Subject: Recognition of Service to Vanderbilt Beach Municipal Service Taxing Unit (MSTU) Advisory Committee

Mr. Arthur,

On behalf of the Vanderbilt Beach Community, we would like to express our gratitude for your 14 plus years of service to the Vanderbilt Beach Municipal Service Taxing Unit (MSTU) Advisory Committee. If not for your efforts, the Vanderbilt Beach MSTU would not exist. Under your support and guidance the Advisory Committee has implemented many enhancements to the community including the landscape and the burial of the overhead utility lines. Your efforts not only enhanced the community visual appearance but also provided the community with peace of mind during the most vulnerable month through the hurricane hardening with the massive utility burial project.

The Advisory Committee and staff extend a warm thank you for your dedication and contribution to the community. The Committee is committed to continue your legacy and is diligently working on completing the utility burial project and taking on more projects that further enhances the community safety and beautification.

Thank you sincerely for your service!
