

RESIDENTIAL WATER-USE RESTRICTIONS

Collier County- Reclaimed Water Users

Effective: 1/15/08 – Enforced by Local Government Agencies

Irrigation

Restrictions apply to all residential reclaimed water users.

Odd-number Addresses:

- Water on **Monday, Wednesday AND/OR Saturday** from 12:01 a.m. to 8 a.m.

Even-number Addresses:

- Water on **Tuesday, Thursday AND/OR Sunday** from 12:01 a.m. to 8 a.m.

New Plantings, Sod or Landscape

In place less than 60 days:

- Water any days **Monday through Friday** from 12:01 a.m. to 8 a.m.

Hand Watering

For stressed plants, 10 minutes per day on any day using a single hose with an attached automatic shut-off nozzle.

Fertilizer and Pesticide Water-In and Irrigation System Repair

Not restricted, but voluntary conservation is recommended, and wasteful water use is prohibited. Attendant should be present.

Vehicle Washing, Pressure Washing and All Other Outdoor Water Uses

Allowed anytime; however, voluntary conservation is encouraged. When washing a car, park it over a non-paved surface to limit runoff and use a hose with an automatic shut-off nozzle. Limit boat rinsing to 15 minutes. Use pressure washing equipment with a flow rate of 1,000 to 4,000 pounds per square inch (psi). Indoor water use is not restricted, but voluntary conservation is encouraged.

Variances

You may apply for a variance from water restrictions. The application form and instructions are online at www.sfwmd.gov.

For more information about variances, call **(800) 432-2045**.

For more information on water shortage restrictions, visit our web site at www.sfwmd.gov/conserv or call our **Water Conservation Hotline at (800) 662-8876** to request more information.

COMMERCIAL WATER-USE RESTRICTIONS

Collier County- Reclaimed Water Users

Effective: 1/15/08

Enforced by the South Florida Water Management District

South Florida Water Management District permitted water users – large water users such as golf courses, nurseries, agriculture and recreation areas are required to achieve a 45% reduction in their overall water consumption. Permit holders report usage weekly to the South Florida Water Management District.

Reclaimed Water

The use of 100% reclaimed water for irrigation is exempt from restrictions.

Golf Courses

Golf courses must reduce their allocated water use by 45%. They are not restricted to watering at certain days or times. Where possible, golf courses should limit watering to early mornings or evenings to reduce water loss through evaporation. Permit holders must report their weekly water usage at www.sfwmd.gov/consERVE

Agriculture

Agricultural water users may not use overhead irrigation systems from 10 a.m. to 2 p.m. Stress reduction watering for field-grown citrus nursery stock is allowed daily for 10 minutes per irrigation zone from 11:30 a.m. to 12 p.m., and from 1:30 p.m. to 2 p.m. Hand-watering and low-volume irrigation should be voluntarily reduced.

Plant Nurseries

Nursery owners may operate overhead irrigation systems seven days a week from 8 a.m. to 6 p.m. for inside or shaded plants, and from 7 p.m. to 5 a.m. for outside plants. Stress reduction watering for containerized stock is permitted from 10 a.m. to 4 p.m. for 10 minutes per irrigation zone. Hand-watering should be voluntarily reduced.

No irrigation is allowed on days with sufficient rainfall. Users shall install a rainfall cut-off switch or similar measuring device to determine when there has been enough rain to meet irrigation demands.

Tennis Courts, Sports Turf and Other Athletic Facilities

To maintain safe playing field conditions, sports turf can be watered 20 minutes anytime between 11 p.m. on the preceding day to 7 a.m. on Tuesdays, Thursdays and Sundays. For example: watering can occur between 11:30 p.m. and 11:50 p.m. on Monday night, or from 6 a.m. to 6:20 a.m. on Tuesday morning.

Clay or Har-Tru tennis courts may be watered daily at 10 a.m. and 10 p.m. for up to 10 minutes.

Infields can be watered twice daily, once before 9 a.m. and once after 4 p.m. for up to 10 minutes.

Water Utility Line Flushing

Utility water line disinfection and flushing may be done as needed for public health and safety purposes. The utility should divert the water to a pervious area and not allow it to flow into roadways or to collect on impervious surfaces. The utility is required to post a sign at any flushing location informing the public of the health and safety purpose and indicating that the action is in compliance with water-use restrictions.

Variances

You may apply for a variance from water restrictions. The application form and instructions are online at www.sfwmd.gov. For more information about variances, call **(800) 432-2045**.

For more information on water shortage restrictions, visit our web site at www.sfwmd.gov/consERVE or call our **Water Conservation Hotline at (800) 662-8876** to request more information.
