(Naples, FL) -The Collier County Public Library has expanded its services to include Adobe PDF eBooks as part of the department's downloadable media collection.

Following the emerging eBook reading trend, patrons can now download Adobe PDF eBooks 24/7 from the library's website at http://digitalbooks.collier-lib.org. More than 600 eBooks are available initially and can be downloaded for reading on Windows-based PCs, some Macintosh computers, Sony eBook Readers, Pocket PCs and Palm devices.

The Library's downloadable media collection allows patrons to access the growing collection of best-sellers, new releases, and classic titles. A valid library card is required. Once downloaded, digital titles can be enjoyed on a computer or transferred to supported mobile devices.

To read eBook titles, patrons will need to download Adobe Reader 7 or the Adobe Digital Edition. This free and easy-to-use service is provided by the Collier County Public Library and powered by OverDrive, Inc.
