17. Vincentian Mixed Use Subdistrict

This Subdistrict contains approximately 30.68 acres, is located on the south/west side of Tamiami Trail East (US 41) and is depicted on the Vincentian Mixed Use Subdistrict Map. The purpose of this Subdistrict is to allow for neighborhood, community, and regional commercial development; residential development; and mixed use (commercial and residential) development.

The Subdistrict is intended to include commercial uses to serve the emerging residential development in close proximity to this Subdistrict, and to provide employment opportunities for residents in the surrounding area. The property may be developed entirely as commercial, entirely as residential, or as a mixture of residential and commercial uses.

The development of this Subdistrict shall comply with the following restrictions, limitations and standards:

a. Allowable uses: The maximum intensity of commercial uses shall be limited to those allowed in the C-3 zoning district, both by right and by conditional use, as listed in the Collier County Land Development Code in effect as of the date of adoption of this Subdistrict. Additionally, the following uses are allowed:

1. Department store (5311),
2. Hotel (7011, hotel only),
3. Dental laboratories (8072), and
4. Nursing and personal care facilities (8051).

b. Additional use restrictions and intensity standards:

1. Commercial uses shall be limited to a maximum of 250,000 square feet of gross floor area (GFA), one hotel (maximum of 150 rooms), and an assisted living facility (maximum FAR 0.6). Additionally, for every acre, or portion thereof, of hotel or ALF, the maximum allowable commercial GFA shall be reduced by 10,000 square feet, or portion thereof for fractional amount under an acre.
2. Residential development shall be limited to a maximum density of 7.3 units per acre, calculated on the gross acreage of the property exclusive of any commercial portions, for a maximum of 224 multi-family dwelling units.
3. If the project is developed as mixed use (residential and commercial uses), the residential density allowance is as provided for in Number 2. above, and the commercial portion of the project shall not exceed 10 acres in size and a maximum of 128,000 square feet of GFA of commercial uses, a 150-room hotel, and an Assisted Living Facility at a 0.6 FAR. Additionally, for every acre, or portion thereof, of hotel or ALF, the maximum allowable commercial GFA shall be reduced by 10,000 square feet, or portion thereof for fractional amount under an acre.
4. A stand-alone automobile service station (i.e. retail fuel sales in conjunction with a convenience store) is prohibited; however, accessory fuel pumps in association with a grocery store (SIC 5411) or membership warehouse type facility (5311, 5331) greater than 15,000 square feet of GFA are allowed.
5. A recreational site for the use of the adjacent RV or mobile home parks may be developed on a maximum of 3 acres. The recreational site may include facilities such as a pool, clubhouse, and tennis courts.

c. Site Development:

1. Rezoning of this Subdistrict is encouraged to be in the form of a Planned Unit Development (PUD). The rezone ordinance shall contain development and design standards to ensure compatibility with internal uses as well as adjacent external uses, and shall include additional restrictions and standards necessary to ensure that uses and hours of operation are compatible with surrounding land uses.
2. The subject site will be developed with a common architectural and landscaping theme, to be submitted with the first Site Development Plan.
3. The unified planned development submitted at time of the first Site Development Plan will reflect internal connectivity through shared parking and cross-access agreements.
4. Pedestrian connections are encouraged, both with perimeter properties, where feasible, and between internal buildings.
5. At the time of Site Development Plan approval, the required on-site vegetation retention may be satisfied off-site, pursuant to Policy 6.1.1(13) of the Conservation and Coastal Management Element (CCME) of the Growth Management Plan. At a minimum, 15 percent of the on-site native vegetation must be retained on-site. If the portion of native vegetation satisfied off-site is met by land donation to the County, the specific off-site property shall be taken to the Board of County Commissioners for acceptance. However, a hearing before the Conservation Collier Land Acquisition Advisory Committee will not be required.
