8. If you or members of your family have ever been dissatisfied with something that happened in your Golden Gate Estates neighborhood, please describe in your own words what led to your dissatisfaction in the spaces provided below.

- ① People allow their property to become dumping grounds for unwanted/junk cars, boats. I've even seen (on my street) container trucks in the front of the property for weeks/months while being loaded with old furniture, bundles of clothing, etc. to be shipped somewhere.
- ② Dogs - large dogs - running loose. These are people's pet dogs - not strays, although we also have seen strays.
- ☐ I have not had any neighborhood concerns or problems that caused me to be dissatisfied.

9. What is important to you and your family in maintaining the quality of life that led you to purchase or rent a home in Golden Gate Estates? Please write in those living conditions you feel it is important to maintain in your neighborhood in the spaces provided below.

10. What do you see as the top concern of Golden Gate residents over the next two or three years? Please be as specific as you can when describing what you believe most needs attention by County government. Include any services County government should be providing in your neighborhood that you believe are needed.

Crime, drug dealing, "unsafe" areas in Golden Gate City. I bypass stores in G.G.C. to shop in other areas because of people "hanging out" near stores.

There are too many dogs running loose on our road. A neighbor's fenced yard was entered by vicious dogs and some of their pets were killed. These dogs run into traffic and are a safety issue with so many children on our road. Also people walking dogs on leashes let them defecate on/by our trash/mailbox (others too (neighbors) I'm sure

☐ I have not had any neighborhood concerns or problems that caused me to be dissatisfied.

9. What is important to you and your family in maintaining the quality of life that led you to purchase or rent a home in Golden Gate Estates? Please write in those living conditions you feel it is important to maintain in your neighborhood in the spaces provided below.

Traffic on our road is minimal due to the fact the road is only 1 mile long and used mainly by the residents only. It is not usually traveled by any one unless they have reason to be on this road. People take excellent care of their property and everyone leaves their neighbors alone yet watches out for suspicious activity.

10. What do you see as the top concern of Golden Gate residents over the next two or three years? Please be as specific as you can when describing what you believe most needs attention by County government. Do not allow duplexes or apartment house building out here. Keep it single family homes. There are many people working during the day. Increase Sheriff patrols on these roads off of 39th St. S.W. to watch for suspicious activity. Put some rain coverings, Bike Racks and benches at the bus stops on 39th St. S.W. School population is increasing out here.

When my home was built in 1996 I was residing in R.I. until completion, I visited the scene of building the home and noticed a large hole (empty) and I instructed builder to cover it. He said he would "take care of it." Upon our arrival in July 1996, we were surprised to see three large empty holes which were very deep. Called builder and was told he would not take care of it. - if installed with gutter.

9. What is important to you and your family in maintaining the quality of life that led you to purchase or rent a home in Golden Gate Estates? Please write in those living conditions you feel it is important to maintain in your neighborhood in the spaces provided below.

We wished to have a home in the rural parts of the county, since my wife and I like to have gardens and plants since we were both retired. Most neighbors are very friendly and concerned about the area. Some, however, have dogs that run wild and dirty the area and run through the gardens and area without tags.

Please be as specific as you can when describing what you believe most needs attention by County government. I truly believe that some sort of shopping mall or area for markets, restaurants, etc. should be established within the area of Collier County Golden Gate Estates, thus making it easier and quicker for many of us to be able to accomplish a faster and quicker, closer, and more convenient for the families in the area.

RESIDENTS HAVE NO CONSIDERATION OR RESPECT FOR THEIR NEIGHBORS

I had presented a list of problems to Tim Constantine, as witnessed by Vicki Isaac in 1997. There was no resolve. I was raised in NHB, FL. I see that what happened there is the fore cast for here. There is no hope! It is just a matter of time. I was blessed with other realty. My Page 5 experiences have hit our lows. These are all being passed on so others will not have to experience all of this, and lose any investments. A. Carliles 455-9351. I have a problem or concern with all the mining "fill pits" that are being dug in residential areas & sold commercially. There are 16 that have been dug and one about to be dug less than 1500 feet from my home. I did not buy a canal fronted lot because I did not want my children to have access to water.

☐ I have not had any neighborhood concerns or problems that caused me to be dissatisfied.

9. What is important to you and your family in maintaining the quality of life that led you to purchase or rent a home in Golden Gate Estates? Please write in those living conditions you feel it is important to maintain in your neighborhood in the spaces provided below.

I liked the fact that I could purchase the acreage that I wanted and not have neighbors on top of me.

Please be as specific as you can when describing what you believe most needs attention by County government. Include any services County government should be providing in your neighborhood that you believe are needed.

I feel that traffic is always going to be a huge concern in GGE. I'm not sure what the solution is to this, maybe more police officers, widening of Immokalee Rd & functioning traffic lights.

I feel that drainage should be addressed. My properties do not flood because of too much rain but because the drainage into the canals was not done properly. My neighbor dug the ditches and the rain water drained into the canals in a timely fashion. FEMA should declare the entire estates a flood zone because of inadequate drainage. I will not pay for flood insurance that I will never be able to use.

8. If you or members of your family have ever been dissatisfied with something that happened in your Golden Gate Estates neighborhood, please describe in your own words what led to your dissatisfaction in the spaces provided below.

The only thing I have been dissatisfied with is the fact that people feel that they can let their dogs run loose. I can not take a walk down my street + feel safe from the dogs, since I have been chased/attacked a couple of times. There should be Leash laws or they should be kept behind fences only.

☐ I have not had any neighborhood concerns or problems that caused me to be dissatisfied.

9. What is important to you and your family in maintaining the quality of life that led you to purchase or rent a home in Golden Gate Estates? Please write in those living conditions you feel it is important to maintain in your neighborhood in the spaces provided below.

The reason we purchased our home in the estates was to be able to live out in a rural or country-like setting, away from traffic + industry, but still be close enough to the main part of the city for work + shopping. We love the land + the peace + quiet.

10. What do you see as the top concern of Golden Gate residents over the next two or three years? Please be as specific as you can when describing what you believe most needs attention by County government. Include any services County government should be providing in your neighborhood that you believe are needed.

We cleared our land last yr.,

over 20 pinetrees + tons of "natural"
Florida plants! Fix the roads +
traffic... not peoples flowers!

Quietness for one ... in the amount

has grown + so has the developing in

homes on our Street! We should
really make a "per street" house
law, only so many!

the County calls it concerning
Picayune Strand

We the Community have cleaned +
maintained it since the 1800's, + now
the County has stepped in! Big mistake
because now people don't care how
they treat it anymore. I have never seen
so much trash! Some help is great! The
more you take over, I fear, the worse
it will get!
