Item 6C
2040 Long Range Transportation Plan

Objective:

To introduce Collier County's 2040 Long Range Transportation Plan to the Public Transit Ad Hoc Advisory Committee members.

Considerations:

In a collaborative effort with the Collier Metropolitan Planning Organization, Alternative Transportation Modes staff works together every five years Collier County to update its Long Range Transportation Plan (LRTP). The purpose of this plan update is to advance a 20-year planning horizon, and adopt a cost feasible plan that encourages and promotes a safe and efficient multi-modal transportation system that serves the future year's transportation demands. The LRTP is intended to serve the overall mobility needs of the area, while also being cost effective and consistent with national, state and local goals and objectives.

Recommendation:

Provide staff with feedback of areas that need improvements.
