

# Brock Selected Collier County Government Employee of the Month

Mary-Jo Brock, administrative assistant in the County Manager's Office, was selected Collier County government's Employee of the Month for January 2008.

An employee of Collier County government since 1998, Brock manages the administration aspects in the County Manager's office, oversees the Board of County Commissioners boardroom schedule, and is instrumental in producing bi-monthly BCC agendas.

"Mary-Jo's work is consistently accurate and professional," said Deputy County Manager Leo Ochs. "She is a joy to work with and a great asset to the county."

Brock spends a large portion of her time interfacing with residents to answer local government questions and assist them with accessing online agenda items, as well as working with citizens to submit items for discussion prior to the Collier County Board of County Commissioners' meetings.

"I have enjoyed my 10 years with Collier County government and take great pride in being part of the County Manager's team," said Brock.

A native of Long Island, N.Y., Brock moved to Naples with her family in 1998.
