

PUBLIC UTILITIES DIVISION NOTICE

Per Ordinance 2006-27, Appendix A, Schedule 7, Allowance for Funds Prudently Invested (AFPI) Fees are due upon collection of water and/or wastewater impact fees effective October 1, 2006. Per Resolution 2008-203, Appendix A, Schedule 7 has been updated and is effective beginning October 1, 2008.

AFPI fees are one time fees determined by the month in which the water and wastewater impact fees are paid to the County. The AFPI fees are assessed per the Equivalent Residential Connection (ERC) value of the facility. Single family, individually metered homes under 5000 s.f. of living space with no more than four toilets have a value of 1 ERC for water and 1ERC for wastewater. The ERC value of all other facilities is determined prior to issuance of the building permit. If you have any questions regarding the ERC value of your facility, please contact your engineer of record or contractor, or the Public Utilities Operations Department at 239-252-4215.

AFPI fees will be applied to the first utility bill for the permitted facility in accordance with the chart below.
