## Enclosing Lanais/Porches with Vinyl or Acrylic Windows.

1. A permit shall be required for all installations.
2. Engineering documentation need not be provided as long as product approval and fastening details are submitted.
3. Per FBC 2002.3, all vinyl and acrylic shall be removable. Removable panels shall be identified by a decal. The identification decal shall essentially state "Removable panel SHALL be removed when wind speeds exceed 75 mph. Decals shall be placed such that the decal is visible when the panel is installed.
4. A final building inspection shall be required to insure that all the above requirements have been satisfied.
5. A fire plan review and inspection shall be required in all commercial/multi-family applications.

A handwritten signature in blue ink, appearing to read "Gary Harrison", written over a horizontal line.

Gary Harrison CBO  
Interim Deputy Building Official  
Chief Building Inspector
