Subject: Re: Reminder next RLSA Workshop is March 28

Thanks Kris.

I found the last session not very helpful. The suggested comments were taken out of context for which they were intended. Several comments were discarded into the no consensus pile while speakers weren't acknowledged. What happens to the no consensus comments?

How will this exercise affect the RLSA final white paper?

Will there be a final summary culminating the sessions?

Dr. Evans is a good moderator but not knowing the RLSA details hampers the process.

Thanks.

Dear interested residents and stakeholders:

Our next and final RLSA Workshop is scheduled for Thursday, March 28, 2019, 6:00 PM at the North Collier Regional Park, 15000 Livingston Rd., Naples, 34109. This Workshop will continue our "affinity mapping" consensus process started at the February workshop. Dr. Evans will again lead this portion of the workshop and we encourage your continued participation.

In addition, we will feature a presentation by landowners in the RLSA to provide their perspective on the program. Mr. Mitch Hutchcraft will present on behalf of the Eastern County Property Owners (ECPO).

We think that this will be a very helpful and engaging evening for those in attendance and will provide valuable input for County staff. We thank you in advance for your continued interest and participation in this study of the Rural Lands Stewardship Area program. An agenda is attached.

Respectfully,

Kris Van Lengen, MPA, JD, AICP
Community Planning Manager
