

# Golden Gate City Land Development Code Amendments

April 4th, 2019 Neighborhood Meeting

## Comments:

Thank you for holding this meeting right here in GG City. Eric Johnson did a great job moderating. By the end of the meeting, I believe I finally got it through my head that you are ~~not~~ developers, you are simply planning zones for the possibility of developers. If possible at future meetings, could you please try to use more "layman terms"?

Name (Optional): Shari Palacios

## Comments:

Informative presentation. Please use  
this so we can hear questions and  
answers!!

Like the concept. Landscaping and  
updated hand use and pedestrian walks  
essential. Additional seating/coverage at  
existing bus stops needed!
