

Green Boulevard Extension Corridor Study

Aesthetic Opportunities and Constraints

1 Existing I-75 Vegetation

Opportunity to:

- ♦ Trim or remove existing exotic vegetation to provide views of distinctive bridge
- ♦ Buffer homes adjacent to I-75

Constraints:

- ♦ Block views of attractive bridge from I-75
- ♦ Requires FDOT coordination
- ♦ Wetlands are protected

2 Existing Conservation Areas

Opportunity to:

- ♦ Create scenic views
- ♦ Re-introduce native plantings
- ♦ Utilize native plantings
- ♦ Buffer homes adjacent to Green Boulevard
- ♦ Impart a wooded, boulevard roadway effect

Constraints:

- ♦ Soils may be wet, poorly drained

3 Green Boulevard

Opportunity to:

- ♦ Create sequence of space, utilizing existing native landscape
- ♦ Develop pedestrian and bicycle pathways
- ♦ Provide connection for neighboring communities
- ♦ Create a themed landscape

Constraints:

- ♦ Limited ROW for plantings
- ♦ Existing numerous private driveways

4 Green Boulevard Bridge Crossing

Opportunity to:

- ♦ Create distinctive bridge icons
- ♦ Provide a dynamic landscaped approach
- ♦ Frame views outward
- ♦ Accentuate bridge

Constraints:

- ♦ FDOT design oversight

5 Gateways

Opportunity to:

- ♦ Provide native and feature landscaping
- ♦ Transition to a Green Boulevard theme
- ♦ Connect to existing pedestrian path systems

6 Lakes & Ponds

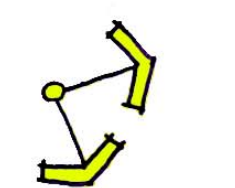

Opportunity to:

- ♦ Provide views from Green Boulevard bridge
- ♦ Create habitat for native wildlife
- ♦ Utilize native plantings
- ♦ Enhance water quality

Constraints:

- ♦ Fencing requirements
