

Changes to the Collier County Adopted Budget

Changes to the Collier County Adopted Annual Budget are made in accordance with Chapter 129, Florida Statutes which is titled “County Annual Budget”.

Changes to the Adopted Budget are controlled with numbered budget amendments approved by the Board of County Commissioners (Board). The Office of Management and Budget reviews all budget amendments for accuracy and assigns each individual budget amendment a unique budget amendment number. Numbered Budget Amendments are forwarded to the Clerk to the Board’s Finance Department for review and posting to the County’s Accounting System.

Individuals and parties interested in reviewing individual budget amendments or total budget amendments by Fund may inquire with either the Collier County Office of Management and Budget (239-252-8973) or with the Clerk to the Board’s Finance Department (239-774-8485).

The Adopted Annual Budget book is not amended. Approved Budget Amendments are posted to the County’s Accounting System.
