Review Division.

↔ *See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.*

**Application Contents** Submittal Credentials: The survey shall be signed and sealed by a professional surveyor and mapper registered to practice in the State of Florida.

The application must include the following:

1. **Applicant contact information.**
2. Property information, including:
  - a. Legal description;
  - b. **Property identification number;**
  - c. Section, township and range;
  - d. Subdivision, unit, lot and block, or metes and bounds description;
  - e. Address of subject site and general location;
  - f. Area of existing lot in sq. ft.;
  - g. Area of proposed lots in sq. ft.; and
  - h. Width of proposed lots calculated according to the LDC defined term for “lot measurement, width.”
3. Property History Card, indicating the date the lot first appeared in the Property Appraiser’s Records in its current configuration.
4. Recorded warranty deed to show the current ownership from the Clerk of Courts.
5. A signed and sealed boundary survey showing existing and proposed lot dimensions, easements of record, and all structures on the subject property.
6. A drawing or survey showing location of proposed access, including the location of proposed access easements.

**Collier County Land Development Code | Administrative Procedures Manual**  
*Chapter 5 | Subdivision Procedures*

7. Addressing checklist.
8. Affidavit of Authorization.
9. Electronic copies of all documents.

**Completeness and Processing of Application**

↔ See Chapter 1 D.5 for the acceptance and processing of an application.

**Notice** No notice is required.

**Public Hearing** No public hearing is required.

**Decision Maker** The County Manager or designee.

**Review Process** The Development Review Division will review the lot split application and will approve, approve with conditions, or deny the application based on the criteria established in **LDC** section [4.03.04 C](#).

**Recording** Within 12 months of approval, the **applicant** shall record the approved lot split with the Clerk of Courts in the Official Land Records of Collier County. Evidence of the approved lot split shall be provided to the Property Appraiser for their consideration and record-keeping. No development order or development permit for the property will be approved until the lot split is recorded. A copy of the recorded document shall be provided to the Growth Management Community Development Department.

## B. Lot Line Adjustment

**Reference** LDC section 4.03.04 B.

**Applicability** A lot line adjustment between contiguous lots or parcels, which may be platted or unplatted and under the same or separate ownership, may be requested to correct an engineering or surveying error or to allow an insubstantial boundary change between adjacent parcels.

**Initiation** The **applicant** files a “*Lot Line Adjustment (LLA)*” application with the Development Review Division.

↔ *See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.*

**Pre-Application** A pre-application meeting is required unless waived by the County Manager or designee.

**Application Contents** The application must include the following:

1. **Applicant contact information.**
2. **Addressing checklist.**
3. Property information, including:
  - a. Project name;
  - b. Legal description of each lot;
  - c. **Property identification number** of each lot;
  - d. Section, township and range;
  - e. Subdivision, unit, lot and block, or metes and bounds description;
  - f. Address of subject site and general location; and
  - g. Zoning designations of each lot.
4. A narrative describing the reason for the lot line adjustment and proposed reconfiguration.
5. An affidavit by all **property owners** that they consent to the lot line adjustment and resulting lot formation. The affidavit shall include the number of existing and resulting lots and that the lot line adjustment complies with the criteria set out in LDC section 4.03.04. The affidavit shall be signed by all **property owners** and include the following attachments:
  - a. Drawings that clearly show the original and the proposed configuration of the lots involved including acreages;
  - b. Lot width before and after, calculated according to the LDC definition of “lot measurement, width”;
  - c. Lot width provided to depth equal to that of minimum required front yard;
  - d. A table and drawing showing setbacks required by the zoning district as they apply to the reconfigured lot; and
  - e. Copy of signed and sealed survey by a professional surveyor and mapper showing all structures on each lot or noted as “vacant.” The existing and proposed setbacks shall be included on the survey.

**Collier County Land Development Code | Administrative Procedures Manual**  
*Chapter 5 | Subdivision Procedures*

6. A drawing or survey showing location of proposed access, including the location of proposed access easements.
7. Quitclaim Deed(s) or warranty deed (s).
8. **Electronic copies of all documents.**
9. Affidavit of Authorization.

**Completeness and Processing of Application**

↔ *See Chapter 1 D.5 for the acceptance and processing of an application.*

**Notice** No notice is required.

**Public Hearing** No public hearing is required.

**Decision Maker** The County Manager or designee.

**Review Process** The Development Review Division will approve, approve with conditions, or deny the lot line adjustment using the criteria in **LDC** section **4.03.04 B**.

**Recording** Within 12 months of approval, the **applicant** shall file the approved lot line adjustment affidavit, quitclaim deed(s) to complete the lot line adjustment, and exhibits with the Clerk of Courts, and record it in the Official Land Records of Collier County. The lot line adjustment shall not be effective until it is recorded. A copy of the recorded document shall be provided to the Growth Management Community Development Department.

## C. Preliminary Subdivision Plat (PSP)

### C.1. Preliminary Subdivision Plat – Standard

**Reference** LDC section 10.02.04 A and other provisions of the LDC.

**Applicability** The preliminary subdivision plat (PSP) process is required for integrated phased developments but is otherwise an optional procedure for subdivision development. If an **applicant** chooses to submit a PSP, the **applicant** shall provide all of the submittal requirements.

The PSP application shall be submitted for the entire property to be subdivided.

**Pre-application** A pre-application meeting is required.

**Initiation** The **applicant** files a “*Preliminary Subdivision Plat Petition*” with the Development Review Division.

↔ See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.

**Application** The application must include the following:

**Contents**

1. **Applicant contact information.**
2. **Addressing checklist.**
3. Property information, including:
  - a. Legal description;
  - b. Address of subject site and general location;
  - c. Metes and bounds description;
  - d. Section, township and range;
  - e. Size of plat in acres;
  - f. Number of lots and minimum lot size;
  - g. Name of development;
  - h. Zoning petition number (Rezone, Conditional Use, and Site Development Plan), if applicable; and
  - i. Source of utilities.
4. Cover letter explaining the project or proposed changes.
5. PUD Monitoring Schedule, if applicable.
6. Aerial photograph(s), taken within the previous 12 months at a minimum scale of 1 in. = 200 ft., illustrating existing conditions and any site improvements.
7. Environmental Data Requirements. ↔ See LDC section 3.08.00 A.
8. Traffic Impact Study, if applicable. ↔ See Chapter 7 B. of the Administrative Code.
9. Original petition number (PUD name and ordinance, rezone, conditional use, site development plan, etc.), if applicable.

10. Owner/agent affidavit as to the correctness of the application.
11. Historical/Archeological Survey or waiver, if applicable.
12. Conditional Use application, if applicable.
13. If substitutions are requested, pursuant to LDC section 10.02.04 A.5, justification based on sound engineering principles and practices shall be provided for each substitution.
14. Generalized statement of subsurface conditions on the property, location, and results of tests made to ascertain subsurface soil conditions and groundwater depth.
15. The zoning classification of the tract and all contiguous properties.
16. For residential projects subject to the provisions of LDC section 10.04.09, a completed School Impact Analysis (SIA) application, location map and review fee.
17. **Electronic copies of all documents.**
18. Affidavit of Authorization.

**Requirements for  
Preliminary  
Subdivision Plat**

Submittal Credentials: The preliminary subdivision plat shall be prepared by the **applicant's engineer** and professional surveyor and mapper. The boundary survey shall be signed and sealed by a professional surveyor and mapper registered in the State of Florida.

Sheet size: The preliminary subdivision plat shall be submitted on standard size 24-inch by 36-inch sheets, drawn to scale.

1. A cover sheet, including a location map, showing the location of the tract in reference to other areas of the county with a north arrow, graphic scale, and date.
2. The name of subdivision or identifying title which shall not duplicate or closely approximate the name of any other subdivision in the incorporated or unincorporated area of Collier County.
3. Boundary survey, with bearings and distances as a written description with a reference to section corners.
4. The location and names of adjacent subdivisions and plat book and page reference, if any.
5. A land plan with the following information identified:
  - a. Location, dimensions, and purpose of all existing and proposed streets, alleys, property lines, easements, and rights-of-way of record;
  - b. Existing streets and alleys of record adjacent to the tract including name, right-of-way width, street or pavement width and established centerline elevation. Existing streets shall be dimensioned to the tract boundary;
  - c. Location of existing and proposed sidewalks and bike paths;
  - d. Location of all existing and proposed utilities and related easements;
  - e. Location and purpose of existing drainage district facilities and their right-of-way requirements;

**Collier County Land Development Code | Administrative Procedures Manual**  
*Chapter 5 | Subdivision Procedures*

- iii. Lift station hydraulics to first downstream master station;
  - iv. Lift station buoyancy calculations;
  - v. Chloramine Dissipation Report; and
  - vi. Detailed hydraulic design calculations utilized to design water and sewer facilities regulated by the County.
9. Lot configurations. Typical lot configurations shall be illustrated and the minimum area of the lots required by the approved zoning classification shall be referenced by note.
- a. For fee-simple residential lots, the illustration shall portray the type of unit identified by **LDC** definition and developer's description to be placed on each lot (i.e., Lots 1-20, single-family attached (patio home), and show a typical unit on typical interior and corner lots, depicting setbacks (including preserve setbacks, if applicable) and/or separation of structures. In addition, for fee simple residential lots the illustration shall portray the location of typical units on atypical lots, such as cul-de-sac, hammerhead, and all irregular lots.
  - b. For non-residential lots (i.e., multi-family amenity lots or parcels, commercial/industrial lots), the illustration shall portray setbacks and building envelope. Setbacks required by the approved zoning classification shall be provided verbatim on the plan in matrix form.
  - c. A table shall be provided showing lot area and lot width for each irregular lot. Regular corner and interior lots may show only typical width and area.
  - d. Where there is more than one type of dwelling unit proposed (i.e., single-family detached, single-family attached, zero lot line), lots must be linked to the type, or types of unit which they are intended to accommodate.
10. Master utilities. Utilities such as telephone, power, water, sewer, gas, and the like, on or adjacent to the tract including existing or proposed water and sewage treatment plants.
- a. The plans shall contain a statement that all utility services shall be available and have been coordinated with all required utilities.
  - b. Evidence of such utility availability shall be provided in writing from each utility proposed to service the subdivision.

**Completeness and Processing of Application** ⇔ *See Chapter 1 D.5 for the acceptance and processing of an application.*

**Notice** No notice is required.

**Public Hearing** No public hearing is required.

**Decision Maker** The County Manager or designee.

**Review Process** The Development Review Division will review the application, identify whether additional materials are needed and review the application based on the criteria in **LDC** section **10.02.04 A** and other provisions of the **LDC** and shall approve, approve with conditions, or deny the preliminary subdivision plat.

## D. Construction Plans and Final Subdivision Plat (PPL)

### D.1. Construction Plans and Final Subdivision Plat - Standard

**Reference** LDC sections 10.02.04 B and 10.02.04 C and other provisions of the LDC.

**Applicability** The procedure applies to Construction Plans and Final Subdivision Plats (PPL) which is a required process prior to development and recording of a subdivision where improvements are required.

⇔ See Chapter 5 F. of the Administrative Code to submit a Minor Final Plat (FP) – when improvements are not required.

⇔ See Chapter 5 E. of the Administrative Code to submit Construction Plans (CNSTR) – when there are only improvements and no platting or recording is required.

**Pre-Application Meeting** A pre-application meeting is required for a Construction Plans and Final Subdivision Plat application. The following information is beneficial to bring for discussion at the pre-application meeting:

Written and mapped information describing:

1. A brief description of the land subject to the application and existing conditions.
2. Existing and proposed zoning classifications.
3. The proposed development – include the property subject to the application and any future phases.
4. Existing covenants or restrictions.
5. Location of utility facilities, public facilities, and anticipated utility sources.
6. Water retention areas.
7. Public areas.
8. General soil characteristics.
9. Proposed number of parcels, lots, or tracts.
10. Typical lot or other parcel configuration.
11. Current aerial photograph with a clear film overlay with the proposed subdivision configuration superimposed on the aerial photograph. Aerials and overlay information must be legible at the scale provided.
12. Any other information needed to prepare and review of the application.
13. A map, at a scale of at least 1 in. =200 ft., identifying the following:
  - a. Location of the subject property and identification of adjacent lands;
  - b. Approximate acreage;
  - c. Date of map;
  - d. North arrow and scale;

- e. Natural features such as native habitat identified by vegetative cover and depicted in aerial imagery; low or swampy areas; water bodies, streams, lakes, canals or the like;
- f. Streets and layout of all adjoining streets;
- g. General lot and block layout;
- h. Zoning classification of the property subject to the application and adjacent properties;
- i. Location of existing improvements; and
- j. Any other significant features.

**Initiation** The **applicant** files a “*Subdivision Construction Plans and Plat Application*” with Development Review Division.

Pursuant to **LDC 10.02.04 B.6**, site development plans may be submitted for review once the first review comments of the construction plans and final subdivision plat are posted. No site development plans may be approved until the final subdivision plat is approved by the County Manager or designee.

↔ *See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.*

**Application** The application must include the following:

**Contents**

1. **Applicant contact information.**
2. **Addressing checklist.**
3. Property information, including:
  - a. Zoning district;
  - b. **Property identification number;**
  - c. Project name;
  - d. Section, township and range;
  - e. Subdivision, unit, lot and block; and
  - f. General location and cross streets.
4. Zoning designation of subject property.
5. PUD Monitoring Schedule and Report, if applicable.
6. Digital file of conditional use or PUD application, if applicable.
7. Cover letter explaining the project.
8. **PUD Ordinance and Development Commitment Information**, as applicable.
9. Affidavit of Authorization.
10. Opinion of title.
11. Letter of intent as to the timeline for construction and platting.
12. Home Owner Association documents, if applicable.

13. An aerial photograph. All information must be legible at the scale provided.
14. Certificate of Public Facility Adequacy application.
15. Fire Flow test.
16. Zoning Data Sheet, including:
  - a. Name of Plat (and PUD, if applicable);
  - b. Development Standards per **LDC** or PUD;
  - c. Overall subdivision layout;
  - d. Table showing lot area and lot width for regular, interior and irregular lots;
  - e. Density, as allowed by zoning district;
  - f. For Residential lots:
    - i. Type of unit identified by **LDC** definition and description of what is permitted on each lot;
    - ii. Drawing of typical unit or typical interior and corner lots, showing setbacks, including preserve setbacks) and separation from structures; and
    - iii. Lot layout and setbacks, particularly for the unique lots.
  - g. For Non-Residential lots:
    - i. Identification of setbacks and building envelopes.
17. Historical/Archeological Survey or waiver, if applicable.
18. Environmental Data Requirements. ⇔ See **LDC section 3.08.00 A**.
19. Traffic Impact Study. ⇔ See *Chapter 7 B. of the Administrative Code*.
20. School Impact Analysis, for residential projects only.
21. Information and data relating to previous zoning actions affecting the project site.
22. Utility letters of availability and plat easement approval letter for utility easements, if applicable.
23. The Engineer's Report with Assumptions and Explanations signed and sealed by a Florida registered professional **engineer** shall include the following:
  - a. For all developments, the following Stormwater related information:
    - i. Completed calculations used to design the facilities, such as: road, water management systems, and all accessory facilities, public or private;
    - ii. Drainage calculations, including 10-year 1-day; 25-year 3-day; 100-year 3-day storm routings;
    - iii. Detailed hydraulic grade line pipe design calculations utilized to design the stormwater management facilities for the subdivision or development; and
    - iv. Status of all other required permits including copies of information and data submitted to the appropriate permitting agencies.

- b. If within Collier County Public Utilities Service Area, the Report must also contain the following:
    - i. Estimated cost of utilities construction, Water and Sewer calculations;
    - ii. Sewer Hydraulics;
    - iii. Lift station hydraulics to first downstream master station;
    - iv. Lift station buoyancy calculations;
    - v. Chloramine Dissipation Report; and
    - vi. Detailed hydraulic design calculations utilized to design water and sewer facilities regulated by the County.
24. Vegetation Removal and Site Filling permit (VRSFP), if requested.
- a. Provide separate acreage calculations for each phase of clearing requested;
  - b. If clearing or filling lots and building sites, with or without stockpiling, a separate VRSFP application shall be submitted, pursuant to **LDC** section [4.06.04.A.2](#); and
  - c. A site clearing plan. ⇔ *See Requirements for Construction Plans for more information.*
25. Property Ownership Disclosure Form.
26. Permits: All Federal, State and local permits, including but not limited to the following, shall be submitted prior to construction and before the pre-construction meeting. If approved by the County Manager or designee, an **applicant** may submit Federal, State and local agency permits at the pre-construction meeting.
- a. SFWMD Permit, Permit Modification, or waiver, including staff report exhibits;
  - b. DEP utility installation permits, water/sewer; and
  - c. US Army Corps of Engineers permit and exhibit, if applicable.
27. **Electronic copies of all documents.**

**Requirements for Construction Plans**

Submittal Credentials: The construction plans shall be signed and sealed by the **applicant's** professional **engineer** licensed to practice in the State of Florida.

Sheet size: The construction plans shall be submitted on standard size 24-inch by 36-inch sheets, drawn to scale.

The following are required to identify and provide on the construction plans:

- 1. A cover sheet, including a location map, showing the location of the tract in reference to other areas of the county. The map shall include a north arrow, graphic scale, and date.
- 2. Construction plans with specifications detailing/showing:
  - a. Complete configurations of all required improvements including, but not limited to, all water, sewer, roads, water management systems, and all appurtenant facilities, public or private;

- b. Complete calculations used to design these facilities shall be included with the plans; and
        - c. If the development is phased, each phase boundary shall be clearly delineated.
  3. Soil Erosion and Sediment Control Plan. ↔ See Chapter 7 D. of the Administrative Code.
  4. Additional plans included in the construction plans packet:
    - a. Streetlight plans signed and sealed by a professional **engineer** licensed to practice in the State of Florida or the utility provider; and
    - b. Landscape plans.  
↔ See Chapter 4.P of the Administrative Code for Landscape Plan submittals.
  5. Preserve Management Plan, including a Native Vegetation Retention/Mitigation Plan, if requested by **applicant**.
  6. Boundary and topographic survey, less than six months old.
  7. Site Clearing Plan, including a vegetation inventory.

Areas where improvements are to be constructed with a maximum limit of 10 feet beyond any approved rights-of-way line or 5 feet beyond any easement line.
  8. Design sections, i.e., cross sections of roads, lakes, berms, and lots.
  9. Construction details showing compliance with applicable federal, state, and local standards.
  10. For required improvements which will be constructed within an existing easement, the existing easement and facilities and the proposed easement and facilities shall be illustrated.

The **applicant** shall provide copies of the plans to the holder of the easement(s) simultaneously with its submission of the application to the county.
  11. Plan and profile sheets, showing roads, water, sewer, conflict crossings, drainage, utilities, sidewalks, bike paths, and any unique situations.
  12. Benchmark, based on NOAA datum NAVD.
  13. Locations of test borings of the subsurface condition of the tract to be developed.
  14. The construction plans and attachments shall address special conditions pertaining to the subdivision in note form on the construction plans, including statements indicating:
    - a. Compliance with federal, state, and local standards as currently adopted;
    - b. Source of water and sewer service; and
    - c. Required installation of subsurface construction such as water lines, sewer lines, public utilities and storm drainage prior to compaction of subgrade and roadway construction.

## Collier County Land Development Code | *Administrative Procedures Manual*

### Chapter 5 | *Subdivision Procedures*

**Management for Construction Plans** the State of Florida The Water Management plans and specifications shall include, but not be limited to, the following:

1. A topographic map of the land development related to NAVD with sufficient spot elevations to accurately delineate the site topography, prepared by a professional surveyor.
2. A drainage map of the entire basins within which the development or subdivision lies. This map may be combined with the above topographic data in a manner acceptable to the County Manager or designee. All ridges lying within the basins and the area of the basins stated in acres, of all the existing and proposed drainage areas shall be shown and related to corresponding points of flow concentration.
3. Flow paths shall be indicated throughout including final outfalls from the development and basins, existing water elevations, all connected and isolated wetlands, recurring high water elevations, proposed design water elevations, and other related hydrologic data.
4. Drainage data, assumed criteria and hydraulic calculations, consistent with the criteria and design method established by the SFWMD. This includes routings for the 10-yr, 25-yr and 100 -yr storm events.
5. Pipe sizing calculations for the site.
6. Plans showing proposed design features and typical sections of canals, swales and all other open channels, storm sewers, all drainage structures, roads and curbs, and other proposed development construction.
7. Plans and profiles of all proposed roads. Where proposed roads intersect existing roads, elevations and other pertinent details shall be shown for existing roads. Where additional ditches, canals or other watercourses are required to accommodate contributory surface waters, sufficient right-of-way shall be provided by the developer or subdivider to accommodate these and future needs.
8. For projects that require a construction permit to be issued by the SFWMD, work shall not commence until the **applicant** has provided the County Manager or designee a copy of the permit.
9. The master drainage plan shall include the drainage plans and details for all lots. The master drainage plan shall show proposed finished grade elevations at all lot corners and breaks in grade. The **engineer** shall state on the water management calculations the basis for wet season water table selection.
10. Construction plans for all subdivisions shall include a general note stating that all off-site drainage improvements associated with the current phase of development, including perimeter berms, swales, stormwater outfall systems and on-site perimeter swales shall be completed and operational prior to commencement of construction of on-site improvement.
  - a. This requirement shall be established at the mandatory pre-construction meeting. Failure to comply with completion of the required offsite improvements will result in a stop work order being issued until such time as the project is brought into compliance with this requirement; and
  - b. The **Engineer** of record prior to final acceptance shall provide documentation from the stormwater maintenance entity that it has been

**Collier County Land Development Code | Administrative Procedures Manual**  
*Chapter 5 | Subdivision Procedures*

provided information on how the stormwater system works and their responsibility to maintain the system.

**Requirements for  
Final Subdivision  
Plats**

**Submittal Credentials:** The final subdivision plat shall be signed and sealed by a professional surveyor and mapper registered in the State of Florida.

**Sheet size:** The final subdivision plat shall be submitted on standard size 24-inch by 36-inch sheets of mylar or other approved material in conformance with F.S. Ch. 177, drawn to scale.

The final subdivision plat shall include at a minimum the following requirements:

1. The final plat shall be prepared in accordance with the provisions of F.S. Chapter 177, as may be amended.
2. The plat shall be clearly and legibly drawn with black permanent drawing ink or a photographic silver emulsion mylar to a scale of not smaller than 1 inch equals 100 feet.
3. Name of subdivision. The plat shall have a title or name acceptable to the County Manager or designee. When the plat is a new subdivision, the name of the subdivision shall not duplicate or be phonetically similar to the name of any existing subdivision. When the plat is an additional unit or section by the same developer or successor in title to a recorded subdivision, it shall carry the same name as the existing subdivision and as necessary a sequential numeric or alphabetic symbol to denote and identify the new plat from the original plat. A note shall be added to the plat cover sheet which identifies the zoning action name and ordinance number which approved such action.
4. Title. The plat shall have a title printed in bold legible letters on each sheet containing the name of the subdivision. The subtitle shall include the name of the county and state; the section, township and range as applicable or if in a land grant, so stated; and if the plat is a replat, amendment or addition to an existing subdivision, it shall include the words "section," "unit," "replat," "amendment," or the like.
5. Description. There shall be lettered or printed upon the plat a full and detailed description of the land embraced in the plat. The description shall show the section, township and range in which the lands are situated or if a land grant, so stated, and shall be so complete that from it without reference to the map the starting point can be determined and the boundaries identified.
6. Index. The plat shall contain a sheet index on page 1, showing the entire subdivision on the sheet indexing the area shown on each succeeding sheet and each sheet shall contain an index delineating that portion of the subdivision shown on that sheet in relation to the entire subdivision. When more than 1 sheet shall be used to accurately portray the lands subdivided, each sheet shall show the particular number of that sheet and the total number of sheets included as well as clearly labeled match lines to each sheet.
7. Survey data. The final plat shall comply with F.S. Ch. 177, and shall show the length of all arcs together with central angles, radii, chord bearing, chord length and points of curvature. Sufficient survey data shall be shown to positively describe the boundary of each lot, block, right-of-way, easement, required conservation or preserve area and all other like or similar areas shown on the plat or within the boundary of the plat as shown in the description. The survey data contained on the plat shall also include:

- a. The cover sheet or first page of the plat shall show a location plan, showing the subdivision's location in reference to other areas of the county;
  - b. The scale, both stated and graphically illustrated, on each graphic sheet;
  - c. A north arrow shall be drawn on each sheet that shows the geometric layout and the configuration of the property to be platted. The north direction shall be at the top or left margin of the map where practicable;
  - d. The minimum size for any letter or numeral shall be 1/10 inch;
  - e. The points of beginning and the commencement shall be boldly shown for any metes and bounds description;
  - f. All intersecting street right-of-way lines shall be joined by a curve with a minimum radius of 25 feet;
  - g. All adjoining property shall be identified by a subdivision title, plat book and page or if unplatted, the land shall be so designated;
  - h. Permanent reference monuments shall be shown in the manner prescribed by F.S. Ch. 177, as amended, and shall be installed prior to recording of the final plat;
  - i. There shall be reserved a space in the upper right-hand corner of each sheet for the words "Plat Book \_\_\_\_\_" and "Page \_\_\_\_\_" with the minimum letter size of ¼ inch. On the line directly below, a space for "Sheet \_\_\_\_\_ of \_\_\_\_\_";
  - j. The map shall mathematically close and when practical shall be tied to all section, township and range lines occurring within the subdivision by distance and bearing where applicable; and
  - k. All line and curve tables are to be shown on the same sheet as the graphic drawing they relate to. When possible, dimensions shall be shown directly on the map.
8. Lot and block identification. Each lot, block, or other like or similar parcel, however described, shall be numbered or lettered. All lots shall be numbered or lettered by progressive numbers or letters individually throughout the subdivision or progressively numbered or lettered in each block, not necessarily starting with the number "1" or letter "A." Parcels and blocks in each incremental plat shall be numbered or lettered consecutively throughout a subdivision.
9. Protected/Preserve easements. All parcels which constitute a protected/preserve area shall be labeled as an easement or tract. All protected/preserve area easements or tracts shall be dedicated on the final subdivision plat to Collier County without the responsibility for maintenance and to a **property owners'** association or similar entity with maintenance responsibilities.
10. Street names. The plat shall contain the name of each street shown on the plat in conformance with the design requirements of this section.
11. Utilities. The construction plans for required improvements which will be constructed within an existing easement must illustrate the existing easement and existing facilities, and the proposed easement and the proposed facilities.

Copies of the construction plans shall be provided by the **applicant** to the holder of the easement(s) simultaneously with its submission to the county.

12. Outparcels. All interior excepted parcels shall be clearly indicated and labeled "Not a Part of this Plat."
13. Rights-of-way and easements. All right-of-way and easement widths and dimensions shall be shown on the plat. All lots must have frontage on a public or private right-of-way in conformance with the LDC. Exceptions to lot frontage requirements are identified in LDC section 4.03.04.
14. Restrictions, reservations, and restrictive covenants. Restrictions pertaining to the type and use of water supply, type and use of sanitary facilities; use, responsibility of maintenance and benefits of water or water management areas, canals, preserve and conservation areas, and other open spaces; odd-shaped and substandard parcels; restrictions controlling building lines; establishment and maintenance of buffer strips and walls; and restrictions of similar nature shall require the establishment of restrictive covenants and the existence of such covenants shall be noted on the plat by reference to official record book and page numbers in the public records of Collier County. Documents pertaining to restrictive covenants shall be submitted with the final plat.
15. Location. The name of the section, township, range, and if applicable city, town, village, county and state in which the land being platted is situated shall appear under the name of the plat on each sheet. If the subdivision platted is a resubdivision of a part or the whole of a previously recorded subdivision, the fact of its being a resubdivision shall be stated as a subtitle following the name of the subdivision wherever it appears on the plat.
16. Basis of bearings. The basis of bearings must be clearly stated, i.e., whether to "True North," "Grid North" as established by the National Oceanic Society (NOS), "Assumed North," etc., and must be based on a well-defined line.
17. Existing or recorded streets. The plat shall show the name, location, and width of all existing or recorded streets intersecting or contiguous to the boundary of the plat, accurately tied to the boundary of the plat by bearings and distances.
18. Private streets and related facilities. All streets and their related facilities designed to serve more than 1 **property owner** shall be dedicated to the public use; however private streets shall be permitted within property under single ownership or control of a property Home Owners' Association a condominium or cooperative association or other like or similar entity. Where private streets are permitted, ownership and maintenance association documents shall be submitted with the final plat and the dedication contained on the plat shall clearly dedicate the roads and maintenance responsibility to the association without responsibility to the county or any other public agency. The rights-of-way and related facilities shall be identified as tracts for roads and other purposes under specific ownership. All private streets shall be constructed in the same manner as public streets and the submission of construction plans with required information shall apply equally to private streets.
19. Preserve Setbacks. The required preserve principal structure setback line and the accessory structure setback lines shall be clearly indicated and labeled on the final plat where applicable. The boundaries of all required easements shall be dimensioned on the final subdivision plat. Required protected/preserve areas shall be identified as separate tracts or easements having access to them from a platted right-of-way. No individual residential or commercial lot or parcel lines may project into them when platted as a tract. If the protected/preserve area is determined to be jurisdictional in nature, verification must be provided which documents the approval

of the boundary limits from the appropriate local, state or federal agencies having jurisdiction and when applicable pursuant to the requirements and provisions of the Growth Management Plan. ⇔ See **LDC section 6.01.02** for further information.

- 20.** Certification and approvals. The plat shall contain, except as otherwise allowed below, on the first page (unless otherwise approved by the County Manager or Designee and office of the county attorney prior to submittal) the following certifications and approvals, acknowledged if required by law, all being in substantially the form set forth in Appendix C to the **LDC**. The geometric layout and configuration of the property to be platted shall not be shown on the page(s) containing the certifications, approvals and other textual data associated with the plat when practical.
- a.** Dedications. The purpose of all dedicated or reserved areas shown on the plat shall be defined in the dedication on the plat. All areas dedicated for use by the residents of the subdivision shall be so designated and all areas dedicated for public use, such as parks, rights-of-way, easements for drainage and conservation purposes and any other area, however designated, shall be dedicated by the owner of the land at the time the plat is recorded. Such dedication and the responsibility for their maintenance shall require a separate acceptance by resolution of the Board of County Commissioners. No dedication items shall be included in the general note for the plat;
  - b.** Mortgagee's consent and approval. Identification of all mortgages and appropriate recording information together with all mortgagees' consents and approvals of the dedication shall be required on all plats where mortgages encumber the land to be platted. The signature(s) of the mortgagee or mortgagees, as the case may be, must be witnessed and the execution must be acknowledged in the same manner as deeds are required to be witnessed and acknowledged. In case the mortgagee is a corporation, the consent and approval shall be signed on behalf of the corporation by the president, vice-president or chief executive officer. At the **applicant's** option, mortgagee's consents do not have to be included on the plat to be recorded, so long as they are provided as fully executed and acknowledged separate instruments along with the plat recording submittal;
  - c.** Certification of surveyor. The plat shall contain the signature, registration number and official seal of the land surveyor, certifying that the plat was prepared under his responsible direction and supervision and that the survey data compiled and shown on the plat complies with all of the requirements of F.S. ch. 177, part I, as amended. The certification shall also state that permanent reference monuments (P.R.M.), have been set in compliance with F.S. chapter 177, part I, as amended, and this section, and that permanent control points (P.C.P.s) and lot corners will be set under the direction and supervision of the surveyor prior to final acceptance of required improvements. Upon installation of the P.C.P.s, the surveyor must submit to the County Manager or designee written certification that the installation work has been properly completed. When required improvements have been completed prior to the recording of a plat, the certification shall state the P.C.P.s and lot corners have been set in compliance with the laws of the State of Florida and ordinances of Collier County. When plats are recorded and improvements are to be accomplished

**Collier County Land Development Code | Administrative Procedures Manual**  
**Chapter 5 | Subdivision Procedures**

under performance security posted as provided for by this section, the required improvements and performance guarantee shall include P.C.P.s;

- d. Surveyor's seal. The surveyor of record shall sign and seal copies of the plat submitted for approval;
- e. Signature block for county attorney. The plat shall contain the approval and signature block for the county attorney;
- f. Signature block for Board of County Commissioners and clerk of circuit court. The plat shall contain the approval and signature block for the Board of County Commissioners and the acknowledgement and signature block of the clerk of circuit court;
- g. Evidence of title. A title certification or opinion of title complying with section 177.041, F.S., must be submitted with the plat. The evidence of title provided must state or describe: (1) that the lands as described and shown on the plat are in the name, and record title is held by the person, persons or organization executing the dedication, (2) that all taxes due and payable at the time of final plat recording have been paid on said lands, (3) all mortgages on the land and indicate the official record book and page number of each mortgage. The evidence of title may, at the **applicant's** discretion, be included on the first page of the plat, so long as the information required by section 177.041, F.S., and this paragraph is clearly stated, an effective date is provided, and the statement is properly signed; and
- h. Instrument prepared by. The name, street and mailing address of the natural person who prepared the plat shall be shown on each sheet. The name and address shall be in statement form consisting of the words, "This instrument was prepared by (name), (address)."

**Completeness and Processing of Application** ⇔ See Chapter 1 D.5 for the acceptance and processing of an application.

**Notice** No notice is required.

**Public Hearing** The BCC shall hold at least 1 advertised public hearing.

**Decision Maker** The BCC.

**Review Process** The Development Review Division will review the application, identify whether additional materials are needed and review the application for compliance with **LDC** sections **10.02.04 B** and **10.02.04 C** and other provisions of the **LDC**.

Once submitted for review, the construction plans and final subdivision plat application will remain under review so long as a resubmittal in response to a county reviewer's comments is received within 270 days of the date on which the comments were sent to the **applicant**. If a response is not received within this time, the application will be considered withdrawn and cancelled. Further review of the project will require a new application together with appropriate fees.

The County Manager or designee will provide a recommendation to the Board of County Commissioners to approve, approve with conditions, or deny the final subdivision plat.

**Pre-Construction Meeting** A pre-construction meeting shall be scheduled with the Development Review Division prior to the commencement of construction.

**Collier County Land Development Code | Administrative Procedures Manual**  
*Chapter 5 | Subdivision Procedures*

↔ See Chapter 1 D.9 for additional information regarding the pre-construction meeting requirements.

**Re-submittal of Construction Plans and Final Subdivision Plats** Upon re-submittal of construction plans and final subdivision plat, the **engineer** shall identify all revisions to the construction plans by lettering or numbering; the surveyor shall identify all revisions to the plat by highlighting the current revisions. The **applicant** shall also provide a written response to the county's comments, responding to each comment individually.

**Digital Submittal Requirements** After the construction plans and final subdivision plat has been approved by the County Manager or designee for compliance, the **applicant** shall submit the following:

1. The **applicant's** professional **engineer** shall submit a digitally created construction/site plan documents; and
2. 1 CDROM of the master plan file, including, where applicable, easements, water/wastewater facilities, and stormwater drainage system. The digital data to be submitted shall follow these formatting guidelines: All data shall be delivered in the state plane coordinate system, with a Florida East Projection, and a North American Datum 1983/1990 (NAD83/90 datum), with United States Survey Feet (USFEET) units; as established by a Florida registered surveyor and mapper. All information shall have a maximum dimensional error of +0.5 feet. Files shall be in an AutoCad (DWG) or Digital Exchange File (DXF) format; information layers shall have common naming conventions (i.e. right-of-way—ROW, centerlines—CL, edge-of-pavement—EOP, etc.). For a plan to be deemed complete, the layering scheme must be readily understood by county staff. All property information (parcels, lots, and requisite annotation) shall be drawn on a unique information layer, with all linework pertaining to the property feature located on that layer. Example: parcels—All lines that form the parcel boundary will be located on 1 parcel layer. Annotations pertaining to property information shall be on a unique layer. Example: lot dimensions—Lottxt layer. All construction permits required from local, state and federal agencies must be submitted to the County Manager or designee prior to commencing development within any phase of a project requiring such permits.

**Recording Process** The final subdivision plat shall be recorded pursuant to **LDC** section **10.02.04 F**.

### D.3. Final Subdivision Plat- For Townhouse Fee Simple Development

**Reference** LDC sections 10.02.04.B and 10.02.04 C and other provisions of the LDC.

**Applicability** For final subdivision plat incorporating a townhouse development on fee simple lots, the additional application contents identified below shall be provided with the final subdivision plat application.

**Pre-Application** A pre-application meeting is required.

**Initiation** The **applicant** files a “*Subdivision Construction Plans and Plat Application*” with Development Review Division.

Pursuant to LDC section 10.02.04 B.6, site development plans may be submitted for review once the first review comments of the construction plans and final subdivision plat are posted. No site development plans may be approved until the final subdivision plat is approved by the County Manager or designee.

↔ See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.

**Application Contents** A Townhouse Fee Simple Development application must include the following, in addition to the Application Contents and Requirements for construction plans and final subdivision plat.

↔ See Chapter 5 D.1 of the Administrative Code.

**Submittal Credentials:** The construction plans shall be signed and sealed by the **applicant’s** professional **engineer** licensed to practice in the State of Florida. The final subdivision plat shall be prepared by a professional surveyor and mapper registered in the State of Florida. The landscape plans shall be signed and sealed by a **landscape architect** registered in the State of Florida.

**Sheet size:** The construction plans and final subdivision plat shall be submitted on standard size 24-inch by 36-inch sheets, drawn to scale.

1. A coversheet which includes:
  - a. **Applicant contact information;**
  - b. The name of the development;
  - c. The zoning district;
  - d. **PUD Ordinance and Development Commitment information;**
  - e. Legal description of the subject property; and
  - f. A location map, showing the location of the tract in reference to other areas of the county. The map shall include a north arrow, graphic scale, and date.
2. The following information in table format:
  - a. Total site acreage;
  - b. Total square footage of impervious area, including all parking areas, drive aisles, internal streets, and the percentage of impervious area of the total site area;

- c. Total number of units, units per acre, and a unit breakdown by square footage and number of bedrooms, as well as minimum/maximum (as applicable) floor area required and floor area proposed;
  - d. All required and provided setbacks and separations between principal and accessory structures;
  - e. Maximum building height allowed by zoning district and height proposed;
  - f. Zoning and land use of the subject property and adjacent properties, including properties abutting an adjacent right-of-way or right-of-way easement;
  - g. A parking summary, showing number of spaces required, and number of spaces provided; and
  - h. Preserve area required and provided<sup>7</sup>.
3. A Site Plan illustrating the following:
- a. Name and alignment of existing/proposed rights-of-way of all streets bordering the development;
  - b. Name and alignment of existing/proposed rights-of-way for all internal streets and alleys;
  - c. Location of all existing driveways or access points of the opposite sides of all streets bordering the development;
  - d. Location of all traffic calming devices;
  - e. Location and configuration of all development ingress and egress points;
  - f. Location and arrangements of all proposed principal and accessory structures;
  - g. Directional movement of internal vehicular traffic and its separation from pedestrian traffic;
  - h. Location of emergency access lanes, fire hydrants and fire lanes;
  - i. Location of all handicapped parking spaces;
  - j. Location of trash enclosures or compactors, if applicable;
  - k. Location and proposed heights of proposed walls or fences;
  - l. Location of sidewalks and pathways designed in accordance with **LDC** section [6.06.02](#);
  - m. Location of residential off-street parking in accordance with **LDC** section [4.05.04 D.1](#);
  - n. Location of all required preserves with area in square feet; and
  - o. Any additional relevant information as may be required by the County Manager or designee.
4. Property Ownership Disclosure form.

8. Home Owner Association Documents, if applicable.
9. Affidavit by surveyor.

#### Supporting "gap" title information

1. Pursuant to **LDC** section [10.02.04 F.3](#), within 60 days of recordation of the final subdivision plat the **applicant** shall submit to the County Manager or designee final supporting "gap" title information.
2. The final supporting title information must meet all of the requirements in the above (Plat Recording – Application Contents).
3. The effective date of the supporting "gap" title information must be through the date of recordation of the final subdivision plat and must, at a minimum, cover the "gap" between the time the effective date of the information required above (Plat Recording – Application Contents) and the date and time of recording of the final plat.
4. The title information must identify and provide copies of any recorded documentation of the holders of any estates, liens, encumbrances, or easements not properly included or joined in the dedication or consents on the final subdivision plat. The supporting "gap" title information must have attached a copy of any required instruments not previously provided in connection with submittals for the final plat's recording.

#### Completeness and Processing of Application

↔ *See Chapter 1 D.5 for the acceptance and processing of an application.*

**Notice** No notice is required.

**Public Hearing** No public hearing is required.

**Decision Maker** The County Manager or Designee.

**Review Process** The Development Review Division will review the application and identify whether additional materials are needed pursuant to **LDC** section [10.02.04 F](#).

The Development Review Division will submit the final subdivision plat materials to the Collier County Clerk of Courts for recording.

#### Digital Submittal Requirements

After the final subdivision plat has been approved by the County Manager or designee for compliance the **applicant** shall submit the following:

1. The **applicant's** professional **Engineer** shall submit a digitally created construction/site plan documents; and

## I. Easement Use Agreement

**Reference** Board directed on January 14, 2020, Agenda Item 16 A.25.

**Applicability** This procedure applies to a request to use and construct or install a minor structure in a utility, drainage, or any similar easement dedicated to the County for residential single and two-family dwelling unit properties with fee simple ownership. Roof overhangs and requests to replace (or change out) an existing minor structure which was previously approved by a building permit are exempt from this requirement, provided the minor structure in the easement does not damage or impair the prescribed function of the easement, nor hinder routine maintenance access to existing facilities.

For the purpose of this requirement, minor structure shall mean a fence, air conditioning equipment/concrete pad, pool equipment/concrete pad, generator, sidewalk, and other minor structure, that does not impact any County infrastructure and the function of the County's easement, as determined by the Growth Management Community Development Department. A determination of whether a minor structure is incompatible with the established use of the easement shall be made by the Growth Management Community Development Department and/or appropriate regulating agency.

Structures in easements for multi-family and commercial properties shall be processed as part of the application for SDP pursuant to LDC section [10.02.03](#).

**Initiation** The applicant files an "Application for Easement Use Agreement" with the Growth Management Community Development Department.

**Pre-Application** A pre-application meeting is not required.

**Application Contents** The application must include the following:

1. Applicant contact information.
2. Property information, including:
  - a. Legal description and section, township and range.
  - b. Address of subject property and property identification number.
  - c. Current Zoning.
3. Submittal requirements:
  - a. Type of easement proposed improvement will encroach.
  - b. Property ownership disclosure and deed in fee simple.
  - c. Boundary survey or site plan.
  - d. Letters of no objection from easement holder(s) who could be affected by the application.
4. Easement Use Agreement and copy of warranty deed.

## **Chapter 6. Waivers, Exemptions, and Reductions**

---

The following applications and approvals listed in this Chapter provide waivers, exemptions, and reductions from the standards identified in the **LDC**. Some petitions require a public hearing for approval.

## A. Administrative Fence/Wall Waiver (AFW)

**Reference** LDC sections 5.03.02 D.2 and 5.03.02 H.4.a.

**Applicability** This procedure applies to a request to administratively approve the following:

1. A variance from the height limitations of fences and walls in commercial and industrial zoning districts; or
2. An alternative to the fence or wall design requirements between residential and nonresidential development, where there is a local street that lies contiguous to the rear of a residence or some other physical separation exists between the residential development and the nonresidential development.

**Pre-Application** A pre-application meeting is not required.

**Initiation** The **applicant** files an “*Administrative Fence Waiver/Variance*” application with the Zoning Division.

↔ *See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.*

**Application Contents** The application must include the following:

1. **Applicant contact information.**
2. Property information, including;
  - a. Section, township and range;
  - b. Subdivision, unit, lot and block; and
  - c. Address of subject site.
3. A narrative description of the site and a detailed explanation of the alternative proposal to meet the intent of the **LDC**.
4. Illustrations, landscape plans, photos, and other illustrative materials that support the **applicant’s** proposal.
5. Affidavit of Authorization.
6. **Electronic copies of all documents.**

## B. Administrative Parking Reduction (APR)

**Reference** LDC section 4.05.04 F.4.

**Applicability** This procedure applies to the process where the County Manager or designee may determine the minimum parking requirements for a use which is not specifically identified in the LDC or for which an **applicant** has provided evidence that a specific use is of such a unique nature that the applicable minimum parking ratio listed in the LDC should not be applied.

**Pre-Application** A pre-application meeting is not required.

**Initiation** The **applicant** files an “Administrative Parking Reduction” application with the Zoning Division.

↔ See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.

**Application Contents** The application must include the following:

### Contents

1. **Applicant contact information.**
2. Property information, including:
  - a. Section, township and range;
  - b. Subdivision, lot and block; and
  - c. Address of subject site.
3. Type of business.
4. Hours of operation.
5. Signed and sealed survey.
6. **Addressing checklist.**
7. To determine the minimum parking requirements for a use which is not specifically identified in the LDC or for which an **applicant** has provided evidence that a specific use is of such a unique nature that the applicable minimum parking ratio listed in the LDC should not be applied, then the **applicant** may be required to submit the following:
  - a. Parking generation studies;
  - b. Evidence of parking ratios applied by other counties and municipalities for the specific use;
  - c. Reserved parking pursuant to LDC section 4.05.05; and
  - d. Other conditions and safeguards deemed to be appropriate to protect the public health, safety and welfare.
8. Affidavit of Authorization.
9. Copy of most current approved SDP or SIP, if applicable.
10. Copy of approved Zoning Certificate, if applicable.

## I. Site Plan with Deviations for Redevelopment Projects (-DR)

**Reference** LDC section 10.02.03 F and LDC Public Notice section 10.03.06 R.

**Applicability** A site plan with deviations for redevelopment shall provide a means for a redevelopment project to seek dimensional deviations, excluding height, architectural deviations, and deviations from site features, such as but not limited to, landscaping, parking, and buffers, from the standards established in the LDC when the passing of time has rendered certain existing buildings, structures or site features nonconforming.

A site plan with deviations may be requested for the redevelopment of a site which meets the criteria for a site development plan, site development plan amendment or a site improvement plan as established in LDC section 10.02.03. Except for the requested deviations, the site plan shall comply with LDC section 10.02.03.

In accordance with LDC section 10.02.03 F, “Redevelopment” shall mean the renovation, restoration, or remodeling of a building or structure, or required infrastructure, in whole or in part, where the existing buildings, structures or infrastructure were legally built and installed.

**Initiation** The **applicant** files a “*Site Plan with Deviations for Redevelopment*” application with the Zoning Division.

↔ *See Chapter 1 D. for additional information regarding the procedural steps for initiating an application.*

**Pre-Application** A pre-application meeting is required.

**Application Contents** A site plan with deviations application must include the following, in addition to the Application Contents and Requirements for a site development plan, site development plan amendment or a site improvement plan. ↔ *See Chapter 4 1.2 – 1.4 of the Administrative Code.*

**Submittal Credentials:** Pursuant to LDC section 10.02.03, the engineering and construction plans shall be signed and sealed by the applicant’s professional engineer licensed to practice in the State of Florida. For projects subject to LDC section 5.05.08, architectural drawings, shall be signed and sealed by a licensed architect, registered in the State of Florida. Landscape plans shall be signed and sealed by licensed landscape architect, registered in State of Florida. The survey shall be signed and sealed by a Florida registered surveyor and mapper.

**Sheet size:** The site improvement plan and the coversheet shall be prepared on a maximum size sheet measuring 24 inches by 36 inches, drawn to scale showing the areas affected by the amendment. The sheet must clearly show the change “clouded” and clearly delineate the area and scope of the work to be done.

The application must include the following:

1. A narrative of the redevelopment project and how it is consistent with the standards for approval, LDC section 10.02.03 F.8.

**Collier County Land Development Code | Administrative Procedures Manual**  
**Chapter 6 | Waivers, Exemptions, and Reductions**

2. Description of each requested deviation and justification for each request. The justification shall state how the passing of time has rendered the building, structure, or features nonconforming. Requested deviations shall be clearly delineated in the petition. The LDC section for which the deviation seeks relief from shall be identified.
3. Project enhancements to offset or minimize the deviations shall be clearly identified.

**Completeness and Processing of Application**

↔ See Chapter 1 D.5 for the acceptance and processing of an application.

**Notice**

Notification requirements are as follows. ↔ See Chapter 8 of the Administrative Code for additional notice information.

1. **Mailed Notice:** Written notice shall be sent to **property owners in the notification area** at least 15 days before the first advertised hearing.
2. **Newspaper Advertisement:** The legal advertisement shall be published at least 15 days before each advertised hearing in a newspaper of general circulation. The legal advertisement shall include at a minimum:
  - a. Date, time, and location of the hearing;
  - b. Application number and project name;
  - c. 2 in. x 3 in. map of project location;
  - d. Requested deviations and proposed project enhancements; and
  - e. Description of location.

**Public Hearing**

The Hearing Examiner or Planning Commission shall hold at least 1 advertised public hearing.

↔ See Chapter 9 of the Administrative Code for the Office of the Hearing Examiner procedures.

If the petition is heard by the Planning Commission, one BZA hearing is required.

**Decision Maker**

The Hearing Examiner or BZA.

**Review Process**

The Zoning Division will review the application and identify whether additional materials are needed. Staff will prepare Staff Report or Executive Summary, utilizing the criteria established in LDC section 10.02.03 F, to present to the Decision Maker.

  - f. Address of subject site and general location.
7. Zoning Information, including-current zoning and land use of subject property.
8. The name of the existing circuit court case and number, if applicable.
9. Scaled drawing 24 in. x 36 in. in size, with one 8 ½ in. x 11 in. drawing depicting the following:
  - a. The name, address and phone number of the consulting firm(s) preparing the plans;
  - b. The total site acreage for both pre- and post-acquisition condition;
  - c. Legal description;

**Collier County Land Development Code | Administrative Procedures Manual**  
**Chapter 6 | Waivers, Exemptions, and Reductions**

- d. Zoning designation;
  - e. All existing improvements, clearly depicting those affected by the acquisition;
  - f. All proposed mitigating improvements and remedies;
  - g. The exact nature and dimension of any requested deviations;
  - h. The pre- and post-acquisition configuration of the lot or lots; and
  - i. The dimensions from the pre- and post-acquisition property line to all affected improvements.
10. A narrative description of the pre- and post-acquisition site conditions, noting impacts and all nonconformities created or exacerbated as a result of the acquisition, and any proposed mitigation and remedies.
  11. A signed and sealed boundary or special purpose survey to ascertain or verify existing conditions. Pursuant to LDC section 9.03.07 D.1, the boundary or special purpose survey shall be prepared by a surveyor licensed to practice in the State of Florida.
  12. The most recent available aerial of the site.
  13. Owner/agent affidavit as to the correctness of the application.
  14. Affidavit of Authorization.
  15. Property Ownership Disclosure Form.

**Completeness and Processing of Application**

↔ See Chapter 1 D.5 for the acceptance and processing of an application.

**Notice**

Notification requirements are as follows. ↔ See Chapter 8 of the Administrative Code for additional notice information.

1. **Mailed Notice:** Written notice shall be sent to **property owners in the notification area** within 60 days of the date of the submittal of the application. The mailed notice shall include the following information:
  - a. List of requested deviations;
  - b. A brief narrative with justification for the deviations; and
  - c. A copy of the Post Take Plan, in either an 11 in. x 17 in. or 8 ½ in. x 11 in. format.

**Additional Notice- If Written Objection is Received**

If a written objection is received from an abutting **property owner** within 30 days from the date in which the first **mailed notice** was sent, then the Post Take Plan shall go before the CCPC or BZA, if appealed.

The notice requirements for the public hearing are as follows:  
 ↔ See Chapter 8 of the Administrative Code for additional notice information.

1. **Mailed Notice:** Written notice shall be sent to **property owners in the notification area** at least 15 days before the first advertised hearing.

2. **Newspaper Advertisements:** The legal advertisement shall be published at least 15 days before the advertised hearing in a newspaper of general circulation. The advertisement shall include at a minimum:
- a. Date, time and location of the hearing;
  - b. Description of the proposed land uses; and
  - c. 2 in. x 3 in. map of the project location.

**Public Hearing** If a written objection has been received from an abutting **property owner**, then the CCPC or BZA shall hold at least 1 advertised public hearing.

**Decision Maker** The County Manager or designee, if no written objection is received. If the county receives written objection within 30 days of mailed notice, the CCPC or BZA.

**Review Process**

1. If a written objection has not been received from a notified **property owner** within 30 days from the date of the public notice, then the Zoning Division may approve the Post Take Plan.
2. If a written objection has been received from a notified **property owner**, then the Zoning Division will prepare a Staff Report to present to the Decision Maker for a decision.

## M. Deviation Requests for Projects in the Golden Gate Parkway Overlay District (DR-GGPOD)

**Reference** LDC sections 2.03.07 F., 4.02.26 E., and LDC Public Notice section 10.03.06 R.

**Applicability** Property owners in the GGPOD may request deviations from certain standards, as established in LDC section 4.02.26 E.2., to allow for flexibility in building and site design, and to support and initiate incentives for new development on vacant property or redevelopment on existing sites.

Deviations in the GGPOD may be requested for new development or redevelopment projects requiring an SDP, SDPA, or SIP, as established in LDC section 10.02.03, or a building permit in the case of a sign deviation, as established in LDC sections 5.06.11. Deviations may also be requested in connection with a PPL for townhouses developed on fee simple lots under individual ownership, as established in LDC section 10.02.04.

**Initiation** The applicant files a “*Deviations for Projects in Golden Gate Parkway Overlay District*” application with the Zoning Division.

↔ See Chapter 1.D. for additional information regarding the procedural steps for initiating an application.

**Pre-Application** A pre-application meeting is required.

**Application Contents** A deviation made in connection with an SDP, SDPA, or SIP must include the necessary information and drawing(s) required with the Application Contents and Requirements for a site development plan, site development plan amendment, or a site improvement plan.

↔ See Chapter 4 I.2 – I.4 of the Administrative Code.

A deviation requires in connection with a sign permit must include the necessary information and drawing(s) required with the Application Contents and Requirements for a sign permit. ↔ See Chapter 4 I.2 – I.4 of the Administrative Code.

**Submittal Credentials:** Pursuant to LDC section 10.02.03, the engineering plans shall be signed and sealed by the applicant’s professional engineer licensed to practice in the State of Florida. For projects subject to LDC section 5.05.08, the architectural drawings, shall be signed and sealed by a licensed architect, registered in the State of Florida. Landscape plans shall be signed and sealed by licensed landscape architect, registered in State of Florida.

**Sheet size:** The site improvement plan and the coversheet shall be prepared on a maximum size sheet measuring 24 inches by 36 inches, drawn to scale showing the areas affected by the amendment. The sheet must clearly show the change “clouded” and clearly delineate the area and scope of the work to be done.

The application must include the following:

1. A narrative of the project and how it is consistent with the evaluation criteria identified in LDC section 4.02.26 E.4.

**Collier County Land Development Code | Administrative Procedures Manual**  
**Chapter 6 | Waivers, Exemptions, and Reductions**

2. Description of each requested deviation and justification for each request. Requested deviations shall be clearly delineated in the petition. The LDC section for which the deviation seeks relief from shall be identified.
3. Project enhancements to offset or minimize the deviations shall be clearly identified.
4. Exceptions to the required Application Contents. ## **D. Soil Erosion and Sediment Control Plan**

**Reference** LDC section [6.01.05](#)

**Applicability** A Soil Erosion and Sediment Control Plan is required, for new and existing development and construction, such as Site Development Plans and Final Subdivision Plats.

**Plan Contents** Each plan shall be prepared in accordance with the following standards:

1. The most recent edition of the State of Florida Erosion and Sediment Control Designer and Reviewer Manual.
2. Turbidity values surrounding discharge from projects shall not violate water quality criteria contained in 62-302.530(69) Florida Administrative Code.

**Notice** No notice is required.

**Public Hearing** No public hearing is required.

**Decision Maker** The County Manager or designee.

**Review Process** The Development Review Division shall review the Soil Erosion and Sediment Control Plan concurrent with all applicable land use applications.

**Updated**

## Chapter 8. Public Notice

---

### A. Generally

Many land use decisions in the County require public notice to the general community and/or the surrounding neighborhoods regarding an **applicant's** development plans. Each Administrative Code section describes the types of notice required, if any, for a petition or a permit. This section identifies the different types of public notice procedures and specific information necessary to fulfill the notice requirement.

The following are the types of public notice that may be required:

1. **Neighborhood Information Meeting (NIM)**
2. **Mailed Written Notice**
3. **Newspaper Advertisement**
4. **Posting of a Sign**
5. **Stakeholder Outreach Meeting for Golf Course Conversions (SOM)**
6. **Agent Letter**

## B. Neighborhood Information Meeting

**Purpose and Intent** The purpose and intent of a **Neighborhood Information Meeting** (“NIM”) is to provide the public with notice of an impending zoning application and to foster communication between the petitioner and the public.

- Applicability**
1. A **NIM** shall be conducted when:
    - a. The initial staff review and comment period on the application have been completed; and
    - b. At least 15 days before the first public hearing is held, whether it is the Planning Commission, Hearing Examiner, the BCC, or the BZA.
  2. In addition to the above, the following shall also apply for small-scale amendments and other site-specific comprehensive plan amendments:
    - a. The **NIM** is required before the Planning Commission transmittal hearing.
    - b. A second **NIM** is required if the County Manager or designee determines that a substantial change has occurred to a proposed site-specific comprehensive plan amendment following the BCC’s transmittal hearing. The **applicant** must hold the second **NIM** before the Planning Commission adoption hearing.
  3. If the **applicant’s** petition activity extends beyond 1 year from the date of the first **NIM**, a second **NIM** will be required and shall be noticed in accordance with this chapter.

**Notice Requirements** The **NIM** shall be noticed as follows:

1. **Mailed Notice:** Written notice shall be sent to **property owners in notification area** at least 15 days before the **NIM** meeting.
  - a. The **applicant** shall also provide written notice of the **NIM** to **property owners**, condominium, and civic associations whose members may be affected by the proposed land use change and who have formally requested the County to be notified. Each mailed notice shall contain the following:

“The purpose and intent of this Neighborhood Information Meeting is to provide the public with notice of an impending zoning application and to foster communication between the applicant and the public. The expectation is that all attendees will conduct themselves in such a manner that their presence will not interfere with the orderly progress of the meeting.”
2. **Newspaper Advertisement:** The legal advertisement shall be published at least 15 days before the **NIM** meeting in a newspaper of general circulation. The advertisement shall include at a minimum:
  - a. Date, time, and location of the **NIM** meeting;
  - b. Petition name, number and **applicant** contact info;
  - c. Purpose of the **NIM** meeting;
  - d. Description of the proposed land uses; and

- e. 2 in. x 3 in. map of the project location.

**Location** The **applicant** must arrange the location of the meeting. To promote increased participation and convenience to the interested members of the public, all **NIMs** shall be conducted at a physical location, to allow for in-person attendance, and virtually, utilizing videoconferencing technology. The in-person location must be reasonably convenient to the **property owners** who receive the required notice. The facilities must be of sufficient size to accommodate the expected attendance.

**Conduct of Meeting and Decorum**

1. **Conduct of Meeting:** A Collier County staff **planner** or designee shall attend the **NIM** and record all commitments made by the **applicant** during the meeting while remaining neutral and providing clarification regarding the next steps the petition must follow in the review process, including the anticipated future public hearings that are associated with the petition. The **applicant** shall make a presentation of how they intend to develop the subject property. The **applicant** is required to record the **NIM** proceedings and provide an audible audio/video copy to the Zoning Division, including a written summary. When video conferencing is used, it must have the capability to capture the written comments from the attendees. These written comments will be included in the written summary of the **NIM**.

The **applicant** must provide the following at the **NIM** for review and comment, including but not limited to:

- a. The proposed uses and density/intensity of the project;
  - b. The proposed Master Plan, when applicable; and
  - c. The current **LDC** zoning district uses and development regulations.
2. **Decorum:** The expectation is that all **NIM** attendees will conduct themselves in such manner that their presence will not interfere with the orderly progress of the meeting. For in-person meetings, the applicant is encouraged to provide a licensed and qualified security detail, which will be at the **applicant's** expense. If the **applicant** or staff **planner** determines the **NIM** cannot be completed due to the disorderly conduct of the members of the public, the **applicant** shall have the right to adjourn the **NIM** but be required to conduct another duly advertised **NIM**, either in-person or via videoconferencing technology, or both, at the **applicant's** discretion.

**Meeting Follow-Up**

1. After a **NIM** is completed, the **applicant** will submit a written summary of the **NIM** and any commitments that have been made to the assigned **planner**. These commitments will:
  - a. Become part of the record of the proceedings;
  - b. Be included in the staff report for any subsequent review and approval bodies; and
  - c. Be considered for inclusion in the conditions of approval of any applicable development order.
2. The County staff **planner** or designee shall promptly post the written summary and audio/video recording of the **NIM** to the County's website for public inspection.

**Updated** Resolution 2023-211

## C. Mailed Notice

**Applicability** For applicable land use petitions, a **mailed notice** shall be as follows.

**Notice Requirements** Mailed written notices shall be sent by regular mail to **property owners in the notification area** listed below. Names and addresses of **property owners** shall be those listed on the latest ad valorem tax rolls of the County. The **mailed notice** must be sent out at least 15 days before the hearing for all applications, except as identified otherwise in the Administrative Code.

The **applicant** must provide a copy of the list of all parties noticed by the required notification deadline to the Zoning Division staff.

The written notice must include:

- a. Date, time, and location of the **NIM** meeting or public hearing;
- b. Description of the proposed land uses; and
- c. 2 in. x 3 in. map of the project location.

For a conditional use, rezoning, PUD, PUD extension, or variance, the notice must also include:

- a. A clear description of the proposed land uses;
- b. A clear description of the applicable development standards;
- c. Intensity or density in terms of total floor area of commercial or industrial space and dwelling units per acre for residential projects;
- d. A clear description of the institutional or recreational uses when part of the development strategy; and
- e. The substance of the proposed ordinance or resolution (rezoning only).

For a site plan with deviations for redevelopment projects, the notice must also include the type of deviation sought.

The Clerk to the BCC will make a copy of all notices available for public inspection during regular business hours.

**Recipients of Mailed Written Notice** **Property owners in the notification area** are described below and shall be based on the latest tax rolls of Collier County and any other persons or entities who have formally requested notification from the County:

→ **Urban designated area of the future land use element of the growth management plan**

The notification area includes:

1. All property owners within 500 feet of the property lines of the subject property.
2. If any of the land in the area listed in paragraph 1 is owned by the same person or entity who owns the subject property, the 500-foot or one mile distance is measured from the boundaries of the entire ownership or PUD.
3. The maximum notification area is ½ mile (2,640 feet) from the subject property except for areas designated in the Urban

Golden Gate Estates Sub-Element of the Golden Gate Estates Master Plan.

→ **All other areas** The notification area includes:

1. All property owners within 1,000 feet of the property lines of the subject property. However, for areas designated in the Urban and Rural Golden Gate Estates Sub-Element of the Golden Gate Area Master Plan, notices shall be sent to all property owners within one mile of the property lines of the subject property, except for Estates (E) zoned variance applications, which shall remain at 1,000 feet of the subject property.
2. If any of the land in the area listed in paragraph 1 is owned by the same person or entity who owns the subject property, the 1,000-foot or one mile distance is measured from the boundaries of the entire ownership or PUD.
3. The maximum notification area is ½ mile (2,640 feet) from the subject property, except for areas designated in the Urban and Rural Golden Gate Estates Sub-Element of the Golden Gate Area Master Plan.

→ **Associations** Notification shall also be sent to **property owners** and condominium and civic associations whose members are impacted by the proposed land use changes and who have formally requested the County to be notified. A list of such organizations shall be provided and maintained by the County, but the **applicant** must bear the responsibility of ensuring all parties are notified.

Updated Resolution 2021-143

## D. Newspaper Advertisement

**Applicability** For applicable land use petitions, the **newspaper advertisement** shall be as follows.

A copy of the **newspaper advertisement** shall be kept available for public inspection during regular business hours of the Office of Clerk to the Board of County Commissioners. The notice of proposed enactment shall include where the proposed ordinance or resolution may be inspected by the public. The notice shall also advise that interested parties may appear at the meeting and be heard with respect to the proposed ordinance or resolution.

**Placement and Content** The **newspaper advertisement** shall be published at least 15 days before each advertised public hearing in a newspaper of general circulation. The advertisement shall include at a minimum:

- a. Date, time, and location of the hearing;
- b. Petition name, number and **applicant** contact info;
- c. Description of the proposed land uses; and
- d. 2 in. x 3 in. map of the project location, as applicable.

Updated

## E. Posting of a Sign

- Applicability** For applicable land use petitions, the posting of a sign shall be as follows.
- Timing** The sign shall be posted at least 15 days before the Hearing Examiner, Planning Commission, or the BCC acting as the BZA hearing and be removed within 10 business days after the final date of public hearing.
- Sign Requirements** The sign copy must occupy the total area of the sign. The requirements for the size, location, and proof of posting and removal of the sign are as follows:
1. Properties less than or equal to 1 acre: The sign shall measure at least 1 and ½ square feet in area. The sign is erected by the Zoning Division on behalf of the **applicant**.
  2. Properties greater than 1 acre: The sign shall measure at least 32 square feet in area. The sign is erected by the **applicant**. At least 1 sign is placed on each external boundary that fronts a street. If the external boundaries along a street exceed 1,320 linear feet, signs are placed equidistant from one another with a maximum spacing of 1,000 linear feet. However, the number of signs along an exterior boundary fronting a street cannot exceed 4 signs.
  3. All properties:
    - a. The sign must be located in full view of the public on each street side of the subject property.
    - b. Where the subject property is landlocked or for some other reason the signs cannot be posted directly on the subject property, then the sign or signs are erected along the nearest street right-of-way, with an attached notation indicating generally the distance and direction to the subject property.
    - c. The **applicant** must provide evidence to the Zoning Division that the sign(s) were erected by furnishing photographs of the sign(s) that show the date of their erection at least 10 days before the scheduled public hearing.

**Sign Template** Unless otherwise specified, the sign must adhere to the following templates:

1. Properties less than or equal to 1 acre:

<p><b>[Petition Type]</b> <b>Petition No. 2019000XXXX</b> <b>[CCPC or HEX]: [Date] - 9 a.m.</b> <b>[Building Name]</b> <b>[Address]</b> <b>[Planner Name]: 239-252-XXXX</b></p>

---

3. For Dock Facility Extensions:

- a. Properties less than or equal to 1 acre:

<p><b>Dock Facility Extension</b> <b>To allow a [###]-foot protrusion</b> <b>Petition No. 2019000XXXX</b> <b>[CCPC or HEX]: [Date] - 9 a.m.</b> <b>[Building Name]</b> <b>[Address]</b> <b>[Planner Name]: 239-252-XXXX</b></p>
---

b. Properties greater than 1 acre:

**PUBLIC HEARING NOTICE**  
**[Project Name] Dock Facility Extension**  
**To allow a [###]-foot protrusion**  
**Petition No. 2019000XXXX**

**[CCPC or HEX]: [Date] - 9:00 a.m.**  
**[Building Name]**  
**[Address]**

**[Planner Name]: 239-252-XXXX**

**Removal of Sign** The signs shall remain in place until any of the following occur:

1. Final action is taken on the application; or
2. The Zoning Division receives written notification that the **applicant** is withdrawing or indefinitely continuing the application.

Updated

## F. Stakeholder Outreach Meeting for Golf Course Conversions (SOM)

**Reference** LDC sections 5.05.15 and LDC Public Notice section 10.03.06.

⇔ See Chapter 4.N for Intent to Convert Applications for the Application Contents Required for Presentations at SOMs.

**Purpose** Stakeholder Outreach Meetings (SOMs) are intended to engage stakeholders early in the design of a golf course conversion project and to encourage collaboration and consensus between the applicant and the stakeholders on the proposed conversion.

**Applicability** This process applies to applicants seeking to convert a constructed golf course to a non-golf course use. A minimum of two in-person meetings and one web-based visual survey are required. This section shall be used in connection with LDC section 5.05.15.

**Initiation** The SOMs may be held after the “Intent to Convert” application has been received by the County and deemed sufficient by staff to proceed. It is encouraged that SOMs take place in a timely manner so as to support stakeholder involvement.

**SOM Notice Requirements** Each SOM shall be noticed as follows:

1. **Newspaper Advertisements:** The legal advertisement shall be published at least 15 days before the SOM in a newspaper of general circulation. The advertisement shall include at a minimum:
  - a. Date, time, and location of the SOM;
  - b. Petition name, number and applicant contact info;
  - c. Notice of the intention to convert the golf course to a non-golf course use;
  - d. Brief description of the proposed uses; and
  - e. 2 in. x 3 in. map of the project location.
2. **Mailed Notice:** For the purposes of this **mailed notice** requirement, written notice shall be sent to property owners located within 1,000 feet from the property line of the golf course at least 15 days before the first SOM. The mailed notice shall include the following:
  - a. Date, time, and location of each SOM included in the **mailed notice**;
  - b. Petition name, number and applicant contact info;
  - c. Notice of the intention to convert the golf course to another use;
  - d. A brief description of the proposed uses;
  - e. A statement describing that the applicant is seeking input through a stakeholder outreach process;
  - f. The user-friendly web address where the meeting materials, such as the Developers Alternatives Statement, can be accessed;
  - g. A brief description of the visual survey and the user-friendly web address where the survey can be accessed; and
  - h. The dates that the web-based visual survey will be available online.

## Collier County Land Development Code | *Administrative Procedures Manual*

### Chapter 8 | Public Notice

**Location** The **applicant** must arrange the location of the meeting. The location must be reasonably convenient to the **property owners** who receive the required notice. The facilities must be of sufficient size to accommodate expected attendance.

**Timeframe** SOMs must be held between November 1<sup>st</sup> and April 1<sup>st</sup>.

**Conduct of SOMs** A minimum of two SOMs shall be conducted in accordance with the following:

- a. An assigned County **planner** shall attend the SOMs and observe the process. The **planner** shall note any commitment made by the applicant during the meetings.
- b. Meeting Conduct: The applicant shall conduct the meetings as follows:
  - i. Use at least one public outreach method during the in-person meetings as described below; and
  - ii. The applicant shall facilitate dialogue and encourage input on the conceptual development plan from the stakeholders regarding the types of development the stakeholders consider compatible with the neighborhood, and the types of land uses they would support to be added to the neighborhood.
- c. Presentation: The **applicant** must provide the following at the **SOM** for review and comment:
  - i. The current **LDC** zoning district uses and development regulations;
  - ii. Information about the purpose of the meeting, including the goals and objectives of the conversion project;
  - iii. A copy of the Developer's Alternatives Statement shall be made available at the SOM, as described in **LDC** section 5.05.15 C.2;
  - iv. Visuals depicting the conceptual development plan(s) and the greenway; and
  - v. The list of deviations requested, as described in **LDC** section 5.05.15 C.4.a-b.
- d. Public Outreach Methods: The **applicant** shall use one or more of the following at the Stakeholder Outreach Meetings to engage stakeholders:
  - i. Charrette. This public outreach method is a collaborative design and planning workshop that occurs over multiple days. Through a charrette, the **applicant** designs the conceptual development plan and greenway with stakeholders' input. During a charrette, stakeholders are given the opportunity to identify values, needs, and desired outcomes regarding the project. Through a series of engagement activities the conceptual development plan and greenway are designed and refined. Throughout the sessions, stakeholders have an opportunity to analyze the project, address and resolve issues, and comment on multiple iterations of the project.

- ii. Participatory Mapping. This public outreach method produces maps using stakeholder knowledge and input. To start, the applicant hosts a workshop and shares information about the project through exhibits such as poster boards, written or electronic materials, etc. Participants are then given sticky dots, markers, or other tactile/visualization tools in conjunction with maps of the conceptual development plan and greenway to identify options to address compatibility, adverse impacts, or types of desirable usable open space for the project. For example: stakeholders are asked to place red dots on the map where there is a perceived pedestrian hazard and place a green dot where they support additional tree plantings in the greenway.
- iii. Group Polling. This public outreach method polls participants at the meeting and provides instant results. The poll can include a wide range of topics about the project, such as density, greenway uses, vehicle/pedestrian transportation networks, etc. The **applicant** provides sticky dots or uses electronic devices to conduct the polling.
- iv. Visioning Exercise. This public outreach method invites stakeholders to describe their core values and vision for their community. In a workshop setting, the **applicant** presents a wide variety of reports, maps, photos, and other information about the project. The **applicant** then poses questions to the participants, such as, but not limited to the following:
  - 1) “What do people want to preserve in the community?”
  - 2) “What do people want to create in the community?”
  - 3) “What do people want to change in the community?”

The applicant collects the responses and works with the participants to create a vision statement for the project that incorporates the goals, concerns, and values of the community.

**Web-based Visual Survey Requirements**

The web-based visual survey is intended to increase engagement with stakeholders. The survey should engage the stakeholders in the design of the project and assist in determining what stakeholders find important to the neighborhood, what is considered compatible with the neighborhood, and what types of land uses they support adding to the neighborhood.

- a. The survey shall provide visual representations of the proposed development, in particular the types of land uses proposed, streetscapes, public spaces, design characteristics, and depictions of the greenway design;
- b. The survey questions shall be worded so as to elicit responses to the stakeholders’ preferences or support for the visual representations.
- c. The survey shall allow for additional comment(s) to be made by the stakeholders.

**SOM Report**

After the SOMs and the web-based survey are complete, the **applicant** will submit a report of the **SOM** to the County, including the following information:

- a. A list of attendees, a description of the public outreach methods used, photos from the meetings demonstrating the outreach process, results from outreach methods described above;

- b.** Copies of the materials used during the meeting, including any materials created at the meeting, such as any participatory mapping or related documents;
- c.** A verbatim transcript of the meetings and an audio (mp3 or WAV format) or video recording in a format accessible or viewable by the County;
- d.** A point-counterpoint list, identifying the input from the stakeholders and how and why it was or was not incorporated into the application. Input from stakeholders may be categorized by topic and the applicant may provide a single response to each topic in narrative format; and
- e.** The report shall be organized such that the issues and ideas provided by the stakeholders that are incorporated in the application are clearly labeled in the point-counterpoint list and in the conversion application.

**Meeting Follow-up** After each **SOM** is completed and prior to the submittal of a conversion application, the applicant will submit to the assigned **planner** a written summary of the **SOM** and any commitment that has been made. Any commitment made during the meeting will:

- a.** Become part of the record of the proceedings;
- b.** Be included in the staff report for any subsequent conversion application; and
- c.** Be considered for inclusion into the conditions of approval of any subsequent development order.

## Chapter 9. Office of the Hearing Examiner – Procedures

---

**Reference** LDC section 8.10.00, **Code of Laws and Ordinances** section 2-83 through 2-90, and Ordinance No. 2013-25, as amended.

**Applicability** The Hearing Examiner hears and makes final decisions pursuant to the **Code of Laws and Ordinances** section 2-83 through 2-90, and Ordinance No. 2013-25, as amended.

A minor conditional use is one which does not require environmental review under Section 2-1191 *et seq.* of the **Code of Laws and Ordinances** and which is not a case of great public interest or concern as determined in the discretion of the Hearing Examiner or as requested by a member of the Board of County Commissioners. The Commissioner of the District in which the proposed minor conditional use is located may direct that the minor conditional use be heard by the CCPC in an advisory capacity and then the Board of Zoning Appeals or Board of County Commissioners for final action.

If the Hearing Examiner recuses, disqualifies him or herself, or does not otherwise hear a particular case where the Hearing Examiner makes the final decision, these cases shall be heard by the Planning Commission in an advisory capacity and then forwarded to the Board of County Commissioners sitting as the BCC or Board of Zoning Appeals for the final decision.

**Assignment** Once the application is submitted to the County and deemed complete pursuant to Chapters 1 through 7 of the Administrative Code, as applicable, the following petitions shall be assigned to the Hearing Examiner:

1. Administrative Type III Appeal.
2. Alcohol Distance Waiver.
3. Appeal of an Official Interpretation of the LDC.
4. Facilities with Fuel Pumps Waiver.
5. Boat Dock Facility Extension, including Boat Lift Canopy Deviations and Boathouse Establishment.
6. Minor Conditional Use.
7. Minor Conditional Use Re-Review.
8. Minor Conditional Use Extension.
9. Limited Density Pool Allocation.
10. Non-Conforming Use Change and Non-Conforming Use Alteration.
11. Parking Exemption with a Public Hearing.
12. Post Take Plan, if applicable.
13. PUD Insubstantial Changes, including Minor Text Changes.
14. PUD Minor Change to Remove an Affordable Housing Contribution.
15. Sign Variance.
16. Site Plan with Deviations for Redevelopment Projects.

**Collier County Land Development Code | Administrative Procedures Manual**  
*Chapter 9 | Office of the Hearing Examiner*

- 17. Stewardship Receiving Area (SRA) Insubstantial Changes, including Minor Text Changes.
- 18. Variance.
- 19. PUD Comparable Use Determination.

**Hearing Examiner Review** Upon completion of the staff report by the assigned **planner** pursuant to Chapters 1 through 7 of the Administrative Code, as applicable, one copy of the staff report and application materials shall be forwarded to the Hearing Examiner for all matters assigned to the Hearing Examiner.

**Pre-Hearing Conference** The Hearing Examiner may have ex parte communications with any party or person.

**Motions for Disqualification** Unless good cause is shown, all motions for disqualification of the Hearing Examiner shall be filed no later than ten (10) working days prior to the scheduled public hearing before the Hearing Examiner. The motion shall be accompanied by an affidavit stating particular grounds, which shall be limited to those for which a judge may be disqualified. The affidavit must state facts sufficient to show that the movant has a well-founded fear that the movant will not receive a fair and impartial hearing. Unless denied as untimely, the motion shall be ruled on by the Hearing Examiner before whom the case is pending. If the motion and affidavit are found legally sufficient, the Hearing Examiner shall disqualify him or herself after which the matter will be set for hearing as provided for in the Land Development Code for such particular action. The Hearing Examiner may also recuse or disqualify him or herself at any time in accordance with Ord. 2013-25, as amended.

**Notice** Public notice is required for all Hearing Examiner hearings.  
 ⇔ *See the specific Administrative Code section for the public notice requirements necessary for the petition.*  
 ⇔ *See Chapter 8 of the Administrative Code for additional notice information.*

**Public Hearing – Parties and Participants** The parties before the Hearing Examiner shall be the applicant and Collier County. The public, including any proponents and opponents, are participants.

- Public Hearing – Rules of Procedure**
- 1. **Due Process.** For hearings, basic due process requires that the parties have notice of the hearing and an opportunity to be heard. Parties must be able to present evidence and be informed of all the facts upon which the County acts. The term “parties” to any proceeding are the Applicant and the County (or their representatives) and does not include public participants or their representatives.
  - 2. **Evidence.** Irrelevant, immaterial, or unduly repetitious evidence shall be excluded. Any part of the evidence may be received in written form, and all testimony shall be under oath. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but it shall not be sufficient, in itself, to support a finding by the Hearing Examiner unless it would be admissible over objections in a civil action.
  - 3. **Application of rules.** The Hearing Examiner is responsible for ensuring these rules are applied equally and consistently to all evidence and testimony presented by the parties and public participants.

4. Burden of Proof. The applicant has the burden of proof to show by competent and substantial evidence that the proposed request conforms to the **LDC** and the **GMP**.
5. Expert Witness. A witness may be qualified by the Hearing Examiner as an expert through specialized knowledge, training, experience or education, which is not limited to academic, scientific or technical knowledge.

**Public Hearing –  
Order of  
Proceedings**

1. Hearings will be conducted in an informal but courteous and professional manner. To the extent possible and at the Hearing Examiner’s discretion, the order of proceedings will be as follows:
  - a. Hearing Examiner’s explanation of rights and responsibilities of all interested persons as well as an explanation of future proceedings that may occur in relation to the matter to be heard.
  - b. The announcement of the matter to be heard and if applicable, Hearing Examiner discloses all ex parte communications.
  - c. Under oath, the swearing in of expert witnesses and all participants prior to the hearing.
  - d. Presentation of County’s position.
  - e. Presentation of request or appeal by applicant, appellant, or representative.
  - f. Public participation and comment.
  - g. Rebuttal and closing statement by applicant, appellant or representative. Rebuttal testimony may not be used to provide new information. Only parties may engage in direct or cross examination of witnesses.
2. Questioning shall be confined as closely as possible to the scope of direct testimony. The Hearing Examiner may call and question witnesses as necessary and appropriate. The Hearing Examiner shall decide all questions of procedure and will raise questions and provide comments at any time during the hearing.

**Public Hearing –  
Matters to be  
considered by the  
Hearing Examiner**

The Hearing Examiner shall not be limited to the evidence presented by Applicant or County at the hearing. The Hearing Examiner may consider any additional relevant evidence based on the record, including, but not limited to, any of the following:

1. The history of the subject parcel.
2. Applicable regulations and development standards promulgated.
3. Applicable goals, objectives, and policies contained in the Comprehensive Plan.
4. Reports and recommendations filed by reviewing agencies.
5. Physical characteristics of the subject parcel and surrounding lands.
6. Impact on the surrounding transportation network.
7. Availability and capacity of public services.
8. Nature of and impacts on surrounding land use.
9. Environmental impact of the proposed development activity.
10. Application of criteria in **LDC** relating to the requested petition.
11. Site visit.

# Collier County Land Development Code | *Administrative Procedures Manual*

## Chapter 9 | Office of the Hearing Examiner

12. All such additional relevant evidence shall be made part of the record at the hearing.

### Public Hearing – Findings and Decision of the Hearing Examiner

1. The decision of the Hearing Examiner shall be in writing and include:
  - a. Summary of proposed development activity and the evidence presented.
  - b. Findings of fact and conclusions of law, including compliance or noncompliance of the proposed development activity with applicable provisions of the **Growth Management Plan (GMP)** and the **Land Development Code (LDC)**.
  - c. A decision to grant, grant with conditions or deny the application with reasons therefore specified, including any recommended conditions.
2. Persons wishing to receive a copy of the decision by mail may supply County staff with their name, address and a stamped, self-addressed envelope for that purpose.

### Public Hearing – Record of Hearing before the Hearing Examiner

1. A verbatim transcript of all public hearings before the Hearing Examiner shall be recorded by the Clerk of the Board and also transcribed by an official court reporter. Any person may request and obtain a transcript of the record from the court reporter at their own expense.
2. The record of the hearing before the Hearing Examiner shall consist of:
  - a. The application and accompanying documents.
  - b. Staff reports, written submissions and recommendations.
  - c. All exhibits and documentary evidence.
  - d. The decision of the Hearing Examiner.
  - e. Verbatim transcript of the proceedings.

### Public Hearing – Decision of the Hearing Examiner

A copy of the decision of the Hearing Examiner is required to be filed with the Clerk of the Board within 30 working days after the conclusion of the public hearing before the Hearing Examiner. The Hearing Examiner will deliver all decisions by electronic mail or regular mail. An amendment to the decision can occur for scrivener errors.

### Public Hearing – Decisions to Notated on Zoning Map

Decisions of the Hearing Examiner shall be noted for information purposes on the zoning map for variances, conditional uses, and boat dock extensions.

### Public Hearing – Reconsideration of Matter by the Hearing Examiner

1. On motion by a party, the Hearing Examiner may grant a rehearing on an application for the following reasons:
  - a. Mistake, inadvertence or excusable neglect;
  - b. Newly discovered evidence which by due diligence could not have been discovered in time for the original hearing; or
  - c. Fraud, misrepresentation or other misconduct of an adverse party.
2. The motion for reconsideration by a party shall be made prior to the deadline for filing an appeal. The filing of such a motion tolls the time for filing an appeal. The time for filing an appeal shall begin anew in full upon the Hearing Examiner's denial of such a motion.
3. Upon the Hearing Examiner's approval of such a motion, the County will schedule the public hearing before the Hearing Examiner and provide public notice to the parties

and record participants. The reconsideration hearing shall be conducted in accordance with the aforementioned rules of procedures and order of proceedings.

**Public Hearing – Continuance(s)** – Continuance(s) of the public hearing shall be permitted for good cause as determined by the Hearing Examiner on the date of the scheduled hearing. If the continuance of the public hearing is to a specific date and time, then re-advertisement of the hearing shall not be required.

**Public Hearing – Appeal of the Decision by the Hearing Examiner**

1. Within 30 days after the Hearing Examiner’s written determination has been rendered, either the County or the landowner may appeal the determination to the Board of Zoning Appeals. Any additional fee for a landowner-initiated appeal must accompany the appeal. At the public hearing, the Board of Zoning Appeals will review the record created by the Hearing Examiner’s proceedings, but the Board may by majority vote accept evidence not presented to the Hearing Examiner.
2. The Board of County Commissioners may:
  - a. Affirm the Hearing Examiner’s determination, with or without modifications or conditions; or
  - b. Reject the Hearing Examiner’s determination, except that the Board may not modify the determination or impose conditions, or reject the Hearing Examiner’s determination unless the Board expressly finds that one or more of the Hearing Examiner’s findings of fact or conclusions of law is not supported by competent substantial evidence in the official record, or that the Hearing Examiner’s determination otherwise specifically failed to properly apply one or more of the criterion in the **LDC** or **GMP**.
3. Any appeal of the Hearing Examiner’s decision by a non-party , shall be heard by the circuit court.

**Applicants** should check the website before filing an application, because the fees change from time to time.

The **Land Development Code (LDC)** is codified on the Municipal Code Corporation’s website at [www.municode.com](http://www.municode.com). Click “Code Library,” then click “Florida,” then click “Collier County,” and then click the “Collier County **Land Development Code.**” The codified ordinance may not be current. To find ordinances that have amended the **LDC** since its most recent codification, go the Collier County Clerk’s website at <https://collierclerk.com/records-search/search-board-records/> click “Board Minutes and Records”, then “Validated Ordinances” and then click the year of the ordinance. Members of the general public may find it difficult to search through the minutes to locate an **LDC** provision they are interested in. A member of the Zoning Division staff can assist you with finding the most current ordinances that affect development in your neighborhood or of your property.

General descriptions and the amended LDC section for each ordinance can be searched by clicking on the County’s Land Development Code website at the following hyperlink: <https://www.colliercountyfl.gov/government/growth-management/divisions/planning-and-zoning-division/land-development-code-and-amendments/approved-ordinances>.
