LOST/IMPOUNDED PET REPORT

Report is required for any person to be escorted through the facility to positively identify an impounded animal, regardless of the method of arrival.

Different individuals describe a pet in different ways, we cannot guarantee to match this report with your pet. For this reason, it is very important to physically visit the shelter every 1-3 days. Animals come to our shelter every day, all day, and there is no one staff member that sees every single animal that comes in.

Please print legibly. It is important that you fill this form out as completely and accurately as possible.
