

**EXECUTIVE SUMMARY**  
**Reports & Presentations**  
**Item 6B**  
**Public Participation Plan**

**Objective:**

To provide the Committee with the draft Public Participation Plan.

**Considerations:**

Collier County Alternative Transportation Modes (ATM) staff is currently developing a public participation plan. Previously, the Collier County Board of County Commissioners (BCC) adopted the Collier Metropolitan Planning Organization's (MPO) Public Involvement Plan (PIP). However, due to the MPO's recent PIP amendments which did not include a provision for transit specific documents, it became necessary for ATM staff to develop the public participation plan (PPP). The PPP must be out for public comment for a minimum of 45 days prior to BCC action.

ATM staff will be asking for endorsement of the PPP at the next advisory committee meeting and will be taking the final PPP to the BCC in September 2013.

**Recommendation:**

Review the Public Participation Plan and provide comments to staff.
