## Recreation Education Activities Leisure

*Our mission is to benefit the well-being of the people, community and environment of Collier County.*

The Collier County Parks and Recreation Department invites you to visit one of our beautiful recreation centers, parks or beaches to...

*PLAY, CONNECT & DISCOVER*

Our department strives to contribute to your quality of life. A balance between work and play, opportunities for personal growth and community involvement, and a sense of both belonging to and ownership of the place one inhabits are all fostered by the green spaces and recreation activities Parks and Recreation provides. In this guide, you will see programs listed for every community park and fitness center - so come in and visit a facility today!

**You can make a difference in a child's life!**

Project STAR provides more than the satisfaction that comes with helping improve the health and wellbeing of children. It delivers a rare opportunity to witness young lives lifted over time.

Your contributions are not given directly to a child. Instead, your contributions are pooled with other contributors to provide community-based programming for all eligible children in the area. Your generous contributions help send a child to our Summer Camp Program, After School Program and any program offered by Collier County Parks and Recreation. Thank you for helping children in your community.
