Subject:

FY 2022 Tentative Budget Transmittal

Pursuant to the requirements of Section 129.03(3), F.S., please find enclosed the Collier County FY 2022 Tentative Budget. Transmittal of the tentative budget to the County Commission on this date satisfies part of the State's Truth in Millage (TRIM) timeline for adoption of the County's FY 2022 Budget.

Pursuant to Board direction on Tuesday July 13, 2021 setting the maximum millage rates, the General Fund budget reflects a millage neutral rate of \$3.5645 per \$1,000 of taxable value. The Unincorporated Area General Fund rate is also millage neutral at \$.8069 per \$1,000 of taxable value.

At the Tuesday, July 13, 2021 Board meeting, the Board adopted tax rates that must be provided to the Collier County Property Appraiser for use in preparing the statutorily required Notice of Proposed Taxes in accordance with the TRIM statute. These rates are established as the maximum property tax rates to be levied in FY 2022. The Board also reaffirmed the scheduled budget hearing dates of September 9, 2021, and September 23, 2021. Both actions were accomplished by resolution.

Budget adjustments reflect new taxable value numbers certified by the Property Appraiser as of June 24, 2021 (ahead of the July 1 certification deadline); Board action at and since the FY 2022 June budget workshop; and necessary revenue or expense adjustments in FY 2021 and/or FY 2022. A summary listing of budget changes by fund together with a narrative description of the fund change is included as part of the Summary Information.

Thank you for your continued consideration as we move toward formal budget adoption in September.

# Capital Improvement Program Landscape Capital Projects (112)

#### Notes

The Unincorporated Area General Fund Millage Rate was reset to \$.8069 per \$1,000 of taxable value beginning in FY 2017 and the marginal rate increase, or \$.0908, is programmed for continuation of the median landscape capital program postponed during the recession. This planned appropriation is consistent with the Board's budget guidance and direction at the October 6, 2015 Median-Landscape Capital Workshop. Further, this appropriation is subject to annual Board tax policy guidance and budget approval annually.

Due to the rise of maintenance expense, the capital program has been put on hold and funding has been reallocated to the maintenance of current landscaped medians.

#### Current FY 2022

The FY 2022 budget continues to reflects the transfer of maintenance function from the Unincorporated General Fund (111) to the Landscape Capital Fund (112) which occurred in FY2021 for the maintenance of 121.9 miles of beautified segments.

#### Revenues

Funding for FY 2022 includes maintenance funds previously budgeted in the Unincorporated General Fund (111) and the marginal millage rate of \$.0908 per \$1,000 of taxable value which is expected to generate \$5,685,000 in net taxes after calculating the required 5% revenue reserve. Miscellaneous revenues are primarily insurance company refunds related to damage of county median landscape and irrigation systems caused by Hurricane Irma.

#### Notes

In December 2005, the Board authorized the segregation of funds collected for park beach facilities from funds collected for beach renourishment/pass maintenance activities. The fact that dollars dedicated to park beach facilities were co-mingled with beach renourishment funds proved problematic in identifying compliance with beach renourishment reserve guidelines and in identifying funds available for park beach facilities. As a result, the Park Beaches Fund (183) was established allowing staff to budget and financially account for revenues and expenditures devoted to park beach projects. The TDC Beach Capital Fund (195) became solely used to account for beach renourishment/pass maintenance projects and related activities and reserves.

On April 23, 2013, the Board authorized amendments to the Tourist Tax Ordinance revising the distribution of Tourist Taxes to Category A Beach projects. The overall distribution to beach parks and beach renourishment was reduced from 50% to 41.29% of TDC revenue. Within Category A, the distribution to park beach facilities was reduced from 16.67% to 4.48% and the distribution to beach renourishment was increased from 33.33% to 36.82%. On July 11, 2017 the Board approved increasing the Tourist Development Tax from 4% to 5% and distribution adjustments among Tourist Tax supported funds. The revenue neutral allocation to Beach Park Facilities represent approximately 3.58% of the Tourist Tax revenue budget.

#### Forecast FY 2021

Forecast expenditures reflect ongoing projects as well as an advance to Sports Complex Fund (370) to support Paradise Coast Sports Complex phase 2 improvements.

#### Current FY 2022

No new project allocations are being proposed at this time.

### Revenues

Revenue sources include an annual Tourist Development Tax distribution as well as carry forward of accumulated reserves. The estimated TDT allocation to Beach Park Facilities Fund (183) is \$1,068,600 a 19.5% increase above the prior year budget.

## Capital Improvement Program

## TDC Category A Beach Renourish/Pass Maint Cap - Fund (195)

#### Notes

In December 2005, the Board authorized the segregation of funds collected for park beach facilities from funds collected for beach renourishment/pass maintenance activities. The fact that dollars dedicated to park beach facilities were co-mingled with beach renourishment funds proved problematic in identifying compliance with beach renourishment reserve guidelines and in identifying funds available for park beach facilities. As a result, the Park Beaches Fund (183) was established allowing staff to budget and account for revenues and expenditures devoted to park beach projects. The TDC Beach Renourishment Capital Fund (195) became solely used to account for beach renourishment/pass maintenance projects and related activities and reserves.

On April 23, 2013, under a 4 percent TDT levy the Board authorized amendments to the Tourist Tax Ordinance revising the distribution of Tourist Taxes to TDC Category "A" Beach projects. The overall distribution to beach parks and beach renourishment was reduced from 50% to 41.29% of TDC revenue. Within Category "A", the distribution to park beach facilities was reduced from 16.67% to 4.48% and the distribution to beach renourishment/Pass Maintenance was increased from 33.33% to 36.82%.

For FY 2018 a reserve for potential reimbursement to Florida Department of Emergency Management (FDEM) was established at \$7,000,000. In a letter dated February 5, 2018, FDEM communicated settlement of the remaining reimbursement issue. According to that letter, there is no payment due from the County, instead, out of an outstanding County reimbursement request of \$7,700,000 FDEM has agreed to pay \$3,700,000 with the County conceding \$4,000,000 of the requested amount. The settlement allows the segregated reimbursement reserve to be eliminated and the funds moved to general capital reserves.

On July 11, 2017, the Board approved increasing the Tourist Development Tax from 4% to 5% and distribution adjustments among Tourist Tax supported funds. Relative to overall Tourist Development Taxes, the beach renourishment allocation represent 8.98% of the tax revenue budget.

#### Forecast FY 2021

Forecast expenditures reflect FY 2021 project budgets and ongoing projects established in prior years.

### Current FY 2022

Construction projects programmed for FY 2022 are shown in the table provided.

The X-fers/Reserves - Fund 195 include:

- \$ 256,100 transfer to the Tax Collector
- \$ 171,700 transfer to support Sea Turtle monitoring
- \$ 883,700 to support TDC Beach Engineering and Project Management Fund (185)
- \$ 9,070,000 reserve for catastrophe
- \$39,225,800 general capital reserve

### Revenues

The principal source of revenue to support beach renourishment and inlet management is Tourist Development Taxes. Beach renourishment and inlet management funding is authorized by Florida Statute from the first three pennies of TDT. Relative to the three pennies, Beach Renourishment Fund (195) receives 64.96% of available TDC tax revenue and Beach Park Facilities Fund (183) receives 5.96% for a total of 70.92% of available TDT monies going to beaches. Estimated TDT allocation to Beach Renourishment Fund (195) is anticipated to be \$11,635,500, approximately 19.5% above the prior year budget.

# Capital Improvement Program Florida Boating Improvement Fund (303)

#### Notes

Prior to FY 2017, the boater improvement/vessel registration fees were accounted for in the Parks and Recreation Capital Projects Fund 306.

Per Florida Statutes section 328.72(15), the portion of the state vessel registration fees returned to county governments are for the sole purposes of providing, maintaining, or operating:

Recreational channel marking and other uniform waterway markers,

Public boat ramps, lifts, and hoists,

Marine railways,

Boat piers, docks, mooring buoys, and other public launching facilities; and

Removing derelict vessels, debris that specifically impede boat access, not including the dredging of channels, and vessels and floating structures deemed a hazard to public safety and health for failure to comply with s.327.53 F.S.

Per Florida Statutes section 328.66(1), the local optional vessel registration fee proceeds are expended for the patrol, regulation, and maintenance of the lakes, rivers, and waters and for the other boating-related activities.

### Current FY 2022

On September 10, 2017, Hurricane Irma (category 4) made landfall in Collier County, severely impacting the County as well as the entire State. To help cash flow about \$3 million in repairs, a portion of the Division's FY19 annual capital allocation (\$478,000) for Park repairs and maintenance were diverted for hurricane repairs. Over the past few years, FEMA reimbursements and insurance claim proceeds have been received, and the up-front funding (\$478,000) from FY 2019 can be released in FY 2022.

## Current FY 2022

In FY 2021, a \$11,317,800 loan was been budgeted for Stormwater Capital Fund 325 to help cash-flow the Irma debris cleanup in various canals, storm drains, and waterways; funding was provided by deferring various capital projects. The loan/transfer will not be made in FY 2021.

We are waiting for a FEMA reimbursement which will be less than \$11,317,800. Therefore in FY 2022, we are re-budgeting the \$11,317,800 as a regular Transfer from Transportation Capital Fund 310. Only the difference between the FEMA reimbursement and the \$11,317,800 will be transferred in FY22

# Capital Improvement Program Clam Bay Restoration Fund (320)

#### Notes

On December 11, 2012, the Board reinstated the ongoing management responsibilities of Clam Pass to the Pelican Bay Services District.

#### Forecast FY 2021

This capital fund primarily appropriates dollars for restoration and improvements to the Clam Bay Ecosystem. The basis of accounting on the expense side of the equation provides that forecast capital dollars always match the amended budget for any year; the exception is reserves. The difference between forecast or amended budget dollars and those dollars actually spent, roll forward into the next fiscal year. This practice occurs until the project is closed out and dollars are re-appropriated. A project budget may also be amended prior to closure, re-directing current project dollars that may not be needed to either reserves or other ongoing projects. The primary active project is restoration of Clam Bay.

### Current FY 2022

Budgeted funds will be added to the Clam Bay restoration project. Continued engineering reports on the water quality and health of Clam Bay will also be funded from this account as well tide gauge maintenance. No reserves are budgeted.

#### Revenues

Funding for part of the restoration and improvement of the Clam Bay Eco-system comes from special assessment revenue based upon equivalent residential units within the District. For FY 2022, the equivalent residential unit (ERU) assessment within the capital fund (320) has increased from \$24.55 to \$31.14 which raises \$238,500. The total ERU's remain at 7,658.90 in FY2022.

## Pelican Bay Hardscape & Landscape Improvements (322)

#### Notes

On 7/9/2019, the Board adopted Resolution 2019-140 (agenda item 11B) which authorized a capital contribution from the County of \$500,000 a year for a period of 10 years to replace and transfer responsibility of the maintenance of sidewalks and certain drainage outfalls in perpetuity to the Pelican Bay Services Division. In FY22, the third of ten capital contributions has been budgeted. The Board also authorized a contribution by Collier County of \$20,000 per year in perpetuity to be utilized for maintenance or enhancements to make the sidewalks compliant with ADA standards and to reduce liability.

### Funding Future Capital Projects:

At the 12/9/2020 PBSD Board Meeting, the board recommended participating in the Florida Local Government Finance Program for up to \$8 million to be used for replacement of sidewalks, renovations to lake banks and drainage pipelines, and other infrastructure improvement projects within Pelican Bay. The Board may covert a portion of the borrowed funds to a longer term, fixed interest loan once the projects are completed.

At the 2/10/21 PBSD Board Meeting the board voted to endorse the Executive Summary prepared by OMB authorizing the County to borrow an amount not exceeding \$10 million under the Florida Local Government Finance Commission's Pooled Commercial Paper Loan Program for the purpose of construction various capital improvements within the PB MSTBU.

On 6/8/21, the Board approved a resolution authorizing the County's borrowing an amount not exceeding \$10,000,000 under the Florida Local Government Finance Commission's Pooled Commercial Paper Loan Program for the purpose of constructing various capital improvements with the Pelican Bay MSTBU. This loan will be repaid from Pelican Bay MSTUBU annual assessment revenue and certain amounts provided to Pelican Bay under the asset swap agreement discussed in the notes above.

### Forecast FY 2021

This capital fund primarily appropriates dollars for restoration and improvements to the Pelican Bay hardscape, irrigation and other capital amenity projects. The basis of accounting on the expense side of the equation provides that forecast capital dollars always match the amended budget for any year; the exception is reserves. The difference between forecast or amended budget dollars and those dollars actually spent, roll forward into the next fiscal year. This practice occurs until the project is closed out and dollars are re-appropriated. A project budget may also be amended prior to closure re-directing current project dollars that may not be needed to either reserves or other ongoing projects.

The Phase 1 of the sidewalk replacement project will begin in the summer of 2021.

### Current FY 2022

Capital funds totaling \$4,119,600 will be allocated among the various capital initiatives including lake bank enhancements, traffic sign renovation, roadway improvements, new operations building, and beach re-nourishment. The beach re-nourishment program funding in FY22 is \$1,171,100. Phase 1 of the sidewalk replacement project will be completed in FY22. Funding for Phase 2 of the sidewalk replacement project will come from a Commercial Paper loan the County will procure for PBSD. Phase 2 construction will begin in FY22 and extend over several years.

### Revenues

Special assessment revenue per equivalent residential unit (ERU) increased from \$183.99 to \$250 This equates to assessment revenue totaling \$1,914,700 an increase of \$505,500 from FY 21. Total ERUs remain at 7,658.90 in FY22.

#### Revenues

In FY 2021, a \$11,317,800 loan from the Transportation Capital Fund 310 was been budgeted to help cash-flow the Irma debris cleanup in various canals, storm drains, and waterways; funding was provided by deferring various Transportation capital projects. The loan/transfer will not be made in FY 2021.

We are waiting for a FEMA reimbursement which will be less than \$11,317,800. Therefore in FY 2022, we are re-budgeting the \$11,317,800 as a regular Transfer from Transportation Capital Fund 310. Only the difference between the FEMA reimbursement and the \$11,317,800 will be transferred in FY22.

#### Notes

The current active project involves emergency repairs to Blue Sage Drive. Original emergency repairs were done in FY 18 with follow on repairs being done in FY 20. The FY 20 repairs were approximately \$25,200. Including FY 21 forecast expenditures, the beginning advance balance going into FY 23 will be \$44,300.

#### Forecast FY 2021

The forecast reflects the available Blue Sage repair budget of \$26,600 as well as budgeted ad valorem tax revenue.

#### Revenues

The current budget is the second year of the Blue Sage Drive ad valorem tax. Ordinance 2019-19 established the Blue Sage Municipal Service Taxing Unit for the purpose of repaying Road Assessments Fund (341) for road repair expenditures. The first year of the assessment was FY 21. Taxable value is \$4,868,368 a decrease of 0.40%. The rolled back rate for this district is 3.0287. This budget is sized around the maximum millage rate of 3.0000 per \$1,000 and is expected to raise \$14,600 in property taxes. The prepayment of repair costs is expected to take four to five years or more depending on taxable values and the need for additional repairs.

# Capital Improvement Program EMS Impact Fee Fund (350)

#### Notes

The next 3 EMS Stations will be built with the use of the Infrastructure one-cent sales surtax which was passed by voters in November 2018. Six million dollars was allocated to EMS for three resilient facilities to be located on Desoto Blvd (Golden Gate Estates), Immokalee & Collier Blvd, (Heritage Bay) and Old US41. The budget for each station will be captured in the Infrastructure Sales Tax Fund (318). (page xx of this section). The projects will be managed by Facilities Management - Public Utilities Department.

#### Forecast FY 2021

In FY 2020, Miscellaneous revenues of \$513,700 represent surplus land being re-purposed for affordable housing. On Sept 12, 2000 agenda item 16.F.2., the Board approved the purchase of 7 acres in the Bembridge PUD for \$565,479 (includes closing costs) using EMS Impact Fees (closing was on April 19, 2001); EMS Station #19 was subsequently constructed on 1.89 acres. The remaining 5.11 acres was declared as surplus property and on October 22, 2019, agenda item 11.I., the Board approved placing affordable housing on the property. Since EMS Impact Fees can only be used for growth related EMS needs, the EMS Impact Fee Fund (350) was reimbursed for that portion of the land that is now planned for Affordable Housing and a future pumping station for Public Utilities.

Reimbursements from other departments of \$105,000 came from the GAC Land Trust Fund 605. The trust fund reimbursed the EMS impact fee fund for the purchase of property out in Golden Gate Estates for the next EMS station.

#### Forecast FY 2021

The FY 2020 Actuals reflect a zero-impact transfer in and transfer out amount totaling \$2,413,200 accounting for a reconciliation of impact fee funding and General Fund transfer funding connected with the expansion of the 17,000 square foot Golden Gate Library and subsequent re-purpose of the former 7,000 square foot branch library. Since the old library building was re-purposed, debt service paid from impact fees must be reclassified to the General Fund. Simultaneously, funds borrowed from the General Fund in favor of this impact fee fund will be reimbursed to the General Fund and County-Wide Capital Projects Fund.

#### Forecast FY 2021

Hurricane Irma made landfall in Collier County on Sunday, September 10, 2017.

In FY 2018, a \$4 million loan was given to Solid Waste Capital Fund 474 to help cash-flow the vegetative debris pickup and processing; funding was provided by deferring \$3,050,000 in capital projects with the balance coming from reserves.

In FY 2019, Solid Waste Capital Fund 474 received a \$40.2 million payment from FEMA and the \$4 million loan was paid back on June 1, 2019, restoring funding to capital projects which were deferred.

In FY 2020, the Advance/Repayment from Solid Waste Capital Fund 474 of \$20,000 represents accrued interest (May 2018 to Sept 30, 2018) for the use of the \$4 million loan.

In FY 2021, the Advance/Repayment from Solid Waste Capital Fund 474 of \$65,000 is for accrued interest (Oct 2018 to June 1, 2019) for the \$4 million loan.

Hurricane Irma made landfall in Collier County on Sunday, September 10, 2017.

In FY 2018, a \$36,707,700 loan was given to Solid Waste Capital Fund 474 to help cash-flow the vegetative debris pickup and processing; funding was provided by deferring approximately \$28.1 million in capital projects with the balance coming from reserves. In July 2018, the Solid Waste Division received one FEMA reimbursement which allowed for a partial loan repayment of \$2,845,400 in FY 2019.

In FY 2019, Solid Waste Capital Fund 474 received a \$40.2 million payment from FEMA and a partial loan repayment of \$27,509,772 was made, restoring funding to capital projects which were deferred. The outstanding balance of the loan is \$6,352,528 plus accrued interest.

#### Forecast FY 2021

Hurricane Irma made landfall in Collier County on Sunday, September 10, 2017, as a Category 4, severely impacting the County.

To cash-flow the vegetative debris pickup and processing, the following transfers were made in FY 18:

\$ 4,000,000 loan from the Water User-Fee Capital Fund 412 deferring \$3 million in capital projects and reducing reserves by \$1 million.

\$36,707,700 loan from the Sewer User-Fee Capital Fund 414 deferring about \$28.1 million in capital projects and reducing reserves by \$8.6 million.

- \$ 2,500,000 loan from the Solid Waste Operating Fund 470, reduction in reserves
- \$ 3,500,000 loan from the Mandatory Trash Collection Fund 473, reduction in reserves
- \$ 7,050,000 deferred Solid Waste capital projects.

\$10,000,000 loan from the General Fund 001. This transfer was not made but remained in the budget incase there was a need for additional cash flow.

On July 16, 2018, the County received its first FEMA reimbursements in the amount of \$9,835,287, the entire amount was for debris.

The loans and accrued interest for the Water (fd 412) and Sewer (fd 414) loans were paid as follows:

In FY 2019, the \$4 million loan from Fund 412 was paid back as well as a partial loan repayment of \$30,355,172 to Fund 414. In FY 2020, only accrued interest was paid back to the Water & Sewer Capital funds, \$20,000 to Fund 412 and \$364,200 to Fund 414.

In FY 2021, the Advance/Repayment to the Sewer Capital Fund 414 of \$7,160,000 is the final loan repayment of \$6,352,528 and accrued interest through September 30, 2019 in the amount of \$807,472. This was partially funded by a \$6.3 million Transfer from Solid Waste Landfill Closure & Debris Mission Reserves Fund 471.

Also in FY 2021, the Advance/Repayment to Water Capital Fund 412 of \$65,000 is for accrued interest (October 2018 - June 2019). Fund 474 repaid the original loan on June 1, 2019.

#### Current FY 2022

Significant projects underway in FY 2022 include completion of the Deep Injection Well; planning and permitting for the Immokalee property & building improvements; and planning and design for landfill optimization, the Resource Recovery Business Park, and the 305 parcel.
