2. Does land offer significant human social values, such as equitable geographic distribution, appropriate access for nature-based recreation, and enhancement of the aesthetic setting of Collier County? Ord. 2002-63, Sec. 10 (1)(b)

Yes No

Due to its disturbed nature and small size this parcel does not provide significant human social values.

3. Does the property offer opportunities for protection of water resource values, including aquifer recharge, water quality enhancement, protection of wetland dependant species habitat, and flood control? Ord. 2002-63, Sec. 10 (1)(c)

Yes No

This parcel does not protect water resources or provide aquifer recharge as it drains directly into the Curry Canal.

4. Does the property offer significant biological values, including biodiversity, listed species habitat, connectivity, restoration potential and ecological quality? Ord. 2002-63, Sec. 10 (1)(d)

Yes No

This parcel does not provide significant biological value.

5. Does the property enhance and/or protect the environmental value of current conservation lands through function as a buffer, ecological link or habitat corridor? Ord. 2002-63, Sec. 10 (1)(e)

Yes No

This parcel is isolated in a low-density residential area and does not enhance other conservation lands.

Is the property within the boundary of another agency's acquisition project?

Yes No

If yes, will use of Conservation Collier funds leverage a significantly higher rank or funding priority for the parcel?

Yes No

Without such funding circumstances, Conservation Collier funds shall not be available for purchase of these lands. Ord. 2002-63, Sec. 10 (1)(f)
