You can make a difference in a child's life!

Project STAR provides more than the satisfaction that comes with helping improve the health and well-being of children. It delivers a rare opportunity to witness young lives lifted over time.

Your contributions are not given directly to a child. Instead, your contributions are pooled with other contributors to provide community-based programming for all eligible children in the area. Your generous contributions can help send a child to our Summer Camp Program, After School Program or any program offered by Collier County Parks and Recreation.

Thank you for helping children in your community.
