**RE: Forest Lakes – Monthly Maintenance Report (Site Review 11/13/13)**

The following is a brief maintenance status report for the Forest Lakes Phase 1 areas:

- Significant weed infestation in the primary entry median, especially along entire Pine Ridge tip and south east end and along east back of curb. Southeast tip of main median has large brown patches.(Irrigation?)
- Several large ant hills in circle median plant beds. Trim / lower Big Rose height-leggy. 40-50% have been trimmed along west side, east side needs done and circle median.
- Entry medians and directory sign plant beds need to be remulched.
- Remove broken limb from Golden Rain Tree behind directory sign and adjacent to the parking lot Ficus hedge.
- Directory sign needs to be pressure washed. Cap rock boulders also. (Who handles this?)
- Trim suckers off Cassias at Camelia Lane
- Clean cob webs on Street light at Daisy Lane.
- Remove burlap from Sabal Palms in the Gardenia culdesac median and trim suckers on Crepe Myrtles.
- Trim Cassia suckers between Ivygate and happolo and at Milkwort
- Trim low limbs on HK orchids between Narita and Milkwort
- Trim suckers on two Orange Geigers at the south end of the road by the Gordon River extension west of the first house heading east.
- One recently replaced Jacaranda is stressing between Rose Petal and Salvia. Monitor closely and replace if necessary.
- Replace dead Yellow Elder between Salva and Tuppence
- Trim suckers on Orange Geigers between Unica and Tuppence
- Trim suckers on Cassias between Vinca and Wisteria

Please email or call me if you have any questions.

Thanks,

Scott Windham, ASLA
