RE: Collier County Floodplain Management

Dear Mr. Martin:

Collier County is developing a Floodplain Management Plan to address the flood hazards and associated stormwater and local drainage issues that impact the community. This planning process incorporates the 10-steps of Activity 510-Floodplain Management Planning in the National Flood Insurance Program's (NFIP) Community Rating System (CRS) Program.

Our objective in reaching out to other agencies and stakeholders is to coordinate with those who may bring additional information to the planning process and associated flood issues within Collier County. Any information, studies, etc. which may supplement the work of the established Floodplain Management Committee would be welcomed. Additionally, we invite your participation at our committee and public meetings throughout the planning process. Dates for future meeting will be sent to you by Gail Hambright and posted on the County's website: <http://www.colliergov.net/index.aspx?page=7366>

Gary McAlpin, is the program manager for this project. He can be reached at (239) 252-5342 or garymcalpin@colliergov.net Additionally you can contact our planning consultant, David Stroud with AMEC at (919) 765-9986 or david.stroud@amec.com.
