

## 2014 Sediment

|                        |                          |
|------------------------|--------------------------|
| 1-Methylnaphthalene    | Dinoseb                  |
| 2,4,5-T                | Disulfoton               |
| 2,4,5-TP               | Endosulfan I             |
| 2,4-D                  | Endosulfan II            |
| 2,4-DB                 | Endosulfan sulfate       |
| 2-Methylnaphthalene    | Endrin                   |
| 4,4'-DDD               | Endrin aldehyde          |
| 4,4'-DDE               | Endrin ketone            |
| 4,4'-DDT               | Ethion                   |
| a-BHC                  | Famphur                  |
| Acenaphthene           | Fluoranthene             |
| Acenaphthylene         | Fluorene                 |
| Aldrin                 | g-BHC                    |
| Aluminum               | Heptachlor               |
| Anthracene             | Heptachlor epoxide       |
| Antimony               | Indeno(1,2,3-cd)pyrene   |
| Arsenic                | Iron                     |
| Atrazine               | Lead                     |
| Azinphos methyl        | Malathion                |
| b-BHC                  | Manganese                |
| Bentazon               | Methoxychlor             |
| Benzo(a)anthracene     | Methyl parathion         |
| Benzo(a)pyrene         | Mevinphos                |
| Benzo(b)fluoranthene   | Monocrotophos            |
| Benzo(g,h,i)perylene   | Naphthalene              |
| Benzo(k)fluoranthene   | Nickel                   |
| Cadmium                | Nitrate-Nitrite (N)      |
| Carbon- Total Organic  | Nitrogen- Total          |
| Carbophenothion        | Nitrogen- Total Kjeldahl |
| Chlordane              | Parathion                |
| Chlorpyrifos           | Pentachlorophenol        |
| Chromium               | Phenanthrene             |
| Chrysene               | Phorate                  |
| Copper                 | Phosmet                  |
| Coumaphos              | Phosphorus- Total        |
| Dalapon                | Picloram                 |
| d-BHC                  | Pyrene                   |
| Diazinon               | Silver                   |
| Dibenzo(a,h)anthracene | Strontium                |
| Dicamba                | Total Solids             |
| Dichlorvos             | Toxaphene                |
| Dieldrin               | Zinc                     |
| Dimethoate             |                          |
