Re: Solicitation 17-7169 BGTCRA 17 Acre Land Development Proposal - Project Scope

Mr. Hall,

Minker Properties and Southport Homes, collectively the "Developers," are pleased to present our vision to develop the 17.89 acres of land commonly referred to as "The Bayshore Gateway Triangle."

Our proposal is designed in accordance with the CRA's stated mission "to improve the infrastructure, appearance, architecture, landscaping and design along Bayshore" while elevating property values and increasing the tax base.

Our proposal is straightforward. We propose to develop the property into a mixed-use development, designed by MHK, built by Manhattan, managed by Southport, and financed through Greystone.

We began to develop the basics of our design by walking the property with the idea that we wanted to preserve as much of the natural beauty as possible while maximizing the inherit development potential of the site. We explored, and MHK designed, a number of different development concepts that included single family homes, condominiums, townhomes, apartments and commercial. The inherit challenge in the design is the fact that approximately half of the 17.89 acres is water or preserves and, as such, not buildable.

The more we studied the site, the more we realized the site laid out perfectly for five buildings, surrounding the existing lakes. The buildings are three story, garden style walk ups. In total, there will be two hundred units, each with their own balcony, and many with water views. The units will average 1000/SF and there will be a mix of one, two and three-bedroom units. We expect the units to rent for \$1500 - \$1900 units depending on its size and view. Amenities includes a resort style community pool, walking trails, boardwalks, a nature preserve and a club house.

The other challenge inherit to the site was the fact that the CRA's property wraps around a separate, 2.5 acre parcel that fronts Bayshore. Rather than build around the independently owned site, and disrupt the continuity of our project, we decided to include that parcel in our design. We contacted the owner, The Clyde O Shadley Trust and have a commitment to buy the property conditioned on our overall development proposal being accepted by the County.

Finally, we thought it was extremely important to "activate the street" by providing a commercial component that fronts Bayshore with parking between the commercial and residences. Current concepts for the commercial component include an art gallery, coffee shop, sandwich shop, ice cream store and boutique like retail shops.

The total value of the project, including the land, is estimated to be \$42M. We have a preliminary commitment from Greystone to fund \$32M of the \$42M, with the remaining \$10M coming from Minker Properties and Southport. We expect the project will take three years to complete.

Our development team consists of Stantec (Civil Engineering), Cheffy Passidomo (Land use and Zoning) MHK (Architecture), Manhattan (Construction), and Greystone (Finance). All of the team members are passionate about the project. We hope that you will give us an opportunity to make an in-person presentation to the County in the near future such that we can expand upon our vision and answer any questions you may have.

Thank you for the opportunity to present this proposal.

Sincerely,

Clark T. Minker

MHK ARCHITECTURE & PLANNING

Community Impact

We felt it was crucial to the success of our project, the Bayshore CRA and the Bayshore residents to develop the land in a way that "moves the neighborhood forward." To do so we partnered with Matt Kragh and Manhattan Construction to design and to build a high quality product, befitting of Naples, that would continue the renaissance of the street that the CRA has worked so hard to achieve.

3

Zoning

We envision a new PUD will need to be filed. Stantec will be providing the civil engineering and Cheffy Passidomo will provide the legal. We estimate the process will take six (6) months.

4 Financing

We estimate the projects total costs to be \$42 million.

Minker Properties and Southport Homes will contribute approximately \$10 million in cash (\$5 million each.) The balance of \$32 million will be funded by a HUD loan for which we have been preliminarily approved for a loan of \$32 million.

- We are not requesting any assistance from the County in the form of subsides.
- All equity will be paid in cash from developers.
- \$3 million to the county for the land as follows:
 - 10% to be paid with 15 days of project award,
 - \$1 million at PUD approval
 - Balance when permits are issued.

OVERVIEW OF SOUTHPORT

Founded in 1995, Southport Financial Services, Inc., is a multifamily housing developer based in Tampa with additional offices in Tacoma and Washington, D.C.

Southport's principals have built or acquired a substantial number of market rental housing projects and developed over 90 Low-Income Housing Tax Credit (LIHTC) properties. In addition to acquiring and managing conventional apartment complexes, Southport has a demonstrated ability to secure LIHTC allocations, as well as volume cap tax-exempt bond allocations in multiple states.

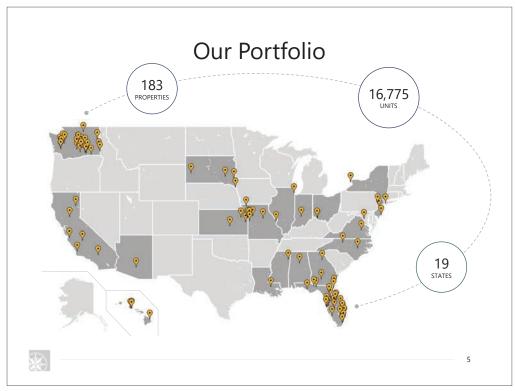

While maintaining a strong focus on developing and rehabilitating government-subsidized housing, Southport is also expanding its portfolio of conventional multifamily housing properties in Florida, Georgia, North Carolina, Texas, and select cities throughout the southeastern United States.

Architect - MHK Architecture & Planning

THE VILLAGES AT BOTANICAL GARDENS

Mixed Use Project

ABOUT MHK

MHK ARCHITECTURE & PLANNING was founded in 2009 by Matthew Kragh, AIA. Starting out as a simple vision of architectural excellence, the firm has grown into a collaborative of over 40 design professionals

who have created some of the most desired architectural pieces in Southwest Florida. Our commitment to excellence and desire to exceed our client's expectations has created a high amount of respect within the design and construction industry.

ABOUT MATTHEW KRAGH

Matthew Kragh, AIA, has been an integral leader in the design and development of fourteen design and honor awards from the American Institute of Architects. In 2004, Matthew was named one of Naples "Forty under Forty" by Gulfshore Business, and Humanitarian of the Year by AIA Florida Southwest. In 2008, Matthew received the W.R. Frizell Medal of Honor which is the highest honor that can be bestowed to an architect from the American Institute of Architect's Florida Southwest Chapter. Before Matthew located to Florida in 1997, he was published in Murphy/Jahn, an architectural book called by the firms name Murphy/Jahn for being a part of that team which created the Duetsch Post, Halo Office Building, and the Sony Center mixed use development in Berlin. While in Florida, Matthew's past experience has helped lead the design industry by maintaining a key role in the development of nine mixed-use structures on Naples Main Street, 5th Avenue South.

OUR PAST EXPERIENCE

MHK's design experience specializes in the design of single-family residential, multi-family residential, commercial office, mixed-use developments and master planned communities. MHK's highly desired residential portfolio has implemented over 150 single family homes within the past three years, most of which can be seen by browsing through the beautiful Old Naples Streets and Avenues. MHK is currently creating projects that will soon change the face of Downtown Naples including, the City of Naples Baker Park, Naples Square Mixed Use Development, the Mangrove Bay Development and 1075 Central Avenue, the old Naples Daily News site. MHK is also an industry leader in re-zoning properties and obtaining land use entitlements for clientele. In addition, MHK experience includes working in a team on several HUD funded projects. Many of our project Architects are LEED AP and LEED AP BD+C certified.

GIVING BACK

Besides his professional work, Matthew donates his time to benefit the community at large. These charitable design projects include the City of Naples Baker Park, the City of Naples Dog Park, and renovations to the City of Naples Norris Center projects. Matthew has served as President to the American Institute of Architects SWF, a Board of Director to the United Arts Council of Collier County, the Naples Downtown Association, the Urban Land Institute Executive Committee, the Economic Development Council of Collier County, The South Florida Land Preservation Trust, the City of Naples Four Corners Committee and a board of director of the National Kidney Foundation. Matthew and his wife also participate in international mission work and run a charitable foundation called the Beacon of Hope Foundation www. BeaconofHopeFoundation.org

THE VILLAGES AT BOTANICAL GARDENS

Mixed Use Project: Relevant Project Experience

1075 Central | Naples, Florida

A planned mixed-use infill development consisting of residential rental units and commercial space on 9 acres located in the heart of downtown Naples within minutes walk from the newly designed Baker Park on the Gordon River and the Naples Square development. The project consists of a two-story mixed-use building that contains a ground floor story approximately 8,000 square feet of commercial space. The 2nd of the mixed-use building includes a total of 6 condo -only guest suite units. The residential building includes four-story over parking residential buildings consisting of 210 units.

The total unit count including both the residential and mixed-use building is 210 residential condominium units. The owner/developer is creating a new neighborhood park within the project as well as several arterial pedestrian connections.

MHK Architecture & Planning was the prime consultant and provided master planning and architectural design development services as well as city of Naples Design Review Board, Planning Advisory Board and City Council approval submittals and presentations.

Naples Square | Naples, Florida

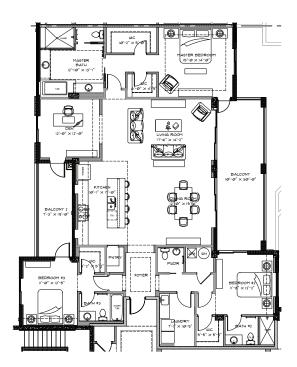

Naples Square is a planned mixed use development on 21 acres located in the heart of downtown Naples within minutes walk from 5th Avenue. The project consists of four five story residential buildings for a total of 300 units and future commercial space totaling 205,000 square feet. MHK developed a site plan that ties Naples Square into the fabric of the existing Old Naples street grid system and into current and future plans of the Naples Pathway Committee and the city of Naples. A dedicated public access easement in the form of a linear park will line the eastern edge of the Naples Square site. MHK has designed an eclectic mixture of Bermuda, British West Indies, and Coastal Contemporary architectural styles that include units ranging in size from 1,200 to 3,000 square feet. Naples Square's U-shaped residential buildings will be situated with their open ends facing one another. The juxtaposition of the buildings allows the creation of expansive amenity courtyards over each building's parking level and forms the design of the residences with long-range, landscaped internal courtyard views.

MHK Architecture & Planning was the prime consultant and provided master planning and architectural design services as well as construction administration.

Meridian Village | Naples, Florida

Meridian Village is a new Two-story 97,000 square foot Assisted Living Facility located in Naples, Florida. The building is composed of a two-story assisted living wing containing 84 residential units in one-bedroom, two-bedroom, and studio configurations, and a smaller one-story memory care wing that contains 36 residential units in studio configurations. Both wings of the building are designed around a private internal courtyard space to provide visual interest and spatial diversity for the residents.

The building design is inspired by indigenous "old" Florida coastal architecture and is articulated in ways that break down the building's large scale into more "human scale" massing elements that feel more like a residential village than an institutional facility. Traditional forms and a neutral color palette give the building a timeless and familiar aesthetic that creates an inviting and pleasant environment for the residents.

MHK Architecture & Planning was the prime consultant and provided Architecture (including Structural, Plumbing, Fire Sprinkler, Gas, Mechanical, Electrical), Limited scope Interior Design

Mr. Clark T. Minker 975 6th Avenue South Suite 105 Naples, Florida 34102

Dear Clark:

Cheffy Passidomo is excited to join your team in responding to the Collier County Board of County Commissioners' Invitation to Negotiate for a 17 acre land development proposal in the Bayshore Gateway Triangle.

Clay Brooker and I will be heading up our firm's effort. Over the last 20 to 25 years, we have worked on scores of projects in the City of Naples Community Redevelopment Area, including Naples Square, the former Naples Daily News site at 1075 Central, 15 - 20 projects in the Fifth Avenue South Special Overlay District, and 15 - 20 developments throughout Naples' "D" Downtown District in what traditionally is known as the "Heart of Naples". Our individual resumes are attached.

We look forward to contributing to the county's ongoing work in the Bayshore Gateway Triangle Community Redevelopment Area.

very truly yours

Legal Counsel - Cheffy Passidomo

JOHN M. PASSIDOMO

John Passidomo has practiced law in Collier County since 1979. From 1985 through 1993, he was partner in charge of Florida real estate matters for Frost & Jacobs.

He has been board certified as a specialist in real estate law by The Florida Bar Board of Legal Specialization and Education for 30 years and is a former President of the Collier County Bar Association and a former Chairman of its Real Estate Attorneys' Section.

He was named Best Lawyers' 2014 Lawyer of the Year and Best Lawyers' 2012 Real Estate Law Lawyer of the Year for the Naples/Ft. Myers Metropolitan Area based on peer review. He has been listed in Florida Super Lawyers, The Wall Street Journal's Top Attorneys in Florida, The Best Lawyers in America, and The American Lawyer/ National Law Journal's Top Lawyers.

Mr. Passidomo received his B.A. in Philosophy with honors from Boston College and his law degree from Stetson University College of Law. The cases he handles include real estate development, transactions and finance; commercial leasing; business transactions; and zoning and land use matters which require experience, tenacity and political sensitivity.

He was recognized as the 1985 and 1991 recipient of The Florida Bar President's Pro Bono Service Award for leadership in providing pro bono legal services to the poor. In 2000, he was named the Outstanding Collier County Citizen by the Naples Daily News. In 2003, he and Ed Cheffy were selected as Laureates in the Junior Achievement of Southwest Florida Business Leadership Hall of Fame.

He served as Vice Mayor of the City of Naples and as a member of the Naples City Council from 1990 to 1992, as a member of the Metropolitan Planning Organization (Collier County) from 1990 to 1992, and as Chairman and as a member of the Naples Planning Advisory Board from 1986 to 1990.

He was Chairman of the Community Foundation of Collier County from 1998 to 2001 and Chairman of the Economic Development Council of Collier County from 1995 to 1997. He is a graduate of Leadership Collier, Leadership Southwest Florida, and Leadership Florida. He and his wife Kathleen have three daughters, Catarina, Francesca and Gabriella.

CLAY C. BROOKER

Clay Brooker received a Bachelor of Arts degree in politics at Princeton University in 1991, after which he attended the University of Florida College of Law and graduated with honors (J.D., 1994).

Mr. Brooker is certified by the Florida Bar as a specialist in City, County and Local Government Law. He concentrates his practice in land use law and commercial litigation. His experience in land use law includes zoning issues, Florida Developments of Regional Impact (DRIs), Florida Community Development Districts (CDDs), development approvals and permits from state, county (Collier County and Lee County), and city governments (Naples and Ft. Myers); code enforcement defense, and private property rights protection through inverse condemnation and Bert Harris Act claims. His litigation practice focuses on commercial matters, including contract disputes, real property litigation and landlord/tenant issues.

Mr. Brooker is a member of The Florida Bar and the Collier County Bar Association. He is admitted to practice before all state courts in Florida, as well as the United States District Courts for the Southern and Middle Districts of Florida.

Mr. Brooker is a graduate of the Leadership Collier Class of 2010. His community service includes more than a decade of membership on Collier County's Development Services Advisory Committee which advises the Board of County Commissioners on land use regulation issues. He has served on the Board of Directors for the Princeton Club of Southwest Florida since 2001, and he served on the Board of Directors for the Friends of Rookery Bay from 2010 to 2014.

Any Additional Information

Our team lives, works, and pays taxes in our community. Minker's office is located in the same building as MHK's. Cheffy Passidomo is across the street, Manhattan's is 10 minutes from our offices and we're all less than 10 minutes from the site. We're offering to pay for the land before we put a shovel in the ground and we are NOT asking for any subsidies.

And, while our proposal doesn't include the dream of a \$50 million Opera house, it does include a plan that we can bring to fruition in the time frames described all the while elevating the quality of life on Bayshore and creating additional tax revenue for the County.

We would be pleased to come in as a team and share our vision with you and give you an opportunity to ask questions.

Thank you for the opportunity to make this proposal.

Sincerely,

Clark T. Minker

Attachment 3: Conflict of Interest Affidavit

The Proposer certifies that, to the best of its knowledge and belief, the past and current work on any Collier County project affiliated with: 17-7167 Bayshore Gateway Triangle Community Redevelopment Agency (BGTCRA) 17-Acre Land Development Proposal does not pose an organizational conflict as described by one of the three categories below:

Biased ground rules – The firm has not set the "ground rules" for affiliated past or current Collier County project identified above (e.g., writing a procurement's statement of work, specifications, or performing systems engineering and technical direction for the procurement) which appears to skew the competition in favor of my firm.

Impaired objectivity – The firm has not performed work on an affiliated past or current Collier County project identified above to evaluate proposals / past performance of itself or a competitor, which calls into question the proposer's ability to render impartial advice to the government.

Unequal access to information – The firm has not had access to nonpublic information as part of its performance of a Collier County project identified above which may have provided the proposer (or an affiliate) with an unfair competitive advantage in current or future solicitations and contracts.

In addition to this signed affidavit, the proposer must provide the following:

- 1. All documents produced as a result of the work completed in the past or currently being worked on for the above mentioned project; and,
- 2. Indicate if the information produced was obtained as a matter of <u>public record</u> (in the "sunshine") or through non-public (not in the "sunshine") conversation (s), meeting(s), document(s) and/or other means.
- 3. Failure to disclose all material or having an organizational conflict in one or more of the three categories above be identified, may result in the disqualification for future solicitations affiliated with the above referenced project(s).

By the signature below, the firm (employees, officers and/or agents) certifies, and hereby discloses, that, to the best of their knowledge and belief, all relevant facts concerning past, present, or currently planned interest or activity (financial, contractual, organizational, or otherwise) which relates to the project identified above has been fully disclosed and does not pose an organizational conflict.
