

HELP COLLIER COUNTY HELP YOU LOWER YOUR FLOOD INSURANCE PREMIUM RATES

Collier County will be reviewing its Floodplain Management Plan. A number of Informational Meetings will be scheduled throughout the County for our residents to have the opportunity to assist in the development of this Plan. Currently, residents that have property in flood prone areas of Collier County, and have flood insurance, are eligible to receive up to a 15% reduction in their flood insurance premiums. By sharing your knowledge of local flooding conditions and possible solutions to these problems, the County can try to address these conditions in its Floodplain Management Plan.
