

Sidewalk Extension from Wiggins Pass Road to Linear Park

- Connects proposed Linear Park to East side of the Wiggins Pass and Vanderbilt intersection.
- Creates pedestrian access on both sides of Vanderbilt.
- Improves pedestrian mobility.

| ITEM | Price Range | |
|--|-----------------|-----------------|
| | Approx. Minimum | Approx. Maximum |
| 6" Thick Concrete Sidewalk (Includes regrading of existing ditch and minor landscape restoration) | \$18,000 | \$22,000 |
| Total | \$18,000 | \$22,000 |

Sidewalk Extension on East Side on Vanderbilt next to St. John’s Church

(Depicted in Red)

- Approximately 300 linear feet of concrete sidewalk to extend existing dead end sidewalk.
- Provide safe crosswalk to opposite side of roadway.
- Opportunity to provide alternate access to rear of Naples Park Elementary School.

| ITEM | Price Range | |
|--|-----------------|-----------------|
| | Approx. Minimum | Approx. Maximum |
| 6" Thick Concrete Sidewalk (Includes regrading of existing ditch and minor landscape restoration) | \$5,400 | \$6,600 |
| Total | \$5,400 | \$6,600 |

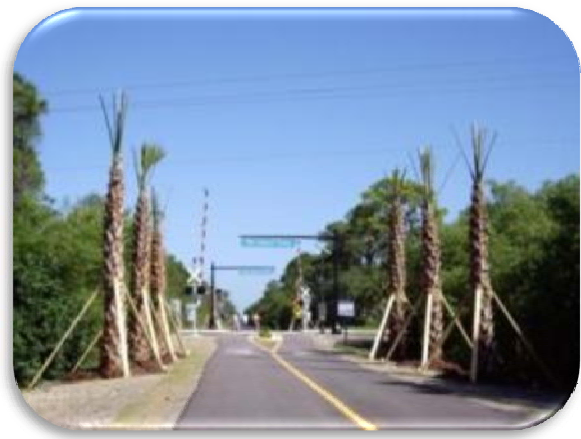

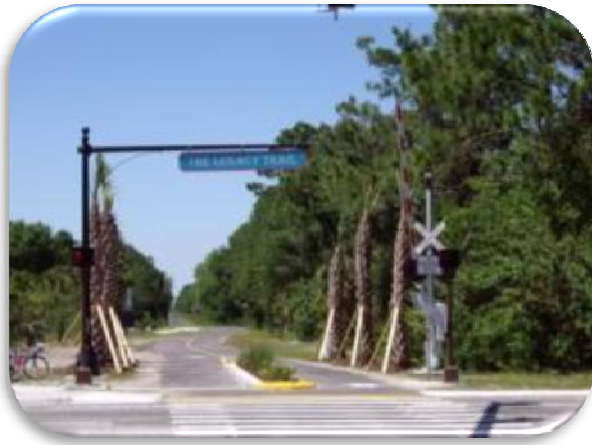

Sidewalk Back Connection to St. John's Church and Elementary School

- Alternate access to trail.
- Requires private funding/assistance and coordination with School Board.

| ITEM | Price Range | |
|--|-----------------|-----------------|
| | Approx. Minimum | Approx. Maximum |
| Existing sidewalk in place requires connection to elementary school and easements. | TBD | TBD |
| Total | TBD | TBD |

Landscape/Intersection Crossing

- Raised curb at center of the trail for landscape island.
- Variety of landscape that may include palms, trees, shrubs, groundcover, and mulch.
- Colored raised pavement at intersection crossing to warn trail users.
- Pavement marking depicting trail traffic flow direction.
- Crosswalk.
- Solar-powered, flashing, timed crossing light.

| ITEM | Price Range (Each) | |
|--------------------------|--------------------|-----------------|
| | Approx. Minimum | Approx. Maximum |
| Landscape | \$6,000 | \$9,000 |
| Colored Pavement | \$4,800 | \$7,000 |
| Pavement Marking | \$2,000 | \$3,000 |
| Solar Powered/Time Light | \$3,500 | \$4,500 |
| Total | \$10,900 | \$23,500 |

Rest Station

- Designated place to stop along the trail that consists of a concrete pad, bench, bike rack, trash receptacle, and covered shelter.
- Rest areas occur every mile and are located with consideration given to existing grade, shade, existing vegetation, views, environmental conditions, and security.
- Landscape includes low shrubs, groundcovers, and palm trees.

| ITEM | Price Range (Each) | |
|-------------------|--------------------|-----------------|
| | Approx. Minimum | Approx. Maximum |
| Concrete Pavement | \$3,500 | \$5,000 |
| Shelter Structure | \$15,000 | \$19,000 |
| Landscape | \$2,600 | \$3,500 |
| Total | \$21,100 | \$27,500 |

Covered Shelter Structures

- Shelter structure to be located at rest stations.
- Can be located with a variety of amenities.

Rustic Option

Shelter Structure

- More natural look.
- Potentially higher maintenance.
- Recommended at rest stations located in more natural areas such as existing State Park.

| ITEM | Price Range (Each) | |
|--------------|--------------------|-----------------|
| | Approx. Minimum | Approx. Maximum |
| Shelter | \$15,000 | \$16,500 |
| Total | \$15,000 | \$16,500 |

Urban Option

Shelter Structure

- Lower maintenance.
- Vandal resistant.
- Recommended at rest stations located in more urbanized areas of the trail corridor and where core population/economic activity centers occur.

| ITEM | Price Range (Each) | |
|----------------------|--------------------|-----------------|
| | Approx. Minimum | Approx. Maximum |
| Kaleidoscope Shelter | \$17,000 | \$19,000 |
| Total | \$17,000 | \$19,000 |

Benches

- Benches to be located at every rest station and four additional benches to be located intermittently along the rest of the corridor.

Option 1

Bench (Urban)

- Durable.
- Vandal resistant.
- Modern look.

| ITEM | Price Range (Each) | |
|--------------|--------------------|-----------------|
| | Approx. Minimum | Approx. Maximum |
| Bench | \$3,000 | \$3,500 |
| Total | \$3,000 | \$3,500 |

Option 2

Bench (Recycled)

- Made with PolySite™ from 100% high density polyethylene (HDPE), derived from recycled post-consumer packaging such as milk containers.
- Resistant to moisture, corrosive substances, insects, and other environmental stresses.
- Natural color.

| ITEM | Price Range (Each) | |
|--------------|--------------------|-----------------|
| | Approx. Minimum | Approx. Maximum |
| Bench | \$3,000 | \$3,500 |
| Total | \$3,000 | \$3,500 |
