- Please note that this is not a comprehensive list of all Certified Arborists working in SW Florida. This list is comprised of Certified Arborists from whom we have received arborist reports in the past and have agreed to be put on a list for public distribution.
- The following resources are among many you can use to research Certified Arborists and their credentials: the yellow pages of your local phone book, www.isa-arbor.com, FNGLA.com, University of Florida Community Extension Office (located on Immokalee Rd.).
- Always ask for a copy of the Arborist's Certificate before contracting with them for a County required Arborist Report.
