Budget Book Format (how to use this book)

The Collier County Budget Document is organized into six sections. The Budget Summary Information, Departmental Budgets, Debt Service, Capital Improvement Program, Budget by Fund Summary, and the Appendix.

Please note that page numbering begins with page 1 for each of the six sections and for each of the Departmental Budgets. The electronic page numbering coincides with Budget Summary Section; however, physical page numbering of the remaining five sections does not. Each of the five sections following the Budget Summary starts with page 1. The table of contents does reference the proper page number within each of the sections.

Budget Summary Information

This section lists the names of the Board of County Commissioners, Constitutional Officers, Appointed Officials and the Office of Management & Budget Staff at the time of budget adoption. Here you will also find the County Organizational Chart and the comprehensive Table of Contents.

This section also includes summary information for Collier County as follows:

Budget Book Format (how to use this book): This area describes the major sections of the Budget Book and what they mean.

Budget Message from the County Manager (transmittal letter): This letter from the County Manager formally transmits the annual budget to the Board of County Commissioners and the Citizens of Collier County. It summarizes the significant factors affecting Collier County's current budget development and an overview of major fiscal issues.

Economic Overview: Provides a brief history of Collier County, demographics and the affect of current economic conditions.

Vision and Strategic Goals: This section describes the current County Vision and Strategic Goals, various organization-wide long and short-range planning processes and cycles, and how they affect the budget process.

Budget Policies and Procedures: Includes a narrative on the annual budget development process, current year and standing Budget Policies of the County, Budget Review procedures, the Budget Amendment Process, and the current Basis of Accounting and Budget information.

Adopted Budget Summaries: Included in this section is the overall Budget Summary of Revenues and Expenditures for the County, including the Constitutional Officers. A second schedule is included that summarizes Governmental Funds by function and includes actual, prior year budget and current year budget amounts. The third schedule summarizes the current and prior year adopted budget by fund for all County funds.

Summary of Budget by Fund: This section provides a snapshot of prior and current year adopted budget total and the % budget change for each of the appropriated funds for Collier County. This Summary of funds is categorized by fund types.

Fund Structure, Fund Balance and Description of Funds Subject to Appropriation: This section outlines the County's fund structure, defines fund balances and summarizes the budgeted changes to fund balances grouped by Major and Non-Major Fund Type. This schedule shows the beginning fund balances, budgeted increases and decreases in total fund balance and the ending fund balance along with a discussion of significant planned changes.

Major Areas of Spending: This section summarizes the County's major areas of expenditures and revenues by function to provide information for the residents to understand where their money goes in support of the County Government.

Revenues: Provided in this section is the summary of the major revenues used by the County to operate the government. This section also includes a detailed discussion of the major revenues, their estimates, uses and historical trends, schedules of Property Tax Rates, Property Tax Dollars, and Taxable Property Values.

Employment Summary: This final section of the Summary provides information on the current staffing levels, changes in service and historical trends of the number of employees to the permanent population of Collier County.

Departmental Budgets

After the Summary Section, the book is organized according to County functional categories or Departmental budgets. The department budgets represent basic operating units and have been grouped and tabbed by operating division or agency. Department budgets are presented programmatically and by appropriation unit.

Program budgets provide a brief description of the program, the relative priority of each program in a department, the number of full time equivalent positions necessary to perform the program, FY15 dollars necessary for the program, offsetting revenues generated by each program, and the net cost of each program. The administration/overhead program encompasses the minimum level of service that is mandated by Federal or State law or judicial order and is necessary to protect the health and safety of Collier County residents or necessary to maintain capital asset value for a particular department. Programs above the administration/overhead level approved by the Board of County Commissioners are in priority order and reflect the community's demand for high quality services.

Performance measures are presented within the Departmental Budgets, linking each functional/programmatic area to the overall County Vision and Strategic Goals. These performance measures include the number of activities (quantitative) and the effectiveness of the actions (qualitative) for FY 13 actual results, forecast for FY 14, and budgets for FY 15. To improve the performance measure effort, the County has elected to participate in the Florida Benchmarking Consortium (FBC) performance measure program. County staff is an active participant in this statewide initiative. Performance measures are re-evaluated in conjunction with the County's strategic planning process and the desire to measure outcome based not only on available resources, but the one and five year strategic planning objectives.

The appropriation unit presentations, i.e. personal services, operating expenses and capital outlay, break out costs in two categories, current and expanded services. Current services reflect the ongoing cost of existing programs. Expanded services include new programs and enhancements to existing services. Budget highlights are incorporated to identify significant changes from FY14. The FY15 Adopted Budget is compared in the "Percent Change" column to the budget adopted by the Board of County Commissioners for FY14. In order to illustrate projected activity, a forecast of estimated revenues and expenditures for FY14 is presented. The rationale for projecting FY14 activity is to improve carryforward (fund balance) estimates and to reflect the policy/program decisions and budget amendments that occurred throughout the year. Also included is FY13 actual revenues and expenses that represent one year's history of financial activity.

Debt Service

This section contains a summary discussion and presentation of the debt for the County followed by the detail and descriptions of the current county-wide General Governmental debt service.

Capital Improvement Program

Provided in this section is a description of the County's Capital Program, current year planned expenditures, five year projections and detail on each capital project the County has planned and/or underway.

Summary Budget by Fund

Each fund utilized by the County is summarized here. Information includes the Fund number, Fund Type, Fund Description, actual amounts for FY13, Adopted FY14, Forecast FY14 and Adopted FY15.

Appendix

This section includes a glossary of commonly used terms and acronyms; the current year adopted budget policy as well as Statistical data from the Comprehensive Annual Financial Report (CAFR) for the county.

Office of the County Manager

Leo E. Ochs, Jr.

3299 Tamiami Trail East, Suite 202 • Naples Florida 34112-5746 • (239) 252-8383 • FAX: (239) 252-4010

January 15, 2015

To the Honorable Board of County Commissioners and the Citizens of Collier County:

As your County Manager, I am proud to provide you the Collier County, Florida, Adopted Budget for Fiscal Year (FY) 2015.

The FY 2015 budget was prepared within an improving economic environment which saw taxable values increase county-wide for the third (3rd) consecutive year. Median home prices are increasing at a pace higher than the state and national averages, visitation to the destination is at record highs, new construction permitting is escalating and the County's unemployment rate continues to drop. While these are positive economic signs, fiscal conservatism must co-exist with funding for priority service, program and infrastructure replacement and maintenance as the County moves forward with future financial planning.

Collier County continues to exhibit proactive and fiscally conservative budget practices for FY 2015 which included Board directed policy guidance requiring no increases in property tax rates; growth in General Fund reserves; fully funded and policy compliant debt management; and continued high priority asset maintenance and equipment replacement. Going forward, these practices in concert with the continued dedication of Collier County's workforce will provide the foundation for sustained quality service and program delivery in an environment where agency competition for limited resources remains the norm.

The comprehensive Adopted Budget Book, you are receiving today, contains precise details of the economic drivers, legislative impacts, and other background information that affects and influences the budgetary process. This budget is being made available, today, to County bond holders, other County creditors, contractors, state agencies, federal agencies, interested citizens and other users of budgetary information.

This budget document has been prepared in accordance with the requirements of the national Governmental Finance Officers Association (GFOA). The GFOA requirements provide assurance that the adopted budget reflects both the guidelines established by the National Advisory Council on State and Local Budgeting and the GFOA's recommended practices on budgeting.

The adopted budget is the most important document that the Board approves each year. It is the County's annual spending plan. It is comprehensive and includes both operational and capital expenditure controls. It is the authorization to commit, spend and execute Board direction and policies and provides measurement criteria to determine if the Board's Vision, Strategic Goals, Policies and Directives are being accomplished.

The following paragraphs provide summaries of key drivers/outcomes in the budget process.

Vision and Strategic Goals

This budget provides a road map of Collier County's efforts toward meeting its Vision Statement: **"We strive to be the best community in America to live, work, and play."** This is also consistent with the County's updated strategic focus areas (underlined) and associated short term and long term strategic goals, operational initiatives and tactical performance objectives which were endorsed by the Board of County Commissioners in February 2012.

- I. Quality of Place
To preserve and enhance the safety, quality, value, character, and heritage of our neighborhoods, communities, and region.
- II. Growth Management
To responsibly plan and manage community growth, development, redevelopment, and protect the natural environment.
- III. Community Health, Wellness and Human Services
To improve the quality of life and promote personal wellness, self-reliance and independence.
- IV. Infrastructure and Capital Asset Management
To responsibly plan, construct and maintain the county's critical public infrastructure and capital assets to ensure sustainability for the future.
- V. Economic Development
To support a business climate that promotes a sustainable, diversified, and growing economy.
- VI. Governance
To sustain public trust and confidence in county government through sound public policy, professional management and active citizen participation.

State of Taxable Property Valuation and Ad Valorem Taxes

While three (3) consecutive increases in county-wide taxable value since FY 2013 is good news, continued increases as projected by the State over the next four (4) years through FY 2019 at a rate of roughly six (6) percent annually would eliminate the remaining tax base loss of \$17.9 billion which remains from the economic collapse and housing bubble. Capturing the corresponding ad valorem revenue associated with taxable value increases to fund continued backlog asset and infrastructure replacement/maintenance will represent one of the most important policy decisions faced by the elected leadership.

Financially, the County's General Fund levy since FY 2008 has decreased \$30,229,000 due to cumulative taxable value reductions and the application of millage neutral tax rates since FY

2010. Despite this levy reduction, residents and visitors to the area continue to enjoy a high level of public service.

Overall property trends as depicted by building permit activity, land development applications, site plan applications and building inspections point to robust growth in the near term. While predicting much past one year is risky, all housing and community development indicators for Collier County point to continued positive housing activity in the immediate future.

Budget Development

The Board of County Commissioners annually provides guidance in the form of budget policy. This policy is approved in February of each year and includes direction covering tax policy, compensation, debt management, agency position limitations, health care, capital funding, reserves, and other economic and financial priorities within the organization. Also, a three-year projection of major ad valorem supported funds (General Fund and the Unincorporated Area General Fund MSTD) is conducted. Information on projected out-year tax rates, expenditure patterns and programs is presented to the Board.

The Board of County Commissioners (BCC) set rigorous budget guidance for FY 2015 requiring no increase in the General Fund or MSTD General Fund tax rate for the sixth (6th) consecutive year. Staff was able to present a budget that met guidance while accomplishing the following significant budget objectives;

- Beginning year General Fund cash balance protected without the introduction of new or expanded revenue sources while funding expanded operations and capital expenditure needs.
- Maintained with a positive outlook the County's investment quality credit rating.
- Balanced modest general governmental discretionary operational spending increases to agencies and departments with a continuing commitment to high priority public health and safety programs; asset maintenance and replacement; and non discretionary expenses.
- Continued investment in the County's workforce.
- General Fund and Unincorporated Area General Fund support for new and/or reprioritized operating and capital initiatives such as asset management; economic development; EMS facilities and operations; EMS helicopter; ambulances; sheriff substation and; digital enhancements to the county-wide public safety radio system.

Within the framework of a fully funded and policy compliant debt management program, the County continues to take advantage of historically low interest rates and reduced further the cost of borrowing through restructuring of the debt portfolio. Since July 2010, over \$379 million of general governmental debt has been refinanced. The cumulative net interest rate of the general governmental debt portfolio has been reduced from approximately five (5) percent to three (3) percent reducing the cost of borrowing by \$25.6 million over the life of the portfolio. Collier County's principal debt outstanding unaudited at 9/30/14 totals \$561 million. Of this amount, \$329 million is connected with infrastructure improvements necessitated by population growth and related service demands since 2004. The County's principal debt has been reduced by \$243

million since FY 2008. With the County continuing to aggressively pay down its current debt obligation and with no plans to issue new debt, approximately 50% of existing debt will be retired within the next 10 years. Annual principal and interest payments servicing the current outstanding debt represents 5.9% of the County's net adopted FY 2015 budget.

The General Fund's budgeted reserve position (all reserve types) has grown by \$12,460,700 since FY 2011 to \$26,670,700. This reserve position represents 8.5% of General Fund non reserve expenses and is slightly above the minimum policy threshold of 8.0% established within the FY 2015 adopted budget policy.

The adopted General Fund property tax rate of \$3.5645 for FY 2015 is above the statutory rolled back rate of \$3.4031 per \$1,000 of taxable value but is substantially lower than the FY 2003 millage rate of \$3.8772 per \$1,000 of taxable value. Overall, the County's aggregate adopted millage rate of \$4.1505 is slightly above the aggregate rolled back millage rate of \$3.9667. The adopted aggregate millage rate is a product of all property taxes levied under the County's authority including twenty three (23) MSTU's and other dependent districts and does not include debt service levies. Under a millage neutral taxing philosophy within an increasing taxable value environment, the rolled back rate will generally always be lower than the adopted rate.

FY 2015 Budget Outcomes:

- Budget guidance essentially met for the County Manager's Agency providing for modest operational service increases with an emphasis on capital/infrastructure repair and replacement.
- Millage neutral General Fund and Unincorporated Area General Fund tax rates yielding an additional \$15,558,200 in ad valorem revenue to support County Manager Agency and Constitutional Officer operations and service enhancements; replacement of deferred equipment and infrastructure maintenance; and support increased capital appropriations for public safety infrastructure, the transportation network, storm-water, general governmental buildings, and parks.
- Allocate \$8.5M toward backlog asset maintenance and replacement – the first of a five year program to eliminate an approximately \$50.8M cumulative general government asset backlog deficit.
- General Fund reserves increased.
- Debt service is fully funded and policy compliant.
- State and Federal unfunded mandates budgeted.
- Funds allocated for employee compensation adjustment.
- Sales tax and state shared revenues are budgeted to increase 10.7% and 8.7% respectively from FY 2014 levels.
- Revenue centric philosophy applied to certain ad valorem operations recognizing that departmental revenues offset net ad valorem impacts. Any decrease in departmental revenues would require a corresponding operating expense reduction.

Compensation Administration:

The philosophy of Collier County Government is to provide a market-based compensation program that meets the following goals:

1. Facilitates the hiring and retention of the most knowledgeable, skilled and experienced employees available.
2. Supports continuous training, professional development and enhanced career mobility.
3. Recognizes and rewards individual and career achievements.

The following is a recent history of Board approved compensation plan adjustments.

Program Component	FY 09	FY 10	FY 11	FY 12	FY 13	FY 14	FY 15	Future Fiscal Year
Cost of Living	4.20%	0.00%	0.00%	0.00%	2.00%	0.00%	Greater of 2.0% or \$1,000	Varies Annually
Awards Program	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%	Varies Annually
Pay Plan Maintenance	0.00%	0.00%	0.00%	0.00%	0.00%	\$1,000	0.00%	Varies Annually
Total	4.2%	0.00%	0.00%	0.00%	2.00%	\$1,000	Greater of 2.0% or \$1,000	Varies Annually

General Fund Capital and Debt Contribution:

Within the General Fund the equivalent of up to 0.3333 mills or \$22.7M is set aside to fund county wide capital projects and to pay revenue bond growth and non growth debt service. This allocation represents a substantial increase from the FY 2014 contribution of \$14.8M. The vast majority of funds is devoted to capital projects or represents advances from the General Fund in support of growth related capital projects due to insufficient impact fees. Payment of non growth related revenue bond debt represents 13.5% of the allocation while 48.9% of the allocation represents advances from the General Fund to cover growth related revenue bond debt or growth related capital projects due to the lack of impact fees. Impact fee eligible projects receiving advances in FY 2015 include the new Logan Boulevard EMS station and the Supervisor of Elections facility.

Stormwater Management Capital Funding:

The Board adopted an amending ordinance to 2005-115 providing for funding from the General Fund in an equivalent amount up to 0.1500 mills. For FY 2015, the General Fund contribution toward county wide storm-water projects and related operations is \$4,627,700 which is the equivalent of 0.716 mills. In addition, the Unincorporated Area General Fund is contributing \$1,050,000 to projects benefiting specific unincorporated areas. The purpose of these funding sources is to address long-standing capital project needs in the storm-water program area, as well as to identify to grantor agencies that Collier County has a dedicated funding source to provide local matching requirements to available grants.

Budget Priorities

Multi-year budget priorities include eliminating the backlog of deferred general governmental equipment replacement and infrastructure maintenance by FY 2019 while continuing to fund current and expanded capital facility and operations required in meeting the service needs of an

expanding resident and visitor base. This will require at the very least, a millage neutral tax policy and the capture of increasing ad valorem revenue from taxable value growth. Continued critique of business operations and their relationship to the organizational structure is necessary and healthy to strive for maximum operational efficiency and to strengthen internal controls and processes in accordance with best practices.

State and Local Economic Conditions/Future Outlook

Over the next four (4) years, it is predicted that Collier County’s taxable value will grow at the rate of six (6) percent annually. Continual monitoring of tax base trends and tracking of leading community development and other economic indicators is important considering the County’s heavy reliance upon property tax revenue. Since FY 2008 and including the most recent three (3) year stretch of tax base increases, the County has still lost \$17.9 billion in taxable value. If State projections are correct, this tax base erosion will be recovered completely over the next four (4) fiscal years. The following chart provides an historical account of taxable value changes.

State budget and legislative initiatives must be watched closely each year to gauge the impacts of potential revenue loss and or programmatic/service shifts to local government. Unfunded mandates can pose a serious threat to a local government service delivery and fiscal stability.

The FY 2016 budget (coming fiscal year) will continue to pose extreme challenges, given the need to establish sufficient budgeted reserves; preserve the agencies excellent credit and cash

positions; fund backlog equipment replacement and infrastructure maintenance; sustain public safety and high value public services; and continue to invest in human capital necessary to advance the organization and serve the citizens of Collier County. County staff will continue to shape the organization to deliver high quality best value services to residents and visitors of this wonderful community we call home.

Summary

Collier County Government remains committed to achieving its Vision Statement of being “the best community in America to live, work, and play.” Achieving this vision requires the cooperation of all County government agencies. My sincere gratitude is extended to everyone in Collier County Government that participated in the development of the FY 2015 budget.

Respectfully submitted,

Leo E. Ochs Jr.,
County Manager

Economic Overview

History

The area that was to become modern day Collier County actually stretches back thousands of years, to the end of the last ice age, when the first hunters and gatherers wandered down the Florida peninsula in search of game and warmer weather. This area has and continues to be a haven for “snowbirds” searching for warmer weather in the winter. During the late 1800’s, the area was dotted with small communities and farming and ranching, especially inland, became the principle means of livelihood. In 1922, Barron Gift Collier purchased 2,025.5 square miles of land and 280 square miles of water on the southwest coast of Florida, an area that is larger than the states of Delaware and Rhode Island, to create the largest county, in land area, in Florida. On May 8th, 1923, the Florida State Legislature created Collier County, based on the personal pledge of Barron Collier to finish the long-awaited highway between Tampa and Miami. Barron Collier recognized the need for the infrastructure to bring about the economic development to the region and at a cost of more than \$1,000,000 of his own money and a total cost of \$8,000,000 the construction of the Tamiami Trail was completed and opened on April 25th, 1928. With the new road, a new economic vitality and home seekers from the north were brought to Florida’s last frontier. Shortly afterward, train service came to Naples, and with it, another vital link to economic development. It would be 1943 until the first oil well in the State of Florida would be drilled near Immokalee. After World War II, the population increased by over 1300% and agribusiness, tourism, and real estate made Collier County one of the fastest-growing areas in the United States. The following map depicts the location of Collier County both in Southwest Florida as well as in the State of Florida.

Demographics

Collier County is a non-chartered county established under the constitution and the laws of the State of Florida. Collier County has experienced tremendous population growth over the past several decades. The permanent population has increased from approximately 38,000 residents in 1970 to, (estimated by the Collier County Comprehensive Planning Section), the current 2015 countywide population projection of 348,373. Between FY00 and FY15, the population grew by 90,447 or 35.1%. Data from the Collier County Comprehensive Planning Department indicates that the County’s population will grow by 65,990 over the next decade – an average of 1.9% annually.

Information about the history of Collier County supplied by the Collier County Museums website – [Collier County : Museums](#).

Collier County continues to be a favorite tourist destination during the winter months between November and April when the population rises by an estimated twenty percent (20%). The estimated current seasonal population is 418,048 and it is projected that seasonal population will increase to 466,233 by the year 2021.

Current U.S. Census data shows Collier County's median age to be 46.9 years compared to the Florida median of 41.0 years and the U.S. median of 37.3 years. The latest available figures from the U.S. Census Bureau for Collier County median family income were \$65,980 which is \$9,242 above the State figure. According to the Bureau of Labor Statistics, Collier County's unemployment rate for calendar 2014 was 5.8% versus a rate of 6.9% the previous year. This rate is lower than the national unemployment rate of 6.3% and the statewide unemployment rate of 6.2%. The County's lower than average unemployment can be traced to a robust construction and tourism industry.

Economic Conditions

Collier County has made impressive economic strides since the completion of the Tamiami Trail in 1928. The State of Florida certified Collier County as a 'Blue Chip Community' in 1985. This means that the County met state requirements in important areas of economic development including the creation of plans for growth management and comprehensive land use. In December 1996, the communities of Immokalee and Everglades City were designated as Enterprise Zones. The Enterprise Zone Program offers tax incentives to businesses located within the zones to encourage private investment as well as increase employment opportunities for the area's residents. Additionally, the industrial park at the Immokalee Regional Airport was designated as a Foreign Trade Zone, which allows companies to import raw materials, manufacture their products and export them duty free. In September 1997, the Immokalee community was designated as a Foreign Investment Zone, which reduces the minimum amount of investment and number of employees in order for owners of foreign companies to apply for permanent United States residency.

In FY 2013, the Office of Business & Economic Development was created to work in conjunction with local and state economic development organizations by assisting in the expansion and/or relocation of businesses to Collier County. Its mission is to be an effective force in improving the quality of life for all residents and visitors to Collier County by promoting economic development initiatives which will diversify the economy, create high value added jobs, increase average wages, improve productivity and its growth rate, facilitate capital formation, preserve and enhance the natural environment and enable all County residents to have a meaningful opportunity for upward mobility.

For FY 2015, this Office has a combined operating, promotional, partnership and incentive budget of \$2,380,400 in furtherance of promoting the County's economic development initiatives. The Board of County Commissioners considers incentive applications from companies on a case by case basis. Current incentive programs include the Qualified Target Industry Tax Refund Program; Advanced Long-term Productivity Program; Strategy Incentive Program; and the Basic Industry Growth Incentive Program. Detailed information on each of these programs can be found at [Collier County Business & Economic Development](#).

Overall property trends as depicted by building permit activity, land development applications, site plan applications and building inspections point to robust growth in the near term. Collier County Planning Department statistics show that single family and multiple family occupancy certificates grew by 293 between 2013 and 2104 to 1,148. Site plan applications for 2014 totaled 234 an increase of 29 from 2013. Plat and Engineering plan applications grew by 54 to 181 in 2014.

The County received a \$2.5 million State grant for development of a pilot incubator project which is designed to encourage start up businesses and provide facilities to nurture their development in those important first few years. Landmark Hospitals is constructing a new 50 bed long term care facility in northern Collier County with constructions costs of between \$22 and \$25 million. The facility is expected to generate 150 new jobs.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

The major industries within Collier County are trade, transportation & utilities, leisure & hospitality, professional & business services, natural resources, mining & construction, education & health services, government, financial activities, manufacturing, and information. All sectors have achieved substantial growth since the early '70's.

The following table provides a snapshot of the major industries in Collier County:

Construction & Mining	12,200	7.85%
Manufacturing	3,400	2.19%
Trade, Transportation & Utilities	25,700	16.53%
Information & Technology	1,500	0.96%
Financial Activities	7,200	4.63%
Professional & Business Services	15,200	9.77%
Education & Health Services	18,400	11.83%
Leisure & Hospitality	27,000	17.36%
Government	13,400	8.62%
Farm Workers	22,800	14.66%
Others	8,700	5.59%
Total Employed	155,500	100.00%
Total Non-Seasonal Labor Force	164,200	
Unemployed	8,700	
Unemployment % (Month of November 2014)	5.3%	

Source: U.S. Bureau of Labor Statistics Naples-Marco Island, FL Economy at a Glance as of November, 2014

Historically, employment within the County has varied significantly throughout the year due to the large influx of tourists and seasonal residents during the winter months coupled with seasonality in the agriculture industry.

The following table identifies the top employers in Collier County based upon data provided by the University of Central Florida and the BCC approved Collier County budget.

<u>Top Employers</u>	
<u>Company Name</u>	<u>Employees</u>
Collier County Public Schools	5,286*
NCH Healthcare System	3,900*
Collier County Board of County Commissioners	1,670
Collier County Sheriff's Office	1,379

In Summary

Collier County continues to maintain a stable investment quality credit rating from all three major rating agencies. In November 2014, Standard and Poor's (S&P) upgraded the County's issuer credit rating to AAA and increased the County's Special Obligation Non Ad Valorem Bond Rating to AA+. S&P cited in its ratings report that "the stable outlook reflects our view of Collier County's strong financial position and what we consider its flexible and strong management conditions, which have enabled it to make adjustments to maintain strength throughout economic cycles." The County is now one of only a handful of local governments in the State of Florida that have an issuer credit rating of AAA.

According to Forbes 2014 annual survey of "Best Places for Business and Careers", the Naples-Marco Island MSA ranked 99th among the nation's 200 large metros. As the national economy continues to improve, Collier County is positioned to capture residential, commercial and high technology opportunities through its strong infrastructure base, quality of life, natural amenities, strong post secondary education institutions, transportation network and commitment to an organized public-private strategic economic development program.

Collier County boasts attractions and amenities which will foster economic and community development. These include the North Collier Regional Park home to a popular water park and host to nationally sanctioned sporting events; the numerous recreation and educational opportunities enjoyed by visitors due to our close proximity to the Everglades; the frequent inclusion of recently re-nourished county and city owned beaches as some of the best in the U.S. by experts such as; "Dr. Beach" (Stephen Leatherman – Director of Florida International University's coastal research lab), the Travel Channel, & Conde Nast Traveler; as well as popular upscale shopping and dining throughout the County.

Collier County's blend of cultural and recreational amenities and unique quality of life are enjoyed by those who visit this destination or call this extraordinary community home. The County through its elected and appointed leadership strive through its strategic goals and objectives to be the best community in America to live, work and play.

Vision and Strategic Goals

The budget provides a road map of Collier County's efforts toward meeting its Vision Statement: **"To be the best community in America to live, work, and play."** This is also consistent with the County's strategic focus areas (underlined) and associated short term and long term strategic goals, operational initiatives and performance objectives all of which were endorsed by the Board of County Commissioners February 2012 as part of their 10-Year Strategic Plan:

- I. Quality of Place
To preserve and enhance the safety, quality, value, character, and heritage of our neighborhoods, communities, and region.
- II. Growth Management
To responsibly plan and manage community growth, development, redevelopment, and protect the natural environment.
- III. Community Health, Wellness and Human Services
To improve the quality of life and promote personal wellness, self-reliance and independence.
- IV. Infrastructure and Capital Asset Management
To responsibly plan, construct and maintain the county's critical public infrastructure and capital assets to ensure sustainability for the future.
- V. Economic Development
To support a business climate that promotes a sustainable, diversified and growing economy.
- VI. Governance
To sustain public trust and confidence in County government through sound public policy, professional management and active citizen participation.

Impact of County-Wide Planning Processes on the Budget Development

There are several planning processes that take place throughout the year which influence the development of the annual budget document. To begin with, there are several long range planning processes such as the Long Range Transportation Plan, the Master Mobility Plan, the Water and Wastewater Master Plans, the Annual Update and Inventory Report (AUIR), and concurrency planning. Each of these reports is provided to the Board of County Commissioners (Board) for their review and approval. These processes are primarily focused on capital programs, budgets and outcomes, and serve as the basis for planning for budgeted capital expenditures.

In addition, the Agency's strategic planning process has a major impact on the development of the operating budget. The 10-year Strategic Plan, originally adopted by the Board for Fiscal Year 2007, experienced substantial changes effective for Fiscal Year 2012, which were re-affirmed during the Board's Strategic Planning Workshop in February 2014, continuing in effect for Fiscal Year 2015. The Plan includes the Board's Vision Statement, Mission, Guiding Principles, Motto and six Strategic Focus Areas (SFAs). Copies of the current and prior Fiscal Year Strategic Plans can be found at www.colliergov.net/strategicplan. Also located at this site is the Board's Strategy Map which is updated in accordance with any revisions the Board makes to the Strategic Plan word document. The plan serves well in guiding tactical action plans that are parlayed into budget planning.

The county utilizes a strategic planning and performance management process in order to achieve tactical, operational and strategic alignment and to provide for meaningful connectivity between plans, budgets and outcomes.

Following is the high level view of the approach, from a process perspective:

Under this approach, Strategic Planning begins with input from senior staff and citizens. The proposed plan resulting from the strategic planning cycle is presented to the Board for their input and approval and the outcome forms the basis for budget and operational planning for the following fiscal year. Performance measures supporting the strategic and operational levels are reviewed, updated and acted upon as necessary.

This approach ensures the mission is clear, program and service goals are easily understood, and the resources (including financial and staff levels) applied to each program and goal are readily apparent and their achievements measureable and reportable. This approach directly impacts budget guidance as it provides visual evidence of where resources are required to assure accomplishment of all stated program and governmental goals.

In addition to focusing on the upcoming one-year term for budgeting purposes, an important component of performance management reporting is prospective in nature, spanning a 5-10 year horizon. Performance measurement reporting directly indicates whether programs are on track for attaining the current year's goals given the year's budget, but also provides an indicator of whether the current year's activities are likely to lead to achievement of the 5-10 year objectives and requirements.

Master Mobility Plan (MMP)

In the past several years, Collier County has seen dramatic fluctuations in development trends. These fluctuations make it challenging to adequately plan for the timing of future transportation improvements. To address this demand, Transportation Planning and Comprehensive Planning developed the concept of a Master Mobility Plan (MMP) to address the transportation mobility needs of Collier County. The MMP is focused on demand management and coordination to reduce the need for transportation infrastructure. Staff is continuing to vet and explore the ideas approved within the MMP.

Three Year Budget Projection for Principal Ad Valorem Tax Supported Funds

On an annual basis the Office of Management and Budget (OMB) prepares a three (3) year projection of revenues and expenses within the primary ad valorem funds – the General Fund and Unincorporated Area General Fund. This analysis provides the Board of County Commissioners with important data covering millage rate assumptions, general corporate revenue trends and the impact of these revenue assumptions and trends on expense patterns over the projection period. This section of the Budget Policy is important and provides the staff and elected leadership with an opportunity to discuss the practical aspects of policy and level of service demands in conjunction with existing and projected revenue streams.

Annual Update and Inventory Report (AUIR) and Capital Improvement Element (CIE)

Chapter 163, Part II, Florida Statutes required the County to adopt certain Land Development Regulations (LDR's) to implement its Growth Management Plan adopted on January 10, 1989. One of the LDR's requires the County to, "Provide that public facilities and services meet or exceed the standards established in the CIE required by Section 163.3177 and are available when needed for the development..." This Section of Chapter 163, Part II, Florida Statutes is commonly known as the concurrency requirement. Accordingly, on March 21, 1990 the Board adopted the Collier County Adequate Public Facilities Ordinance No. 90.24, which was subsequently repealed and superseded by Ordinance No. 93-82, as amended by Ordinance No. 96-53. The Adequate Public Facilities Ordinance was subsequently codified in Division 3.15 of the Land Development Code (LDC).

Section 3.15.6 of the Land Development Code established a management and monitoring program for public facilities, which provides for an annual determination of concurrency for Category "A" facilities and identification of additional facilities needs. Category "A" facilities are roads, solid waste, drainage, parks, potable water, and sewer. Section 3.15.6.2 of the Land Development Code requires the preparation of an AUIR on Public Facilities for presentation to the Board of County Commissioners. The findings of the AUIR form the basis for the preparation of the Annual Update and Amendment to the Capital Improvement Element and Schedule of Capital Improvements, proposed projects to be included in the next annual budget, the determination of any Area of Significant Influence (ASI) and the review of the issuance of development orders (excluding roads) during the next year. The AUIR provides an update to the ledger baseline for the real-time Transportation Concurrency Management System database. The preparation and presentation of the AUIR to the BCC meets the requirements of Section 3.15.6 of the Land Development Code for an annual determination of the status of public facilities.

The Capital Improvement Element (CIE) and the Annual Update and Inventory report (AUIR) are required County processes that concentrate upon the same subject matter, the schedule of capital improvements for the County, but prior to FY 11, each were separate processes. There were a number of negative ramifications associated with the separate timing of these two capital improvement processes:

**Collier County Government
Fiscal Year 2015 Adopted Budget**

1. Section 162.3177 Florida Statutes requires that the County adopt the annual CIE amendment by December 1st and the bifurcated process did not allow the County to achieve the statutory requirement.
2. Inconsistency between the financial basis of the two processes and the corresponding inconsistency between the projects contained within each due to timing discrepancies.
3. The CIE was adopted with 10 month old population projections and 10 month old seasonally adjusted transportation factors.
4. Redundancy in staff work effort for capital improvement projects.

The combination of the two processes, with completion in December, 2010 has allowed for:

1. CIE amendment in compliance with the Florida Statutes December 1st adoption requirement.
2. A decision making process for capital improvements based upon the same financial basis.
3. One document to the Collier County Planning Commission (CCPC) and the BCC.
4. Elimination of data changes and revenue projections inconsistencies between the AUIR and the CIE processes.
5. Fewer CCPC and BCC meetings related to capital improvement programming.
6. An eight month, rather than a continuous 12 month capital improvement cycle.
7. Eliminates redundant preparation process across the County organization.

The combination of the two processes in FY 11 has not led to any negative ramifications from a local or state compliance perspective and continues to provide a positive fiscal impact with the elimination of redundant meetings and staff duplicative efforts.

Budget Policies and Procedures

The Collier County annual budget is a plan for the allocation of County resources toward the accomplishment of specific programs. The formulation of the budget takes into consideration citizen desires, economic conditions, policies and strategic goals/initiatives established by elected officials. The Florida mandated fiscal year for Collier County begins on October 1 of each year and ends September 30 of the following year.

An additional key factor guiding budget development is Florida Statutes require adoption of a balanced budget (total budgeted revenues = total budgeted expenses). This definition applies to the overall budget and to individual county funds. Florida Statutes further require that all funds, including estimated fund balance, be appropriated.

Annual Budget Development

Collier County staff initiates the budget process by developing a recommended budget policy that includes a multi-year analysis of the General Fund and the Unincorporated Area General Fund, as these funds are the principal County tax supported operating funds. The analysis reflects the estimated impact of the proposed budget policies on the respective budgets and associated millage (tax) rates.

The recommended budget policy is then presented to the Board of County Commissioners in February. The Board approves the broad policy guidelines (millage rate recommendations, capital funding allocations, level of service standards, salary adjustments, limitations on operating budgets and position guidance) that govern the development of the budget, which are then incorporated into a budget instruction manual for staff.

Year to date financial information through February (five months of the County fiscal year) is then uploaded into the budget module to assist with revenue and expense year-end forecasting. County staff members develop their respective budget requests for the upcoming fiscal year. Requests are broken down into two categories: Current Service and Expanded Service. Current Service is defined as the inflationary cost of providing existing services. Expanded Service requests include enhancements to existing programs and new programs and/or position requests. The Expanded Service column focuses attention on any service requirements that may be necessitated by a growing population or level of service increases. OMB staff then reviews and makes recommended changes to the proposed budget requests in conjunction with the operating departments. The Constitutional Officers: Supervisor of Elections, Clerk to the Board, and Sheriff submit their respective budget requests by May 1; the Property Appraiser submits their budget by June 1; and the Tax Collector's budget submittal is due on August 1. All dates are in accordance with Florida Statutes.

Internal budget reviews are conducted with the County Manager in May. At this time the County Manager's recommended budget for the upcoming fiscal year is finalized. On June 1, the Property Appraiser provides a preliminary estimate of taxable value for the upcoming fiscal year. This provides taxing authorities with important information for budget planning purposes. Tax supported budgets are re-balanced to reflect this information. In June the Board conducts workshops in order to review the tentative budget. The Board makes preliminary policy decisions regarding the proposed budget at this time. On July 1 the Property Appraiser certifies a tax roll for the upcoming fiscal year. The budget is changed based on the updated property valuations. A tentative budget summary is provided to the Board of County Commissioners in accordance with State Truth in Millage (TRIM) requirements.

In late July all taxing authorities adopt proposed tax rates. These tax rates represent the maximum rates for state statutory Truth in Millage (TRIM) purposes and may be maintained or reduced during public hearings in September. (Note: There are emergency provisions by which the proposed tax rates may be increased, subject to very onerous public notice requirements). The Property Appraiser then assimilates all of the proposed tax rates and generates the Notice of Proposed Taxes. This notice provides the taxpayer with the maximum tax impact of the proposed millage rates to be levied by the various governmental units

**Collier County Government
Fiscal Year 2015 Adopted Budget**

(County, City, School District, etc.) and the updated valuation of each property as established by the Property Appraiser.

Florida Statutes require two advertised public hearing on the budget. The Notice of Proposed Taxes serves as the public notice for the first public hearing held in September. Thereafter, the final hearing is noticed and conducted in accordance with State TRIM provisions. The public is allowed to speak on any topic prior to final adoption of tax rates and budgets. Upon adoption of the budget by the Board of County Commissioners, appropriations are uploaded into the County financial system. The ensuing fiscal year begins on October 1. The annual budget development cycle is depicted in the following budget calendar.

Budget Calendar

Budget formulation, adoption and execution in Collier County involve the year-round interaction of many people at various levels within the County. The purpose of the process is to identify service needs, develop strategies to meet those needs, and to develop detailed revenue and expenditure estimates to carry out the financial plan. As such, the budget process incorporates the following activities:

<u>Date</u>	<u>Activity</u>
<i>Mid February</i>	<i>Budget policy, providing broad direction to staff governing the preparation of the FY 2015 budget, is adopted by the Board of County Commissioners.</i>
<i>April/May</i>	<i>County Manager's Agency departments submit program and line item requests.</i>
<i>May 1</i>	<i>Supervisor of Elections, Clerk to the Board, and Sheriff line item budgets submitted.</i>
<i>June 1</i>	<i>Property Appraiser line item budget submitted.</i>
<i>Mid-late June</i>	<i>Board of County Commissioners conducts budget workshops to review the proposed FY 2015 budget.</i>
<i>July</i>	<i>Tentative budget, incorporating workshop changes and certified taxable value, is released to the Board of County Commissioners.</i>
<i>Late July</i>	<i>Proposed millage rates (maximum property tax rates to be levied in FY 2015), approved by the BCC and certified to the Property Appraiser.</i>
<i>August 1</i>	<i>Tax Collector line item budget submitted.</i>
<i>August 22</i>	<i>Property Appraiser distributes Notice of Proposed Taxes to all property owners in Collier County.</i>
<i>September 4</i>	<i>First public hearing on FY 2015 budget conducted.</i>
<i>September 18</i>	<i>Final public hearing on FY 2015 budgets conducted. FY 2015 millage rates and budget adopted by the BCC.</i>
<i>October 1</i>	<i>New fiscal year begins; implementation of FY 2015 adopted budget.</i>

This schedule complies with the requirements set forth in Florida Statutes Chapter 200, "Determination of Millage", and Chapter 129, County Annual Budget.

Budget Policies

The annual budget policy approved by the Board of County Commissioners (Board), consists of three (3) sections which are “annual budget policies to be adopted”; “continuing budget policies to be reaffirmed”; and “a three-year forecast for the General Fund and the Unincorporated Area General Fund MSTD. This format was continued for FY15, with inclusion of significant budget influences and discussions of the strategies which may be utilized to address these influences as the budget document evolves for FY 2015 and beyond.

Summary of Specific Board Adopted Budget Policies for Fiscal Year 2015:

- A millage neutral tax rate budget.
- A 2% increase to budgets for County Manager’s Agency with the remaining budget planning dollars applied to Agency wide capital equipment and asset replacement.
- Maintain Revenue Centric Budgets.
- Limitation on expanded positions to maximize organizational efficiencies.
- Compensation adjustment of 2%.
- Continuation of current 80/20 cost share for health care program with employees contributing 20%.
- Adherence to OMB published retirement rates.
- Accrue salary savings at 2%.
- Storm water capital funding equivalent up to 0.1500 mills.
- Continue use of gas taxes to support road construction improvement and maintenance program as well as current debt service.
- Continue General Fund debt payment and impact fee loan transfer equivalent up to 0.3333 mills annually.
- Continue focus on building reserves.
- Provide comparative budget data from five (5) Florida Counties of similar size.

Millage Rates

If these assumptions remain constant and the Board of County Commissioners took no action to alter the impact, FY 16 and FY 17 projected millage rates for the General Fund and the MSTD General Fund, as well as the actual adopted FY 14 and FY 15 millage rates for these respective funds, are identified in the table below:

Fund	FY 14 Adopted Millage Rates	FY 15 Adopted Millage Rates	FY 16 Projected Millage Rates*	FY 17 Projected Millage Rates*
General Fund	3.5645	3.5645	3.5645	3.5645
MSTD General Fund	0.7161	0.7161	0.7161	0.7161

*Projections for FY 16 and FY 17 assume a continuation of millage neutral policy by the Board of County Commissioners.

General Fund Allocations by Agency and Component

The purpose of this allocation is to identify those critical appropriation components within the General Fund. All agencies work diligently with the County Manager in support of budget policies adopted by the Board. Equally important is the premise that all agencies will share in any budget reductions necessitated by reductions in property tax revenues, new tax reform initiatives, reductions in state shared revenue and *unfunded mandates*.

Considering that **transfers to the Constitutional Agencies in FY 2014** account for 52% of total General Fund budgeted expenses and 76% of the General Fund ad valorem budgeted revenue, their participation in any necessary reductions due in part to unexpected ad valorem revenue shortfalls or unforeseen unfunded mandates is essential to achieving a **millage neutral** budget. It should be noted that these expense percentages are gross figures and do not account for statutorily required year ending constitutional officer turn back. This turn back revenue is budgeted and forecast each year. Constitutional turn back revenue totaled \$10,966,274 and \$8,156,661 respectively for FY 2012 and FY 2013.

Revenue Centric Budgets

It is generally recognized that all budgets and expense disbursements regardless of fund or activity is revenue and cash dependent. This concept establishes that enterprise funds, internal service funds, certain special revenue funds and other operational funds which rely solely on fee for service income with zero reliance upon ad valorem revenue should be allowed to establish budgets and conduct operations within revenue centric guidelines dictated by cash on hand and anticipated receipts.

This concept also presumes continual monitoring of cash and receipts and if necessary subsequent operational adjustments dictated by cash flow. As such, ad valorem agency limitations suggested above will not apply.

Certain cost centers or functions have a net cost to the GF (001) or MSTD General Fund (111). In these instances where fee for services offset the ad valorem impact, then the budget reduction guidance should account for this positive impact upon the net cost to the GF (001) or to the MSTD General Fund (111). Under this revenue centric approach, Divisions will be held to their departmental fee for service projections and any negative fee variances will be addressed through service cuts and not subsidized by Ad Valorem taxes. Division Administrator discretion upon guidance by the County Manager should be afforded in these scenarios.

Limitations on Expanded Positions to Maximize Organizational Efficiencies

The County Manager's Agency added 25.7 FTE's to the operation between adoption of the FY 2013 budget and adoption of the FY 2014 budget. Twenty two (22) of these positions were in Growth Management. Transitioning out of the economic recession, many enterprise operations that service the building industry or provide services as a direct result of increasing housing activity will likely see pressure to increase employment levels. Although this trend toward increasing employment will be tempered with the use of part time and contractual service employees.

We are faced with the continuing challenge of conducting the business of government within the context of evaluating strategic organizational efficiencies and re-alignments required to match service demands with available resources. Consequently, as part of any decision to make major organizational, service or other changes, proper analysis is undertaken. This analysis includes review of the customer needs, the organizational structure, the underlying processes and service delivery models and the proper full time equivalent employee mix. Outcomes include streamlined business processes, elimination of any wasted effort in the processes, and a management and staffing structure that is expected to be able to deliver the required services.

For FY 2015, it is likely that expanded position requests will be recommended again, especially within various growth management division functions; agency enterprise operations and general governmental services in order to satisfy stakeholder demands and meet high level service expectations of those who reside in and visit our County.

Compensation Administration

The philosophy of Collier County Government is to provide a market-based compensation program that meets the following goals:

**Collier County Government
Fiscal Year 2015 Adopted Budget**

1. Facilitates the hiring and retention of the most knowledgeable, skilled and experienced employees available.
2. Supports continuous training, professional development and enhanced career mobility.
3. Recognizes and rewards individual and team achievement.

The Consumer Price Index 12 month percent change from December 2012 to December 2013 is 1.9% for the Miami-Fort Lauderdale area. This is the index that Collier County traditionally uses when considering a compensation adjustment. Rather than waiting to appropriate dollars for a compensation adjustment on an event driven basis as has been the case in the previous two (2) fiscal years, the County Manager proposes to appropriate dollars for the adjustment as part of budget planning for FY 2015 with the recommend structure submitted for Board consideration at the June Workshop meeting.

Program Component	FY 10	FY 11	FY 12	FY 13	FY 14	FY 15
Cost of Living *	0.00%	0.00%	0.00%	2.00%	2.00%	0.00%
Awards Program	0.00%	0.00%	0.00%	0.00%	0.00%	0.00%
Pay Plan Maintenance	0.00%	0.00%	0.00%	0.00%	\$1,000	2.00%
Total	0.00%	0.00%	0.00%	2.00%	\$1,000	2.00%

*Note: Cost of living adjustments are generally based on the annual Miami-Ft. Lauderdale SMSA (all urban consumers).

Health Care Program Cost Sharing

Collier County provides a self-funded Group Benefits Plan for health care and prescription drug coverage. Coverage under the Plan extends to all County employees, with the exception of the Sheriff's Office, which provides its own self-funded plan. Nationally, as well as here in Florida, medical plan costs, and the premium dollars required to fund them, continue to increase annually. The County's medical plan is similarly impacted by these rising costs.

For FY 2014, the County experienced a 4.0% rate increase. This increase resulted in an average annual employer premium increase of \$624 and an average employee premium increase of \$120. It is anticipated that health plan costs will remain stable for FY 2015. This will be accomplished through a combination of plan design changes, provider fee negotiations and wellness efforts. It should be noted that employer health insurance contribution increases are absorbed within operating appropriations.

With the objective of mitigating increases to the plan, the County will continue to emphasize participation in existing wellness program, proper structuring of reinsurance to manage adverse plan impacts and prudent plan management.

Historically Board budget guidance has required all agencies to uniformly share health insurance contributions between employers and employees. If all agencies maintained the recommended cost distribution percentages of 80% employer and 20% employee, it is estimated that for FY 2014, \$3.7M in General Fund constitutional transfer savings would have been realized.

Retirement Rates

All agencies including Constitutional Officers must use the retirement rates published within the OMB budget instructions. OMB is monitoring all proposed bills. The legislature usually establishes the new retirement rates in the beginning of May with the Governor signing the bill into law at the end of May. The

preliminary retirement rates that will be published in the instructions are based on Florida Statutes Chapter 121 second year rates (rates that will go into effect July 1, 2014 if the legislators fail to establish new rates for state fiscal year 2014-2015).

Accrued Salary Savings

Reduced FTE counts, low turnover and stringent limitations on expanded positions, coupled with the full budgeted amounts for health insurance and worker's compensation being transferred to the self-insurance funds, impacts the amount of accrued salary savings due to position vacancies. For FY 2014, this rate was reduced to 2%. For FY 2015, it is suggested that the attrition rate remain at 2%. With the economy improving there is always the threat of an uptick in employee turnover.

Stormwater Management Capital Funding

The Board previously adopted (County Resolution 2010-137) a policy with funding equivalent up to 0.1500 mills annually from the General Fund for countywide storm water initiatives. The purpose of this dedicated funding source is to address long-standing capital project needs in the storm water program area, as well as to identify to grantor agencies that Collier County has a dedicated funding source to provide local matching requirements to available grants.

Addressing storm water funding needs in the unincorporated area, staff plans to dedicate via transfer from the MSTD General Fund (111) at least \$1,000,000 in FY 2015.

Proposed Uses of Gas Taxes

Previously, the Board directed through policy that all available gas taxes will be used to support the Road Construction Capital Improvement program. Immediately prior to the decline in taxable values, this transfer amounted to \$24 million. Recent reductions in the General Fund (001) transfer to roads has meant that gas taxes (the pledged revenue source) fund a significant portion of debt service on the 2003 and 2005 Gas Tax Revenue Bonds. Current debt service is approximately \$14 million per year and the General Fund transfer proposed for FY 2015 is \$12 million an increase of \$3.2 million from FY 2014. These additional dollars will support maintenance on the roadway network including intersection improvements, resurfacing, bridges and other critical maintenance needs. Gas tax revenue from all sources in recent years has averaged approximately \$18.5 million per year. When you consider the payment of annual debt service, the \$2 million dollar annual Collier Area Transit subsidy, and \$1 million dollar annual payment to Marco Island pursuant to agreement, only a modest amount of gas tax dollars remains available for maintenance.

General Fund Debt Contribution and Debt Management

The General Fund (001) has provided via transfer the sum equivalent of up to 1/3 mil to non impact fee eligible county wide capital functions and a debt payment component since FY 2006. Recently this transfer has been in equivalency far less than 1/3rd of a mil. For FY 2014, the equivalency rate was .2447 and for FY 2015 the equivalency rate is planned at .2900. During the economic downturn, the majority of this transfer evolved into a debt service payment. However, over the past two fiscal years restructuring the debt portfolio has eased the debt burden freeing up more dollars to support county-wide capital projects and necessary maintenance. For FY 2014 \$6,841,400 of the \$14,841,400 equivalency transfer was planned for capital projects.

For FY 2015, \$9,600,000 of the \$18,377,400 equivalency transfer is devoted to capital projects up \$2,758,600 from FY 2014.

For FY 2015, the General Fund (001) transfer (loan) will be sized to cover debt service which cannot be covered by impact fees. This amount totals \$5,694,800. Total loans outstanding to the impact fee trust funds since inception (FY 2005) through FY 2014 total \$72,073,566.

Payment of debt is a top priority. Under the FY 2015 budget planning scenario dollars generated from the 1/3rd mil equivalent allocation will be sufficient to cover revenue bond debt service. Of the \$18.4 million projected transfer in FY 2015, \$5.7 million will be required to cover the growth related debt service gap due

**Collier County Government
Fiscal Year 2015 Adopted Budget**

to insufficient impact fee revenue and \$3.1 million is budgeted to cover non growth related debt. Going forward, this loan requirement may approach \$7.0 million annually since the greatest amount of debt resides within impact fee trust funds generating the least amount of impact fee revenue (i.e. Libraries, Corrections, Law Enforcement and General Government Facilities).

Within the framework of a fully funded and policy compliant debt management program, the County has taken advantage of historically low interest rates and reduced the cost of borrowing through aggressive restructuring of the debt portfolio. Since FY 2010, the County restructured \$289.3M in long term debt and variable rate commercial paper, achieving a level of budget certainty, reducing the cost of borrowing within the portfolio by \$15.9M while returning all \$19.5M borrowed from Enterprise funds to establish a debt service reserve debt surety necessitated by collapse of the bond insurance market.

Collier County's principal debt outstanding at 9/30/13 totals \$596M of which \$346M is connected with infrastructure improvements by population growth and related service demands. The County's principal debt has been reduced by \$208M since FY 2008. Annual principal and interest payments servicing the current outstanding debt represents 6.2% of the County's net budget.

Reserves

General: Reserve is a budget/policy term referring to resources set aside to provide a buffer against risk. Likewise reserves may also be referred to as a portion of fund balance – only on the expense side of the equation. Reserves are the cornerstone of financial flexibility and provide government with options for responding to unexpected issues and a buffer against shocks and other forms of risk. It is essential for governments to maintain adequate levels of fund balance to mitigate current and future risks such as revenue shortfalls, natural disasters and unanticipated expenditures. As such, budgeted reserves serve to protect beginning cash position in a fund and are an essential component of Collier County's overall financial management strategy and a key factor in external agency measurement of Collier County's financial strength. Various bond rating agencies recognize that the best reserve policies provide both specificity and flexibility accomplishing one or more of at least the following three criteria:

- establishing a target level of reserves or a reserve floor
- specifying the appropriate circumstances for drawing down reserves
- directing the replenishment of reserves

In general, rating agencies view positively higher reserve levels, although local governments can maintain high credit ratings with lower reserve levels if other indicators of financial flexibility such as revenue raising ability, stable diverse revenue structure, expenditure flexibility and conservative budgeting practices are strong.

A reserve for contingency is typically budgeted in all operating funds, with the exception of the Constitutional agency funds. Reserves for the Constitutional Agency funds shall be appropriated within the County General Fund.

The following is a history of budgeted reserves within the General Fund and Unincorporated Area General Fund since FY 2008 as well as the % of reserves against total operating expenses.

Fiscal Year	General Fund Reserves	Unincorporated Area General Fund Reserves	% of General Fund Expenses	% of Unincorporated GF Expenses
2015 (Planning)	\$27,283,700	\$1,537,200	9.0%	4.0%
2014	\$26,217,400	\$1,715,000	8.9%	4.5%
2013	\$24,844,400	\$1,596,200	8.7%	4.3%
2012	\$18,180,900	\$1,739,500	6.2%	4.5%
2011	\$14,210,200	\$2,925,100	4.7%	7.4%

**Collier County Government
Fiscal Year 2015 Adopted Budget**

2010	\$15,569,100	\$3,422,400	4.9%	7.2%
2009	\$17,541,200	\$2,853,500	5.0%	5.8%
2008	\$20,506,000	\$6,336,600	5.5%	12.9%

Optimally, and in order to achieve a regular and sustained General Fund beginning fiscal year cash position of \$50 million, budgeted reserves should be a minimum of \$35 million. Unless and until General fund reserves rise to this level, expense side management of the budget will be necessary.

For the first time in five (5) years, mid-year operating cuts regardless of execution patters were not made. While this is good news, management of the budget remains a regular occurrence especially as it relates to scrutinizing regular expenditure patters and monitoring transfers out of the General Fund to insure that dollars leaving are programmed for project expenditures within the FY.

Florida State Statutes: In all respects, budgeted reserves shall conform to requirements of Florida State Statutes. The State establishes maximum limitations on certain reserves. The maximum limitations for contingency reserves and for cash flow reserves are 10% and 20% of a fund's total budget respectively. There is no statutory limit on capital reserves.

Comparative Budget Data

Provide comparative data using FY 14 adopted budget data (cost and employees per capita based on unincorporated area population) by Agency with budget submittals for similar sized Florida counties. Recommended counties for comparison purposes include:

- Sarasota County
- Lee County
- Manatee County
- Charlotte County
- Martin County

The Board can require Constitutional Officers and request Court Agencies to provide this comparative budget data. The following is from Florida Statute 129.021: County officer budget information. Notwithstanding other provisions of law, the budgets of all county officers, as submitted to the board of county commissioners, shall be in sufficient detail and contain such information as the board of county commissioners may require in furtherance of their powers and responsibilities provided in ss.125.01(1)(q) and (r) and (6) and 129.01(2)(b).

Existing County Operating Budget Policies for FY 15

Grant Funded Positions: Any positions formerly funded with grant funds being recommended for inclusion in a general (non-grant funded) operating budget shall be treated as expanded service requests.

Self-Insurance: To conduct an actuarial study of the self-insured Workers' Compensation, Property and Casualty, and Group Health Insurance programs. Program funding to be based upon an actuarial based confidence interval of 75%, with the exception of group health to which a confidence interval is not applicable.

Contract Agency Funding: The Board will not fund any non-mandated social service agencies.

Median Maintenance: Recognize the Unincorporated Area General Fund MSTD (111) as the appropriate, dedicated funding source for median beautification maintenance costs.

Carry forward: All funds that are unexpended and unencumbered at the end of the fiscal year will be appropriated as carry forward revenue in the following year. Carry forward revenue represents not only operating funds but also previously budgeted operating, debt service, and capital reserves that are "carried forward" to fund these same reserves in the new year or to fund capital projects in the current or future years. The largest sources of carry forward are the capital, debt service, and enterprise funds. In both the General Fund and MSTD General Fund, carry forward fund balance is maintained to provide cash flow for operations prior to the receipt of ad valorem taxes and other general revenue sources.

General Fund balance is required to meet significant public safety and priority operating needs for October and November, prior to the receipt of any significant ad valorem tax revenue (ad valorem taxes represent 65.0% of the total FY 2014 General Fund adopted revenues).

Fund balance is also an important measure used by bond rating agencies in determining the County's credit worthiness. Staff from Moody's Investors Service was contacted previously to determine an appropriate level of carry forward revenue. Specific concerns for Florida communities were reliance on the tourism industry and sales tax revenue, and the ongoing threat from hurricanes and wildfires. For Florida coastal communities, a minimum carry forward balance of 10% of total General Fund expenditures was recommended by the ratings agencies. Of course this figure and recommendation was general in nature and subject to each county's individual cash flow needs. A higher percentage would be considered positive – especially during any ratings surveillance.

The recommended level of year ending cash and cash equivalents (carryforward) in the General Fund should be a **minimum** of 10% of actual expenditures. At year ending September 30, 2013, actual General Fund carry forward balance totaled \$56,083,800 which represented approximately 20.3% of actual FY 2013 expenses.

Indirect Cost Allocation Plan: The policy of charging enterprise and special revenue funds for support services provided by General Fund departments will be used again in FY 2015. The basis of these charges is a detailed indirect cost allocation plan prepared, periodically, by a consultant and adjusted by staff to reflect the organizational environment on a real time basis.

Impact Fees: Collier County will assess impact fees at such levels as allowed by law, established by the Board of County Commissioners and supported by impact fee studies.

Enterprise Fund Payment in Lieu of Taxes: The Solid Waste Fund and the Collier County Water-Sewer District will once again contribute a payment in lieu of taxes (PILT) to the General Fund. For FY 2014, the payment in lieu of taxes calculation was based upon a "franchise fee equivalent basis" commonly referred to as a percentage of gross receipts. Five percent (5%) of gross receipts were applied in FY 2014 and this method and percentage is planned for in FY 2015. This method is a common approach used by local governments and is generally consistent with fees paid by private utilities operating in a local government jurisdiction.

Prior to FY 2013, PILT was based upon the prior year General Fund millage rate multiplied by the prior year gross (non-depreciated) value of property, plant, and equipment.

Debt Service: Any capital projects financed by borrowing money shall limit the repayment period to the useful life of the asset.

Interim Financing: Collier County may also borrow funds on an interim basis to fund capital projects. In these cases a repayment source shall be identified and the financing source that has the lowest total cost shall be employed.

The Collier County Debt Management Policy provides that advance refunding for economic savings will be undertaken when a present value savings of at least five percent of the refunded debt can be achieved. The policy also states that five percent savings is often considered a benchmark and that any refunding that produces a smaller net present value savings may be considered on a case by case basis. A smaller net

present value savings may be prudent for example when the intent is to eliminate old antiquated and limiting bond covenant language.

Ad Valorem Capital and Debt Funding: Continuation of a fixed General Fund equivalent millage dedicated to capital projects, debt financing and impact fee fund debt loans. The recommended rate is up to the equivalent of 0.3333 mills. (See history below).

The General Fund continues to loan money to impact fee funds in order to pay their annual debt service payments. This of course is in addition to normal and customary debt service on non growth related revenue bond debt.

Capital Improvement Program (CIP) Policies: On an annual basis, the County shall prepare and adopt a five-year Capital Improvement Element (CIE) consistent with the requirements of the Growth Management Plan.

- Capital projects attributable to growth will be funded, to the extent possible, by impact fees.
- Capital projects identified in the five-year CIE will be given priority for funding. The five-year plan for water and wastewater CIE projects will be based on projects included in the adopted master plans.

Unlike operating budgets that are administered at the appropriation unit level, capital project budgets will continue to be administered on a total project budget basis. The minimum threshold for projects budgeted in capital funds is \$25,000.

Three-Year Budget Projections Ad Valorem Tax Funds (FY 2014 - FY 2016)

OMB staff prepares annually a three-year projection of General Fund and MSTD General Fund revenues and expenditures to improve financial planning and to understand the long-term impact of funding decisions. These projections are complimented by a trend analysis of revenues and expenses which conclude the General Fund and Unincorporated Area General Fund sections respectively.

The following 3-year budget projections are for the General Fund (001) and the MSTD General Fund (111).

General Fund (001) Millage History and Millage Rates

As a point of reference, the following graph plots the historical General Fund millage rate, as well as *millage neutral* tax rates for FY 2015 through FY 2017. Millage neutral rather than tax neutral rates are used for planning purposes considering the belief that taxable values will continue to increase modestly in the future.

While the County Manager will be recommending a *millage neutral* budget in FY 2015 and while this millage neutral budget will contain funding for priority public safety and other significant asset maintenance/replacement initiatives, the Board should note the magnitude of our future asset maintenance responsibility and devote additional future dollars which may be generated from an increasing taxable value base to maintaining and or replacing corporate assets.

The following tables depict the respective *millage neutral* tax rates for FY 2015, 2016 and 2017 as well as additional ad valorem dollars which could be raised under certain increasing tax base assumptions.

General Fund	FY 13 Adopted and Recommended <i>Millage Neutral</i> Millage Rates	Additional Ad Valorem Revenue Projection Each Year
FY 14	3.5645	
FY 15	3.5645	\$9,467,400 @ 4.5% TV Increase
FY 16	3.5645	\$11,295,700 @ 5% TV Increase
FY 17	3.5645	\$11,860,500 @ 5% TV Increase

In order for Collier County to continue providing high quality best value services; continue to address backlog infrastructure maintenance; replace backlog equipment and vehicles; maintain its reserve and cash

**Collier County Government
Fiscal Year 2015 Adopted Budget**

positions pursuant to policy and representative of a investment quality credit rated organization, it is essential to capture those additional ad valorem dollars generated by increasing taxable values. Failure to do so will jeopardize service levels and make it very difficult to maintain the wonderful infrastructure investment which this community enjoys. As an example, in FY 2015, the projected rolled back rate within the General Fund is \$3.4523 which would raise \$7,108,100 less than millage neutral or levying the current rate of \$3.5645. While the rolled back rate would produce \$2,359,400 more than the FY 2014 levy due to new construction taxable value, relying simply on new construction taxable value is not a sustainable model going forward when attempting to recover from an economic recession and knowing the level of investment required to simply maintain our assets let alone expand services and facilities based upon AUIR requirements and servicing the needs of an expanding population.

The projected millage rates assume that the tax base will increase 4.5% in FY 2015 (the 2014 tax year). For FY 2016, our planning model assumes that taxable value on existing property will increase 5%. Taxable value in FY 2017 is projected to also increase 5%. The Property Appraiser will provide preliminary taxable value estimates for FY 2015 on June 1, 2014. Actual and assumed changes in County taxable values are as follows:

Notes to Graph:

FY 2007: The General Fund (001) millage rate adopted in FY 2007 was based upon a 16% increase in taxable value pursuant to BCC direction. FY 2008: As part of the Florida Legislative Property Tax Reform package implemented in FY 2008, Collier County adopted its final millage rate at 91% of the rolled back rate.

FY 2015 Significant Expense Assumptions

A **millage neutral** budget assuming an increasing taxable value base provides the County with those important additional ad valorem dollars necessary to maintain our assets, invest in our personnel, and service those who live and visit Collier County. Significant expense assumptions include;

- Allocation for compensation administration – 2%.
- 2% attrition rate on regular salaries assumed in the County Manager’s Agency.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

- \$800,000 for continued ambulance replacement.
- \$2,000,000 allocation toward replacement of EMS Helicopter.
- Five year phased approach to upgrading the county-wide 800MHz radio system platform. First phase allocated \$2,000,000 to network switching and console enhancements. Second phase in 2015 allocates \$3,900,000 for P25 site upgrades.
- Continued additional David Lawrence Center Funding in the amount of \$300,000
- Continue General Fund general governmental capital, debt payment and impact fee loan transfer equivalent up to 0.3333 mills annually (\$10,894,800).
- Storm water capital funding of \$3,700,000 to complete LASIP and storm-water operations; additional dollars may be allocated at the Boards discretion to address other county wide critical storm-water maintenance issues.
- General Fund support of road construction and maintenance funded at \$12,000,000 an increase of \$800,000 over last year's planned allocation.
- General Fund support of EMS established at \$12,567,400 – up 8% from last year reflecting the recurring costs of additional services to equalize response times county-wide. Capital contributions noted above are separate from operating subsidy.
- Full support for Transportation Operations from the General Fund (001) exclusively.
- Mandates to be absorbed if possible within operating budgets, including Constitutional Officers.

Significant Revenue Assumptions

- FY 2014 ad valorem tax revenue forecast is 96% of actual taxes levied. FY 2014 forecast totals \$208,204,400 – a reduction of \$8,242,200 from the adopted budget. A millage neutral position for FY 2015 produces a levy of \$225,914,000.
- Sales tax revenue forecast for FY 2014 is projected at \$31,725,000 representing an increase of 2.3% over budget. FY 2015 budgeted revenue is projected at \$32,560,000 or 5% over the adopted 2014 budget.
- State Revenue Sharing for FY 2014 is projected to increase \$150,000 or 1.9% over budget.
- Constitutional Officer turn-back is a conservative budget estimate and for FY 2015 \$6,612,000 is projected – an increase of \$1,012,000 over the FY 2014 budget.
- Measures to maintain beginning cash balance at between \$50 million and \$55 million continue to be necessary and include continued growth in budgeted reserves coupled with any combination of revenue receipts over budget and expense side budget management.
- Interest income is projected to increase modestly by \$15,000 to \$300,000 reflecting stable fund balances.

EMS Fund

EMS is another fund that impacts significantly on the General Fund. Typically, this ad valorem support in recent years accounted for 50% to 55% of total EMS operating revenues. However, the percentage is likely to increase given instability in fee revenue collections and the Board policy directive to equalize response times county-wide. Historical and projected General Fund support of EMS operations by fiscal year is as follows:

Use of General Fund dollars to support this life/safety function has and continues to be a priority.

Road Construction Program

The Board approved road financing plan was based historically on using growth in taxable value and maintaining the General Fund millage rate to provide increasing dollars to meet the road funding commitments. These dollars are depicted on the following graph.

With taxable values projected to increase, the General Fund contribution to road construction and maintenance is expected to total \$12 million. As future budgets are planned and scarce resources allocated, infrastructure maintenance and non growth related improvements will certainly require a dedicated commitment of general revenue resources to protect this important investment. Capital obligations necessitated by state or federal agreement, like JPA's and DCA's will be funded.

FY 2016

A **millage neutral** budget in FY 2016 with an increase of 5% in taxable value will continue to allow for priority funding of public safety capital initiatives and AUIR capital programming like the EMS helicopter set aside; continued ambulance replacement; sheriff capital requests; and 800 megahertz equipment replacement. This of course is in addition to other infrastructure replacement needs and continuing expanded service requirements in those operations funded within the General Fund.

In addition to annual inflationary cost increases, the following items were included in the FY 2016 budget analysis:

- Maintain Capital projects funding in an equivalency up to 0.3333 mills.
- Stormwater capital projects funding for county-wide initiatives.
- Maintain General Fund support of EMS.
- Continued ambulance replacement.
- Set aside final \$3,000,000 to replace EMS Helicopter.
- Year three funding to upgrade the county-wide 800MHz radio system platform by allocating \$4,400,000 to upgrade the site network.
- Contingency reserves are maintained at policy.
- Maintain General Fund road subsidy.
- Maintain General Fund support for Transportation Operations expenses.

In summary, the FY 2016 analysis signals caution especially when critical variables like taxable value, market conditions and general revenues are difficult to predict. Pursuing a **millage neutral** budget in FY 2016 without a sufficient budgeted beginning fund balance would likely result in a \$5.3 million budget planning deficit as depicted in the trend analysis. Of course required correction on the expense side assuming revenue assumptions are accurate would be necessary.

FY 2017

A **millage neutral** budget in FY 2017 coupled with a 5% taxable value increase allows for continued funding of backlog asset maintenance and replacement while funding those programs and services enjoyed

by an expanding population base. Once again, management of the budget will be important to achieve a sufficient beginning fund balance.

The following items were included in the FY 2017 budget analysis:

- Maintain Capital projects funding in an equivalency up to 0.3333 mills.
- Stormwater capital projects funding for county-wide capital initiatives.
- Maintain General Fund support of EMS.
- Year 4 funding to upgrade the county-wide 800MHz radio system platform committing \$2,444,000 to continued network site improvements, and microwave connectivity.
- Contingency reserves are maintained at policy.
- Maintain General Fund road subsidy.
- Maintain General Fund support for Transportation Operations.

Budget Review Process

Department Directors prepare program and line item budgets based on adopted Board policy. Budget instructions provide details regarding the implementation of the policies such as proposed salary adjustment, internal service charges, etc. The OMB staff analyzes each submission for accuracy, content and compliance with the previously determined priorities and policies.

Each Department Director is provided an opportunity to discuss and defend budget submissions to the County Manager. The County Manager makes the final decision for the recommended budgets presented to the Board of County Commissioners in June.

Budget work sessions with the Board of County Commissioners provide a forum for the discussion and finalization of spending plans, the establishment of proposed millage rates and the finalization of the policy statements. In July, maximum proposed millage rates are adopted based on the tentative spending plan and assessed taxable values provided by the Property Appraiser.

Public hearings are held in September to allow for citizen input. The final budget is adopted at the second hearing following a legal notice summarizing the proposed plan and tax rates.

Budget Amendment Process

The Board of County Commissioners annually adopts the budget by resolution for all funds of the County. Budgetary authority is legally maintained at the fund level. However, the County's computerized financial system imposes budget controls for operating funds at the appropriation unit levels by department.

Amendments to the adopted budget can occur at any time during the fiscal year through action of the Board or the County Manager in the following manner:

1. Budget Amendments: Fund revenue and expenditure amounts may be increased or decreased by formal action of the Board following proper public notice as specified in Chapter 129.03 (a) Florida Statute. Amendments to the adopted budgets normally result from either the desire to recognize anticipated revenue or the unanticipated decrease of anticipated revenue. The purpose of the amendment process is to adjust fund amounts to reflect the level of revenues reasonably anticipated to be received and to balance expenditures to these revenues in accordance with state law and sound financial practices.
2. Certain Budget Amendments in accordance with Chapter 129, F.S., require either a resolution that can be approved by the Board of County Commissioners (BCC) on the consent agenda or a resolution that can be approved by the BCC on the Summary Agenda after an advertised public hearing. To save staff time and significant advertising costs, OMB processes one consent resolution on the following agenda to cover all budget amendments that just needed a resolution on the prior agenda. Monthly, OMB processes a resolution and an advertised public hearing to cover all budget amendments that required an advertised public hearing for budget amendments from the past two agendas.
3. Budget Transfers in the amount of \$50,000 or less within the same fund and division that do not affect revenues or reserves may be made administratively through County Manager approval. Transfer requests over \$50,000 or decreases to reserves less than \$25,000 that require individual Board action, but no executive summary (formal staff report) are presented twice monthly in a Budget Amendment report for approval. Transfers requiring an executive summary and Board approval include withdrawals from reserves in excess of \$25,000; increase in a capital project over \$50,000; requests for new positions and/or programs; and appropriating supplemental revenues.

Basis of Accounting and Budgeting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. The County's accounting records and budgetary basis for general government operations are maintained on a modified accrual basis, with revenues being recorded when they are earned and expenditures being recorded in the period incurred.

Accounting records and the budgetary basis for the County's proprietary funds (enterprise funds such as utilities and solid waste operations, and internal service funds such as fleet management and self-insurance funds) are maintained on a full accrual basis. Not only are expenditures recognized when commitments are made (i.e., through purchase orders) but revenues are also recognized when available and measurable (i.e., water and sewer fees are recognized as revenue when bills are produced). Depreciation expense is not budgeted; however, expenditures for capital outlays are budgeted. These outlays are capitalized into fixed assets and eliminated from the results of operations in accordance with generally accepted accounting principles (GAAP).

The Comprehensive Annual Financial Report (CAFR) shows the status of the County's finances on a GAAP basis. In many cases this conforms to the way the County prepares its budget. Exceptions are the treatment of depreciation expense (the budget reflects the full purchase price of equipment and capital improvements, but does not reflect depreciation expenses). In addition, expenses for capital improvements in the proprietary funds are depreciated in the CAFR. Compensated absences (accrued but unused sick and vacation leave) are not budgeted, but are reflected in the CAFR as an outstanding liability. The Comprehensive Annual Financial Report shows fund expenditures and revenues on both a GAAP basis and a budget basis for comparison purposes.

Finally, fund balance allocations (residual unappropriated liquid assets resulting from prior years' operations) are budgeted and included as revenue on a budgetary basis but are eliminated on a GAAP basis for financial reporting.

Adopted Budget Summaries

Collier County prepares a Budget Summary based upon the actual operations of the County, i.e. Divisional/Agency. Summary information is provided for prior and current year adopted budgets. This tool allows management to focus on actual operating plans at a high level, monitor reserves and project cash balances for year-end.

A second Budget Summary, Comparative Revenues, Expenditures and Changes in Fund Balance by Functional Area for All Governmental Funds is prepared for Governmental Funds only. This summary is grouped by functional area for analysis on an annual basis. The highlight of this summary shows the actual fund balance as compared to the planned fund balance, in aggregate, for all Governmental Funds.

Finally, a third summary schedule is included that highlights the appropriations, by fund, compared to the prior year, and grouped by fund type.

Collier County Government
Fiscal Year 2015 Adopted Budget

The following schedule provides a view of the actual financial results for FY13 and the Adopted Budgets for FY14 and FY15. This schedule addresses all governmental funds grouped together and as noted on the schedule, actual results are presented on a full accrual basis and the budgets are modified accrual.

**COMPARATIVE REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE BY
FUNCTIONAL AREA FOR ALL GOVERNMENTAL FUNDS
FISCAL YEAR 2015
(amounts expressed in thousands)**

TOTAL ALL GOVERNMENTAL FUNDS

	FY 2013 Actual (Note 1)	FY 2014 Adopted	FY 2015 Adopted
Revenues			
Taxes	285,765	288,442	305,300
Licenses & Permits	35,168	15,532	19,779
Intergovernmental Revenue	83,667	55,986	53,446
Charges for Services	32,435	37,249	39,113
Fines & Forfeitures	3,711	3,093	3,086
Miscellaneous Revenues	9,163	25,628	27,924
Total Revenue & Sources	449,910	425,930	448,648
Expenditures			
General Government	75,725	74,400	88,314
Public Safety	153,566	168,306	186,840
Physical Environment	13,790	25,108	28,345
Transportation	37,170	64,499	79,566
Economic Environment	14,436	3,297	3,058
Human Services	12,254	11,526	12,349
Culture & Recreation	33,744	42,492	51,641
Debt Service	44,987	34,442	33,011
Capital Outlay (Note 2)	61,278		
Total Expenditures/Expenses	446,950	424,070	483,124
Excess (deficit) of revenues over (under) expenditures	2,960	1,861	(34,476)
Other Financing Sources	167,056	241,659	264,398
Other Financing Sources/Uses	175,808	294,356	313,744
Net Increase/Decrease in Fund Balance	(5,792)	(50,837)	(83,822)
Beginning Fund Balance 10/1	359,652	201,715	235,528
Actual/Recommended Ending Fund Balance at 9/30 (Note 3)	353,860	150,878	151,706

Note (1): This data comes from the Collier County Comprehensive Financial Report (CAFR) and uses accrual based accounting.

Note (2): As discussed in the Basis of Accounting and Budgeting section, the Finance Department maintains capital expenditures separate from the functional activities while budgeting applies the capital expenditure to the function it relates to.

Note (3): As discussed in the Estimated Changes in Fund Balance, Recommended Ending Fund Balance assumes all budgeted appropriations will be expended and only 95% of budgeted revenues will be received.

Fund Structure, Fund Balance and Description of Funds Subject to Appropriation

Fund balance (Net Position) represents the net financial resources of a fund – in other words, assets minus liabilities – in simpler terms, dollars available to spend. If some of the funds' resources are not available to spend, this would be indicated by "restricting" or "reserving" a portion of the fund balance.

The Governmental Accounting Standards Board (GASB) Statement Number 54, Fund Balance Reporting and Governmental Fund Type Definitions, has been in effect for fiscal years beginning after June 15, 2010. The objective of this statement was to improve the usefulness and understandability of governmental fund balance information. GASB 54 classification is only required for governmental funds and therefore, no presentation is made for Proprietary or Agency Funds. All funds are appropriated annually with the exception of Grant Funds which are appropriated at the time grant awards are approved by the Board of County Commissioners. Collier County's funds can be divided into the following three categories: governmental, proprietary and agency.

A further designation is made between Major and Non-Major.

Major Funds and their descriptions are:

Governmental:

- **General Fund** is the largest operating fund of the County. It is used to account for all countywide general government activities and is supported principally by ad valorem taxes.
- **Bayshore and Immokalee CRAs** are Community Redevelopment Agencies established for areas of the County to address specific needs of those areas. Their primary revenue source is the Tax Increment Financing (TIF) revenue transferred from the General Fund.
- **Governmental Facilities Impact Fee Fund** collects Impact Fees generated for the purpose of funding new construction on growth-related general governmental facilities.

Proprietary:

- **Collier County Water and Sewer Fund** is used to account for the operations of the day-to day operating functions for the County's water collection, distribution and sewer systems. Principal revenues are water and sewer user fees.
- **Solid Waste Fund** is used to account for the collection and disposal of the entire waste stream generated in Collier County. Landfill operations have been privatized through a contractual agreement with Waste Management, Inc. The principal revenue source is tipping fees.

Non-Major Funds include:

Governmental:

- **Special Revenue Funds** are used to account for the proceeds of specific revenue sources that are for specified purposes or are restricted in use.
- **Debt Service Funds** are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. A brief discussion of each bond issue, repayments pledge, and date of final maturity follows.
- **Capital Project Funds** are used to account for financial resources to be used for the acquisition or construction of major capital facilities or improvements.

Proprietary:

- **Enterprise Funds** are used to account for operations that are financed and operated in a manner similar to private business enterprise. The intent of the governing body is that all costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.
- **Internal Service Funds** are used to account for the provision of goods and services by the County departments providing services to other County operations.

Agency Funds:

- **Trust and Agency Funds** are used to account for assets held in trust or for individuals, private organizations, other governmental units and/or funds to be used for special purposes.

For a complete listing of all Funds utilized by Collier County, their descriptions and the category they fall into, please see the Budget by Fund section.

Estimated Changes in Fund Balance By Fund Type

The next several pages provide an estimate and a discussion of the budgeted fund balance for the County's Funds by fund type. Fund balances are the product of unspent amounts from prior years within a fund. Fund balances can be caused by timing issues (capital projects not completed when expected, unspent grant funds), excess planned revenues over planned expenditures, or they can be planned for, such as setting aside monies for future or contingent events. When developing a "balanced budget," available fund balances are combined with estimated revenues to comprise the total sources available to fund appropriations.

The budgeted year-end fund balance is determined by subtracting budgeted expenditures from the sum of prior year-end fund balance plus budgeted revenue. The difference is budgeted year-end fund balance. The budgeted year-end fund balance is then compared to the prior year-end budgeted fund balance to determine the change in fund balance.

The budget based approach discussed above assumes 100% of budgeted appropriations will be expended and only 95% of budgeted revenues will be received. Collier County has a history of conservative budget management practices and as a result actual expenditures incurred are typically less than the amount budgeted. Similarly, actual revenue received can trend well above 95% of the budgeted amount. The budget is routinely managed during the course of any fiscal year to ensure that sufficient beginning actual cash is available and sized around policy objectives.

There are two summary documents for this section. The first summary provides an overview of the changes in fund balance, including beginning fund balance, estimated revenues and other financing sources, expenditures and other financing sources/uses and then budgeted (recommended) ending fund balances for all Fund Types. Please note that the ending fund balances are presented by undesignated reserves, designated reserves and cash flow reserves. Undesignated reserves are the County's reserve for contingencies. Designated reserves are made up of reserves for debt service, capital, and actuarial insurance reserves. The cash flow reserve is established to fund beginning of the year operations as a large part of County revenues are received a couple of months after the start of each fiscal year.

(1) General Fund Grouping includes the County-wide General Fund, Constitutional Officers General Funds, Affordable Housing Deferrals, Emergency Disaster and

(2) Designated reserves include a budgeted negative reserve for payroll attrition savings. In the County-wide General Fund, the attrition reserve is the only designated reserve other than cash flow which is identified separately.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

The second summary document provides an overview of all County Funds by type with an analysis of the change in fund balance. As discussed above, the County practices conservative budget management and in order to present a reasonable analysis, the prior and current year planned fund balances are compared.

The following chart shows the budgeted change in Fund Balance from FY14 to FY15 along with a discussion of the planned changes greater than 10%.

	<u>MAJOR</u>				<u>NON-MAJOR</u>		<u>All Other Funds</u>	
	<u>General Fund Grouping (1)</u>	<u>Bayshore CRA</u>	<u>Immokalee CRA</u>	<u>Governmental Facilities Impact Fee</u>	<u>Aggregate Governmental Funds</u>	<u>All Governmental Funds Total</u>	<u>Major and Non-Major Proprietary and Agency</u>	<u>Total All Funds</u>
Estimated Fund Balance FY14	27,441	366	31	2,661	120,379	150,878	81,956	232,834
Recommended Fund Balance FY 15	27,987	402	71	2,724	120,524	151,706	85,308	237,015
Dollar change in fund balance	546	35	40	62	145	828	3,352	4,181
% change in fund balance	1.95%	8.79%	56.45%	2.29%	0.12%	0.35%	3.93%	1.76%

Major Governmental Funds: Collier County’s major governmental funds include the Countywide General Fund, the Bayshore and Immokalee Community Redevelopment Areas (CRAs) Funds, and the Governmental Facilities Impact Fee Fund. The Bayshore CRA increase in fund balance is attributable to increasing the reserve for Capital within the fund. The Immokalee CRA recommended fund balance increased because the agency started capital improvements in the prior year to the downtown area which caused a decrease in the prior year’s planned fund balance.

Non-Major Governmental Funds: This aggregate grouping of funds includes Road Districts, Grants, Special Revenue Funds, Debt and many Capital Improvement funds.

All Other Funds: Include an aggregate of the following:

- **Major Proprietary Funds:** Included here are the Collier County Water/Sewer District Funds and the County Solid Waste Fund.
- **Non-major Proprietary Funds:** Included in this group of funds are Emergency Medical Service (EMS), Airport Authority, Mass Transit and our Internal Service Funds.
- **Agency Funds:** Consist of the County Deposit Fund and the Pine Ridge/Naples Park Industrial Funds.

Major Areas of Spending

The following graph represents the major functional areas of spending (operating and capital) within the Collier County budget:

Description	FY15 Adopted Budget	% of Total Adopted Budget
General Government Serv.	\$ 89,543,300	10%
Public Safety	\$ 214,152,200	23%
Transportation	\$ 88,628,300	9%

General Government

The Legislative, Administrative, and Judicial branches of Collier County provide services in this functional area for the benefit of the public and the governmental body as a whole. The major areas are the Board of County Commissioners, Tax Collector, Property Appraiser, Clerk of Courts, Supervisor of Elections, County Manager, County Attorney, Judicial Branch, County Administrative Services and Community Planning. General Government increased in total appropriations due primarily to the expansions in Community Planning as well as an increase in needed capital improvements. General Government continues to represent approximately 10% of the entire County net budget.

Public Safety

Collier County provides services in this functional area for the health, safety and welfare of citizens and property. The major areas included are the Sheriff's Office, Fire/Rescue Departments, the Medical Examiner, and Emergency Medical Services (EMS). Public Safety amounts to approximately \$214.2 million, consuming 23.0% of the FY15 County budget. This percentage of the budget is slightly higher than in the prior year as this sector of spending remains a priority for Collier County.

Transportation

This functional area includes maintenance, administration, planning and construction for Collier County's transportation network. Transportation increased 20% over the prior year as the division moves forward with capital projects that have been postponed for the past several years.

Physical Environment

Services in this functional area provide for safe, healthy and aesthetically clean living conditions through management of various elements of the environment. The Utilities Department, Solid Waste Department and Stormwater Management Department provide most of these services. The FY15 budget in Physical Environment totals \$183.5 million, down approximately \$9.2 million from the prior year. The substantial decrease relates to the completion several projects within the Public Utilities Division. This decrease was offset somewhat as the County finishes a major beach renourishment started during the prior fiscal year and added additional funding.

Human Services and Economic Environment

Human Services include health and welfare services provided primarily by the Collier County Public Health Department, Domestic Animal Services, and the Housing and Human Services Department.

Services that develop, diversify, expand and improve the economic condition of the county and its citizenry through job and associated revenue creation are classified as Economic Environment. These services are provided by the County Manager's Agency in conjunction with the Economic Development Council, through the Immokalee and Bayshore/Gateway Triangle Community Redevelopment Agencies (CRA's), and the Veterans Services Department.

These sectors combined remain at approximately 2% of the total County budget and for charting purposes Human Services and Economic Environment are grouped together.

Culture & Recreation

This functional area includes the provision and maintenance of cultural and recreational facilities and activities for the citizens and visitors of Collier County. Included are the Parks and Recreation Department, Coastal Zone Management, the Collier County Library system, and the Collier County Museum. An increase in funding over the prior year of \$9.1 million brought the total budget to \$51.6 million for this function. Culture and Recreation represent 5% of the total County budget. The largest expenditures within this function are capital in nature. A substantial amount of funding for Culture & Recreation is generated by Tourist Development Taxes, which are continuing to rise as the economy improves.

Debt Service

Debt Service is the payment of principal and interest to County creditors. Debt service budgets in FY 15 total \$54.2 million or 6% of the total County budget. This area continues to decrease due to scheduled repayment of the County's existing obligations and no new debt.

Reserves

The levels of reserves budgeted are set by Board policy, state law, and bond or debt covenants. Current Board policy dictates that a reserve for contingency of 2.5% is budgeted in each operating fund and cash flow reserves be budgeted in the General Fund and MSTD General Fund. Budgeted reserves of \$237 million account for 25% of the total FY 15 County budget. Appropriations in this area increased slightly as the County continues to focus on growing reserves. The largest increase is associated with the County's Growth Management Division as they position themselves to properly manage the growth within the community. Notable decreases are in the capital improvement area as several projects are underway this year, including the major beach renourishment. An additional factor in this decrease is the County continues to aggressively restructure its debt portfolio and this process has not only reduced interest cost it eliminated old bond covenants and the need in some cases to fund certain debt service reserves.

Revenues

The information contained on the following pages is included in this document to provide the reader with an overview and multi-year perspective of the major revenue sources used to support the Collier County budget. The following graph illustrates the major revenue sources and their relationship to the Collier County net budget exclusive of carryforward and the statutory required revenue reserve.

<u>Description</u>	<u>Budgeted Amount</u>
<u>Current FY 15</u>	
Ad Valorem	\$268,670,300
Gas / Sales Tax	52,620,000
Permits / Assessments / Fines	47,627,100
Intergovernmental Revenues	13,602,700
Service Charges	199,118,800
Impact Fees	28,802,000
Bond Proceeds / Interest / Misc Revenue	6,746,300
Revenue Reserve Required by Law	<u>(30,336,900)</u>
Sub-total FY 15 Revenues	\$586,850,300
Carry forward	<u>347,236,200</u>
Net Total County Revenue Budget	\$934,086,500
Transfers – Constitutional Officers and Board	\$163,878,600
Transfers from General Fund (001)	75,449,300
Transfers from County Water / Sewer (408)	56,831,800
Transfers from Other Funds	84,819,900
Health / Dental / Life / Disability / WC Insurance Billings	35,655,000
Property and Casualty Billings	6,916,300
Fleet and Fuel Billings	9,686,900
Other Internal Billings	<u>20,136,500</u>
Sub – total Internal Money Shifts	\$453,374,300
Gross Total County Revenue Budget	\$1,387,460,800

Because the budget must adhere to Federal, State, and local statutes as well as generally accepted accounting principles that apply to fund accounting, the gross county budget includes double counts or internal money shifts. These double counts or internal money shifts occur wherever an amount of money is received into one fund and then expended to another fund where the final expense is recorded. The net budget eliminates these double counts or internal money shifts.

Property Taxes

The County's largest source of operating revenue is the property or "ad valorem" tax. This tax is based on the value of all land and buildings (real property) as well as business equipment and machinery (tangible personal property) within the County as determined by the Property Appraiser. By state law, the appraised value must equal the full market value of the property. Property taxes are based on the taxable value (assessed value minus any applicable exemptions). The most common exemption is the "Homestead Exemption" which entitles permanent Florida residents owning the property in which they reside an exemption of up to \$50,000 on the value of their property (residents only receive a \$25,000 exemption applied to Public School Board taxes). There are a number of other limited special exemptions based upon certain qualifying events. The most notable class of tax exemption are those applying to senior citizens age 65 and older.

The County levies property tax on a countywide basis to support general government services in the General Fund and pollution control programs in the County Pollution Control Fund.

The County also levies property taxes in special taxing districts known as MSTU's (Municipal Services Taxing Units), which are created to provide municipal type services to areas not within a city. The Unincorporated Area General Fund is the County's largest MSTU. It covers all unincorporated areas of the County and provides such services as planning and zoning, code enforcement, parks and recreation, road maintenance, landscaping operations and natural resources programs. Smaller district specific MSTU's provide such services as street lighting, drainage improvements, median beautification, and community centers. Other taxes levied through the County's principal taxing authority include dependent fire district taxes. The MSTU's provide "tailor-made" government services, whereby only those directly benefiting pay for extraordinary service levels.

The general indicator of total property tax burden levied by Collier County and all special and dependent districts is the aggregate millage. The aggregate millage is the total of all non-voted ad valorem taxes to be levied by the principal taxing authority (the County) and all special and dependent districts (exclusive of debt service levies) divided by the countywide Gross Taxable Value for Operating Purposes. This millage equivalent combines the various millage rates for the numerous special and dependent districts into a County millage figure.

Section 200.065 (1) Florida Statutes (adopted in 1980) dictates to local governments the calendar and process for adopting millage rates. This section is commonly referred to as "Truth in Millage" or "TRIM", and establishes the statutory requirements that all taxing authorities levying a millage must follow, including all notices and budget hearing requirements. This law is designed to inform taxpayers which governmental entity is responsible for the taxes levied and the amount of tax liability owed to each taxing authority through the issuance of the Notice of Proposed Taxes (TRIM notice). The TRIM notice enables the taxpayer to compare the prior assessed value and taxes with the current year assessed value and proposed taxes. It also lets the taxpayer compare the amount of taxes if there is no budget change for the upcoming year. The notice also lists the date, time, and location of all budget hearings at which the taxing authorities will hear from the public. At these hearings, the taxing authorities establish the millage to be levied against the parcel of land shown on the TRIM notice. The notice also shows the deadline for filing a petition to protest the assessment and any denial of exemptions.

The law further requires local governments to compare proposed millage rates with "rolled back rates," rates that would generate the same tax revenue as the prior year, exclusive of new construction. The Florida Department of Revenue monitors compliance with the TRIM law.

Millage History

The schedule and graph below shows the percentage increases above or below the rolled back millage rates for both countywide and aggregate taxes from FY 06 through FY 15; the impact of the tax reform measures is clearly demonstrated. (Note: A “mill” is equivalent to one dollar per thousand dollars of taxable property value).

Total Board of County Commissioners millage rates and associated budgeted ad valorem taxes were reduced for FY 08 and FY 09 due to the state mandated millage roll back and property tax reforms.

Millage % Above or Below Rolled Back Rate

<u>Fiscal Year</u>	<u>General Fund</u>	<u>Aggregate</u>
FY 06	16.0%	16.0%
FY 07	12.9%	14.4%
FY 08	(9.0%)	(9.2%)
FY 09	(7.0%)	(6.8%)
FY 10	(0.09%)	(3.2%)
FY 11	(12.8%)	(13.5%)
FY 12	(5.59%)	(4.10%)
FY 13	(0.25%)	(0.56%)
FY 14	2.47%	(1.67%)
FY 15	4.74%	4.63%

Florida law prohibits millage rates for county services from exceeding 10 mills. Municipal services have a similar 10-mill limit. Millages specifically approved by the voters for debt service are excluded from these limits. As the tables on the following pages show, the County has kept the General Fund millage rate well below the 10 mill cap.

The County has historically collected approximately 96.4% of ad valorem taxes levied. For FY 15, taxes become due and payable in November 2014 with the tax considered delinquent if not paid by April 1, 2015. State law allows for a discount of up to 4% for early payment of taxes (November 4%, December 3%, etc.), thus, this 96.4% collection rate indicates an excellent collection record.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

The enactment of Constitutional Amendment #10, Article VII, Section 4, was designed to protect homeowners from being taxed out of their homes due to rising property values. It limits increases in homestead property valuations for ad valorem tax purposes to a maximum of 3% annually. The constitutional amendment resulted in a dramatic shift in property tax burden from residential homestead property to non-homestead properties such as businesses, vacant lots, vacation homes, and rental properties. Property is reassessed at current market value upon change of ownership and may result in a major increase in the tax bill. Portability which went into effect for 2008 allows homestead property owners to apply for a transfer up to \$500,000 of "Save Our Homes" exempt value to their next homestead property.

Other Major Funding Sources

Major funding sources other than property taxes include carry forward, internal services/transfers, bond/loan proceeds, sales tax, state revenue sharing, gas taxes, impact fees, tourist development tax and service charge/enterprise revenues.

Projections of FY 15 intergovernmental revenues (primarily gas and sales taxes) were based on an analysis of historical monthly receipts of these revenue sources and were compared to forecasts provided by the Florida Department of Revenue. In addition, the forecast was analyzed in the context of current economic trends. OMB staff monitors revenues (major intergovernmental revenues, enterprise fund revenues, and impact fees) on a monthly basis to identify both current revenue conditions and the potential need for budgetary adjustments.

Carry Forward

Carry Forward (Fund Balance) is an estimate of the excess of revenue above expenses from the previous fiscal year and available for use as a funding source in the succeeding fiscal year. Carry forward is a significant source of funds in the County budget, amounting to 25.0% of total gross revenues.

Carry Forward revenue represents not only operating funds but also previously budgeted operating, debt service, and capital reserves that are "carried forward" to fund these same reserves in the new year or to fund capital projects in the current or future years. The largest sources of carry forward are the capital, debt service, and enterprise funds. In the General and MSTD General Funds, adequate carry forward/fund balance is maintained to provide cash flow for operations prior to the receipt of ad valorem taxes and other general revenue sources.

Bond/Loan Proceeds, Interest and Miscellaneous Revenue

Bond/Loan proceeds, interest and misc revenues amount to 0.49% of gross county revenues or \$6,746,300. In FY 15 no debt proceeds have been budgeted. The entire \$6,746,300 is budgeted for interest and miscellaneous revenue, such as leases, insurance company refunds and late fees.

The above amounts reflect the adopted budget

**Collier County Government
Fiscal Year 2015 Adopted Budget**

State Shared Revenues

State shared revenues are comprised of the Local Half-Cent Sales Tax and State Revenue Sharing. OMB staff maintains a database of monthly receipts from these two sources and applies trend analysis in making revenue forecasts. A comparison is then made to projections provided by the Florida Department of Revenue as a final "reality check".

The Local Half-Cent Sales Tax is collected and distributed by the Florida Department of Revenue to counties and municipalities. All city and county governments share the proceeds based on a specific redistribution formula. In FY 15, the Half-Cent sales tax is expected to provide \$34,320,000 in receipts. The Half-Cent sales tax may be used for any lawful purpose. Collier County deposits the proceeds of this tax into the General Fund to fund general government operations.

The State Revenue Sharing Act of 1972 established trust funds for certain State levied tax monies to be shared with counties and municipalities. The sources of these funds are cigarette taxes and state sales and use tax collection. An allocation formula distributes these revenues to each county that meets strict eligibility requirements. Funds are distributed among counties based on a weighted average of proportionate county populations, unincorporated area populations, and sales tax collections. The State Revenue Sharing money has no use restrictions other than some statutory limitations regarding funds that can be used as a pledge for indebtedness. Collier County uses these funds for general government functions in the General Fund. For FY 15, the County is expected to receive a total of \$8,480,000 in State Revenue Sharing proceeds.

Collier County Gas Tax Revenue

Gas taxes are a major source of revenue funding the County's road construction program and for the payment of debt. The County is using the proceeds of the Local Option Gas Tax (five cents per gallon), the Constitutional Gas Tax (20% and 80% portions), Old Local Option Gas Tax (six cents per gallon), the County 7th Cent Gas Tax, and the balance of the County 9th Cent Voted Gas Tax to fund road capital improvements and debt service payments. OMB staff maintains a database of monthly receipts from each individual gas tax and applies trend analysis in making revenue forecasts. The County budgeted FY 15 gas tax at \$18,300,000. The State of Florida's Department of Revenue's Office of Tax Research provides FY 15 gas tax estimates and these are compared to OMB's FY 15 amounts.

FY 07 to FY 14 amounts are actual collections, FY 15 is budget amount

Local Option 6 Cents Gas Tax

The 6 Cent Local Option Gas Tax is collected by the State on behalf of Collier County, the City of Naples, the City of Marco Island, and Everglades City on each gallon of motor fuel and special fuel sold in the County, with municipal shares based on their transportation expenditures over a five-year period relative to such expenditures of the County. The County's share (effective January 2014) of proceeds is 85.48% based on the transportation expenses incurred during the period from FY 08 through FY 12. On June 24, 2003 the Board of County Commissioners adopted Ordinance No. 2003-35 extending the levy of an additional six-cent local option gas tax effective January 1, 2004, expiring December 31, 2025. In FY 15, the County anticipates receiving \$6,464,000 from this revenue source and will utilize the proceeds for debt service payments.

Constitutional Gas Tax 20% and 80%

Revenues from the Constitutional Gas Tax are collected by the state as a two-cent tax on each gallon of motor fuel and special fuel sold, in accordance with Article XII, Section 9(c) of the Florida Constitution. The state allocates 80% of this tax to counties after first withholding amounts pledged for debt service on bonds issued pursuant to provisions of the State Constitution for road and bridge purposes. In FY 08, the 80% Constitutional Gas Tax revenues increased by \$611,900, the State of Florida made the final payment on the Collier County Road Bond. Collier County anticipates receiving \$3,112,500 from the 80% portion and \$778,100 from the 20% portion in FY 15 and will utilize the proceeds to support the road construction program.

County 7th Cent Gas Tax

Funds for the County Gas Tax are collected by the state as a one-cent tax on each gallon of motor fuel and special fuel sold in accordance with Section 206.60 of the Florida Statutes. Collier County anticipates receiving \$1,717,400 from this revenue source in FY 15 and will utilize the proceeds to support the road construction program.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

County 9th Cent Gas Tax

The County 9th Cent Gas Tax is collected by the State on behalf of Collier County as a one-cent tax on each gallon of motor fuel and special fuel sold in the County and taxed under the provisions of Section 336.02, Florida Statutes. The electorate of Collier County voted at a referendum held on March 11, 1980 to impose this additional fuel tax for the purpose of paying the cost of acquisition, construction and maintenance of roads and streets. On June 24, 2003 the Board of County Commissioners adopted Ordinance No. 2003-34 extending the levy of an additional ninth-cent local option gas tax effective January 1, 2004, expiring December 31, 2025. In FY 15, there is \$1,344,800 budgeted from this revenue source and will utilize the proceeds for debt service payments.

Local Option 5 Cents Gas Tax

The Florida Legislature, in special session in 1993 amended section 336.025, Florida Statutes to provide for the levy of an additional local option gas tax on motor fuel. On June 24, 2003 the Board of County Commissioners adopted Ordinance No. 2003-36 that set forth the levy of an additional five-cent local option gas tax effective January 1, 2004, expiring December 31, 2025. This tax is expected to generate \$4,883,200 in FY 15 and will be used for debt service payments. The County's share (effective January 2014) of proceeds is 85.48% based on the transportation expenses incurred during the period from FY 08 through FY 12 relative to those incurred by the three municipalities in Collier County during the same period.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Collier County Impact Fees

Collier County has adopted the use of impact fees as the funding source for capital improvements associated with new development. Impact fees are currently collected for road improvements, parks, libraries, emergency medical services, water and sewer service, correctional facilities, law enforcement facilities, fire, and government facilities. Each impact fee is set by ordinance after a thorough rate study. Revenue estimates for each impact fee are based on analyses of historical trends and overall economic conditions. In general, impact fee collections show a history of significant fluctuations corresponding to building industry trends, general economic conditions and the type of permit issued (i.e., residential, commercial, industrial).

Impact fee revenues decreased slightly in FY 14 and the FY 15 budgets reflect an increase due to the change in when impact fees are due. On February 11, 2014, the Board approved Ordinance 2014-04 which changed the timing of the impact fee due upon the issuance of a building permit until the time a certificate of occupancy is issued.

Total impact fee collections (all sources) are estimated to be \$28,802,000 in FY 15.

FY 07 to FY 14 amounts are actual collections, FY 15 is budget amount

Road Impact Fees

Road Impact Fees are collected from six separate road-planning districts within the County. The funds are used on road projects that benefit the individual districts or provide overall transportation network improvements that benefit the districts. Annual collections of this revenue source have in the past shown large fluctuations due to year-to-year variations in construction activity, thus, they are difficult to project with a great deal of certainty. In addition, (starting in FY 03) upon approval of a site development plan, developers of Planned Unit Developments (PUD's) were required to pay 50% of the total estimated road impact fees upfront (COA-Certificate of Adequacy Public Facilities). In FY 09, 50% upfront money (COA) was reduced to 20% per year for 5 years. In FY 15 road impact fee revenue is budgeted at \$3,960,000 plus \$2,040,000 for the COA money due for PUDs for a total of \$6,000,000.

Park Impact Fees

Parks capital improvements were likewise categorized into regional and community park projects. Beginning in the third fiscal quarter of FY 99, impact fees were categorized as Regional Parks—Incorporated Areas and Community and Regional Parks - Unincorporated Area. Parks Impact fees are assessed only on residential construction. For FY 15, Regional Parks -Incorporated Areas impact fee revenue is estimated to be \$100,000, while Community and Regional Parks - Unincorporated Area impact fee revenue is budgeted at \$6,100,000.

EMS Impact Fees

Emergency Medical Services (EMS) Impact Fees were originally implemented in FY 92 and are used to fund growth driven EMS facility and equipment needs. For FY 15, EMS impact fee revenue is estimated at \$260,000. EMS impact fee revenue is particularly sensitive to the types of permits issued.

Library Impact Fees

Library Impact Fees are used to fund growth related facility additions and expansions, as well as the acquisition of library materials necessary to maintain a 1.87 books per capita ratio. Library Impact fee is assessed only on residential construction. For FY 15, there is \$640,000 in budgeted library impact fee revenue.

Correctional Facilities Impact Fee

The Correctional Facilities Impact Fee was implemented in FY 99 and is used to fund growth driven jail facility expansions/additions. For FY 15, there is \$1,100,000 in budgeted Correctional Facilities impact fee revenue. Actual revenues received are highly variable based on the types of commercial buildings permitted in a given year.

Law Enforcement Impact Fee

The Law Enforcement Impact Fee was implemented in FY 05 and is used to fund growth driven law enforcement equipment and facility additions. For FY 15, Law Enforcement impact fee is revenue estimated at \$900,000.

General Governmental Facilities Impact Fee

This was implemented in FY 04 and is used to fund growth driven facility expansions and additions. For FY 15, General Governmental Facilities impact fee revenue is estimated at \$1,700,000. It must be noted that actual revenues received are highly variable based on the types of commercial buildings permitted in a given year.

Water & Sewer Utility Impact Fees

Water & Sewer Utility Impact Fees are used to fund growth driven water and sewer facility expansions and additions. For FY 15, water impact fees are estimated at \$6,000,000 and sewer impact fees are estimated at \$6,000,000.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Ochopee/Isles of Capri Fire Impact Fees

These were implemented in FY 98 and are used to fund growth driven fire facility and equipment needs. For FY 15, there is \$1,000 budgeted in Ochopee Fire impact fee revenue; there is \$1,000 budgeted in the Isles of Capri impact fee district. The large spikes in the Isles of Capri impact fee revenue in prior years were attributable to large development projects.

Tourist Development Tax Revenue

In November 1990, Collier County voters approved the implementation of a 3% tourist tax; 2% was allocated for beach renourishment and tourism promotion and 1% was allocated for debt service on a baseball stadium. This tax was challenged in the courts, and the County ceased collecting the 3% tourist tax. In November 1992, voters approved a new tourist tax plan of 2%. This 2% tax was implemented in January 1993. In January 1996, this tax was increased by 1% for the county beach renourishment program. In August 2005, this tax was increased by 1% for additional tourism promotion.

Revenue is budgeted conservatively as it is recognized that state and national economic trends, stock market fluctuations, and hurricane activity can all negatively impact tourism in South Florida. FY 15 budgeted revenue is projected at \$17,048,600 and it is anticipated that any decrease in tourism dollars due to economic conditions will fall within the 5% revenue reserve.

Service Charges/Enterprise Fund Revenues

Where appropriate, Collier County charges fees for services provided. The Parks and Recreation Department and the Community Development Division are the two areas where charges for services are most prevalent. The Parks and Recreation Department charges for admission to the Sun-N-Fun water park, the Golden Gate Aquatic Facility and the numerous athletic and recreational programs it conducts. The Community Development Division charges fees for building and related permits.

Enterprise funds are set up to account for activities that are operated similarly to private enterprises, such as the County Water-Sewer District, Solid Waste Disposal, Emergency Medical Services, and the Collier County Airport Authority.

FY 07 to FY 14 amounts are actual collections, FY 15 is budget amount

Building Permit Fees

The Community Development Division charges for building and various other permits required of the construction and development industry. Based on the actual permit levels experienced in FY 14, building permit revenue is conservatively budgeted at \$10,000,600 in FY 15.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Water -Sewer District Revenue

The Water-Sewer District rates are set by ordinance. Water rates include a base rate plus a volume usage charge that is designed to encourage water conservation. The sewer rates also include a base charge and a volume charge based on water usage, however for residential customers, there is a cap on the volume charge to take into account that not all water used is returned via the sewer system (e.g. swimming pools, lawn watering).

Projected FY 15 water and wastewater revenues are \$49,987,000 and \$58,295,000 respectively. These revenues continue to reflect the revised rate structure. Recent rate changes included an inverted rate schedule (the more a customer uses, the more the customer pays) designed to promote water conservation.

Landfill/Mandatory Collection Fees

Landfill tipping fees are the primary source of revenue for the Solid Waste Disposal Department, estimated at \$10,385,400 in FY 15. Landfill tipping fee revenue reflects an increase in anticipated tonnage processed, as well as a CPI rate adjustment. Note: Tonnage processed at the landfill sites has moderated due to increased recycling efforts.

Mandatory Collection fees: Single family residences have been required to have garbage disposed of through the County's contractor since January 1991. Residents are billed for the cost of this collection and disposal service that is estimated to be approximately \$20,720,600 in FY 15. Mandatory collection fee rates increased by \$8.88 to \$182.37 in Collier County (District 1) and \$5.08 to \$170.36 in Immokalee (District 2).

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Ambulance (EMS) Fees

The Emergency Medical Service department (EMS) is funded through a mix of General Fund support and ambulance user fees. The user fees are evaluated annually to maximize revenue and thereby reduce the subsidy from the General Fund. During the course of FY 07, Collier County transitioned to a contracted ambulance billing service. Actual ambulance fee revenue collected is a function of economic conditions, insurance carriers paying less than full billings (short pay) as well as a shift from commercial payments to private (uninsured/underinsured) payers. Ambulance fees are budgeted at \$10,000,000 in FY 15 based estimated collections projected by the billing service provider.

Airport Authority Revenue

Airport Authority operations are funded through a mixture of General Fund support and fees for services. The primary enterprise revenues are from fuel sales, T-hangar leases, and other facility leases. Revenue generated at the Marco Island Executive Airport is estimated to be \$1,926,400 in FY 15. Revenues at the Immokalee Regional Airport are planned to be \$1,090,700 while revenue generated at Everglades City Airpark is expected to be \$108,300. FY 15 total Airport Authority revenue from all sources is 20.57% higher than FY 14 actual receipts. In FY14, both the Marco and Immokalee runways were closed for a few months due to construction activities. During this time, no aviation fuel was sold which comprise approximately 78.7% of all Airport Authority revenue.

Changes to Authorized Full Time Equivalent (FTEs) Positions

Board and County Attorney Offices – The Board and County Attorney's Offices had a decrease of 3 FTEs.

- One (1) Executive to the Aide to the BCC position was eliminated.
- Two (2) support positions for the County Attorney's Office was eliminated.

Management Offices – The Management Offices had an increase of 1.0 FTEs.

- A grant funded position was transferred from Community and Human Services Department (Public Services) and reclassified to a permanent position within the Grant Compliance Section of the Office of Management and Budget.

Administrative Services Division – The Administrative Services Division had an increase of 34.8 FTEs.

- Part-time positions in Facilities Management and Information Technology Department had budgeted hours increased by a combined 0.4 FTE.
- Three (3) FTEs were added in FY 15 and 18 FTEs were added in FY 14 to Emergency Medical Services (EMS) to improve response times.
- In FY 14, a part-time position was made full time within Purchasing Department, increasing the FTE by 0.4.
- In FY 14, added 13 FTEs to Mile Marker 63 Fire Station. These positions are grant funded for four (4) years.

Public Services Division - The Public Services Division had a FTE increase of 7.

- Add one (1) Veterans Services Officer position to Veterans Services.
- Add one (1) Shelter Technician position to Domestic Animal Services Department.
- Add one (1) Grants Coordinator position to Community and Human Services Department.
- Add three (3) positions to the Library Department.
- Add one (1) Maintenance Worker to Parks and Recreation Department.

Public Utilities Division – The Public Utilities Division had a FTE increase by 2.

- Add one (1) Utility Locate position to the County Water – Sewer District.
- Add one (1) Environmental Specialist position to Solid Waste Departments.

Growth Management Division – The Growth Management Division increased FTEs by 31. The additional positions were approved by the Board in mid FY 14 in response to a rebound in development and building activity. The majority of these positions involved reclassifying temporary positions to regular FTEs.

- Five (5) FTEs were added to Growth Management Administration, three (3) in the Planning & Regulatory Administration Section and two (2) in the Construction & Maintenance Administration Office.
- Two (2) positions were added to Planning Department in the Zoning & Land Development Review Section.
- Twenty one (21) positions were added to the Regulation Department primarily in Building Review & Permitting.
- Three (3) positions were added to the Traffic Operations Department.

Constitutional Officers –The Constitutional Officers had an increase of 8.4 FTEs.

- The Clerk of Courts Board paid positions increased by 2.04 FTEs.
- The Sheriff's Office permanent positions increased by 6 FTEs.
- Budgeted FTEs remained at FY 14 levels for:
 - Property Appraiser
 - Supervisor of Elections
 - Tax Collector

Grant and State Funded positions – The grant and state funded positions had a decrease of 21.04 FTEs

- One (1) grant funded position in the Immokalee CRA was eliminated.
- A net decrease of one (1) FTE in Community and Human Services Department; one (1) grant funded FTE was relocated to the Office of Management and Budget and 0.5 FTEs was moved from a Housing grant to a Human Services grant.
- The Clerk's State funded FTE count decreased by 15.04 FTE's from the prior year.
- The Sheriff's Office grant funded positions decreased by 4 FTEs.

Employees to Permanent Population

The ratio of employees to permanent population is a benchmark that provides a measurement of relative government size. The graph and chart below illustrates that ratio for the last ten years.

**Employees (FTEs) to Permanent Population
(per 1,000 Population)**

Fiscal Year	County Employees Funded FTE's	Permanent Population*	Employees (FTEs) Per 1,000 Population
2006	3,747	316,486	11.84
2007	3,908	319,455	12.23
2008	3,879	319,059	12.16

Elected Officials-Board of Commissioners

Elected Officials-Board of Commissioners

Board of County Commissioners

The following five (5) Commissioners are elected by district and are responsible for establishing policies to protect the health, safety, welfare and quality of life for Collier County citizens.

District 1	Donna Fiala
District 2	Georgia Hiller
District 3	Tom Henning
District 4	Fred Coyle
District 5	Tim Nance

In addition to the elected officials, there are five(5) administrative positions in the Board Office.

The County Attorney, Jeffrey Klatzkow, and his staff provide legal services to the Board of County Commissioners and the County Manager's Agency. There are eighteen (18.0) permanent positions in the County Attorney's Office.

The primary funding source for the Board of County Commissioners and the County Attorney is General Fund revenue.

The phone numbers for these offices are:

252-8097 - Board of County Commissioners
252-8400 - County Attorney

Program Funding Sources	FY 2013 Actual	FY 2014 Adopted	FY 2014 Forecast	FY 2015 Current	FY 2015 Expanded	FY 2015 Adopted	FY 2015 Change
Charges For Services	131	-	-	-	-	-	na
Miscellaneous Revenues	3	-	-	-	-	-	na
Net Cost General Fund	998,952	1,144,100	1,117,000	1,153,600	-	1,153,600	0.8%
Total Funding	999,086	1,144,100	1,117,000	1,153,600	-	1,153,600	0.8%

Forecast FY 2014:

Personal service savings were generated by the elimination of an Executive Aide position.

Current FY 2015:

Personal services make up over 92% of the appropriation and will rise due to an increase in the retirement rates, and a Board approved compensation adjustment.

Program Funding Sources	FY 2013 Actual	FY 2014 Adopted	FY 2014 Forecast	FY 2015 Current	FY 2015 Expanded	FY 2015 Adopted	FY 2015 Change
Tax Deed Sales	2,866	-	-	-	-	-	na
Miscellaneous Revenues	29,199	4,200	20,600	4,200	-	4,200	0.0%
Net Cost General Fund	6,600,097	7,142,000	4,984,600	6,667,700	-	6,667,700	(6.6%)
Total Funding	6,632,162	7,146,200	5,005,200	6,671,900	-	6,671,900	(6.6%)

Forecast FY 2014:

Operating expenses are lower than adopted budget primarily due to \$100,000 of savings in unemployment compensation.

Remittance savings are from the decrease in payments to the Department of Juvenile Justice (DJJ) as that program is under review at the state level. Reserves are maintained within the general fund for the potential resolution of the issues.

Current FY 2015:

The decrease in operating expenses is mostly attributable to lower general insurance and property insurances as a result of favorable rate reductions for the upcoming year.

Elected Officials-Board of Commissioners

**Board of County Commissioners
Other General Administration (001)**

Grants and aid in the amount of \$50,000 is programmed to cover a shortfall at the Collier County Health Department and the appropriation will continue for the current year.

Budgeted remittances include \$1,655,000 to the Naples CRA and \$2,000,000 for Collier County's share of the cost of housing and feeding juveniles being held in state-ran DJJ Detention Centers. The cost for DJJ includes the usual cost of housing juveniles and an estimated reconciliation of costs that DJJ performs each year, however, current process of calculation is under review at the state level and subject to change.

Net Cost MSTU General Fund	3,510,926	2,917,900	2,917,900	2,975,400	-	2,975,400	2.0%
Total Funding	3,510,926	2,917,900	2,917,900	2,975,400	-	2,975,400	2.0%

Current FY 2015:

Operating expense increase is due to the information technology increased allocation as well as an increase in property insurance. While the property insurance rates were decreased for the upcoming year, new properties were added in the unincorporated area.

This budget also reflects one-half of an annual Board approved park system contribution to the City of Naples in the amount of \$500,000.

Mission Statement

To provide quality legal services in a timely, efficient and cost effective manner to the Board of County Commissioners and the County Manager and all County divisions, departments and appointive committees under the Board of County Commissioners. Also to represent the County in litigation brought by or against the County, and to work with Constitutional Officers and Judiciary on Board-related and statutorily-required matters.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	10.60	1,576,936	290,000	1,286,936
To provide minimum level of legally required services to the BCC; represent staff and quasi-judicial boards; represent the Board in litigation cases filed against or by the County; advise staff and prosecute as requested before the Code Enforcement Board and Contractor's Licensing Board.				
Ordinances, Resos, Other Legal Documents, & Legal Opinions	3.95	462,148	-	462,148
Research, draft, and provide legal review of legally binding documents (including massive numbers of contracts). Provide requested legal opinions and interpretations.				
Attendance at Board Meetings	1.35	207,962	-	207,962
Provide legal advice at BCC meetings, workshops, and Community Redevelopment Agency (CRA) meetings.				
Resolve Legal Issues	1.20	177,586	3,000	174,586
Meet, coordinate with, and resolve legal issues raised by the public, constitutional officers, the judiciary, and county staff.				
Advisory Boards	0.90	143,168	-	143,168
Provide legal assistance to the various advisory boards and committees upon request.

Forecast FY 2014:

Personal services expenditures decreased due to two support personnel leaving the office.

Elected Officials-Board of Commissioners

County Attorney
County Attorney (001)

Operating expenses were higher due to increased costs of outside legal counsel for the Hussey vs. Collier County case.

Current FY 2015:

Personal services are decreased due to positions being eliminated when support personnel left the office during FY14.

Operating costs are increased to include the purchase of office equipment that has not been replaced over the last several years and increased IT costs.

Capital expenditure request is to replace two printers as this office has deferred capital replacements over the last several years.

Revenues:

Revenues include copies of legal documents - \$3,000 and reimbursements for legal services from Risk Management - \$290,000.

Notes:

Article V legislation provided for the imposition of \$65 in additional court costs for persons found guilty or pleading no contest to felony, misdemeanor, or criminal traffic offenses. Twenty-five percent of this fee is available to fund legal aid programs.

As a result of this legislation, the County entered into an Agreement dated December 14, 2004, with Collier County Legal Aid. This Agreement, which was extended on June 22, 2010, was entered into pursuant to Ordinance 2004-42, which Ordinance was written in response to the legislative mandate of Section 29.008, Florida Statutes, which mandate was funded pursuant to Section 939.185, Florida Statutes. The Agreement provides that the minimum funding for Collier County Legal Aid in any given fiscal year is the greater of (1) twenty-five percent of the amount actually collected to assist Collier County in providing legal aid programs required under Section 29.008(3)(a), Florida Statutes, or (2) the amount provided from filing fees and surcharges to legal aid programs from October 1, 2002, to September 30, 2003, which was \$108,309.66. Collections from the \$65 fee continue to be below the agreed upon payment and require a transfer from the General Fund to make up the shortfall.

Forecast FY 2014:

Contractual expenditures in the amount of \$108,400 are forecasted for FY14 and will require a transfer from the General Fund of \$37,900 to make up the shortfall in filing fees and surcharges.

Revenues:

Revenue is based on average monthly collections of \$5,750. A transfer from the General Fund is necessary to bring the Legal Aid Society up to the level that it was funded in FY 2003. The transfer will only be made in the amount that will bring it up to the \$108,400 level after accounting for the fees generated.

Elected Officials-Constitutional Officer

Elected Officials-Constitutional Officer

Sheriff

Kevin Rambosk is the elected Collier County Sheriff. The Sheriff's Office protects the public health, safety, and welfare through various functions including law enforcement, special operations, criminal investigations, community services, detention and corrections, emergency 911, Judicial process, and headquarters operations. The Sheriff also administers its own support operations including data processing, finance and personal services. The Sheriff's general operating budget is funded entirely from the County's General Fund.

For more information about programs administered by the Sheriff's Office, call 252-4434.

Property Appraiser

Abe Skinner is the elected Property Appraiser. He is responsible for assessing all real and personal property in Collier County and preparing the annual tax rolls. The Property Appraiser is funded by the General Fund and from independent districts.

The phone number for the Property Appraiser's Office is 252-8141.

Tax Collector

Larry Ray is the elected Tax Collector. He is responsible for the collection of ad valorem taxes levied by the County, the School Board, special taxing districts, and all municipalities within the County. The Tax Collector's Office also issues boat titles and registrations, hunting and fishing licenses and stamps, occupational licenses, and motor vehicle licenses and registrations. The Tax collector's agency is funded by a combination of fees for service and general revenue.

The phone numbers for the Tax Collector's Office are: 252-8172 (Taxes); 252-8177 (Motor Vehicles).

Supervisor of Elections

Jennifer Edwards is the Supervisor of Elections. She is an independently elected official mandated by the Florida Constitution (Constitutional Officer) who administers the voter registration system for Collier County residents, qualifies candidates for office, monitors financial reporting requirements of candidates for office, and plans and coordinates and conducts elections within Collier County. She is responsible for implementing the National Voter Registration Act provisions as they pertain to the registration process and statistical requirements.

The Supervisor's agency is primarily funded through the General Fund.

The Elections Building is located at the County Government Center in Naples. For information regarding voter registration or elections, telephone 252-8450.

Clerk of the Circuit Court

Dwight E. Brock is the elected Collier County Clerk. He performs the constitutional and statutory duties of the Circuit and County Courts in maintaining custody of court records and all pleadings filed, recording of all legal instruments, and acts as ex-officio Clerk of the Board, auditor, recorder and custodian of all County funds. The Clerk's agency is funded by a combination of fees for service and General Fund revenues.

The main phone number for the Clerk of Courts is 252-2745.

Elected Officials-Constitutional Officer

Supervisor Of Elections

Supervisor Of Elections - Admin (080)

Mission Statement

ENSURE THE INTEGRITY OF THE ELECTORAL PROCESS

The Supervisor of Elections is responsible for administration of the single permanent registration system for Collier County residents in the most efficient and economical method possible. This includes being responsible for registering voters, maintaining voter rolls, conducting elections, reporting financial disclosure forms, reporting campaign financing and all candidate filings. In addition, current lists of registered voters, demographic statistics and voter turnout is provided to candidates in accordance with Florida Election law.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Department Administration	22.00	2,189,500	2,189,500	-
Administer the laws governing the registration process equitably and uniformly. Provide clear and concise training for the staff, as well as the public. Conduct voter education in all assisted living centers, universities, colleges and high schools. Administer the Financial Disclosure Program, processing more than 350 Financial Disclosure Form 1's, in accordance with the requirements of the Florida Ethics Commission. Assist candidates with the qualifying process.

Notes:

The Supervisor of Elections Administration Department is responsible for administering elections, as well as all the duties and tasks associated with elections. The Administration cost center is not affected by fluctuations in the number of elections conducted each year, as is the Elections cost center.

Current FY 2015:

The Administration Department's personal services increased due to the planned compensation adjustment as well as a modest increase in Elected Official's Retirement rate.

Capital outlay of \$32,200 is to fund the purchase of an Opex Model 72 Mail Extraction Desk.

Total Funding	35,332	65,200	65,200	59,200	-	59,200	(9.2%)

Current FY 2015:

Current year budget appropriation is lower than the FY14 adopted budget due to decreased information technology charges and overall insurance rates.

Elected Officials-Constitutional Officer

Supervisor Of Elections Supervisor of Elections-Elections (080)

Mission Statement

ENSURE THE INTEGRITY OF THE ELECTORAL PROCESS

Plan, coordinate, and conduct all elections by the laws of the State of Florida. Solicit, audit, and select all polling sites. Appoint and train all election workers. Notify citizens of upcoming elections and maintain precinct boundaries. Prepare ballot layout and maintain all voting equipment for each voting cycle. Perform the tabulation of election results and certification of the results to appropriate jurisdictions.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Elections	-	1,049,200	1,049,200	-
Select and train the required number of election workers to adequately staff all precincts, as well as early voting sites. Provide notices of election and sample ballots to all county voters. Process all eligible requests for absentee ballots. Provide current lists of registered voters to candidates. Compile and provide demographic statistics on voter registration and voter turnout to the public, press and all other interested agencies and organizations.				
Current Level of Service Budget	-	1,049,200	1,049,200	-

Program Budgetary Cost Summary	FY 2013 Actual	FY 2014 Adopted	FY 2014 Forecast	FY 2015 Current	FY 2015 Expanded	FY 2015 Adopted	FY 2015 Change

Forecast FY 2014:

Forecast personal services and operating expenses are over budget due to the Executive Order signed by the Governor to hold a Primary Election on 4/22/14 and a General Election on 6/24/14. The Board is responsible for funding these costs but will be reimbursed by the State of Florida.

Current FY 2015:

Personal services is solely funding the fall General Election payroll.

Operating expenses increased due to higher printing volumes for the General Election.

Notes:

This budget includes Finance and Accounting and Board Minutes and Records Divisions.

Forecast FY 2014:

Operating expenses are forecast to be less than budget due to savings attributable to reduced contractual services for Board Minutes and Records.

Current FY 2015:

Personal service increase is due to proposed increases in retirement contribution rates and the Board approved pay plan adjustment.

Operating cost decrease is due to decreases in other contractual services.

							0.0%

Notes:

This budget reflects the County obligated expenses of Circuit Civil, Felony, Jury, Probate, and Juvenile. Costs are related to telephone and facilities costs for court functions required by the state to be funded locally per F.S. 29.008.

Forecast FY 2014:

Based on historical trends and current year patterns, total expenditures are anticipated to be slightly less than the adopted budget. These reductions are due to reduced operating costs from cuts in office furniture, office equipment and maintenance costs.

Current FY 2015:

Operating expenses are down due to reduced office equipment repair and maintenance expenses.

Charges For Services	-	19,200	32,000	32,000	-	32,000	66.7%
Total Funding	-	19,200	32,000	32,000	-	32,000	66.7%

Notes:

This budget reflects the County Court Satellites, Misdemeanor, County Civil, and County Traffic. Costs are related to telephone and facilities costs for court functions required by the state to be funded locally.

Forecast FY 2014:

Based on historical trends and current year patterns, total expenditures are expected to be slightly lower than budget. The decrease is largely in the operating expenses that reflect a reduction in other contractual services. An increase in the revenue forecast and proposed budget in FY15 is a result of the annual re-calculation of the probation agreement with the courts.

Current FY 2015:

The cost for current services increased due to postage costs for passport expedite mailing.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Elected Officials-Constitutional Officer

**Clerk Of Courts
Recording (011)**

Mission Statement

To provide a systematic approach to controlling all phases of records life, to reduce paperwork proliferation, to provide efficient access to needed information, to dispose of obsolete records, to provide documentation of compliance with laws, ordinances, and other regulations, and to maintain historical records.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Recording	17.00	1,289,200	2,815,500	-1,526,300
To provide on-line computer programs to land records by title companies, realtors, attorneys, and others. To continue to pursue conversion from microfilm to optical storage and retrieval records.				
Current Level of Service Budget	17.00	1,289,200	2,815,500	-1,526,300

Total Funding	-	2,633,100	2,605,000	2,815,500	-	2,815,500	6.9%

Notes:

This budget is for the operations of the Recording Department.

Forecast FY 2014:

Personal services savings are the result of an employee retiring during the year and the position remaining vacant.

Current FY 2015:

Savings in personal services is the full-year savings from an employee retiring and the position not being filled.

Revenues:

This department is self-funding and does not require any funding from the Board of County Commissioners. Additional revenues offset costs to the Board by \$1,526,300.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Elected Officials-Constitutional Officer

**Clerk Of Courts
Administration (011)**

Mission Statement

To efficiently and effectively manage and direct the performance of the Clerk to the Board and the Clerk to the Courts legal and constitutional duties.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost	
Clerk's Administration	2.97	462,400	77,100	385,300	
To provide the services required by the Florida Constitution, which includes: Clerk of the Circuit Court, Clerk of the County Court, County Comptroller/Treasurer, County Auditor, County Recorder, and Secretary/Ex-Officio Clerk of the County Commissioners.					
Clerk's Accounting	1.98	204,700	-	204,700	
To provide financial services to the Clerk's offices to ensure that each department effectively and efficiently accomplishes their goals.					
Internal Audit	6.00	561,600	-	561,600	
To provide assurance activities designed to add value and assist the organization in accomplishing its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes by providing objective analysis and constructive recommendations.					
Records Management	0.99	99,800	-	99,800	
To provide a systematic approach to controlling all phases of records retention.					
Current Level of Service Budget		11.94	1,328,500	77,100	1,251,400

Program Budgetary Cost Summary	FY 2013 Actual	FY 2014 Adopted	FY 2014 Forecast	FY 2015 Current	FY 2015 Expanded	FY 2015 Adopted	FY 2015 Change
Personal Services	-	876,400	887,900	1,103,500	-	1,103,500	25.9%
Operating Expense	-	213,800	217,300	225,000	-	225,000	5.2%

Total Funding	-	85,800	73,000	77,100	-	77,100	(10.1%)

Notes:

This budget includes the Administrative Offices of the Clerk's operations including Purchasing and Human Resources, the Clerk's Accounting functions, the Internal Audit and the Records Management departments. Costs are allocated between court and non-court funding sources based upon FTEs served. For FY15 49.5% is Board funded for General Administration, Accounting and Records Management. Internal Audit is funded at 85.71% with the remaining funding provided by the court funds.

Elected Officials-Constitutional Officer

**Clerk Of Courts
Administration (011)**

Forecast FY 2014:

Personnel services are forecast slightly less than budget due to vacancies in the department.

Operating expenses are forecast to decrease due to a reduction in other contractual services expense.

Current FY 2015:

The FY15 budget increase is due to increases in retirement rates, the Board approved compensation adjustment, and the change in allocation between court and non-court expenditures due to the loss of FTEs in the court budget. Every year, the Clerk calculates the percentage of services provided to the County and to the courts and applies that percentage to the amount of FTEs that the County funds.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Elected Officials-Constitutional Officer

Clerk Of Courts

Management Information Systems MIS (011)

Mission Statement

To provide data processing software, hardware and administrative support to the Board of County Commissioners and its staff, the Clerk of the Circuit Court, the Supervisor of Elections and the Judiciary.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Management Information Systems	13.67	2,435,700	9,000	2,426,700
To provide cost-effective and reliable communications support for user departments to investigate and develop a functional distributed long-range plan.				
Current Level of Service Budget	13.67	2,435,700	9,000	2,426,700

Mission Statement

To provide efficient and effective law enforcement services to all of Collier County. To keep the crime rate low, preserving the quality of life we currently enjoy. To continue innovative management methods, including flexible staffing and focused tactics through intelligence gathering and analysis. To provide professional law enforcement services while keeping costs low. Provide ethical, professional and proactive services to Collier County in an effective and efficient manner. Promote the efficient acquisition and application of appropriate financial and human resources. Utilize technology to its fullest advantage to insure the CCSO is an intelligent, rapid, proactive and results oriented agency.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Law Enforcement	985.50	100,551,400	-	100,551,400
Maintain Collier County's status as one of the safest counties in the state utilizing Neighborhood Watch Community Policing and other crime prevention programs. Continue innovative management methods including flexible staffing, volunteer and dual certification to provide additional manpower during peak times.

Forecast FY 2014:

Personal services forecast are higher than adopted budget due to an increase in overtime. Savings in operating expenses offset the increase, namely savings in fuel costs, insurance costs, and reduction in cell phone costs due to implementation of a new service contract.

Current FY 2015:

Personal services increased nearly 6% due to the addition of 5 FTE's, an increase in overtime, Board approved compensation adjustments, increases in retirement and worker's compensation rates as well as several planned payouts for members completing DROP.

Operating costs are below FY14 adopted budget due to a continuation of fuel savings, a full year reduction in cell phone costs and ballistic vests were included in the prior year budget with no planned purchases this year.

Capital outlay of \$2,036,300 consists of vehicles, laptops, computers and miscellaneous law enforcement equipment.

Forecast FY 2014:

Operating expense savings are from lower than anticipated utilities. Capital outlay was for the replacement of the trailer for the firearms training simulator.

Current FY 2015:

The increase in budget is due to additional facility rentals and associated utilities. Additionally, property insurance was increased to cover these facilities.

Revenues:

The revenues are from various charges, fines and forfeitures charged by the Law Enforcement operation of the Sheriff and serve to off-set the General Fund contribution.

Forecast FY 2014:

Personal services are over the FY14 adopted budget due to an increase in overtime. This increase is offset by savings in operating expenses due to lower than anticipated fuel costs.

Current FY 2015:

Personal services decrease is due to a change in staffing with lower waged employees. These savings are offset by the Board approved compensation adjustment and increases in retirement rates and workers compensation insurance.

Forecast FY 2014:

The forecast includes continuation of existing grants. New grants and subsequent budget amendments will be submitted to and approved by the Board of County Commissioners as they become available.

Ongoing grants, many of which are supported by matching funds from the Confiscated Property Trust Fund (602) are as follows:

\$197,000 - COPS
\$ 34,100 - VOCA
\$133,600 - Child Abuse
\$ 17,300 - FIRST Reentry

\$382,000 - Total

Current FY 2015:

Any new grants will be presented to the Board of County Commissioners for approval and budget appropriated at that time. The budgeted transfer from the Confiscated Trust Fund (602) is to provide matching funds for anticipated and on-going grants as follows:

\$25,000 - InVEST
\$41,000 - VOCA
\$10,000 - FIRST Reentry

Domestic Violence Trust Fund (609)

Mission Statement

Pursuant to Florida Statute 938.08, in addition to any sanction imposed for a violation of s. 784.011, s. 784.021, s. 784.03, s. 784.041, s. 784.045, s. 784.048, s. 784.07, s. 784.08, s. 784.081, s. 784.082, s. 784.083, s. 784.085, s. 794.011, or for any offense of domestic violence described in s. 741.28, the court shall impose a surcharge. Payment of the surcharge shall be a condition of probation, community control, or any other court-ordered supervision. A portion of the surcharge shall be deposited into this trust fund and must be used only to defray the costs of incarcerating persons sentenced under s. 741.283 and provide additional training to law enforcement personnel in combating domestic violence.

Administrative Services Division

Administrative Services Division Organizational Chart

Total Full-Time Equivalents (FTE) = 405.00

Administrative Services Division

Len Golden Price, Administrator

The Administrative Services Division teams with each department under the Board of County Commissioners to provide the services and resources required to achieve success in their support of the agency's mission and goals. The Division serves as a partner in performance providing the agency with:

- State-of-the-art information technology and communications technology to support business needs
- Buildings and public facilities that allow the conduct of business in the most cost-effective manner possible
- Safety and security for our citizens and employees by developing and monitoring safety programs with a focus on eliminating unsafe conditions and unsafe acts and state-of-the-art security systems, procedures, and staff training
- High level, cost-effective fleet availability that ensures vehicles and equipment are there when our customers need them
- Human resource services that give them the capability to build and maintain a superior workforce
- Procurement services that ensure best value goods and services meet our customers' needs and are procured competitively
- Document and Records Management services that help ensure the right document is delivered to the right person at the right time
- Emergency Management services to ensure timely and effective response and preparations for impending disaster events
- World-class emergency medical services and transportation
- Fire Districts and services for areas of the County that are not covered by Independent Districts

The last several years of budget reductions and limited resources have been challenging, however, the Division met agency needs through continuous improvement initiatives and efforts to provide services that are better, faster and less expensive. The upcoming budget year will continue to be demanding as the agency moves forward with limited economic stability and managed growth while attempting to minimize the effects of deferred maintenance, aging equipment, and competing limited resources.

The Administrative Services Division's total proposed operating budget for FY15 is \$144,569,000 and includes 405 funded permanent Full-Time Equivalent (FTE) positions.

During FY14, Emergency Medical Services underwent a reorganization with increased response time being the driving force. The resulting increase in EMS staff was 18 FTE in FY14 and 3 FTE in FY15. Under an Interlocal Agreement with the Florida Department of Transportation entered into during FY14, a Fire Station at Mile Marker 63 on Alligator Alley will prepare to open. This will create 13 new positions under the Fire Districts.

As the Division is preparing for growth and the need to compete for professional staff, the Facilities department and the Information Technology Department both increased 0.8 positions to 1.0, with a total increase of 0.4. The Purchasing Department increased a 0.6 FTE to 1.0. All these positions had been held by employees who voluntarily furloughed their time during the recessionary period.

370.20 FY14 FTE Count
+ .20 Facilities Management - increase an existing position from .80 to 1.0
+ .20 Information Technology - increase an existing position from .80 to 1.0
+ .40 Purchasing Department - increase an existing position from .60 to 1.0
+ 21.00 Emergency Medical Services
+ 13.00 MM63 Fire Station
405.00 FY 2015 FTE Count

Forecast FY 2014:

The forecast remittance of \$164,800 is to the Collier County School District for Driver Education programs. Forecast revenue is based on the previous 12 month average collection.

Current FY 2015:

All funds collected will be used to fund the direct expenses of driver education programs in Collier County schools. In addition, there is an indirect service charge payment of \$1,400 to the General Fund (001). Historically, the disbursement of funds takes place at the beginning of the School District fiscal year (July 1st); given the difference from the County fiscal year, reserves are maintained in order to carry funds from the prior fiscal year until such time as the disbursement takes place.

Revenues:

The current surcharge assessed is \$5 per violation pursuant to Ordinance 2007-39. Total revenue in this budget is based on a 12-month average monthly collection of \$14,250.

Forecast FY 2014:

Motor fuel was budgeted at \$4.26 per gallon in FY14 due to unpredictable price fluctuations and projections that fuel prices would continue at an upward trend. The department saw smaller fluctuations throughout the year with small spikes during December and January due to a harsh winter. Management suspects another small spike in April/May as refiners switch to summer blends. Prices then should decline and settle out toward the end of May. Current projections are that fuel will average \$3.60 a gallon for the fiscal year and savings in fuel purchases along with the off-setting revenue reductions are reflected in the forecast. The costs of parts and associated revenues were slightly overestimated and forecast to be \$57,500 under the budgeted amount.

Current FY 2015:

Personal services expenditures experienced an increase due to the Board approved employee compensation adjustment but is lower than the prior fiscal year due to the retirement of a long-term employee in FY14.

Fleet Management's operating expenditures are reflecting an overall decrease; however, this reduction is the result of the budgeted decrease in fuel costs. In FY14, Fleet projected fuel per gallon cost at \$4.26 while the current year is projected at \$4.11 per gallon (\$3.95 plus mark up). Parts costs are estimated to increase by 3.0% attributable to an aging fleet and expected inflation.

Capital Outlay of \$70,000 is budgeted to replace a 24-year old large fork lift at the County Barn facility. An additional \$48,000 is budgeted to replace two 12-year old loaner pickups that are provided to customers when they bring their trucks in for maintenance or repair to reduce the amount of lost productivity. These replacements were deferred as long as possible as means to reduce customer service costs.

Reserves for cash flow are established at 3 months net operating expense per budget policy. Reserves for contingencies were increased due to a higher carryforward than anticipated and managed establishment of a higher reserve amount during the rate development process.

Revenues:

Labor revenue is generally based on 29,509 billable hours for vehicles and heavy equipment maintenance at \$83.98 per hour which consists of a base per hour charge of \$78.00 plus \$5.98 per hour for overtime pay. Small equipment is calculated at \$78.00 per hour. Parts revenue assumes \$1,800,000 at a 28.5% markup and sublets of \$200,000 at a 23% markup plus County car wash revenues. Fuel sale revenue is based on 1,157,397 gallons at \$4.11 per gallon and 112,261 gallons at \$3.95 per gallon for outside agency agreements. Charges for services represent the sale of fuel to non-County government agencies.

Service Level - Beginning in FY09, the County began deferring certain fleet replacements resulting in a longer service life for fleet inventory. Anticipating an upward trend of unscheduled, higher maintenance costs until our backlog aging fleet can be replaced, repairs will likely become more frequent and complex, increasing the repair time required and parts costs as well as extending a vehicle's out-of-service time.

Facilities Management Department

Facilities Management (001)

Mission Statement

The mission of the Department of Facilities Management is to provide safe, secure, clean, and comfortable facilities for our citizens and employees by ensuring all buildings, grounds, and property acquisitions are managed, maintained, and operated efficiently. The Facilities Management Department is comprised of Administration, Capital Construction/Renovations, Building Management, Government Security, Janitorial Service, Grounds Maintenance, and Real Property Management. Responsibilities include the maintenance and repair of all County-owned and operated buildings (4,255,000 square feet), project management functions for all County buildings under construction and renovation, security operations, and real estate acquisitions.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	2.00	1,186,248	-	1,186,248
Directs the functions/activities of the Facilities Management Department, including Real Property Management, Construction Management, Government Security, and Facilities Maintenance. This also includes loan repayment to Solid Waste and all organization development, IT services and telephone services.				
Building Management	36.00	7,089,750	-	7,089,750
Maintain and repair the County's 778 buildings, including: electrical, plumbing, air conditioning and structural repairs, preventative maintenance, physical plant maintenance, pest control, and fire and sprinkler alarm maintenance and compliance.				
Capital Construction/Renovation Personnel	6.00	621,844	-	621,844
Develop architectural designs and engineering specifications for construction of new facilities; provide in-house construction administration services and project management for BCC owned and leased facilities; roof replacement, A/C replacement, and warranty work.				
Campus Utilities	-	290,800	-	290,800
Provide funds for payments to utility companies for portions of electrical, trash, water and sewer costs for County facilities.				
Custodial Services	0.50	1,281,929	-	1,281,929
Provide competitive, sub-contracted janitorial cleaning services and the removal of garbage and recyclables for 152 buildings.				
Indoor Air Quality Services	-	20,000	-	20,000
Investigate and remediate indoor air quality (IAQ) complaints by investigating and cleaning ductwork and air-conditioning equipment ensuring public facilities are clean and free of dangerous airborne particles and molds; provides for scheduled systematic cleaning of air conveyance systems.				
Grounds Maintenance	0.50	635,329	-	635,329
Provide competitive sub-contracted landscaping services to the County's main campus and 57 satellite facilities as well as to provide for pest control, fertilization, and mulching.

Administrative Services Division

Facilities Management Department Facilities Management (001)

Forecast FY 2014:

Personal services are over budget due to a long-term employee retiring during the current year and the subsequent payout of leave balances.

HVAC and roofing systems are being stretched beyond their useful lifecycle and repairing or patching is becoming a less economical option. Over ninety-five (95) roof leaks were reported in FY13 and fifty (50) large roofs are beyond their lifecycle. HVAC repairs are on the rise as 893 of 1,685 (53%) pieces of equipment have surpassed their useful lifecycle. Indoor-air quality investigations have increased over the past few years from seven (7) in FY12, twenty-five (25) in FY13, to an estimated twenty-five (25) in FY14. Square footage increased over 24,000 with an estimated impact of \$67,000. Discontinued re-lamping and piecemeal lighting replacement is proving inefficient as bulbs approach the end of their life cycle.

Current FY 2015:

Personal services increase is due to the Board approved compensation adjustment. The Maintenance Section will increase a Master Tradesworker from 0.8 to 1.0 FTE to ensure maximum utilization of this position, however, there will be no impact to the personnel budget because the employee will continue to work a 32 hour work week.

The operating budget will continue to provide its current level of service, which is limited to routine and emergency repairs with minimum but growing dollars devoted to preventative maintenance. The Department is continuing to limit for following maintenance items:

- Hardware – limited amount of hardware for small repairs will be available.
- HVAC Services – limited to emergency repair. Preventive Maintenance schedule is limited to semi-annually.
- Electrical Contractors/Supplies – limited to emergency repair. Discontinued wholesale re-lamping.
- Indoor Air Quality (IAQ) Contractors – limited amount of IAQ investigations.
- Landscaping Services – irrigation, sod, and mulching will be limited.
- Painting Contractors – limited.
- Plumbing Contractors/Supplies – limited inventory could result in additional time to repair.
- Roofing Contractors – limited to emergency repair and patching. Inspections and gutter maintenance eliminated.
- Air Filter Contract – reduced from monthly to bi-monthly.
- Structural preventive maintenance – pressure cleaning reduced from semi-annually to emergency.
- Asphalt sealing and restriping limited. Sidewalk repairs emergency only.
- Janitorial Services – reduced to 3 days a week for most government buildings (except Parks and Library)

Department's ability to provide proactive maintenance is improving, however, it will remain somewhat constrained as additional services, personnel costs, and additional buildings continue to increase. The Department will increase its maintenance services responsibilities by adding Eagle Lakes Community Center, CCSO Substation #12 (Orange Tree), and Gordon River Park to its FY15 inventory. The 20,000 increase in square footage requires departmental support and maintenance and has an estimated impact of roughly \$57,000 annually, which will be covered in the FY15 budget.

The Department will utilize its capital appropriation to purchase assets for building improvements including minor renovations, card access, and technological improvements. Also, Fleet Management recommends replacing 20 of the Department's 31 vehicles. Three of these vehicles are being appropriated from the pool of capital replacement funding to be allocated on an as needed basis and are programmed in this budget.

One new vehicle purchase is approved to fulfill the needs of the additional field HVAC Technician hired in FY14.

Administrative Services Division

**Facilities Management Department
Real Property Management (001)**

Mission Statement

To provide professional property acquisition and management services which exceed customer expectations through courteous, expeditious, and knowledgeable handling of real estate transactions.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Section Administration/Overhead	0.50	90,894	-	90,894
This program provides for the general administration of the Section and fixed overhead.				
Property Acquisition	5.50	507,930	520,000	-12,070
This program provides for the acquisition and appraisal of land and land rights for all County divisions. Some examples are right-of-way for all utility projects, sites for parks, libraries, water treatment facilities, wastewater treatment facilities, EMS facilities, sites under the Conservation Collier program, and sites for administrative offices.				
Property Management and Leasing	0.50	51,540	-	51,540
This program includes the leasing of both improved and unimproved property for County uses, as well as the leasing of County owned property to others for compatible uses and the issuance of licenses to not-for-profit organizations to hold special events on County owned property. Resolving ordinance violations on vacant County owned property also falls within this program.				
Lake Trafford Cemetery	0.25	20,015	19,000	1,015
This program provides for daily administration of the cemetery, selling burial plots, assigning pre-need plots, arranging for the flagging of plots for all burials, process payment of utilities and other associated costs.				
GAC Land Trust Property	0.25	25,621	100	25,521
This program includes administering the GAC Land Trust Fund, negotiating and processing sales of trust property, and processing requests from departments for use of trust funds for capital projects that will benefit the residents of Golden Gate Estates. Revenue is from processing fees for sales requests. Sales revenue and expenses are shown in GAC Land Trust Fund (605).

Total Funding	714,693	692,800	675,800	696,000	-	696,000	0.5%

Forecast FY 2014:

Revenues (reimbursements from other departments) are forecast under budget as a result of lost billable hours due to the retirement of an employee. In addition, more staff hours are being consumed with non-billable projects. Revenue consists of reimbursements from the Public Utilities Division, Public Services Division, Administrative Services Division, and other client/departments for work performed by staff.

Revenues:

Decreased due to reduction in billable projects and additional staff hours spent on non-billable projects. Reimbursements from other departments is attributed to the continuation of project work for the Public Utilities Division, Public Services Division, Administrative Services Division, and other client departments.

Miscellaneous revenue of \$19,000 is for the anticipated sale of 50 burial plots at Lake Trafford Cemetery.

Administrative Services Division

Facilities Management Department

GAC Land Trust Fund (605)

Mission Statement

To efficiently and effectively market Golden Gate Estates lots currently owned by Collier County, and identify needs for services within the Golden Gate Estates area and to set priorities for the funding of necessary improvements and/or support equipment to provide these services.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Gulf American Corp (GAC) Land Sales	-	910,200	910,200	-
Expenses associated with selling Golden Gate Estates lots. This program is pursuant to an agreement dated November 15, 1983, between Avatar Properties, Inc. and Collier County. As of March 31, 2014, there remain 8.93 acres available for sale and 82.32 acres in reserve. The expenses shown below do not include payroll and associated expenses allocated in General Fund (001).				
Current Level of Service Budget	-	910,200	910,200	-

Total Funding	1,409,808	1,120,400	1,103,000	910,200	-	910,200	(18.8%)

Forecast FY 2014:

Expenditure includes \$62,000 for additional gym & recreational equipment at Louise Hasse Community Center approved by the BCC on March 25, 2014, Agenda Item 16E5 and \$150,000 allocated to Golden Gate Fire Control & Rescue District for equipment on fire fighting apparatus approved by the Board on May 27, 2014 via Agenda Item 16E4

There are no anticipated land sales in FY14.

Current FY 2015:

There are no planned funding requests for FY15 and any new requests will be brought before the Board of County Commissioners for approval.

Revenues:

Due to the continued fluctuating nature of the real estate market, land sales have proved very difficult to predict. However, the FY15 budget proposes revenues and expenditures associated with one (1) land sale sized conservatively at current sale trends.

Forecast FY 2014:

Forecast revenue is based on the previous 12 months of data, and reflects average monthly collections from the County's Government Complex Snack Bar concession fees. Expenditures will include an automatic door opener at North Collier Government Center will be installed by the end of the fiscal year to assist those that have trouble opening doors. Also, sidewalk ramps will be either updated or installed at the following locations: Bayview Park, Building H, Building J and J1, Naples Regional Library, Eagle Lakes Community Park, Golden Gate Library, Immokalee Library, Marco Island Library, North Collier Regional Park, and Vineyards Community Park.

Current FY 2015:

Budgeted expenditures are based upon total anticipated revenue. Proposed projects are reviewed and prioritized by necessity for compliance with standards set forth by the Americans with Disabilities Act. Revenue will be spent updating or creating ADA parking spaces at Aaron Lutz Park, Barefoot Beach, Bayview Park, Building M, Regional Library, Clam Pass, Cocohatchee, Eagle Lakes Park, ENCP, East Naples Library, Golden Gate Community Center, Immokalee Jail, Marco Airport, Marco Library, North Collier Government Services Center, Pelican Bay Park, Vanderbilt Library, Vineyards.

Notes:

The Freedom Memorial is located at the Freedom Park, also known as the Gordon River Water Quality Park, located on the northeast side of Golden Gate Parkway and Goodlette Road.

Forecast FY 2014:

Carry forward represents donations received in prior fiscal years. Forecast miscellaneous revenues are based on average monthly collections and are attributable to sales of memorial bricks and donations. Capital Outlay is for continued construction of the Memorial, including flag portions and the walkway.

Current FY 2015:

Capital Outlay represents continuation of Memorial construction including installation of memorial bricks and cladding on the Memorial. In FY 2009 and FY 2011, the Freedom Memorial received tourist tax grants in the amounts of \$101,700 and \$39,000 respectively. Pursuant to a Clerk of Court audit and in accordance with Board direction, tourist tax grant funding should have been paid from Category C-1 funds and not Category C-2 funds. The change in funding as directed will be reconciled this fiscal year.

Reserves in the amount of \$140,700 represent the tourist tax grant funds received and were moved out of operating expense until the noted correction can be made.

Human Resources Department Human Resources - General Fund (001)

Mission Statement

To provide quality strategic Human Resources leadership and technical expertise to both the internal and external customers of the Collier County Board of County Commissioners that “Exceeds the Expectations” of our customers, supports the wellness of our employees, and demonstrates unquestionable ethical values.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Administration	2.00	361,079	-	361,079
Plan, organize and direct the activities, staff and resources of the Human Resources services. Oversee all operations within the Department, as well as ensure adherence to best practice Human Resources Management standards.				
Employee Relations	1.00	80,342	-	80,342
Provide Human Resource services to our employees that balance employee advocacy, meet all legal obligations and support County objectives.				
Recruitment	2.00	147,771	-	147,771
Develop strategies designed to identify qualified candidates through various recruiting tools, post vacant positions, negotiate wage rates and other terms and conditions of employment with candidates, and complete necessary post-offer processes for newly hired associates.				
Operations	3.00	303,224	-	303,224
Provide support to Human Resource functions as well as County operational needs, including processing employment transactions, management of temporary staff, maintaining employee personnel files, responding to public information requests, Equal Employment Opportunity (EEO) compliance and reporting, and administering the Family Medical Leave Act (FMLA) and other leaves of absence.				
Career Development and Employee Retention	3.00	369,743	-	369,743
Provide the right training programs, at the right time, in the right place to meet all of our employees' needs, to continue the professional growth and development of staff, to assist in preparing current employees for future organizational opportunities, and provide guidance for succession planning.				
Employee Compensation and Classification	2.00	230,441	-	230,441
Design, communicate, implement and administer an integrated, comprehensive approach to compensation that is a tool for management to attract and retain employees, and to drive performance that exceeds our customers' expectations.				
Current Level of Service Budget	13.00	1,492,600	-	1,492,600

Notes:

The Department of Human Resources (HR) is comprised of a number of organizational components which include Administration, Compensation, Labor and Employee Relations, Operations, Recruitment and Training & Development. Each specialized area provides a variety of services to the County's constituency as well as to the County's employee population. This is accomplished by supporting the organization with team building efforts in the areas of employee recognition, retention, motivation, training and development.

At the end of FY14, the first class of participants in the Certified Public Manager (CPM) program will graduate. This program, offered by the Florida Center for Public Management at Florida State University, has brought together close to three dozen employees from the BCC and other constitutional officer agencies who have expanded their knowledge and expertise through eight one- to two-week education sessions.

HR employees continue to provide targeted training to support ongoing organizational changes throughout the County, as well as offering education to new employees and supervisors. Staff assist in teambuilding retreats, and have been working with many Directors in the development of career progression plans. These activities, offered on-site to employees, enhance the skills that individuals need to be high-performers in the workplace, as well as develop new abilities that prepare them for future opportunities within Collier County.

In addition to recognizing active employees through a Service Award Choice Program, retiring employees have been added as well. A new on-the-spot recognition initiative, titled Values In Practice (VIP), is in the final development stages for implementation this fiscal year, and will allow employees at all levels of the agency to immediately acknowledge others who "live" the County's guiding principles of Honesty, Integrity, Service, Accountability, Quality, Respect, Knowledge, Stewardship, Collaboration and Self Initiating/Self Correcting in the workplace.

Forecast FY 2014:

Personal services are forecast under budget as the result of one position being vacant for a portion of the fiscal year, and several employees eligible for the Vacation Sell Back Program who elected not to participate, generating cost savings. Additional operating funds have been provided and transferred to the HR budget in the amount of \$26,500 to support implementation of the NEOGOV Perform tool, which will be used throughout the agency for employee performance management.

Current FY 2015:

Operating costs are projected to increase 38%; this is a direct result of several major initiatives that previously were not included in the Human Resources budget. The first is the ongoing support for the NEOGOV Perform tool, which will be a recurring annual cost. The second is a one-time cost for FY15 to contract with a consulting firm that will conduct a Pay and Classification study for all positions within the agency, and provide recommendations for implementation in FY16. These two items comprise 85% of the increased expenses. The remaining operation cost increases include support of employee recognition initiatives related to retirees and the VIP program.

Information Technology Department (505)**

Mission Statement

To provide efficient, reliable, secure customer oriented information technology services for Collier County Government which include the agency's data network, telephone system, multi-agency public safety radio system and the management of all related assets, software applications and data. To ensure data integrity, system security, and compliance with all federal, state, and local statutes and regulations.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	4.00	481,500	3,941,800	-3,460,300
<p>Coordinates agency strategy for IT, telecommunications, and 800 MHz Radio with customer groups. Performs administrative work in support of department and agency business processes including payroll, invoicing, and payables. Defines policies necessary to protect the County's information assets and to comply with applicable statutes and standards. With customer groups, recommend and implement business continuity measures based on risk assessments.</p>				
IT Service Desk	7.00	546,600	-	546,600
<p>The Service Desk is responsible for desktop support, inventory and computer maintenance.</p>				
Applications	10.00	969,200	1,374,000	-404,800
<p>Provides services involved in the acquisition, implementation, and support of agency and customer specific applications.</p>				
Development	8.00	846,700	-	846,700
<p>Provides SQL Server database administration, administration of the core Geographic Information System (GIS) infrastructure, programming related to the agency's SAP implementation, and services involved in the acquisition, implementation and support of agency applications.</p>				
Operations	9.00	2,633,900	-	2,633,900
<p>Provides customer support for computer users and telephone system users and their equipment. Operates, secures, maintains, and improves the agency's infrastructure for email, data communications, voice communications, application servers, data storage and backup. Manages the inventory of the agency's technology assets.</p>

Notes:

The IT Department is an internal service fund. BCC Departments and outside agencies budget IT service costs based on their service demand. Shared IT services are funded through consumption based unit costs. Specialty professional services for each Department are funded directly. This methodology was developed in direct partnership with the business users of IT services by direction of the Information Technology Executive Committee (ITEC) which governs agency IT policies. IT funding policies balance the service demands of our various businesses (type of services offered and service levels) with agency financial constraints.

Forecast FY 2014:

Personal services expenditures are expected to be less than the adopted budget due to attrition savings.

Current FY 2015:

Personal services increased due to the Board approved employee compensation adjustment. Additionally, in cost cutting efforts in FY08, a staff member agreed to work 4 days a week, resulting in a .8 FTE. The employee advanced within the department and the vacant .8 position was increased by .2 FTE in order to be able to recruit for a full-time employee and maximize this position for the organization. This resulted in a budget-neutral FTE increase as the position will be filled at the starting range of pay for that classification.

Operating expenses were increased for enhanced training opportunities and increased maintenance costs.

Revenues:

Charges to the various departments within the County are consistent with the overall operating budget increase.

Administrative Services Division

Information Technology Department

800 MHz Radio System Fund (188)

Mission Statement

To provide funding for operational costs of the 800 MHz Inter-government Radio System, which provides interoperable radio service to forty-one (41) public safety and general government agencies operating 4,200 radios. Assure radio system availability greater than 98% of the time.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
800 MHz Radio System Maintenance	-	1,230,700	1,230,700	-
To provide operational costs of the 800 MHz system including monthly utility costs and lease payments for tower sites, as well as periodic maintenance of on-site components.				
Current Level of Service Budget	-	1,230,700	1,230,700	-

Total Funding	1,250,022	1,203,700	1,258,200	1,230,700	-	1,230,700	2.2%

Forecast FY 2014:

Operating expenses are projected to marginally exceed budget for FY 14. Operating revenues (charges for services and miscellaneous revenues) are anticipated to be \$22,000 more than appropriated due to a final payment from Sprint Nextel under the Frequency Reconfiguration Agreement approved by the Board in 2007.

Current FY 2015:

Operating expenses are increasing due to annual increases in lease agreements and a \$25,000 increase in property insurance costs. The offset to these increases is an increase in the transfer from the General Fund.

Revenues:

Charges for service include \$31,000 in charges for radio maintenance provided to non-BCC customers and \$275,600 in proceeds from a \$12.50 surcharge on moving traffic violation fines. Miscellaneous revenue consists of income from radio tower lease agreements and battery replacement sales. Reimbursements from other departments includes maintenance charges for mobile and portable radio equipment and for minor operating equipment (replacement antennas, radio clips, etc.) that is purchased in bulk and provided to customers on an as needed basis.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Administrative Services Division

**Information Technology Department
Information Technology Capital (506)**

Mission Statement

To fund the replacement and or enhancements of existing IT capital infrastructure and computers and to fund the infrastructure to accommodate new requirements and services.

Total Funding	890,688	868,200	1,449,300	225,100	-	225,100	(74.1%)

Forecast FY 2014:

The IT Department has the following projects underway:

- \$ 355,900 PC Replacements
- \$ 692,700 Infrastructure
- \$ 100,200 Telecommunications
- \$ 32,600 Installation of conduit
- \$ 82,000 Business Continuity
- \$ 24,000 Server Replacements
- \$ 27,000 Storage area hardware
- \$ 134,900 County Manager Initiatives
- \$1,449,300 Total Projects

Current FY 2015:

Capital expenses include provisions in the amount of \$225,100 for the PC replacement program and to begin building a reserve for the upcoming Microsoft Office update.

Revenues:

Agency computer users will be charged \$98 per computer for those computers covered under the agency's Technology Improvement Program. An additional \$58 per computer will be assessed to fund the replacement of obsolete servers and the replacement of Storage Area Networking hardware that will no longer be supported by the manufacturer.

The increase to the capital assessment to departments is intended to move the Agency out of the break-fix mode and get back on track with the capital replacement program.

Administrative Services Division

Purchasing Department Purchasing Department (001)

Forecast FY 2014:

Personal services continue to be under budget due to attrition through vacancies and the temporary reassignment of staff. Additionally, staff turnover continued in the Purchasing Department as a result of two (2) retirements in a key management and grants compliance positions. In an effort to provide stability and continuity to the purchasing department a .6 FTE position was reclassified to a full 1.0 FTE, which will allow the department to recruit for a full-time employee.

The Purchasing Department's most notable 2014 implementation efforts included: new Purchasing Ordinance adopted in December 2013; countywide asset management contract negotiations; and, coordination of the county wide five (5) year professional service contract for architects and engineers.

Purchasing card revenue increased by 10% (to more than \$34,000) over the prior year.

Current FY 2015:

Personal service increase is due to the Board approved compensation adjustment and a full year of the increased FTE.

Operating expenses and off-setting revenues were increased by \$6,000 to establish budget for bid protests.

Forecast FY 2014:

Revenues from the County's annual Surplus Auction in March 2014, were \$583,316. Approximately \$276,400 was returned to the General Fund, more than double the projected FY 14 budget; and more than \$312,000 was returned to enterprise, grant, and other funds as approved by the Board.

Current FY 2015:

Provision for off-site facility rental has been included in the event it is needed.

Revenues:

Projections for surplus sales have been increased due to the past couple years of continued improvement.

Administrative Services Division

**Risk Management Department
Property & Casualty Insurance Fund (516)**

Forecast FY 2014:

Forecast revenues are expected to be below the adopted budget primarily due to lower than anticipated premium billings resulting from favorable property and casualty renewals. Forecast revenues also reflect the recovery of reinsurance proceeds which are 46% higher than anticipated due to a \$200,000 reinsurance recovery in the Blocker case.

Forecast operating expenses are expected to be below the adopted budget due to lower than anticipated Property and Casualty reinsurance premiums resulting from favorable renewals.

Current FY 2015:

Personal Services expenditures comply with budget guidance. Operating expenses are down due to lower reinsurance costs. The insurance claims budget remains flat due to favorable loss experience.

A Transfer to the General Fund (001) includes \$200,000 of unencumbered funds arising from favorable loss experience and \$76,600 to fund the management of the certificate of insurance tracking system.

The transfer to the MSTD General Fund (111) in the amount of \$200,000 is from reserves resulting from a reinsurance recovery in the Blocker Case;

Revenues:

Property and Casualty billings are below the FY 14 budget due to favorable renewals in FY14.

FY15 Carry Forward is above the adopted FY14 budget as a result of favorable loss experience and due to the recovery of reinsurance funds in the Blocker case.

Forecast FY 2014:

Overall forecast Revenues are expected to be higher than the adopted FY 14 budget due to greater than anticipated carry forward as a result of improved claims experience and higher than anticipated reinsurance recoveries.

Group Health Premium Billings are expected to be in accordance with the adopted budget while Life, Dental and Long Term Disability Premium Billings are expected to be down due to favorable program renewals in FY 13.

Operating expenses are anticipated to be below budget due to lower projected health claims costs and the favorable renewal of the Life, Dental and Long Term Disability insurance programs in FY13.

Current FY 2015:

Personal Services expenditures comply with budget guidance. Operating Expenses remain at FY 14 levels due to better than anticipated claims experience. Budgeted reserves are anticipated to increase 64.5% due to greatly improved health claims experience in FY 13 and projected claims experience in FY 14.

Revenues:

Overall Revenues are up 15.4% due to an increase in carryforward resulting from greatly improved health claims experience in FY13. Group Health Billings will remain unchanged in FY15 due to a 0% rate increase and stable enrollment. Life, Dental and Long Term Disability Premium Billings decreased 25% (Life), 5.9% (Dental), 7.5% (Short Term Disability) and 13% (Long Term Disability), respectively.

Current FY 2015:

Personal services increased due to a vacancy being filled with an internal employee at a higher rate of pay than the starting salary budgeted for the position.

Operating expenses are down due to flat reinsurance and claims expenditures.

Capital expenditure of \$44,000 is budgeted to replace a department vehicle which is 14 years old.

Reserves for insurance are down nearly one-third due to a planned reduction in premium rates and the transfer of unencumbered funds to the General Fund which began in 2009, but are in compliance with legal requirements.

A transfer to the General Fund (001) in the amount of \$1,000,000 consists of unencumbered funds arising from favorable experience.

Revenues:

Allocated Workers' Compensation premiums are up 2.1% as a result of increased payroll, however Total Fund Revenues are down as the result of a planned reduction of carry forward resulting from favorable loss history.

Emergency Management Department Emergency Management Operating (001)

Mission Statement

The Collier County Department of Emergency Management works to protect and manage consequences for the citizens, visitors, local agencies, businesses, and organizations from the effects of natural, technological, public health, community crisis, and terrorism disasters or emergencies under the guidance of the County Manager. The Department receives program guidance and mandates from the Department of Homeland Security, the Federal Emergency Management Agency, and the State's Division of Emergency Management under the Office of the Governor. The Department maintains a vision of a vibrant, integrated, and progressive disaster-resistant community. Programming and work by the Department includes planning for and responding to major disaster events or localized emergencies 24 hours a day, 7 days a week. Staff and volunteers work to develop capabilities, strategies, and programs to minimize the effects and streamline the recovery from a disaster or community emergency. The Department provides on-scene technical support to public safety organizations, hurricane protection project management, community and crisis education and planning, comprehensive disaster, nursing home and other critical infra-structure review, preparedness planning, evacuation coordination, emergency public information and warning, meteorological services, hazardous materials storage analysis, field exercise and training resources, and registration and case-need evaluation for persons with special needs.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead Costs	3.00	818,142	-	818,142
Manage all facets of emergency preparedness programming, function as the administrative office for the departments including Collier County Emergency Medical Services, Med-Flight, Ochopee Fire Control, Isles of Capri Fire Rescue District, and staff liaison to the District 20 Medical Examiner.				
Special Needs Administration	2.00	195,753	-	195,753
As mandated by the State of Florida, provide and maintain a listing and case needs assessment of special needs citizens that may require additional assistance during times of emergency or evacuation. Facilities such as nursing homes, rest homes, and congregate care facilities require their disaster plans to be reviewed annually for compliance.				
Emergency Operations and Planning	4.00	362,105	-	362,105
Emergency Management must maintain a 24-hour, 7-day a week multi-hazard Homeland Security response and consequence management capability. This effort includes ensuring the reliability and capability of the emergency operations center, mobile command vehicle, various communication sets, and other field deployable assets to be ready at all times to respond, protect, and mitigate the effects to the community prior to, during, and after a natural, technological, terrorist, pandemic, or community crisis event. The Department provides technical assistance and hosts numerous multi-agency training forums and exercises in a multi-hazard environment to ensure that all efforts to prepare for, respond to, recover, and mitigate from the effects of a disaster or local emergency are efficient and effective. The Emergency Management Department actively seeks grant opportunities to acquire funds to help mitigate against future emergencies, build local capability with supplies and equipment, and support a broad range of public safety and public health concerns and agencies.				
National Incident Management Systems	-	34,700	34,700	-
Additional training/education, equipment, contract personnel and other requirements for the emergency management program. Costs are offset by revenue from tower lease revenue shared with the Golden Gate Fire District.				
Current Level of Service Budget	9.00	1,410,700	34,700	1,376,000

Notes:

Collier County continues to maintain one of the smallest, albeit nationally recognized, emergency management organizations by population and threat hazard in the State of Florida.

The Department of Emergency Management relies upon the efforts of each staff member for their respective program expertise to protect and serve the citizens of Collier County from affects of local emergencies and regional and national threats. The program is established in the following functions similar to the National Response Plan and State statute guidance: Human Services, Planning and Mitigation, Hazardous Materials, Homeland Security and Training, Logistics, and Administration. Emergency Management staff has also been tasked with grant research, project formulation and grant management, toward strengthening disaster resistance via mitigation efforts. Since 2002 over \$16.1 million dollars in disaster mitigation recovery and emergency planning and training grants have been acquired for all sectors of the locally eligible organizations.

Current FY 2015:

Operating costs are increasing due to the IT allocation increase of \$32,400 and Fleet charges of \$6,600. Controllable cost are being held to the same level as the prior year and reflect elimination of all discretionary spending. While the department does receive grant funding, the funds are not allowed to supplant existing budget.

Current FY 2015:

\$50,000 is appropriated in order to enable a quick response time for the procurement of generators in an emergency and will only be used in the event of an impending emergency. All unspent funds will remain in reserves for contingencies in the Emergency Disaster Fund (003).

In the event an expenditure is made and is reimbursable by FEMA, advance funding expenditures will be submitted for reimbursement and any amounts refunded will be returned to this fund.

Administrative Services Division

Emergency Management Department Miscellaneous Grants Fund (118)

Mission Statement

To provide enhancements to the minimum standards required of counties by the State of Florida and the Department of Homeland Security in support of local emergency management programming. Functions include service delivery, equipment, supplies, training development and delivery, Special Needs program and special planning projects. Grants from this fund come from the Emergency Management Preparedness and Enhancement Trust Fund as mandated by the State of Florida and the Federal Emergency Management Agency.

Program Budgetary Cost Summary	FY 2013 Actual	FY 2014 Adopted	FY 2014 Forecast	FY 2015 Current	FY 2015 Expanded	FY 2015 Adopted	FY 2015 Change

Total Funding	31,648	38,400	31,800	-	-	-	(100.0%)

Notes:

Budgets will no longer be prepared in advance of actual acceptance of grants. Any grants received will be brought to the Board for approval and acceptance along with budget amendments to recognize and appropriate funds at the time they are received. The Bureau of Emergency Service Grants Fund (713) will be utilized for any future grants.

Forecast FY 2014:

Fund 118 is no longer an active Grant Fund. In the past, Emergency Management department and the Fire Districts accounted for their grants in this fund, however, starting in FY10, the grant activities were moved to Funds 713/714. The residual cash remaining in this fund is being transferred back to the General Fund as it was determined to be excess match money from the General Fund.

Notes:

Budgets for grants are no longer prepared in advance of the actual acceptance of the grants. Any grant received will be brought to the Board of County Commissioners for approval and acceptance along with budget amendments to recognize and appropriate funds at the time they are received.

Forecast FY 2014:

Currently the Department of Emergency Management is executing a number of grants awarded in 2012, 2013, and 2014. These grants have a specific purpose toward improving communication interoperability, data and media transfer, disaster planning, training, building disaster resilience and other homeland security and natural hazard related matters. All of the grants are recurring, non-competitive grants. State and FEMA pass through funds (EMPG and EMPA) will require local funding thresholds to be maintained at certain levels or risk proportionate share of grant reductions.

All of the grants have contract periods that overlap fiscal years. This forecast includes the following grant awards:

- \$ 524,000 Department of Homeland Security
- 97,100 Emergency Management Performance Grant
- 66,900 Emergency Management Preparedness
- 8,700 Dept. of Comm. Affairs - Hazards Analysis
- \$ 696,700 Total Active Grants

Division of Forestry Services (111)

Mission Statement

Pursuant to Florida Statute 125.27, the Division of Forestry contracts with each County Board of Commissioners to provide countywide forest fire protection. In fulfilling the provisions of this law, each district/center manager will perform the following two functions: 1) Provide a Protected Acreage Review. 2) File an annual report with the Collier County Board of County Commissioners.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Forestry Services	-	27,500	-	27,500
To make provision for fire protection, based on \$.07 x 392,538 acres assessment of property that requires fire equipment and personnel to suppress and contain brush fires.				
Current Level of Service Budget	-	27,500	-	27,500

Program Budgetary Cost Summary	FY 2013 Actual	FY 2014 Adopted	FY 2014 Forecast	FY 2015 Current	FY 2015 Expanded	FY 2015 Adopted	FY 2015 Change

Notes:

The Board of County Commissioners, pursuant to Section 406 of Florida Statutes, provides the funds for the provision of Medical Examiner Services through a contractual service agreement with the Florida District 20 Medical Examiner. In many circumstances involving the death of a human being, per Florida Statutes 406.11, the medical examiner of the district in which the death occurred or the body was found shall determine the cause of death and shall, for that purpose, make or have performed such examinations, investigations, and autopsies as he or she shall deem necessary or as shall be requested by the state attorney. Further, the Medical Examiner must comply with a variety of reporting and record-keeping requirements as mandated by state law.

Current FY 2015:

The Medical Examiner's Office investigated 3,244 cases in the 2013 calendar year. The total number represents a 3.4% increase, or 107 additional cases, from the previous calendar year. The number of drug overdose deaths continues to be a significant problem in Collier County requiring screening, substance confirmation and quantitative analyses for every suspected drug intoxication or overdose death. Toxicology testing is also required by Florida law in all cases of homicide, suicide, deaths involving children, drowning, motor vehicle accidents and other accidental deaths, deaths due to unknown causes and certain natural deaths. The increase in cases requiring toxicology testing, as well as the projected increase in the caseload, creates a significant budgetary impact on toxicology costs.

Over the past four fiscal years our operational budget has decreased through elimination of toxicology tests, when possible, in deaths due to natural causes, changes in our consumption of electricity and purchase restrictions of morgue and administrative supplies. We continue to carefully scrutinize our services, policies, procedures and statutory-mandated operational duties, autopsy and administrative costs and fees. We have negotiated reductions and attained our fiscal goals. Cost reductions have been implemented without compromising the duties and responsibilities outlined in the laws of the state of Florida, the guidelines of the Florida Association of Medical Examiners or our contractual agreement with the Board of County Commissioners.

Mission Statement

The Department of Emergency Medical Services is a single consolidated department that provides emergency medical care for Collier County under the direction of the Board of County Commissioners and in compliance with Florida Statutes, Chapter 401. The EMS Department's mission is to provide competent, consistent, county-wide patient care and service to the community in an efficient and cost-effective manner.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost

Forecast FY 2014:

Due to two (2) senior staff retiring in 2013, EMS was able to institute a budget neutral reorganization. This reorganization constituted adding an additional training captain, battalion chief of Medflight operations and four (4) EMT's. The addition of four (4) EMT's allowed staff to move battalion chiefs from Medflight assignment to field assignment to improve span of control and direct supervision of field staff. This resulted in a total increase of six (6) FTE at the beginning of the fiscal year.

In January of 2014 the BCC approved EMS Expansions to improved response times in areas that were not meeting the Level of Service Standard as well as improve response times in the rural area of Collier County. These expansions consisted of; adding a firefighter / paramedic to Big Corkscrew, adding a paramedic to Golden Gate Estates, and adding a unit (ambulance and crew) to North Naples. This was an additional twelve (12) FTE's.

Other improvements approved were maintaining a minimum level of field battalion chiefs and moving ambulances to better locate them closer to a higher density of calls for service.

A budget amendment also allowed the expansion of seasonal coverage, placing an additional unit on Marco Island from February through April.

Operating expenses are below budget primarily due to savings as a result of the new bid for ambulance billing and savings in fuel costs due to lower rates than were anticipated during planning for the FY14 budget.

Capital expenditures exceeded adopted budget due to EMS expansion to provide an additional transport unit in the north part of the county with lower than acceptable level of service standard, requiring an ambulance and the associated cost of communications and medical equipment. This amendment was approved with the EMS expansion agenda item 11.A. on January 28th, 2014.

Current FY 2015:

Included in the expansion plan approved by the Board in January 2014, an additional three (3) FTE's would be added in 2015 to transcend from the Quick Response Paramedic serving the rural area to a full transport unit. While the operating budget reflects only a 1% increase over FY14's budget, the rising costs of supplies and medications contribute to this increase.

As part of the upgrade from Quick Response Paramedic to full transport unit, an additional ambulance and associated costs of communications and medical equipment have been budgeted for FY15 for a total of \$314,400. An additional \$111,600 is programmed to replace three response vehicles in an effort to remedy the backlog in capital equipment within the County.

Revenues:

Revenues are anticipated to remain relatively flat due to Medicare 2% sequestration which became effective 4/1/2013 and the potential of the Medicare 2% bonus sunseting at the end of 2014. Overall, demographics and insurance mix remain steady and consistent with the prior year with a small uptick for slightly increased call volume.

Current FY 2015:

Personal services increase reflects the Board approved compensation adjustment and higher retirement rates.

Operating costs have increased due to elimination of the cost share plan with EMS on utilities and copier lease; increased aviation fuel costs; planned rotor blade maintenance; and increased training costs for the new mechanic.

Any other approved projects or one-time purchases will be approved and budgets entered as needed.

Forecast FY 2014:

Forecast expenditures of \$1,605,400 are for training and medical equipment in the amount of \$62,800, funded by EMS State grant funds; \$7,900 to update the Helicopter Feasibility Study, and the balance of \$1,534,700 is for the purchase of four ambulances supported by a transfer from the General Fund (001) in the amount of \$800,000 and down payment of \$613,900 on four more ambulances from funding received via contract with the Naples Community and Physician Regional Hospitals.

Per budget policy, the planned \$3,000,000 transfer toward the purchase of a new helicopter is being deferred and realigned to match the purchase timeline.

Current FY 2015:

The current year transfer of \$2,191,200 from the General Fund (001) is for the balance of the planned purchase of four (4) new ambulances in the amount of \$191,200 and the establishment of a \$2,000,000 allocation for a new helicopter.

The estimated cost of the new helicopter is \$9 million and requires a deposit to be put on the production list of the manufacturer. Estimated down payment on the aircraft is \$200,000 with an estimated delivery and final payment dependent upon the procurement schedule.

Forecast FY 2014:

Personal Services showed a decrease from budget primarily due to the Chief position being vacant for much of the year. Coverage is being provided by the Ochopee Fire District Chief.

Current FY 2015:

Personal services are increased to accommodate the Board approved compensation adjustment. The Chief's position is still vacant but funded, pending resolution of the proposed legislation.

Revenues:

Budgeted ad valorem tax revenue is based on the Isles of Capri Fire & Rescue District July 1 taxable value of \$538,981,777 which represents a 4.85% increase from FY14. A 2.0000 mill tax levy is the maximum allowed by ordinance and will provide an estimated \$1,078,000 in tax revenues. The rolled back rate is a millage of 1.9163.

Forecast FY 2014:

During part of FY13, due to the vacant Chief position at Isles of Capri Fire district, the Ochopee Chief split time between the two districts and the Isles of Capri picked up part of his salary and associated fringes. To assist him at Ochopee, the Fire Captain from Isles of Capri split his time and salary between the two districts. This resulted in neither District spending a lot more than what was appropriated for the two positions. This practice is continuing in FY14. Additionally, The Collective Bargaining Agreement between Collier County and the Professional Firefighters of the Everglades International Association of Firefighters, Local 3670 was amended resulting in fixed work day periods, an increase to base pay and savings in overtime.

Operating expenses are below budget largely due to vehicle fuel savings and an effort to reduce expenditures in almost every line item.

An interest free loan covering the purchase of SCBA equipment totaling \$111,800 from the GF to Ochopee Fund (146) was approved by the Board as part of Agenda Item 16E(7) on February 25, 2014. This loan will be repaid over three years interest free. To facilitate these payments, pending Board action, the maximum millage rate will be increased from 4.0000 to 4.5000 and the exact rate over the current 4.0000 mill cap will be calculated each year when certified taxable values are received in July.

Current FY 2015:

Personal services are increasing because of increased health costs, retirement, the Board approved salary adjustment, and a reclassification of the Fire Captain to an Assistant Chief.

Operating expenses decreased mainly due to savings for rent as Station 61 will be completed in FY14 and the two motel rooms that have been used as a temporary station will no longer be required.

Capital outlay includes \$47,000 for the replacement of a 2003 Ford Expedition and \$9,100 for replacement firefighting equipment.

Revenues:

Budgeted ad valorem tax revenue is based on Ochopee Fire Control District's July 1 taxable value of \$307,903,466 which represents a 1.3% increase from FY14. A 4.0000 mill tax levy is the maximum allowed by ordinance and will provide an estimated \$1,231,600 in tax revenues. The rolled back rate is a millage of 3.9693.

In order to maintain minimum service levels due to years of decreased ad valorem funding and decreased carryforward from previous years, it is necessary to transfer \$519,900 from the General Fund. This transfer represents a portion of PILT tax revenue which is used to offset the loss of tax base due to the preponderance of federal lands within the District. The base transfer is in the amount of \$472,900 with an additional amount of \$47,000 to replace the Department's 2003 Ford Expedition.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Administrative Services Division

Fire Districts

Collier County Fire Control MSTU (148)

Mission Statement

To provide basic fire protection to the residents of the unincorporated areas of the County located outside the boundaries of existing fire control taxing districts.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost

Current FY 2015:

Fire protection service is provided to the residents of the unincorporated areas of the County that are located outside the boundaries of existing fire control taxing districts through a contractual service agreement between the respective fire control districts and the BCC. The remittances for fire service are calculated by taking total ad valorem revenue for the Collier County Fire Control District less collection fees and administrative costs. Half of this amount is divided evenly between the four districts. The other half is divided based on the secondary percentage amounts on the succeeding page.

Administrative Services Division

Fire Districts

Collier County Fire Control MSTU (148)

Fire District	25% shares	Secondary Shares	Percentage	Total Revenue
Isles of Capri	\$35,600	\$17,100	12.01%	\$52,800
Ochopee	\$35,600	\$41,800	29.33%	\$77,400
Golden Gate	\$35,600	\$41,800	29.33%	\$77,400
East Naples	\$35,600	\$41,800	29.33%	\$77,400

Revenues:

Budgeted ad valorem tax revenue is based on the Collier County Fire Control District July 1 taxable value of \$153,113,391 which represents a 3.86% increase over FY14. A 2.0000 mill tax levy is the maximum allowed by ordinance and will provide an estimated \$306,200 in tax revenues. The rolled back rate is a millage of 1.9281.

Administrative Services Division

Fire Districts

Goodland Fire District (149)

Mission Statement

To provide basic fire protection to the residents of Goodland.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead Costs	-	98,300	98,300	-
This district was created, pursuant to Chapter 125 of the Florida Statutes, by adopting Ordinance No. 98-114 as amended. Fire protection service is delivered by the Marco Island Fire Control District through a contractual service agreement with the BCC. This service is funded by an MSTU at a millage not to exceed 2.0 mills on the properties that are located within the District boundaries.

Forecast FY 2014:

All revenue remaining after transfers to Tax Collector and Property Appraiser and Indirect Cost Allocation will be remitted to the City of Marco Island.

Current FY 2015:

This MSTU addresses fire protection services for the residents of Goodland that are provided by a contractual agreement between Collier County and the City of Marco Island. In FY15, it is estimated that the contract amount will be \$93,800, a slight increase over FY14. There are no reserves for contingencies.

Revenues:

Budgeted ad valorem tax revenue is based on the Goodland/Hoor's Island Fire District July 1 taxable value of \$72,967,382 which represents a 3.70% increase from FY14. A 1.2760 mill tax levy is planned and will provide an estimated \$93,100 in tax revenues. The rolled back rate is a millage of 1.2355.

Notes:

The 2011 Florida Legislature amended Section 338.26(3), Florida Statutes to provide a conditional funding source to develop and operate a fire station at the Florida Department of Transportation (FDOT) Mile Marker 63 Rest Area on Alligator Alley in Collier County, Florida. The amendment authorized the use of fees generated from tolls on Alligator Alley to develop and operate the Fire Station to provide fire, rescue and emergency management services to the adjacent counties along the Alley.

The Board of County Commissioners entered into an Interlocal Agreement with the Florida Department of Transportation on April 8, 2014 via Board Agenda Item 11.A. for the operation and furnishing of the facility. The agreement is to be in effect from July 1, 2014 through no later than June 30, 2018.

All new grants for Mile Marker 63 Fire Station will be accounted for in this fund and in the Grants Management System. Grants will be presented to the Board of County Commissioners for approval and budget amendments will allocate the grant funds and expenditures at that time.

Forecast FY 2014:

Per the contract, the forecast expenditures are for the start-up operating and capital equipment purchases as well as the first full year of operations. Operations are to be phased in beginning in July with an expected opening date of October 1, 2014.

Funding will be provided by the Florida Department of Transportation for the capital equipment purchases at the time procurement has taken place.

Revenues:

FDOT will advance Collier County an agreed upon amount of approximately one-quarter of operation costs. Collier County will then provide monthly accountings of all actual expenditures to the Florida Department of Transportation and be reimbursed for those expenditures.

Growth Management Division

Growth Management Division

Nick Casalanguida, Administrator

Construction & Maintenance (C & M):

The C & M section of the division continues to effectively manage a diverse portfolio of key county-wide capital projects, including: bridge replacements, repair, and additions; new traffic signal installations, upgrades and refurbishments; right-of-way acquisitions, roadway expansions, additions and enhancements; canal construction, storm water control structures and conveyance systems; beach restoration, erosion control and inlet management projects; and airport runway rehabilitation projects. By diligently managing our contractors and maintaining tight fiscal controls, we have continued to achieve an enviable track record of successful project and grants management. In FY 2014, we expanded the role of our operations to cover the management and operations of Collier County's unincorporated airports. Deferrals of vehicle and equipment replacements are an ongoing challenge, but will again be partially addressed in the new fiscal year. In FY 2015, we will attempt to complete the last major portions of the Lely Area Stormwater Improvement Project (LASIP) as well as initiate two major roadway projects on Collier Boulevard and Golden Gate Boulevard. Also in FY 2015, we will move to accelerate the program for Golden Gate City outfall refurbishment. The C&M team is also continuing to prepare for the anticipated needs being identified from the Planning and Regulation side of the division. Our strategic focus remains on preserving our infrastructure even as we prepare for another growth period that accelerates the demand for new capital project execution in the coming years.

Planning & Regulation (P & R):

The P & R section continues to respond incredibly well to the sustained upturn in development activity experienced from FY 2012 through FY 2014. Our management team diligently focuses on process improvements, assessing and reducing regulatory hurdles, valuable coordination with our industry partners and the implementation of our CityView and e-permit initiatives. In FY 2014 we established the Hearing Examiner's (HEX) office within the framework of our division. The HEX's office has greatly reduced review times on certain applications and is working with staff on new initiatives to increase the speed at which petitions move forward without sacrificing the public trust. We have completed the fiscal correction of Fund 113 (Building Department) and Fund 131 (Land Development) so that all of our debt has been satisfied. We also adopted the second round of targeted fee reductions of approximately 5% in Fund 113 and fund 131. As a point of reference, in FY 2010, our annual burn rate was \$2.5 million dollars in the red, and we were carrying several million dollars in debt. At the County Manager's direction and with the Board's approval, we will continue to balance the fee schedule and staff resources until we achieve an industry approved level of service that matches the corresponding fee schedule. In FY 2014 the section began the transition to bring back fire plans review into the GMD. As the residential inventory has been decreasing, the economic expansion we experienced on the vertical construction side of our business has been expanding into the land entitlement and horizontal development side of our business. After the adoption of our administrative code, the County Manager asked us to work with our industry partners to further evaluate the regulatory fabric and eliminate unnecessary, redundant or cumbersome portions of our local code. Targeted LDC amendments are currently in process and ongoing for the next cycle. We will continue to balance our service needs with FTEs, job bank associates, and contracted staff augmentation services. This approach has been well received by the industry we serve and the Board. Code compliance will continue the successful programs of the foreclosure task force, blight prevention teams, and our community cleanups.

Challenges:

The division is going into its fifth year of integration, with the newest addition of Collier County's unincorporated airports moving into the division. We have integrated Coastal Zone into our environmental section and storm water section to form the department of Natural Resources. These adjustments bring additional fiscal and project management focus requirements. The FEMA de-obligation and regulatory requirements require dedicated resources in order for us to successfully challenge their findings and implement their regulations. Managing the upturn is just as challenging, if not more difficult, than managing the downturn. Our ability to recruit, train and retain key team members must continue to be a top priority if we are going to be successful in achieving our strategic goals. While we believe all of critical asset concerns are covered within our five year plans and one year capital and O&M budgets, further refinements on our data collection and management efforts are essential so our priorities are clear and our liabilities can be forecasted properly. Stormwater maintenance of legacy systems will begin to play a larger role in asset management as we evaluate older system components. Non-critical infrastructure maintenance liabilities pose lower safety risks but still have the potential for significant fiscal impacts in the long term. In spite of these challenges, the division remains focused and committed to executing Board policy and County Manager initiatives.

Construction & Maintenance Administration Office (101)

Mission Statement

To provide value to the community by providing fiscal accountability for transportation, coastal zone, airport and stormwater capital improvement projects, responding timely and professionally to all reports of problems, supporting daily activities with technical tools and resources, and notifying the public of relevant communications and information related to our operations.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	1.00	896,015	259,700	636,315
Departmental administration and all divisional overhead costs for Fund 101 including Indirect Service Charges, Fleet Management Charges, General Insurance, IT Direct Hours, and Utilities.				
Fiscal Support	1.00	102,724	-	102,724
Provides financial support and guidance to the Administrator and all department directors and staff within the Growth Management Division. Supervises a staff of 5 budget analysts who handle financial functions, including accounts payable, accounts receivable, grants compliance, purchasing, and payroll, for various departments within the division.				
Public Information	1.00	91,531	-	91,531
Serve as the liaison between Collier County Growth Management Services and the public, media and governmental representatives. To research and respond to questions/complaints and handle marketing and public relations matters for the Growth Management Division.				
Operations Management	5.00	377,330	-	377,330
Align Growth Management and Strategic Goals and Objectives with those of the County; make recommendation on new technology products and improve current technology to help make Growth Management Division processes more efficient and effective. Manage media and public relations to maintain a positive image of the division as a whole. Map Growth Management Division business processes to create and update Standard Operating Procedures and Performance Measurements to track the progress towards the accomplishment of our Strategic Goals.

Forecast FY 2014:

The Personal Services expenditure forecast is anticipated to be slightly less than the adopted FY 14 budget due to savings from a position reclassification.

Current FY 2015:

The Personal Services budget includes a Board approved compensation adjustment and an additional FTE (Operations Analyst) position that was added at year end FY 14. In addition, one (1) expanded operations supervisor position totaling \$66,300 is appropriated. The impact of the Personal Services additions has increased appropriations by 23.5% over the FY 14 adopted budget.

Operating expenses grew modestly despite reductions in general and property insurance. The increase is attributable to greater investment training and professional development along with increasing overhead associated with the new FTE.

Capital Outlay includes \$31,000 for one (1) vehicle recommended for replacement by the Fleet Management Department:

\$ 31,000 - Ford Explorer - Replacement

Revenues:

Revenues received from Motor Tax Fuel Rebates and Mobile Home Licenses have seen an upward trend during FY 14; however, the related budget for FY 15 has been budgeted relatively flat to be conservative. Beginning in FY 14 and continuing for FY 15, the department has received revenue from the Metropolitan Planning Organization for leased office space.

Growth Management Division

Administration

Planning & Regulatory Administration (113)

Mission Statement

The primary function of this section is to provide executive level management, financial support, and policy development to all the departments within the planning and regulatory element of the Growth Management Division (GMD). This section also provides planning and regulatory administrative support to the BCC, County Manager's Office, advisory boards, and other constitutional agencies.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Divisional Administration	1.00	6,198,427	11,953,800	-5,755,373
This section includes the funding for the Division Administrator who provides administrative oversight to the departments within the Growth Management Division, and all departmental overhead costs including indirect cost allocation, IT direct billing hours, insurance, utilities and building repair & maintenance.				
Divisional Financial and Systems Management	9.00	789,140	-	789,140
This section provides financial and systems administration support and oversight. Responsibilities include, but are not limited to, expenditure processing and tracking, reporting services, application management, and acting as liaison to GMD Planning & Regulatory advisory boards.				
Cash Management	5.00	415,233	-	415,233
Conduct cash receipting and daily financial reconciliation for all Development Services Center activities. Includes the receipt of Building Permit fees, Land Development fees, and Impact Fees. Section also provides assorted cashing services to the Code Enforcement department.

Total Funding	2,541,570	4,334,500	3,791,100	7,402,800	-	7,402,800	70.8%

Forecast FY 2014:

Despite an increase in FTE's, personal service costs are forecast close to budget recognizing that new hires were recruited late in the FY. The transition from job bank and contractual positions to FTE's in FY 14 led to a reduction in operating expense. This is a one time FY 14 event and it is expected that contractual and job bank positions as well as an increased FTE compliment will be necessary in FY 15 to address escalating service needs.

Current FY 2015:

This budget includes all direct, indirect, and other major capital expenses associated with Fund (113) operations, including funding to support the digital plan submission application, CityView maintenance and updates, and contracted temporary professional services to meet demands of the increase in permitting and inspection related activities.

Personal services costs are higher than FY 15 as a result of BCC approved additional staffing and client outreach programs to further streamline the permitting process. The personal service budget also includes a Board-approved salary adjustment.

Budgeted capital items include the replacement of radios, network printers, computers, and required building maintenance and replacement items identified by Facilities Management. Staff recognizes the continued volatility of development industry activity and will continue to focus on market conditions, efficiencies, and maintain a conservative approach to business operations and revenue forecasting.

Forecast FY 2014:

Operating expenses are anticipated to be in line with the adopted FY 14 budget.

Current FY 2015:

Overall department expenditures will increase due to new Board-approved FTE's, increases in the indirect cost allocation, the purchase of IT support hours, and client outreach programs to further streamline the permitting process. Capital expenses include computers and network printers required for new employees.

Total Funding	265,485	514,400	358,000	529,000	-	529,000	2.8%

Forecast FY 2014:

Personal services expenditures are anticipated to be slightly less than the adopted budget.

Current FY 2015:

Operating expenses include 1) job bank associates to handle GIS/Plan Review coordinating activities, participation in the public vetting process and updating of the Collier County Local Mitigation Strategy, 2) contract expenses related to the upcoming mitigation offered as a result of additional FEMA basin map findings and 3) contract expenses related to Collier County Floodplain Management Plan to include updating of the Local Mitigation Strategy (LMS) as required to maintain compliance with the Insurance Services Office (ISO) and Community Rating System (CRS) program.

The personal service budget includes funding for a Board approved salary adjustment equivalent to \$1,000 or two (2) percent whichever is greater.

**Collier County Government

Fiscal Year 2015 Adopted Budget**

Growth Management Division

**Administration
Addressing and GIS (113)**

Mission Statement

To provide addressing, GIS, and CAD mapping support services to the general public as well as local, state, and federal agencies. Provide project management and technical support to the Growth Management Division; and on a contract basis, provide GIS and/or CAD mapping services to other County divisions, and/or other government agencies.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
GIS/Mapping	4.00	414,313	-	414,313
Maintain, edit and update the County's Official Zoning Atlas computer files. Provide technical support to Engineering, Zoning and Comprehensive Planning Departments, including rezone exhibits/property owner lists and support for the County's Growth Management Plan. Provide Technical and GIS/CAD support for the County's Growth Management Plan. Provide Technical and GIS/CAD support to other departments within the Division and on a contract or as needed basis, to departments outside the Division and the public. Maintain, edit and update the GIS/911 Addressing database for utilization by all County agencies.				
Petition Support and Addressing Compliance Enforcement	1.00	89,987	-	89,987
Clerical, technical and site review support of petition processing and legal address assignment for all proposed projects during Site Development Plan and subdivision review processes. Coordinates with E911, EMS, Sheriff, Property Appraiser, Fire Districts and other service providers to eliminate duplicate names and ensure compliance through enforcement of the E911 Addressing Ordinance.				
Current Level of Service Budget	5.00	504,300	-	504,300

The personal service budget includes funding for the Board approved salary adjustment. Overall department expenditures increased in line with Board-approved budget guidance for FY 15.

Growth Management Division

Planning

Zoning & Land Development Review (111)

Mission Statement

The purpose of this section is to provide accurate, expeditious, and courteous service to the general public regarding land planning issues and general questions, issuance of various plan approvals and permits, and assistance to the Growth Management Division (GMD) Business Center. This section also provides the necessary oversight to amendments to the Land Development Code (LDC) to ensure compliance with State Statute and the Florida Comprehensive Planning Regulations and to protect the welfare of the general public and resources of Collier County.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Zoning Support to the Business Center	1.00	84,955	-	84,955
Assist general public at the Customer Service Counter in the Growth Management Division Business Center, providing information related to land use requirements, Land Development Code requirements, and general descriptions of land use related requests to the approval processes. Assistance in reviewing and issuing zoning certificates and temporary use permits.				
Plan Review and Petition Processing	2.00	182,645	-	182,645
Coordinate and process site plan reviews and selected land use petitions; processing of administrative variances, zoning certificates and temporary use permits not processed in the Business Center. Review site plans; review plats; support in processing land development petitions; provide additional support and backup for Customer Service Counter at the Business Center; assist Building Department in review of Commercial Building Permits; Implementation of the Land Development Code and processing amendments as directed by the BCC.

Notes:

Growth Management Division

Planning

Zoning & Land Development Review (111)

Forecast FY 2014:

Overall department expenditures are slightly lower as a result of lower forecast personal services.

Current FY 2015:

Personal Service appropriations include the Board approved salary adjustment. Operating expenses have increased as a result of increased fixed IT related costs.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Growth Management Division

Planning

Zoning & Land Development Review (131)

Mission Statement

The mission of this section is to review and provide recommendations for all land use petitions such as rezones, PUDs and conditional uses consistent with the Land Development Code (LDC) and Growth Management Plan (GMP) and as required by Chapter 163, Part II, Florida Statutes, and to ensure proper public input through the BCC, the Collier County Planning Commission (CCPC) and other BCC-appointed advisory committees.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	-	15,873	2,736,000	-2,720,127
Oversee all departmental functions, including personnel matters, customer service standards and operational functions for the Department of Zoning and Land Development Review.				
Zoning Petitions Review and Processing	9.00	984,427	-	984,427
Review and recommendations for rezone petitions such as Conditional Uses, PUDs, Rezones and other petitions that require a public hearing process through the CCPC and other Board adopted advisory committees to include as applicable the Environmental Advisory Council and Historic and Archaeological Advisory Board. Provide final recommendations to the BCC after the public hearing process; ensure public meetings are properly conducted and legal advertising is completed. Coordinate comments of various review sections for incorporation into the final recommendations.

Forecast FY 2014:

Personal services and operating costs are projected to be in line with the adopted FY 14 budget despite the additional FTE compliment. New hires occurred late in the fiscal year.

Growth Management Division

Planning

Zoning & Land Development Review (131)

Current FY 2015:

Increased appropriations for this department resulted from the addition of BCC-approved positions, the Board approved salary adjustment, related equipment expenses, Naples Daily News advertising fees, and court reporter fees.

Growth Management Division

Planning

Land Use Hearing Officer (131)

Mission Statement

The Office of the Hearing Examiner will carry out the policy direction of the Board of County Commissioners (Board) related to growth management and land development through implementation of the Growth Management Plan's (GMP) goals, policies, and objectives specifically through hearing and issuing decisions and recommendations for local land use and zoning petitions consistent with the Land Development Code (LDC).

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Land Use Hearing Officer	2.00	273,500	62,500	211,000
<p>This section provides issuance of various land use development orders such as Appeals of Type III Decisions, Variances, Minor Conditional Uses, Boat Lift Canopies and Boat Facility Extensions, review and analysis of proposed GMP and LDC amendments, review and analysis of various site planning deviations; reviews, considers and analyzes staff reports and public testimony relating to zoning and land use petitions, conducts public hearings and renders written decisions; and coordinates and cooperates with various state and federal agencies, other Board divisions and departments and the County Attorney's Office.</p>

Notes:

The Chief Hearing Examiner contract was approved by the Board on 5-28-13.

Forecast FY 2014:

Forecast includes estimated salary and minimal operating costs for the Hearing Examiner and Administrative Assistant.

Current FY 2015:

The budget includes full year staffing costs of Hearing Examiner and Administrative Assistant as well as office operating costs. Personal Service appropriations include the Board approved salary adjustment and increased operating costs are due to IT charges, legal advertising, and court reporting services.

Growth Management Division

Planning

Transportation Planning (101)

Mission Statement

To provide supervision, planning and engineering, and coordination with the Growth Management Division, as well as other divisions/departments to ensure transportation planning activities (i.e. corridor and alignment studies, 5 and 10 year Capital Improvement Element, and alternative funding source acquisitions) and transportation concurrency management system are carried out in a timely, efficient, and economical manner.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	1.00	88,846	-	88,846
Funding for departmental administration and fixed departmental overhead.				
Short and Long Range Planning	1.00	98,754	-	98,754
Funding for the evaluation and management of short and long-range transportation planning activities such as corridor studies, level of service, maintenance of the annual road inventory report identifying existing/projected deficiencies, and coordination of the County's future capital program with network needs.				
Current Level of Service Budget	2.00	187,600	-	187,600

Forecast FY 2014:

In addition to planned payroll costs, the personal services forecast included a retroactive retirement rate adjustment which will be covered by a budget amendment.

Current FY 2015:

Personal Services funding includes a Board approved salary adjustment.

Operating expenses decreased (34.4%) or \$4,200 from the adopted FY 14 budget due to reduced needs within the department; \$1,900 was shifted to the Transportation Development Review Department to help fund enhanced professional development and training needs.

Program Enhancements	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Planning Technician	1.00	64,600	-	64,600
<p>Funding for one (1) FTE Planning Technician to support the processing of Notices of Commencement at the Growth Management Division – Planning & Regulation (GMD P&R). Chapter 713 of the Florida Statutes describes the rules and processes for obtaining a notice of commencement and specifies that it must be recorded in the Clerk's office. In 2013, the Clerk processed over 15,000 notices of commencement. Customers currently apply for and pick up permits at the GMD P&R and pick up and record the notice of commencement at the Clerk's office. In order to streamline the process and provide a one-stop shop for the customer, GMD P&R will offer to process the notice of commencement at the same location where the customers pull permits. Under this initiative, customers would no longer need to drive to another location or interface with another agency to record a notice of commencement.</p>

Forecast FY 2014:

Personal services and operating costs are projected below budget despite the Board approved increase in department positions. A delay in hiring the positions until late in the FY resulted in forecast expenses significantly less than anticipated.

Growth Management Division

Regulation

Building Review & Permitting (113)

Current FY 2015:

Personal services and operating costs will increase as a result of the addition of Board-approved positions. Appropriations include the Board approved salary adjustment. Capital expenses include 12 backlog replacement vehicles as identified under the County Fleet program, 5 additional vehicles for the Board-approved new FTE's, and replacement computers for staff.

Growth Management Division

Regulation Code Enforcement (111)

Mission Statement

To protect the health, safety and welfare of Collier County residents and visitors through education, cooperation, and compliance.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	2.00	812,972	769,000	43,972
Administer departmental investigative, operations and enforcement staff. Provide direction, implement policies and ensure health, safety and welfare of community members.				
Golden Gate City Area Investigators	8.00	659,379	-	659,379
Seven investigators and one supervisor seek voluntary compliance with Collier County codes and ordinances to prevent blight and ensure health, safety and welfare of community members				
East Naples Area Investigators	7.00	542,126	-	542,126
Six investigators and one supervisor seek voluntary compliance with Collier County codes and ordinances to prevent blight and ensure health, safety and welfare of community members.				
Golden Gate Estates Area Investigators	5.00	358,642	-	358,642
Four investigators and one supervisor seek voluntary compliance with Collier County codes and ordinances to prevent blight and ensure health, safety and welfare of community members.				
North Naples Area Investigators	8.00	567,563	-	567,563
Seven investigators and one supervisor seek voluntary compliance with Collier County codes and ordinances to prevent blight and ensure health, safety and welfare of community members.				
Immokalee/Copeland Area Investigators	6.00	406,079	-	406,079
Five investigators and one supervisor seek voluntary compliance with Collier County codes and ordinances to prevent blight and ensure health, safety and welfare of community members.				
Operations Section	9.00	594,455	126,000	468,455
Intake code violation complaints (website and by phone), issue garage sale permits, recreational vehicle permits and temporary use permits. Archives code case records, issues service processes for code cases to respondents, completes approximately 4500 lien searches per year, manages nuisance abatement and demolition of properties with code violations defined by the Weed/Litter Ordinance and Property Maintenance Ordinance. Coordinates training for the department members.				
Code Enforcement Board & Special Magistrate Hearing Section	2.00	164,931	-	164,931
Manages Code Enforcement Board and Special Magistrate Hearings. Compiles all legal documentation and code cases, schedules code hearings and agency citations (Sheriff's Office, Domestic Animal Services, Public Utilities, False alarms and Park Rangers) for hearings, manages fines, operational costs and civil penalties, coordinates cases for foreclosure and fine abatement with the County Attorney's Office and records liens and Orders with the Clerk of Courts.

Notes:
Code Enforcement is a community health, safety and welfare focused function that is not intended to perform as a revenue-centric business model. Revenues from fines and forfeitures are shown as part of the Code Enforcement budget but are not primarily intended to support the Department's operational costs. Charges for abatement activities and fees for lien searches are assessed to recover incurred costs.

Forecast FY 2014:
Overall department expenditures are anticipated to be in line with the adopted budget. Revenue from fees, fines and reimbursements are forecast higher than budget consistent with collection trends.

Growth Management Division

Regulation

Code Enforcement (111)

Current FY 2015:

Personal Service appropriations include the Board approved salary adjustment equivalent to \$1,000 or two (2) percent whichever is greater. Revenue from fees, fines and reimbursements, consistent with collection trends, are budgeted higher than the prior year. Overall department expenses are within Board-approved guidance.

Right-of-way Permit & Inspections (102)

Forecast FY 2014:

Overall department expenditures are expected to decrease from the adopted FY 14 budget due to a staffing vacancy.

Current FY 2015:

The personal service budget includes a Board approved salary adjustment. Despite the adjustment, expenses are down due to a vacant position being funded at the minimum level for FY 15.

Operating expense is 11.4% or \$7,400 higher than FY 14 mainly due to an increase in various IT charges.

Capital Outlay includes \$32,000 for one (1) vehicle recommended for replacement.

\$ 32,000 - Ford F150 - Replacement

Revenues:

While modest growth in ROW permit fees is expected, revenues were budgeted flat to the FY 14 adopted level to be conservative.

Notes:

This fund is a revenue centric operation that receives an administrative offset from the Business Franchise Element (111) and Building Review and Permitting (113) for costs associated with administrative oversight of Vehicle for Hire, Contractors Licensing, GMD business center and Building Review and Permitting.

Forecast FY 2014:

Overall department expenditures are anticipated to be in line with the FY 14 amended budget recognizing a contractual PO roll. Forecast salaries are above budget due to expected payroll accrual back to FY 14 and this event will be covered by a budget amendment.

Current FY 2015:

Personal Service expenses includes a Board approved salary adjustment. The operating budget includes professional fees and contractual services associated with any rate cases.

Revenues:

The Utility Regulation budget includes reimbursements received for program administration and oversight of Community Development Fund (113) activities (contractors licensing, GMD business center, building review and permitting) that are not directly related to the utility regulatory function.

**Collier County Government

Growth Management Division

Regulation

Transportation Development Review and Concurrency Mgt (101)

Mission Statement

To provide supervision, planning and engineering, and coordination with Growth Management Division, as well as other divisions/departments to ensure the transportation planning activities are carried out in a timely, efficient, and economical manner, and in compliance with Florida Statutes, Chapters 163 and 339, and local ordinances through the review of development applications for level of service, access management, site impact, and alternative transportation opportunities (i.e. walking, biking, car-pooling, etc.).

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	2.00	217,186	-	217,186
Provide for the supervision and overall program planning of the Transportation Planning and Review Section consistent with County LDC requirement and applicable State Statutes (chapters 163 and 339).				
Development Review	2.00	194,714	-	194,714
Review of rezones, conditional uses, site development plans, and other development issues for compliance with Board policies and directives, including the monitoring of compliance of development projects with various commitment requirements (PUDs, DCA, etc.).				
Current Level of Service Budget	4.00	411,900	-	411,900

Forecast FY 2014:

The personal services forecast is nearly flat to the adopted budget, while operating expense is \$1,600 below budget due to savings in various IT charges.

Current FY 2015:

Department expenses reflect the Board approved salary adjustment plus an \$1,800 increase in operating expense to allow for further technical training of review staff members. Funding was shifted from the Transportation Planning (101) section.

Engineering Services (131)**

Mission Statement

It is this section's mission to oversee the implementation of the Land Development Code (LDC) and Subdivision Regulations in the review and approval of subdivisions and other site improvement plans, to review and approve various engineering permits, and to provide inspection services of infrastructure construction to assure compliance with County Standards.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	-	758,600	2,061,000	-1,302,400
Fund for department administration and fixed departmental overhead				
Engineering Review	5.00	517,921	-	517,921
Program staff includes the County Engineer, Section Manager of the Engineering Review and Inspection Section, and the County Surveyor. Provides for the technical review and approval of plans for subdivisions, SDP's, SIP's and insubstantial changes; processes and issues excavation permits, blasting permits, lot-line adjustments, easement vacations and other minor approvals. Processes requests for utility conveyances. Manages preliminary and final acceptances of subdivisions, including the processing of performance securities.				
Engineering Inspections	5.00	517,479	-	517,479
Provides for the inspections of infrastructure construction for subdivisions and site improvement plans, including inspections for preliminary acceptances and utility conveyances. Inspects all single family and commercial units for drainage and landscaping, features not required by the Florida Building Code. Conducts well inspections.

Fiscal Year 2015 Adopted Budget**

Growth Management Division

Regulation

Environmental Services (111)

Mission Statement

The purpose of this section is to provide for the development of various environmental planning efforts and regulations associated with the Growth Management Plan (GMP) and other BCC-directed activities.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Environmental Planning and Permitting Support	2.00	246,700	-	246,700
This section provides implementation, coordination and revision to the GMP Conservation and Coastal Management Element, GMP consistency reviews, LDC amendment, support, review of Stewardship Sending Area (SSA) applications and TDR Restoration Plans; Development and maintenance of GIS environmental data and support to the Environmental Review Section as necessary; Implementation of the Watershed Management Plans as directed by the BCC, support and data analysis for the Growth Management Plan revisions and other efforts.				
Coastal Zone Management	1.00	114,600	-	114,600
Implementation of various coastal programs to include artificial reef construction and monitoring, coastal water quality sampling, derelict vessel removal, and waterway marker maintenance.				
Current Level of Service Budget	3.00	361,300	-	361,300

Program Budgetary Cost Summary	FY 2013 Actual	FY 2014 Adopted	FY 2014 Forecast	FY 2015 Current	FY 2015 Expanded	FY 2015 Adopted	FY 2015 Change
Personal Services	247,100	277,700	256,500	282,600	-	282,600	1.8%

Total Funding	274,954	351,700	294,000	361,300	-	361,300	2.7%

Notes:

Pursuant to Board approval of the County Manager's FY12 mid-year Reorganization and Realignment Plan, the Coastal Zone Management function consisting of one staffer implementing various coastal programs has been incorporated into the Environmental Services (111) budget.

Forecast FY 2014:

Personnel and operating expenses are anticipated to be less than budgeted as a result of a partial year vacancy in an Environmental Specialist position.

Current FY 2015:

The personal service budget includes an increase for the Board approved employee compensation adjustment. Personal services costs are also up as a result of the reclassification of an Environmental Specialist to a Sr. Environmental Specialist and a Sr. Environmental Specialist to a Sr. Engineer. Operating cost budgets have increased in the areas of equipment repairs, fuel, telephone and IT/computer charges.

Total Funding	404,993	629,600	569,800	875,800	-	875,800	39.1%

Forecast FY 2014:

Personal Service expenses are in line with the adopted budget. Overall operating expenses are less than budget due to a reduced need for job bank services.

Current FY 2015:

Personal service funding includes the Board approved salary adjustment in addition to expenses associated with the expanded FTE compliment. Operating expenses are increasing due to the expanded FTE compliment, enhanced contractual services, and job bank staff used on an as-needed basis to meet peak service demand.

Growth Management Division

Regulation

Water Pollution Control Fund (114)

Mission Statement

To proactively plan, develop, and efficiently implement programs and projects that protect the safety, health and welfare of the community and its environment with a focus on the protection of Collier County's drinking water supply from all sources of pollution. Protection of Collier County's groundwater, freshwater, surface water and other non-tidal water resources is mandated by the Water Pollution Control Ordinance 89-20 (WPCO 89-20), the Growth Management Plan, related Board-approved contracts, agreements, and federal and state regulatory directives.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration	2.00	506,462	1,893,100	-1,386,638
<p>Leads and manages program activities, provides administrative and technical support, ensures resources (e.g. financial, staffing, contracts, equipment, instrumentation, and supplies) are available to ensure program success, ensures compliance, security, and safety criteria are met, manages assets, approves and authorizes purchasing activities.</p>				
Water Resources Monitoring	3.00	651,654	110,200	541,454
<p>Monitors Collier County's ground and surface water quality. Includes South Florida Water Management District (SFWMD) contracts 4600002607; Lake Trafford; Lely Area Stormwater Improvement Project (LASIP) permit monitoring; and red tide sampling and community notification. Ensures the integrity of field samples by remaining in compliance with the Field Sampling Quality Manual; the FDEP's Standard Operating Procedures #DEP-SOP-001/01; GMP-CCM Goal 2 and Goal 3; and, the GMP's Natural Groundwater Aquifer Recharge Objective 3.</p>				
Analytical Services	7.00	860,410	197,800	662,610
<p>Provides analytical, chemical, and biological water quality data that is accurate, precise and reliable. Meets the mandates of the WPCO 89-20; the GMP Natural Groundwater Aquifer Recharge Sub-Element Objective 3 (Groundwater Quality Monitoring) and associated policies; the GMP-CCME Objectives 2.1, 2.2, and 2.3; Policies 2.1.2, 2.1.7, 2.2.4, 2.3.4, 2.3.5, 2.3.6; FAC 62-522, 62-550, 62-551, 62-601, 62-625, 62-650, and 64E-9; and the National Environmental Laboratory Accreditation Conference..</p>				
Wastewater and Sludge Management	3.00	204,496	600	203,896
<p>Performs compliance inspections of package sewage treatment plants, and regulates the safe and proper transportation and disposal of biosolids within Collier County. Meets the mandates of the WPCO 89-20; the Collier County/FDEP Sewage Treatment Compliance Inspection Agreement; and, the Collier County Sludge Transportation and Disposal Ordinance 87-79.</p>				
Pollution Complaint Investigation	0.50	34,718	-	34,718
<p>Responds, investigates and, if necessary, ensures the proper cleanup associated with pollution complaints. Meets the mandates of the WPCO 89-20.</p>				
SFWMD/BCBB Contracts	2.00	113,600	75,000	38,600
<p>Monitors Collier County's ground/surface water consistent with SFWMD/BCBB contracts. Meets the mandates of the WPCO 89-20, GMP-CCME Objectives 2.2 and 3.4, and the Natural Groundwater Aquifer Recharge Sub-Element Objective 3.</p>

Notes:

Ordinance 89-20 allows up to one tenth of a mill of Ad-Valorem revenue to be levied towards a Water Pollution Control Fund. The proposed FY 15 budget, in compliance with FY 15 Budget Policy, remains millage neutral (0.0293 mil) and well below the 0.1 mil allowed by referendum.

Pursuant to Board approval of the County Manager's FY 12 mid-year Reorganization and Realignment Plan, the Water Pollution Control Department, which had been in the Public Utilities Division, was reassigned to the Growth Management Division under the Environmental Services Department. As part of the reorganization four positions responsible for petroleum storage tank and hazardous waste compliance previously attached to the Water Pollution Control Department were reorganized under the Solid Waste Department in Fund (470).

Forecast FY 2014:

Personal services were lower than the adopted FY 14 budget due to vacancies during the year. Operating expenses were lower due to reductions in several areas with the largest being contractual services, operating supplies, and interdepartmental service payments.

Current FY 2015:

The personal service budget appropriates dollars to fund the Board approved compensation adjustment. Operating expenses are expected to decrease due to reductions in software certification costs and operating supplies. The indirect service charge is higher reflecting increases in prior year activity.

Capital items include an Auto Analyzer (\$80,000), a VWM Variable Absorbance Detector (\$13,000), a microscope (\$4,000), replacement probes for YSI (\$4,300), a Gheenoe boat motor (\$3,400), 1 vehicle, a groundwater flow diorama, and data processing equipment (laptops for field staff and a scanner).

Revenues:

Taxable value for this county-wide district function totals \$64,611,016,632, an increase of 6.55% over last year. Based upon a millage neutral position, property tax revenue will total \$1,893,100 - an increase of \$113,900. Actual carryforward year over year has remained stable with a slight increase of \$22,200 at year ending 9/30/13. A millage neutral position will continue unless fund balance drops due to additional program requirements or unfunded mandates.

Growth Management Division

Regulation

Intersection Safety Program (001)

Mission Statement

The purpose of the Intersection Safety Program is to encourage vehicle owners to obey traffic control devices at Collier County intersections through the use of Traffic Infraction Detectors (unmanned cameras) to improve safety by lowering the number of traffic accidents caused by red light running.

Program Budgetary Cost Summary	FY 2013 Actual	FY 2014 Adopted	FY 2014 Forecast	FY 2015 Current	FY 2015 Expanded	FY 2015 Adopted	FY 2015 Change

Maintenance

Landscape & MSTU's Operations (111)

Mission Statement

To provide maintenance of landscaped, non-landscaped, and roadsides on selected County roadways to meet the standards adopted by the Board of County Commissioners. To provide supervision, coordination, manpower and support equipment to maintain the highest possible level of landscape service. To provide coordinated staff support for landscape and irrigation project management.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Landscape Beautification Program	9.00	5,189,200	-	5,189,200
<p>This program provides contract management of the landscape maintenance contractors hired for the weekly maintenance of the landscaped and non-landscaped medians and roadways under the County's Landscaping Master Plan. Also provided are field supervision/inspections and irrigation maintenance of the roadways under the County's Landscaping Master Plan as well as the collection/inventory of the landscape assets utilizing a GPS based asset management program.</p>

Trans Maintenance Road & Bridge (101)

Mission Statement

The Road Maintenance Department strives to maintain a safe county road system for the citizens and visitors of Collier County in support of Florida Statute Chapter 334.046; provide emergency response to all roadway/roadside hazards 24 hours per day, 7 days a week; provide continued road service and customer service that exceeds expectations.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Administration	3.00	486,660	-	486,660
<p>This section provides management, planning, supervision, and recording. Includes all fixed overhead costs for the department such as, insurance, fleet maintenance, etc.</p>				
Operational Support	3.00	391,182	3,000	388,182
<p>This section provides for the supervision, inspection, and training in all safety related issues pertaining to personnel, equipment and projects. Operational activities include developmental measurements, contracts/bid preparation, vendor/project inspections, and administrative reports preparation for departmental activities. Assistance is also provided for personnel issues including complaints, employee service issues, data entry, filing, phones, and mobile radio contact.</p>				
Field Supervision	5.00	647,795	-	647,795
<p>This section provides supervision of field personnel/multiple crews, plans daily and forecasted activities for crews, participates in fiscal measurements related to project preparation, maintenance scheduling, on-sight supervision as necessary for specific jobs and emergency situations.</p>				
Field	75.00	7,953,350	40,000	7,913,350
<p>This section provides for the maintenance on all County owned ROW and roads, as it pertains to the following: scheduled mowing of all rural and urban areas, vegetation control, patching and overlay of roadways. Projects such as turn lanes or driveway installation, digging and cleaning drainage swale and culverts, repair and upgrade of drainage systems including specially built items for outdated drainage systems. Inclusive of inspection and repair of all County maintained bridges, and the building and repair of sidewalks and bike paths. Also performed is litter abatement of roads and roadsides, County properties, sod replacement, and accident clean-up/traffic control.</p>				
Survey Crew	3.00	251,313	8,000	243,313
<p>This section provides surveys for roadway profiles and drainage on urban and rural highways/roads throughout the County. Support is also provided to Road Maintenance and Storm-water by collecting survey data, and identifying easements and right-of-ways.</p>				
Current Level of Service Budget	89.00	9,730,300	51,000	9,679,300

Notes:

This budget carries the general operating costs for the department; activities such as limerock road conversions, striping and marking as well as stormwater and bridge repairs are supported by Transportation Road Maintenance Fund 111.

Forecast FY 2014:

Personal services are expected to be in line with the adopted budget.

Operating Expense reflects savings driven by reduced fuel costs and other Fleet charges compared to the adopted budget.

Capital Outlay includes an additional amount \$96,600 compared to the adopted budget for a dump truck replacement which utilized savings from the operating budget for the purchase.

Current FY 2015:

The personal services budget includes a Board approved compensation adjustment consisting of \$1,000 or 2% whichever is greater. Employee turnover in this section is high and replacement hires are often started at the entrance salary.

Operating Expense reflects reductions driven by vehicle repair and maintenance cost savings from the replacement of aged vehicles and equipment.

Capital Outlay includes \$1,640,000 for replacement of fifteen (15) heavy equipment and machinery items out of forty (40) recommended backlog replacements which have a cumulative value totaling \$3,099,000:

- \$ 295,000 - International 7500 Jet Vac - Replacement of item already auctioned
- \$ 84,000 - Ford F450 CC - Replacement

Notes:
The Department will utilize the South Florida Water Management District Contract (number 4600000981) for herbicide treatment services. The number of planned chemical spray cycles remains consistent with prior years.

Forecast FY 2014:

Personal services are expected to be in line with the FY 14 adopted budget.

Operating expenses are projected to be under budget due in large part to lower fuel consumption and reduced spending on contracted services.

Current FY 2015:

The personal services budget includes a Board approved compensation adjustment offset by lower workers' compensation charges.

Growth Management Division

Maintenance

Trans Maint - Aquatic Plant Control (101)

Operating Expense has increased due in part to higher fleet charges - \$25,300, heavier need for fencing maintenance - \$7,000 and Cartegraph license costs - \$7,200.

Capital Outlay includes \$115,000 for replacement of two (2) trucks and other heavy equipment and machinery items out of fourteen (14) recommended replacements totaling \$835,800:

- \$ 55,000 - Ford F50 - Replacement
- \$ 60,000 - Ingersoll Rand RT 706G - Replacement
- \$115,000 Total Capital Outlay

Revenues:

Again for FY 15, \$1,000,000 from the South Florida Water Management District (Big Cypress Basin) will be utilized for secondary canal system repair and maintenance.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Growth Management Division

Maintenance

Transportation Road Maintenance (111)

Mission Statement

To deliver to the citizens of Collier County quality maintained roadways, roadsides and drainage systems, providing safe roadway systems and excellent customer service. Maintenance operations are performed in support of Florida Statute Chapter 344.046.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Limerock Road Construction and Maintenance	-	250,000	-	250,000
To grade limerock roads located in the Golden Gate Estates quarterly. There is no appropriation for conversion - only maintenance.				
General Maintenance	-	2,290,000	-	2,290,000
Bridge, drainage system, sidewalk and bike path construction and maintenance, contract mowing, roadway asphalt repair, sweeping and shoulder maintenance, litter and dead animal removal, and emergency roadway hazard response.

Total Funding	5,442,393	6,102,100	5,706,000	2,540,000	-	2,540,000	(58.4%)

Notes:

This budget provides for general resurfacing and maintenance of unincorporated area roadways including: non-landscaped medians and right-of-way areas, sidewalks, curbing, striping and marking, drainage infrastructure, installation of sod and bridge repairs. A five-year work program has been developed to identify prioritized roadways in need of resurfacing as well as limerock road conversions.

Forecast FY 2014:

Operating expense savings of approximately \$400,000 is forecasted, mainly driven by reductions in landscaping and tree trimming maintenance.

Current FY 2015:

The FY 15 budget reduction is driven by shifting resurfacing dollars to capital project fund (313).

Notes:

Funds were collected as special assessment bond proceeds within Debt Service Fund (232) and these funds are available for the benefit of this District and the Naples Production Park. Property owners within the districts paid their share of the assessments. Since many properties paid off their assessments early, the additional cash was used to pay off the Bonds early.

In FY 2009, there was approximately \$6 million available in the Debt Service Fund (232) which could be used for capital improvements. Transportation staff conducted neighborhood informational meetings and determined which roadway and drainage improvement projects could be done. Improvements to this Industrial Park as well as the Naples Production Park commenced during FY 2009 and are scheduled to be completed by FY 2015. Separate capital funding via transfer from debt service fund (232) has been set up in funds (132) and (138).

Forecast FY 2014:

On April 14, 2009, agenda item 16B12; the Board of County Commissioners approved a prioritized list of capital improvements for the Pine Ridge Industrial Park MSTU. Roadway and drainage improvements are as follows:

- Taylor Road from Pine Ridge Road to J&C Boulevard was designed and completed on 12/21/2012.
- Yahl Street from Pine Ridge Road to north of Seward Ave was designed and completed on 4/30/13.
- Elsa Street /Lee Ann Lane drainage improvements were designed and completed in 2012.
- J&C Boulevard improvements from Taylor Road to Airport Road, designed with the construction phase in FY 2014.
- Trade Center Way roadway resurfacing improvements have been deferred until three critical drainage improvements are completed in FY 2015.

Growth Management Division

Improvement Districts and MSTU Pine Ridge Industrial Park (Capital) MST&BU (132)

- In the FY 2014 budget, additional funding was approved for the completion of the J&C Boulevard improvements and three new drainage improvement projects as follows:
 - The north drainage outfall on the north side of the PRR Industrial Park, parallel to J&C Boulevard; removal of invasive vegetation, clearing and cleaning of some pipe (Phase 1); to be completed in FY 2014.
 - Drainage work on existing outfalls around Janes Lanes (Phase IIa) and swale improvements along both sides of Lee Ann Lane (Phase IIb), south of J&C Boulevard; to be completed in FY 2015.
 - Drainage work on existing outfall connecting Pine Air Lakes (Best Buy/Costco) Corporation Blvd south of J&C Boulevard; survey both roads and design additional drainage improvements (Phase III). Design should be completed in FY 2014, with construction in FY 2015.
 - Miscellaneous small projects will be in the design, bidding, and construction phases as funding will allow.

Total Funding	30,946	28,700	30,800	30,000	-	30,000	4.5%

Forecast FY 2014:

No capital expenditures for pump replacement are anticipated. Forecast operating expenses total \$2,000 and include electricity, indirect costs and customary transfers to the Property Appraiser and Tax Collector.

Current FY 2015:

Capital outlay includes \$26,500 for stormwater pump replacement, if necessary, plus any related pumping station and or electrical panel maintenance. Budget was appropriated in capital rather than reserves to provide flexibility in accessing dollars if required. Typical overhead charges are budgeted at \$3,500 and include indirect cost charges, constitutional transfers and maintenance expenses.

Revenues:

Taxable value for this District in FY 2015 totals \$29,106,490 - an increase of 8.13% from last year. Budget guidance specified that MSTU's without advisory board oversight would be limited to a millage neutral position unless staff presents a compelling reason for additional funds. MSTU's with advisory board oversight can consider tax rates ranging from millage neutral to tax neutral (rolled back rate) depending upon program requirements and taxable values upon advisory board recommendation. This district is not represented by an advisory board. For FY 2014, the budget was built around a millage neutral tax rate of .0479 per \$1,000 of taxable value. The rolled back rate of .0443 per \$1,000 of taxable value will be applied for

Growth Management Division

Improvement Districts and MSTU

Victoria Park Drainage MSTU (134)

FY 15. This low millage rate is possible due to sufficient cash balances for pump replacement during any fiscal year. Should these cash balances decrease to a point where a pump could not be replaced, the rate will be increased accordingly.

Current FY 2015:

Operating expenses including contractual maintenance services and constitutional transfers total \$83,800. No reserves are budgeted. Taxable value is \$994,281,166 - a 8.71% increase over last year. Budget guidance specified that MSTU's without advisory board oversight would be limited to a millage neutral position unless staff presents a compelling reason for additional funds. MSTU's with advisory board oversight will be allowed to consider tax rates ranging from millage neutral to tax neutral depending upon program requirements and taxable values upon advisory board recommendation. This budget is built around the rolled back rate of .0079 generating a property tax levy of \$7,900.

Current FY 2015:

Capital outlay includes funds for electrical pump replacement - if necessary.

Revenues:

Taxable value for this District totals \$59,054,468, an increase of 7.58% over last year. Budget guidance specified that MSTU's without advisory board oversight would be limited to a millage neutral position unless staff presents a compelling reason for additional funds. MSTU's with advisory board oversight will be allowed to consider tax rates ranging from millage neutral to tax neutral depending upon program requirements and taxable value upon advisory board recommendation. This budget is built around the rolled back tax rate of .0458 per \$1,000 of taxable value which raises a tax levy totaling \$2,700. Fund balance continues to grow until such time as a new electrical pump is purchased.

Traffic Operations Department (101)

Mission Statement

To repair and maintain traffic signals, traffic signs, pavement markings, and highway lighting systems. 24-hour emergency response is provided for traffic signal systems as well as crucial signage repairs and pavement marking installations. The department will manage the increases in traffic control devices resulting from growth, roadway construction and roadway acceptance. Department staff operates and maintains the county-wide computerized traffic signal system, traffic management center and coordinates traffic operations functions within the Collier County incorporated municipalities. The department also serves to protect Collier County's investment in fiber optics, signal and roadway lighting infrastructure in response to utility locate requests in support of Florida Statute Chapter 556. We will perform maintenance in support of Florida Statutes Chapters 334.044(1) and 336.045.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Sectional Administration/Overhead	3.00	829,223	149,700	679,523
This section covers departmental management and administrative support staff. It also covers all overhead fixed costs for the department such as insurance, fleet maintenance, etc.				
Traffic Sign Maintenance	5.00	497,845	3,000	494,845
This section installs and maintains the inventory of traffic signs and pavement markings throughout the county.				
Traffic Signal Maintenance	9.00	1,418,737	356,100	1,062,637
This section maintains and repairs all traffic signals and flashing beacons within the county.				
Computerized Signal System Operation	4.00	357,789	-	357,789
This section operates and maintains the computerized Traffic Signal System, coordinates construction projects with system requirements and re-times traffic signals.				
Streetlight Maintenance	3.00	928,682	-	928,682
This section maintains, repairs and replaces, as needed, all arterial roadway lighting within the county.				
Traffic Engineering/Studies	4.00	342,589	-	342,589
This section performs safety, operational, and signal studies. Prepares signing and pavement marking work orders. Reviews development permits and county roadway project construction plans. Collects data and compiles Annual Traffic Crash Reports and Quarterly Traffic County Reports.				
Locates	4.00	295,735	110,000	185,735
This section marks infrastructure for signal, streetlight and fiber optic cables on both County and State Roadways within 48 hours of request as directed under Florida Statute Chapter 556.

Forecast FY 2014:

Overall department expenditures are anticipated to be in line with the adopted FY 14 budget.

Capital Outlay includes the replacement of two (2) bucket trucks, generators for the traffic signal crews and additional Trimble Juno Devices to assist with both accessing work orders while in the field and ongoing Asset Management efforts.

Current FY 2015:

The personal services budget includes a Board approved salary adjustment plus two (2) FTE positions (Associate Project Manager and a Maintenance Specialist) that were added at year ending FY 14. One expanded full-time Traffic Signal Technician Apprentice and related costs is included in the FY 15 budget.

Operating expense remain at prior year level.

Current capital outlay includes \$191,000 for seven (7) vehicles recommended for replacement by the Fleet Management Department out of fifteen (15) recommended replacements totaling \$429,000:

- \$ 30,000 – Ford F250 EC – Replacement
- \$ 30,000 – Ford F250 EC – Replacement
- \$ 30,000 – Ford F250 EC – Replacement
- \$ 26,000 – Ford F250 – Replacement
- \$ 26,000 – Ford F250 – Replacement
- \$ 27,000 – Ford F150 FWD SC – Replacement
- \$ 22,000 – Ford Ranger FWD – Replacement

Street Lighting Districts Fund (760)

Mission Statement

To provide street lights to residential and commercial areas that do not meet the requirements for arterial level roadway lighting. Installation, maintenance & operation costs for the street lights will be paid for through the County Board approved taxing district that is established for that purpose.

Forecast FY 2014:

Overall department expenditures are anticipated to exceed budget due to higher than expected electricity costs. This is primarily due to the growth in the number of street lights within the district. The millage rate for this district will increase substantially in FY 2015 to cover the increased cost of electricity and pay back Fund (101) which covered the cost of electricity for a portion of FY 2013 (\$91,228) and FY 2014 (\$27,000). A transfer to Fund (101) will be programmed in FY 2015 and FY 2016. Electricity accounts for 96% of forecast expenditures.

Current FY 2015:

The FY 2015 budget accounts for electricity (\$710,600) plus modest appropriations for street lighting maintenance and installation (\$5,000), general insurance (\$3,200) and indirect costs (\$2,100) as well as customary transfers to the Property Appraiser and Tax Collector. Purchase of electricity comprises the vast majority of programmed expenses.

Revenues:

Taxable value for this district totals \$4,191,499,282 which represents a 6.12% increase from last year's value. The millage neutral rate is 0.1631 per \$1,000 of taxable value. However, to cover the increased cost of electricity and an expanding inventory of lights within the district, the millage rate will increase to .2000 per \$1,000 of taxable value - a 22% increase. The proposed millage will raise \$838,300. This rate represents an increase above the rolled back rate which is .1552 per \$1,000 of taxable value. The funds cash position at the beginning of FY 2014 (9/30/13) totaled \$46,700. No carryforward is budgeted in FY 2015. Levying the rolled back rate in an increasing taxable value environment does not generate

Growth Management Division

Operations

Street Lighting Districts Fund (760)

sufficient revenue to cover the increasing cost of power, increasing lighting demands for safety purposes and the necessity to reverse the draw on fund balance.

Notes:

The MPO annual budget like other grant funded budgets is approved by the Board of County Commissioners through the budget amendment process rather than the annual budget process. The current year funding cycle of grants are now administered in the Transportation Funds 711/712.

Forecast FY 2014:

As of FY 2011, TD Planning grant funds are received on a milestone reimbursement basis. As a result, excess revenues of \$11,100 have been reprogrammed into a separate project - TD Plan Reinvestment. These funds will be used to offset future costs for major plan updates (every five years) that an annual award alone cannot support in full.

The adopted budget includes a small reserve of \$22,200 that is based on prior year fund balance carried forward. Upon review it has been determined that the fund balance is based on unpaid accounts receivable dating to 2005 and 2006. Accordingly, the basis of the fund balance shown in the FY 2014 Adopted Budget on the accounting records is not available as a budgeted funding source. The fund balance carried forward and associated reserve budget was removed from the budget by budget amendment.

Revenues:

MPO local funds are programmed at \$8,000 for lobbying or any other activities that cannot be funded with annual Federal and State revenues such as the preparation of resolutions in support of or opposition to Federal and State legislation. Due to a strict interpretation of what constitutes lobbying each member agency of the MPO has been asked to contribute \$1,000 per voting member for such activities. The BCC is requested to contribute \$5,000, while the City of Naples, City of Marco Island and Everglades City are requested to contribute \$2,000, \$1,000 and \$0, respectively, as approved by the MPO Board on May 14, 2010.

Growth Management Division

Project Management Transportation Engineering Dept (312)

Mission Statement

Assist in planning, roadway design, roadway permitting, roadway construction, and miscellaneous special projects to meet service levels established by the County Growth Management Plan and established by budget approval actions of the Board of County Commissioners. To provide supervision, engineering, and coordination to ensure Department roadway projects are designed and constructed in a timely, efficient, and economical manner.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	5.00	561,010	-	561,010
This section provides management, administration and fiscal support for the Transportation Engineering and Construction Management (TECM) section which is necessary to support Capital Improvement Element (CIE) and Master Plan projects.				
Traffic Engineering/In-House Design	4.00	476,658	-	476,658
This section provides safety engineering analysis and enhancement of roadway and traffic safety through low cost in-house design projects. Staff also provides design of sidewalks and bus shelters.				
Roadway/Bridge Design Project Management	3.00	404,154	-	404,154
This section manages the consultant's design of highway and bridge projects, and provides oversight during construction and certification.				
Construction Engineering and Inspection (CEI)	7.00	816,957	-	816,957
The CEI section is responsible for construction inspection and management of roadway projects. Among the functions of this unit are project administration, scheduling, utilities, drainage, asphalt and earthwork inspections. Staff of this unit ensures that the work is done in accordance with plans and specifications. With reduced workload, CEI is being done with in-house staff at a considerable savings.				
Right-of-Way Acquisition	3.50	331,321	-	331,321
The Right-of-Way Acquisition section is responsible for acquiring parcels needed for roadway, sidewalk, and intersection improvement projects. The Right-of-Way Acquisition section also acquires the parcels needed for temporary construction easements or rights-of-entry and handles PUD developer commitments.				
General Overhead Costs	-	214,600	-	214,600
Includes the indirect service charge, insurance and IT interdepartmental billing paid to the General Fund.				
Reserves / Transfers	-	-38,500	2,766,200	-2,804,700

Forecast FY 2014:

Operating Expenses are anticipated to be less than the adopted FY 14 budget in part due to fuel savings.

Current FY 2015:

Personal Services includes a Board approved salary adjustment.

Operating Expense has increased due to additional employee training, professional development and fleet charges.

Capital Outlay includes \$31,000 for one (1) vehicle out of two (2) recommended for replacement:

\$ 31,000 - Ford Explorer - Replacement

Growth Management Division

Project Management Stormwater Management Operating Department (324)

Mission Statement

To provide integrated, well maintained stormwater management and flood protection systems which correct deficiencies in county owned and operated secondary and tertiary stormwater management facilities with the goals of flood control, natural system protection, water quality improvement and water supply sustainability.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Fiscal Support/Overhead	1.00	181,264	-	181,264
This program includes funding for a position that provides departmental fiscal support. In addition, all indirect service charges, insurance and IT interdepartmental billings are included as well.				
NPDES/GIS	2.00	215,925	-	215,925
This program provides for continued compliance with the federally mandated National Pollutant Discharge Elimination System (NPDES) permit for the County maintained Municipal Separate Storm Sewer System (MS4). This program also includes both the staff and equipment to develop, maintain and update the stormwater infrastructure inventory in a Geographical Information System (GIS) database.				
Stormwater Master Planning	1.00	135,829	-	135,829
This program provides long range planning effort which serves as the foundation for the future Stormwater Capital Improvement Program. Planning includes providing a comprehensive needs analysis, prioritizing potential projects considering joint funding opportunities, interagency coordination, public vetting and coordination with private development projects Growth Management Plan requirements and AUIR/CIE processes.				
Stormwater Capital Project/Consultant Management	2.00	257,040	-	257,040
This program provides management of Stormwater planning and design projects utilizing the services of professional consultants. This also encompasses managing the construction of larger capital improvement projects for the County's secondary Stormwater management systems to maintain, or improve, level of service for flood protection, water quality, and groundwater recharge.				
Construction Engineering and Inspection (CEI) Management	1.00	110,168	-	110,168
This position provides oversight and inspection services for Stormwater management capital improvement projects during construction and certification.				
Right-of-Way Acquisition	3.50	324,074	-	324,074
The Right-of-Way Acquisition section is responsible for acquiring parcels needed for Stormwater projects through negotiation and/or condemnation.

Forecast FY 2014:

Personal Services are anticipated to be less than the adopted FY 14 budget due to one position transferring to another department and the replacement position having a lower base salary.

Current FY 2015:

Personal Services includes the Board approved salary adjustment offset by lower base salaries for replaced positions.

Operating expense includes additional dollars for employee training and professional development.

Capital Outlay includes \$ 33,000 for one (1) vehicle recommended for replacement:

\$ 33,000 - Ford Explorer - Replacement

Notes:

To aid accountability and grant compliance, in FY 12 this budget was separated from TDC Beach Capital Fund (195). TDC Beach Renourishment/Pass Maintenance Administration Fund (185) provides for TDC beach renourishment and pass project administration, engineering, monitoring and project management. Budgeted projects are summarized within the Beach Renourishment/Pass Maintenance Capital Fund (195).

Forecast FY 2014:

Overall department expenditures are expected to be in line with the adopted FY 14 budget. The replacement of a computer and purchase of a

Growth Management Division

Project Management

TDC Beach Renourishment/Pass Maintenance Admin. (185)

scanner is reflected in the forecast for capital outlay.

Current FY 2015:

Personal services includes a Board approved salary adjustment.

Operating Expense is in compliance with budget guidance. A contingency reserve has been established in recognition of funds carried forward.

Capital Outlay includes \$5,000 for the replacement of a printer shared by the department and a computer for project management support staff.

Revenues:

Funding for this program is provided by Category "A" Tourist Development Tax funds transferred from TDC Beach Renourishment/Pass Maintenance Fund (195). The transfer is consistent with the level of funding required to balance the expenditure budget.

							0.0%

Forecast FY 2014:

Airport fuel sales revenue has been impacted by construction at the Marco Island Airport necessitating cost containment efforts. Lower Personal Services forecast reflects the Airport Authority Director position being held vacant. General operating expenses are lower due to general cost containment efforts. The most significant cost adjustment is reflected in a \$56,200 reduction in the indirect service charge paid to the General Fund. This reduction was required to eliminate a negative cash balance carrying into FY15.

Current FY 2015:

Personal Services are lower reflecting the Airport Authority Director being reclassified to a lower level position to support needed operational functions. Reductions in various fleet and insurance charges have contributed to the lower Operating Expense budget. The Indirect Service Charge paid to the General Fund has been reduced by \$56,800 to balance the fund.

The FY15 current service Airport Authority operating budget is funded in a ratio of approximately 90% user fees (net fuel sales, airport service fees and lease payments) to 10% General Fund advance/support.

Program Funding Sources	FY 2013 Actual	FY 2014 Adopted	FY 2014 Forecast	FY 2015 Current	FY 2015 Expanded	FY 2015 Adopted	FY 2015 Change
Charges For Services	408,476	450,600	493,200	480,900	-	480,900	6.7%
Aviation Fuel Sales	555,892	528,300	603,900	600,900	-	600,900	13.7%
Miscellaneous Revenues	14,316	10,000	13,500	8,900	-	8,900	(11.0%)
Total Funding	978,684	988,900	1,110,600	1,090,700	-	1,090,700	10.3%

Forecast FY 2014:

Operating expenditures are somewhat lower than budget due to general cost containment measures while fuel purchased for resale is up approximately 12%. Fuel sales revenue is also trending up.

The non-fuel revenue forecast is greater than budget due to settlement of a lease matter resulting in 15 months of payments in FY14.

Current FY 2015:

Personal Services reflects the Board approved salary adjustment. The Operating cost budget is somewhat lower reflecting ongoing general cost containment measures. Consistent with current trends the budget for fuel purchased for resale is up 12.6% with projected fuel sales up 13.7%.

Revenues:

As noted above, fuel sale revenue is anticipated to be 13.7% above the FY14 budget level. Other revenue sources are primarily facility lease payments.

Total Funding	1,928,739	2,240,900	1,302,600	1,926,400	-	1,926,400	(14.0%)

Forecast FY 2014:

Operating expenditures are somewhat lower than budget due to general cost containment measures. The cost of fuel purchased for resale as well as fuel sale revenue are down significantly due to the shut down for runway construction.

Current FY 2015:

Personal Services reflects the Board approved salary adjustment offset by cuts in budgeted overtime and salaries for job bank employees. Operating cost estimates are somewhat lower than budget due to general cost containment efforts. The budget for fuel purchased for resale has been established at a conservative level consistent with recent trends.

Revenues:

Anticipated FY15 fuel sales revenue is consistent with budgeted fuel purchase levels and historical trends.

Notes:

All airports are listed on separate pages in this section of the budget book for proper presentation of their operations; however, shared costs such as Reserves, Carry Forward and Repayment to the General Fund are presented here at the fund level.

Revenues:

The advance from the General Fund to support the current service budget has increased 4.5% increase.

Court Related Agencies

Court Related Agencies

The Court Related Agencies include departments that provide judicial operations for both Circuit and County Courts and Programs. The departments include Court Administration, Probation, facility and operation costs for the State Attorney's Office, Public Defender, Guardian Ad Litem, Electronic Court Reporter, Circuit and County Judges. Also included are the Public Guardianship Program, the Drug Abuse Trust Fund, and the Teen Court Program. The total appropriation for FY 2015, including transfers and reserves, is \$4,885,500.

Court costs are funded with general fund revenue, court fees, surcharges on traffic violations, and probation fees. The County is mandated by Section 14 of Article V of the State Constitution to fund the following costs of the circuit and county courts, public defender's offices, state attorney's offices, guardian ad litem offices, and the offices of the clerk of the circuit and county courts performing court-related functions:

1. Facilities – construction, lease, maintenance, and security of: buildings and office space, appurtenant equipment and furnishings, structures, real estate, easements, and parking facilities.
2. Utilities – electricity, gas, water and wastewater services and systems, storm water services and systems, sewer services and systems, all associated costs and fees, and mitigation of environmental impacts.
3. Communication services – telephone system infrastructure, maintenance, facsimile equipment, wireless communications, cellular telephones, pagers, video conferencing equipment and line charges, local carrier service, and local and long distance toll charges.
4. Computer network systems and equipment – computer hardware and software, modems, printers, wiring, network connections, maintenance, support staff or services, training, supplies, and line charges.
5. Courier messenger and subpoena services.
6. Auxiliary aids and services which are necessary to ensure access to the courts for qualified individuals with a disability.

Ordinance 09-41 adopted by the Board of County Commissioners on July 28, 2009 as authorized by s. 318.18(13)(a) F.S., provides for a \$30 surcharge for those non-criminal traffic infractions set forth in Chapter 318, Florida Statutes, and certain criminal violations enumerated in Section 318.17, Florida Statutes, will provide the County with an estimated \$1,090,000 in revenue for FY 2015. This revenue is designated for capital improvements to Courthouse buildings and facilities.

Ordinance 04-42, adopted by the Board of County Commissioners on June 22, 2004 as authorized by s. 939.185 F.S., provides for a \$65 court cost fee when a person pleads guilty or nolo contendere to, or found guilty of, any felony, misdemeanor, or criminal traffic offense under the laws of the State of Florida, will provide the County with an estimated \$276,000 in revenue for FY 2015. This revenue will be divided equally among four (4) court related programs: Innovative Court Programs, Teen Court, Law Library, and Legal Aid.

The Court Related Technology Fund (178) receives a \$2 per page service charge collected for recording documents or instruments as listed in s.28.222 F.S. These funds are used to support court-related technology throughout the various entities of the Court. The FY 2015 budget is anticipated to provide \$750,000 in revenues.

Forecast FY 2014:

Personal services are expected to be less than the adopted budget due to an employee being allocated to the Court Related Technology Fund midyear. This action was approved by the 20th Judicial Circuit and it expanded the employee's role within the organization. Minor operating savings were generated by deferring training, memberships, books, publications, and subscriptions.

Court Related Agencies

Court Administration

Court Operations (681)

Court Administration has been providing financial support to Teen Court and the Public Guardianship Program. The transfer to the Court Innovation Fund (192) for the Public Guardianship Program will be increased by \$5,700 during the current fiscal year as the planned carry forward did not materialize in that fund.

Carryforward increased over the adopted budget due to the Court Administration curtailing year-end expenditures in anticipation of revenues falling below target.

The probation fees continued to decline during the 2014 fiscal year as the monthly average people on probation continues to decline.

Current FY 2015:

Personal services increase is due to the Board approved compensation adjustment, off-set by the decrease of a full year of the one-quarter 0.25 FTE transfer to the Information Technology Fee Fund (178).

Transfer to (171) Teen Court in the amount of \$11,900 covers the shortfall in funding due to continued insufficient receipts of the \$65 (Article V) revenues. Transfer to (192) Court Innovations increased from prior year as there were no residual transfer from other funds receiving the \$65 revenue. Law Library Fund (640) will receive a transfer in the amount of \$8,700 during the current year to aid in their operations.

Revenues:

The General Fund transfer is in compliance with budget guidance adopted for the current fiscal year even with the increased transfers from Court Operations to supplement the programs being funded by the \$65.00 revenue source.

Forecast FY 2014:

Personal Services are slightly below target due to attrition of an employee during the year.

Operating costs reflect cost containment measures of the Department primarily in training and associated travel.

Current FY 2015:

Personal Services increase is due to a Board approved compensation adjustment and a modest increase in the retirement contribution rates.

Court Related Agencies

Court Administration

Parole & Probation (681)

Revenues:

The cases supervised by the Probation department continue to decline and as a conservative measure, are being budgeted at the same level as the FY14 forecast.

Less 5% Required By Law	-	(3,500)	-	(3,500)	-	(3,500)	0.0%
Total Funding	193,500	193,000	193,000	193,000	-	193,000	0.0%

Notes:

This revenue source was created effective July 1, 2004 when the Board of County Commissioners adopted Ordinance 04-42 pursuant to s. 939.185 F.S., which was part of the revision to Article V of the State Constitution. The source of this revenue is an additional court cost of \$65 when a person pleads guilty or no contest or is found guilty of any felony, misdemeanor, or criminal traffic offense in Florida. Twenty-five percent (25%) of this amount is allocated to fund innovative court programs.

Collier County pays for the management of 80 wards per month with this program, directly to the local Guardianship Office. This is not a mandated program, however, the Chief Judge has determined this program to be a necessity to our Community.

Forecast FY 2014:

Revenue is based upon actual collections received through May 2014. As discussed throughout the Courts and Related Agencies budget, fines and forfeitures revenues have been declining since FY 2007 but finally appear to be stabilizing. Per County Ordinance 04-42, any funds remaining in Teen Court (171), Law Library (640), and/or the Legal Aid Society (652) are to be returned to the Court Innovations Fund (192). There are no planned residual transfers from any of these funds as the current revenues are not sufficient to support their level of service.

Additionally, carryforward is lower than planned and a supplemental transfer from Court Administration Fund 681 is planned at \$5,700.

Current FY 2015:

Funding for the Public Guardianship program has been held consistent with the prior years as the program serves a fixed number of clients.

Revenues:

Collections of the \$65 fee that supports this program have been insufficient since FY 2007 due to the continued decline in this revenue source. To off-set this decrease, a transfer to cover the shortage is budgeted in the amount of \$127,500 from Court Administration Fund (681), which is greater than a 10% increase over the prior year. Court Administration's funding is from Probation fees and the balance is from a General Fund (001) transfer.

Notes:

This revenue source was created effective July 1, 2004 when the Board of County Commissioners adopted Ordinance 04-42 pursuant to s. 939.185 F.S., which was part of the revision to Article V of the State Constitution. The Law Library receives one-quarter of this fine to fund their operations.

Forecast FY 2014:

Revenues from the \$65 court cost fee are based upon actual collections received through May 2014 and are expected to meet target.

Current FY 2015:

The request from the Law Library for operating costs of \$75,000 will be fully funded as Court Administration will provide a transfer in the amount of \$8,700 to supplement the \$65 court cost fee that supports this function.

The costs include funding for staff, books, utilities and electronic Westlaw access.

Revenues:

Article V revenues have experienced declines since FY 2007 but appear to be stabilizing. The FY 2015 budget has been established at the same level as the FY 2014 forecast and budget as a conservative measure.

Notes:

Pursuant to the revisions to Article V, as of July 1, 2004, the County is responsible for funding the following operating expenses for the Public Defender: facility construction/lease, facility maintenance and security, utilities, communication services, data processing equipment and software, and other local operating requirements.

Current FY 2015:

A large portion of the budget is fixed costs which the Public Defender has no control over - water, electricity, building repairs and maintenance, etc. The remaining budget is for two attorneys and one support staff position. The Public Defender is fully utilizing these positions to provide early representation of clients in order to move their cases efficiently and effectively through the judicial system in Collier County.

In FY14, the State significantly increased the FRS retirement, employer-paid, contribution rates. These increases are included in the net cost to the General Fund for the current year.

Notes:

Pursuant to the revisions to Article V, as of July 1, 2004, the County is responsible for funding the following operating expenses for the State Attorney: facility construction/lease, facility maintenance and security, utilities, communication services, data processing equipment, software and technical support, and other local operating requirements.

Current FY 2015:

This funding is for operating expenses for the State Attorney's Office located in Collier County and includes funding for three jail reduction personnel dedicated to Collier.

State employee retirement rates have increased and are included in the cost of the three employees. All other costs contained in this budget are for maintaining the facilities as discussed above and the State Attorney has no control over these costs.

Court IT Fee (178)

Notes:

Revenues reflect collections of \$2 per page of a \$4 per page service charge assessed for recording documents or instruments as listed in s. 28.24 F.S. These revenues are dedicated to the technology needs of the Courts and Court Related Agencies.

Forecast FY 2014:

Personal services will exceed budget slightly as one-quarter (0.25) FTE was moved from Court Administration to the IT Fee Fund during the year. The employee's duties were expanded to include dedicated tasks to assist with administration of the infrastructure and computer programs court administration utilizes.

Capital expenditures exceeded budget due to the mid-year need for critical computer equipment by the Public Defender's Office. Operating costs were reduced accordingly.

Revenues are based upon actual collections through May 2014 and are projected to meet target.

Current FY 2015:

Personal service increase is due to a full year of the (0.25) FTE moved in FY14 and a Board approved compensation adjustment. Additionally, the State Attorney and Public Defender include funding for their personnel dedicated to information technology and State employees' retirement rates were substantially increased.

Operating expenditures include payment to CJIS (Criminal Justice Information Services) for shared technology upgrade costs for the Twentieth Judicial Circuit in the amount of \$272,144 as well as requested expenditures by the various agencies for their information technology related needs. All requests for equipment and technology needs by the various entities sharing in this fund were met during the current year.

A Reserve for Capital in the amount of \$632,500 is established for the future needs of the agencies.

Revenues:

Revenues appear to have stabilized and as a conservative measure, current year will remain at the same level as the forecast and prior year adopted budget.

Office of the County Manager

Office of the County Manager

Leo E. Ochs, Jr., County Manager

Management Offices

The Executive Management Offices consist of the Administrative Office of the County Manager, the Office of Management and Budget, and the Communication and Customer Relations Department. In addition, Pelican Bay Services, Tourism, Economic Development, and the Community Redevelopment Agencies report directly to the County Manager's Office.

The total operating budget for Fiscal Year 2015 for the Executive Management Offices is \$4,758,600. The primary source of funding is General Fund revenue. There are 31.0 authorized positions as follows: County Manager's Office - 4.0, Office of Management and Budget (includes budgeting, grants compliance and impact fee administration) - 16.0, and the Communication and Customer Relations Department - 11.0.

The phone numbers for these offices are:

252-8383 - County Manager's Office
252-8973 - Office of Management and Budget
252-8883 - Communication and Customer Relations

Tourism

Funding for the Naples, Marco Island, Everglades Paradise Coast Convention and Visitors Bureau is generated from the 4% tourist tax levied on hotel rooms and short-term rentals in Collier County. The total operating budget for Marketing & Promotion, Administration, and Collier County Museums for the current FY15 is \$13,346,100 and there are 10.0 authorized positions.

Pelican Bay Services

Services are provided to residents of Pelican Bay through the Pelican Bay Municipal Services Taxing and Benefit Unit (MSTBU). Services include Water Management, Community Beautification, Street Lighting, Security Operations, Clam Bay Restoration, and a capital improvement program. The Pelican Bay Services operating budget for FY 2015 is \$4,672,400 with 16.0 permanent, full-time positions. An office is located in Pelican Bay to ensure quality services to residents. Funding is generated by special assessments levied on residents of Pelican Bay as well as an ad valorem levy for district lighting and lighting system improvements.

For more information on Pelican Bay Services, please call 597-1749.

Office of Business & Economic Development

The Office of Business & Economic Development, the creation of which was approved by the Board on June 26, 2012, works in conjunction with other local and state economic development organizations to assist businesses to expand or relocate to Collier County. Activities consist of incentive policy development and administration, business concierge services including facilitating regulatory assistance and promoting the business climate in Collier County.

For more information on the Office of Business & Economic Development program, please call 252-8358

Community Redevelopment Agency

Under Collier County's Community Redevelopment Agency there are two (2) Community Redevelopment Component Areas: The Bayshore/Gateway Triangle Community Redevelopment Area and the Immokalee Community Redevelopment Area. Each exists and utilizes professional staff to plan, promote and implement area re-development and infrastructure improvements. The primary source of funding for CRA activities is tax increment revenue.

The phone numbers for these offices are:

643-1115 - Bayshore/Gateway Triangle CRA
252-2310 - Immokalee CRA

Office of Management & Budget (001)**

Mission Statement

The purpose of the Office of Management and Budget is to assist in the development, implementation, and monitoring of the operating and capital budgets; to offer technical support to departments and agencies within the Collier County Government structure; to assist the general public, the Board of County Commissioners, and citizen groups with information requests; and to provide staff support to assigned Advisory Boards.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	2.00	247,645	-	247,645
Budget Preparation/Control	4.00	470,755	-	470,755
Includes preparation of the Collier County budget in compliance with the Florida Truth in Millage Act. Also includes preparation and presentation of program and line-item budgets, review of fiscal impact statements in executive summaries, coordination of the indirect cost allocation plan preparation, and special projects such as on-going efforts to improve functionality of the new financial system.				
Financial Consulting	-	18,300	-	18,300
Provides funding for the County's Financial Advisor contract and for the preparation of the indirect cost allocation plan.				
Current Level of Service Budget

Grant Compliance (001)

Mission Statement

To reduce the cost of providing the public with services, facilities and infrastructure by maximizing the use of federal, state and local grants. To track, monitor, assist with administrative compliance, and coordinate all grants applied for, received and managed by Collier County.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Grant Coordination and Compliance	5.00	484,600	-	484,600

To plan, implement and manage a centralized administrative grants compliance program for Collier County. Provides oversight and assistance to Departments with emphasis in single audit and fiscal management to improve accountability and audit review success. Develop agency wide protocols and internal controls for post compliance. Coordinate, develop, and monitor corrective action plans for audit findings. Serve as liaison between the Clerk and independent auditors. Serve as technical advisor to Departments including Purchasing in procurement of grant funds goods, service and capital projects. Develop training orientation program for County staff managing grants. Ensure proper stewardship of public funds awarded through cataloged state and federal grant programs. Continue to provide support services in grant acquisition to ensure proper Board approvals and assess Department resources for successful management.

Notes:

Effective February 1, 2012, Grants Management was reorganized under the Office of Management and Budget (OMB) to centralize all administrative grant compliance functions at the corporate level. The Grants Compliance Office (GCO) provides oversight and technical support to Departments with a focus on single audit and fiscal management. The development and implementation of agency wide internal controls and protocols will support successful single audit reviews. Key areas such as procurement, draw requests, report submission, and revenue to expenditure reconciliations will be under the purview of OMB as technical assistance to Departments.

Impact Fee Administration (107)

Mission Statement

Ensure the fair and equitable administration of the Collier County Impact Fee Program, in accordance with Chapter 74 of the Collier County Code of Laws and Ordinances, which is the Collier County Consolidated Impact Fee Ordinance.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Impact Fee Administration	5.00	930,100	515,000	415,100
Review building permits and assess County Impact Fees within the time guidelines of the Growth Management Division Performance Standards. Perform impact fee calculations with less than 1% of assessments requiring subsequent refunds due to calculation errors. Calculate estimates, maintain account ledgers and generally oversee the Certificate of Public Facility Adequacy process. Administer all regulations set forth by the Collier County Consolidated Impact Fee Ordinance, 2001-13, as amended, which is Chapter 74 of the Collier County Code of Laws and Ordinances, including update studies, indexing of fees, and all other Impact Fee related issues. Operational expenses will be partially funded by the Impact Fee Trust Funds as set forth by the Collier County Consolidated Impact Fee Ordinance, 2001-13, as amended, Section 74-203.

Notes:

In order to efficiently account for and manage those sources and uses of funds associated with impact fee operations; this fund was created in FY 2010. The fund is supported by reimbursements from Impact Fee Trust Funds, Certificate of Public Facility Adequacy Fees (COA fees), a corporate support transfer from MSTD General Fund (111), and various administrative fees related to impact fees.

Forecast FY 2014:

Forecast expenses are projected to be in line with the adopted FY 14 budget.

Current FY 2015:

Operating expenses include the re-appropriation of professional services & legal fees for impact fee indexing and the next required update studies. Also included in the Operating expense budget is the replacement of a scanner.

Revenues:

Revenues reflect increases in activity levels in both planning and building permit areas and associated impact fee administration activities/reviews. Increases in revenue from other activities/administrative fees lowers billing to various impact fee trust funds and corporate support transfer (111)

Administrative fees to fund Water/Sewer Impact Fee activities were re-characterized from a reimbursement to transfer in FY 15.

Notes:

The Affordable Housing Impact Fee Deferrals for Water and Sewer Program was adopted by the Board on July 26, 2005 in Ordinance 2005-40. Once a homebuyer qualifies for the deferral, this program uses an alternate funding source to pay the water and sewer impact fees to ensure that the District's capital infrastructure will not be impacted by the deferral. For five years, the General Fund funded the program in an amount of the built-in 3% cap, not to exceed \$750,000 per year. The program was developed with the limitation that the aggregate amount of deferred fees per fiscal year would in all cases be limited to no more than 3% of the total impact fee collections of the previous fiscal year. After the fifth year, the lien repayments will be used to repay the General Fund.

Forecast FY 2014:

On September 30, 2013, the audited balance of outstanding Impact Fee Deferrals was \$1,668,563.

Current FY 2015:

The General Fund transfer reflects the anticipated fund balance at year ending September 30, 2014. No deferral income or interest income is budgeted.

Affordable Workforce Housing (105)**

Mission Statement

The mission of the Collier County Housing, Human and Veteran Services Department's grants and affordable housing programs is to meet the community needs by facilitating the creation of affordable housing opportunities, the improvement of communities, and the sustainability of neighborhoods. This fund was established by Resolution 2007-203 to accept voluntary donations to the County to further affordable workforce housing initiatives.

Notes:

A change to the Land Development Code was approved on September 25, 2012, which created a process to make minor text changes to PUDs, Development Agreements and Settlement Agreements to remove the Affordable Housing Contribution commitments. Subsequently, on March 12, 2013 (Item 16F4) the Board directed the County Manager, or his designee, to proceed with an outlined plan to refund previously paid Affordable Housing Contributions upon the approval of minor changes to PUDs to remove the Affordable Housing Contribution commitments, and approve any budget amendments that may be required to facilitate this action.

Notes:

During FY 05, the administration of Museum Category "C" funding was amended to provide for direct deposit of TDC County Museum proceeds into Fund (198) in lieu of the previous method that deposited all Museum Category TDC proceeds into this fund, Fund (193), and transferred a portion out to County Museums Fund (198). Non-County Owned Museum TDC revenues represent 2.28% of the tourist tax collected.

Forecast FY 2014:

TDC revenue is estimated to be 10% greater than budgeted. Remittances represent grants made based upon approved grant requests.

Current FY 2015:

Non-County Museum TDC revenue is budgeted at \$406,100, up 10% from the FY 14 budgeted level. Utilizing annual TDC proceeds and funds carried forward, the budget includes a grant remittance budget of \$1,279,900. At this time grant requests for FY 15 are expected to include \$200,000 for the Gollisano Children's Museum of Naples and \$50,000 for the Holocaust Museum of SW FL.

Notes:

The Board of County Commissioners authorized collection of an additional one (1) percent tourist tax - fourth penny - on July 26, 2005. Proceeds from this fourth penny are devoted exclusively to tourism marketing and promotion. Pursuant to terms contained within ordinance 2005-43, collections began on October 1, 2005. This ordinance provided that the existing 23.236% of the first two (2) percent collected will be allocated to Fund (194) providing for TDC administrative and overhead expenses; replenishing the Disaster Recovery Fund (196); and providing supplemental dollars to Beach Renourishment/Pass Maintenance (Fund 195) and Beach Park Facility (Fund 183) initiatives. With passage of Ordinance 2011-02 on January 25, 2011, the distribution requirements changed with all year ending proceeds within Fund 194 swept to Disaster Recovery Fund (196)

Office of the County Manager

Tourist Development Council (TDC) Dept
TDC Category B - Admin & Disaster Recovery Transfer (194)

in an amount sufficient to achieve a \$1,000,000 cash balance. Thereafter, Marketing and Promotion Fund (184) will receive all remaining swept dollars.

On April 23, 2013 the Board authorized amendments to the Ordinance that increased the overall distribution of Tourist Taxes to Category B from 36.7% to 46.7%, decreased County Museum distribution from 11% to 9.6%, decreased Category A (Beach and Inlets) from 50% to 41.2% and reduced the required Disaster Recovery fund balance from \$1,000,000 to \$500,000. The change to Disaster Recovery administration also included making the General Fund responsible for maintaining the required fund balance. These changes were reflected in the various TDC funded FY 14 budgets.

On February 26, 2013 the Board authorized the addition of three positions in the areas of direct sales, sports marketing, and digital and social media marketing bringing the authorized number of positions to ten.

Forecast FY 2014:

Personal services cost is somewhat under the adopted budget because of less than anticipated use of job bank labor. Operating expenses are provided to fund overhead expenses such as contractual services, rent, electricity, indirect and direct county support charges, travel, printing and publications, copying, etc.

The forecast budget includes a approximately \$125,00 in move related costs for a required TDC office relocation. Anticipated costs include investment in office wall systems and related furnishings in addition to physical move and infrastructure related costs.

At the end of the year any residual funds remaining in Fund (194) are transferred to Tourism Promotion Fund (184). Based on the FY 14 forecast budget activity the transfer to Fund (184) is expected to be \$439,200.

Total FY 14 TDC revenue distributed to Fund (194) is forecast to be \$1,980,700 representing a 10% increase from the adopted budget.

Current FY 2015:

The personal service budget includes the Board approved payroll adjustment. Operating expenses have increased from the FY 14 adopted budget reflecting the reclassification of office rent from the transfer category to the operating expense category. In addition to rent the new office space necessitated budget additions for utilities, custodial services. Noteworthy operating costs include contractual services providing funding for the Chamber's Visitor Specialist and space at the film office. An interdepartmental payment for service to the Parks & Recreation Department is budgeted for a portion of the Sports Coordinator position.

The proposed budget includes the purchase of video production equipment for \$7,500 and office furniture for \$7,500.

Total tourism promotion administrative costs, net of non-applicable transfers, total \$1,445,200. Pursuant to Ordinance 2005-43 as amended, tourism promotion administrative costs shall not exceed 32% of the total amount collected each fiscal year from Category "B" uses and shall be financed solely out of Fund (194). FY 15 budgeted tourism promotion administration costs represent 18.14% of budgeted Category "B" collections (\$7,964,900). Remaining funds programmed to be swept at year-end into Marketing and Promotion Fund (184) total \$411,400.

Revenues:

Within Category B (Promotion) the Fund (194) distribution is \$1,980,700 and the distribution to Tourism Promotion Fund (184) is \$5,984,200. Revenues distributed to Tourism Administration Fund (194) represent 11.6% of total tourist taxes collected. Revenues distributed to Tourism Promotion Fund (184) represent 35.1% of total tourist taxes collected. Total FY 15 TDC tax collections are estimated to be \$17,048,600 or 10% greater than the FY 14 budget.

Notes:

Reserves within this fund are available to provide funding for emergency promotional campaigns or other efforts to promptly respond to any disaster - natural or economic - which adversely impact tourism in Collier County. Pursuant to Ordinance 2005-43, Tourism Disaster Recovery Fund (196) received \$500,000 per year as a transfer from Tourism Administration and Overhead Fund (194) beginning in FY 06 and this transfer amount (or some lesser amount) continued for three (3) years until reserves in Fund (196) reached \$1,500,000. Reserves reached \$1,500,000 at fiscal year ending 2008. With passage of Ordinance 2011-02, the required fund balance ceiling within the disaster recovery fund was dropped to \$1,000,000. Consistent with Ordinance changes approved on April 23, 2013, the required balance in the Disaster Recovery Fund (196) was reduced to \$500,000 with the County General Fund (001) becoming responsible for maintaining the balance in the future.

Expenditure History: In March 2005, the Board of County Commissioners approved - based on an emergency designation - the expenditure of up to an additional \$500,000 for use in promoting Collier County as a tourist destination in the wake of four (4) hurricanes during the 2004. Similarly, the BCC during FY 09 approved an emergency advertising stimulus package responding to the economic recession and its negative effects upon tourism travel and leisure spending. The use of emergency advertising dollars totaling \$1,066,000 continued in FY 10 under Board authorization recognizing the global economic slowdown. In FY 11, \$500,000 of emergency reserves was once again dedicated to marketing the destination in anticipation of building tourism visitation in the wake of a stagnate economy. These funds were designated to promote the Group Meeting Market.

Forecast FY 2014:

Included in the FY 14 forecast is a portion of the Group Meeting Market Promotion initiated in FY 11. This program's multi-year budget was \$500,000. The unexpended program budget of \$95,800 carried forward into FY 14 was transferred to TDC Promotion Fund (184) for more efficient management.

Notes:

The Board of County Commissioners authorized collection of an additional one percent tourist tax - fourth penny - on July 26, 2005. Proceeds from this fourth penny are devoted exclusively to marketing and promotion. Pursuant to terms contained within Ordinance 2005-43, collections began on October 1, 2005. Further regulation on the distribution of swept proceeds from Administrative and Overhead Fund (194) into TDC Tourism Promotion Fund (184) is contained within Ordinance 2011-02.

On April 23, 2013, the Board authorized amendments to the Ordinance that, among other things, increased the overall distribution of tourist taxes to Promotion Category B from 36.7% to 46.7%. This change went into effect in June 2013.

Forecast FY 2014:

Tourist Development Taxes distributed to Fund (184) are forecast to be 10% greater than the FY 14 adopted budget.

Noteworthy operating expenses include paid advertising, professional advertising, promotion fees and other contract support services and marketing/promotion related travel. The anticipated sweep of residual fund balance from the TDC Administrative and Overhead Fund (194) is somewhat greater than budgeted reflecting TDC tax receipts above budgeted levels.

Current FY 2015:

TDC collections within this fund are budgeted at \$5,984,200 representing a 10% increase from the FY 14 adopted budget. This increase reflects a continuing strong tourism market. The marketing and advertising program will be based on the fund balance carried forward as well as tourist tax revenues anticipated for FY 15. Per Board direction interest earned from all tourist tax funds will again be deposited via transfer to Fund (184) in support of marketing and advertising efforts.

Overall, marketing and promotion funding is up consistent with the upward trend of TDC revenue and the increase in the portion of the TDC revenue allocated to marketing and promotion. The destination advertising and promotion program totals \$4,990,100 and includes the costs for paid advertising, digital and social media and production of all creative products. The professional marketing and advertising services program totals \$2,265,300 and includes contracts with Miles Partnership, Research Data Services, Phase V and an advertising agency. In addition, \$125,000 in support is budgeted for Category "B" marketing grants. Direct sales marketing/promotion totals \$588,600. The Group Meeting support budget totals \$277,000

Consistent with revenue expectations the Tax Collector's transfer for revenue collection is budgeted at \$118,000.

Revenues:

Within Category "B", Promotion, the Fund (194) distribution is \$1,980,700 and the distribution to Tourism Promotion Fund (184) is \$5,984,200. Revenues distributed to Tourism Administration Fund (194) represent 11.6% of total tourist taxes collected. Revenues distributed to Tourism Promotion Fund (184) represent 35.1% of total tourist taxes collected. Total FY 15 TDC tax collections are estimated to be \$17,048,600 or 10% greater than the FY 14 budget.

**Pelican Bay Services
Pelican Bay Water Management (109)**

Mission Statement

To provide for the efficient and timely delivery of Water Management services to the Pelican Bay Community by providing for the necessary maintenance for the community's storm water system to assure its efficient operation in the transporting and treatment of the storm water. In addition, the Division tries to maintain the highest aesthetic appearance while maintaining the delicate balance of the ecosystem.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Water Management Program	2.19	743,200	805,500	-62,300
Includes the routine maintenance of the Pelican Bay Water Management System of approximately 3.5 miles of berm separating the developed property from the Clam Pass System. The system functions as a storm water treatment facility by removing nutrients and pollutants, thus improving the quality of storm water before it is discharged into Clam Bay.

Forecast FY 2014:

Operating expenses are projected below budget due to fewer maintenance repairs conducted on an emergency basis. Otherwise expenses are in line with the adopted budget.

Current FY 2015:

Personal Services account for a Board approved salary adjustment. Operating expenses are increasing due to increases in contractual temporary labor, the contractual exotic removal program and engineering services for the water quality program.

Revenues:

Special assessment revenue funding water management activities increased \$8.30 to \$105.79 per equivalent residential unit (ERU). The District has a total of 7,614.29 ERU's - down one (1) from FY 14.

Forecast FY 2014:

Forecast personal services and operating expense are slightly below budget.

Current FY 2015:

Personal service appropriations include a Board approved compensation adjustment and a modest increase in the overtime component for safety and emergency situations. Operating expenses have increased modestly.

Office of the County Manager

**Pelican Bay Services
Pelican Bay Community Beautification (109)**

Revenues:

Special assessment revenue associated with beautification activities totals \$261.21 per equivalent residential unit (ERU) up \$5.56 from FY 14.

Overall, special assessment revenue budgeted within this fund has increased \$13.86 per equivalent residential unit to \$367.00. A managed draw on actual fund balance totaling \$140,400 occurred between year ending FY 12 and year ending FY 13. Fund reserves remain strong and are expected to grow by a modest \$43,600.

Forecast FY 2014:

Operating expenses are forecast slightly below budget due primarily to lower than anticipated electricity costs and limited need for emergency repairs and maintenance.

Office of the County Manager

**Pelican Bay Services
Pelican Bay Street Lighting (778)**

Current FY 2015:

Personal Services increased modestly to fund the planned employee compensation adjustment. The net operating budget for FY 15 is in line with the FY 14 budget with major expenses associated with the cost of electricity and system repairs and maintenance. Indirect cost reimbursement increased slightly and reserves will be increased for future construction and improvement of the street lighting system as identified in the Pelican Bay Community Improvement Plan.

Revenues:

This fund had a millage rate of .0857 in FY 14 and the rate remains unchanged for FY 15 in accordance with the advisory committees recommendation. Taxable value for this district totals \$5,399,657,816 which represents a 3.96% increase over last year. Property taxes total \$462,800. The district's actual fund balance year over year has increased \$217,600. This is a managed increase which is expected to continue based upon growth in taxable value and the plan to set aside dollars for future system improvements.

Notes:

The Office of Business & Economic Development, the creation of which was approved by the Board on June 26, 2012, works in conjunction with other local and state economic development organizations to assist businesses to expand or relocate to Collier County. Activities consist of incentive policy development and administration, business concierge services including facilitating regulatory assistance and promoting an improved business climate in Collier County.

Costs associated with the economic development promotional component of the budget are shown on the following page.

Forecast FY 2014:

Personal service costs are somewhat lower than budgeted reflecting greater than anticipated phase-in savings from unfilled positions. The operating budget forecast is in line with the adopted budget. In addition to core office operating costs the FY 14 budget includes economic development partnership payments to the Chamber of Commerce and the SW Florida Economic Development Alliance.

Current FY 2015:

The FY 15 personal service budget reflects an above average percentage increase. This is because last year's personal service budget included less than twelve months salary in consideration of phase-in savings inherent in the hiring process. The FY 15 budget includes the full annual budget for all positions as well as the Board approved employee compensation adjustment.

The operating budget is reduced reflecting the relocation of economic development partnership payments for the Chamber of Commerce and the SW Florida Economic Development Alliance to the Promotional Tools budget provided on the following page. The budget reduction was somewhat offset by increased office lease and related costs.

Notes:

This budget provides for economic development partnership and incentive payments including an allowance for the State of Florida Qualified Target Industry (QTI) program. Because economic development incentive payments are subject to attaining certain milestones the planned payments described below will be made only upon meeting established conditions.

Forecast FY 2014:

Estimated FY 14 payments include:

- Animal Specialty Hospital, \$18,700
- Florida Specialties, \$33,400
- Haynes Corp., \$72,000

Also included in this budget is a \$10,400 allowance for payments pursuant to the State of Florida Qualified Target Industry (QTI) program.

Additionally, Economic Development Partnership payments include:

- Early Learning Coalition, \$75,000

Current FY 2015:

Budgeted FY 15 payments include:

- Animal Specialty Hospital, \$4,000
- Arthrex, \$275,000
- Arthrex II (pending),
- Florida Specialties, \$15,000

Office of the County Manager

Notes:

This Fund accounts for proceeds from the local government share of revenue sharing from gaming proceeds pursuant to the agreement between the State of Florida and the Seminole Tribe. FY 12 was the first year for the distribution of proceeds.

Forecast FY 2014:

The forecast includes \$250,000 as the County's match for the Soft Landing Business Accelerator program. The Collier County Industrial Development Authority is providing a contribution of \$75,000 toward the program.

Gaming revenue sharing proceeds, estimated in the budget at \$265,000, have been received in the amount of \$491,171.

Current FY 2015:

The budget includes \$250,000 as the County's match for the Soft Landing Business Accelerator program.

This budget conservatively anticipates receipts of \$300,000 in revenue sharing from gaming proceeds. A portion of the revenue sharing as well as estimated carry forward have been budgeted in reserves.

Bayshore Community Redevelopment Agency (CRA)

Bayshore/Gateway Triangle Redevel (187)

Mission Statement

To support the efforts of the Board of County Commissioners which established itself as the Community Redevelopment Agency (CRA) and made a finding of necessity and of blight conditions in the Bayshore/Gateway Triangle Component Redevelopment Area by adopting Resolution 2000-82 on March 14, 2000, and to implement the Bayshore/Gateway Triangle Component Section of the Collier County Community Redevelopment Plan adopted by the CRA.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
CRA Implementation	2.00	371,670	351,700	19,970
Monitor, update and implement the Bayshore/Gateway Triangle component of the Collier County Community Redevelopment Plan.				
Project & MSTU Management	1.00	116,830	136,800	-19,970
Manage CRA & MSTU projects within the district including: streets, sidewalks, lighting, landscaping and other improvements. Land acquisition and rehabilitation projects include purchase of blighted properties and construction/re-development of commercial and residential buildings.

Office of the County Manager

Bayshore Community Redevelopment Agency (CRA)
Bayshore/Gateway Triangle Redevel (187)

Notes:

A significant challenge facing the CRA is the substantial decline in taxable value and the resulting impact on its Tax Increment Financing (TIF) revenue. The CRA's tax increment value peaked in 2008 at \$626,776,903. Today the taxable increment is \$245,946,075. This reduction, under a millage neutral property tax rate has reduced TIF revenue from a peak of \$2,285,351 to \$1,000,100, a 56% reduction.

On July 26, 2006, the CRA entered into a loan agreement with Wachovia Bank under which a line of credit was secured for \$7,000,000. Of this amount, \$5,901,000 was drawn to purchase and assemble commercial property within the Gateway Triangle catalyst project area as an incentive to attract private development interest. On July 28, 2009, a \$13,500,000 term loan was secured through Fifth/Third Bank which paid off the earlier Wachovia line of credit and provided additional dollars for strategic property acquisition. The term of this note was five (5) years with a final maturity date of September 1, 2014. The note was restructured and approved by the CRA Board in May 2013. The restructured note has a principal amount of \$7,557,900 and a final maturity date of June 2018 with payments based on a 15 year amortization.

Forecast FY 2014:

Personal services expenses are forecast to be in line with the annual budget. Operating expenses are projected above the budget due to a professional services contract rolling forward into FY 14.

The primary revenue source is the CRA's property Tax Increment Financing revenue (TIF). TIF revenue is budgeted as transfers from the General Fund (001) and the MSTD General Fund (111). For FY 14 the CRA taxable increment value of \$231,097,686 generated combined TIF revenue of \$942,700.

The negative carryforward variance shown in the forecast is due to prior year (FY 13) miscellaneous revenue being less than planned. FY 14 forecast miscellaneous revenue is greater than budgeted reflecting proceeds from the sale of several home lots. Proceeds from the sale of property is transferred to CRA Debt Service Fund (287) and used for principal reduction.

Current FY 2015:

The proposed budget includes personal services and operating expenses for CRA program management. The personal service budget includes an increase in personal services for the Board approved compensation adjustment. In the grants and aid category the proposed pool of grant dollars for the Community Improvement Grant Program is increased to \$25,000. The overall level of expenditures is limited by the coverage requirement of the restructured 2013 Fifth/Third Bank note. Funds in excess of the coverage requirement have been budgeted in reserves. A transfer to debt service fund (287) is programmed in the amount of \$905,700 for the annual payment on the Fifth/Third Bank note.

Revenues:

The two largest revenue sources are Tax Increment Financing (TIF) derived from the CRA's property tax increment and fund carryforward. The FY 15 tax increment value, \$248,324,867, under a millage neutral property tax rate has increased CRA TIF revenue by \$67,100 or 7.11% to \$1,009,800. This revenue is manifested via a transfer from the General Fund (001) and the Unincorporated General Fund (111). Carryforward going into FY 15 is estimated to be \$344,300.

The combined impact of the lower annual loan payment and limiting program costs to meet loan coverage requirements and modestly higher TIF revenue has restored a small annual operating surplus to CRA operations.

Notes:

Budget guidance specified that MSTU's without advisory board oversight would be limited to a millage neutral position unless staff presents a compelling reason for additional funds. MSTU's with advisory board oversight will be allowed to consider tax rates ranging from millage neutral to tax neutral depending upon program requirements and taxable values upon advisory board recommendation.

Forecast FY 2014:

Capital outlay reflects continued implementation of district improvements. Operating expenses are forecast at \$455,600 while capital improvements are projected at \$879,700. A transfer to the Bayshore Gateway Triangle CRA in the amount of \$125,500 is programmed to fund administrative and project management services provided by Bayshore CRA staff.

Miscellaneous revenue of \$65,000 represents a donation from CDC Land Investments, Inc. for designing and improving Hamilton Avenue and Thomasson Drive from Bay Street to Normandy Drive. Design is anticipated to be under way in FY 14 with improvements planned to take place in FY 15.

Office of the County Manager

Bayshore Community Redevelopment Agency (CRA)

Bayshore Beautification MSTU (163)

Current FY 2015:

Contractual services are budgeted at \$500,000 and include various engineering design expenses connected with planned roadway, lighting and other district projects. The majority of remaining operating expense are allocated for landscape maintenance expense. This budget appropriates \$3,248,900 for capital outlay. No contingency reserve is budgeted. Continued implementation of planned improvements is anticipated. A transfer to Bayshore CRA Fund (187) totaling \$125,500 is programmed to fund administration and project management services provided by Bayshore CRA staff.

Revenues:

Taxable value for this district totals \$366,096,556, a 3.06% increase from FY 14. The rolled back millage rate for this district is 2.3005 per \$1,000 of taxable value. The advisory committee recommends a millage neutral rate of 2.3604 that will generate \$864,100 in property tax revenue. The millage cap for this district is 3.0000 per \$1,000 of taxable value.

Notes:

The Haldeman Creek Maintenance Dredging MSTU was created pursuant to Ordinance 2006-60. The committee is attempting to grow reserves in anticipation of a future dredging project. Administration and project management services are provided by Bayshore Gateway CRA staff.

Forecast FY 2014:

The primary operating expense is a transfer to the Bayshore Gateway CRA to fund administrative and management support.

Current FY 2015:

The operating budget is established at \$23,600 and includes a \$20,000 appropriation for consulting services as needed.

The Haldeman Creek Advisory Committee recommended a millage neutral tax rate for FY 15. This will raise additional dollars to increase the capital reserve designated for future creek dredging. The millage neutral rate equals .7348 per \$1,000 of taxable value and will raise \$53,600 in property tax revenue. The capital reserve increased by \$39,600 to \$235,200.

Taxable value for this district totals \$72,989,459 and represents a 4.34% increase from FY 14. The millage cap pursuant to the districts enabling ordinance is 3.0000 per \$1,000 of taxable value.

Notes:

The Board of County Commissioners (BCC) on April 24, 2007 approved the establishment of an Immokalee CRA office with an Executive Director and two support staff. The Board on March 9, 2010 approved the establishment of the Immokalee Business Development Center. Originally supported by a combination of CRA and grant dollars the center became fully grant funded. The Business Development Center grant will not be renewed for FY 15. Effective July 2014 the Business Development Center and related position will be phased out. On October 1, 2012, the Board

Office of the County Manager

Immokalee Community Redevelopment Agency (CRA)

Immokalee Community Redevelopment Agency (CRA) (186)

added management of the Immokalee Beautification MSTU to the CRA's responsibilities and authorized the addition of a project manager. Commencing in FY 13 the Board also moved roadway landscape maintenance of a section of Immokalee Road and SR 29 to the CRA. The CRA fund is compensated for management responsibilities from the Immokalee Beautification MSTU.

A significant challenge facing the CRA is the decline in taxable value and the resulting impact on Tax Increment Financing (TIF) revenue. The CRA's tax increment value peaked in 2008 at \$241,138,525. Today the tax increment value is \$87,540,738. This reduction under a millage neutral property tax rate has reduced TIF revenue from a peak of \$879,200 to \$356,000, a 59.5% reduction.

Forecast FY 2014:

Personal service costs are anticipated to be under budget because of the vacant Executive Director position. These savings have been somewhat reduced because of interim funding of the Immokalee Business Development Center position. Commercial Rehab Grant program payments are expected to be less than budgeted.

The primary revenue source for the Immokalee CRA is the CRA's Tax Increment Financing revenue (TIF). TIF revenue is budgeted as transfers from the General Fund (001) and the MSTD General Fund (111). For FY 14 the CRA taxable increment value generated combined TIF revenue of \$319,800.

Current FY 2015:

The personal services budget is based on four (4) CRA staff members. The vacant Executive Director position proposed to be reclassified as a Project Manager position reducing the personal services budget by \$33,000. Three (3) staff members are funded by CRA funds and the fourth, the MSTU Project Manager, is funded by a transfer from Immokalee Beautification MSTU Fund (162). The personal service budget includes an increase in personal services for the Board approved compensation adjustment.

Grant funding for the Immokalee Business Center has not been renewed. The program and related position were phased out in July 2014.

Operating expenses have been maintained at FY 14 levels except for \$10,000 of added maintenance costs for one-half (50%) of the new Zocalo maintenance costs. The other half is funded in Immokalee Beautification Fund (162). Maintenance work is being performed by the Parks & Recreation Department. The budget for the Commercial Rehabilitation Grant Program, utilizing savings from the Executive Director reclass, has been established at \$15,000 for FY 15. The Impact Fee Deferral Program budget is funded at \$20,000 relative to existing commitments. Reserves have been established at a modestly higher level.

Revenues:

The two largest revenue sources are Tax Increment Financing (TIF) derived from the CRA's property tax increment and fund carryforward. The FY 15 increment value, \$87,540,738, under a millage neutral property tax rate has increased CRA TIF revenue by \$36,200 or 11.32% to \$356,000. TIF revenue is manifested via a transfer from the General Fund (001) and the Unincorporated General Fund (111). Carryforward going into FY 15 is estimated to be \$144,500. This represents a drop of \$124,000 from FY 14 actual carryforward. The reduction is a result of FY 14 expenditures being greater than annual revenue.

While program costs have been reduced the imbalance between budgeted annual revenue of \$432,900 and annual expenditures of \$506,900 will continue the pattern of eroding fund carryforward.

Immokalee Beautification MSTU (162)**

Mission Statement

The MSTU was created for the purpose of beautifying and maintaining the median areas of SR 29 and Immokalee Road (CR 846), and certain other public areas within the Immokalee Beautification Municipal Service Taxing Unit. The major objective is to refurbish and maintain the completed improvements, and complete future improvements on SR 29 in accordance with the Master Plan established for this Beautification District and FDOT approvals.

Notes:

Responsibility for this budget has been transitioned to the Immokalee CRA pursuant to Board action.

Forecast FY 2014:

Capital outlay expenditure for roadway landscaping and hardscaping is forecast at \$150,000.

Current FY 2015:

The FY 15 program is primarily an asset maintenance plan with a modest \$119,000 allocation for improvements. Operating expenses include an interdepartmental expense of \$10,000 to maintain the new Zocalo First Street Plaza which will be maintained by the Parks and Recreation Department. A transfer of \$76,000 supports project management and administration provided by Immokalee CRA staff. No reserve is budgeted.

Office of the County Manager

Immokalee Community Redevelopment Agency (CRA)

Immokalee Beautification MSTU (162)

Revenues:

Taxable value for this district totals \$313,179,048 representing a 2.59% increase from last year. Budget guidance specified that MSTU's without advisory board oversight would be limited to a millage neutral position unless staff presents a compelling reason for additional funds. MSTU's with advisory board oversight will be allowed to consider tax rates ranging from millage neutral to tax neutral depending upon program requirements and taxable values upon advisory board recommendation. The rolled back rate for this district is .9172 per \$1,000 of taxable value. Ordinance 1992-40 places a cap on the millage rate at 1.0000 per \$1,000 of taxable value. This budget is sized around the rolled back rate of .9172 per \$1,000 of taxable value which will generate \$287,200 in property tax revenue.

Office of the County Manager

Immokalee Community Redevelopment Agency (CRA)

Landscaping - Immokalee Rd & State Road 29 (111)

Mission Statement

To provide maintenance of landscaped, non-landscaped medians and roadsides on sections of Immokalee Road and SR 29 within the Immokalee urban area to meet the standards adopted by the Board of County Commissioners and to support Florida Statutes Chapters 74-191.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Immokalee Roadway Beautification Management	-	190,000	-	190,000
This program provides funding for landscape maintenance contractors and operational costs required for maintenance of the landscaped and non-landscaped medians and roadways for Immokalee Road and SR 29 in the Immokalee area.				
Current Level of Service Budget	-	190,000	-	190,000

Program Budgetary Cost Summary	FY 2013 Actual	FY 2014 Adopted	FY 2014 Forecast	FY 2015 Current	FY 2015 Expanded	FY 2015 Adopted	FY 2015 Change
Operating Expense	135,911	178,700	199,000	190,000	-	190,000	6.3%
Net Operating Budget	135,911	178,700	199,000	190,000	-	190,000	6.3%

Net Cost MSTU General Fund	135,911	178,700	199,000	190,000	-	190,000	6.3%
Total Funding	135,911	178,700	199,000	190,000	-	190,000	6.3%

Notes:

In mid FY 12 the Board moved the management of the Immokalee Beautification MSTU to the Immokalee CRA and approved the addition of a project manager position. The Board also approved the concept of using this position to manage all landscaped and improved road right-of-way in the Immokalee urban area. In FY 13 the median and roadside maintenance budget for Immokalee Road and SR 29 was moved under Immokalee CRA management.

Forecast FY 2014:

Forecast maintenance expenditures includes contractual maintenance services, electricity and water.

Current FY 2015:

Planned maintenance expenditures are in line with prior year levels. There is a modest increase in operating expenses for water usage which reflects recent cost experience

Public Services Division

Public Services Division

Steve Carnell, Administrator

The Public Services Division provides the citizens of Collier County with a wide variety of traditional governmental services that preserve and enhance the quality of life throughout the community. The Division includes a small administrative staff, the Operations & Veteran Services Department, Domestic Animal Services, Community & Human Services, Library, Museum, Parks & Recreation, University Extension Services, and the Public Transit & Neighborhood Enhancement Department. Through contractual arrangements, this Division has oversight responsibilities for the David Lawrence Center and the Public Health Department. The goal of each Department is to exceed our customers' expectations in providing quality services as cost effectively as possible. The total budget appropriation in FY 15 (including expanded requests, transfers, and reserves) is \$99,002,800.

The total number of authorized permanent Full Time Equivalent (FTE) positions in the Division for FY 15, including expanded requests, is 379.1.

Operations and Veterans Services Department:

This new department is focused on coordination of division-wide activities, including implementation of new initiatives, fiscal planning and oversight, marketing and communications, and general quality control. For FY 15, the Veteran Services unit joins the Operations Department, which was formed in January 2014. For FY 15, this Department is shown within the Public Services Administration area.

County Extension, Education & Training Department:

The University Extension Services Department offers educational and demonstration services in the areas of Agriculture, Marine Sciences, Urban and Commercial Horticulture, Family Consumer Sciences and 4-H Youth Development. Requests from homeowners for assistance with gardening continue to increase, and the Department expects this trend will continue in FY 15. The 4-H program continues to grow and provides very valuable educational experiences for the community's youth.

Domestic Animal Services Department:

Domestic Animal Services provides protection to the citizens of Collier County from animal-related injury and zoonotic disease, gives temporary shelter to the community's unwanted and/or stray pet population, and promotes responsible pet ownership and humane treatment of animals. In FY 15 the Department will continue to focus on increasing compliance with Collier County's licensing and vaccination requirements and continued expansion of humane pet population control programs.

Community and Human Services Department:

By leveraging local, state, and federal funds, the Department provides a one-stop shop to lower income residents in need, including frail seniors, those seeking assistance with prescriptions and medical care, families striving for home ownership or to maintain their homes, and non-profits that meet affordable housing and community needs. In FY 15, the Department will coordinate efforts with community partners to continue all of these endeavors, while striving for improvement in compliance in grant management and overall process efficiency.

Library Department:

The Library Department's FY 15 initiatives include maintenance of circulation per capita at or above the national average and enhancement of on-line services and materials. The Library Department has developed a series of expanded requests for FY 15 that would restore certain operating hours at branch libraries that were cut in recent years due to restricted budgets.

Museum Department:

The Museum Department continues to operate five museum locations, each featuring a unique aspect of Collier County's history. The Marco Island Museum opened in FY 11 and is a joint project with the Marco Island Historical Society. Development of displays for this location is a focus for FY 15.

Parks and Recreation Department:

The Parks and Recreation Department continues its emphasis on providing the same level of service to the community through increased efficiencies with technology and reorganizing resources. The Department maintains park facilities and programs throughout Collier County. Sun-N-Fun Lagoon continues to be a popular recreational attraction. A goal for FY 15 is to maintain user fee cost recovery of recreational programming at 35 to 40 percent.

Public Health Department:

The Public Health Department continues to coordinate its efforts with the Board of County Commissioners to provide health care and environmental programs for Collier County residents. Additionally, the Department continues to monitor the success of the endeavor to refer all housing that does not meet minimum migrant housing standards to Code Enforcement.

Public Services Division

Public Transit and Neighborhood Enhancement Department:

The Public Transit and Neighborhood Enhancement Department administers the public transit system: Collier Area Transit (CAT) and the Transportation Disadvantaged System (TD); and manages road beautification and drainage projects undertaken through the Municipal Service Taxing Units (MSTUs) process.

The following is a list of telephone numbers for additional information on programs and services provided by the Public Services Division:

252-8468 Administration
252-6956 Public Information Officer
455-1031 David Lawrence Center
252-7387 Domestic Animal Services
252-4800 Extension, Education & Training Center

Total Funding	286,751	407,100	458,300	558,700	-	558,700	37.2%

Forecast FY 2014:

Personal services are higher reflecting the reassignment of positions from Domestic Animal Services and the Library Department to the Public Services Operations Management section.

Current FY 2015:

The personal services budget includes a Board approved compensation adjustment. Personal services also reflect added staffing for the Public Services Operations Management section. \$2,500 is provided for a computer and AV equipment.

Fiscal Year 2015 Adopted Budget**

Public Services Division

**Public Services Division Administration
Veterans Services (001)**

Mission Statement

To assist veterans and their dependents in preparing and pursuing claims and other entitlements.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Veteran Advocacy	3.00	258,600	-	258,600
To assist veterans and their dependents with service and non-service connected claims against the Veteran's Administration (VA). To provide information and assistance in obtaining other federal, state and local benefits.				
Transportation System	-	4,500	-	4,500
Transport veterans to VA medical facilities throughout Southern Florida.				
Veterans' Special Events	-	25,000	-	25,000
Provide support to various activities recognizing our Veterans, including the annual 4th of July celebration.				
Current Level of Service Budget	3.00	288,100	-	288,100

Program Enhancements	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Veterans Services Officer	1.00	67,200	-	67,200
Population estimates issued by the Department of Veteran Affairs indicate that Collier County Veterans are underserved with only 1.8% of the veteran population becoming new Veterans Services clients. Other Veteran Service Offices indicate that their Veterans Services Officers (VSOs) see no more than four or five clients per day. In Collier County each VSO averages 12 plus clients per day. Collier County currently has one VSO to every 13,935 Veterans; Sarasota County has 1 to 6,355; Bay County has 1 to 5,601; Charlotte County has 1 to 6,379. With the addition of this VSO position, the ratio of VSOs to veterans in Collier County will become 1 to 9,290.				
Expanded Services Budget	1.00	67,200	-	67,200

Forecast FY 2014:

Personal service costs are forecast under the adopted budget due to overstatement of the health insurance budget. Actual health insurance costs will be lower than budgeted. Operating costs are forecast higher than budget with variances of \$12,000 for conference room and classroom

Public Services Division

County Extension, Education & Training

County Extension, Ed & Training Ct (001)

furniture, \$4,700 for tuition and training and \$6,600 for operating and office supplies.

Current FY 2015:

The personal services budget includes an increase for the Board approved employee compensation adjustment. The overall decrease in personal services relative to FY 14 is due to correcting the health insurance budget overstatement included in the prior budget.

Operating expenses have increased with variances of \$4,700 for tuition and training, \$5,100 for rented and leased equipment, \$2,500 for fleet costs and \$2,500 for office furniture replacement.

Capital Budget Includes:

Replace 2003 Explorer 030429 \$31,000

Replace JD Gator \$8,000

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Public Services Division

**County Extension, Education & Training
Miscellaneous Grants (116)**

Mission Statement

Provide development opportunities for youth in leadership, citizenship, and practical skills as well as other miscellaneous activities needed by the community.

Mission Statement

To ensure compliance with local and State animal-related laws; to return strays to their owners and promote adoption of homeless animals to new families; and to work toward ending the community problem of pet overpopulation.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	2.00	474,148	-	474,148
Fund Department administration and fixed overhead.				
Enforcement	12.00	1,049,835	314,400	735,435
Investigate citizen- or agency-initiated inquiries to enforce state and local animal laws, including but not limited to requirement to license; prohibitions against running at large, creating sanitary nuisance, and excessive barking; animal cruelty investigations; animal bite investigations for rabies prevention; and dangerous dog investigations. Assess appropriate penalties for infractions and impound stray animals. Inspect and permit animal-related businesses.				
Animal Care	8.00	680,911	33,700	647,211
Provide basic sanitary, sustenance, and enrichment services to animals in Department custody. Work toward positive outcomes for impounded animals as appropriate. Euthanize impounded animals as appropriate.				
Community Outreach	7.00	404,837	48,800	356,037
Facilitate animal adoption program, volunteer program, special events, and educational outreach efforts.				
Veterinary Clinic	2.00	181,969	20,300	161,669
Spay/neuter all cats and dogs prior to placement in home after adoption and prior to release to owner upon reclaim unless exempted as contemplated in the animal control ordinance; provide basic medical care to all animals in custody; provide and/or coordinate with outside veterinary clinics advanced medical care for special cases; and Donation Trust Fund cases.

Forecast FY 2014:

One position has been transferred to Public Services Division Administration to provide staffing for the Public Services Operations Management Office. Personal services costs are forecast somewhat lower than budget due to attrition. The operational cost forecast is in line with budget.

The capital outlay forecast includes the replacement of two Domestic Animal Services vans and facility improvements.

Current FY 2015:

The personal services budget includes a Board approved compensation adjustment. Operating expenses are up 2.4% attributable to increases in fleet maintenance costs. Additionally, the contribution of inmate labor by the Sheriff's Department saves DAS approximately \$120,000 annually and the program is essential to shelter operations.

The addition of one full-time Shelter Technician would allow Domestic Animal Services to provide consistent open-to-the-public hours in Immokalee, facilitating license sales, reclaims, and adoptions.

Shelter health assessment services from Maddie's® Shelter Medicine Program through the University of Florida is scheduled March 16-20, 2015. The goal of the assessment is to offer DAS with a thorough evaluation to establish agency needs encompassing a wide range of sheltering topics. This service will cost \$30,000 and will be used to provide expert advice that will identify future budget requests.

Capital outlay includes \$120,200 for two vehicles and DAS facility improvements.

\$45,000 - 2003 Ford E250 #03069 - Replace000

\$45,000 - 2003 Ford E250 #030704 - Replace

\$30,000 Drain Covers for Buildings 3,4 & 5

Revenues:

Revenues are expected to remain relatively consistent with the prior year as the department continues improvements in the areas of licensing compliance and citation collection.

Notes:

This fund collects a specified allocation for each license purchased for non-neutered/spayed animals and from the neuter/spay fees charged for each animal adopted.

Current FY 2015:

The operating budget pays outside veterinarians to spay and/or neuter animals prior to their adoption when the DAS clinic cannot accommodate the day's total surgery load.

Reserves for contingencies are held for use as required to meet the goals of the Neutering/Spaying program.

Mission Statement

Our professional staff provides a range of medical case management services to eligible citizens of Collier County as required by Florida Statutes 125.01, 409.915, 154.301, 406.50, and 39.304(5). These services are either state mandated, emergency/short-term medical, or general assistance that support community members in restoring self-sufficiency, providing rehabilitation, and returning them to their previously achieved levels of productivity. These services seek to meet the minimum needs required for health and decency, according to available funding and Board of County Commissioners' policy and philosophy.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Department Administration/Overhead	5.00	672,714	-	672,714
Funding for departmental administration and fixed departmental overhead.				
Medicaid County Billing	-	3,480,000	-	3,480,000
Medicaid County expenses for Inpatient Hospital and Nursing Home care determined by Florida Statute 409.915.				
Indigent Burials and Abused Children Exams	-	130,000	-	130,000
Provide burial/cremation services to Collier County residents, as required by Florida Statute 406.50, and medical exams to residents as required by Florida Statute 39.304(5).				
Medical Assistance	2.00	808,586	12,000	796,586
As identified in Florida Statute 125.01, provide one-time emergency financial assistance to persons in order to return them to self-sufficiency, self-supporting, productive members of Collier County. Out-of-County Hospital Care as determined by Florida Statute 154.301 and Health Care Responsibility Act (HCRA).				
Medication Assistance	-	100,000	-	100,000
As identified in Florida Statute 125.01, provide short-term assistance to elderly, poverty level, uninsured county residents to alleviate illness and prolonged disabilities.				
Information and Referral	-	11,000	-	11,000
As identified in Florida Statute 125.01, provide information to services that meet the needs of the citizens in order to provide assistance.				
Shelter and Welfare	-	33,000	-	33,000
As identified in Florida Statute 125.01, provide assistance to individuals who are temporarily disabled or without income to prevent homelessness or eviction from their home.				
Un-reimbursed Grant Related Costs	-	563,400	-	563,400
General Fund support of HHVS grant funded positions and operating costs for which grant funding for program administration and delivery are exhausted, insufficient or unallowable.

Notes:

A transfer to Fund (123) is included in the budget. The transfer provides General Fund support for grant program personnel and operating costs for which grant funding is exhausted, insufficient, or unallowable.

The Buy Back and Self Exemption (referred to as alternative intergovernmental transfer [IGT] programs) supplemented County general funds by providing a 20% match to local government dollars. In addition, the LIP (Low Income Pool) program provided a match of \$293,116 to Collier's \$441,515 contribution. Only selected programs within the Medical Assistance Category are eligible for this program. Total County General Fund FY 14 Public Services Division net cost for these programs is \$2,368,900, with a match of \$473,780 from program partners. This year EMS is also involved in this program, but their fiscal impact is not shown in HHVS budget.

Department wide, before considering the expanded position request, there is a reduction of one FTE reflecting the transfer of a grant funded position to the OMB Grants Compliance Office. The balance of positions have in some cases been redistributed among grants and cost centers throughout the department to further align the personal services with specific activities.

Forecast FY 2014:

Forecast costs for personal services and operating costs are consistent with the budget. Overall, one grant funded position was transferred from the Department to the OMB Grants Compliance Office.

Current FY 2015:

The personal services budget includes a Board approved compensation adjustment as well as increases due to the reassignment of an accountant position with a higher salary level and approved salary adjustments relative to the FY 14 budget.

Operating expenses include increases for physician fees, burials and software. The balance of operating costs were adjusted to meet budget

Public Services Division

Community and Human Services Department

Social Services Program (001)

compliance to the extent possible.

The Senate HB 1884 passed and resulted in a further change in the Agency for Health Care Administration (AHCA) billing to Counties for their share of Medicaid expenses. The bill converts the billing process to one based on county enrollees and a resultant share portion of the annual expenditure. Collier County would be responsible for their proportionate share of enrollees in FY 15, or approximately \$3,400,000.

Note: The Buy Back and Self Exemption (referred to as alternative intergovernmental transfer [IGT] programs) are expected to supplement County general funds by providing a match to local government dollars. At the time of this writing, the programs and guidelines impacting FY 15 are not yet available. When available, the arrangements will be presented to the Board for their action. Such action is not expected to change the budgeted funds.

Capital outlay includes \$24,000 for a vehicle replacement.
\$24,000 - 2003 Ford E250 #030700 - Replacement

Notes:

Relative to the "# of children and adults served without Medicaid or Medicare coverage" Performance Measure, the FY 15 performance measure represents a new contract derived base line.

Forecast FY 2014:

Payments under the contract with the David Lawrence Center are expected to be at budgeted level.

Current FY 2015:

The intergovernmental transfer (IGC) program is expected to supplement County general funds by providing a match to local governmental dollars, but the match percentage has not yet been determined; pending AHCA release of program details for FY 15.

Funding for the contract with the David Lawrence Center is established at the same level as the prior year.

Retired & Senior Voluntr Prog RSVP (116)

Mission Statement

The RSVP program is the only link in Collier County to match volunteers with agencies requesting senior volunteers to help serve the needs of the community. As sponsor of the program, Collier County Government is able to implement a more comprehensive volunteer program within County Government thereby reducing salary costs to the County.

Notes:

The budget illustrated on this page provides funding for two separate programs. The first, un-reimbursed grant-related costs, utilizes monies provided from the General Fund to support otherwise un-reimbursed personnel and operating costs incurred on grant related activities for which grant funds are exhausted, underfunded or unallowable. The second, Senior Choice Reinvestment, reinvests excess Services for Seniors program revenues to support otherwise underfunded grant related Services for Seniors staffing and operational costs.

Forecast FY 2014:

The forecast includes the remaining grant funds associated with the unspent dollars in various seniors grant programs as well as otherwise un-reimbursed grant related personnel and operating costs supported by the General Fund. The General Fund supported component is \$151,700 and includes an allowance for salaries, payroll taxes and Information Technology Department costs. The Seniors grant programs component is \$239,800.

Public Services Division

**Community and Human Services Department
Services for Seniors Program (123)**

Current FY 2015:

The Services for Seniors Program is made up of the following eight grant programs, and are awarded as unit reimbursements. Revenues collected in excess of expenditures are allowed to be reinvested in the senior programs. In FY 15, \$136,200 of excess revenue is requested from Fund (707) to support administrative and program staffing expenses that are either unfunded or underfunded within individual Services for Seniors grant programs.

In addition, an allowance in the amount of \$563,400 from the General Fund is requested to fund otherwise un-reimbursed grant related payroll, health & other payroll related insurance costs and Information Technology Department operating costs incurred on grant activities for which grant funding is exhausted, insufficient or unallowable.

Federal:

Older American Act (OAA)

--Title III-B: Supportive Services and Senior Centers

--Title III-C-1: Congregate Nutrition Services

--Title III-C-2: Home-Delivered Nutrition Services

--Title III-E: National Family Caregiver Support Program

United States Department of Agriculture (USDA)

--Nutrition Service Incentives Program (NSIP)

State:

Community Care of the Elderly (CCE)

Home Care for the Elderly (HCE)

Alzheimer's Disease Initiative (ADI)

Revenues:

Transfer of excess program revenue from the Human Service Grant Fund (707) supports the senior's program budget. A transfer from the General Fund supports otherwise un-reimbursed grant personnel, and operating costs.

Forecast FY 2014:

The forecast expenses reflect the continuation of some older, multi-year grants. Staff is working to close these out as soon as it is possible to do so. Grants beginning in FY 12 and forward, associated with CDBG, have been processed in the Grants Management System and shown in the Housing Grants Funds (705/706). Community Development Block Grant Fund (121) will eventually be closed out as the older grants are closed.

Notes:

State Statutes require this fund be maintained separately from all others until all program and or prior grant dollars are spent.

Forecast FY 2014:

General funds, while not allocated, have been utilized for the SHIP program. The SHIP program is supported by the State allocation and grant program income, however, given the current allocation, the administrative funding was insufficient to maintain program operation. Accordingly, there have been funds included in the Fund (123) allocation funded by the General Fund to assist with operating costs.

Current FY 2015:

Staff will continue to administer the program and there are expected to be sufficient administrative funding from the program to support operations in FY 15.

Forecast FY 2014:

The forecast for personal services is somewhat less than budget due to vacancy savings.

Current FY 2015:

The personal services budget reflects an increase for the salary differential between the vacant entry level salary budgeted in FY 14 and the incumbent's salary. Operating costs are lower reflecting reductions in Fleet costs.

Revenues:

In prior years funding for this function was provided in part by fees collected from providing credit reports to potential home buyers and Loan Consortium origination fees. The Consortium has been defunct for at least three years. There will be no revenues associated with impact fee applications for FY 15 as the impact fee deferral program remains suspended.

The program as presently constituted is funded from the Unincorporated Area General Fund (111).

Notes:

All HUD related grants for CDBG, NSP, HOME, ESG and other Housing related grant programs are in this fund in the Grants Management System. Grants will be presented to the Board of County Commissioners for approval and budget amendments will allocate the grant funds and expenditures at that time.

Forecast FY 2014:

These amounts represent new grants received during the fiscal year and carryforward of continuing grant programs as described below.

Current FY 2015:

Grant funded positions (FTEs) are allocated to grants throughout the department to align positions and ultimately the personal services budget with specific grant activities. Prior to considering the expanded position request there is a reduction of one FTE for the Department. The position was

Public Services Division

Community and Human Services Department

Housing Grants (705/706)

transferred to the OMB Grants Compliance Office. In the General Fund supported budget there is an expanded service request for one additional FTE to support required grant monitoring.

Collier County is a recipient of HUD entitlement funding based on the demographics of its population and as such, must provide services that meet a national objective for low and moderate income families, or where there is slum or blight, or an urgent need. The Housing, Human and Veteran Services Department facilitates a competitive grant application process for the dollars received as an entitlement community. During this process, non-profit organizations submit applications requesting assistance in meeting their goals to solve community problems in the areas of affordable housing, neighborhood revitalization, economic development and public facility improvement in low-income neighborhoods. At this time, HHVS is administering over 20 grant programs and over 70 separate projects or agreements approved by the Board of County Commissioners.

The Community Development Block Grant (CDBG) program works to ensure there is an adequate supply of decent affordable housing, to provide services to the most vulnerable persons in our communities, and to create jobs through the expansion and retention of businesses. The HOME Investment Partnership Program (HOME) funds a broad range of eligible activities, housing construction or rehabilitation, tenant-based rental assistance and other housing activities. The Emergency Shelter Grants Program (ESG) provides homeless persons with basic shelter and essential supportive services. Programs authorized by The McKinney-Vento Homeless Assistance Act are administered by HUD. In turn, HUD awards funds competitively to communities seeking to develop a "Continuum of Care" (CoC) system. Collier County transitioned the lead agency to the local CoC in FY 13, and maintains its seat on the CoC.

Neighborhood Stabilization Program (NSP): The Neighborhood Stabilization Program was authorized by Title III of Division B of the Housing and Economic Recovery Act, 2008. NSP activities are focused within the areas at greatest risk for further economic deterioration. Factors considered include the percentage of home foreclosures, percentage of homes financed by a subprime mortgage related loan, and those geographical areas likely to face a significant rise in the rate of foreclosures. The initial program's total appropriation was \$3.92 billion, of which Collier County was awarded \$7.3 million dollars for the NSP-1 program and then an additional \$1B allocation was made through the Wall Street Reform and Consumer Protection Act of 2010 (Dodd-Frank Act), and Collier County was awarded \$3.9M for the NSP-3 program. The NSP 1 and 3 programs were outsourced during FY 13 under a developer agreement with Habitat for Humanity. The NSP-3 expenditure deadline has been achieved. The remaining program income funds are being used to compensate the final developer fees to Habitat for Humanity when each home is sold. Habitat for Humanity was able to acquire and rehabilitate and resell 28 homes under the grant. The NSP-1 program has ceased purchasing and rehabilitating properties, and has transferred all non-rehabilitated properties to Habitat For Humanity for rehabilitation and resale. For both programs, Collier County will continue to monitor for compliance, perform required reporting, and handle any related outstanding financial transactions.

Disaster Recovery Initiative 2010: On February 13, 2009 and August 14, 2009, disaster relief funding was made available to Florida by the U.S.

Department of Housing and Urban Development, under Title IV of the Robert T. Stafford Disaster Recovery Initiative 2010: On February 13, 2009 and August 14, 2009, disaster relief funding was made available to Florida by the U.S. Department of Housing and Urban Development, under Title IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5121 et. seq.) for federally declared natural disasters that occurred during 2008. Specifically, in Florida, Congress allocated \$81 million and directed that the funds go to the areas facing the greatest need in recovering from Tropical Storm Fay, Hurricane Gustav and Hurricane Ike. The County has been awarded \$9.9 million in disaster recovery funding associated with Tropical Storm Fay in 2008. The funds are administered by the Housing, Human and Veteran Services Department.

Projects associated with this funding include hurricane hardening for multi-family residential structures, stormwater drainage improvements, replacement housing and emergency shelter improvements, with all funds to be expended, via grant extensions by December 2014.

Disaster Recovery Enhancement Funding (DREF) The Consolidated Security, Disaster Assistance, and Continuing Appropriations Act, 2009, (Public Law 110-329, approved September 30, 2008) appropriated \$6.5 billion dollars for recovery from 2008 disasters. Funds must be used only for disaster relief, long-term recovery, and restoration of infrastructure, housing and economic revitalization in areas affected by hurricanes, flooding and other natural disasters, for which the President declared a major disaster. Florida received a total of \$81 million dollars, of which Collier County was awarded approximately \$3.3 million dollars. The funds are administered by the Housing, Human and Veteran Services Department. Projects associated with this funding include multi-family residential replacement housing and storm water drainage improvements.

The state DEO has notified Collier County that HUD has set a deadline for the state to close these grant funds by December 2015. The DEO has currently provided an agreement to allow Collier County to complete its expenditures by December 2014 for all programs. There will be follow up closing activity anticipated to take about three months. It is possible that further extensions may occur, but for very short durations. The full time FTE associated with this grant will no longer be required once the program is fully closed.

Human Services Grants (707/708)**

Mission Statement

To provide community services through grant awards designed to: support seniors by providing in-home support and nutrition assistance to those in greatest medical, economic and social need thereby improving quality of life and preventing premature institutionalization; creating volunteer opportunities for seniors; and the administration of various community initiatives in which grant funds are received.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Retired and Senior Volunteer Program (RSVP) Federal Grant	2.30	15,000	15,000	-
A federal grant program sponsored by Collier County Government whereby retirees contribute time and expertise to the community.				
Community Care for the Elderly Grant	6.00	65,000	65,000	-
The Community Care for the Elderly (CCE) Program provides community-based services organized in a continuum of care to help functionally impaired older people live in the least restrictive yet most cost-effective environment suitable to their needs.				
Older Americans' Act	2.80	83,600	83,600	-
Older Americans' Act - Title III-B, III-C1, III-C2, and III-E Federal Grant Programs for the organization and delivery of social and nutrition services to individuals 65 or older and their caregivers.				
Senior Choice Reinvestment	-	136,200	136,200	-
Federal and State excess revenues from Senior Choice unit reimbursement grant programs to support current and/or expanded senior service program levels for operations and personal services.				
Reserves, Transfers, and Interest	-	11,200	11,200	-
Current Level of Service Budget	11.10	311,000	311,000	-

Notes:

All new grants for Services for Seniors, Human Services, and Retired & Senior Volunteer Programs are in this fund in the Grants Management System. Grants will be presented to the Board of County Commissioners for approval and budget amendments will allocate the grant funds and expenditures at that time. Required match for established grants will be budgeted in this fund in the future, along with their associated program expenses.

Forecast FY 2014:

Forecast funds represent grants received during the fiscal year as well as the continuation of existing grants from the prior year. The transfers of \$8,200 from General Fund (001), \$5,560.41 from Services for Seniors Fund (123), and \$100,617.09 from Services for Seniors Grant Fund (123) were required match for the Community Care for the Elderly and Older Americans Act Title III programs, and the Retired and Senior Volunteer Program. The accumulation of funds in the Services for Seniors Grant Fund (123) represents several years of unexpended grant funds that were not required to be turned back.

Current FY 2015:

FTEs were reallocated to grants and cost centers throughout the department to further align the personal services with specific activities.

Several Service for Seniors grant programs require local match in the range of 10 to 30 percent. A combination of Reserves \$153,400 and a transfer of \$10,200 to Human Service Grant Match Fund 708 is requested to support anticipated match requirements in FY 15 as follows:

- Retired and Senior Volunteer Program (RSVP) - \$15,000
- Community Care for the Elderly - \$65,000
- Older American Act Title III - \$83,600

A balance of \$11,200 within reserves will serve as a contingency for fluctuations in match requirements.

A transfer of \$136,200 to re-appropriate excess revenue is requested to support administrative and program staffing that is either unfunded or underfunded within individual grant programs within Services for Seniors Fund (123).

Reserves of \$164,600 has been established, capturing the remaining excess revenues for future expenditures.

Revenues:

A combination of carryforward and matching funds from Fund (707) provide support for the FY 15 budget.

Grant Program Descriptions:

Services for Seniors: The Services for Seniors CCE, ADI, HCE, Title III B and III-E programs provide professional case management services for qualified individuals, primarily 60 years of age and older, who are at risk for nursing home placement. The Department serves as the lead agency for elder services in Collier County. Services provided include support services, such as personal care, homemaking, supplies, daycare, and caregiver subsidies, all of which strive to enable clients to age in place. These grants are provided by the Department of Elder Affairs through the Area Agency on Aging of Southwest Florida, fka Senior Choices. These grants do not provide direct administrative allocations.

Nutrition Program: Services for Seniors also operates a Senior Nutrition Program under Title III-C1, III-C2, and NSIP providing home delivered

Public Services Division

Community and Human Services Department

Human Services Grants (707/708)

meals, and operates four congregate meal dining sites throughout Collier County. The dining sites are located in East Naples, Naples, Immokalee, and Golden Gate. The Nutrition Program is supported by funding from the Older Americans Act Title III-C and NSIP, through the Area Agency on Aging of Southwest Florida, fka Senior Choices.

Retired Senior and Volunteer Program: The Retired Senior and Volunteer Program (RSVP) provides organized volunteer opportunities to individuals 55 years of age and older in Collier County. The program works with over 15-20 non profit and government agencies to provide these opportunities. Approximately 150 RSVP volunteers contribute thousands of hours of services throughout the County per year. The grant of \$54,522 is provided by the Corporation for National and Community Service.

Safe Haven Visitation Program: The Safe Havens grant in the amount of \$350,000 was awarded from the United States Department of Justice, Office on Violence Against Women in 2012 as a three-year grant. The Collier County Child Advocacy Council (CCCAC) utilizes these funds to improve supervised visitation services, enhance security, and expand center services. The CCCAC anticipates serving over 200 children and adult victims of domestic violence each year. The goals are to keep children and adult victims safe, provide a positive environment for visitation and exchanges, and assist families through difficult situations with counseling, supervision, a safe environment, and case management services.

Adult Drug Court Discretionary Enhancement Program: Currently this program is funded solely through the David Lawrence Center. Collier County through the Victims Advocacy Organization has re-applied for funding for this critical program and an award announcement is anticipated soon. The Adult Drug Court Enhancement Program (Drug Court) was previously funded through the U.S. Department of Justice, Bureau of Justice Assistance. Collier County was allocated \$197,614 to fund the program for two (2) years. Funding was used to enhance a post-adjudication, court supervised, substance abuse treatment program. The Drug Court team consists of Judge Grieder, David Lawrence Center, Court Administration, State Attorney's office, Public Defender's Office, and the Sheriff Office's Department of Corrections.

The Criminal Justice, Mental Health, and Substance Abuse Reinvestment Grant (CJMHSR) is funded through the State of Florida Department of Children and Families. Collier County was allocated \$853,354 over three (3) years beginning in July 2014 and ending in 2017. The program will continue to expand initiatives that increase public safety, avert increased spending on criminal justice, and improve the accessibility and effectiveness of treatment services. The program serves persons who have a mental illness, substance abuse disorder, or co-occurring mental health and substance abuse disorders and who are in, or at risk of entering, the criminal justice system. The agencies contracted with for this grant include the Collier County Sheriff's Office, and David Lawrence Center.

Mission Statement

To provide, promote and support Library information and services that enlighten the minds and enrich the lives of community residents and visitors of all ages.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Library Administration	17.00	2,230,000	395,000	1,835,000
<p>The Administration Program for the Collier County Public Library system is located in the Headquarters Library facility. This program consists of six components: General Supervision and Finance, Acquisitions, Technical Services, Data Management, Public Relations and Training/Courier services among the libraries.</p>				
Headquarters Library	18.00	1,240,100	-	1,240,100
<p>The Headquarters Library program provides a full-service public Library to approximately 100,000 citizens living in the northern areas of the County, with 64 hours of service weekly, seven days a week year round. Services include: reference, books for home use, magazines, newspapers, DVDs, audio books, public computers, children's books and story programs, OverDrive download station, and other special programs and activities. 32.3% of Library usage is from this location.</p>				
Naples Regional Library	16.00	1,149,200	-	1,149,200
<p>The Naples Regional Library program provides a full service public Library within the City of Naples, for a total of 56 hours, six days per week. This Library, representing 17.9% of the Library usage, houses the largest book collection in the system, includes extensive reference and genealogy collections. Services include: reference materials, books for home use, magazines, newspapers, DVDs, audio books, public computers, children's book and story programs, and other special programs and activities. The Library's Mail-A-Book service to those who cannot visit a Library also operates from this location.</p>				
Immokalee Branch	4.00	260,200	-	260,200
<p>The Immokalee Branch Library program provides a full service public Library to Immokalee and Ave Maria. This Library offers specialized information and referral program to the Immokalee residents and all of Collier County. This Library is the sole source of Public Library services in the area, providing 40 hours of service weekly. It is located 25 miles from the Estates Branch and 50 miles from the Headquarters Library. Services include: reference materials, books for home use, magazines, newspapers, DVDs, audio books, public computers, children's book and story programs, and other special programs and activities. This Library represents about 3% of the Library usage.</p>				
Golden Gate Branch	5.50	475,100	-	475,100
<p>The Golden Gate Branch Library program provides a full service public Library, with 52 hours of service weekly. Golden Gate Branch is located 12 miles from the Headquarters Library, 8 miles from the Naples Regional Library and 8 miles from the Estates Branch. Services include: reference materials, books for home use, magazines, newspapers, DVDs, audio books, public computers, children's book and story programs, and other special programs and activities. This Library represents about 9.0% of Library usage.</p>

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Marco Island Branch	4.50	286,500	-	286,500
<p>The Marco Island Branch Library program provides a full service public Library to the citizens living on Marco Island, the Isles of Capri and Goodland, in 44 hours per week. This Library is located on Marco Island and is 15 miles from the East Naples Branch, 13 miles from the new South Regional Library and 23 miles from the Headquarters Library. Services include: reference materials, books for home use, magazines, newspapers, DVDs, audio books, public computers, children's book and story programs, and other special programs and activities. This Library represents about 7.7% of Library usage, with definite seasonal patterns of usage.</p>				
East Naples Branch	3.50	155,700	-	155,700
<p>The East Naples Branch Library program provides a full service Public Library to the area residents, with 36 hours of service weekly. This Library is located about 10 miles from the Naples Regional Library, 22 miles from the Headquarters Library and 7 miles from the new South Regional Library. Services include: reference materials, books for home use, magazines, newspapers, DVDs, audio books, public computers, children's book and story programs, and other special programs and activities. This Library represents about 4.7% of Library usage.</p>				
Estates Branch	3.50	234,400	-	234,400
<p>The Estates Branch Library program provides a full service Public Library, with 36 hours of service weekly. Estates Branch is located 22 miles from the Headquarters Library, 8 miles from the Golden Gate Branch, and 25 miles from the Immokalee Branch Library. Services include: reference materials, books for home use, magazines, newspapers, DVDs, audio books, public computers, children's book and story programs, and other special programs and activities. This Library represents about 6.1% of Library usage. The Estates Branch has a formal computer lab for use by the public.</p>				
Vanderbilt Beach Branch	2.00	163,300	-	163,300
<p>The Vanderbilt Beach Branch Library program provides a full service Public Library, with 36 hours of service weekly. Vanderbilt Beach Branch is located 6 miles from the Headquarters Library and 14 miles from the Naples Regional Library. Services include: reference materials, books for home use, magazines, newspapers, DVDs, audio books, public computers, children's book and story programs, and other special programs and activities. This Library represents 7.3% of Library usage.</p>				
South Regional Library	9.50	710,000	-	710,000
<p>The South Regional Library program opened May 2009, and offers a full range of services during 56 hours, six days per week. The Library provides Saturday hours to the residents of East Naples and Marco Island. Services include: reference materials, books for home use, magazines, newspapers, DVDs, audio books, public computers, children's book and story programs, and other special programs and activities. This Library represents 10.6% of Library usage. The South Regional Library has a meeting room that will hold nearly 400 people.</p>

Forecast FY 2014:

Forecast expenditures are in line with budgeted level of spending. Personal service costs are expected to be under budget as a result of savings related to vacancies and the use of job bank employees. The number of Library positions is reduced by 1 FTE. One position has been transferred to Public Services Division Administration to provide staffing for the Public Services Operations Management Office. Operating cost forecast is in line with budget.

Forecast capital expenditures includes book purchases and the replacement of a fleet vehicle.

Current FY 2015:

The personal services budget includes a Board approved compensation adjustment. As available alternate funding allows, partial funding for job bank employees has been shifted to the State Aid to Libraries program and the Library Trust Fund.

Public Services Division

Library
Library (001)

Operating costs in the Library system are reduced across a number of cost categories. Postage costs continue to decrease as the Library relies completely on e-mail and telephone notification. Printing costs are budgeted at a lower level as the library prints fewer program booklets and reduces the number of pages printed. Minor data processing equipment purchases will be reduced and the replacement cycle is extended by an additional year. Public computers will be replaced on a six (6) year cycle. The Library is now purchasing on-line periodicals and will reduce the print collection at each location. Some of these savings have been redirected to support changing demands such as downloadable books and other electronic products that are becoming more popular.

The expanded services request includes funding for three (3) FTEs to provide staffing for partial restoration of Friday library hours that had been eliminated in 2009. The Estates Branch, East Naples Branch, and Vanderbilt Beach Branch will each be open on Fridays during the school year. To assure adequate staffing coverage for the additional hours Library management, staying within the provided funding, may elect to utilize multiple part-time personnel in lieu of full-time personnel.

Capital outlay: For several years, the library has not received additional book money but has been spending previously authorized Capital and Impact Fee Funds for books. These funds are completely spent. Library materials and books are planned to be purchased from the Library Trust Fund (612) and State Aid to Libraries Grant Fund (129). Additional funds are needed to meet the Growth Management level of service of 1.87 items per capita.

Capital outlay includes \$82,000 for a vehicle and book replacement.

\$32,000 - 2002 Ford Explorer #020135 - Replace

\$50,000 - Books - Replace

Library Grants (129)**

Mission Statement

To account for funds received from the State of Florida, as State Aid to Libraries for the Collier County Public Library. State Aid to Library Grant Funds are now budgeted in Fund 709.

Remaining funds in Fund 129 are refunds of telephone and internet charges provided through the E-Rate Program (<http://sl.universalservice.org>). Funds are intended to help schools and libraries provide broadband Internet access for the public and related technology services.

Notes:

The funds carried forward and included in proposed FY 15 reserves are planned to be used to fund a conversion of library materials barcodes to an RFID computer chip in each book or library item. The conversion requires the RFID computer chips, self check-out systems and security gates. Staff is currently working on the request for proposal with the County IT Department.

Forecast FY 2014:

The budget forecast includes \$6,800 for allowable State Aid to Library operating costs as well as \$5,000 for the purchase of library materials.

Current FY 2015:

Funds carried forward (refunds of telephone and internet charges) are held in reserve and are anticipated to be used to provide an RFID (computer chip) system to speed check-out and enable self-service stations for the public.

Mission Statement

To preserve Collier County's non-renewable historical and archaeological resources and promote a fuller public knowledge and appreciation of our community's unique heritage and cultural development through the use of permanent and traveling exhibits, artifact, document and photographic collections, historic sites, visitor tours, historical research, school and educational programs, preservation and historic marker programs, community outreach, lectures, publications, and family-shared cultural events and activities.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Museums & Historic Sites Administration/Overhead	3.00	748,114	1,715,800	-967,686
Funding to administer and maintain the Museum's main facility, its historic sites, structures, markers and botanical gardens. To minimize loss and deterioration of the artifact and photographic collections, County documents, maps, records and other non-renewable historical, archeological and cultural resources.				
Collections, Exhibition & Information Services	3.00	231,787	-	231,787
Provide regular operating schedule for public visitation, resources for exhibit research, exhibit development, professional management and conservation of the collections, and maintain permanent exhibits to interpret the history and development of Collier County for both residents and visitors.				
Education & Community Services	1.00	67,299	-	67,299
Provides curriculum-based student programs, volunteer training, outreach activities and lectures to civic groups and organizations, special exhibitions, and family-centered learning experiences such as the Old Florida Festival, Archaeology Fair, Native Plant Exhibition, Tamiami Trail Commemoration, and Roberts Ranch Historical Re-enactment.				
Museum of the Everglades	2.00	170,200	-	170,200
Provide funding to maintain and operate a County Museum branch facility in Everglades City. The restored structure is a nationally recognized and registered historic landmark.				
Roberts Ranch/Immokalee Pioneer Museum	2.00	172,700	-	172,700
Provide funding to develop, maintain and operate a County Museum branch facility at the Roberts Ranch in Immokalee. The restored property is a nationally recognized and registered historic landmark.				
Naples Depot	2.00	193,900	-	193,900
Provide funding to develop, maintain and operate a County Museum branch facility at the Naples Depot.				
Marco Island Museum	1.00	138,300	-	138,300
Provide funding to develop, maintain and operate a County Museum branch facility on Marco Island.				
Reserves/Transfers	-	537,900	544,400	-6,500

Notes:

On April 23, 2013, the Board authorized amendments to the Tourist Tax Ordinance that reduced the distribution of Tourist Taxes to County Museums from 11.0% to 9.607%. Effective with the FY14 budget the Board approved two further steps designed to mitigate any reduction in Museum funding. The first is to direct staff to develop a plan to generate revenue to support the museum through fundraising, grants and aids, admission fees or other means. The second is to provide a backstop of General Fund dollars to be held in reserve in the event of shortfalls in fundraising.

Forecast FY 2014:

Personal services are forecast somewhat lower than budget due to attrition and employee turnover. Operating costs are anticipated to be greater than the adopted budget with other contractual services and marketing having the largest variances.

TDC Revenues are forecast 10% above budget reflecting increased TDC tax collections. The implementation of operational revenue generating activities has not met goals set out in the FY 14 budget. The FY 14 revenue budget of \$56,000 included \$20,000 for exhibit rentals to other museums; \$12,000 generated from historic bus tours; \$20,000 in Museum facility rentals for private gatherings, weddings and income-generating activities; and \$4,000 in miscellaneous speaker's fees and private donations. Staff is resetting the approach and expects an improved outcome going forward.

Current FY 2015:

The personal services budget includes a Board approved compensation adjustment. The personal service budget is lower than the prior year due to employee turnover with new hires at lower salary levels. Operating expenses are increased in the areas of other contractual services, property insurance, marketing and promotion, tuition and operating supplies. A transfer to Museum Capital Fund (314) for exhibit development and facility maintenance and upgrades is established in the amount of \$134,000.

Improved TDC tax collections and a higher operational revenue budget allow contingency reserves to be established at a higher level. Cash flow reserves supported by a contingent transfer from General Fund (001) remain at the prior year level.

Public Services Division

**Museum
Museum Fund (198)**

Revenues:

Consistent with the FY 14 forecast, TDC revenue is budgeted 10% above the prior year level. Operating revenue is budgeted at a higher level reflecting an updated plan that focuses on outsourced facility event rentals, guided tours, and photo reproductions.

A \$200,000 transfer from the General Fund is provided as a contingency source of funding in the event of revenue shortfalls.

Mission Statement

To benefit the well-being of the people, community and environment of Collier County.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration/Overhead	2.00	520,574	-	520,574
Oversee County Park facilities and programs including employee, contractual, fiscal and resource management.				
Park Maintenance (001)	19.20	2,832,454	-	2,832,454
Provide a pleasant, clean, safe and enjoyable environment for park visitors at all assigned parks in order to provide exceptional passive and active recreational experiences.				
Recreation Programs	18.30	1,817,807	947,400	870,407
Recreation programs include sailing and skiing, adult and youth athletic programs, county-wide special events, ranger/athletic camps, rec plex fitness center, and interpretative programs.				
Aquatics	6.00	1,304,379	1,587,300	-282,921
Promote residents and visitors utilization of the Sun N Fun Lagoon by providing a safe and supervised opportunity for the public to access instructional swimming and general aquatic recreation.				
Parks & Recreation Marina Operations	-	77,400	117,700	-40,300
Provide for concessionaire to operate fuel sales, bait, launching, and docking services at County owned marinas and operating expenses for utilities and maintenance that continue to be the County's responsibility				
Beach Operations	5.50	422,094	1,854,200	-1,432,106
Beach Operations includes beach maintenance and parking regulation, parking fee management, beach parking cleanup, reporting violations or security issues and assisting the public with questions and/or concerns. Facilities include Vanderbilt Beach, Clam Pass Beach Park, Barefoot Beach Preserve, South Marco Beach Access, and Tigertail Beach Park operations.				
Park Rangers	14.50	918,189	258,300	659,889
Provides for protection of park resources and park visitors, enforcement of park rules and regulations, providing information regarding park use and points of interest, and in some cases collection of fees. Rangers may also act as educators by taking visitors on nature walks, setting up exhibits, and lecturing on historic topics.				
Sea Turtle Monitoring	2.00	207,203	160,000	47,203
Monitor, report and conduct informational activities required to support beach permit conditions.				
Remittances to Municipalities	-	500,000	-	500,000
One-half of the \$1,000,000 annual payment to the City of Naples for the use by County residents of beach parking, parks, recreational facilities and recreational programs. This is governed by the November 18, 2008, Interlocal Agreement Between the County and City of Naples Regarding Parks and Recreation.

Notes:

The most significant change to the Parks & Recreation (001) budget is the outsourcing of NCRP concessions approved January 2014. This change eliminated the expense and revenue associated with the provision of concessions at Sun-N-Fun Lagoon, NCRP Softball Complex, and NCRP Soccer Complex. A vendor was selected to provide concession services and one position was reassigned to Administration to oversee vendor contracts for the Department.

Forecast FY 2014:

In the FY 15 budget the position previously associated with NCRP Concessions have been reassigned to Administration in Parks Fund (111).

Public Services Division

Parks & Recreation Department

County Park Facilities & Programs (001)

Personal Services are forecast below the adopted budget due to the outsourcing of NCRP Concessions, turnover and attrition. Operating expenses are forecast below the adopted budget primarily also due to the outsourcing of NCRP Concessions. This change also resulted in a revenue reduction of \$293,200 relative to the adopted budget.

Current FY 2015:

The personal service budget decreased relative to FY 14 due to outsourcing of NCRP concessions.

Remittances in the amount of \$500,000 reflect one-half of the annual \$1,000,000 contribution to the City of Naples for reciprocal beach parking and recreational services identified in the Interlocal Agreement approved by the Board on October 18, 2008.

Capital outlay includes \$227,000 for nine vehicle and equipment replacement items recommended by the Fleet Management Department.

\$26,000 - 2003 Ford Ranger 4wd #030616 - Replacement
\$21,000 - 2005 Ford Ranger 2wd #050221 - Replacement
\$13,000 - 2005 Toro 74268 #050142 - Replacement
\$22,000 - 2006 Toro 5040 #060155 - Replacement
\$31,000 - 2007 Toro Groundsmaster 3505D - Replacement
\$61,000 - Groundsmaster 45 #30881 - Replacement
\$9,000 - 2002 JD F725 #030113 - Replacement
\$9,000 - 2005 JD 757 Ztrak #060159 - Replacement
\$35,000 - Soccer Goals - Replacement

Revenues:

On 6-10-14, item 11D the Board approved recommended adjustments to certain Park's fees and rates. The estimated increase in revenue have been incorporated into Parks & Recreation Department revenue with offsetting reductions to the Net Cost to the General Fund. In the General fund (001) Parks & Recreation budget these fee adjustments total \$152,000.

The two largest sources of Park revenue are Beach Operations with a revenue budget of \$1.8 million and NCRP Water Park Operations with a revenue budget of \$1.5 million. Current revenues are somewhat lower reflecting outsourcing the NCRP concessions and discontinuation of retail operations at Freedom Park. The revenue reductions are mitigated by offsetting reductions in expense budgets for inventory and job bank staffing for the concessions and have a moderate net impact. Each year, the Department identifies rangers working exclusively in Community Parks and a payment, in the form of a transfer for the cost of salary and benefits, from the MSTD General Fund (111) to the General Fund (001). The transfer for FY 15 is \$258,300.

Sea Turtle Operations receives a grant from the Tourist Development Tax Beach Renourishment Fund (195) to offset Sea Turtle program costs. The current year grant is \$160,000.

Forecast FY 2014:

Personal services are forecast under budget. This is the result of employee turnover, positions held vacant and, Eagle Lakes Community Center anticipated opening date not occurring during FY 14.

Current FY 2015:

The personal service budget includes a Board approved compensation adjustment. The position count for the Parks Fund (111) budget has increased by two. One position that formally managed the NCRP concessions has been transferred from the General Fund (001) Parks budget. The other position was previously included in the Conservation Collier Program budget. Other salaries and wages increased \$171,179 due to planned increases in participation in after school programming and summer VPK programming. Increases in other salaries and wages were also required to classify certain part time and formerly contracted instructors properly.

Capital outlay includes \$128,000 for six vehicle and equipment replacement items recommended by the Fleet Management Department.

- \$9,000 - 2004 Toro Z557 #043189 - Replacement
- \$22,000 - 2002 JD 1435 #020156 - Replacement
- \$49,000 - 1999 Ford F450 #990035 - Replacement
- \$30,000 - 2002 Ford F350 #020048 - Replacement
- \$8,000 - 2004 Toro Z500 #043187 - Replacement
- \$10,000 - 2000 JD M655 #20000157 - Replacement

Expanded Services provide for the phase in of personnel and operating costs for the Eagle Lakes Park Community Center as well as maintenance of the Immokalee First Street Zocalo. The cost of maintaining the Zocalo is 69% offset by reimbursements from the Immokalee CRA.

Public Services Division

Parks & Recreation Department

Parks & Recreation (111)

Revenues:

On 6-10-14, item 11D the Board approved recommended adjustments to certain Park's fees and rates. The estimated increase in revenue have been incorporated into Parks & Recreation Department revenue with offsetting reductions to the Net Cost to the General Fund. In the General Fund (111) Parks & Recreation budget these fee adjustments total \$56,700.

Before considering revenue associated with the New Eagle Lakes Community Center, overall revenue is budgeted approximately 12.5% higher than FY 14 reflecting increased participation in after school programming, VPK programming at Immokalee South Park, and adding summer VPK programming. To support a portion of Park's management and administrative costs attributable to the General Fund portion of the Parks Recreation Department, a transfer from General Fund has been budgeted.

Expanded service revenue associated with the Eagle Lakes Park Community Center is projected to be \$139,900. Reimbursement for providing Immokalee Zocalo maintenance is budgeted at \$20,000. Event fees of \$300 from Zocalo events are anticipated.

Less 5% Required By Law	-	(25,900)	-	(26,700)	-	(26,700)	3.1%
Total Funding	1,105,395	1,053,100	1,094,600	1,036,400	-	1,036,400	(1.6%)

Notes:

An area of concern is the downward trend in Golden Gate Community Center Fund (130) carryforward. This trend results from the annual operating cost budget exceeding annual revenue. The budgeted carryforward into FY 15 is \$138,800. The budgeted carryforward into FY 14 was \$184,600.

Forecast FY 2014:

Forecast personal and operating expenditures are in line with the adopted FY 14 budget.

Current FY 2015:

The personal services budget includes a Board approved compensation adjustment. A portion of the personal services increase is due to additional funding for job bank positions and filling a position with an internal applicant at a higher than budgeted salary. Operating costs are down across a number of individual cost items including fleet, information technology and indirect charges as well as the elimination of the merchandise for resale budget.

The reserve for capital replacement is adjusted to the correct amount that should have been recorded in the FY 14 adopted budget, \$94,100, plus a funded increment of \$8,600. The reserve represents the accumulated balance of Golden Gate Community Center reserves for HVAC and roof replacement.

Revenues:

Taxable value totals \$1,585,363,163, which is an increase of 7.83% over last year. The rolled back rate for this district is 0.1790 per \$1,000 of taxable value. This budget is sized around a millage of .1862, a 4.02% increase over rollback, which will raise \$295,200 in property tax revenue. The maximum millage allowed by ordinance is 0.9000.

In accordance with budget guidance the transfer from Fund (111) is increased by 4.5% and set equal to 60% of the shared cost portion of the budget.

Notes:

In accordance with Ordinance No. 02-63, FY 13 was the final year of the voter approved Conservation Collier special tax levy. Accordingly, Conservation Collier acquisition operations have been phased out and accumulated reserves have been moved to the Conservation Collier Management Trust Fund (174).

Forecast FY 2014:

The forecast includes a developer contribution of \$103,300 for offsite preservation associated with The Landings at Bear's Paw. The funds are proposed to provide a portion of the acquisition cost for an additional Gordon River Greenway property. The transfer to Fund (174) will consolidate reserves in the Conservation Collier Maintenance Fund.

Current FY 2015:

The FY 15 budget proposes funding for acquiring an additional land parcel for the Gordon River Greenway. The acquisition is funded primarily from

Public Services Division

Parks & Recreation Department

Conservation Collier Fund (172)

Conservation Collier reserves with partial funding provided by the developer contribution noted above.

Notes:

As a result of the 2007-2008 economic downturn the Conservation Collier Program suffered two major financial setbacks. 1) Between FY 09 and FY 12 taxable value and resultant tax revenue dropped by 27%, and, 2) interest rates dropped and have remained at historical lows significantly reducing projected earnings on endowment monies. In response, Staff has annually recommended updates and revisions to the Conservation Collier Program to ensure a sustainable long-term financial plan. To that end, in recent years staff has recommended, and the Board has approved, timely curtailment of the land acquisition phase, directing additional funding into the long-term Management Trust Fund and prioritization of planned amenity expenditures. In FY 14 it became apparent that reductions in planned staffing and land management activities were necessary to sustain the program into perpetuity. This budget follows the revised financial plan approved by the Board on April 8, 2014, Agenda Item 11B.

Conservation Collier is in the "management" phase of the program. The Conservation Collier Land Management Trust Fund (174) has become the primary operating fund for the program with all overhead and salary costs shifted from the Land Acquisition Trust Fund (172).

Conservation Collier can acquire lands as donations under the Land Development Code (Section 3.05.07) provision for offsite preservation and the Conservation Collier ordinance (2002-63, as amended, Section 14.7) allows parcel trading within approved multi-parcel projects. Therefore, modest funds have been budgeted for transactional costs. Any additional acquisitions will be closely evaluated to determine if management moneys are available.

One planned acquisition is for a 7.51-acre parcel that is the final piece of the Gordon River Greenway Park. Funding for this acquisition and planned visitor access amenities totals \$733,300 sourced from a Developer donation (\$103,000) with the remainder from Conservation Collier funds previously earmarked for a future Gordon River Greenway bridge connecting to a City of Naples park.

The Conservation Collier ordinance provides for sunset of the Conservation Collier Land Acquisition Advisory Committee at the conclusion of the acquisition phase. However, Advisory Committee Members requested to stay active and oversee land management. The Board directed staff to continue hosting meetings as necessary. Funding for four meetings is included in the FY 15 budget.

Forecast FY 2014:

The FY 14 operating expense forecast reflects reductions in planned expenditures as follows:

Rivers Road Preserve – Savings of \$81,000 to delay a planned parking lot, ADA trails, picnic table, benches and signage.

Nancy Payton Preserve – A savings of \$71,500 to delay/cut visitor amenities.

Pepper Ranch Preserve – A savings of \$173,390 on projected exotic removal costs by "trueing up" budgeted costs with quotes.

Spending at all other preserves--Cocohatchee Creek, Redroot, Freedom Park, Logan Woods, Shell Island, McIlvane Marsh, Alligator Flag, Panther Walk, Otter Mound, Wet Woods, and Winchester Head--is estimated to be \$55,000 for exotic plant treatment, trail maintenance, signage, tree management and misc. maintenance as needed.

Also forecast are two transfers from Fund (174) to other Conservation Collier Funds to support Conservation Collier programs that are budgeted in separately.

Public Services Division

Parks & Recreation Department

Conservation Collier Maintenance (174)

1. A \$1,827,400 transfer to Caracara Prairie Preserve Trust Fund (674) to fund a maintenance and management escrow requirement.
2. A \$95,500 transfer to Conservation Collier Capital Projects Fund (179) for construction of a boardwalk and lookout platform along Lake Trafford needed for public safety.

Current FY 2015:

The FY15 Conservation Collier Management Trust Fund (174) budget reflects the inclusion of three positions previously accounted for in the Conservation Collier Land Acquisition Trust Fund (172) during the acquisition phase of the Conservation Collier program. Personnel expenses have been reduced through the transfer of a part-time ranger and a full-time administrative assistant to Parks & Recreation operations.

The FY 15 operating budget reflects administration and overhead costs, acquisition/donation transactional costs, vehicle and equipment replacements, planned restoration/management activities, and planned improvements. Included is \$10,000 for as-needed environmental consulting. Land restoration and management activities and costs are distributed as follows:

Gordon River Greenway – \$20,700 – Exotic plant treatment maintenance.

Red Maple Swamp – \$7,140 – Exotic plant treatment maintenance and initial treatment to other parcels if necessary.

Rivers Road – \$76,500 for – Initial exotic plant removal, firebreak creation, and fuel reduction.

Nancy Payton – \$7,650 – Exotic plant treatment, and trail and firebreak creation.

Railhead – \$20,400 – Exotic plant treatment, firebreak maintenance and fence repair.

Pepper Ranch – \$323,926 – Majority of expense is for exotic plant initial and maintenance treatments and firebreak/trail creation and maintenance. Additional expenses include check station attendant salary, wildlife and plant surveys, phone, electricity, building maintenance and trash pick-up.

Spending at all other preserves; Cocohatchee Creek, Redroot; Freedom Park; Logan Woods; Shell Island; McIlvane Marsh; Alligator Flag; Panther Walk; Otter Mound; Wet Woods; and Winchester Head; is budgeted at \$37,004 for exotic plant treatment, trail maintenance, signage, tree management and miscellaneous maintenance.

Capital expenditures include replacement of a Gator, as recommended by Fleet, which is required for management and maintenance operations on larger preserves.

Reserves represent the largest component of Conservation Collier Management Trust Fund budget. Reserves have been accumulated and set aside as dictated by Ordinance for the preservation, enhancement, restoration, conservation and maintenance of environmentally sensitive lands that are part of the Conservation Collier program.

Revenues:

The most significant revenue account is carryforward of Conservation Collier Management Trust Fund reserves.

Another significant revenue source is the transfer payment of \$500,000 from Solid Waste Fund (474) as an initial payment for Caracara Prairie Panther Habitat Units (PHUs). The final payment schedule will be determined at the time the Board approves the Caracara agreement. The total to be paid for these credits is \$1,315,300. The PHUs will be used to develop the Solid Waste Resource Recovery Park.

Other sources of revenue include fees generated from the Pepper Ranch Quality Wildlife Management Hunt Program, the Pepper Ranch Cattle Lease, Conservation Collier funds interest earnings and payments by developers for offsite preservation in the form of additional parcel acquisition dollars and/or land management endowments for property donations.

Forecast FY 2014:

The budget process for capital funds requires project budgets to be fully forecast to allow budgets to roll forward and maintain project budget integrity. There are two projects included in the FY 14 forecast. The Conservation Collier portion of the Gordon River Greenway project is funded at \$2,108,100 and construction of a Boardwalk and overlook and partial construction of Parking, Restroom and Camping Facilities at Pepper Ranch is funded at \$216,100.

Current FY 2015:

Budgeted project funding includes \$330,000 for visitor access amenities for the final 7.51-acre parcel of the Gordon River Greenway.

Notes:

Escrow funding is required to be deposited into the Caracara Prairie Trust Fund (674) prior to release of Panther Habitat Units (PHUs). The intent is to use the PHUs for the Resource Recovery Park being developed by the Solid Waste Department. It is anticipated that the PHUs will be needed prior to the end of FY 14, therefore, the money will need to be placed in escrow in FY 14.

The Biological Opinion Letter requires that the Grantor establish the Resource Recovery Park Compensation Parcel Endowment Fund Trust (the "Trust"), which shall be comprised of a non-wasting management fund (the "Endowment Fund") solely used to defray costs associated with the maintenance and management of the Compensation Parcel in perpetuity. The required one-time management fund deposit was established by agreement at \$1,582,800.

Forecast FY 2014:

The Caracara Prairie Preserve Trust Agreement was not executed in FY 13 and as a result no monies were transferred into Fund (674). This eliminated any carry forward.

Staff anticipates taking an agenda item to the Board authorizing the transfer of an additional \$1,582,800 from Conservation Collier Management Trust Fund (174) reserves to Caracara Prairie Trust Fund (674) to establish the Caracara Escrow Reserve.

Current FY 2015:

Operating expenses provide for exotic plant control, firebreak creation and maintenance as well as fuel reduction at Caracara Prairie Preserve. The specific breakdown of costs is as follows: prescribed fire \$5,000, mowing \$6,000, exotic plant control \$49,800, FWC CE monitoring \$1,300, Clerk's fee \$7,600 and general insurance \$200.

Notes:

Upon receipt new grant programs are brought before the Board of County Commissioners for approval and acceptance. At that time, budgets are added to the financial accounting and grant management system.

Forecast FY 2014:

The total forecast of personal services, operating expenses and transfers represent new and remaining grant funds associated with the unspent dollars in various grant projects and programs.

The following grant program and projects are active.

Public Services Division

Public Services Grants

Public Services Grants (709/710)

The 4-H Foundation contributes each year to the County Extension, Education & Training Department for the operation of the 4-H Program. Funding support a part-time 4-H Outreach Coordinator, half the salary of the full-time (.5 FTE) Outreach Coordinator and some minor operating expenses incurred by the program.

State Aid to Libraries receives an allocation for operating and capital support of approximately \$220,000 annually.

The FY 14 Summer Food Grant Program will be operated in conjunction with the Collier County School Board. Funding includes \$98,500 to purchase meals with a match from the MSTD General Fund (111) of \$19,500 to pay for personnel and operating expenses.

Housing and Urban Development (HUD) Community Development Block Grant (CDBG) will fund the construction of the Immokalee South Park Project (\$556,809 remaining).

Current FY 2015:

The FY 15 budget includes a transfer of residual Library grant funds and interest transferred from Library Grant Fund (129) which is being phased out.

Notes:

Pursuant to Board approval of the County Manager's FY 12 mid-year Reorganization and Realignment Plan the Alternative Transportation Modes Department, consisting of the Operations Section, Landscape and MSTU Operations & assigned MSTU budgets, Collier Area Transit operations and Transportation Disadvantaged operations, has been aligned under the Public Services Division. The Alternative Transportation Modes Department was previously under the Growth Management Division.

Forecast FY 2014:

Personal and operating cost forecasts are in line with the adopted budget.

Current FY 2015:

The personal service budget includes a Board approved compensation adjustment. Operating costs are budgeted moderately higher for IT Department services.

Capital outlay includes \$34,000 for a vehicle replacement.
\$34,000 - 2002 Explorer #020044 - Replacement

Notes:

Collier County BCC is a designated recipient of formula funds for the Bonita Springs - Naples Urbanized Area awarded by the Federal Transit Administration (FTA). Section 5307 funding is the largest funding source apportioned annually by ridership and population. A 20% match requirement is fulfilled by a soft match through toll revenue credits provided by the Florida Department of Transportation (FDOT) as authorized by Title 23 U.S.C. 120(j)(1).

While Section 5307 is primarily a capital program, eligible activities include preventive maintenance of federal transit capital assets - covering operational fleet charges - and an allowance of up to 10% to fund ADA Paratransit accessibility activities. In addition, Section 5307 allows grantees to utilize a portion of funds toward operating assistance, which the County historically uses to subsidize fuel costs. All operating assistance is subject to a 50% cash match. Section 5307 mandates grantees to utilize a minimum of 1% of funding toward transit enhancements (bus shelters, signage, etc.) and 1% toward security and safety activities.

Other annual formula funding includes the FDOT State Block Program used for eligible capital and operating costs of providing public transit service and pass through of FTA Section 5311 Rural Area Program used to fund operations in non-urbanized (rural) areas.

Discretionary programs include the FDOT Transit Service Development Program used to improve or expand public transit services and the FTA Sections 5309/5339 to provide capital funding to replace, rehabilitate and purchase buses and related equipment as well as to construct bus-related facilities.

Forecast FY 2014:

This list represents active grants awards during FY 14.

33119	FTA Section 5307 FY10	Annual Capt Apportionment	\$45,000
33153	FTA Section 5309 FY09	Passenger Station - Radio Rd	\$247,100
33172	FTA Section 5307 FY11	Annual Capt Apportionment	\$281,000
33229	FTA Section 5307 FY12	Annual Capt Apportionment	\$1,473,100
33234	FDOT State Block Grant	Operations	\$921,300
33235	FTA Section 5311 FY13	Operations	\$295,600
33243	FTA Flexed Section 5307	ADA Shelters	\$336,900
33244	FDOT Service Development	ADA Shelters	\$237,900
33296	FTA Section 5307 FY13	Annual Capt Apportionment	\$2,891,400
33325	FTA Flexed Section 5307	Transfer Station - Radio Rd	\$1,186,100
33328	FTA Section 5339 FY13	Transfer Station - Radio Rd	\$353,500

Grand Total \$8,268,900

Public Services Division

Public Transit and Neighborhood Enhancement (PTNE)

Collier Area Transit CAT Grant Fund (424)

Current FY 2015:

All grants are appropriated at the time of grant contract execution which occurs outside of the annual budget cycle.

Revenues:

The following grants are expected to be awarded for use in FY 15 to support operations:

FDOT State Block Grant	Operations	\$910,000
FTA Section 5311	Operations	\$295,600
FDOT Service Development	New Route 11	\$183,300
FTA Section 5307 FY14	Operating Asst (Fuel)	\$574,300
FTA Section 5307 FY14	Preventive Maint	\$808,900
Grand Total		\$2,772,100

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Public Services Division

**Public Transit and Neighborhood Enhancement (PTNE)
Collier Area Transit CAT Local Funding (425/426)**

Mission Statement

To provide safe, accessible and courteous public transportation services including maintenance, operations and program management to all customers within Collier County. The commitment to the provision of public transportation services includes compliance with Florida Statutes, Chapter 341 and United States Code 49, Subtitle III, Chapter 53.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Full Cost for Fixed Route Public Transportation	2.00	5,860,200	3,608,300	2,251,900
Full cost is supported by all funding sources such as grant revenues, farebox collections and the gas tax subsidy to operate and manage the Fixed Route public transportation system which provides service to the public seven days a week with ADA accessible buses.				
State Transportation Block Grant	-	-910,000	-	-910,000
This number represents the value of grant funding expected in FY15. This amount is not included for adopted budget purposes because grant dollars are uploaded into the accounting system through separate Board action via budget amendment. These funds will be used to offset the operating cost of fixed route public transit services from the Florida Department of Transportation.				
Federal Transportation Administration Sec. 5307 Grant	-	-1,383,200	-	-1,383,200
This number represents the value of grant funding expected in FY15. This amount is not included for adopted budget purposes because grant dollars are uploaded into the accounting system through separate Board action via budget amendment. The Urbanized Area Formula Funding program is primarily awarded for transit capital. Preventive maintenance is considered an eligible capital cost by the grantor to support the upkeep of federal assets (buses). Operating assistance requires a 50% cash match.				
Federal Transit Administration Sec. 5311 Grant	-	-295,600	-	-295,600
This number represents the value of grant funding expected in FY15. This amount is not included for adopted budget purposes because grant dollars are uploaded into the accounting system through separate Board action via budget amendment. The Rural Area Formula Grant offsets operating costs of rural routes. Funding is passed through the Florida Department of Transportation and requires a 50% match.				
Reserves	-	336,900	-	336,900
Current Level of Service Budget	<u>2.00</u>	<u>3,608,300</u>	<u>3,608,300</u>	<u>-</u>
Program Enhancements	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Fix Route Public Transportation - Route 11	-	366,700	43,400	323,300
To operate a new route (11) from Golden Gate City along Collier Blvd to Immokalee Rd and connect with the existing routes 1B, 1C and LinC. The return trip will include service to the North Collier Regional Park through Livingston Rd. These funds were applied for via Board action on June 25, 2013 (Agenda item 16D6) and are expected to be awarded to begin service on October 1, 2014. No additional local funds (Gas Tax) are required for FY15 and none are anticipated for FY16 or FY17. Farebox revenues estimated at \$43,400 will assist in offsetting expenses.

Notes:

The Collier Area Transit (CAT) bus system is funded annually through local gas taxes, General Fund dollars (through FY 11), passenger fares plus federal and state grants. Local dollars fund approximately 55% of bus system operations based on a three-year average. Grant dollars are received during the course of the fiscal year, approved separately by the Board, and uploaded into the accounting system via budget amendment. These dollars are not included as part of the adopted budget. Grant dollars annually offset approximately 45% of system expenses. Numbers contained under the Forecast column include a combination of local and grant dollars and reflect appropriations in the accounting system. The county's budget and accounting system requires that the amended budget be forecast which allows for project roll. Project roll by definition is the difference between the amended budget and actual expenses incurred at year-end. This process allows for grants to be spent during the period of availability which is customarily over one or more County fiscal years.

Forecast FY 2014:

The CAT local share (Fund 426 excluding grants) is forecast at \$3,321,900 and is comprised of personal services (\$170,900), operating (\$3,135,200) and a small transfer to the Paratransit Match Fund in the amount of \$15,800. The remaining balance of forecast (\$2,116,500) represents the amended budget for active capital grants still remaining within the CAT Fund (426) supporting the CAT Passenger Station (Radio Road) project. These grants were awarded prior to the Grants Management System series of grant fund establishment and will reside where originally budgeted until exhausted. The transfer of \$1,276,400 represents an amount transfer between the CAT family of funds (Match Fund 425) to appropriately track the 50% match requirement of the State Block Grant and FTA Section 5311 Rural Area Formula Grant that offset the third

Public Services Division

Public Transit and Neighborhood Enhancement (PTNE)
Collier Area Transit CAT Local Funding (425/426)

party transit operator contract.

Farebox revenue is anticipated to be collected at \$1,315,200 and includes an annual PUD commitment of \$42,000. Most notably is the carryforward of \$500,000 from one time utilization of grant funding which will help support FY 15 operations without any additional increase in local funding and establish a healthy reserve.

Current FY 2015:

Total CAT bus system appropriations amount to \$6,563,800 which includes a reserve of \$336,900 and the addition of a new bus route (Route 11) at a cost of \$366,700. The amount of local dollars budgeted to offset program expenses total \$3,454,800 and local dollars represent the only component part of the program for adopted budget purposes. Local dollars appropriated within the adopted budget also include any required local match. Grant revenues which are not represented in the budget amount to \$2,772,100, an increase of \$306,100 over the prior year. This amount maintains the historical cost share or 45% of total operations.

Total operating expense represents the following split between local and grant funding.

	Local Share	Grant Share
Transit Operator	\$2,323,900	\$1,388,900
Fleet Maintenance	\$ 20,100	\$ 808,900
Fuel	\$ 574,300	\$ 574,300
Other Operating/FTEs	\$ 536,500	
Total	\$3,454,800	\$2,727,100

The transit operator management contract cost for FY 15 is sized at 72,800 revenue hours at \$51.00 per revenue hour, a \$.24 increase from the prior year. The revenue hours have increased by 4,600 for the new Route 11. Through notification of funding announcements and the State Transportation Improvement Program (STIP) - \$1,205,00 of grant revenues will be used to offset this cost through the FDOT State Block Grant and the FTA Rural and Urbanized Area Programs. This amount does not include the additional support for Route 11 through the FDOT Service Development Grant of \$183,300. All fleet operating and overhead costs (excluding loaner vehicle charges) are eligible to be covered by FTA Section 5307 funding (\$808,900). Fuel will be offset by a discretionary operating assistance allowance of \$574,300. A reserve of \$336,900 has been established for variances in grant awards, additional match requirements and cash flow needs.

A Transfer Station project at the CAT Operations and Maintenance facility on Radio Road will be ongoing in FY 15 and will include the addition of four bus bays, construction of a fueling island, construction of ADA compliant restrooms, enlarging doors on the existing maintenance bays, and civil/site improvements to enhance existing operations, safety and security. The majority of funding is subsidized through various federal grant contracts which currently total \$3,476,100.

Revenues:

Fare Box Revenue (net of the revenue reserve \$1,291,900) is budgeted at the expected growth in ridership during FY 14 and includes an increase for anticipated revenues from the new route 11 (\$43,300). The Gas Tax subsidy is sized at \$2,000,000 and remains flat. A small portion of fleet charges (\$20,100) is anticipated to be reimbursable per the terms of the transit operator contract for minor vehicle damages.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Public Services Division

**Public Transit and Neighborhood Enhancement (PTNE)
Trans Disadvantaged Enterprise Local Funding (427/429)**

Mission Statement

To provide safe and unconstrained delivery of ParaTransit trips to persons who cannot use the fixed-route bus system due to the nature and/or extent of their disability. The commitment to the provision of public transportation services include compliance with the United States Code 49, CFR Part 37 requiring service compliance with the American with Disability Act of 1990.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Full Cost for Transportation Disadvantaged (TD) Services	1.00	3,451,700	2,708,000	743,700
Full cost is supported by all funding sources including grant revenues, farebox collections and a General Fund transfer to provide management of operations for the door to door public transportation system providing transportation service to the elderly, handicapped and economically disadvantaged population.				
Federal Transit Administration Sec. 5307 Grant	-	-288,800	-	-288,800
This number represents the value of grant funding expected in FY15. This amount is not included for adopted budget purposes because grant dollars are uploaded into the accounting system through separate Board action via budget amendment. The Urbanized Area Formula Program allows for 10% of the annual apportionment to be used to offset costs to provide Americans with Disabilities Act complementary paratransit services. No match is required.				
Commission of Transportation Disadvantaged (CTD) Grant	-	-781,700	-	-781,700
This number represents the value of grant funding expected in FY15. This amount is not included for adopted budget purposes because grant dollars are uploaded into the accounting system through separate Board action via budget amendment. This State Trip & Equipment Program grant offsets costs to provide eligible TD trips and requires a 10% match.

Notes:

The Transportation Disadvantage (TD) program is funded annually through local General Fund dollars, fares charged to clients plus federal and state grants. Local dollars fund approximately 68% of the TD program. Grant dollars are received during the course of the fiscal year, approved separately by the Board, and uploaded into the accounting system via budget amendment. These dollars are not included as part of the adopted budget. Grant dollars annually offset approximately 32% of program expenses. Numbers contained under the Forecast column include a combination of local and grant dollars and reflect appropriations in the accounting system. The county's budget and accounting system requires that the amended budget be forecast which allows for project roll. Project roll by definition is the difference between the amended budget and actual expenses incurred at year-end. This process allows grants to be spent during the period of availability which is customarily over one or more County fiscal years.

Forecast FY 2014:

The local share (excluding grants) forecast for operating and personal services is sized at \$2,540,100. Local capital support of \$290,800 is made up of \$245,900 to fund the CAT Operations and Maintenance Facility improvement project and \$44,900 to support required match for the purchase of TD vehicles (\$36,900) and radios (\$8,000). Transfers to the TD Grant Match Fund (429) total \$108,700 to appropriately track required match amounts for operating and capital programs.

Farebox revenue is slightly lower due to decreased trips purchased by Senior Service agencies. The General Fund transfer is slightly higher due to timing differences in when the required match is utilized as the State's grant program runs from July to June. Grant budgets that cross two fiscal years roll until funds are exhausted.

Current FY 2015:

Total TD system appropriations amount to \$3,451,700 plus a reserve of \$413,700 which includes an anticipated grant match requirement of \$87,200 within the TD Grant Match Fund (429) leaving a balance of \$326,800 to support unanticipated matching requirements, ridership fluctuations and cash flow. The amount of local dollars budgeted to offset program expenses total \$2,708,000 which represent the only component part of the program for establishing the adopted budget.

Grant revenues which are not represented in the budget request total are anticipated at \$1,070,500, an increase of \$29,000 over the prior year. Grant revenues are used to offset the transit operator costs of \$2,296,500. Approximately 89,000 passenger trips are budgeted to be served in FY 2015 – a 3,700 reduction over the prior year now that trends as paratransit riders who can be moved to fixed route are shifted.

Total operating expense represents the following split between local and grant funding.

	Local Share	Grant Share
Transit Operator	\$1,226,000*	\$ 1,070,500
Fleet Maintenance	\$ 411,100	
Fuel	\$ 423,900	
Other Operating/FTE	\$ 320,200	
Total	\$2,381,200	\$ 1,070,500

*Includes \$86,900 of Reserves for an anticipated 10% match requirement for the CTD Trip and Equipment grant.

Revenues:

The General Fund (001) subsidy of \$2,378,100 remains flat from the prior year. Fare Box revenue is sized at \$203,000.

Total Funding	680,881	700	760,600	800	-	800	14.3%

Notes:

Transportation Disadvantaged subsidizes its operations primarily through the Florida's Commission of Transportation Disadvantaged (CTD) annual Trip and Equipment Program to insure the availability of efficient, cost-effective, and quality transportation services for transportation disadvantaged persons.

In addition, the Federal Transit Administration (FTA) Section 5307 is utilized up to the maximum 10% to fund ADA Paratransit accessibility.

Vehicles supporting Collier TD are purchased through the Florida Department of Transportation pass through of FTA Section 5310 Grant Program and the CTD Shirley Conroy Rural Area Capital Assistance Program. Both programs provide assistance in meeting the needs of seniors and individuals with disabilities where public transit services are unavailable, insufficient or inappropriate.

Forecast FY 2014:

This list represents active grant awards during FY 14:

33274	CTD Trip and Equipment FY 13	\$673,300
33305	CTD Shirley Conroy FY 14	\$86,500
Grand Total	\$759,800	

The FTA Section 5310 program funding to purchase vehicles is provided directly to the State's approved vendor as required by the Florida Vehicle Procurement Program and therefore the federal grant funding is not within the County's financial system.

33242/33320	FTA Section 5310	FY 12	\$296,900
33333	FTA Section 5310	FY 13	\$331,000

Current FY 2015:

A small reserve in the amount of \$800 has been established from interest earnings and will be used to support match requirements.

Notes:

This budget provides for two positions responsible for administration, maintenance coordination and project management over eight roadway beautification and drainage Municipal Services Taxing Units/Districts.

Forecast FY 2014:

Forecast personal service costs are over budget due to the addition of a job bank project manager added to supplement the single full-time project manager. The costs of the job bank project manager will ultimately be recovered from the MSTUs on a reimbursement basis.

Current FY 2015:

The personal services budget includes a Board approved compensation adjustment. Regular personal services and operating costs are in line with the prior year budget. The budget also includes \$63,800 for job bank project manager.

Revenues:

A fund level transfer in the amount of \$259,300 is made from the managed MSTU's and paid into the Unincorporated Area MSTU General Fund

Public Services Division

Notes:

Budget guidance specified that MSTU's without advisory board oversight would be limited to a millage neutral position unless staff presents a compelling reason for additional funds. MSTU's with advisory board oversight will be allowed to consider tax rates ranging from millage neutral to tax neutral depending upon program requirements and taxable value upon advisory board recommendation. This MSTU has advisory board oversight and the advisory board has requested that the millage rate remain at the cap of .5000 per \$1,000 of taxable value pursuant to Ordinance 2001-43.

Forecast FY 2014:

Expenditures can be characterized as routine median maintenance with focus on implementing a long-term improvement plan for the Vanderbilt Beach MSTU boundaries. The focal point of this plan is the burying of power lines. Toward this effort, \$656,600 in project expenditures are

Public Services Division

Improvement Districts and MSTU

Vanderbilt Beach MSTU (143)

anticipated prior to year ending September 30, 2014.

Current FY 2015:

This expenditure plan contemplates burying power lines with a budgeted FPL contractual service appropriation totaling \$5,549,800. No reserve for capital is budgeted. A transfer to the Unincorporated Area General Fund (111) to fund County staff support as well as typical indirect, insurance and constitutional transfers are also included in the expense plan.

Revenues:

Taxable value for FY 15 is \$2,044,935,142 an increase of 5.10% over last year. The rolled back rate for this district totals 0.4770 per \$1,000 of taxable value. The FY 15 millage rate totals 0.5000 per \$1,000 of taxable value - the ordained limit - and is expected to raise \$1,022,500 in property tax revenue.

Fiscal Year 2015 Adopted Budget**

Public Services Division

**Improvement Districts and MSTU
Sabal Palm Road Extension MSTU&BU (151)**

Mission Statement

The Sabal Palm Road Extension Municipal Service Taxing and Benefit Unit (MSTU&BU) was created and established initially for the purpose of providing a preliminary engineering study for the design, construction and financing of roadway improvements within the Unit. Due to the State purchase of over 70% of the land within this district, efforts to obtain permits for roadway construction are suspended. Available funds are now used for roadway maintenance.

MSTU's with advisory board oversight will be allowed to consider tax rates ranging from millage neutral to tax neutral depending upon program requirements and taxable value upon advisory board recommendation.

Forecast FY 2014:

Forecast operating/capital expenses reflect anticipated level of roadway maintenance executed during FY 14.

Current FY 2015:

There is \$142,900 budgeted for anticipated roadway maintenance which represents the majority of dollars appropriated in this MSTU. Remaining dollars are allocated toward MSTU project management and related overhead.

Revenues:

Taxable value for FY 15 is \$22,495,641 which represents a 27.61% increase from last year. This increase is due to a zoning changes to certain property within the district. The rolled back rate for this district totals .0784 per \$1,000 of taxable value. The proposed levy is millage neutral at .1000 per \$1,000 of taxable value and is expected to raise \$2,200 in property tax revenue.

Notes:

Budget guidance specified that MSTU's without advisory board oversight would be limited to a millage neutral position unless staff presents a compelling reason for additional funds. MSTU's with advisory board oversight will be allowed to consider tax rates ranging from millage neutral to tax neutral depending upon program requirements and taxable value upon advisory board recommendation.

Forecast FY 2014:

The majority of operating expenses cover contractual landscape maintenance and landscape supplies. The Lely MSTU's year ending cash balance while dropping at year ending September 30, 2013 remains sufficient given the MSTU's cash flow requirements.

Public Services Division

**Improvement Districts and MSTU
Lely Golf Estates Beautification MSTU (152)**

Current FY 2015:

Operating expenses include a landscape services contract and budget to maintain the landscape system. Fifty percent (50%) of this MSTU's budget is devoted to maintenance and operations. Capital expenses include \$103,200 for general district landscape improvements. The Lely MSTU Advisory Board continues to recommend a hurricane reserve set-aside that totals \$100,000.

Revenues:

Taxable value totals \$99,552,997 - an increase of 4.01% over last year. The rolled back rate for this district totals 1.9242 per \$1,000 of taxable value. Ordinance 91-104 places a cap on the millage rate at 2.0000 per \$1,000 of taxable value. This budget is sized around the 2.0000 ordained millage cap in accordance with the advisory boards wishes which will raise \$199,100 in property tax revenue.

Budget guidance specified that MSTU's without advisory board oversight would be limited to a millage neutral position unless staff presents a compelling reason for additional funds. MSTU's with advisory board oversight will be allowed to consider tax rates ranging from millage neutral to tax neutral depending upon program requirements and taxable values upon advisory board recommendation.

Forecast FY 2014:

Forecast contractual landscape maintenance totals \$178,000. Regular median landscape maintenance as well as electricity, lighting, utilities and supplies represents 81% of total forecast expenses. Year ending September 30, 2013 carryforward revenue used in the FY 14 forecast totals \$584,900 - a \$35,200 decrease over the prior year carryforward figure. This is a managed decrease based upon the rolled back rate with funds primarily used for landscape maintenance.

Public Services Division

**Improvement Districts and MSTU
Golden Gate Beautification MSTU (153)**

Current FY 2015:

Programmed operating expenses are typical for this MSTU and include engineering design services and professional landscape fees. Other operating expenses include customary overhead charges plus costs for fertilizer, chemicals, mulch and supplies. Capital outlay includes \$424,700 for median improvements and other capital initiatives. No reserve is budgeted.

Revenues:

Taxable value for this district totals \$576,792,719 - an increase of 8.04% over last year. The rolled back rate for this district totals 0.4280 per \$1,000 of taxable value. Ordinance 96-51 places a cap on the millage rate at .5000 per \$1,000 of taxable value. Consistent with the advisory board's recommendation, this budget is sized around the rolled back rate which will generate \$246,900 in property tax revenue - a slight increase over last year due to new construction within the district.

Notes:

Limited General Obligation Bonds approved by district referendum in November 2006, totaling up to \$6,250,000, were sold in October 2007. Net proceeds booked to the project fund (159) after issuance costs and certain eligible project costs totaled approximately \$5,900,000. This construction project is complete and approximately \$973,200 in unspent bond proceeds was transferred from the operating fund to the debt service fund. Construction costs for the various projects were substantially under the original engineers cost estimate due to the competitive bidding environment.

Forecast FY 2014:

District improvements continue and the estimated year-end capital expense is \$850,000. A BCC approved budget amendment from reserves increased the capital appropriation by \$448,400 (item 11F 10/8/13), in order to fund additional sidewalks and lighting along Forest Lakes Boulevard as well as roadway improvements at the main entrance to the community off Pine Ridge Road. This MSTU is transitioning from a capital program to

Public Services Division

Improvement Districts and MSTU

Forest Lakes Roadway & Drainage MSTU (159)

an asset maintenance program. A substantial transfer from the operating fund to the debt service fund representing unspent bond proceeds is programmed to establish a non-mandatory debt service reserve coverage. This is prudent in order to offset the fact that the full authorized millage rate (4.0000) as a product of district taxable value is marginally sufficient to fund average annual debt service in the amount of \$553,200.

Current FY 2015:

This expense program includes no capital dollars. A capital reserve totaling \$231,400 is budgeted. Operating expense includes funds for contractual engineering, maintenance of improvements constructed as well as MSTU overhead costs. A transfer to debt service fund (259) in the amount of \$114,200 is programmed to reduce the debt service levy and maintain approximately 1.5 times (1.5x) annual debt service coverage in reserve.

Revenues:

Beginning in FY 08, two tax levies - one for operating (Fund 159) and one for debt service (Fund 259) - were established. Together the levies total \$4.000 per \$1,000 of taxable value - the amount authorized within the enabling ordinance. Debt service is exempt from statutory property tax limiting calculations, thus the overall millage rate payable by property owners within the district will remain at 4.000 consistent with the advisory board's recommendation. Taxable value for this district totals \$140,070,223 representing a 7.76% increase over last year. With a debt service millage equal to 2.8978 per \$1,000 of taxable value, the operating millage is 1.1022 per \$1,000 of taxable value. This operating millage is expected to generate \$154,400 in property tax revenue.

Notes:

This MSTU was created pursuant to Board action under Ordinance 2009-44 on July 28, 2009. This ordinance provides that the maximum millage rate to be levied shall not exceed .5000 per \$1,000 of taxable value.

On January 31, 2012, a bond referendum election was held and the issuance of up to \$649,000 of limited general obligation bonds payable from ad valorem taxes levied on all taxable property within the MSTU, not to exceed .5 mills, was approved by a majority of the qualified electors within the MSTU. The proceeds were used to construct landscape and irrigation improvements within the district. The financing will mature on 6/1/2022.

Execution of the bond documents occurred on May 31, 2012 with loan proceeds required to fund the project sized at \$550,000. In FY 12 a budget amendment was processed establishing the capital improvement portion of the project budget, \$525,000, creating the Debt Service Fund (266) and transferring monies from MSTU operating Fund (166) to cover loan issuance costs, interim principal and establish sufficient year ending Debt Service Fund balance for cash flow purposes. Beginning in FY 13 a separate levy was extended for payment of debt in Fund (266).

**Improvement Districts and MSTU
Radio Rd East Beautification MSTU (166)**

Forecast FY 2014:

Maintenance of the installed landscaping project is scheduled to begin on or about May 1, 2013 coinciding with project completion. Maintenance for FY 14 is expected to total \$77,800 that is 72% of forecast expense. Remaining expense are considered routine overhead including indirect costs, a transfer to Fund (111) in support of County staff support as well as transfers to the Property appraiser and Tax Collector.

Current FY 2015:

Appropriations for FY 15 are primarily maintenance. No reserve is budgeted. Overhead includes customary transfers to the Unincorporated Area General Fund (111) recognizing staff support and the constitutional officers.

Revenues:

Taxable value is \$389,209,201, which represents a 7.9% increase over last year. With the split millage for debt and operations, the operating levy will total .2401 per \$1,000 of taxable value. The rolled back rate is .2151 per \$1,000 of taxable value. The debt levy totals .2408 per \$1,000 of taxable value. Together the debt and operating levies total .4809 per \$1,000 of taxable value.

Public Utilities Division

Public Utilities Division

George Yilmaz, Administrator

The mission of the Public Utilities Division (“Division”) is to deliver best value, high quality, and sustainable services that meet customers’ expectations in an operationally excellent environment. The Division is responsible for the following Departments: Administration, Financial Operations, Divisional Technical Support and Logistics, Planning and Project Management, Wastewater, Water, and Solid and Hazardous Waste.

The Division is comprised of entirely of enterprise funds, which include the Collier County Water-Sewer District (CCWSD) and Solid and Hazardous Waste Management. Customer charges (user rates, tipping fees, and the annual special assessment for residential curbside solid waste collection) for services received – water, wastewater, irrigation quality water, and solid and hazardous waste collection and disposal – provide the sole financial resources required to pay for operational and maintenance expenses, renewal and replacement of existing infrastructure and facilities, and to sustain compliance with stringent environmental protection and public health standards. The rates must also be sufficient to provide compliance with bond covenants associated with outstanding debt. Appropriate resourcing of the Division’s mission will ensure services are delivered at a level that is expected and demanded by the ratepayers, and in compliance with regulatory standards and permit requirements. Service levels for the essential life sustaining services are set through a combination of consumer demand and regulatory compliance. In addition to meeting consumer demand, the Division must be in compliance at all times with the collective mandates of various federal, state, and local regulations including the Clean Water Act and Safe Drinking Water Act.

Customers pay a monthly user fee and or an annual assessment for these services. The division provides these basic, indispensable life-sustaining services on demand 24 hours a day, 365 days a year, including holidays. The Board accepted staff’s recommendation to adopt no water and sewer rate adjustments in FY 12 and FY 13 based on the 2011 User Rate Study. No water and wastewater user rate adjustments were included in the FY 14 budget. The 2014 User and IQ Water Rate Studies, in coordination with the 2014 Master Plan, recommended a nine percent increase in FY 15 (\$7.48 per month for the average utility customer). The Board approved the recommended rate adjustment on June 10, 2014, which provides an estimated \$9.1 million in incremental water, wastewater and irrigation quality water revenue in the FY 15 budget to sustain on-going operations and maintenance activities, rehabilitation of water, wastewater and IQ water infrastructure and meet debt service requirements. Work to integrate the Orange Tree Utility into the Northeast service area continues, but is not included in the FY 15 budget; however, it is anticipated that associated revenues will support current operations. The current Solid and Hazardous Waste rate study underway has recommended a 6 percent residential rate adjustment (\$0.94 per month) and a 12 percent commercial rate adjustment. The FY 15 revenue budget includes \$1.4 million of incremental revenue resulting from the rate adjustments to meet operational, maintenance, and capital investment activities, and includes the contractual Consumer Price Index adjustment in the Landfill Operating Agreement and the increase in the volume of hazardous waste material collection and disposal. No new debt is anticipated in FY 15.

To meet the requirements of providing both demand and compliance driven essential services, the Division must maintain an appropriate level of both physical and financial resources. The Division prioritizes resource requirements through a unified focus on cost containment and revenue centric decision making to ensure the most critical infrastructure receives the rehabilitation and maintenance necessary to meet operational and compliance requirements.

The CCWSD and Solid Waste funds are assessed revenue based, industry standard Payment in Lieu of Property Taxes (PILT) transfer to the General Fund of approximately \$5.4 million. Indirect and direct charges for services provided by support organizations (e.g., County Attorney’s Office, Purchasing, Human Resources, Fleet, Information Technology, and other general local government services) total approximately \$4.9 million. Together, the Division’s transfers to the General Fund total \$10.3 million.

In April 2013, a Divisional reorganization was implemented to optimize resources across the organization. While the implementation of that reorganization continued to take place during FY 14, the headcount and the departmental organization expense structure is now included in the FY 15 budget, including centralization of inventory control, GIS technical support and Divisional utility logistics operations for efficient management and coordination. The Division is postured to provide efficient life sustaining services to its customers and provide the initial framework to implement five full-scale asset management projects as the pilot for an agency wide rollout.

Administration

This Department provides management, policy oversight, administrative and process improvement, to the operations and capital improvement programs of the Division. The Administration Department works in concert with the County Manager’s Office and other Divisions in support of the county’s strategic goals as they relate to revising the Growth Management Plan and Land

Public Utilities Division

Development Code to improve the county's ability to manage and control the rate and quality of future development. The Department has 4 budgeted Full Time Equivalent (FTEs) for FY 15. The net operating budget is \$0.7 million. The Department is funded by reimbursements from other Divisional Departments.

Financial Operations

The Department provides sound fiscal management to the Division's operations and capital expenditure programs, maintains internal controls, manages division inventory, and processes vendor payments associated with the compliant operations of the Division's enterprise entities. The Department has a staff of 54 budgeted FTEs for FY 15. The net operating budget is \$13.6 million. The Department is funded from other Divisional Departments.

Planning and Project Management

The Department is responsible for the proactive and efficient planning and project management of the District's capital improvement program, and for supporting the county's strategic goal of developing reliable public infrastructure and asset management processes. The Department has a staff of 21 budgeted FTEs for FY 15 to manage \$47.9 million in production infrastructure capital improvements and planning. The net operating budget is \$2.5 million. The Department is funded by reimbursements from other Divisional Departments.

Wastewater Collections, Treatment, and IQ Water Production and Distribution

The Department provides effective management, operation, and maintenance of the Collier County wastewater system to ensure all facilities operate in regulatory compliance, efficiently meet service level demands, provide a safe work environment, and provide a level of service that meets the demand of approximately 63,000 wastewater accounts. The Department currently operates two water reclamation facilities with a combined ability to treat approximately 40.1 million gallons of wastewater per day. The Department delivers almost 5 billion gallons of irrigation quality water per year to the community for beneficial reuse. The Department has a staff of 126 budgeted FTEs for FY 15. The net operating budget is \$23.3 million. The Department is funded through wastewater and irrigation quality water user fees, and miscellaneous fees for service.

Water Production and Distribution

The Department provides potable (drinking) water services to approximately 59,000 accounts within the District. The Department currently operates two regulatory compliant water treatment facilities with a combined constructed capacity to treat and deliver 52 million gallons per day to efficiently meet service level demands. The Department has a staff of 117 budgeted FTEs for FY 15. The net operating budget is \$25.4 million. The Department is funded through water user rates, meter and backflow device installation charges, and miscellaneous fees for service.

Technical Support, Utilities, Logistics, and Operations

This Department provides management oversight and vision for the Public Utilities Division's infrastructure-related projects, technology and enhancement projects, underground utility locating services, tier one and two desktop support, and provides technical services for utility-specific, dedicated, applications specific to utility operations. In addition to providing dedicated centralized GIS support for the Public Utilities Division and GIS-centric Asset Management Program Support, the department is responsible for the management of Locates Services. Underground utility locating protects the water, wastewater, and irrigation quality water infrastructure from damage. Florida Statute 556 requires locates be performed within two business days of a request. Technical Support, Utilities, Logistics, and Operations Department has a staff of 19 FTEs for FY 15 and a \$2.8 million net operating budget funded by reimbursements from other Division Departments.

Solid and Hazardous Waste Management

The Solid and Hazardous Waste Management Department is responsible for the efficient and economical balance of public and private services to meet federal, state, and local requirement for solid waste management and disposal. The Department ensures public health, safety, and preservation of natural resources by utilizing a customer-oriented environmentally sound and cost-effective operational approach that provides best value services for approximately 116,000 residential curbside accounts and 4,500 commercial accounts. This includes the proper collection and disposal of municipal solid and hazardous wastes, waste reduction, residential and non-residential recycling programs, and landfill operations. The Department is responsible for the implementation of the county's debris recovery mission in the event of a major disaster, and the administration of the Board-approved Integrated Solid Waste Management Strategy. The Department operates five recycling/hazardous waste drop off centers (a sixth center in Northeast Collier County is scheduled to open at the end of FY 15) and two scale houses; administers

Public Utilities Division

solid and household hazardous waste collections and disposal contracts; and manages and maintains fund for the county's landfill closures. The Department will fund 30 FTEs in FY 15. In connection with the Landfill Operating Agreement and the Collections Franchise Agreement, Waste Management of Florida Inc., employs 155 individuals. The Department's net operating budget is \$35.1 million that is funded through landfill tipping fees, residential collection assessments, recycling drop-off center fees, and state grants.

Reserves

Reserves are funded in accordance with the FY 15 Budget Policy adopted by the Board of County Commissioners on February 25, 2014 including the Board approved Reserve Policy. The management of reserves across multiple funds enables the Division to maintain a strong investment credit rating with the Fitch and Moody's rating agencies.

Division restricted and unrestricted reserves in FY 15 total \$60.0 million, an increase from FY 14 of \$0.1 million. Of that total, \$25.1 million represents unrestricted reserves for operations and capital, a decrease of \$2.4 million or 8.6 percent below the approved FY 14 budgeted reserves. The division unrestricted reserve balance represents 59 days of operating and capital for the Division. The CCWSD unrestricted reserves represent 57 days of operating and capital, within the budget guidelines of 45 to 60 days. Solid Waste unrestricted reserves represent 65 days of operating and capital, within the budget guidelines of 60 to 90 days.

Debt Service

At the beginning of Fiscal 2015, the Water-Sewer District outstanding principal debt will approximate \$207 million, down by approximately \$24 million in the last 2 years. Furthermore, the remaining debt was refinanced in the last 2 years to obtain interest rates that are more favorable. Annual debt service for FY 15 water and wastewater repair and replacement capital projects comprise approximately \$9 million, with an additional \$12 million in annual debt service incurred in the impact fee funds for debt related to growth projects. Capital projects for repair and rehabilitation, as outlined in the Board approved Master Plan and the Annual Update Inventory Report, are prioritized on a risk based approach, with the most critical projects being those with unfavorable impacts to compliance with regulatory agency operating requirements. The Water-Sewer District is also positioned to meet the demands of growth based on prudent reserve levels and the ability to borrow at favorable rates given Fitch's AAA rating and Moody's Aa2 rating. The Water-Sewer District maintains strong debt ratios as one of the key ratios rating agencies review. Key ratings drivers also included an excellent financial profile, competitive user charges, and sustainable capacity.

Public Utilities Division

**County Water-Sewer District
Public Utilities Administration (408)**

Mission Statement

The mission of the Public Utilities Division (Division) is to deliver best value, high quality, and sustainable services that meet customers' expectations in an operationally excellent environment. Public Utilities Administration provides policy oversight and operational support to the operations and capital improvement programs of the Division, including Planning & Project Management; Wastewater Department; Water Department; Solid and Hazardous Waste Management Department; and Financial Operations, including Utility Billing and Customer Service. Public Utilities Administration facilitates efforts to operate in regulatory compliance, efficiently meet demand levels, build and empower the workforce, and provide services that meet customers' expectations.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Divisional Administration	4.00	717,300	-	717,300
Provides executive level management, administrative and policy oversight, and process improvement to the departments and employees within the Public Utilities Division, including division reception and customer support. Also responsible for the integration of the northeast facilities for the CCWSD, expansion and continued maintenance of all strategic/business planning for the Public Utilities Division, inter-local and developer agreements, and Growth Management Plan compliance.

Forecast FY 2014:

No significant variances are anticipated from the FY 14 budget.

Current FY 2015:

Personal services increase is due primarily to a Board approved compensation adjustment and reorganization within the Division. Personal services account for 79% of the net operating budget while operating expenses account for 20%, almost half of which (9%) is for security services. Less than 1% is for Capital computer replacement.

Capital Outlay

Public Utilities Division

**County Water-Sewer District
Public Utilities Financial Operations (408)**

Mission Statement

The Financial Operations Department provides sound financial analysis, assessment, and management to the Public Utilities Division's operations and capital expenditure programs pursuant to the development of impact and user fee studies, administration of vendor payments, and the payment of various general costs associated with the efficient, reliable and compliant operations of the Collier County Water Sewer District and Solid and Hazardous Waste Management Department. Responsibilities also include financial audit and controls, cash planning and management, inventory management and controls, and the administration of external financing for the Division. This Department works with the county's Finance Committee in support of the county's strategic goal of improving financial planning, management, and reporting processes. As such, it is responsible to ensure that optimal internal/external financing is available, at best value, and in a timely manner, to support division-wide funding needs. Additionally, the Department provides billing, collection, cashing, accounting, customer service, and utility ordinance education and compliance for approximately 60,000 water / wastewater accounts, and approximately 116,000 solid waste accounts. The Department is funded by reimbursements from other Public Utilities departments, which are generated primarily by water, wastewater, irrigation quality water, and solid waste user fees.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration	5.00	602,266	-	602,266
<p>This program provides for management and oversight of the Public Utilities Division financial operations, including utility billing, payable functions, capital and debt expenditures, water-sewer user and impact fee revenue, solid and hazardous waste disposal and mandatory collections revenue, and associated user fees. Responsibilities include cash planning and management, identifying and securing optimal funding sources, and the administration of external financing for the Division including compliance with bond covenants, and DEP agreements, and development of the financial feasibility portion of the AUJR. Other functions include general business management, State Revolving Fund (SRF) loan management, financial and internal controls and audits, asset management, financial and technical support of special projects, development of interagency agreements, ordinance development, contract administration, analysis of indirect service charges and payment in lieu of taxes, financial and management reporting, budget development, and fiscal and technical oversight for five full scale implementation asset management projects.</p>				
Fiscal Support	4.00	270,434	-	270,434
<p>This program provides for Water, Wastewater, Solid Waste, Administration, Operations Support, and capital projects payables functions, including requisition review, purchase order tracking, invoice audit, payment approval, purchase card transactions, travel packages, and coordination between departments, Purchasing, Clerk's Finance, and vendors for resolution of payment issues, as well as performing reporting functions to ensure payables are processed accurately, efficiently, and in compliance with the Prompt Payment Act. It also enforces consistency of practice and process control across the departments, provides fiscal guidance, data, and analysis, and supports all division departments with financial reporting and budget development.</p>				
Indirect Cost Reimbursement	-	2,199,900	-	2,199,900
Payment in Lieu of Taxes	-	5,203,400	-	5,203,400

Public Utilities Financial Operations (408)**

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Inventory Management & Control	7.00	575,487	-	575,487
<p>This program provides for the management and control of the Public Utilities centralized inventory. Responsibilities include utility parts contract administration, materials management and procurement, parts receiving/stocking/picking in multiple warehouse locations, and quarterly inventory physical counts.</p>				
Utility Billing & Customer Service - Administration	3.00	843,500	-	843,500
<p>Management, control, and performance oversight of client billing, revenue collection, and customer service functions for Water, Wastewater, and Solid Waste Utilities. Core functions include cash collection activities, customer service for the Water/Sewer District and solid waste utilities, customer accounts receivable management, monthly billing, PUD ordinance education and compliance, roll administration for "Municipal Service Benefit Unit" special assessments levied by the County, administration of the solid waste mandatory trash collection contracts, and the County's estoppels program.</p>				
Client Billing	6.00	1,058,289	526,900	531,389
<p>Responsible for the billing of all water, wastewater, and irrigation quality services to utility customers. Core functions include monthly service billings, which may include impact fee financing, special assessment financing, pay plan management, backflow device installation charges, FOG (fats, oil and grease); customer account maintenance, accounts receivable management, debit and/or credit adjustments, penalties, and miscellaneous charges; establish new accounts; provide final bills that are the result of property sales or transfer of ownership; and provide daily lock lists for delinquent accounts.</p>				
Customer Service	10.00	687,800	-	687,800
<p>Provide customer service that meets expectations to all Public Utility enterprise customers so that 'one call gets it all'. Core customers served include residential and commercial trash collection, water, wastewater, and irrigation quality water customers. Core functions include research and response to customer inquiries; initiation of action on new service requests; initiation of action for final reads on pending property sales and transfers. Call center technology is used to provide responses to approximately 17,000 monthly calls.</p>

Forecast FY 2014:

Personal services decreased due to temporary vacancies from resource optimization and attrition that were successfully filled at lower salaries than budget and deferral of some job bank assistance for the asset management project that will be re-evaluated throughout the year as discovery meetings identify needed resources.

Operating expenses increased primarily due to bank fees as a higher percentage of customers are paying via credit card and the customer base continues to grow. The increase was partially offset by a decrease in contractual and audit services due to deferral and some transition from external to internal resources to perform audit functions.

Current FY 2015:

Personal services account for 30% of the net operating budget. The personal services budget will increase due to Centralization of Inventory Management and Control (6 FTEs transferring from other PUD departments), planned job bank assistance associated with Enterprise Asset Management, and a Board approved compensation adjustment.

Operating expenses are planned to decrease, primarily driven by a decrease in Indirect Cost Reimbursement. This will be partially offset by increases in bank fees as the customer base and percentage of customers paying with credit cards continues to grow and in PILT.

Public Utilities Division

County Water-Sewer District

Public Utilities Planning & Project Management (408)

Mission Statement

To deliver projects that meet requirements on-time, on-budget, at best-value to the satisfaction of our Water and Wastewater clients.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Department Management and Quality Assurance	2.00	564,646	-	564,646
This program is responsible for the management, control, and oversight of planning and project management functions for the Water and Wastewater Departments. Core functions are defined by the Project Management Institute and implemented through Project Management Professional training in internal standard operating procedures.				
Water Treatment and Distribution Project Management	8.00	818,547	-	818,547
This program provides project and program management services for planning, designing, and implementing projects that meet the demand of the all-encompassing utility capital improvements as related to the Water Department. This includes: wellfields, two regional plants, and the potable water distribution system. Also provides field inspection services for projects within all operational departments.				
Wastewater Collections, Treatment, and IQ Distribution Project M	6.00	705,907	-	705,907
This program provides project and program management services for planning, designing, and implementing projects that meet the demand of the all-encompassing utility capital improvements as related to the Wastewater Department. This includes: the collections system, two regional plants, and the reuse water distribution system.				
Planning and Technology Project Management	5.00	456,700	-	456,700
This program is responsible for the updates to the Master Plan, the AUIR, and other long-term planning initiatives; tracking capacity, analyzing trends, and reviewing new development plants to ensure concurrency and master plan compliance. Provides project and program management for supervisory control and data acquisition (SCADA) projects. Implementing an Enterprise Asset Management program that will result in a more efficient and effective use of funds. This program will achieve the optimum balance of operational and capital costs relative to defined levels of service, operating risks, and compliance requirements.

Forecast FY 2014:

Personal Services decreased as a result of unplanned temporary vacancies that will be filled late in FY 14. No significant variances are anticipated in Operating Expenses and Capital Expenses.

Current FY 2015:

Personal Services, which accounts for 89% of the department's Net Operating Budget, is increasing as a result of the addition of a job bank position to support Enterprise Asset Management, the need to increase offers of compensation to fill vacancies due to market competition, and a Board approved compensation adjustment.

Operating Expenses accounts for 11% of the budget and includes items such as IT Office Automation Allocation, IT Billing Hours, Travel & Training, Insurance (General, Property, & Auto), Cellular and Telephone, Fleet, and Fuel.

Capital outlay is less than 1% of the budget and is planned to replace outdated desktop computers with new laptops, purchase one additional laptop, and replace old radio equipment that has begun to fail.

Capital Outlay

- \$ 6,600 - 3 Portable Radios - Replacement
- \$ 4,500 - 3 Laptops - Replacement
- \$ 1,500 - 1 Laptop - New
- \$12,600 - Total Capital Outlay

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Public Utilities Division

**County Water-Sewer District
Wastewater Department (408)**

Mission Statement

To deliver best value, high quality, and sustainable wastewater and irrigation quality reclaimed water services that meet customers' expectations in an operationally compliant environment.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Wastewater Department Administration	2.00	1,356,645	58,295,000	-56,938,355
Provide overall management and direction for the Wastewater Department including administer policies and procedures set by the Board of County Commissioners, County Manager, Public Utilities Administrator, United States Environmental Protection Agency (USEPA), and Florida Department of Environmental Protection (FDEP).				
Wastewater Safety	1.00	87,855	-	87,855
Perform safety inspections, conduct training programs, and evaluate all accidents and file reports with the proper agencies.				
Wastewater Reuse - Administration	1.00	149,986	3,270,900	-3,120,914
Provide operational oversight of all Wastewater reuse programs including IQ Reuse water, biosolids, reuse contracts administration, contractual and regulatory compliance, and ongoing and future capital improvement projects (CIPs) for the reuse program. Provide input to reuse Master Planning and Rate Studies.				
Wastewater Reuse - Operations and Maintenance	6.00	1,318,514	300	1,318,214
Perform the preventive maintenance to preserve the reuse assets and to provide sustained delivery of reuse water in compliance with FDEP to our customers.				
Wastewater North Plant - Administration	1.00	278,656	19,300	259,356
Provide day to day management of the Plant operations and all associated preventive maintenance, regulatory compliance, and coordinate with contractors and Project Managers for successful completion of ongoing CIPs. Provide input to wastewater CIPs, Master Planning, and Rate Studies.				
Wastewater North Plant - Treatment	14.00	2,674,860	-	2,674,860
Provide effective wastewater treatment for reliable reuse production in accordance with all FAC and USEPA rules. Operate the Plant pursuant to the FDEP operating permit conditions with proactive sustained compliance.				
Wastewater North Plant - Maintenance	5.00	806,890	-	806,890
Perform the preventive maintenance of the facility systems and the assets in full accordance with specific operations protocols and the manufacturer's recommendations to ensure best possible operating conditions for the Plant, and to preserve the Plant assets.				
Wastewater North Plant - Residuals Production/Disposal	3.00	1,313,995	-	1,313,995
Provide residual management for activated sludge operations including treatment and compliant disposal in accordance with USEPA Rule 503, FAC rules 17-7 and 17-640.				
Wastewater Plants - Odor Control	1.00	210,599	-	210,599
Perform operations, preventive maintenance, and pro-active management of odor control and containment for both the North and South Plant Odor Control Units.				

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Public Utilities Division

**County Water-Sewer District
Wastewater Department (408)**

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Wastewater South Plant - Administration	1.00	1,297,289	-	1,297,289
Provide day to day management of the Plant operations and all associated preventive maintenance, regulatory compliance, and coordinate with contractors and Project Managers for successful completion of ongoing CIPs. Provide input to wastewater CIPs, Master Planning, and Rate Studies.				
Wastewater South Plant - Treatment	13.00	2,434,378	-	2,434,378
Provide effective wastewater treatment for reliable reuse production in accordance with all FAC and USEPA rules. Operate the Plant pursuant to the FDEP operating permit conditions with proactive sustained compliance.				
Wastewater South Plant - Maintenance	3.00	499,306	-	499,306
Perform the preventive maintenance of the facility systems and the assets in full accordance with specific operations protocols and the manufacturer's recommendations to ensure best possible operating conditions for the plant, and to preserve the Plant assets.				
Wastewater South Plant - Residuals Production/Disposal	1.00	119,627	-	119,627
Provide residual management for activated sludge operations including treatment and compliant disposal in accordance with USEPA Rule 503, FAC rules 17-7 and 17-640.				
Wastewater Collections - Administration	3.00	770,180	9,700	760,480
Provide day to day management of the wastewater collections system operations and all associated preventive maintenance, regulatory compliance, and coordinate with contractors and Project Managers for successful completion of ongoing CIPs. Provide input to wastewater CIPs, Master Planning, and Rate Studies.				
Wastewater Collections - Pump Stations Operation and Maintenance	20.00	4,297,808	-	4,297,808
Perform the preventive maintenance and operate pump stations including the master pump stations in accordance with specific wastewater collections operations protocols and the manufacturer's recommendations to ensure sustained compliance, and to preserve the wastewater collection system assets.				
Wastewater Collections-Transmission Systems Operation and Maint	17.00	1,952,524	-	1,952,524
Perform the preventive maintenance and operate transmission systems including the force-mains, gravity-mains, laterals and clean-outs, in accordance with specific wastewater collections operations protocols to ensure sustained compliance, and to preserve the wastewater collection system assets for reliable and sustainable wastewater service to our customers.				
Wastewater Collections - Transmission Systems Rehabilitation	6.00	457,679	-	457,679
Performs major rehabilitation to malfunctioning and inadequate wastewater facilities including all pumping stations, force mains, and gravity sewers.				
Wastewater Collections - Pump Rehabilitation and Repair	7.00	504,076	-	504,076
Performs preventive maintenance and in-house repairs for all of the County-owned pumps.

Wastewater Department (408)**

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Wastewater Collections - Odor Control	1.00	313,433	-	313,433
Perform operations, preventive maintenance, and pro-active management of odor control and containment for both the wastewater lift stations and wastewater transmission systems including force-mains and the gravity-mains.				
Wastewater Environmental Compliance - Administration	3.00	351,150	63,000	288,150
Provide management to the laboratory certified through the Florida Department of Health and National Environmental Laboratory Accreditation Conference (NELAC) and compliance administration for the wastewater department and the Industrial Pretreatment Program				
Wastewater Environmental Compliance - Permit Analysis/Lab	5.00	493,649	-	493,649
Provide for regulatory compliance by performing facility compliance analysis, sample groundwater monitor wells, injection wells and supplemental wells, certification and QA/QC pursuant to the FDEP Operating Permits.				
Wastewater Environmental Compliance - Pretreatment	2.00	189,301	302,000	-112,699
Perform the industrial pretreatment and Fats Oil Grease programs to protect and preserve wastewater assets including transmission systems, lifts stations, and treatment plants, and to provide for regulatory compliance by performing facility audits pursuant to the FDEP Operating Permit Pre-treatment requirements.				
Wastewater Power Systems and Instrumentation - Administration	1.00	212,900	-	212,900
Provide day to day management of the wastewater power systems including electrical and instrumentation operations and all associated preventive maintenance, regulatory compliance, and coordinate with contractors and Project Managers for successful completion of ongoing CIPs. Provide input to wastewater CIPs, Master Planning, and Rate Studies.				
Wastewater Power Systems and Instrumentation - Operations Maint	9.00	1,251,500	-	1,251,500
Perform the preventive maintenance and operate wastewater power systems including the electrical, instrumentation, telemetry and Supervisory Control and Data Acquisition (SCADA) for wastewater collections and the plants to ensure sustained compliance and to preserve the power system assets.

Forecast FY 2014:

Personal services decreased due to temporary vacancies throughout the year. Operating expenses decreased in electricity and chemicals primarily due to efficiencies gained through capital improvements and a lower than anticipated electricity rate increase. An increase in contractual services partially offset the savings as additional sludge hauling was needed due to higher than anticipated flows.

Current FY 2015:

Personal Services accounts for 42% of the budget and is increasing due to the need for job bank positions to support continuously growing infrastructure and continuity of operations, inclusion of certifications, on-call, and shift differential, and a Board approved compensation adjustment.

Operating Expenses comprises 56% of the budget and is increasing primarily due to an increase in anticipated flow which directly affects contractual services for sludge hauling, electricity, and chemicals. Decreases in Property and General Insurance partially offset the increase.

Capital outlay rounds out the final 2% of budget and includes funding to replace four (4) of the sixteen (16) vehicles that were recommended for replacement by Fleet (out of a total of 65 vehicles).

Capital Outlay

- \$311,000 - Cues Camera Truck - Replacement
- \$ 36,000 - Ford F150 Ranger 4WD - Replacement
- \$ 33,000 - Ford Explorer - Replacement
- \$ 33,000 - Valve Turner - New
- \$ 20,000 - Pelican Bay A/C - Replacement
- \$ 19,000 - 2 Portable Flow Meters - New
- \$ 18,200 - 13 Laptops - Replacements
- \$ 10,500 - 3 Fluke Pressure Calibrators with Pump - New
- \$ 9,200 - Lab Chemical Sample Refrigerator - Replacement
- \$ 8,000 - John Deer Gator - Replacement
- \$ 7,300 - Hydraulic 5-12.5 ton Press – New
- \$ 5,800 - Lab BOD Incubator - Replacement
- \$ 2,500 - Safety Sign Label Maker - New
- \$513,500 - Total Capital Outlay

Revenues:

Budgeted FY 15 sewer revenue is 10.1% higher than FY 14 due to a 9% rate increase and 1,500 new accounts. Budgeted FY 15 effluent revenue

Public Utilities Division

**County Water-Sewer District
Wastewater Department (408)**

is also budgeted higher due to a 9% rate increase.

Budgeted miscellaneous revenues increased \$5,900 from FY 14 primarily due to a new lease with Summit Broadband.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Public Utilities Division

**County Water-Sewer District
Water Department (408)**

Mission Statement

To deliver best value, high quality, and sustainable water services that meet customers' expectations in an operationally excellent environment.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Water Department Administration	4.00	1,553,144	50,022,500	-48,469,356
Provides overall management and direction for the Water Department's seven cost centers and 124 FTEs. Provides security for all facilities, safety trainings and inspections, centralized purchasing, IT support, budget development and guidance, special projects, and oversight of the day-to-day operations.				
Water Distribution - System Maintenance	16.00	3,610,980	342,300	3,268,680
Provides system-wide maintenance on the County's transmission and distribution systems across 888.8 miles of pipe.				
Water Distribution - Valve Maintenance – G.I.S.	7.00	627,309	-	627,309
Provides for the maintenance and mapping of system assets to ensure reliability during emergency situations including the annual operation of 18,760 valves.				
Water Distribution - Administration	3.00	654,387	45,000	609,387
Provides on-site supervision and coordination of the Water Distribution System. Provides for customer service, secretarial, and data entry support for section.				
Water Distribution - Cross Connection Control	2.00	136,453	338,100	-201,647
Provides for installation, inspection, testing, and repair of the 36,220 assemblies maintained by the County (3/4" to 2").				
Water Distribution - Construction Services	1.00	67,437	-	67,437
Provides for inspection services for new construction of water mains and services by outside contractors.				
Water Distribution - Hydrant Maintenance	1.00	130,308	-	130,308
Provides for the inspection and maintenance of the Collier County Water-Sewer District's 5,395 fire hydrants.				
Water Distribution - Customer Response	4.00	407,079	-	407,079
Provides for first response for the over 10,000 customer requests for service received annually.				
Water Operations - Administration	5.00	958,207	600	957,607
Provides on-site supervision and production management of the County's treatment facilities.				
Water Operations - Lime Softening Treatment	13.00	3,088,712	-	3,088,712
Provides for the treatment of potable water utilizing the lime softening process at the South County Regional Water Treatment Plant. Capacity of 12 mgd.				
Water Operations - Reverse Osmosis Treatment	11.00	3,065,099	-	3,065,099
Provides for the treatment of potable water utilizing the reverse osmosis treatment processes at the North and South County Regional Water Treatment Plants. Capacity of 28 mgd.				

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Public Utilities Division

**County Water-Sewer District
Water Department (408)**

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Water Operations - Membrane Treatment	8.00	3,382,138	-	3,382,138
Provides for the treatment of potable water utilizing the membrane treatment process at the North County Regional Water Treatment Plant. Capacity of 12 mgd.				
Wellfield - General and Remote Station Maintenance	12.00	3,463,586	-	3,463,586
Perform and/or monitor all required repairs and preventative maintenance at six remote stations, one ASR system, and 101 well sites.				
Water Laboratory - Certification and Administration	2.00	518,372	-	518,372
Provides State drinking water certification and on-site supervision and quality control for the department's laboratory services for over 18,000 tests conducted annually.				
Water Laboratory - Microbiological Quality Control	2.00	237,750	-	237,750
Provides regulatory compliance through quality control monitoring and protects the public from disease causing micro-organisms by monitoring source and finished water by conducting over 10,250 tests annually.				
Water Laboratory - Chemical Water Quality Control	2.00	213,778	-	213,778
Proved for regulatory compliance through quality control and monitoring and protects the public from chemical contaminants by conducting over 29,000 tests annually.				
Meter Audit	2.00	173,902	-	173,902
Performs annual audit program of over 56,000 meters designed to improve asset visibility and internal controls.				
Meter Services	12.00	1,921,764	249,000	1,672,764
The meter services program includes the required resources to collect usage data from over 56,000 potable, irrigation quality, and fire meters. The team is also responsible for the repair and maintenance of all system components of the meter reading system.				
Large Meter Services	3.00	317,581	-	317,581
Provides for the calibration and repair of the County's 1,087 large meter assemblies to ensure accuracy. Also completes State mandated testing of all cross-connection control devices over 2 inches.				
Water Power Systems and Instrumentation – Administration	1.00	89,861	-	89,861
Provide day to day management of the water power systems including electrical and instrumentation operations and all associated preventive maintenance, regulatory compliance, and coordinate with contractors and Project Managers for successful completion of ongoing CIPs. Provide input to water CIPs, Master Planning, and Rate Studies.				
Water Power Systems and Instrumentation – Operations Maintenance	6.00	742,653	-	742,653
Perform the preventive maintenance and operate water power systems including the electrical, instrumentation, telemetry and Supervisory Control and Data Acquisition (SCADA) for wellfields and the plants to ensure sustained compliance and to preserve the power system assets.				
Current Level of Service Budget	117.00	25,360,500	50,997,500	-25,637,000

Forecast FY 2014:

Personal Services decreased due to the extended vacancy of 2 manager positions and various other temporary vacancies. Operating expenses decreased largely due to lower than anticipated electricity and chemical costs and a lower than anticipated water production.

Current FY 2015:

Personal Services accounts for 35% of the budget and is budgeted lower than the prior year. The primary driver is the optimization of resources across the division resulting in the transfer of 7 positions to other departments within the Division. The decrease in personal services will be partially offset by the Board approved compensation adjustment.

Operating Expenses accounts for 62% and is increasing primarily due to utilization of temporary labor for the testing of cross connection control devices and a projected cost increase for chemicals utilized in the water treatment processes. Decreased costs for utility parts and repairs will offset the overall increase as manufacturers' costs for no lead parts are projected to decrease.

Capital Outlay accounts for 2% and includes funding to replace eleven (11) of the seventeen (17) vehicles that were recommended for replacement by Fleet.

- Capital Outlay
- \$172,000 - 6 Rangers 2WD - Replacements
 - \$ 65,000 - TB135 - Replacement
 - \$ 55,000 - Chevrolet C3500 Truck - Replacement
 - \$ 45,000 - E50 Cutaway Van - Replacement
 - \$ 45,000 - F450 Truck - Replacement
 - \$ 32,000 - Portable Dock Lift - New
 - \$ 30,000 - F250 Truck - Replacement
 - \$ 25,000 - Fork Lift - Replacement
 - \$ 18,800 - 3 Trailers - Replacements
 - \$ 15,000 - 3 Chemical Pumps - Replacements
 - \$ 12,500 - Crane & Bus Duct for 5 Ton - Replacement

Public Utilities Division

County Water-Sewer District

Water Department (408)

\$ 9,000 - UV-Vis Spectrophotometer - Replacement
\$ 9,000 - 2 YSI Multiparameter Field Meter - New
\$ 8,800 - Street Machine Data Logging Equipment - New
\$ 8,000 - Roll Up Door for Acid Day Tank Enclosure - Replacement
\$ 7,000 - Hart 475 Communicator - New
\$ 6,800 - Missile - New
\$ 6,600 - 3 Portable Radios - Replacement
\$ 6,400 - 2 Mobile Radios - Replacement
\$ 3,600 - Air Compressor - Replacement
\$ 3,600 - 3 Pumps - Replacement
\$ 3,500 - Trash Pump - Replacement
\$ 3,000 - Master Meter DMMR Equipment - New
\$ 2,700 - Tapper - Replacement
\$ 2,500 - Integrator Docking Station - New
\$ 2,200 - 1 Portable Radios - New
\$ 1,200 - Saw - Replacement
\$599,200 - Total Capital Outlay

Revenues:

Budgeted FY 15 water revenue is 10.1% higher than FY 14 due to a 9% rate increase and 1,500 new accounts.

Charges for services revenue increased \$112,400 from FY 14 primarily due to an increase in cross connection control installations. Miscellaneous revenue decreased \$31,500 due to a drop in the resale value of brass which negatively impacted scrap sale revenue.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Public Utilities Division

County Water-Sewer District

Technical Support, Utilities, Logistics and Operations (408)

Mission Statement

To provide management oversight and vision for the Public Utilities Division's infrastructure-related projects, technology and enhancement projects, underground utility locating services, tier one and two desktop support, technical services for utility-specific, dedicated, applications specific to utility operations, dedicated centralized GIS and GIS-centric Asset Management Program support; and perform Locates Services to protect the water, wastewater, and irrigation quality water infrastructure from damage in accordance with Florida Statute 556.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Technical Support - Utility Locates	9.00	1,084,700	-	1,084,700
Perform Locates function as requested by customers and contractors for all water, sewer, reuse force-mains, gravity-mains, and pipe lines to locate accurately and in a timely manner in accordance with Sunshine State One call system to protect all Utility assets pursuant F.S. 556				
Technical Support – Operations	1.00	453,300	-	453,300
Provide project management support for PUD manned and unmanned structures, to include: well fields, master pump stations, plants and IQ facilities.				
Technical Support – Administration	1.00	122,808	-	122,808
Provides management oversight and vision to the Technical Support Dedicated Applications and GIS programs.				
Technical Services - Dedicated Applications	3.00	602,622	-	602,622
Provides application support for dedicated applications within the Public Utilities Division that are not supported by Core IT, including lab software, camera viewing software, meter reading software, and others.				
Technical Services – GIS	4.00	499,770	-	499,770
Provides dedicated GIS support for the Public Utilities Division and the GIS-centric Asset Management Program.				
Current Level of Service Budget	18.00	2,763,200	-	2,763,200
Program Enhancements	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Utility Locates	1.00	83,000	-	83,000
Locates are performed to protect water and wastewater infrastructure from damage. Requests for locates have increased 32% since 2010 and are projected to continue to increase. Florida Statute 556 requires that locates be performed within 2 business days of request. Noncompliance could result in \$500 fines for each locate request. One Locator FTE, associated equipment, and a truck is being added.				
Expanded Services Budget	1.00	83,000	-	83,000

Forecast FY 2014:

No significant variances are anticipated.

Current FY 2015:

Personal Services accounts for 59% of the budget and Operating Expenses is 34%. Both are increasing due to consolidation of Public Utilities Division Operation program to include: GIS-Centric Asset Management implementation, uniform capital project electronic document management system, and dedicated technical projects; as well as to accommodate the continuing growth experienced by the Utility Locates section.

Capital Outlay accounts for the remaining 7%.

- \$ 52,500 – (5 @ \$10,500) New Ground Penetrating Radars (Locates PVC Pipes underground)
- \$ 31,000 – F150 4WD Replacement for 4WD 2005 Ranger
- \$ 31,000 – F150 EXTCAB - For Expanded Position -New
- \$ 25,000 – Escape- For Technical Support and GIS Staff - New
- \$ 12,000 – (2 @ \$ 6,000) Radio Detection Devices (Locates Metal Pipes and Power) (1) Replacement (1) New for expanded position
- \$ 10,500 – (3 @ \$ 3,500) Mobile Radios (2) for New Vehicles (1) for radio at end of life
- \$ 5,600 – 4 Laptops (2) Replacements (2) New
- \$ 9,000 – (6 @ \$1,500) 4 New Laptops (Security Guard, Job Bank GIS, Job Bank Operations) and 2 Replacement Laptops (Locators)
- \$ 7,000 – (2 @ \$3,500) GIS Workstations - Job Bank Positions -New

\$183,600 – Total Capital Outlay

Public Utilities Division

**County Water-Sewer District
Reserves, Interest and Transfers (408)**

Notes:

The Collier County Water-Sewer District manages its debt, reserves and transfers to optimize its cash position. User fees that customers pay for services fund the District's operations (Fund 408), the repair and replacement (R&R) capital improvement projects (Funds 412 and 414), and the debt related to these projects (Fund 410). These user fees are deposited in the Operating Fund (408) and transferred to the other funds based on need and risk. Reserves and transfers for the District therefore must be viewed as a family of funds between the operating fund (408), debt service fund (410) and the R&R capital funds (412 and 414). The linkage between these funds enable the utility to seek and obtain the best value funding for projects and facilitate a revenue-centric approach to optimize transfers between these funds. A risk based approach enables the District to defer projects based on measured risk, and reduce that risk by executing projects when appropriate.

Reserves for the District are categorized as either restricted (can be utilized for specific purposes) or unrestricted (considered discretionary, used only as and when needed). Rating agencies such as Fitch and Moody's prefer adequate reserves, especially in times of economic uncertainty and downward pressure on utility revenues. Tight credit markets and financial institution failures, among others, have prompted the rating agencies to tighten their requirements to earn and maintain a good credit rating which impacts the utility's ability to borrow at favorable interest rates. The District currently has an investment grade of AAA from Fitch and an Aa2 rating from Moody's. Unrestricted District reserves have decreased steadily over the last several years, and have been established based on management's perceived risk in operations and the R&R capital improvement projects. Unrestricted reserves for the Solid Waste Management Department in the recent past have been considered inadequate to meet the debris recovery mission in the event of a major disaster, and the FY 15 budget has begun to address that issue. The Public Utilities Division's unrestricted reserve levels meet the FY 15 budget policy guidelines approved by the Board of County Commissioners on February 25, 2014.

The Division's FY 15 reserve budget reflects management's commitment to ensuring operational continuity and compliance with regulatory agency requirements for unplanned and unanticipated events beyond the control of the Division's enterprise operations. Unrestricted reserves can be classified as follows:

- Operating Funds (408, 470, 473)– contingency reserves are established to meet unanticipated increases in commodity prices essential to the efficient production and delivery of services; cash flow reserves are funded in the event of a disaster that delays receipt of revenues necessary to fund operations.
- Capital R&R Funds (412, 414) – contingency reserves are established in the event that planned, critical R&R projects exceed budgeted costs in an environment where the demand for contractor's services is increasing; capital reserves are established to fund unanticipated projects that result from regulatory agencies related to compliance and/or natural disasters.

The District has in excess of \$1.2 billion (gross) of fixed assets. At the beginning of FY 15, District principal outstanding debt will be approximately \$207 million, with the FY 15 debt service at approximately \$21 million.

Forecast FY 2014:

In FY 13, this sub-district was integrated into the Collier County Water-Sewer District (CCWSD). This integration provides the same level of service at the same rates throughout the CCWSD, resulting in a reduction in potable water costs to the Goodland users by approximately half. All expenditures and revenue shown occurred prior to the integration into the CCWSD.

Mission Statement

To provide Collier County with an efficient and economical balance of public and private services to meet federal, state, and local regulations for solid waste disposal in a manner that assures public health and safety; reduces the solid waste stream; increases public awareness of recycling; and, adheres to the guiding principles of environmental and growth management compliance, airspace preservation, operational excellence, and best value service.

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Departmental Administration	4.00	1,020,100	16,200	1,003,900
Responsible for the management and implementation of the BCC approved Integrated Solid Waste Management Strategy (ISWMS) that includes administration of solid and hazardous waste collection and disposal, including landfill operations, Scalehouse operations, recycling and transfer station operations, and contract administration; solid and hazardous waste strategic planning, including growth management, concurrency, compliance, and annual update and inventory reporting; short-, intermediate-, and long-term financial planning; hurricane and disaster debris management planning; environmental compliance and reliability improvements of landfills, transfer stations, and hazardous waste and recycling drop-off centers. Administrative costs include Payment in Lieu of Taxes, indirect costs, transfers, general insurance, and legal fees.				
Landfill Operations Center/Scalehouse and Recycling Centers	12.00	2,425,400	11,493,300	-9,067,900
Responsible for the program growth and management of the Collier County Landfill, Immokalee Transfer Station, Naples, Marco Island, North Collier and Carnestown Recycling Drop-off Centers. The goal is to provide efficient centralized facilities for the community to recycle, properly dispose of materials and mitigate trash produced by the County. These facilities operate on a year round basis to offer convenient locations for residential household hazardous waste and recyclable materials; as well as, a safe environment that encourages business participation of Recycling Ordinance No. 2009-56. In order to stay in compliance with State and Federal regulations staff conducts audits and inspections to ensure execution of active permits, DEP regulations, and the Landfill Operating Agreement.				
Waste Reduction and Recycling	5.00	751,500	-	751,500
Responsible for preserving valuable landfill airspace by developing and implementing innovative waste reduction, reuse, and recycling programs while protecting natural resources at best value. Development of continual marketing, promotion, and educational outreach programs, raising and maintaining awareness related to the importance of waste reduction, reuse and recycling for businesses, schools, single-family and multi-family residents. Enhancing and reinforcing the recycling program through business audits and promoting compliance with the Recycling Ordinance No. 2009-56. Responsible for compliance with FDEP's 75% recycling goal by 2020.

Solid Waste Disposal Fund (470)**

Program Summary	FY 2015 Total FTE	FY 2015 Budget	FY 2015 Revenues	FY 2015 Net Cost
Environmental Compliance	4.00	2,320,544	-	2,320,544
<p>Providing environmental compliance measures to support and adhere to federal, state, and local regulations for the Collier County Landfill, Immokalee Transfer Station, the closed Collier County Eustis Landfill, and Recycling Drop-off and Hazardous Waste Collection Centers. Ensures the Landfill Operating Agreement is managed properly for compliant operations by our private contractor. Administers a comprehensive plan for reducing the amount of recyclable materials disposed of in the landfill and diverting hazardous materials for proper disposal. Develop and monitor odor control plan for the Collier County Landfill and the Immokalee Transfer Station. Review and implement the debris removal management plan in coordination with FEMA rules and regulations. Manage hazardous waste collection centers for residents and small businesses. Continue public outreach programs for hazardous and universal waste reuse, recycling, and proper disposal.</p>				
Solid Waste Disposal	-	9,144,100	5,556,200	3,587,900
<p>Disposal and diversion of solid waste generated in Collier County with a priority given to cost effective recycling and re-use prior to disposal including construction & demolition diversion, yard waste composting, artificial reef program and landfill gas management and odor control.</p>				
Hazardous/Petroleum Materials Compliance Assistance & Mgmt	4.00	384,756	90,900	293,856
<p>Protect public health, safety, and the environment from improper management of hazardous waste by performing regular compliance assistance verification inspections at businesses that have the potential to generate, store, transport or dispose of hazardous materials. Ensure compliance with state and federal regulations and lessen the risk of hazardous releases from county-owned and insured storage tanks. Verify and assure, through effective communications and onsite inspections, consistent compliance with state law; quantify the exposure to cover through self insurance and excess insurance; educate and train county team members to ensure compliance; and, avoid costly cleanups from preventable releases. Protect the county's groundwater, surface water, and soils from pollutant releases by performing regular inspections of state-registered pollutant storage tank facilities, and by monitoring county-owned pollutant storage tanks as negotiated with the Risk Management Department and the individual departments that own the tanks.</p>

Forecast FY 2014:

Total operating expenses are forecast to increase due to a rise in municipal solid waste (MSW) disposal cost of \$482,839 (8%) at the Landfill. Other factors contributing to increased operating cost include Landfill Operating Agreement odor control payment of \$102,466 (13%), and increase disposal cost for household hazardous waste of \$16,200 (2%). Household hazardous waste is projected to increase by 20% in FY 14. Projected revenues from the landfill received through FY 14 are slightly lower, due to decreases in construction and demolition, and commercial horticulture waste tonnage.

Current FY 2015:

Total operating expense will increase by \$1,765,500 (14.7%) as compared to the FY 14 Adopted Budget due primarily to the Landfill Operating Agreement increases of \$683,000. This increase is the result of (12.5%) increases in leachate management cost, (5%) increases in tonnage received at the Landfill, and a (2%) increase in CPI. Other increases attributable to operating expenses include a rise in disposal cost for household hazardous waste of \$873,700 (20% increase equating to 2.8 million pounds), other contractual cost of \$155,800, and Interdepartment Payment for Services of \$53,000.

Capital Outlay

- \$45,000 - Replace (1) Skid-Steer Loader recommended for replacement in 2011 that has reached its useful life.
- \$27,000 - Replace (1) aged van that has reached its useful life and is recommended for replacement.
- \$18,900 - (3 @ \$6,300) Roll Off Collection Containers.
- \$12,500 – 8 Laptops, including 6 that have met their useful life and fall under the IT Department's replacement schedule.
- \$10,000 - Replacement of (1) Utility Trailer for the transport of household hazardous waste.
- \$ 8,000 - (2 @ \$4,000) Acid and Base Safety Cabinets.
- \$ 3,000 - (3 @ \$1,000) Digital Scale house Displays.
- \$ 1,000 - Purchase of weather monitoring motherboard for the landfill facility.
- \$ 4,000 - Purchase of (1) ultrasound metal thickness measuring device for the Petroleum Storage Tanks Inspection program.
- \$ 3,000 - (3 @ \$1,000) Large Metal Collection Containers.
- \$ 3,000 - Purchase of (1) Fluorescent Bulb Storage Unit
- \$ 2,200 - (2 @ \$1,100) Electronics Collection Containers.

\$137,600 - Total Capital Outlay

The Solid and Hazardous Waste Management Department (Fund 470) FY 15 budget appropriately funds and maintains a cash reserve of approximately 7.8% to ensure sound financial stability in the event of a catastrophic event, or unanticipated environmental or contractual liability associated with landfill or hazardous waste operations. The reserves for contingencies are being budgeted at the recommended rate of approximately 5% of the total budget.

Revenues:

Revenue from the Landfills, Recycling Drop-off Centers, Landfill Gas-to- Energy Facility and Petroleum Storage Tanks Inspection Program is budgeted at \$17,486,800, an increase of (12.9%) from FY 14 adopted budget. There is a decrease in carryforward of \$594,500 (-15.1%) from FY 14 adopted budget. The Landfill Gas-to-Energy Facility is budgeted to generate \$450,100 in revenue for FY 15.

Forecast FY 2014:

The Solid Waste Landfill Closure Fund is a reserve for closure of the current, and future, closed landfill cells within the county's responsibility, including Immokalee, and the Collier County Landfill (cells three and four). Managing and maintaining a closed landfill is expensive and potentially risky, especially in an environmentally sensitive area. Therefore, maintaining the current funding level is prudent to cover any costs associated with investigations and/or remediation. The current engineer's estimates of financial assurance to cover the Collier County Landfill and Immokalee Transfer Station, including lined cells, total \$39.7 million dollars.

On March 10, 2009, the Board of County Commissioners approved a transfer in the amount of \$4,618,891 to the General Government Facilities Impact Fee Fund (390) for the purchase of the Elks Club building to reduce the number of county agencies operating out of leased space. To date, the fund has received \$2,520,000 from Fund (390).

Current FY 2015:

The fifth of eight planned repayments from the 2009 loan is anticipated from Fund (390) during FY 15 to Fund (471).

Reserves of \$4,290,700 will be held within Fund (471) for environmental risks and potential liabilities associated with the unlined cells. A study was conducted that indicated potential liabilities could exceed the current balance in the fund. Therefore, maintaining annual repayments and/or funding from reserves in this and future years is prudent.

Forecast FY 2014:

Net operating expense is up slightly from the adopted budget due to the addition of more residential curbside customers to the assessment roll than anticipated, thus increasing both the collection and disposal costs.

Current FY 2015:

Net operating expense is increasing 7.7% primarily due to a contractual CPI increase in collection service rates, residential tipping fee rate increase of 6%, and the addition of over 1,500 new residential curbside accounts during the year.

Revenues:

FY 2014

Revenue is forecasted to increase 4.8% over the FY 14 budget based on additional customers on the assessment roll than originally budgeted.

FY 2015

The mandatory solid waste residential assessment fee for customers in District I is budgeted to increase 5.1% and 3.1% in District II primarily due to the change in the contractual CPI collection rate and the increase in tipping fees. These assessment fee increases, plus the addition of over 1,500 new customer accounts in FY 2015, result in an overall collection fee revenue increase of 9.8%.

Debt Service

Debt Service

History of Bond refundings - Fiscal Year 2010 through 2014:

On June 22, 2010, the Board approved the issuance of the Collier County Special Obligation Revenue Bonds, Series 2010 in order to refinance all twelve (12) of the County's outstanding Commercial Paper Loans. Assuming that the balance due on December 2012 would be rolled into a new commercial paper loan and the variable interest plus administrative fee rate is 5%, the refunding generated a net present value savings of 6.34%, or \$3,796,567. The refinancing allowed the County to take advantage of historically low fixed interest rates, eliminated variable interest rate exposure and the \$47 million lump sum loan payment due in December 2012. The Commercial Paper program served the County well over the years with the previous letter of credit provider.

Based on the Debt Service Reserve Requirement within the Bond documents and the dramatic deteriorating of the bond insurer's credit ratings, the County was obligated to allocate certain moneys to fund the parity Reserve Account by March 31, 2009. On March 24, 2009, agenda item 16(F)7 and again on September 29, 2009, agenda item 16(F)5, the Board of County Commissioners approved to allocate undesignated fund balances of the Collier County Water/Sewer District Capital and Solid Waste Landfill Closure accounts in the total amount of \$19,570,800. These moneys were placed into Sales Tax Bond Reserve Fund 217 to satisfy the funding up of the parity Reserve Account.

On October 26, 2010, the Board approved the refunding of the Capital Improvement Revenue Bonds, Series 2002. The refunding generated a net present value savings of 5.41%, or \$1,362,315 over the remaining bond life (11 years). The refunding also released approximately \$3.8 million of cash from existing debt service reserves currently restricted pursuant to the bond covenants. The new refunding Bonds known as Special Obligation Refunding Revenue Bonds, Series 2010B, were issued without any reserve or reserve insurance policy and are budgeted in fund 298. These refunding bonds are secured through a general covenant to budget and appropriate of legally available non ad valorem revenues.

On October 25, 2011, the Board approved the partial refunding of the Capital Improvement Revenue Bonds, Series 2003 and Series 2005. The partial refunding generated a net present value savings of 5.05%, or \$4,846,269. The refunding also released approximately \$5.3 million of cash from existing debt service reserves currently restricted pursuant to the bond covenants. The new Special Obligation Refunding Revenue Bonds, Series 2011, were issued without any reserve or reserve insurance policy and are budgeted in fund 298, and were issued under a general covenant to budget and appropriate using all legally available non ad valorem revenues.

On March 12, 2013, the Board approved to refund all remaining outstanding Capital Improvement Revenue Bonds, Series 2003 and Series 2005. The partial refunding generated a net present value savings of 2.96%, or \$2,064,642. The refunding also released the balance of cash (approximately \$10.4 million) from existing debt service reserves currently restricted pursuant to the bond covenants. The new Special Obligation Refunding Revenue Bonds, Series 2013, were issued without any reserve or reserve insurance policy, and are budgeted in fund 298, and were issued under a general covenant to budget and appropriate using all legally available non ad valorem revenues.

The Special Obligation Refunding Revenue Bonds, Series 2010B, Series 2011, and Series 2013, eliminated onerous debt service surety requirements, allowing the release of all borrowed utility and solid waste enterprise funds.

On January 24, 2012, the Board approved the prepayment of the 2007 State Infrastructure Bank Loan. The prepayment generated an interest savings \$59,983.

On April 10, 2012, the Board approved the partial refunding of the Gas Tax Refunding Revenue Bonds, Series 2003. The partial refunding generated a net present value savings of 9.21%, or \$3,811,782. The refunding also will release approximately \$2.8 million of cash in June 2013 from existing debt service reserves currently restricted pursuant to the bond covenants. The new Gas Tax Refunding Revenue Bonds, Series 2012, were issued without any reserve or reserve insurance policy.

On May 13, 2014, the Board approved the partial refunding of the Gas Tax Refunding Revenue Bonds, Series 2005. The partial refunding generated a net present value savings of 11.38%, or \$9,731,581. The new Gas Tax Refunding Revenue Bonds, Series 2014, were issued without any reserve or reserve insurance policy.

Fiscal Year 2015 Adopted Budget**

Debt Service Summary

The Debt Service Section details budgets for the payment of principal and interest on borrowed funds. Funds are borrowed through issuance of general obligation or revenue bonds, commercial paper or bank loans. General obligation bonds are secured by property taxes and can be issued only following a referendum, while revenue bonds pledged a limited revenue source such as sales or gas taxes to repayment and special obligation bonds pledge a basket of legally available non ad valorem revenues. The budget for each debt service fund details the type of debt, the principal outstanding, and the revenue source that is pledged to retire the debt.

Summary of FY 2015 Budgeted Principal and Interest Payments by Fund

For the past few years, the County has taken advantage of historically low interest rates and reduced further the cost of borrowing through aggressive restructuring of the debt portfolio. Collier County's principal debt outstanding at September 30, 2014 totals \$568 million of which \$334 million is connected with infrastructure improvements necessitated by population growth and related service demands since 2004. The County's principal debt has been reduced by \$236 million since FY 2008. With the County continuing to aggressively pay down its current debt obligation and with no plans to issue new debt, approximately 50% of existing debt will be retired within the next 8 years. Annual principal and interest payments servicing the current outstanding debt represents 5.8% of the County's net budget.

Florida Statutes place no limitations on the application of revenues to debt service by local taxing authorities, but prudent fiscal management dictates a self-imposed level of restraint. The following policy regarding the issuance of debt was adopted in the Growth Management Plan. Collier County will not exceed a maximum ratio of total general government debt service to bondable revenues from current sources of 13%. Current bondable revenues are ad valorem taxes, communications services tax revenue, gas taxes, revenue sharing, impact fees, sales tax, tourist taxes, court facility fees, and charges for services in parks and recreation and community development. The ratio of total general government debt service to bondable revenues from

**Collier County Government
Fiscal Year 2015 Adopted Budget**

current sources is 8.2%. The FY 11 percent of 11.1% was expected and the reason for the increase from FY 10 to FY 11 is the substantial drop in revenues, specifically ad valorem revenues due to tax base erosion resulting from the economic recession. No additional future long-term bonded debt is contemplated at this time. The trend in this ratio is depicted below.

The enterprise funds operate under revenue bonding ratios set by the financial markets and are, therefore, excluded from this debt policy. The utility revenue bonds require coverage (net revenue consisting of user fees, special assessments, and system development charges divided by total debt service requirements) of 1.25. As demonstrated below, the actual coverage well exceeds the ratio required in the utility bond covenants.

Many, but not all, capital projects are funded on a cash basis. This is recognized in the Growth Management Plan policy regarding general obligation debt: Certain large scale projects of significant county-wide impact and cost would, if funded by current ad valorem taxes in the year of construction, result in an unacceptable millage rate. These projects could be proposed for general obligation bonding. The electorate could be asked through referendum to approve the borrowing of funds for the projects and the levy of ad valorem taxes to pay the resulting debt service. Any capital projects financed by borrowing money shall have a repayment period limited to the useful life of the asset.

Bond Refinancing

The County's Finance Committee, consisting of key County financial management staff and the County's Financial Advisor, explore the possibility of savings to be generated through refinancing existing bond issues. Depending on market conditions, bond refunding/refinancing may be recommended by the Finance Committee. In general, the net present value savings generated by any proposed refinancing shall be a minimum of 5%. As a general rule, savings generated by refinancing shall be utilized to reduce future debt service payments. Five (5) percent savings is considered a benchmark, but any advance refunding that produces a smaller net present value savings may be considered on a case-by-case basis.

Over the past four (4) fiscal years the County has restructured \$379.1 million in outstanding general governmental debt which reduced the cost of borrowing by \$25.7 million within the portfolio and returned all \$19.5 million borrowed from enterprise funds which was required to fund a debt service reserve under the previously outdated bond covenants.

Impact of Bonding on Current and Future Operations

Road Construction Program

The adopted road-financing plan (approved by the Board of County Commissioners following the defeat of an infrastructure sales tax referendum) required bonding all of the County's available gas tax capacity. Gas tax revenues were previously used to fund the road construction program on a pay as you go basis. The Board also committed to using General Fund ad valorem taxes as a revenue stream in the road construction program. The magnitude of the commitment (backfilling for the gas tax revenue now committed to debt repayment) is highlighted in the following graph.

The FY 06 General Fund transfer to road construction included \$14.1 million accumulated in reserves over the past few budget cycles, while there were extraordinary increases in taxable value. The General Fund support of the road program was expected to be maintained at \$24.0 million annually, as there will be a large future requirement for road resurfacing due to the level of new lane miles added to the road network in Collier County in recent years, as well as a need to address bridge maintenance in the Golden Gate Estates area. The softening real estate market and declining taxable values has challenged the County's ability to commit General Fund resources – at the proposed \$24 million level – toward roadway construction and maintenance. In FY 14 and FY 15, Growth Management Division requested that approximately \$2.5 million (each year) of the road construction money go towards operations and replacing vehicles and equipment.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Prior to considering any new or enhanced programs, the Board, in previous budget years, committed to using growth tax revenues from rapidly escalating property values (new construction and increased value of existing properties) to meet the requirements of the road construction program. However, the recent downward trend in taxable value will mean a reduced property tax investment in the road program. The annual change in Collier County taxable value is depicted in the following graph.

This has impacted County operations in a number of ways. In spite of the rapidly escalating property values in Collier County, the General Fund millage rate was maintained at a constant level during the period from FY 03 through FY 06. If the infrastructure sales tax had been approved, there would have been greater flexibility in “rolling back” the millage rate to adjust for the increasing value of existing property.

Due to the magnitude of the increases in taxable value from FY 03 through FY 07, budget policy development in FY 08 emphasized rolling back the millage rate for any increase in taxable value above 10%. The softening of the real estate market resulted in only a 7.1% increase in taxable value in FY 08. However, consistent with the requirements of tax reform legislation, the General Fund millage rate was reduced to 3.1469 in FY 08. For FY 10, faced with another year of County wide taxable value reductions and the prospects of instability in State shared revenues and sales tax due to uncertain economic conditions; the Board voted to increase the millage rate to 3.5645 in order to avoid service cuts. From FY 11 through FY 15, the Board adopted a millage neutral policy guidance.

General Government Capital Projects

General government capital projects are included in the General Fund. Projects include renovations to existing facilities and new general government facilities for which there is no established impact fee. The annual funding allocation for General Fund capital projects has been the equivalent in dollars to 0.3333 mills, however, in FY 14, it dropped to 0.2444 mills.

Debt service payments for growth related projects financed with capital improvement bonds were to be paid off with impact fees. Impact fee collections have declined by 73% since FY 07. At this time, impact fee collections are insufficient to meet the required annual debt service payments. Therefore, the General Fund is assisting the impact fee funds with their debt service payments. For FY 12, loans to the various impact fee funds were reduced by a one-time occurrence of reallocating unused project money to debt. Also, the Capital Improvement Revenue Bonds, Series 2002/2003/2005 were refunded into the 2010B; 2011 and 2013 Special Obligation Bond reducing the principal and interest payments from the various impact fee funds, therefore further reducing the size of the General Fund loans. For FY 15, the \$11.1 million loan includes funding for three growth related projects, \$1.7 million for an EMS station, \$2.1 million for a Sheriff Substation and \$3 million for the purchase and renovation of building for the Supervisor of Elections. The balance of loan, \$4.3 million, is assisting the impact fee funds with their debt service payments.

CURRENT YEAR DEBT REFUNDINGS

On November 21, 2013, the Collier County Water and Sewer District borrowed \$9,922,122 from the State of Florida Department of Environmental Protection's State Revolving Fund Loan Program for purposes of advance refunding a portion of the Water and Sewer District's Series 2006 Revenue Bonds and paying associated closing costs. On January 21, 2014 the State Revolving Fund proceeds, together with other available monies, were placed in escrow. The final maturity of the loan is April 15, 2029, with an interest rate of 2.37%. The refunding achieved a net present value savings of 9.63% on the refunded bonds. The advance refunding achieved an aggregate debt service savings of \$1,427,317 and an economic gain of \$759,074. The Series 2006 bonds have a redemption date of July 1, 2016.

On May 29, 2014 Collier County issued the Series 2014 Gas Tax Refunding Revenue Bond in the par amount of \$89,780,000. These bonds were issued for the purpose of advance refunding a portion of the County's outstanding Series 2005 Gas Tax Revenue Bonds. The final maturity of the bonds is June 1, 2025, with an interest rate of 2.33%. The refunding achieved a net present value savings of 11.38% on the refunded bonds. The advance refunding achieved an aggregate debt service savings of \$11,063,043 and an economic gain of \$9,712,559. The Series 2005 bonds have a redemption date of June 1, 2015.

RESTRICTIVE COVENANTS

According to County resolutions authorizing the issuance of the Series 2010, 2010B, 2011 and 2013 Special Obligation Refunding Revenue Bonds, the County has covenanted, subject to certain restrictions and limitations, to appropriate in its annual budget, by amendment if necessary, from non-ad valorem revenues amounts sufficient to pay principal and interest on the combined Special Obligation Bonds.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Collier County, Florida
Draft Notes to the Financial Statements
September 30, 2014

According to County resolutions authorizing the issuance of the Series 2005 Gas Tax Revenue Bonds and the Series 2012 and 2014 Gas Tax Revenue Refunding Bonds, the issues are payable from and secured by liens on gas tax revenues.

Bayshore Gateway Community Redevelopment Agency (Agency) tax increment revenues are pledged for the repayment of the Agency's Series 2013 taxable note. The Agency has additionally covenanted to budget and appropriate from all legally available non-ad valorem revenues of the Agency to pay the Series 2013 note to the extent the tax increment revenues are insufficient. The Series 2013 note does not constitute an indebtedness of the County and is payable solely from the security provided by the Agency. The Agency is required to have a debt service reserve balance of \$600,000 as of the end of fiscal year 2014. The Agency was in compliance with these covenants for the year ended September 30, 2014.

The County Water and Sewer District (District) has pledged future water and sewer customer revenues, net of certain operating expenses, to repay \$94,470,023 in Series 2006, 2009 and 2013 revenue bonds. Proceeds from the bonds were used for rehabilitation or expansion of the District's water and sewer systems. Principal and interest are payable through July 1, 2036, solely from the net revenues and certain other fees and charges derived from operation of the County's Water and Sewer District (District). The pledge of net revenues by the District from the operation of the system does not constitute a lien upon the system or any other property of the County. The resolutions authorizing the revenue bonds include an obligation for the District to fix, establish and maintain such rates and collect such fees so as to provide in each year net revenues, as defined in the bond resolutions, which together with system development fees (impact fees) and special assessment proceeds received shall be at least 125% of the annual debt service requirements for the bonds; provided, however, that net revenues in each fiscal year shall be adequate to pay at least 100% of the annual debt service on the bonds. Fiscal year 2014 pledged revenues, net of operating expenses, were \$39,804,129 and \$50,854,520 when system development fees and special assessments were included. Principal and interest paid on the bonds during fiscal year 2014 totaled \$9,952,972, providing coverage of 400% and 511%, respectively. In addition, bond covenants require a renewal and replacement amount equal to \$300,000 in the District funds. The District was in compliance with these covenants for the year ended September 30, 2014.

The District has several State Revolving Fund loans outstanding with the Florida Department of Environmental Protection. These loans are collateralized by a lien on pledged revenues consisting of net revenues from the operations of the County Water and Sewer System and system development fees. The lien is subordinate in all respects to the liens placed upon pledged revenues established by bonded indebtedness. The District must maintain rates and charges for services which together with system development fees are sufficient to pay 115% to 125%, depending upon the individual loan agreement, of the annual debt service requirements on the loans, as well as satisfy the coverage requirements of all senior debt obligations. The District's State Revolving Fund loans were in compliance with these covenants for the year ended September 30, 2014.

NOTE 6 - LONG-TERM DEBT - CONTINUED

LEGAL DEBT MARGIN

The Constitution of the State of Florida and the Florida Statutes set no legal debt limit.

INTEREST CAPITALIZED

Interest costs on the long-term debt of business-type activities, including capitalized leases, incurred and capitalized during the year ended September 30, 2014 were as follows:

	Total Interest Cost Incurred	Interest Cost Capitalized	Net Interest Expense
Business-type Activities	\$ 6,982,277	\$ 1,772,075	\$ 5,210,202

Interest expense is shown as a direct expense of the Business-type Activities.

LEASE OBLIGATIONS

Capitalized leases payable at September 30, 2014 amounted to \$1,451,930. These obligations, which are collateralized by equipment and vehicles, have total annual installments ranging from \$29,702 to \$322,914 including interest ranging from 4.78% to 4.85% and mature through 2022. As of year-end, equipment currently leased under capital leases in the governmental activities had a historical cost of \$1,114,847 and accumulated depreciation of \$930,656. Equipment currently leased under capital leases in the business-type activities had a historical cost of \$1,731,386 and accumulated depreciation of \$292,757.

Future minimum capital lease obligations as of September 30, 2014 were as follows:

	Governmental Activities	Business-type Activities	Total
2015	\$ 257,981	\$ 64,933	\$ 322,914
2016	257,981	29,703	287,684
2017	257,981	29,703	287,684
2018	257,981	29,702	287,683
2019	257,980	29,702	287,682
2020-22	-	89,107	89,107
Total minimum lease payments	1,289,904	272,850	1,562,754
Less amount representing interest	(67,899)	(42,924)	(110,823)
Present value of minimum lease payments	\$ 1,222,005	\$ 229,926	\$ 1,451,931

NOTE 6 - LONG-TERM DEBT - CONTINUED

LEASE OBLIGATIONS

The County also leases office space, office equipment and storage space under operating leases. These leases expire or are cancellable within the next fiscal year. In the normal course of operations these leases will be renewed or replaced by other leases. Total rental expenditures for all operating leases within the governmental activities for the year ended September 30, 2014 were \$1,140,634. Total rental expenditures for all operating leases within business-type activities governmental activities for the year ended September 30, 2014 were \$186,125.

NOTE 7 - CONDUIT DEBT OBLIGATIONS

COMPONENT UNIT CONDUIT DEBT

The Industrial Development Authority, Housing Finance Authority, Health Facilities Authority and Educational Facilities Authority, all component units of Collier County, issue debt instruments for the purpose of providing capital financing to independent third parties. Industrial development revenue bonds have been issued to provide financial assistance to public entities for the acquisition and construction of industrial and commercial facilities. Housing revenue bonds have been issued for the purpose of financing the development of multi-family residential rental communities. The health facility revenue bonds were issued to provide financing for the construction of health park facilities. The educational facility revenue bonds were used to provide financing for the construction of educational facilities. These bonds were secured by the financed property, a letter of credit or a corporate guarantee. The primary revenues pledged to pay the debt are those revenues derived from the project or facilities constructed. Neither the issuer, nor the County, is obligated in any manner for repayment of the bonds and as such they are not reported as liabilities in the accompanying financial statements.

As of September 30, 2014 the outstanding principal amount payable on all component unit conduit debt was \$413,360,000 and is made up of the following:

Industrial development revenue bonds	\$ 193,240,000
Housing finance revenue bonds	14,390,000
Health facilities revenue bonds	113,605,000
Educational facilities revenue bonds	<u>92,125,000</u>
Total	<u>\$ 413,360,000</u>

Collier County, Florida
Draft Notes to the Financial Statements
September 30, 2014

NOTE 8 - DEFEASED DEBT

The County has defeased certain outstanding bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service payments on the defeased debt. Accordingly, the trust accounts and the defeased bonds are not included in the County's financial statements.

At September 30, 2014 the following issues were considered defeased:

Governmental Activities	Original Debt Defeased	Defeased Bonds Outstanding
1986 Capital Improvement Program Revenue Bonds, Sub-Series 5 Mode A	\$ 12,245,000	\$ 1,535,000
2005 Capital Improvement and Refunding Revenue Bonds	131,710,000	121,260,000
2005 Gas Tax Revenue Bonds	85,530,000	85,530,000
Total Governmental Activities Defeased Debt	\$ 229,485,000	\$ 208,325,000
Business-type Activities	Original Debt Defeased	Defeased Bonds Outstanding
2006 County Water and Sewer Revenue Bonds	\$ 32,795,000	\$ 32,795,000
Total Business-type Activities Defeased Debt	\$ 32,795,000	\$ 32,795,000

Series 2003/2012 and 2005/2014 Gas Tax Revenue Bonds (212)**

On April 10, 2012, the Board approved the partial refunding of the Gas Tax Refunding Revenue Bonds, Series 2003. The partial refunding generated a net present value savings of 9.21%, or \$3,811,782. The refunding also will release approximately \$2.8 million of cash in June 2013 from existing debt service reserves currently restricted pursuant to the bond covenants. The new Gas Tax Refunding Revenue Bonds, Series 2012, were issued without any reserve or reserve insurance policy.

Forecast FY 2014:

On May 13, 2014, the Board approved the partial refunding of the Gas Tax Refunding Revenue Bonds, Series 2005. The partial refunding generated a net present value savings of 11.38%, or \$9,731,581. The new Gas Tax Refunding Revenue Bonds, Series 2014, were issued without any reserve or reserve insurance policy.

Purpose: Construct the Jail Expansion/Parking Garage and the Development Services Building Expansion/Parking Garage and refund prior debt. (The Development Services Building Expansion/Parking Garage portion of the debt was defeased on September 21, 2007)

Principal Outstanding as of September 30, 2014: \$0

Final Maturity was to be October 1, 2033

Interest Rate (on remaining bonds): 4.75%

Next Principal payment was to be October 1, 2030

Revenue Pledged: Local Government Half Cent Sales Tax

Reserve Fund 217 was established to fund the parity reserve account for all the Special Obligation Bonds affected.

On October 25, 2011, the Board approved the partial refunding of the Capital Improvement Revenue Bonds, Series 2003 and Series 2005. The partial refunding generated a net present value savings of 5.05%, or \$4,846,269. The refunding also released approximately \$5.3 million of cash from existing debt service reserves currently restricted pursuant to the bond covenants. The new Special Obligation Refunding Revenue Bonds, Series 2011, were issued without any reserve or reserve insurance policy, and are budgeted in fund 298, and were issued under a general covenant to budget and appropriate using all legally available non ad valorem revenues.

On March 12, 2013, the Board approved to refund all remaining outstanding Capital Improvement Revenue Bonds, Series 2003 and Series 2005. The partial refunding generated a net present value savings of 2.96%, or \$2,064,642. The refunding also released the balance of cash (approximately \$10.4 million) from existing debt service reserves currently restricted pursuant to the bond covenants. The new Special Obligation Refunding Revenue Bonds, Series 2013, were issued without any reserve or reserve insurance policy, and are budgeted in fund 298, and were issued under a general covenant to budget and appropriate using all legally available non ad valorem revenues.

Notes:

Balance of contributed funds as of September 30, 2014:

\$0 Fund 412 - Water User Fee Capital Fund

\$0 Fund 414 - Sewer User Fee Capital Fund

Based on the Debt Service Reserve Requirement within the Bond documents and the dramatic deteriorating of the bond insurer's credit ratings, the County was obligated to allocate certain moneys to fund the parity Reserve Account by March 31, 2009. On March 24, 2009, agenda item 16(F)7 and again on September 29, 2009, agenda item 16(F)5, the Board of County Commissioners approved to allocate undesignated fund balances of the Collier County Water/Sewer District Capital and Solid Waste Landfill Closure accounts in the total amount of \$19,570,800. These moneys were placed into Sales Tax Bond Reserve Fund 217 to satisfy the funding up of the parity Reserve Account.

On October 26, 2010, the Board approved the refunding of the Capital Improvement Revenue Bonds, Series 2002. The refunding released approximately \$3.8 million of cash reserved pursuant to the existing bond covenants. The new refunding Bonds were issued without any reserve or reserve insurance policy and are budgeted in fund 298.

On October 25, 2011, the Board approved the partial refunding of the Capital Improvement Revenue Bonds, Series 2003 and Series 2005. The partial refunding generated a net present value savings of 5.05%, or \$4,846,269. The refunding also released approximately \$5.3 million of cash from existing debt service reserves currently restricted pursuant to the bond covenants. The new refunding Bonds, Series 2011, were issued without any reserve or reserve insurance policy and are budgeted in fund 298.

On March 12, 2013, the Board approved to refund all remaining outstanding Capital Improvement Revenue Bonds, Series 2003 and Series 2005. The partial refunding generated a net present value savings of 3.59%, or \$2,064,642. The refunding also released the balance of cash (approximately \$10.4 million) from existing debt service reserves currently restricted pursuant to the bond covenants. The new Special Obligation Refunding Revenue Bonds, Series 2013, were issued without any reserve or reserve insurance policy, and are budgeted in fund 298, and were issued under a general covenant to budget and appropriate using all legally available non ad valorem revenues.

The Special Obligation Refunding Revenue Bonds, Series 2010B, Series 2011 and Series 2013, eliminated onerous debt service surety requirements, allowing the release of all borrowed utility and solid waste enterprise funds.

Purpose: Purchase Caribbean Gardens

Principal Outstanding as of September 30, 2014: \$0

Final Maturity was to be October 1, 2015

Revenue Pledged was Ad Valorem Taxes

On November 2, 2004, Collier County voters approved a referendum authorizing the acquisition of certain land, including the land currently used as Caribbean Gardens, for the purpose of ensuring the continued operation of the Caribbean Gardens Zoo, by issuing bonds payable from ad valorem taxes not to exceed 0.15 mills for a period of 10 years. On July 26, 2005, the Board approved a Resolution authorizing a loan from the Commercial Paper Program in an amount not to exceed \$40 million. With our aggressive management of prepaying down principal over 4 years, the loan was paid off in July 2009 and the taxpayers in Collier County were no longer levied 0.15 mills.

Notes:

Purpose: Naples Park Drainage Improvements.

Principal Outstanding as of September 30, 2014: \$0

Final Maturity was to be September 1, 2012

Interest Rate: 6.45%

Revenue Pledged was Naples Park Assessment

On January 25, 2011, the Board approved the prepayment of the Naples Park Area Stormwater Improvement Assessment Bond, Series 1997. Sufficient assessment proceeds had accumulated in the debt service fund to allow an extraordinary redemption of principal which paid off the bonds. The savings realized from paying off the bonds 7 months early was \$6,556.

On June 22, 2010 the Board approved a work order under Project 69081 for the construction of sidewalk and stormwater drainage improvements along 111th Avenue North and 8th Street North in Naples Park. The work order funding, was provided by the Gas Tax Capital Project Fund 313. The cost of the stormwater drainage component of this project was \$120,090.30. The remaining Naples Park Area Stormwater Improvement Assessment proceeds may be utilized to reimburse the Gas Tax Capital Project Fund 313 for the stormwater drainage component of Project 69081. Accordingly, in FY 2012 \$100,000 was transferred to the Gas Tax Capital Project Fund 313 with the balance of \$20,090.30 to be transferred in FY 2013.

Notes:

Purpose: Pine Ridge Industrial Park and Naples Production Park Improvements.

Principal Outstanding as of September 30, 2014: \$0

Final Maturity was to be October 1, 2013

Revenue Pledged was Assessments

Last Fiscal Year to Bill Assessments: 2013

The two industrial park MSTUs' were created in the early 1980's to fund capital improvements that benefited the park owners. These improvements were funded by debt and were paid back by a special assessment. On April 14, 2009, the Board of County Commissioners approved agenda item 16 (B) 12 to move the residual money remaining into the Pine Ridge Industrial Park Capital Fund 132 (\$3,393,940) and Naples Production Park Capital Improvement Fund 138 (\$2,776,860). The capital improvements proposed were to construct and repair intersections, roads, and drainage.

Forecast FY 2014:

The \$700,000 transfer to the Pine Ridge Industrial Park Capital Fund 132 is additional money needed to complete the J&C Boulevard improvements and improve three drainage areas.

Forest Lakes MSTU Limited General Obligation Bonds approved by district referendum in November 2006, totaling up to \$6,250,000, were sold in October 2007. Net proceeds booked to the project fund (159) totaled \$6,100,000. Debt service on the bonds will average \$553,700 annually over the remaining eight (8) year amortization. Currently, the MSTU is authorized by referendum to levy up to \$4.0000 per \$1,000 of taxable value in order to pay debt service. Two separate levies, one for operating and one for debt exist. While taxable value within the district has decreased 26.3 percent since FY 2010, the market is stabilizing. Taxable value this year increased 7.76% to \$140,070,223. For FY 2015, this funds total reserve position amounts to \$855,200 which represents 1.5 times average debt service. At a minimum, this level of reserve should be maintained. This reserve position off-sets the fact that applying the total authorized maximum millage rate (4.0000 mills) to current taxable value marginally covers debt service.

On April 12, 2011, the Board approved the prepayment of the Collier County Limited General Obligation Bond, Series 2008. The bonds were payable from a levy of up to 0.25 mills. Sufficient unused monies have accumulated in the Conservation Collier acquisition fund 172 to allow for the prepayment of bonds in the amount of \$7.1 million, which includes a 3% premium for early prepayment, plus accrued interest. The gross savings realized was \$131,725.

Current FY 2015:

FY 2015 activity is limited to returning residual funds to the Conservation Collier Maintenance fund.

Pledged: All available non-ad valorem revenues of the Bayshore Gateway Community Redevelopment Agency

On May 14, 2013, agenda item 14.B.1., the Board approved the Fifth Third Bank Loan Agreement restructuring the note. The Series 2013 Taxable Note accomplished several important objectives including;

- Extending the re-payment deadline past September 1, 2014 at the same interest rate factor while allowing the CRA time to pursue re-development initiatives under improving economic conditions.
- Postpone the need to liquidate CRA owned property at a substantial loss and allow the property to be sold within an improving market environment and in reasonable conformance with existing approved re-development plans.
- Use existing debt service reserve cash to pay down the current term loan, thereby mitigating interest costs, and re-establish a lower debt service reserve.
- Maintain monthly principal and interest payments and establishes a level of budgetary and financial flexibility within the CRA.

Forecast FY 2014:

Forecast principal reduction includes an additional prepayment of \$35,000. The source of funding for the prepayment is proceeds from the sale of CRA property.

Notes:

Special Obligation Refunding Revenue Bonds, Series 2010:

Purpose: Refunding Commercial Paper. Major capital projects funded with the commercial paper loans were Golden Gate Library Expansion, South Regional Library, Fleet Expansion (BCC), Sheriff Fleet Building, Courthouse Annex, Emergency Service Center, Sheriff Special Operations Center, EMS station land purchase (Old US41 location), EMS ambulances, and 800 MHz Upgrade and Radio Locater System.

Principal Outstanding as of September 30, 2014: \$53,120,000

Final Maturity: July 1, 2034

Interest Rate: 3.00% to 4.50%

Revenue Pledged: Covenant to budget and appropriate non-ad valorem revenues

Debt Service

General Governmental Debt

Special Obligation Bonds, Series 2010, 2010B, 2011 and 2013 (298)

Special Obligation Refunding Revenue Bonds, Series 2010B:

Purpose: Refunding 2002 Capital Improvement Bond.

Major capital projects funded with the 2002 Capital Improvement Bond include Sheriff's Administration Building, Domestic Animal Services Center Building, Sheriff's Building on Horseshoe Drive, Immokalee Jail renovation, Goodland Boat Launch Land, Lely Barefoot Beach Land, North Naples Satellite Government Offices Building, North Naples Regional Library, Voting Machines (amortized over 10 years), and EMS Helicopter (amortized over 10 years).

Principal Outstanding as of September 30, 2014: \$18,330,000

Final Maturity: October 1, 2021

Interest Rate: 3.00% - 5.00%

Revenue Pledged: Covenant to budget and appropriate non-ad valorem revenues

Special Obligation Refunding Revenue Bonds, Series 2011:

Purpose: Partial refunding 2003 and 2005 Capital Improvement Bond.

Major capital projects funded with the 2003 Capital Improvement Bond include Jail Expansion/Parking Garage and the Development Services Building Expansion/Parking Garage and refund prior debt. (The Development Services Building Expansion/Parking Garage portion of the debt was defeased on September 21, 2007)

Major capital projects funded with the 2005 Capital Improvement Bond include North Regional Park, Fleet Facility, Courthouse Annex, Parking Garage, Emergency Service Center, and refinance Commercial Paper debt.

Principal Outstanding as of September 30, 2014: \$80,710,000

Final Maturity: October 1, 2029

Interest Rate: 2.50% - 5.00%

Revenue Pledged: Covenant to budget and appropriate non-ad valorem revenues

Special Obligation Refunding Revenue Bonds, Series 2013:

Purpose: Refunding all remaining outstanding 2003 and 2005 Capital Improvement Bond.

Major capital projects funded with the 2003 Capital Improvement Bond include Jail Expansion/Parking Garage and the Development Services Building Expansion/Parking Garage and refund prior debt. (The Development Services Building Expansion/Parking Garage portion of the debt was defeased on September 21, 2007)

Major capital projects funded with the 2005 Capital Improvement Bond include North Regional Park, Fleet Facility, Courthouse Annex, Parking Garage, Emergency Service Center, and refinance Commercial Paper debt.

Principal Outstanding as of September 30, 2014: \$73,805,000

Final Maturity: October 1, 2035

Interest Rate: 3.50% - 4.00%

Revenue Pledged: Covenant to budget and appropriate non-ad valorem revenues

Capital Improvement Program

Capital Improvement Program Organizational Chart

Total Full-Time Equivalents (FTE) = 5.00

Capital Improvement Program (CIP)

Collier County's Capital Improvement Program (CIP) includes growth necessitated projects scheduled in the five year Capital Improvement Element (CIE) of the County's Growth Management plan as well as non-CIE capital improvements not found in the CIE. The CIP reflects all capital improvements that have been included in the current year's adopted budget. CIP projects encompasses a wide range of projects, reflecting the diversity of services provided by the County, including county roads, parks, museum improvements, public safety and general government facilities, library facilities and materials, landfill improvements, stormwater management improvements, airport facilities, and water and sewer utility infrastructure required by the community.

Capital Improvement Element (CIE)

In 1985 and 1986 the Florida Legislature significantly strengthened the requirements for county and city comprehensive plans. One of the new provisions of the Local Government Comprehensive Planning and Land Development Regulation Act is the requirement that the local government comprehensive plans must contain a Capital Improvement Element (CIE). The CIE is a planning document that identifies public facilities that will be required during the next five or more years. The CIE is the foundation of Collier County's annual Capital Improvement Program.

Capital Improvement Program (CIP) Development

On an annual basis, Collier County prepares and adopts a five-year CIE consistent with the requirements of the Growth Management Plan. Utilizing the CIE framework, operating departments identify project needs and together with the appropriate Engineering Department or Facilities Management Department develop proposed project budgets. The proposed project budgets are submitted to the Office of Management and Budget (OMB). OMB reviews the proposed projects, groups them by funding source, determines the amount of funding available, reviews projects for consistency with the CIE, assembles the proposed CIP, and presents it to a capital project review committee for prioritization.

After being prioritized by the review committee the proposed CIP is presented to the Board of Collier County Commissioners in a workshop format. During the workshop the Board reviews the CIP and makes decisions as to the need, timing, and funding of projects. The Office of Management and Budget changes the CIP in accordance with the Board's direction and presents the annual CIP for adoption during the public budget hearings in September.

Funds budgeted for a specific project remain allocated until the project is completed. Additionally, project budgets are reviewed annually and, if needed, funding may be adjusted.

The FY 15 Capital Improvement Program (CIP)

Revenue: The Capital Improvement Program budget includes a variety of revenues that are used both for the direct funding of projects and as a source of debt service to retire bonds. Road construction is funded by a combination of gas taxes, impact fees, General Fund revenues, grants, interest and carry forward. Water and sewer utility projects are funded by impact fees, user fees, interest and carry forward. Solid waste landfill projects are funded by landfill user fees, interest and carry forward. Growth related projects in parks, EMS, library, fire, correction, law enforcement and general governmental facility projects are funded by impact fees, interest and carry forward.

The County dedicates a portion of its General Fund revenue to the construction of capital projects and for the repayment of debt, an equivalent of 1/3 of a mill, however in FY 15, the equivalency amount was

**Collier County Government
Fiscal Year 2015 Adopted Budget – Capital Improvement Program**

increased to 0.3519 of a mill. Major renovations and repairs of government buildings and facilities, libraries, parks, EMS helicopters and museum improvements are projects that typically receive funding from the General Fund. Airport Authority projects are funded through a combination of State Department of Transportation grants matched by a local contribution from the General Fund.

The County also earmarks General Fund revenue to construct countywide stormwater management projects. This dedicated revenue stream allows the Stormwater Department to apply for various Federal and State grants.

In the current economy, the County has scaled back its capital program. Since FY 07, Impact fees collections have dropped by more than 72%, growth related capital projects are no longer needed within the 5-year window or they have been deferred. Over the past few years, many growth related projects have been constructed from impact fee revenues, most have been financed. With this down turn in impact fee collections, the impact fee revenue stream is not adequate to meet impact fee debt service obligations. Until impact fee collections rebound a portion of the General Fund Capital allocation is being used to cover any Impact Fee Debt Service shortfall. This arrangement is considered an internal loan between the Impact Fee Funds and the General Fund.

The FY 15 CIP includes total revenues of \$307,889,800 as shown below.

Gas Taxes	\$18,300,000
Tourist Development Taxes	7,039,700
User Fees	61,186,600
Bond/Loan Proceeds	0
General Fund Revenues	41,454,100
Impact Fees	28,802,000
Transfers	26,294,700
Interest/Misc./Grants	5,425,300
Total	<u>188,502,400</u>
Carry forward	122,345,900
Revenue Reserve	<u>(2,958,500)</u>
Net Revenue	\$307,889,800

**Collier County Government
Fiscal Year 2015 Adopted Budget – Capital Improvement Program**

Appropriations: FY 15 Capital Improvement Program appropriations include \$133,143,700 in planned project expenditures, reserves of \$92,663,000, debt service funding of \$48,844,600, transfers of \$32,898,300 for Engineering/Project Manager operating costs, \$75,200 for indirect cost reimbursements to the General Fund, and \$265,000 in impact fee refunds. The allocation of FY 15 CIP project appropriations is shown below.

FY 13 CIP APPROPRIATIONS

Governmental Facilities	\$ 9,951,000

The Five-Year Capital Improvement Program (CIP) & Capital Improvement Element (CIE) of the Collier County Growth Management Plan

Revenue: The five-year CIE utilizes several revenue sources to fund the County's future facility needs. Road construction is funded through a combination of local and state gas taxes, impact fees, interest, and funds carried forward. Water and sewer utility projects are funded by impact fees, user fees, interest and funds carried forward. EMS, Library, Park, Fire, Law Enforcement, Correctional, and General Governmental facilities projects are partially or completely funded through impact fees, interest and funds carried forward. Certain general government and public safety capital expenditures typically funded through transfers from ad valorem taxes (General Fund or the Unincorporated Area General Fund) are Library, Parks, major replacement and repair projects and Stormwater Management improvements, which are not eligible to be funded by impact fees. Solid waste landfill projects are funded by landfill tipping fees. The five-year CIE revenue sources listed below represent the funding for the FY 15 - FY 19 CIP/CIE.

FIVE-YEAR CIP/CIE PLANNED REVENUE

FIVE-YEAR CIP/CIE PLANNED REVENUE

Gas Taxes	\$ 91,500,000
General Fund Revenues	187,968,900
Tourist Development Tax	35,909,500
Impact Fees	151,363,500
User Fees	372,210,400
Bond/Loan Proceeds	0
Transfers	133,002,100
Interest/Misc./Grants	37,216,000
TOTAL REVENUE	\$ 960,003,400
Carry Forward	122,345,900
Reserves/Non-Project Expenses	(15,333,900)
TOTAL PROJECT FUNDING	\$1,079,068,500

**Collier County Government
Fiscal Year 2015 Adopted Budget – Capital Improvement Program**

Appropriations: The five-year CIE identifies public facilities that are needed to eliminate existing deficiencies or will be needed to meet the demands of future growth. Planned projects during the five years covered in the CIE total \$529,267,500. The five-year CIE is summarized below.

FIVE-YEAR CIP/CIE PLANNED PROJECTS

FIVE-YEAR CIP/CIE PLANNED PROJECTS

Governmental Facilities	\$ 23,611,000

**Collier County Government
Fiscal Year 2015 Adopted Budget – Capital Improvement Program**

Planned Project Expenditures: Across the five-year CIP/CIE planning period, project expenditures are expected as summarized below.

**PLANNED CIE/CIP PROJECTS BY YEAR
FY 15 - FY 19**

FIVE-YEAR CIP/CIE PLANNED PROJECTS BY YEAR

FY 2015	\$ 133,143,700
FY 2016	107,550,200
FY 2017	100,062,000
FY 2018	88,205,800
FY 2019	100,505,800
Project Total	<u>\$529,467,500</u>

Operational Impact of the CIP/CIE

Although the Capital Improvement Program is prepared separate from the operating budget, the two have a direct relationship. Budget appropriations lapse at the end of the fiscal year, however, capital appropriations are re-budgeted (carryover funding) until the project is finished and capitalized. Capital improvement projects, including those that involve development of new facilities or new and expanded infrastructure, may result in additional operating costs or savings in future years. For example, while construction of a new fire station will result in additional costs for staffing and operations, repaving a street may result in reduced need for maintenance. Those costs or savings are not included in the capital budget estimates, but rather are incorporated in the operating budget, beginning in the year that the facility is anticipated to become operational. An important element of the CIP process is consideration of any future increases in operating costs, which will result from capital activity, so that estimates of those costs can be incorporated in the appropriate long term financial plans for the affected funds.

As the economy and growth has slowed the Board of County Commissioners has earmarked virtually all capital funding to maintenance and replacement projects. These replacement projects in some cases may create operating efficiencies or future cost avoidance; however, these impacts are not presently quantifiable and are believed to be marginal.

Capital Budget Presentation

The capital improvement section of the budget book is organized into two sections. The first section is comprised of schedules that summarize the FY 15 CIP by department or functional area. The second section presents the FY 15 - FY 19 CIP/CIE planning period.

Collier County Government
Fiscal Year 2015 Adopted Budget - Capital Improvement Program

Capital Improvement Program

Court Maintenance Fee Fund (181)

Mission Statement

On July 28, 2009, the Board amended Ordinance 04-43 (with Ordinance 09-41) by increasing the surcharge imposed for non-criminal traffic infractions set forth in Chapter 318, Florida Statutes, and those offenses enumerated in the Section 318.17, Florida Statutes, from \$15 to \$30 per Section 318.18(13), Florida Statutes. This revenue was specifically created to fund State Court Facilities.

Notes:

The majority of the surcharges are being placed into reserves for a three phase courthouse renovation of the 1st and 6th floors as well as the needed upgrades to an aging courthouse infrastructure. The courts have the need for two additional courtrooms, holding cells, jury rooms, and conference rooms due to the number of Judges, Magistrates, and Hearing Officers.

The first phase will occur this year on the first floor with a probation move towards consolidation and allowing for a courtroom to be built where probation currently resides. The first project of the courts aging infrastructure will involve the 5 elevators.

Notes:

In December 2005, the Board authorized the segregation of funds collected for park beach facilities from funds collected for beach renourishment/pass maintenance activities. The fact that dollars dedicated to park beach facilities were co-mingled with beach renourishment funds proved problematic in identifying compliance with beach renourishment reserve guidelines and in identifying funds available for park beach facilities. As a result the Park Beaches Fund (183) was established allowing staff to budget and financially account for revenues and expenditures devoted to park beach projects. The TDC Beach Capital Fund (195) became solely used to account for beach renourishment/pass maintenance projects and related activities and reserves.

On April 23, 2013, the Board authorized amendments to the Tourist Tax Ordinance revising the distribution of Tourist Taxes to Category A Beach projects. The overall distribution to beach parks and beach renourishment was reduced from 50% to 41.29% of TDC revenue. Within Category A the distribution to park beach facilities was reduced from 16.67% to 4.48% and the distribution to beach renourishment was increased from 33.33% to 36.82%.

Forecast FY 2014:

Forecast projects are identified in the table above. Forecast carry forward includes ongoing and unstarted project budgets rolled forward, reserves and the impact of a positive Tourist Tax revenue variance in FY 13.

FY 14 TDC tax revenue is forecast 10% over the adopted budget.

Current FY 2015:

New projects total \$863,100 as listed in the table above. Capital reserves are budgeted at \$7,875,500 and contingency reserves at \$86,300.

Revenues:

Revenue sources include interest income and TDC tax revenue and fund carry forward. TDC tax revenue is budgeted at a level consistent with the FY 14 forecast.

Notes:

In December 2005, the Board authorized the segregation of funds collected for park beach facilities from funds collected for beach renourishment/pass maintenance activities. The fact that dollars dedicated to park beach facilities were co-mingled with beach renourishment funds proved problematic in identifying compliance with beach renourishment reserve guidelines and in identifying funds available for park beach facilities. As a result the Park Beaches Fund (183) was established allowing staff to budget and account for revenues and expenditures devoted to park beach projects. The TDC Beach Renourishment Capital Fund (195) became solely used to account for beach renourishment/pass maintenance projects and related activities and reserves.

A \$13,200,000 reserve is being maintained for potential reimbursements to Federal and State agencies relative to overlapping reimbursement programs and project reimbursement issues that resulted in FEMA deobligating funds already received by the County.

Forecast FY 2014:

Forecast expenditures reflect the carry forward of project budgets established in FY 13 including \$10,420,000 for the major beach renourishment completed in January 2014.

Forecast revenue includes carry forward from FY 13. This carryforward includes funds budgeted for the major beach renourishment project, other project budgets and a favorable FY 13 Tourist Tax revenue variance. Current year TDC tax revenue is expected to exceed the FY 14 adopted budget by 10%.

Current FY 2015:

Construction projects programmed for FY 15 include a dredging of Clam Pass and a maintenance sized beach renourishment associated with damages from Tropical Storm Debbie. The balance of funding covers engineering and design phases of projects as noted, physical and biological beach and pass monitoring, ongoing beach maintenance activities and funding of \$692,000 plus a \$200,000 carryforward for the Naples Pier renovation project.

Reserves are distributed as follows:

Reserve for Capital-General \$2,611,200

Reserve for Catastrophe \$5,570,000

Capital Improvement Program

TDC Beach Renourishment/Pass Maintenance Capital (195)

Reserve for FEMA/DEP Contingent Reimbursement \$13,200,000.

Staff is proposing a change to the accumulation of Beach Renourishment reserves from an approach that allows for a major renourishment effort after six or seven years to an approach that allows for a maintenance sized renourishment every year or two with the \$2,500,000 that otherwise would be earmarked for a periodic Major Renourishment project reserve.

Revenues:

The principal source of revenue is TDC Category A funding (Beaches) representing approximately 35.8% of TDC taxes. FY 15 TDC tax revenue is budgeted at a level consistent with the FY 14 forecast. Carry forward is higher than budgeted FY 14 levels reflecting greater than anticipated TDC tax revenue, the completion of the recent Beach Renourishment at a lower cost than originally programmed and the closure of a number of completed project budgets allowing residual project funding to be reflected in budgeted carryforward.

Capital Improvement Program

Parks & Recreation Capital Projects (306)

Forecast FY 2014:

The Miscellaneous Revenues budgeted in the amount of \$1,120,000 represents the balance of the cost sharing agreement with the Naples Zoo for the improvements to the entrance and parking lot. The Naples Zoo will make its next payment (\$260,000) in June 2014 and the remaining three payments (\$860,000) will be made annually on the anniversary date of the initial payment (30 days from the issuance of the project's Notice of Commencement, dated May 2, 2013). This item was approved by the Board on November 12, 2012, agenda item 11H.

Notes:

On December 11, 2012, the Board reinstated the ongoing management responsibilities of Clam Pass to the Pelican Bay Service District.

Forecast FY 2014:

This capital fund primarily appropriates dollars for restoration and improvements to the Clam Bay Ecosystem. The basis of our accounting system on the expense side of the equation provides that forecast capital dollars always match the amended budget for any year. The exception is reserves. The difference between forecast or amended budget dollars and those dollars actually spent roll forward into the next fiscal year. This practice occurs until the project is closed out and dollars are re-appropriated. A project budget may also be amendment prior to closure re-directing current project dollars that may not be needed to either reserves or another ongoing project.

The primary active project is restoration of Clam Bay.

Current FY 2015:

No new projects are proposed. New money in the amount of \$153,900 will be added to the Clam Bay restoration project in furtherance of this initiative. Customary constitutional officer transfers are appropriated. A small reserve for future construction in the amount of \$11,700 is budgeted.

Revenues:

Funding for the restoration and Improvement of the Clam Bay ecosystem comes from special assessment revenue based upon equivalent residential units within the District as well as a transfer from the Unincorporated Area General Fund.

Capital Improvement Program

Clam Bay Restoration (320)

For FY 15, the equivalent residential unit assessment within fund (320) has decreased \$1.91 to \$15.58. There are a total of 7,614.29 equivalent residential units. The Unincorporated Area Fund transfer is projected to increase to \$50,000 from \$32,300 in FY 14. The district is requesting a transfer of \$150,000. A modest carryforward of \$8,800 is budgeted.

Forecast FY 2014:

This capital fund primarily appropriates dollars for restoration and improvements to the Pelican Bay hardscape, irrigation and other capital amenity projects. The basis of our accounting system on the expense side of the equation provides that forecast capital dollars always match the amended budget for any year. The exception is reserves. The difference between forecast or amended budget dollars and those dollars actually spent roll forward into the next fiscal year. This practice occurs until the project is closed out and dollars are re-appropriated. A project budget may also be amendment prior to closure re-directing current project dollars that may not be needed to either reserves or another ongoing project.

Main project dollars are associated with improvements to the Pelican Bay hardscape, restoration of the north berm, lake aeration, lake bank enhancements and traffic sign enhancements.

Current FY 2015:

New project dollars for FY 15 are associated with the ongoing hardscape initiative and berm/swale improvements. A new project designed to enhance and compliment county-wide beach renourishment and monitoring efforts is proposed in the amount of \$200,000. Customary transfers to the constitutional officers are budgeted. No reserves are budgeted.

Revenues:

This fund receives special assessment revenue as well as a customary transfer from Pelican Bay fund (109). Special assessment revenue per equivalent residential unit spiked to \$44.18 - and increase of \$16.68 from FY 14. This equates to assessment revenue totaling \$336,400. The

Capital Improvement Program

Pelican Bay Hardscape & Landscape Improvements (322)

customary transfer from fund (109) decreased to \$77,300 from \$210,000 in FY 14. Existing cash balance is sufficient to fund ongoing capital initiatives.

Collier County Government
Fiscal Year 2015 Adopted Budget - Capital Improvement Program

Capital Improvement Program

Stormwater Management Capital (325)

Mission Statement

Design, permit and construct capital improvement projects better managing and protecting the County's water resources. Projects improve flood control decreasing the probability of property damage from flooding, improve water quality and protect existing natural systems. The capital improvement program promotes and improves the quality of life in Collier County by managing and improving discharge to our estuaries and Outstanding Florida Waters. Provide supervision, engineering and coordination such that the projects are designed and constructed in a timely, efficient, and economical manner.

Forecast FY 2014:

Collier Blvd from Golden Gate Main Canal to Green Blvd. Widen 2 miles of Collier Boulevard from four to six lanes; providing bike lanes and a sidewalk on the west side of Collier Boulevard and greenway on the east side of the relocated canal. This project includes relocation of the 25th Ave S.W. bridge to the south. Currently Trip funding from FDOT # 4259741 in the amount of \$ 1,236,300 is slated to assist with ROW funding on this project.

Capital Improvement Program

Regional Pk Impact Fee-Incorp Area (345)

Mission Statement

Collier County's Regional Park Impact Fee was originally adopted in December 1988, to assist the County to pay for growth-related regional parks land, buildings and capital equipment. The Ordinance was repealed and replaced with the "Community & Regional Parks Impact Fee - Unincorporated Area" in May 1999. The Incorporated Areas are not assessed a Community Park Impact Fee, only the Regional Park Impact Fee. This fund was created to segregate the Incorporated impact fee collections and to track how they are spent. Impact fees are assessed and collected on residential new building construction permits.

Forecast FY 2014:

Intergovernmental Revenues budgeted in the amount of \$117,600 is a grant from US Dept of HUD, Economic Development Incentive (EDI) grant for Immokalee South Park Community Center replacement. Two payments have been received to date, with a balance of \$65,000 remaining.

Capital Improvement Program

Community & Regional Pk Impact Fee (346)

Current FY 2015:

On April 26, 2011, the Board authorized the reallocation of funding from various projects which were completed under-budget and diverted funding from other projects which were in the planning phase for sometime due to the current economic environment and placed this funding into a reserve to assure that debt service payments could be covered solely from impact fees (not loans from the General Fund) in the amount of \$3,790,700.

Collier County Government
Fiscal Year 2015 Adopted Budget - Capital Improvement Program

Capital Improvement Program

General Governmental Buildings Impact Fee (390)

Mission Statement

Collier County's General Government Building Impact Fee was originally adopted in March 2004. Impact fees are collected on new building construction to pay for growth-related general government facilities.

Notes:

Per the 3/29/2006 BCC Workshop with the Airport Authority and Economic Development Council, the General Fund (001) is to allocate \$750,000 per year for a total allocation of \$3,000,000 to be used as match money for grants to expand the Immokalee Airport (expand runway, instrumentation, resurfacing old runways and lighting). To date, \$2,250,000 has been transferred from the General Fund in fiscal years 2007 - 2009. Due to the budget constraints of the County, the fourth and final payment of \$750,000 has been deferred to future years. Below is a schedule of where the General Fund allocation has been distributed.

- \$ 105,905 Taxiway C project (expended).
- \$ 66,769 Land acquisition for runway extension (expended and budgeted)
- \$1,015,000 match for the USDA grant to construct a 20,000 sq ft manufacturing facility at the Airport (grant amount is \$495,000)
- \$ 9,984 match for the Apron Expansion (grant amount is \$236,708.75)
- \$ 165,584 Airport PUD (expended)
- \$ 435,220 ERP Phase II (expended and budgeted)
- \$ 70,230 ERP Phase IIA (expended and budgeted)
- \$ 58,730 Transfer to fund 499 - Grant for Immok 18/36 lights (expended and budgeted)
- \$ 88,838 Transfer to fund 499 - Grant for Immok runway pavement rehabilitation - design
- \$ 128,500 Transfer to fund 496 - MI Mitigation Maintenance and Monitoring (loan)
- \$2,144,760 Total amount allocated to projects.

<u>Information Technology Capital</u>		
50104	<p>800 MHz Upgrade</p> <p>Technology upgrades and scheduled replacement of site components. The technology upgrade will include an IP (Internet Protocol) based radio system command and control system and radio electronics for the dispatch console positions. This upgrade will allow the County's existing legacy radio system to be integrated with next generation standards based communication system during technology migration, improve interoperability with other agencies, and allow any vendor's radio products that comply with the technology standard to operate on the Collier system. The site component replacement includes three generators, three battery backup units, and two modular equipment shelters installed in 1995 when the radio system was implemented. These components have reached the recommended replacement age. Replacement is necessary to assure continued radio system reliability. The preliminary cost estimate is \$14.7 million. The project will be budgeted and the work will be performed over 5 years (FY14-FY18).</p>	3,900,000

<u>Libraries</u>		
54260	Books, Pubs & Library Mat (355) The purchase of new books and other reading materials resulting from new citizens moving into Collier County. Based on the 2013's AUIR (Annual Update Inventory Review) the estimated increase in population for FY 2015 multiplied by the level of service of 1.87 books per capita generated an expense of \$731,659. At this time, only \$225,000 has been budgeted for new materials.	225,000
54001	Books, Pubs. & Library Mat (301) The 2013 AUIR (Annual Update Inventory Report) reported a peak seasonal population county wide of 420,355 for FY 2015. Based on a level of service of 1.87 items in the Library collection per capita, the Library should have 786,064 items. New items are purchased out of impact fees however replacement items are to be funded by another source. It is estimated that 4 % of the items are replaced annually at an approximate cost of \$25.84 per item, total cost of \$812,500. Available General Fund funding for this project is \$250,000.	250,000
31355	Operating Project 355 Operating category funding for the Library Impact Fee Fund (355) is required for expenses not specifically part of a capital project. Typical expenditures of this type are impact fee refunds, administrative costs and impact fee studies.	30,000
99301ps	X-fers/Reserves - Fund 301 Public Services Library Impact Fee Fund requires a loan from the 1/3 of a mill equivalent General Fund capital allocation money. Annual impact fee revenue collections are not sufficient to pay next year's debt service payments.	679,000
99307	X-fers/Reserves - Fund 307 Residual funding from the construction of the Rose Hall Auditorium is being transferred (returned) to the Library Trust Fund 612.	1,600
99355	X-fers/Reserves - Fund 355 The Interfund Transfers and Reserves for the Library Impact Fee Fund 355 are for the following items: \$ 446,400 Series 2010B Bond debt service payment for the North Naples Regional Library-Transfer to 298 \$ 714,600 Series 2010 Bond debt service payment for the South Regional Library and the Golden Gate Library Expansion-Transfer to 298. \$ 393,800 Reserve for Debt Service The debt service payment (transfer to fund 298) for the North Naples Regional Library has a principal and interest payment due on October 1. This Reserve for Debt Service insures that the Library Impact Fee fund has sufficient cash on October 1 to make the required debt service payment.	1,554,800

51100	<p>Clam Bay Restoration</p> <p>Monitoring and maintenance activities to address the health of the mangroves and additionally, activities such as Clam Pass maintenance and water quality monitoring.</p> <ul style="list-style-type: none"> •Management Report. Report to be prepared annually that indicates outlines monitoring results and mangrove health. •Biological Monitoring of the Clam Bay System. This evaluates the biological health of the mangroves. This will include tracking growth, re-vegetation, seedling recruitment and other biological parameters through the annual monitoring of the established transects and plots throughout the system tracking long term trends, improvements and identifying declining areas. Ground monitoring will be performed in conjunction with an aerial photograph of the area. In addition, the monitoring of exotic plant species will be monitored and managed so that the percentage is kept below 1%. •Hydrographic Monitoring. Continued monitoring of the 4 recording tide gauges and tide staff gauges positioned throughout the Clam Bay System and water level gauges located in the Mangrove Forest and surveying of estuary creeks. •Exotic/Invasive Plant Control Program. A maintenance program to be implemented to control exotic plant material and nuisance plant material with the Clam Bay System. •Interior Channel Maintenance. Implement a maintenance program for the cleaning of the Clam Bay Interior Channels. There are approximately 40,000 L.F. of channels of which it is estimated 50% will require maintenance as field identified. •Beach Tilling. To comply with the permit requirements for dune restoration. 	153,900
50066	<p>Pelican Bay Hardscape Upgrades</p> <p>Design parameters are being established for the enhancement of the Pelican Bay streetscape that includes renovations to the landscape, sidewalks, street lighting and hardscape elements. These funds would begin the implementation of this project upon coordination with the Pelican Bay Services Division Board.</p>	85,100

FY 2015
 Adopted

Project# Project Title / Description

Solid Waste Capital

50105s	<p>Integrated Asset Management</p> <p>Purpose: Implement an Enterprise-wide Integrated Asset Management Program within the Public Utilities Division (PUD) that will more cost-effectively manage PUD assets. This multiyear program has three phases. Phase One (PUD pilot) is complete. Phase Two (RFP solicitation and vendor selection) is complete. Phase Three is in progress and is focused on procurement, implementation and integration of the selected software application with existing Agency wide systems of GIS, SAP, SCADA and many interdivisional processes including procurement and finance spanning five full scale implementation projects. Phase Three is anticipated to be approximately 27 months of actual implementation. Method: Through competitive Request for Proposal process. End State: A tangible GIS-based asset and work management system to guide predictive and preventative maintenance and consistent sustainable work practices that occur in a systematic manner, at less cost, and with less operational impact versus catastrophic failure.</p>	750,000
70108	<p>ITS Facilities Projects</p> <p>Purpose: To optimize the operating efficiency and increase the safety of the facility by completing projects relating to rehabilitation, replacement and optimization of HVAC Systems, roofs, security systems, and other vertical assets existing in the Immokalee Transfer Station (ITS). Also, to implement program to enhance the utilization and life cycle expectancy of the ITS by maintaining facilities in satisfactory operating condition by providing systematic inspection, detection, and correction of incipient failures either before they occur or before they develop into major defects. Method: Fixed term services contracts and/or competitive construction bids. End State: An enhanced and fully compliant ITS that will ensure safety for employees, and extend the life cycle of the facility and its vertical assets.</p>	25,000
59015	<p>Landfill Airspace Recovery</p> <p>Purpose: Fund the replacement of valuable landfill airspace as it is consumed by disposal activities – as outlined and approved by the Board of County Commissioners in the Integrated Solid Waste Management Strategy and as defined in the Solid Waste Sub-Element (Policy 2.4). The program may have some or all of the following components based on best available technology: fund eastern and western expansion including offsite storm water management and facility access; purchase property to develop a new landfill for future municipal solid waste disposal; cell reclamation; fund the implementation of innovative means for accelerating the decomposition of in-place waste at the existing landfill; or fund innovative programs to increase waste diversion in the future. Method: Fixed term and competitive negotiation. End State: Replace the landfill disposal capacity as approved in the Integrated Solid Waste Management Strategy by developing a new landfill, increasing disposal capacity, ensuring in-place additional infrastructure to extend the life of the landfill.</p>	300,000
70107	<p>Landfill Facilities Projects</p> <p>Purpose: To optimize the operating efficiency and increase the safety of the facility by completing projects relating to rehabilitation, replacement, and optimizations of HVAC Systems, roofs, security systems, and other vertical assets existing in the Solid Waste Landfill Facilities. Also, to implement a program to enhance the utilization and life cycle expectancy of the Collier County Landfill Facilities by maintaining facilities in satisfactory operating condition by providing systematic inspection, detection, and correction of incipient failures either before they occur or before they develop into major defects. Method: Fixed term services contracts and/or competitive construction bids. End State: An enhanced and fully compliant Collier County Landfill Facilities that will ensure safety for employees, and extend the life cycle of the facility and its vertical assets.</p>	50,000
59005	<p>Landfill Technical Support</p> <p>Purpose: Upgrade the facilities at the Collier County Landfill and the Immokalee Transfer Station that are the responsibility of the county to better serve and create a safer environment for the landfill customers. Planned FY15 projects include improving access roadways to better handle the heavy traffic entering the landfill, better customer access, landfill operating software upgrades, municipal solid waste debris removal system and removal of exotics. Method: Fixed-term services contracts and/or competitive construction bids. End State: Improved county facilities that will better serve the residential and commercial customers that utilize the landfill while diverting recyclables and hazardous waste material from the landfill.</p>	100,000

Project#	Project Title / Description	FY 2015 Adopted
<u>Solid Waste Capital</u>		
59009	<p>Northeast Recycling Drop-off Center</p> <p>Purpose: Provide a safe, convenient, neighborhood recycling center in Northeast Collier County to serve the recycling needs of the residents in that area as defined in the Solid Waste Sub-Element (Policy 1.3). This recycling center was approved as a part of the PUD and follows the Integrated Solid Waste Management Strategy in providing additional Recycling Drop-off Centers in the intermediate time-frame. Development of this new center will augment overall recycling efforts, save valuable landfill space and most importantly, remove hazardous waste from the environment. In doing so, it will help protect ground water and other environmental resources. The location is an 11-acre site just off Immokalee Road, east of the Fairgrounds. Funding for FY15 includes utilities, stormwater, roads, phased building construction and equipment. Method: Fixed-term contracts will be used to design and permit the facility; construction will be through competitive construction bid process. End State: Extend the life of the Collier County Landfill by diverting hazardous and recyclable materials from the landfill.</p>	1,000,000
59003	<p>Recycling Center Technical Support</p> <p>Purpose: Optimize the operating efficiency and increase the safety of facility operations by upgrading, modernizing and optimizing the existing recycling drop-off centers at Marco Island, Immokalee, Naples Airport, North Collier and Carnestown. Planned FY15 upgrades include household hazardous waste storage cabinets for Naples Airport (NARC) that provide fire protection and spill containment for the safe, temporary storage of flammable liquids, aerosols, pool chemicals, cleaning chemicals, paints, used oils, pesticides, fungicides, mercury-containing devices, propane tanks, medical sharps, pharmaceuticals, fluorescent bulbs, electronics and batteries; and safety cabinets for storage of pesticides and other flammable materials to comply with 29 CFR.1910 Hazardous Materials and FAC 69A-69 Florida Fire Prevention Code. Method: Fixed-term services contracts and/or competitive construction bids. End State: Upgraded recycling centers that will ensure safety for employees and customers, provide environmental protection for residents, and further extend the life of the landfill by diverting recyclable and hazardous materials from the landfill at increased volumes.</p>	100,000
59007	<p>Resource Recovery Business Park</p> <p>Purpose: Provide critical recycling functions such as staging for storm debris recovery operations, construction and demolition materials recycling, yard waste recycling, bio-solids processing, leachate management, special materials recycling and a materials recovery facility (MRF) in a centrally located facility north of the Collier County Landfill. The project contemplates a public/private mix of investment and operations to meet the goal of providing emerging and proven technology at "best value". It is located on a 344-acre parcel immediately north of the existing Collier County Landfill site. Fifty percent (50%) of the parcel will be set aside as preserve, consistent with the Department's "good neighbor" policy. Funding for FY15 includes mitigation, roadway construction and platting. Method: Competitive construction bid for initial site construction services. End State: A comprehensive resource recovery business park that will service the solid waste management operations, provide public/private partnership opportunities and extend the life of the landfill by reducing the solid waste stream to landfill.</p>	1,029,000
59001	<p>SHW Driveway Turn-around Program</p> <p>Purpose: To reinforce and widen residential driveways where hammerhead construction is not feasible. These reinforced driveways will allow solid waste franchise trucks to turn around in a safe manner. The reinforced driveways are also used by Emergency Medical Services, fire trucks, and school buses. Method: Competitive construction bid process. End State: Improved public safety by providing turn-around capabilities on public roads for solid waste collection vehicles so that the vehicles do not have to back out of dead-end streets.</p>	100,000
59024	<p>SHW Hammerhead Turn-around Program</p> <p>Purpose: Protect public safety by providing turn-around capability (hammerhead-shaped) on dead-end streets for solid waste collection vehicles. Constructing permanent hammerheads at the end of streets will allow solid waste franchisee trucks to turn around safely, thereby reducing property damage and the hazards caused by trucks backing down dead-end streets. The hammerheads are also used by Emergency Medical Services, fire trucks, and school buses. Funding for FY 15 will allow programming for 30 additional hammerheads. Method: Fixed-term contracts and competitive bids. End State: Improved public safety by providing turn-around capabilities on public roads for solid waste collection vehicles so the vehicles do not have to back out of dead-end streets.</p>	750,000

<u>Transportation</u>		
60037	Asset Management Provides funding for Growth Management's ongoing efforts to build and maintain an asset management system that is focused on optimizing the life cycle of GMD's infrastructure assets.	110,000
66066	Bridge Repairs and Construction A Countywide program to maintain the county bridges to acceptable standards in the best interest of health, safety and welfare of the public. All county bridges are inspected by Florida Department of Transportation (FDOT) and rated for Sufficiency and Health Index (SHI). Based on the information in the FDOT bridge inspection reports the bridges are further evaluated and prioritized by need for repair or replacement. These improvements are then identified and budgeted for in the 5-year work program for bridges.	5,948,000
60101	County Barn Rd, Rattlesnake to Davis The County Barn Road LASIP project contains safety improvements for the roadway to be constructed in conjunction with the storm water project. Those improvements include improving the Traffic control signal at the intersection of Rattlesnake Hammock Rd with County Barn, adding 5 foot safety shoulders on either side of County Barn and resurfacing the roadway.	2,500,000
60118	County Pathways Non-Pay in Lieu Sidewalk maintenance and repair not covered under the payment in lieu program. Cost associated with additional temporary construction engineering inspections (CEI) staff on Local Agency Program (LAP) sidewalk projects.	250,000
68056	CR951, GG Blvd to Green Blvd Collier Boulevard (CR981), Golden Gate Boulevard to Green Boulevard: Convert existing 4-lane divided roadway to 6-lanes (2.0 miles), including intersection improvements at both Green Boulevard and Pine Ridge Road / White Boulevard Intersections. Design, permitting, and right-of-way. Also, in FY 14, \$8 million is being transferred out to the Transportation Grant Match Fund 712 from the Gas Tax Fund 313 and Road Impact Fee Funds 331, 333 and 336 to match a grant from the Florida Department of Transportation, Transportation Regional Incentive Program (TRIP) grant #425840, for \$8 million. The TRIP grant will be budgeted, via a budget amendment in the Transportation Grant Fund 711, once the Board approves the grant documents.	8,579,000
60109	Enhanced Planning Consultant Services Provide Transportation Planning consulting services for a wide variety of transportation projects throughout the County.	200,000
60040	Golden Gate Blvd, Wilson to Desoto Golden Gate Boulevard, Wilson Boulevard to Desoto Boulevard: Convert existing 2-lane rural to 4-lane roadway.	12,223,100
60128	Limerock Road Conversion Program (111) There are approximately 87 countywide miles of limerock roads remaining to be converted to paved roads. (Approximately 42 miles in Golden Gate Estates alone.) It costs approximately \$75,000 to \$100,000 to pave a mile of limerock road with the pavement having an average lifespan of 25 years.	300,000
60114	Marco Island Projects An interlocal agreement between the City of Marco Island and Collier County to allow \$1,000,000 to be transferred to the City of Marco Island for 15 years with an annual transfer of \$500,000 on March 31 and June 30 of each year. Contract period FY03-FY17.	1,000,000
60077	Road Refurbishing Refurbishing of highway stripping, pavement, marking & raised pavement markers for county wide safety of the motoring public. May also include minor repairs of roadside swales, drainage, catch basins, culverts, underground drain pipes and ancillary drainage systems.	3,652,200
60131	Road Resurfacing (111) Road Resurfacing: Each year the condition of the county's roads is assessed and a priority system is used to determine which roads have the greatest need for re-surfacing. Overlay work generally involves the milling and removal of some of the existing asphalt. A fresh layer of asphalt is then applied to the roadway, which will also receive new lane markings. The road segments selected are based on an in-depth ranking system that accounts for wear and deterioration.	3,560,000

<u>Transportation</u>		
60183	Sign Retroreflectivity Requirements To upgrade existing highway signs to comply with current federal mandates set under section 23 CFR Part 655, Subpart F and 23 U.S.C. 109(d) 402 (a) which are established by both the Manual on Uniform Traffic Control Devices (MUTCD) and the Federal Highway Administration (FHWA). The following mandates have been established to insure that all signs meet the minimum retroreflectivity requirements for proper nighttime visibility and to better accommodate the aging drivers.	200,000
60163	Traffic Calming/Studies Traffic studies required to identify specific level of service (LOS) deficiencies and traffic calming.	50,000
60172	Traffic Signals Transportation traffic signal and roadway lighting improvements, includes upgrades to Traffic Management Center and traffic count equipment. Overseen by the Traffic Operations.	795,000
60116	US 41/SR 951 Consortium Design and construction at-grade improvements in the footprint of a future overpass of CR951 (Collier Boulevard) over US-41 (Tamiami Trail East), including PD&E Study, right-of-way acquisition, at-grade design and construction, permitting and mitigation; and future overpass design. The project is being funded by two (2) different funding sources. (1) A developer contribution agreement (DCA) in the amount of \$8.2 million; (2) money from the Florida Department of Transportation (Joint Participation Agreements 4252091 and 4281471 (JPA) grant) for resurfacing in the amount of \$13 million.	1,300,000
60130	Wall Barrier Replacement-60130 Replacement of County Maintained Noise and Barrier Walls: This project will replace walls at various County maintained locations. Currently 2 walls segments are in need of replacement to maintain their functionality and structural integrity: One on Livingston Rd from Radio Rd to Golden Gate Parkway, and the other is on Vanderbilt Drive from Goodlette Frank Rd to Airport Pulling Rd.	100,000
99313	X-fers/Reserves - Fund 313 The Interfund Transfers and Reserves for the Gas Tax Capital Fund 313 are for the following items: \$13,141,600 Series 2005/2014 & 2012 Gas Tax Revenue Bond - Transfer to fund 212 \$ 2,835,200 Transfer to fund 312 to fund the Transportation Engineering Department. \$ 2,000,000 Transfer to funds 425/426 to support the CAT Mass Transit System \$ 152,400 Reserve for Contingencies	18,129,200
99331	X-fers/Reserves - Fund 331 Reserve for contingencies and future capital projects are recorded in this project for the Road Impact Fee Fund 331.	2,025,000
99333	X-fers/Reserves - Fund 333 Reserve for contingencies and future capital projects are recorded in this project for the Road Impact Fee Fund 333.	265,400
99334	X-fers/Reserves - Fund 334 Reserve for contingencies and future capital projects are recorded in this project for the Road Impact Fee Fund 334.	626,900
99336	X-fers/Reserves - Fund 336 Reserve for contingencies and future capital projects are recorded in this project for the Road Impact Fee Fund 336.	1,590,300
99338	X-fers/Reserves - Fund 338 Reserve for contingencies and future capital projects are recorded in this project for the Road Impact Fee Fund 338.	535,600
99339	X-fers/Reserves - Fund 339 Reserve for contingencies and future capital projects are recorded in this project for the Road Impact Fee Fund 339.	2,381,400
99341	X-fers/Reserves - Fund 341 Reserve for Future Capital Projects is recorded in this project.	460,700
Total Transportation		66,781,800

Collier County Government
Fiscal Year 2015 thru 2019 Capital Improvement Program - Project Descriptions by CIP Category

Project#	Project Title / Description	FY 2015 Adopted
<u>Water / Sewer District Capital</u>		
70019	Backflow Device Installation Prog Purpose: To maintain compliance with Rule 62-555 of the Florida Administrative Code and the Collier County Cross Connection Control Ordinance. The rule requires all community water systems to establish and implement a routine cross-connection control program to detect and control cross-connections and prevent backflow of contaminants into the water system. Approximately 1,500 devices in various neighborhoods throughout the County are planned for installation in FY15. Method: Procure the devices through existing contracts and provide installation through a bid process or by staff as determined by the operating department. End State: Fully compliant and protected water supply system.	750,000
70051	Collections Power Systems TSP Purpose: Restore and rehabilitate electrical power systems through a Technical Support Program (TSP) for more than 800 pump stations to maintain compliance for routine operations and meet operational needs. Strategically placed generators and/or diesel engine pumps at approximately 80 additional locations are required to maintain compliance and provide service during storm events and power failures to critical facilities and near environmentally sensitive regions. These critical facilities service hospitals, nursing homes, and shelters. In FY14 several backup generators and diesel pumps were purchased to serve as temporary systems. Some of these units will be installed as permanent installations during FY 15 as funds are available. Backup power or backup pumping is planned for, but not limited to, the communities of Village Walk, Island Walk, Vineyards, Emerald Lakes and Naples Boulevard. Projects may also include, but are not limited to infrastructure in Basins 101, 305 and 306 as part of the Basin Program. Method: Utilize fixed-term engineering design and fixed term construction contracts and competitive bids. End State: Maintain compliance and meet operational demands. Ensure reliable operations and compliance during power outages.	500,000
70202	Collier County Utility Standards Purpose: Utilize design consultants to provide independent peer review of specific Collier County Water-Sewer District infrastructure detail drawings based on input and feedback from County staff and advisory committees. The Board of County Commissioners annually approves the Utility Standards Manual update. Method: Meet with the Utilities Discussion Group and Public Utilities Operating Departments to update the Utility Standards Manual. End State: That the Utility Standards Manual, as the Public Utilities principal technical guidance document, ensures that all utility-related construction meets county standards, that consistency is maintained, and that the utility continues to stay compliant with all state and federal regulations.	45,000
70071	County-wide Utility Projects-Water Purpose: Plan, design, and construct Collier County Water-Sewer District infrastructure driven by intra-county divisions. Upcoming projects include utility relocations driven by the LASIP Stormwater project, Collier Boulevard from Green Boulevard to Golden Gate Boulevard, and improvements to intersections and stormwater systems. Method: Fixed-term contracts and competitive bids or Joint Project Agreements with the Growth Management Division. End State: Interdivisional coordination with utility construction projects to maintain compliance and provide reliable services with minimal impact to the community.	100,000
73065	County-wide Utility Projects-WW Purpose: Plan, design, and construct Collier County Water-Sewer District infrastructure driven by intra-county divisions. Upcoming projects include utility relocations driven by the LASIP Stormwater project and improvements to intersections and stormwater systems. Method: Fixed-term contracts and competitive bids or Joint Project Agreements with the Growth Management Division. End State: Interdivisional coordination with utility construction projects to maintain compliance and provide reliable services with minimal impact to the community.	200,000
71067	Distribution Repump Station TSP Purpose: Provide annual Technical Support Program (TSP) funding for repairs and modifications to the secondary water distribution stations to meet demand and to remain in compliance. These stations include the following booster stations and storage tanks: Carica, Manatee, Isles of Capri, Goodland and Vanderbilt. FY15 projects include, but are not limited to, ground storage tank mixer installation and repair, Florida Department of Environmental Protection-required process modifications, emergency generator refurbishment, tank/structure weatherproofing, process building roofing, chemical process rehabilitation, and pump appurtenance rehabilitation. This is a multi-year program that addresses ongoing prioritized needs. Method: Fixed-term contracts and competitive bids. End State: Meet demand, remain in compliance and maintain reliability and safety.	800,000

Collier County Government
Fiscal Year 2015 thru 2019 Capital Improvement Program - Project Descriptions by CIP Category

Project#	Project Title / Description	FY 2015 Adopted
<u>Water / Sewer District Capital</u>		
72013	Fac Infrastructure Maint Wastewater Preventive Maintenance and O&M Program - Contractors to do regular preventive maintenance for wastewater facilities to include inspection of roofs, gates, garage doors, fences, HVAC, site, fire sprinklers, cameras, card access. Cost based on Facilities Assessment completed in February 2014.	450,000
70113	Fac Infrastructure Maint Water Preventive Maintenance and O&M Program - Contractors to do regular preventive maintenance for water facilities to include inspection of roofs, gates, garage doors, fences, HVAC, site, fire sprinklers, cameras, card access. Cost based on Facilities Assessment completed in February 2014.	350,000
75018	Financial Services Purpose: Utilize outside consultants to prepare feasibility reports, perform rate studies, asset valuations, and acquisitions. Method: Utilize a financial consultant to perform these required studies. The external consultants are utilized in situations where an independent perspective is required; or specialized financial analysis is needed. End State: Provide independent financial assessments to aid in business decision-making.	60,000
70044	Force Main Transmission Systems TSP Purpose: Restore, rehabilitate or replace aging wastewater force mains and install new force mains within the Collier County Water-Sewer District network consisting of 409 miles of pipe and more than 1,100 air release valves through a Technical Support Program (TSP) to maintain compliance and meet operational needs. Wastewater air-release valves are being rehabilitated to reduce the potential for sanitary service overflows (SSOs), to eliminate confined space access issues, to decrease maintenance costs and to provide a safe working environment for wastewater collections maintenance staff. This is a multi-year program that anticipates the renewal of 3-5 miles of piping and 150 air release valves per year on a prioritized basis. In FY15, a new force main will continue to be constructed as an essential second wastewater path to the SCWRF from Rattlesnake Hammock Road in order to provide system reliability, to avert a potential adverse environmental event and to allow for maintenance of the County's aging force main system. This project will include infrastructure improvements in Basins 101, 305 and/or 306 as part of the Basin Program as funds are available. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance and meet operational demands throughout the force main system.	4,600,000
71058	General Legal Services Purpose: Obtain expert legal counsel for water, wastewater, and reuse issues. Method: Issue work orders under a competitive agreement for legal services for complex or specialized legal tasks. End State: Provide appropriate legal representation for various complex or specialized water and wastewater related matters to stay in compliance.	100,000
70043	Gravity Transmission Systems TSP Purpose: Restore, rehabilitate and replace aging wastewater gravity sewers within the Collier County Water-Sewer District network of 685 miles of pipe and 16,408 manholes through a Technical Support Program (TSP) to maintain compliance and to meet operational needs. Program goals include the minimization of infiltration and inflow of storm and ground water into the wastewater collections system by restoring or replacing manholes, and lining or replacing underground pipes and service laterals. This is a multi-year program that anticipates the renewal of 5 miles of piping and 100 manholes per year on a prioritized basis. Wastewater Basin Analyses are performed to evaluate existing conditions, assess condition of wastewater assets, identify system deficiencies, and recommend collection system improvements on a bundled basis. The FY15 budget focus includes, but is not limited to Basins 101, 305 and 306 as part of the Basin Program. Specifically, in FY15 the wastewater collection system along Vanderbilt Drive between Vanderbilt Beach Road and 111th Street and the finger streets to the west are scheduled to be replaced in conjunction with the water main replacement program and the planned MSTU community improvements. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance and meet operational demands throughout the gravity system.	5,900,000

Collier County Government
Fiscal Year 2015 thru 2019 Capital Improvement Program - Project Descriptions by CIP Category

Project#	Project Title / Description	FY 2015 Adopted
<u>Water / Sewer District Capital</u>		
50105	Integrated Asset Management Purpose: Implement an Enterprise-wide Integrated Asset Management Program within the Public Utilities Division (PUD) that will more cost-effectively manage PUD assets. This multiyear program has three phases. Phase One (PUD pilot) is complete. Phase Two (RFP solicitation and vendor selection) is complete. Phase Three is in progress and is focused on procurement, implementation and integration of the selected software application with existing Agency wide systems of GIS, SAP, SCADA and many interdivisional processes including procurement and finance spanning five full scale implementation projects. Phase Three is anticipated to be approximately 27 months of actual implementation. Method: Through competitive Request for Proposal process. End State: A tangible GIS-based asset and work management system to guide predictive and preventative maintenance and consistent sustainable work practices that occur in a systematic manner, at less cost, and with less operational impact versus catastrophic failure.	2,078,000
74030	IQ Aquifer Storage and Recovery Purpose: Plan, design, construct and test the Aquifer Storage and Recovery (ASR) system located at the Livingston Road wellfield north of Immokalee Road. Construction of Well #1 is complete, and construction of Well #2 will be complete in FY14. FY15 funds will be used to support Well #1 and #2 cycle testing to determine how much IQ water can be recovered from the ASR system and to establish the initial ASR operations protocol. Method: Utilize existing fixed term contracts to provide professional engineering guidance. End State: Reliable Irrigation Quality (IQ) ASR system compliant with the FDEP rules.	500,000
70056	IQ Power Systems TSP Purpose: Restore and rehabilitate the electrical power systems, including switchgear, breakers, and motor control centers that have reached the end of their useful life, within the Irrigation Quality (IQ) water distribution system through a Technical Support Program (TSP) to maintain compliance and meet operational needs. There are six pump stations in the IQ system, each containing two to six pumps. Each pump requires electrical power systems to operate. This is a multi-year program that will repair and/or replace 10 to 20-year-old electrical control panels and switch boards as needed. In FY15, the program will focus on pump station modifications. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance and reliable operations.	100,000
70062	IQ Systems SCADA TSP Purpose: Provide telemetry communications and Supervisory Control and Data Acquisition (SCADA) systems at eight remote Irrigation Quality (IQ) water sites in order to more accurately and efficiently manage and comply with contractual terms and conditions, including allotments of IQ water delivered per Florida Department of Environmental Protection (FDEP) permits. Also, restore and rehabilitate the SCADA systems in other portions of the IQ system through a Technical Support Program (TSP) to eliminate obsolescence of existing programmable logic controllers (PLCs), communication network and protocol specifications and various pieces of instrumentation used to monitor and control the process. This is a multi-year program that will increase reliability, sustainability, and operational efficiency. There are 51 PLCs in the IQ system with an average of five being replaced per year with a replacement priority based on fiber optic network availability. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance and reliability throughout the IQ SCADA system.	300,000
74401	IQ Water System TSP Purpose: Restore, rehabilitate and install infrastructure of the Irrigation Quality (IQ) water system needed to meet customer demand, and contractual and regulatory compliance through a multi-year Technical Support Program (TSP), including the rehabilitation of 5 IQ pump stations, isolation valves, and air release valves, as well as meters, pumps, and motors. This program allows operations to accurately measure water sold, ensuring accurate revenue generation; delivers water to the customer per contractual agreements; and, allows for system isolation for regulatory compliance. As the reclaimed water system is more than 20 years old; these projects are necessary to maintain the distribution system in working condition. FY15 projects include, but are not limited to: flow meter and valve replacement, Point of Delivery equipment installations, and Eagle Lakes pond site maintenance. Method: Fixed-term contracts and competitive bids. End State: Remain in contractual and regulatory compliance, meet customer demand, and improve system efficiency.	500,000

Collier County Government
Fiscal Year 2015 thru 2019 Capital Improvement Program - Project Descriptions by CIP Category

Project#	Project Title / Description	FY 2015 Adopted
<u>Water / Sewer District Capital</u>		
70109	Lime Treatment TSP Purpose: Design and construct improvements to the lime softening treatment process at the SCRWTP utilizing technology improvements that have occurred since the initial plant design in the early 1980's. Work in FY15 to include recarbonation process rehabilitation, reactor tank replacement and/or repair, filter reconstruction and piping and appurtenance replacements. This project will permit an increase in the flexibility in the operation of the plant to avoid single failure points in permitted capacity. Method: Through fixed-term contracts and competitive bids. End State: Meet demand and remain in compliance, achieve energy efficiencies, and maintain reliability.	400,000
70050	Master Pump Station TSP Purpose: Restore, rehabilitate, rebuild and install high-priority wastewater master pump stations within the installed-base of 22 locations through a Technical Support Program (TSP) to maintain compliance and meet operational needs. Rehabilitations include mechanical, electrical, and structural components such as pumps, motors, pipes, wet wells, odor control, containment, structures, lighting, and fencing. In FY15, focus will be placed on the design and construction of the interim Heritage Bay Master Pump Station and the rehabilitation of MPS 303 and MPS 304. Work may also occur in Basins 101, 305 and 306 as part of the Basin Program. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance and meet operational demands of wastewater master pump stations.	3,500,000
70010	Meter Renewal and Replacement Purpose: This multi-year program consists of replacing water meters that have reached the end of their useful life and have decreased accuracy. There are approximately 55,800 meters in the system that record water usage, and are thus the source of revenue for the utility. All meters three inch and larger are tested and calibrated annually with replacements scheduled on a rotating basis. In FY15, approximately 8,000 small meters and 30-50 large meters are to be replaced depending on age and service life. Scheduled replacement will be modified as needed to remain consistent with the results of the meter audit and other approved programs such as Project 71010, Distribution System Rehabilitation. In general, this project replaces water meters that have reached the end of their useful life, and meters that have been identified during the meter audit program as being non-compliant. Method: Fixed term contracts for purchases and replacements with a portion of installation by staff. End State: Remain in compliance with Florida Administrative Code 62-555, Ordinance 201-73, and sustain an accurate measurement of customer water usage for accurate billing.	2,300,000
70111	NCRWTP Facilities Projects Purpose: To optimize the operating efficiency and increase the safety of the facility by completing projects relating to rehabilitation, replacements, and optimizations of HVAC Systems, roofs, electrical and fire systems, and other vertical assets existing in the North County Regional Water Treatment Plant (NCRWTP). This will enhance the utilization and life cycle expectancy of the NCRWTP by maintaining facilities in satisfactory operating condition by providing systematic inspection, detection, and correction of incipient failures either before they occur or before they develop into major defects. Method: Fixed term services contracts and/or competitive construction bids. End State: An enhanced and fully compliant NCRWTP that will ensure safety for employees, and extend the life cycle of the facility and its vertical assets.	100,000
71055	NCRWTP SCADA TSP Purpose: Restore and rehabilitate the supervisory control and data acquisition (SCADA) systems for the North County Regional Water Treatment Plant (NCRWTP) through a multi-year Technical Support Program (TSP). This program eliminates obsolescence of existing programmable logic controllers (PLCs), and various instrumentation used to monitor and control plant processes and communicate throughout the plant. The FY15 plan includes, but is not limited to, the replacement of 4 of 13 PLCs and remote input/output units at this facility along with associated instrumentation, communication network and hardware rehabilitation. Focus will be on the electrical service room and external control stations outside the main facility. Method: Through fixed-term contracts and competitive bids. End State: Maintain compliance and reliable operation of the treatment process.	200,000

<u>Water / Sewer District Capital</u>		
71066	<p>NCRWTP Technical Support Program</p> <p>Purpose: Provide annual Technical Support Program (TSP) funding for safety related projects, repairs and modifications needed to meet demand and to remain in compliance at the North County Regional Water Treatment Plant (NCRWTP). This facility produced approximately 3.2 billion gallons of treated water in 2013. The major pieces of equipment needed to be kept operational are: 8 cartridge filters, 6 transfer pumps, 6 high service pumps, 10 treatment skids, 3 concentrate wet well pumps, 4 degasification and odor control trains, and 4 generator sets. Projects in FY15 include the replacement of various piping elements, valves, meters, pumps and other components; chemical process replacement; weatherproofing, rustproofing, corrosion control and coatings; material storage areas, and safety-driven projects. This is a multi-year program that addresses ongoing prioritized needs. Method: Fixed-term contracts and competitive bids. End State: Meet demand, maintain reliability, ensure safety of plant staff, and remain in compliance.</p>	635,000
72011	<p>NCWRF Facilities Projects</p> <p>Purpose: To optimize the operating efficiency and increase the safety of the facility by completing projects relating to rehabilitation, replacement and optimizations of HVAC Systems, roofs, electrical and fire systems, and other vertical assets existing in the North County Water Reclamation Facility (NCWRF). Also, to implement a program to enhance the utilization and life cycle expectancy of the NCWRF by maintaining facilities in satisfactory operating condition by providing systematic inspection, detection, and correction of incipient failures either before they occur or before they develop into major defects. Method: Fixed term services contracts and/or competitive construction bids. End State: An enhanced and fully compliant NCWRF that will ensure safety for employees, and extend the life cycle of the facility and its vertical assets.</p>	100,000
70053	<p>NCWRF Power Systems TSP</p> <p>Purpose: Restore and rehabilitate electrical power systems that have reached the end of their useful life at the North County Water Reclamation Facility (NCWRF) through a Technical Support Program (TSP) to maintain compliance and meet operational needs. Within the MLE portion of the facility, there are 10 motor control centers (MCCs), 250 circuit breakers, 15 transformers, 20 motors, 20 variable frequency drives (VFDs) and soft-starters, 10 distribution panels, and 4 generator sets with automatic transfer switches. Within the Orbal (north) portion of the facility, there are 5 MCCs, 100 circuit breakers, six transformers, 10 motors, 10 VFDs and soft-starters, 7 distribution panels, and 2 generator sets with automatic transfer switches. This is a multi-year program. FY15 includes, but is not limited to: replacing or rehabilitating VFDs, replacing worn circuit breakers, rebuilding generator sets and renovating generator enclosures. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance, meet demand, achieve energy efficiencies, and sustainability.</p>	427,000
70060	<p>NCWRF SCADA TSP</p> <p>Purpose: Restore and rehabilitate the Supervisory Control and Data Acquisition (SCADA) systems for the North County Water Reclamation Facility (NCWRF) through a Technical Support Program (TSP) to eliminate obsolescence of existing programmable logic controllers (PLCs) and various instrumentation used to constantly monitor and control the treatment process. This program will increase reliability, sustainability, and operational efficiency. This is a multi-year program for the upgrading of 25 PLCs at this facility. In FY 15, engineering design will begin for upgrading 5 PLCs located near the plant influent holding tanks, RML pumping systems and aeration basins that are nearing obsolescence, as well as PLCs that are currently not connected to the SCADA network. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance and reliability throughout the NCWRF SCADA system.</p>	300,000

<u>Water / Sewer District Capital</u>		
73968	NCWRF Technical Support Program Purpose: Provide planned repairs and modifications needed to meet demand and remain in compliance at the North County Water Reclamation Facility (NCWRF) through a multi-year Technical Support Program (TSP). This facility is densely packed on 76-acres and treats approximately 3 billion gallons of wastewater per year. Two separate treatment processes (MLE and Orbal) each produce high quality Irrigation Quality (IQ) water. The major pieces of equipment that need to be kept operational include the pretreatment structure with 4 screens, 4 grit removal mechanisms and 5 influent channels, 12 MLE aeration basins, 3 orbal oxidation ditches, 9 clarifiers, 20 filters, and 10 disinfection chambers. There are 4 mechanical screens and grit chambers, 7 odor control units, 7 blowers, 200 pumps, 150 valves, 40 flow meters, 32 analyzers, 8 chemical storage/distribution systems, 5 IQ water storage ponds, 5 belt presses, and 4 holding tanks. Project needs identified in FY15 include but are not limited to the restoration and rehabilitation of filter set #2, RAS/WAS pump and VFD replacement, minor operations building renovations and sludge holding tank lining replacement. In addition, plan, design and construct biosolids processing and treatment facility improvements. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance, meet demand, achieve energy efficiencies, and maintain sustainability.	2,860,000
31411	Operating Project 411 Operating category funding for the Water Capital Impact Fee Fund 411 is required for expenses not specifically part of a capital project. Typical expenditures of this type are impact fee refunds and administrative costs. FY15 budgeted expenditures are primarily prior year impact fee reimbursements related to the Special Act Refund Program and approved alternative impact fee calculations.	30,000
31413	Operating Project 413 Operating category funding for the Wastewater Capital Impact Fee Fund 413 is required for expenses not specifically part of a capital project. Typical expenditures of this type are impact fee refunds and administrative costs. FY15 budgeted expenditures are primarily prior year impact fee reimbursements related to the Special Act Refund Program and approved alternative impact fee calculations.	130,000
72505	Physical/Cyber Security-Wastewater Purpose: Multi-year program to provide both physical and virtual assessments of assets that are imbedded in critical compliance-driven operations, including physical access points such as gates, fences, card access and recording devices, as well as cyber threats such as network intrusion and cyber hacking that could directly impact operations. Evaluate and prioritize mitigation to resolve risk and exposure to maintain compliance with Department of Homeland Security requirements and sustainability of existing levels of service. Method: Internal resources and through fixed-term contracts. End State: Compliant and secure infrastructure.	50,000
71009	Physical/Cyber Security-Water Purpose: Multi-year program to provide both physical and virtual protection of assets that are imbedded in critical compliance-driven operations, including physical access points such as gates, fences, card access and recording devices, as well as cyber threats such as network intrusion and cyber hacking that could directly impact operations. Evaluate and prioritize mitigation to resolve risk and exposure to maintain compliance with Department of Homeland Security requirements for public water supply systems and sustainability of existing levels of service. Method: Internal resources and through fixed-term contracts. End State: Compliant and secure infrastructure.	200,000
75017	Public Utilities Hydraulic Analyses Purpose: Provide hydraulic evaluation and analysis of water, wastewater and irrigation quality water infrastructure. Hydraulic models are used to verify availability for Planned Unit Developments, concurrency, and master planning. Models are also used by operations to predict pressures, flow rates, and water quality under varying conditions; they are essential for determining the appropriate emergency response in the event of pipe breakage. Flows can be modeled and redirected with minimum disruption to the community. Hydraulic analysis will identify opportunities for cost-savings resulting from pump station operations, diurnal curve management, pressure management, and pipe sizing. Method: Fixed-term contracts. End State: Maintained compliance and operations through this current year execution of a multi-year program.	65,000

<u>Water / Sewer District Capital</u>		
70112	<p>PUOC Facilities Projects</p> <p>Purpose: To optimize the operating efficiency and increase the safety of the facility by completing projects relating to rehabilitation, replacements, and optimizations of HVAC Systems, roofs, electrical and fire systems, and other vertical assets existing in the Public Utilities Operation Center (PUOC). This will enhance the utilization and life cycle expectancy of the PUOC by maintaining facilities in satisfactory operating condition by providing systematic inspection, detection, and correction of incipient failures either before they occur or before they develop into major defects. Method: Fixed term services contracts and/or competitive construction bids. End State: An enhanced and fully compliant PUOC that will ensure safety for employees, and extend the life cycle of the facility and its vertical assets.</p>	250,000
70014	<p>Real Property/Infrastructure Audit</p> <p>Purpose: Ensure that all Collier County Water-Sewer District assets are located within County Utility Easements. Where this is not the case, the County does not have the legal right to construct projects or perform maintenance required to remain in compliance and to serve the District's customers. Method: Coordinate with appropriate departments to verify asset locations in existing geographical information system (GIS) layers. Coordinate with Real Property Management to locate easement interest documents, upload into the document management system (DMS), and plot locations in GIS. Compare easement interests with asset locations on GIS to determine if additional easements are required. End State: Confirm all assets reside within appropriate easements, and obtain additional easements where needed.</p>	100,000
71056	<p>SCADA Compliance - Water</p> <p>.Purpose: Multi-year program to acquire, manage and maintain 7 software applications, 4 licenses and 2 support agreements for Supervisory Control and Data Acquisition (SCADA) systems used throughout the Water Department. Method: Maintain technology, security, and licensing of critical control system infrastructure that manages production processes ensuring water quality and Level of Service Standards to customers. End State: All critical control systems are maintained, compliant and secure to facilitate continued production of quality products.</p>	60,000
72541	<p>SCADA Compliance - WW</p> <p>Purpose: Multi-year program to acquire, manage and maintain 7 software applications, 4 licenses and 3 support agreements for Supervisory Control and Data Acquisition (SCADA) systems used throughout the Wastewater Department to maintain compliance and meet demand. Software that requires annual agreements are used for SCADA, Programmable Logic Controllers, pump management, variable frequency drives, and communications management. Method: Fixed term contracts and existing annual contract renewals. End State: All critical control systems are maintained, compliant and secure to facilitate continued production of quality products.</p>	60,000
70110	<p>SCRWTP Facilities Projects</p> <p>Purpose: To optimize the operating efficiency and increase the safety of the facility by completing projects relating to rehabilitation, replacements, and optimizations of HVAC Systems, roofs, electrical and fire systems, and other vertical assets existing in the South County Regional Water Treatment Plant (SCRWTP). This will enhance the utilization and life cycle expectancy of the SCRWTP by maintaining facilities in satisfactory operating condition by providing systematic inspection, detection, and correction of incipient failures either before they occur or before they develop into major defects. Method: Fixed term services contracts and/or competitive construction bids. End State: An enhanced and fully compliant SCRWTP that will ensure safety for employees, and extend the life cycle of the facility and its vertical assets.</p>	100,000
70102	<p>SCRWTP SCADA TSP</p> <p>Purpose: Restore and rehabilitate the supervisory control and data acquisition (SCADA) systems for the South County Regional Water Treatment Plant through a multi-year Technical Support Program. This program is needed to eliminate obsolescence of existing programmable logic controllers (PLCs) and various instrumentation used to constantly monitor and control the many processes and communicate throughout the water treatment plant. There are 28 PLCs at this facility with 8 PLCs and associated instrumentation planned to be replaced per year focusing on management of the core communication networks and completing RO skid PLC migration. Method: Through fixed-term contracts and competitive bids. End State: Maintain compliance and reliable operations.</p>	200,000

71065	<p>SCRWTP Technical Support Program</p> <p>Purpose: Provide annual Technical Support Program (TSP) funding for safety related projects, repairs and modifications needed to meet demand and to remain in compliance at the South County Regional Water Treatment Plant (SCRWTP). This facility produced over 5 billion gallons of treated water in 2013. The major pieces of equipment needed to be kept operational are: 8 cartridge filters, 5 transfer/blend pumps, 10 high service pumps, 10 treatment skids, 8 degasification towers, 4 odor control trains, 6 generator sets, 3 lime reactors, 6 media filters, sludge thickener and belt press. Projects planned for FY15 include the replacement of chemical feed lines and components, check valves, valves, pumps and piping appurtenances, conduits and wiring; waterproofing of various chemical storage tanks and impoundment areas; repair and/or replacement of odor control pumps and components; site improvements repair; and safety-driven projects. This is a multi-year program that addresses ongoing prioritized needs. Method: Fixed-term contracts and competitive bids. End State: Meet demand, maintain reliability, ensure safety of plant staff, and remain in compliance.</p>	650,000
72012	<p>SCWRF Facilities Projects</p> <p>Purpose: To optimize the operating efficiency and increase the safety of the facility by completing projects relating to rehabilitation, replacement, and optimizations of HVAC Systems, roofs, electrical and fire systems, and other vertical assets existing in the South County Water Reclamation Facility (SCWRF). Also, to implement a program to enhance the utilization and life cycle expectancy of the SCWRF by maintaining facilities in satisfactory operating condition by providing systematic inspection, detection, and correction of incipient failures either before they occur or before they develop into major defects. Method: Fixed term services contracts and/or competitive construction bids. End State: An enhanced and fully compliant SCWRF that will ensure safety for employees, and extend the life cycle of the facility and its vertical assets.</p>	100,000
70055	<p>SCWRF Power Systems TSP</p> <p>Purpose: Restore and rehabilitate the electrical power systems that have reached the end of their useful life at the South County Water Reclamation Facility (SCWRF) through a Technical Support Program (TSP) to maintain compliance and meet operational needs. There are 14 Motor Control Centers (MCCs), 100 breakers, 10 transformers, 20 motors, 20 VFDs and soft-starters, 6 distribution panels, and 4 generator sets with automatic transfer switches. This is a multi-year program that rehabilitates 2 generators and replaces the associated 12-year-old switch gear. FY15 plans include, but are not limited to: upgrade of IQ pump station MCCs, Rotork actuators on valves that presently do not have motor operation and clarifier motor upgrades. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance, meet demand, achieve energy efficiencies, and sustainability.</p>	325,000
70061	<p>SCWRF SCADA TSP</p> <p>Purpose: Restore and rehabilitate the Supervisory Control and Data Acquisition (SCADA) systems for the South County Water Reclamation Facility (SCWRF) through a Technical Support Program (TSP) to eliminate obsolescence of existing programmable logic controllers (PLCs) and various instrumentation used to constantly monitor and control the treatment process. This program will increase reliability, sustainability, and operational efficiency. This is a multi-year program. There are 17 PLCs at this facility with 3 PLCs that are currently not visible by plant SCADA operations which are planned to be replaced and integrated. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance and reliability throughout the SCWRF SCADA system.</p>	300,000
73969	<p>SCWRF Technical Support Program</p> <p>Purpose: Provide planned repairs and modifications needed to meet demand and to remain in compliance at the South County Water Reclamation Facility (SCWRF) through a multi-year Technical Support Program (TSP). This facility is located on 48-acres in a residential area, and treats approximately 2.6 billion gallons of wastewater per year. The major pieces of equipment that need to be kept operational include a pretreatment structure with 5 channels, 14 MLE aeration basins, 4 clarifiers, 8 filters, and 4 disinfection chambers. This facility also includes 3 mechanical screens, 4 grit chambers, 4 odor control units, 8 blowers, 60 pumps, 120 valves, 25 flow meters, 25 analyzers, 5 chemical storage/distribution systems, 1 IQ water storage pond, 5 belt presses, and 2 holding tanks. FY15 needs include, but are not limited to the restoration and rehabilitation of: disinfection chambers, clarifier structural and mechanical components, IQ pumping facilities and energy efficient turbo blower installation. In addition, plan, design, and construct biosolids processing and treatment facility improvements. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance and meet demand.</p>	3,025,000

Collier County Government
Fiscal Year 2015 thru 2019 Capital Improvement Program - Project Descriptions by CIP Category

Project#	Project Title / Description	FY 2015 Adopted
<u>Water / Sewer District Capital</u>		
70031	Utilities Master Plan Purpose: Utilize consultants to assist with updates to the Utilities Master Plan, including coordination with the rate study program, and the annual CIP update aimed at responsible system growth, maintenance and preservation. Method: Utilization of RFP and existing fixed term contracts; retain a qualified consultant to prepare and update master plans, rate study collaboration and CIP validation. End State: The Master Plans, CIP and rate study will remain concurrent with the latest population trends concurrent with GMD Comprehensive Planning guidance and the needs of all Public Utilities Operating Departments.	10,000
71063	Variable Frequency Drives TSP Purpose: Systematically replace obsolete variable frequency drives (VFDs) at the Water Plants and secondary stations. Method: Through fixed-term contracts and competitive bids. End State: Meet demand and remain in compliance, achieve energy efficiencies, and maintain reliability.	150,000
70046	Wastewater Pump Station TSP Purpose: Restore, rehabilitate, install and/or relocate high-priority pump stations and community pump stations within the installed-base of more than 800 locations. This is a multi-year Technical Support Program (TSP) that includes the renewal of approximately 10 stations per year, including mechanical, electrical, and structural components such as pumps, motors, pipes, valves, wet wells, odor control, electrical controls, containment, structures, lighting, and fencing. FY15 focus includes, but is not limited to Basins 101, 305 and 306 as part of the Basin Program. Based on current rehabilitation schedules wastewater pump stations will be restored once every 50 years. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance and meet operational demands of wastewater pump stations.	1,300,000
71010	Water Distribution System TSP Purpose: A multi-year Technical Support Program (TSP) that provides replacement of water distribution system assets that have reached the end of their useful life and the installation of fire hydrants and water mains that improve fire protection and water quality. There are 880 miles of water piping, with plans to rehabilitate or replace 3-6 miles per year, on a prioritized basis, focused on asbestos-concrete pipe and ancillary water appurtenances, iron water mains identified as having excessive corrosion, and PVC piping with excessive breaks. Method: Utilize existing fixed-term underground contracts or competitive bidding for installation and fixed-term engineering services contracts for design. FY15 planned projects include the following areas: Vanderbilt Beach Road, Hickory Road, US 41, Wiggins Pass Road, Bonita Shores, Naples Park, Tall Pines, Barron Collier High School, White Lake, areas identified in the corrosion control study, continued asbestos-concrete pipe replacement, various locations to improve reliability at school sites and projects for looping that will enhance fire protection and water quality. End State: Sustain compliance and meet demand with reliability through continued proactive maintenance and replacement of the water distribution system assets.	8,000,000
75005	Wellfield Management Program Purpose: Provide consultant engineering support to assist in the monitoring of the aquifer conditions in the existing wellfields (the Tamiami, the North Reverse Osmosis, and the South Reverse Osmosis, with a total of 101 production wells and 24 monitoring wells in the system), and planning for future wellfields. This program provides assistance with review of regulatory changes to water withdrawal permits, regulatory reporting, permit modification and renewal, and hydrogeological expertise and support. The Wellfield Management Program also provides engineering design for necessary repairs and rehabilitation projects to maintain a reliable and sustainable raw water supply. This is a multi-year project that will be needed throughout the life of the wells. Method: Through the existing wellfield contract. End State: Ensure sustainable aquifer yield while planning for future system demand.	150,000
70084	Wellfield SCADA TSP Purpose: Rehabilitate the supervisory control and data acquisition systems (SCADA) for the well fields that supply raw water to the north and south treatment plants through a multi-year Technical Support Program (TSP) to increase reliability and operational efficiency. This program is needed to eliminate obsolescence of existing programmable logic controllers (PLCs) and various instrumentation used to constantly monitor the process and communicate with the water plants. There are 101 well sites with 72 PLCs and communication networks throughout the wellfield. This program will upgrade communication methods to more consistent and reliable standards. FY15 will focus on communication and control hardware in the North Hawthorn and Lower Tamiami wellfields. Method: Through fixed-term contracts and competitive bids. End State: Maintain compliance and reliability throughout the wellfield SCADA system.	300,000

Collier County Government
Fiscal Year 2015 thru 2019 Capital Improvement Program - Project Descriptions by CIP Category

Project#	Project Title / Description	FY 2015 Adopted
<u>Water / Sewer District Capital</u>		
70085	Wellfield TSP Purpose: Provide annual Technical Support Program (TSP) funding for repairs and modifications needed to meet demand and to remain in compliance. Projects include ongoing restoration and rehabilitation to maintain water production capabilities at 101 individual production wells (well pump replacement, casing and tubing replacement, metering, electrical and mechanical rehabilitation); within the 41 miles of raw water piping system (valve and main rehabilitation, air release valve installation); and at both raw water booster pump stations (pump and control rehabilitation, building maintenance). Projects for FY15 include the rehabilitation of various pumps, meters, check valves, valves, electrical components, and piping components throughout the wellfield system. This is a multi-year program that addresses ongoing prioritized needs. Method: Fixed-term contracts and competitive bids. End State: Meet demand and remain in compliance, maintain production capabilities and reliability.	1,300,000
72009	Western Interconnect Purpose: Plan, design and construct wastewater force mains for a western interconnection of the wastewater transmission system within the Collier County Water-Sewer District through an ongoing program to maintain compliance and meet operational needs. This program will be built in phases ultimately running along Livingston Road from Radio Road north to Immokalee Road. In FY15, a new force main will continue to be constructed near Golden Gate Parkway as an essential wastewater path to the NCWRF from the South County Service Area in order to provide system reliability, to avert a potential adverse environmental event and to allow for maintenance of the County's aging force main system. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance and meet operational demands throughout the force main system.	2,400,000
70034	WTP Structural Rehabilitation Purpose: Rehabilitate concrete structures at the Regional Water Treatment Plants (WTPs). Portions of the plants are over 30 years old and their concrete structures have started to exhibit failure. Planned projects in FY15 include safety or compliance related issues and the following areas at each of the plants: north plant--generator enclosure, concentrate wetwell, transfer pump building, process flooring, clearwell, wetwell and concrete structural supports; south plant--chemical containment, ground storage tanks, process flooring, generator building, lime plant building, blending tank, and clearwell. Method: Utilize existing fixed-term contracts for design and contract for construction through fixed-term contracts. End State: Maintain compliance with regulatory requirements and meet demand throughout the water system.	400,000
73922	WW Collections SCADA/Telemetry Purpose: Restore and rehabilitate the Supervisory Control and Data Acquisition (SCADA) systems for the Collections System through a Technical Support Program (TSP) to ensure compliance and provide operational control. SCADA upgrades are being implemented to control VFDs within the wastewater collection system. The program includes repair and replacement of SCADA equipment including transmitter control units (TCUs) and antennas at more than 750 pump stations, and storm-hardening of the central SCADA systems at the Wastewater Collections office on Shirley Street, and providing a resilient mission critical system that maintains compliance of the entire county's wastewater infrastructure. This is a multi-year program that includes replacing approximately 5 of the 750 TCUs in FY14. Method: Fixed-term contracts and competitive bids. End State: Maintain compliance and reliability throughout the Collections SCADA system.	50,000
99411	X-Transfers/Reserves/Interest - Fd 411 The Interfund Transfers and Reserves are recorded in this project. Transfer to the Water-Sewer Debt Service Fund is for the payment of various growth related water capital improvements paid from State Revolving Fund (SRF) Loans and Bonds. The balance of funds is in Reserves.	12,043,900
99412	X-Transfers/Reserves/Interest - Fd 412 Reserve for Contingencies and Reserves for Future Capital Projects are recorded in this project.	2,730,000
99413	X-Transfers/Reserves/Interest - Fd 413 The Interfund Transfers and Reserves are recorded in this project. Transfer to the Water-Sewer Debt Service Fund is for the payment of various growth related wastewater capital improvements paid from State Revolving Fund (SRF) Loans and Bonds. The balance of funds is in Reserves.	14,780,200
99414	X-Transfers/Reserves/Interest - Fd 414 Reserve for Contingencies and Reserve for Future Capital Projects are recorded in this project.	3,820,000
Total Water / Sewer District Capital		81,234,100

Fiscal Year 2015 Fund Budget Summary**

General Fund (001)

Fund Type: **General Fund**

Description: **The General Fund (001) is the largest operating fund of the County. It is used to account for all countywide general government activities and is supported principally by ad valorem taxes. The Constitutional Officer Funds, which are sub-funds of the General Fund, include the Clerk of Courts (011), Sheriff (040), Property Appraiser (060), Tax Collector (070), and Supervisor of Elections (080).**

Sales Tax Revenue Bonds Reserve, Series 2002/2003/2005 (217)

Fund Type: **Debt Service**

Description: **Based on the Debt Service Reserve requirements for the County's Capital Improvement Revenue Bonds (Series 2002/2003/2005) and the dramatic deterioration of the bond insurer's credit ratings, the County was obligated to allocate money for the parity Reserve Account. On March 24, 2009, agenda item 16(F)7, the Board approved funding the parity Reserve Account in the amount of \$8,026,972. On September 29, 2009, agenda item 16(F)5, the Board approved funding the balance in the amount of \$11,543,806, for a total of \$19,570,778. The monies allocated to fund the Reserve Account came from undesignated fund balances in the Collier County Water/Sewer District Capital and Solid Waste funds.**

ATV Settlement (305)

Fund Type: **Capital Projects**

Description: **Accounts for settlement moneys received June 20, 2011. Collier County and the South Florida Water Management District entered into a Settlement Agreement wherein the SFWMD paid Collier County \$3 million to dispose of litigation arising out of a 2003 Agreement between the parties in which the District was to convey 640 acres to Collier County for recreational ATV use. On December 10, 2013, agenda item 11.G., the Board approved segregating the remaining settlement moneys into its own fund (305) so interest earnings may accumulate and be held for ATV riding purposes.**

Appendix to the Collier County Adopted Budget Fiscal Year 2014-2015

The following pages comprise the appendix to the Collier County Adopted Budget for the Fiscal Year 2014-2015. The appendix consists of the following components:

Glossary of Commonly Used Terms	Page 2
Glossary of Commonly Used Acronyms	Page 7
Statistical Data*	Page 10

*The Collier County Comprehensive Annual Financial Report (CAFR) is prepared each year by the Clerk of Courts Financial Office, independent of the County Office of Management and Budget. The CAFR for Fiscal Year 2013-2014 cannot be considered final until it is presented to the Board of County Commissioners; this is not expected to take place until March 2015. As such, the statistical data from the CAFR for the Fiscal Year 2012-2013 has been included.

Glossary of Commonly Used Terms

2007 State of Florida Property Tax Limiting Legislation: Refers to the June 2007 Legislation enacted by the Florida Legislature which requires local governments to reduce ad valorem taxes to below the level of taxes levied in fiscal year 2006-2007 based upon certain formulas proffered by the legislation.

2008 State of Florida Property Tax Limiting Legislation: This one-time legislation required the Roll-Back Millage Rate to include the impact of Amendment 1.

-A-

Accrual Basis: The recording of the financial effects on a government of transactions and other events and circumstances that have cash consequences for the government in the periods in which those transactions, events or circumstances occur, rather than only in the periods in which cash is received or paid by the government.

Adopted Budget: The budget as approved by the Board of County Commissioners after two public hearings prior to the beginning of each new fiscal year.

Ad Valorem Tax: A tax based on the value of real or tangible personal property.

Agency: A major governmental branch. The County Manager and Constitutional Officers serve as agency heads.

Aggregate Millage Rate: A "theoretical" millage rate based on the total County taxable value required to raise all County levied taxes, including dependent districts and Municipal Service Taxing Districts (MSTDs), but not including voter approved debt issues.

Amendment 1 (State-wide voter referendum on January 29, 2008): Provided an extra \$25,000 Homestead Exemption; a \$25,000 exemption on tangible personal property; and, provided for transportability of "Save-Our-Homes" legislation which limits increases in taxable value to 3% annually.

Appropriation: An authorization by the Board of County Commissioners to spend public funds for a specific purpose.

Appropriation Unit: A major category of expenditures such as personal services, operating expenses, capital outlay, transfers, contributions and reserves.

Article V: The portion of the Florida Constitution that covers funding for the judicial system.

Arbitrage: In government finance, the most common occurrence of arbitrage involves the investment of the proceeds from the sale of tax-exempt securities in a taxable money market instrument that yields a higher rate, resulting in interest revenue in excess of interest costs. If bond proceeds are not expended in accordance with spend down requirements the excess interest earnings (arbitrage) must be rebated to the Internal Revenue Service.

Arbitrage Services: Services provided by the County's Arbitrage consultant designed to monitor the expenditure of capital bond proceeds in a timely manner to determine whether there were excess interest earnings in accordance with Internal Revenue Service regulations.

Assessed Valuation: The value placed on a given property by the Property Appraiser. State law requires that the assessed value be equal to the market value of the property.

-B-

Balanced Budget: A budget in which revenues equal expenditures.

Board of County Commissioners (BCC): The legislative body of county government, which in Collier County consists of, five Commissioners elected by district.

Bond: A certificate of debt issued by a government or corporation guaranteeing payment of the original investment plus interest by a specified future date.

Budget: A summary of planned revenues and expenditures for a given period of time. The County is required to prepare and adopt a budget each fiscal year.

Budget Highlights: Explanations of changes or major issues affecting the budget.

Budget Amendment: A change to the fiscal year adopted budget, which may increase or decrease a fund total. A budget may be amended during the

**Collier County Government
Fiscal Year 2015 Adopted Budget**

fiscal year by the governing body and/or management, in accordance with procedures specified by law and/or administrative rules and regulations.

-C-

Capital Improvement: The new construction of, or improvements to existing buildings, roads or other long-lived facilities.

Capital Improvement Element (CIE): The section of the state mandated Growth Management Plan which includes a plan for the construction of various public facilities needed to maintain a given service level for the expected population of the County over the next five years.

Capital Lease: Contractual agreements which are termed "leases", but which in substance amount to purchase contracts for equipment and machinery.

Capital Outlay: Appropriation unit that includes all expenditures for equipment, vehicles, machinery, etc. that has a cost of \$1,000 or greater.

Capitalization: The process of converting capital fixed assets from expenses to assets.

Carry Forward: (Fund Balance) Unspent money at the end of a fiscal year available for use in the next fiscal year to fund expenditures or reserves.

Commercial Paper: A competitive short-term loan-financing alternative issued at a variable interest rate. Commercial paper generally offers low cost borrowing, flexible terms and repayment schedules, and a more simplified application process than other instruments used to finance capital and other governmental projects.

Community Redevelopment Agency (CRA) Bank Loan: Specialized competitive bank financing benefiting the County's Bayshore/ Gateway CRA with loan proceeds used for private land acquisition purposes within the District.

Constitutional Officers: Independently elected county officials mandated by the Florida Constitution. These include the Property Appraiser, Tax Collector, Supervisor of Elections, Sheriff and Clerk of the Court.

Contingency Reserve: Money set aside for emergencies or other unforeseen, unbudgeted expenditures.

Contract Agencies: Independent organizations, primarily social service agencies, which have a contract with the County to provide services to County residents in return for receiving some funding from the County.

Contributions: A grant provided by the County to another government or non-profit agency which provides services to Collier County residents.

Current Service: An existing program or service. The current service budget is the amount necessary to continue to provide existing programs.

-D-

Debt Service: Payment of interest, principal and other associated costs to County creditors.

Deficit: The excess of expenditures over revenues during a fiscal year.

Department: The basic organizational unit of the County, which provides a specific service.

Depreciation: Expiration in the service life of fixed assets attributable to wear and tear, deterioration, action of physical elements, inadequacy and obsolescence.

Division: An organizational unit composed of departments that are responsible for a major governmental function.

-E-

Enterprise Fund: A fund established to account for activities operated in a manner similar to a private business enterprise. The County's Utility Division and Solid Waste Department operations are accounted for in this way.

Expanded Service: A new program or an enhancement to an existing program. The expanded service budget includes the costs to provide new services and enhancements to existing services approved by the BCC.

Expenditure: Money spent to receive a good or service.

-F-

Fiduciary Funds: Trust or Agency funds that account for assets held by the County as a trustee or agent for individuals, private organizations and other governmental units.

Fiscal Year: A 12-month period used to plan for the use of an organization's funds. By state law, the County's fiscal year runs from October 1 through September 30 of the following year.

Fixed Asset: Assets of a long-term character such as land, buildings, and improvements other than buildings, machinery, equipment and furniture whose cost is in excess of a specific amount and whose life expectancy is in excess of one year.

Full-Time Equivalent (FTE): The number of approved positions equated to a full-time basis (e.g., two half-time positions equal one full-time equivalent position).

Fund: A financial unit used to account for activities of a similar purpose or with a common revenue source.

Fund Balance: (Carry Forward). A fund's current assets less current liabilities at fiscal year end. In governmental funds, this is also equal to revenues less expenses for the fiscal year.

-G-

General Fund: The fund that accounts for most county-wide general government activities and is supported by ad valorem taxes.

General Long Term Debt: The long term debt associated with a governmental type fund. Long term debt legally payable from general revenues and backed by the full faith and credit of a governmental unit.

General Obligation Bonds: Bonded indebtedness relying on the general credit worthiness of the issuing government for repayment rather than a specific revenue source pledged for repayment.

Goals: Written statements that reflect the broad, general purpose of a program.

Governmental Fund: A broad category of funds used to account for general government operations. The General Fund, Special Revenue Funds, Capital Funds and Debt Service Funds are all types of Governmental Funds.

Grant: A contribution of assets (usually cash) by one governmental unit or other organization to another. Typically, these contributions are made to local governments for a specified purpose by the state or federal government.

-H-

Homestead Exemption: A deduction of up to \$25,000 from the assessed value of property occupied by the owner and designated as his primary residence.

-I-

Impact Fees: Fees assessed during the construction process that are used to offset the costs of providing growth related infrastructure.

Indirect Service Charge: Charging for services based on a cost allocation method rather than billing as service is rendered. The County uses an indirect service charge to reimburse the General Fund for general and administrative services provided to other funds.

Infrastructure: The basic facilities required for the functioning of a community such as roads, bridges, water and sewer service, etc.

Internal Service Fund: A fund used to account for operations providing goods or services primarily to other government departments on a reimbursement basis.

-J-

Job Bank Employee: Pool of temporary pre-qualified employees maintained by the County and available for hire by various County Divisions, Agencies and Constitutional Offices.

-L-

Levy: To impose a tax, special assessment or charge.

Line Item Budget: A budget that lists each expenditure category (salary, materials, contractual services, etc.) separately, along with the dollar amount budgeted for each specified category.

-M-

Major Fund: A major fund is defined as those funds whose revenues, expenditures/expenses, assets or liabilities are at least 10 percent of the total for their fund category (governmental or enterprise) and 5 percent of the aggregate of all governmental and enterprise funds in total.

**Collier County Government
Fiscal Year 2015 Adopted Budget**

Mandate: Any action or responsibility required by law or so ordered by a court.

Mill: One thousandth of one dollar. One tenth of one cent.

Millage Neutral: A budget prepared with a General Fund millage rate equal to the rate in the prior year adopted budget.

Millage Rate: The amount of ad valorem tax, expressed in mills, to be paid on each dollar of a property's taxable value.

Modified Accrual: A governmental fund – type measurement focus whereby revenues and other financial resources are recognized when they become susceptible to accrual, i.e. when they become both measurable and available to finance expenditures of the current period. Available means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred.

Municipal Service Taxing District (MSTD): A district established to provide a service typically found in a city or town to an area outside city limits (unincorporated area).

MSTD General Fund: The Special Revenue Fund that accounts for municipal type services in the unincorporated areas of Collier County, which is supported principally by ad valorem taxes. Services provided through this fund include Growth Planning, Parks and Recreation, Law Enforcement, and Zoning and Building Code Enforcement.

-O-

Object Code: A numerical code identifying a basic revenue or expense account (line item).

Objectives: Specific items to be accomplished in the short term (year).

Ombudsman: A government official charged with investigating citizens' complaints against the government.

Operating Budget: The total budget for on-going operations.

Operating Expenses: Appropriation unit accounting for most non-salary costs to provide on-going services.

-P-

Personal Services: Appropriation unit accounting for employee salary and fringe benefit costs.

Program Budget: A budget whose focus is on a distinct program or service delivery rather than on classes of expenditures.

Property Tax (Ad Valorem Tax): A tax levied on the value of real or tangible personal property.

Proprietary Funds: Funds operated like a private business that charge user fees including Enterprise and Internal Service Funds.

-R-

Referendum: The submission of a proposed public measure to direct popular vote.

Reserve: Money set aside or saved for future use or a specific purpose.

Revenue: Financial resources received from taxes, user charges and other levels of government such as state revenue sharing.

Revenue Bonds: Bonded indebtedness that pledges a specific revenue source for repayment. Revenue bonds do not require voter approval under state law.

Rolled Back Rate: The millage rate based on the current year's taxable value, exclusive of new construction, that will raise the same number of tax dollars as the previous year.

-S-

Special Revenue Funds: Used to account for specific revenue sources that are legally or administratively restricted to expenditures for specific purposes. Building permit fees and gas taxes are examples of revenues accounted for in Special Revenue Funds.

Special Master: A Special Master is a person who meets the minimum qualifications set forth in the local jurisdiction enabling ordinance and who is authorized to hear and decide cases involving violations of local codes and ordinances.

Strategic Planning: A method of priority setting based on establishing short and long-term goals, objectives and implementation plans.

-T-

Tax Increment Financing (TIF): Tax increment revenues are all new property tax revenues generated by new developments or assessments, which increase the existing tax base within the designated redevelopment area.

Tax Neutral: A budget prepared with a General Fund Millage Rate that will raise the same amount of ad valorem revenue as the prior year adopted budget.

Tax Roll: The list of properties, and their values, subject to tax for the coming year.

Tentative Budget: The proposed budget subject to revision and final adoption by the Board of County Commissioners.

Transfer: Money moved from one fund to another.

Trust Fund: A fund used to account for assets held in a trustee capacity.

-U-

Unfunded Requirement (UFR): Description for a program, initiative or personnel request which is not recommended for funding within the proposed fiscal year budget but may receive funding consideration by the Board of County Commissioners during the budget process prior to final adoption from excess or surplus funds.

User Fees: Money paid for a service by the recipient of that service. Examples include utility charges, ambulance fees and parking fees.
