

West Goodlette-Frank Joint Stormwater-Sewer Improvements

December 04, 2020

West Goodlette-Frank Joint Stormwater-Sewer Improvement Project Update

Week of December 04, 2020: Summary of Construction Activities:

10th Street (Wisconsin to High Point): Roadway, swale grading, and stormwater installation which will require the use of dump/cement trucks, loaders, and graders. Expect occasional blocking of driveways, equipment moving and placing material, and compaction of driveways.

Hollygate Lane: Roadway and swale grading and driveway restoration, which will require the use of dump trucks, excavators, loaders, compactors, and dewatering pumps. Expect portions of Hollygate Lane to be closed and occasional driveways closures.

Frank Whiteman Blvd: Roadway and swale grading and driveway restoration, which will require the use of dump trucks, excavators, loaders, compactors, and dewatering pumps. Expect portions of Frank Whiteman Blvd to be closed and occasional driveways closures.

Ohio Drive West: Roadway and swale grading and driveway restoration which will require the use of dump trucks, excavators, loaders, compactors, and dewatering pumps.

Week of December 11, 2020: Anticipated Construction Activities:

10th Street (Illinois to High Point Drive): Stormwater installation which will require the use of dump/cement trucks, loaders, and graders. Expect occasional blocking of driveways, equipment moving and placing material, and compaction of driveways.

Hollygate Lane: Roadway and swale grading and driveway restoration, which will require the use of dump trucks, excavators, loaders, compactors, and dewatering pumps. Expect portions of Hollygate Lane to be closed and occasional driveways closures.

Wisconsin Drive: Roadway and swale grading and driveway restoration, which will require the use of dump trucks, excavators, loaders, compactors, and dewatering pumps. Expect portions of Wisconsin Drive to be closed and occasional driveways closures.

Rosemary lane: Roadway and swale grading and driveway restoration, which will require the use of dump trucks, excavators, loaders, compactors, and dewatering pumps. Expect portions of Rosemary Lane to be closed and occasional driveways closures.

Ohio Drive West: Roadway and swale grading and driveway restoration which will require the use of dump trucks, excavators, loaders, compactors, and dewatering pumps.

All of the activities described above may cause vibration outside of the work zones and occasional closures of roadways and driveways. Detours will be provided when roadways are closed and the Contactor will notify the affected residents before driveways are blocked. Please note that the Contractor's schedule is subject to change due to weather, deliveries, and other unforeseen conditions. Please contact the project phone line 239.319.9729 or email address WGF@gradymenor.com with any special concerns or questions.
