The Collier County Parks and Recreation Division invites you to visit one of our beautiful recreation centers, parks or beaches to...

Play, Connect & Discover

Our division strives to contribute to your quality of life. A balance between work and play, opportunities for personal growth and community involvement, and a sense of both belonging to and ownership of the place one inhabits are all fostered by the green spaces and recreation activities Parks and Recreation provides. In this guide, you will see programs listed for every community park and fitness center - so come in and visit a facility today!

Dear Collier County Residents and Visitors,

Welcome to the award winning, Collier County Parks and Recreation Division's fall programming guide. I'm proud to share with both our residents and visitors alike all of the wonderful parks that exist in Collier County. Fall is a perfect time of the year in southwest Florida. We begin to see the first of our seasonal visitors return, the children have returned to school and involved in fall activities, and while we don't have a major change in the

foliage, we do begin to see some cooler temperatures. This fall, take time out to visit the new Donna Fiala Community Center; the facility opened this past May and is getting rave reviews. The fitness center has the latest equipment; our VPK room will provide service to the younger crowd, or take a class at our new community room. Take a moment too to walk the preserve behind the center to see one of the best birding locations in the state. Bring your binoculars and tell us the number of species you identify. Also ask the staff about the progress on the pool that is coming to that location soon.

Our Division recently received its 5-year reaccreditation from the Commission for Accreditation of Parks and Recreation Agency's (CAPRA). What does this mean to you as a visitor? It means that our organization has established itself as one of the best in the country by participating in a peer review process that evaluates us according to 144 benchmarked standards that are used to demonstrate excellence in our industry. What it means to you as the resident or visitor is assurance that your tax dollars are being spent judiciously in order to provide you with the best in parks and recreation services. What else would you expect living in Collier County? Ask one of our team members for more information about the accreditation process if you want to learn more.

For now, enjoy your parks and remember—it starts in Parks!

Sincerely,

Barry Williams
Parks & Recreation Director

VOLUNTEER OPPORTUNITIES!

Coaches:

We need coaches for Youth Flag Football, Soccer, and Basketball. It's not too early to sign up as a coach for any event. Coaches will be responsible for running one week night practice each week and for the game on Saturday. These opportunities are located primarily at North Collier Regional Park.

Group Projects:

Throughout the year we work with individuals or groups to assist us with special projects such as beach cleanups or landscaping/maintenance in our parks and community centers. Please contact us for information or to suggest a project. We need at least 4 weeks notice if your group wants to schedule an event.

Community and Regional Parks & Nature Preserves Opportunities:

This would include a broad range of activities including but not limited to:

- Center Programs
- After School Programs
- Summer Programs
- Athletic Activities
- Special Events
- Building and Ground Maintenance
- Customer Service
- Seeking adult volunteers for guided trail hikes and presentations on the history and nature of Pepper Ranch Preserve in Immokalee

You can make a difference in a child's life!

Project STAR provides more than the satisfaction that comes with helping improve the health and well-being of children. It delivers a rare opportunity to witness young lives lifted over time. Your contributions are not given directly to a child. Instead, your contributions are pooled with other contributors to provide community-based programming for all eligible children in the area. Your generous contributions can help send a child to our Summer Camp Program, After School Program or any program offered by Collier County Parks and Recreation. Visit us online at www.collierparks.com for more information.

Thank you for helping children in your community.

Beach Parking

Residents pay for beach parking permits in their property taxes and may pick up a beach parking permit at any community center at a Collier County Park. Park offices are open from 9:00a.m. - 5:00p.m. Residents are required to provide documentation proving their residency.

Without a beach parking permit, individuals must pay an \$8 parking fee at any of Collier County's beach parking facilities including the Vanderbilt Beach Garage.

COLLIER COUNTY PROPERTY OWNERS BEACH PARKING PERMIT:

Full Time Resident

- Valid Florida Driver's License or a Voter's Registration Card displaying a Collier County residence address, *and*
- Valid vehicle registration displaying a Collier County residence address

BOTH documents must be original, and display the same name and Collier County residence address

Part Time Resident

- Valid Driver's License (regardless of state), *and*

CONSERVATION COLLIER

For
*Present and
Future Generations*

www.colliergov.net/conservationcollier

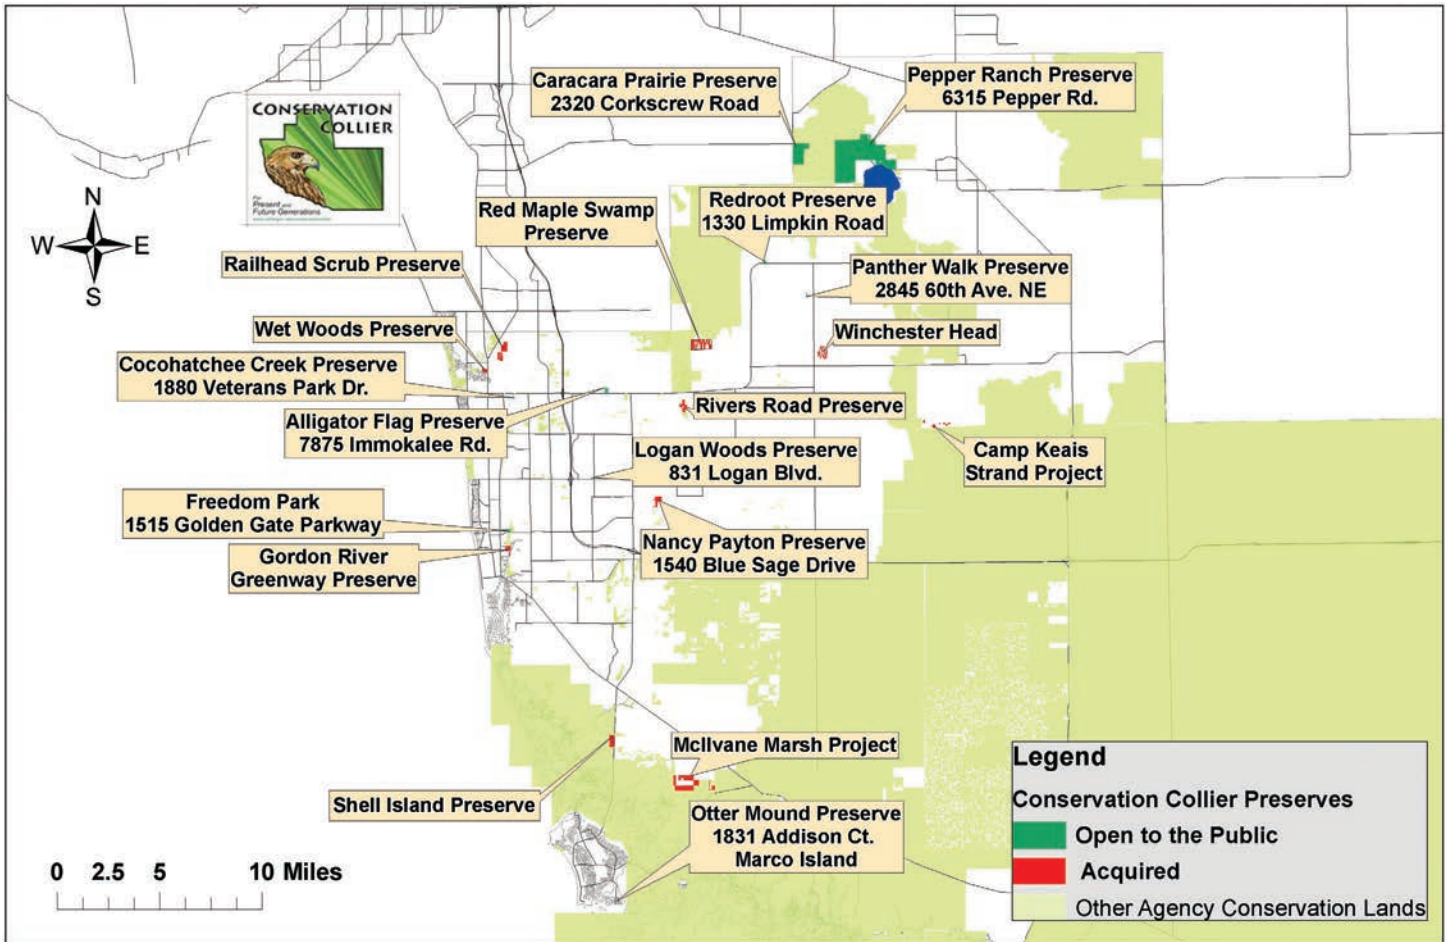

Recently relocated into the Parks and Recreation Division, Conservation Collier is Collier County's voter mandated environmentally sensitive land acquisition and management program. Conceived in community focus groups with broad citizen input, it was modeled after other similar conservation land acquisition programs that had been created around the state. Like these other programs, it was a community mandated response to several decades of rapid growth which created citizen concern about impacts on valuable ecosystems, wildlife, and ground and surface waters. A voter referendum placed on the 2002 ballot by local concerned environmental groups asked voters if they would agree to tax themselves to buy and manage environmentally sensitive lands within Collier County. It was approved by 62% of voters and reaffirmed by voter referendum again in 2006 by 82%. The primary objective of Conservation Collier is to acquire, preserve, restore, and maintain vital and significant threatened natural lands, forest, upland and wetland communities located in Collier County, for the benefit of present and future generations. An ancillary purpose of the Program is to have the acquired sites available, with minimal risk to

the environmental integrity of the site, to educate Collier County's school-age population and the general public about the uniqueness and importance of Collier County's subtropical ecosystems and natural communities.

At the Program's inception, the Collier County Board of County Commissioners (Board) appointed a Land Acquisition Advisory Committee (Committee) to consider and make recommendations on offered properties. Nine Committee members were appointed comprising a broad and balanced representation of the interests of Collier County citizens, including environmental and conservation interests, agricultural and business interests, educational interests and general civic and citizen interests. This Committee, called the Conservation Collier Land Acquisition Advisory Committee (CCLAAC), reviewed nominations from willing sellers around the County and made recommendations to the Board which have resulted in Board approval and acquisition of 4,055 acres in 19 project locations throughout Collier County. Acquisitions continued through January 2011, when reduced income resulting from the economic downturn forced the program to dedicate remaining levy funding to long term management.

Today, the Conservation Collier Program provides visitor amenities such as trails, parking, benches, and signage. With 12 preserves open for public use. Public uses include hiking, nature photography, bird watching, geocaching and hunting on selected preserves. The map below shows the location of all properties, with those open for visitor use in dark green and all others in red. Staff is working to open almost all remaining properties for visitor use by 2018. A few preserves will not be available for visitor use as they do not have physical or legal access and site conditions make them unsafe for general public visitation. Following is a list and brief description of several of the preserves currently open to the public with trails, benches and signage. Please visit the Conservation Collier website at www.colliergov.net/ConservationCollier and facebook page for more information.

Our Fabulous Eagle Scouts

Conservation Collier, the County's conservation land acquisition and management program, would like to take this opportunity to highlight its partnership with the Boy Scouts of America and give recognition and thanks to the many Eagle Scout candidates who have built valuable enhancements for visitors on Conservation Collier lands for their Eagle Scout Project! Some of the many projects shown here include building picnic tables, benches, gates, campsites, interpretive signage, a kiosk, bat boxes, hitching posts, mounting steps, and resting areas.

Eagle Scout is the highest advancement rank a Boy Scout can achieve, with the most challenging requirements, and must be done before the Scout reaches the age of 18. Originally conceived of as a merit badge in 1911, the Eagle Scout badge was meant to be awarded to any Scout who achieved the rank of First Class Scout (the highest rank of the day) and who had earned 21 merit badges. The first Eagle Scout medal was awarded in 1912. Since then, over 2.2 million Scouts have earned the award. That is quite a few but still only 2% of all Boy Scouts!

To earn the rank, a Boy Scout must:

- progress through 5 other ranks,
- earn 21 merit badges,
- serve six months in a troop leadership position,
- plan, develop and lead a service project for any religious community, school or community,
- take part in a scouting conference, and
- successfully complete an Eagle Scout board of review.

Some famous Eagle Scouts include Neil Armstrong (US Astronaut, first man on the moon), Michael Bloomberg (Mayor of New York City), Gerald Ford (38th US President), Rick Perry (Governor of Texas), James Lovell (former US Navy officer and Apollo 13 commander), John Tesh (recording artist and performer), and many others holding positions of authority and power in the US. We are proud of the exceptional young men who have chosen to serve the community through Conservation Collier and wanted our readers to be aware of the enhancements Eagle Scouts have provided to their conservation lands! For future projects, Scouts can contact the Program at 239-252-2961.
