FOR IMMEDIATE RELEASE

Collier County Makes Inspection Changes to Reduce Wait Times

To reduce the inconvenience to the property owner and to facilitate the issuance of a certificate of completion in a timely manner, the Collier County Building Review & Inspection Division has introduced a new program for air conditioning changeout inspections.

Under the new program, homeowners will be assigned a one hour time window that lets them know about when the inspector will be on site to look at their air conditioning unit.

The air conditioning changeout inspection schedule is available under the [Daily Scheduled Inspections Tab](#) on the County's Building Review webpage. When you click on the link for the schedule, a table pops up that includes the inspector's name, time of inspection, permit number and inspection address. The new inspection lists are posted the afternoon of the day before the scheduled inspection.

For more information, contact Operations Coordinator Brooke Bond at (239) 252-2398 or BrookeBond@colliergov.net.
