Recreation Education Activities Leisure

Our mission is to benefit the well-being of the people, community and environment of Collier County.

The Collier County Parks and Recreation Department invites you to visit one of our beautiful recreation centers, parks or beaches to...

PLAY, CONNECT & DISCOVER

Our department strives to contribute to your quality of life. A balance between work and play, opportunities for personal growth and community involvement, and a sense of both belonging to and ownership of the place one inhabits are all fostered by the green spaces and recreation activities Parks and Recreation provides. In this guide, you will see programs listed for every community park and fitness center - so come in and visit a facility today!

You can make a difference in a child's life!

Project STAR provides more than the satisfaction that comes with helping improve the health and wellbeing of children. It delivers a rare opportunity to witness young lives lifted over time.

Your contributions are not given directly to a child. Instead, your contributions are pooled with other contributors to provide community-based programming for all eligible children in the area. Your generous contributions can help send a child to our Summer Camp Program, After School Program or any program offered by Collier County Parks and Recreation. Thank you for helping children in your community.

DID YOU KNOW?

Parks and Recreation Department of Collier County is accredited by Commission for Accreditation of Parks and Recreation Agencies (CAPRA) and recently received the distinguished Agency Excellence award from the Florida Recreation and Parks Association (FRPA).

Freedom Park is a 50-acre water quality treatment park designed to reduce harmful pollutants from entering in Naples Bay and to ease flooding concerns in surrounding areas. This park, through the application of an interconnected system of ponds, marshes, and wetlands will function as a natural filtration system similar to the Everglades.

Our Park Rangers conduct interpretive programs at Barefoot Beach, Tigertail Beach, Eagle Lakes Community Park and various other locations around the county. Programs include canoe trips, shell and sea turtle talks, birding and more. 2,161 people participated in one of these programs between October, 2009 and May, 2010. If you are interested in having a biologist or ranger come to your location, please call (239) 252-2952.

Our marinas use diesel fuel and mid-grade non-ethanol fuel at the pumps.
