### **Position Summary:**

Under the guidance of the Facilities Manager, the Facilities Assistant is responsible for helping to maintain the Blair Audubon Center and the surrounding Corkscrew Swamp Sanctuary grounds. This includes a 2-1/4 mile boardwalk, Wastewater Treatment Facility, 200 space parking lot, butterfly gardens, picnic area and other public and private areas. The Sanctuary contains 13,000 acres and facilities are open every day of the year except during extreme weather conditions. S/he will also work on the associated Living Machine treatment plant and participate in the Sanctuary's resource management program.

Corkscrew Swamp Sanctuary is a world renowned eco-tourism destination in Southwest Florida with a science driven conservation mission aimed at protecting the regions natural resources. Our public face is anchored by our Blair Center, a beautiful gathering space including meeting rooms for educational programming, an art gallery, tea room and nature store. The 13,000 acre Sanctuary hosts visitors from all over the world who come to stroll our boardwalk through our old growth bald cypress forest and experience native Florida at its best.
