Parks & Recreation "The Benefits Are Endless..."

Parks & Recreation - "The Benefits Are Endless..." Did you know parks, open spaces and trails play a key role in preserving water and air quality, reducing congestion and protecting wildlife.

Through the provision of parks, open spaces and protected natural environment, recreation contributes to the environmental health of our community.

Get Involved - Volunteer With Collier County Parks & Recreation

Volunteering is a great way to give back to the community, meet new people, and even fulfill educational service-learning hour requirements. There are numerous volunteer opportunities and are available for anyone over the age of thirteen (13). The Volunteer Program offers flexible hours and works with your schedule! Applications are accepted year-round, and volunteers may choose to work in one location, or move throughout the county. Opportunities vary based on the needs of each location.
