PROJECT OVERVIEW

Collier County Community and Human Services (CHS) Division is soliciting applications from for-profit and non-profit organizations, and contractors to implement a new Housing Construction Assistance Program on behalf of CHS.

Funding for the new Housing Construction Assistance program will utilize 2017-2018 State Housing Initiatives Partnership (SHIP) funds; and possibly future funding in FY2018-2019 based upon legislative appropriation. The purpose of the Housing Construction Assistance program is to provide construction subsidy to sponsors and/or subrecipients who are building new homeownership opportunities for extremely low, very-low, low and moderate-income households.

The maximum SHIP award is \$50,000 per unit. All properties subject to construction assistance award must be located within either incorporated or unincorporated areas of Collier County. Housing construction assistance can be utilized on infill lots or as part of a larger development. Eligible construction subsidy costs include infrastructure and development costs and associated fees and permits for single family homes to be sold to eligible, income qualified homebuyers.

The sponsor(s)/subrecipient(s) selected to participate in the new Housing Construction Assistance program will be responsible for application intake and income certification of the potential homebuyer. Homebuyers to be assisted must be income certified as Extremely Low, Very Low, Low or Moderate-income individuals/families as identified in the current published SHIP income limits. Priority will be given to persons with special needs as defined in Florida Administrative Code, 67-37.002 Definitions (21) Persons Who Have Special Needs and those who are extremely low to low income.

The potential homebuyers will be income qualified by the selected sponsor(s)/subrecipient(s). Income qualified applicants must attend a HUD approved Homeowner Education Program and have a mortgage loan approval. Homebuyer applicants will be ranked for assistance based on a first-qualified, first-come basis with the priorities for Special Needs, Essential Services Personnel and extremely low, very low, low and moderate-income households in accordance with the adopted SHIP LHAP Waiting List/Priorities.

The County will require the sponsor/subrecipient to execute a zero (0%) percent promissory note and mortgage in favor of the County when they receive reimbursement/payment for each property upon completion of activities associated with the construction. This note/lien will have language in it that releases the sponsor/subrecipient when the sale of the home occurs to the income eligible homebuyer. The County will require the sponsor/subrecipient to execute a promissory note and mortgage in favor of the County at the time of closing or resale to an income eligible buyer. The construction subsidy must be reflected on the contract for sale of the newly constructed home.

The income qualified buyer who purchases the home from the sponsor/subrecipient will execute a promissory note and mortgage with the County at the time of purchase. This will be a zero (0%) percent loan for fifteen (15) years.

The selected sponsor(s)/subrecipient(s) will be responsible to perform the following duties:

• Receive, process & income certify potential homebuyer applicants

- Create and maintain files and any relative paperwork pertaining to the homebuyer's unit assisted with SHIP funds;
- Submit all required building/permitting applications
- Request and pass all building, in progress, and final inspections and CO;
- Provide complete invoices for contractor reimbursement and/or payment;
- Provide support and guidance to homebuyers throughout the process;
- Coordinate with CHS and CHS's approved third party inspector/contractor, as necessary
- Other duties may be added by CHS staff as the program is implemented

CHS has obligated funds in the amount of \$1,000,000 for the implementation of this program:

Funding Source	Funding Years	Amount Available
SHIP	FY2017-2018	\$1,000,000
	Total to be Allocated	*\$1,000,000

*This amount may be adjusted by the County upon potential future allocations in FY2018-2019.

Collier County's in-depth review of all sponsor/subrecipient applications received for the implementation of the Housing Construction Assistance program will include the following:

- Proof of sponsor/subrecipient housing construction experience
- Project risk analysis
- Financial risk analysis
- Capacity and experience with new construction
- Adherence to SHIP eligibilities and requirements
- Past performance evaluation, if applicable

EXPERIENCE AND CAPACITY DESIRED

The selected applicant will have a proven track record with new housing construction or housing rehabilitation programs, and have a demonstrated capacity to perform or ability to subcontract for certain services. The following experience and capacity would be required based on whether the services/activities will be performed entirely by the applicant or whether the applicant would acquire assistance from a contractor to supplement their activities:
