Hello,

This is a letter of support for the project referenced as Oil Well PUDZ-PL20170002898 / GMPA-PL20170002897.

There is a critical need in Golden Gate Estates for childcare services. There are not any childcare services in this area – however, it is an area surrounded by numerous public schools for families in this area. The Publix schools only meet the needs of families with children ages 5+. There are so many families with younger children that need access to quality child care in this area. My husband and I currently drive over 10 miles (both ways) to take our child to a quality licensed childcare center.

We hope you consider allowing this project to help the families in our community find quality childcare in Golden Gate Estates.

*Best,
Courtney*

I Fully support the preschool Mrs. Walsh wants to open up out in Golden Gate Estates. Being a county employee I have used her current pre school for years and am extremely happy, the center is amazing, the teachers are wonderful, and will bring a sense of trust to pre schools in the Estates. The current school has an amazing record with DCF and ELC and would be an amazing addition to Golden Gate Estates.
