TEMPORARY CLOSURE NOTICE: BAYVIEW PARK

Next week, from Monday, Apr. 16 to Friday, Apr. 20, Collier County will be closing Bayview Park.

The Coastal Zone Management Department announced the temporary closure of the Bayview Park Boat Ramp in order to accommodate the dredging of the bay. The Developer Collier Enterprises is in the process of dredging for its Hamilton Harbor project and as part of the development's PUD approval, the bay waters will be dredged to benefit the general public.

Bayview Park is located off Danford Street and has a two lane boat ramp facility.

Coastal Zone Management anticipates the boat ramp to reopen for the weekend. Should there be any further changes with the closure, the department will notify the public through the media immediately.

For information about the dredging project call Coastal Zone Management Director Gary McAlpin at (239) 530-5342.
