Bonnie:

Thank you for your comments. We will redistribute the flier with that correction. I agree that we will need more time to discuss Ag. We need to uncover a number of other topics along the way as well. For now, we will stick to the schedule and circle back as necessary.

Respectfully,

Subject: Ag restudy meeting March 22

Dear Kris,

We appreciate the changes in format and the video recording (I haven't looked at it yet). However, we really need more time to discuss the Policies and the questions asked. They were excellent questions but there wasn't enough time to brainstorm. No one in our group except a landowner's consultant were familiar with the Policies so we never discussed them.

I toured Rural Lands West and am shocked at the amount of Ag that is going to be lost to development. I wish we could discuss how to help landowners develop without giving away so much Ag land. I think we need more time to discuss AG.

Thank you again for your responsiveness to our questions and suggestions. By the way, the flyer on the workshops has the website misspelled. It says www.colliercountyfl.gov/GMPrestdies.

All the best,

Bonnie Michaels
