The rural boundaries are often infringed by urban developers. To keep G.G. estates serene and natural all commercialization needs to be at or on 951. This would prevent commercialization for overtaking the purity of Nature. We do not mind driving to 951 to do our shopping to keep our neighborhood as nature and commercial free.

8. If you or members of your family have ever been dissatisfied with something that happened in your Golden Gate Estates neighborhood, please describe in your own words what led to your dissatisfaction in the spaces provided below.

Watching the G.G. Civic Assoc. run roughshod over the attempt to open a commercial retail grocery store on Randall Blvd several years ago. The "old guard" want G.G.E. to remain as it was 25 yrs ago. That is not why newer residents moved here. Affordability. We want a need services.

I have not had any neighborhood concerns or problems that caused me to be dissatisfied.

9. What is important to you and your family in maintaining the quality of life that led you to purchase or rent a home in Golden Gate Estates? Please write in those living conditions you feel it is important to maintain in your neighborhood in the spaces provided below.

Affordability. Less restrictive code enforcement. Less of a "big brother" is watching you feeling. Larger lots & a more homey feel. I don't feel encroached upon. Out here I don't have to worry about seeing my neighbor in their bathroom out of my window.

10. What do you see as the top concern of Golden Gate residents over the next two or three years? Please be as specific as you can when describing what you believe most needs attention by County government. Include any services County government should be providing in your neighborhood that you believe are needed.

Lack of services. Grocery, retail & commercial.

Traffic flow needs attention. G.G. Blvd was a good start. What about Immoallee Rd east of 951? Try that between 6 + 8 am some morning heading west.

8. If you or members of your family have ever been dissatisfied with something that happened in your Golden Gate Estates neighborhood, please describe in your own words what led to your dissatisfaction in the spaces provided below.

I have been dissatisfied with Road improvements. It looks like they are oriented to the people in town more than the people of Middle class. Immokalee Ro. & oil Well should have been improved long time ago. Why is the City giving permits for so many houses if Roads can not support it = What are we going to do after Ne Maria?

I have not had any neighborhood concerns or problems that caused me to be dissatisfied.

9. What is important to you and your family in maintaining the quality of life that led you to purchase or rent a home in Golden Gate Estates? Please write in those living conditions you feel it is important to maintain in your neighborhood in the spaces provided below.

I moved here because I liked the peace & quiet of Golden G. Estates. I don't want to see my town turned into a major city. Closer business yes, but no destruction of habitat & removal of pine trees! = Commercial Zoning for Wilson & Immokalee Ro. by Orange Tree is OK.

10. What do you see as the top concern of Golden Gate residents over the next two or three years? Please be as specific as you can when describing what you believe most needs attention by County government. ① More officers watching over our homes &  
② when burglaries happen - do more than come over & write a report. An investigation would be appropriate & solve some cases.  
③ Officers aggressive with childrens programs.  
④ Children need a way & ⑤ a place for fun (other than a park.)

8. If you or members of your family have ever been dissatisfied with something that happened in your Golden Gate Estates neighborhood, please describe in your own words what led to your dissatisfaction in the spaces provided below.

The rapid rise of construction brings heavy equipment operators in neighborhoods, along with the awful glut of dump trucks, posing traffic hazards for residents, as well as safety concerns. Dump trucks travel way too fast!

I have not had any neighborhood concerns or problems that caused me to be dissatisfied.

9. What is important to you and your family in maintaining the quality of life that led you to purchase or rent a home in Golden Gate Estates? Please write in those living conditions you feel it is important to maintain in your neighborhood in the spaces provided below.

Yes, we want peace & quiet and we had hoped to not be so close to other homes. We want other residents to keep their property nice, clean, without 20 cars in the driveway. You don't want to see 5 families in one house either.

10. What do you see as the top concern of Golden Gate residents over the next two or three years? Please be as specific as you can when describing what you believe most needs attention by County government. Include any services County government should be providing in your neighborhood that you believe are needed.

too much growth -  
we also are desperate for grocery stores and other shopping facilities. A hispanic grocery store won't cut it. Not everyone out here is hispanic.

8. If you or members of your family have ever been dissatisfied with something that happened in your Golden Gate Estates neighborhood, please describe in your own words what led to your dissatisfaction in the spaces provided below.

Basically problems with unattended animals (domestic) + children. While I like being close to nature, I have never felt welcome. There is not a sense of community - people keep to themselves - I feel like a foreigner.

I have not had any neighborhood concerns or problems that caused me to be dissatisfied.

9. What is important to you and your family in maintaining the quality of life that led you to purchase or rent a home in Golden Gate Estates? Please write in those living conditions you feel it is important to maintain in your neighborhood in the spaces provided below.

Improved jobs (employment opportunities) with fair pay and benefits. Employers also need to take responsibility to hire ~~legal~~ people that are in the US legally. I know first hand of a company that knowingly hires illegal aliens - it's cheap labor but brings down the economy in general. All citizens eventually lose.

10. What do you see as the top concern of Golden Gate residents over the next two or three years? Please be as specific as you can when describing what you believe most needs attention by County government. Include any services County government should be providing in your neighborhood that you believe are needed.

1. GGE residents need to take responsibility and ownership for the quality of their residents. Keep your yard clean - respect the environment - Don't over use the water - xeriscape.

2. You don't need twice weekly garbage pick-up - this discourages recycling. People are lazy about separating their garbage - reduce to pick-up

1 day/week and you <sup>Page 5</sup> will eventually see recycling increase, you will reduce your waste mgt. costs and additional cost reductions - Too much to go into here.

I think it would be nice if we had more stores near by. Sidewalks past Wilson Blvd would be great.  
A Publix on the corner of Wilson & the Blvd (or) Wilson & Immokolee rd.  
A Super Wal-Mart would be even greater!!!

Traffic is already a concern. It has helped with the 4 lancing, but people are moving out here because its affordable and the traffic is bad now. In 2 or 3 more years it will be really bad.
